HUERTA'S TROOPS HEAP INSULTS NEAR VERA CRUZ

By United Press:
VERA CRUZ, Mex., June 20.—Insulting behavior of Gen. Huerta's troops, suggests direct orders from Mexico City to inflame against the gringos. Passengers coming from the capital had their baggage pillaged and insults and gibes came from the Mexican outposts near Brig. Gen. Funston's troops. The arrivals agree that Gen. Huerta is only waiting for mediation to be declared futile to have his troops near Vera Cruz commit some breach to force armed intervention.

BRYAN ASSAILS ILLINOIS MAN

By United Press:
LINCOLN, Neb., June 20.—In a signed article in the Commoner, Secretary William J. Bryan bitterly assailed Roger Sullivan of Illinois. He asked the Illinois democrats to defeat him in his fight for the senate.

Body is Found in River

By United Press:
SCHEECTADY, N. Y., June 20.—Hacked to pieces, the body of a woman about 25 years of age, weighing 150 pounds, was fished from the Mohawk river today. The legs and head were badly chopped. The body was rapped in oil cloth and sewed in burlap sack. It was weighed down with concrete.

John Thurman of the First National Bank, who had been taking a short vacation at Austin and San Antonio, returned home Saturday at noon.

W. P. Vaughn, the Crews gin man, R. M. Davis and J. A. King, W. C. Wright, of the Crews country were among the business visitors in Ballinger Saturday.

River Boat Sinks; 3 Are Lost

By United Press:
ST. LOUIS, June 20.—The Mississippi River steamer Majestic, one of the finest excursionists on the greatest river in the United States, sank early today after hitting the Intake Crib water works. Three deck hands are missing. Others of the crew of fifty men escaped in lifeboats. The Majestic was returning after having taken a hundred women and children on an excursion to Alton.

Miss Colz Barbee left Saturday at noon to visit relatives at Paint Rock a week or two.

Judge M. Kueberg, J. P. Flynt, John Perkins, of our city and J. P. Cogdill of Winters, left at noon Saturday for Miles, where the candidates for county judge will address the voters in the afternoon.

Barge and Ship Collide

By United Press:
YONKERS, N. Y., June 20.—A smashing stone barge on the Hudson river and the steamer Tourist New York, loaded with fifty passengers, collided this morning, the steamer sinking as a result. A tug rescued the Tourist's passengers, except two who are missing.

ANGELES RULER?

By United Press:
NIAGARA FALLS, Ont., June 20.—Gen. Francisco Villa has proclaimed Gen. Felipe Angeles provisional president of Mexico, according to an announcement made here today. The Huerta envoys state that the information was secured from the Mexican consul.

FIRE BREAKS OUT IN HILLCREST COAL MINES

By United Press:
HILLCREST, Canada, June 20.—Fire broke out this morning in the Hillcrest coal mines, as a result of the explosion in the mine yesterday. Rescue work has been discontinued. The rescuers narrowly escaped with their lives. Revised figures this morning show that forty-one miners escaped with their lives from the explosion yesterday afternoon.

Aeroplane Rams Balloon; Nine Lose Their Lives

Villa Forgets Troubles

By United Press:
EL PASO, June 20.—Gen. Francisco Villa has laid aside his differences with Gen. Carranza, first chief of the constitutionalists, temporarily while pushing the campaign against Zacatecas. With mediation on a verge of a collapse, Gen. Villa has determined that the time for quick action has arrived.

Trouble Has Not Been Settled

By United Press:
EL PASO, June 20.—It is denied here today that Gen. Villa and Gen. Carranza have patched up their differences.

Denies Militants Demands

By United Press:
LONDON, June 20.—Although for the first time, Premier Asquith today received a deputation of women urging votes for their sex, he flatly refused to accede to their demands that he introduce a suffrage bill before parliament. While at the official residence, a large crowd gathered in the street outside and booed and cheered the militants. Sylvia Pankhurst did not attend the meeting with the Premier. The railroad station fire at Wrexham has been attributed to the suffragettes.

First Time Two Air Ever Crash

ible and Military Collide 2500 When Steer Breaks

By United Press:
June 20—For the first time in the history of aviation, an aeroplane and a dirigible balloon crashed together today.

The accident occurred while the dirigible and the aeroplane were 2500 feet high.

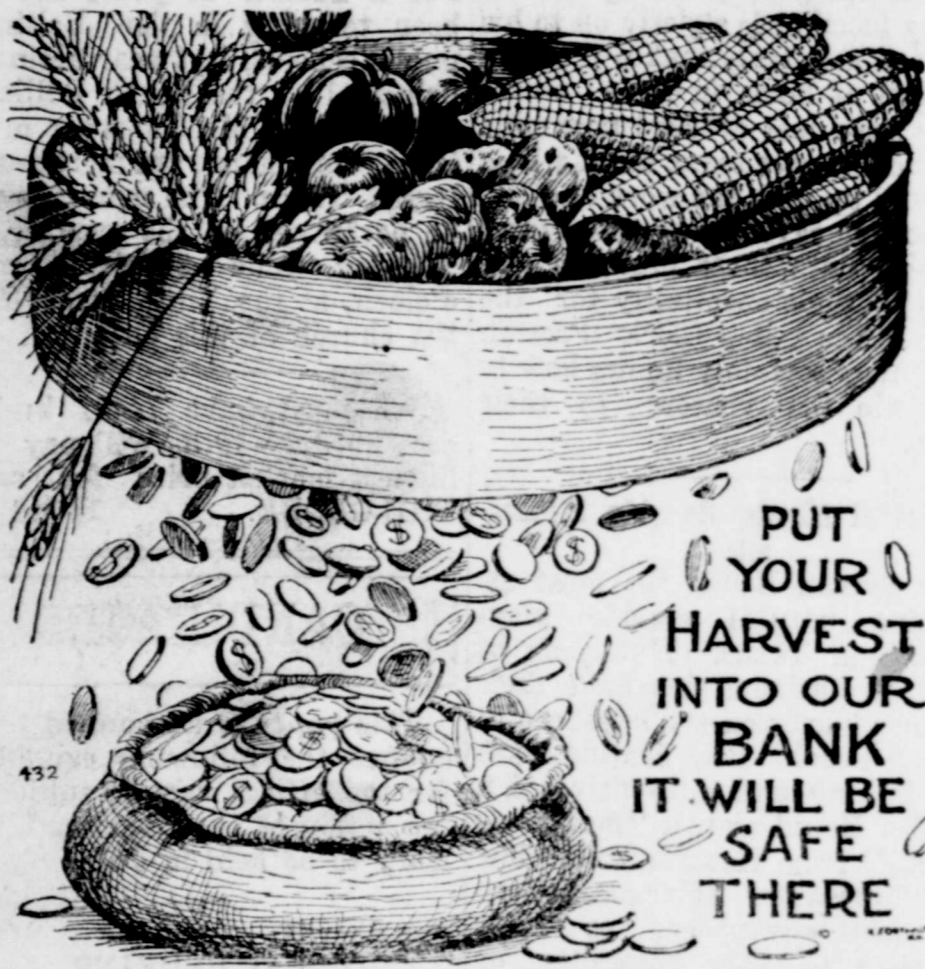

The great Austrian military dirigible Parsival was rammed amidship by the military aeroplane above the aviation field just outside Vienna.

The dirigible caught fire and collapsed with the seven doomed men who were occupying it at the time of the accident.

The aeroplane crashed to earth killing six pilot passengers who were among the dead.

Captain Von Blaschke, prominent airman of Austria, was in the accident.

A defect in the steering gear of the aeroplane caused the disaster.

MEXICAN SITUATION IS UNCHANGED; U. S. FIRM

By United Press:
WASHINGTON, June 20.—The White House issued the following statement today regarding the visit of Mediator Noen to Washington: "Regarding the visit of Noen, all the president cares to say is there was a general discussion of mediation and the president is still hopeful it will succeed." Until Mediator Romulo S. Naon of Argentine left today presents

his report to his fellow mediators the Mexican situation must remain unchanged.

It is now up to the A. B. C. mediators and the Huerta envoys to say whether negotiations will be broken off.

The United States' final warning has been given in regard to the provisional government of Mexico and there will be no deviation.

It is a pity that Ballinger is not a coast town so that a news story could be sent in about our ship failing to come in.

A policeman fired pointblank at a German ambassador in the north a few days since. The Irish always did have a grudge against the successful German.

A militant suffragette chained herself to the statue of the Duke of Wellington in London a few days ago. If they can't get a real man, they always manage to tie up to something that resembles one.

A Houston news story states that a mother of that city lost three of her telephone operator girls in one week. Houston's telephone facilities have decreased considerably, we imagine.

Pedestrians have the right-of-way over drivers of vehicles at crossings, according to a ruling of a Philadelphia judge, but few walkers will exercise their rights by undertaking to stroll leisurely across a busy street.

While we read the glowing accounts of the day's proceedings at Wichita Falls among the editors, we who are staying at home have one consolation, and that is: "Success comes to him who works like..." Well?

Probably one of the reasons why the mediation conferences have failed so far is the fact that the wrong place was chosen for the work. They should have been closer to Mexico and still be in the United States. Ballinger could have served their purposes remarkably well.

In the winter time people believe that they can save more money in the good old summer months when coal remains in where it was discovered. In the summer time, they believe coal is cheaper than ice. It's one thing after another.

BALLINGER'S BIRTHDAY.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months. I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health.

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.

LITTLE STORIES OF THE LONE STAR STATE

In the first conflict between the citizens of the United States and the troops of Mexico, twelve Americans stood off with some success for nine hours one hundred and fifty Mexican cavalymen. This does not refer to the "late unpleasantness" at Vera Cruz. The first battle between the United States and Mexico took place in Texas, March 22, 1801, at a place called Nolan's creek, after Phillip Nolan, the San Antonio-Natchez trader who led the expedition of contraband traders who finally were forced into a battle with the Mexican troops.

However, it was Ellis P. Bean, age eighteen years, who led a remnant of the original Nolan party of twenty after Nolan had been killed in the battle and for nine hours stood off the superior Mexican force.

The Americans had built an enclosure of logs to keep off Indians. At day break, the Mexican (really Spaniards at that time Mexico belonged to Spain) commenced their fire which was returned from the log-open. After his followers refused to follow him on a dash to capture the Spaniard's swivel gun, Bean led his little force on a retreat to a ravine where they put up such a stiff

fight that the Spaniards hoisted a white flag and after a parley made a treaty that the Americans return with them in peace to Nacogdoches preparatory to the Americans leaving Texas. At Nacogdoches the Americans were put in irons and taken to San Antonio, kept in prison there three months, then imprisoned in San Luis Potosi for sixteen months.

After many romantic incidents Bean became a colonel in the republican army at the time of Mexico's fight for independence from Spain.

Captain Kidd has a rival for smuggling with his own private piratical honors in Jean Lafitte, Texas pirate extraordinary whose name is written large on the early history of Galveston. Native of Bordeaux, France, Lafitte twice ran away from home and after considerable experience on British frigates and in South American shipping Lafitte appeared as a smuggler with his own privateer running the embargo of the United States in 1807. His two brothers located at New Orleans helped him dispose of his prizes after he engaged in out and out piracy, especially against Spanish shipping. President Madison finally broke up Lafitte's fleet and destroyed the town of Barrataria on an island in the Mississippi delta which Lafitte made his rendezvous. Lafitte later did such service with his men on the guns near the levee against the British in the war of 1813 as to call forth a general pardon from the president of the United States.

Far from mending his ways Lafitte appeared by the close of 1817 to be at the head of nearly a thousand buccaneers making their headquarters at Galveston. His hospitality was famous. A well formed, handsome man six feet two inches in height, polite, generous and of winning address Lafitte was the ideal buccaneer of fiction, not the cutthroat kind. His followers who had wives or mistresses brought them to Galveston and Lafitte's pirates began to have all the aspects of "society." Even a "Yankee" Boarding house sprang up.

Diplomatic haggling between United States and Spain delayed the inevitable fall of Lafitte's dreaded power on the high seas. In the meantime the Republicans of Texas and Mexico for independence from Spain appealed to Lafitte for aid. Lafitte informed them that he himself had been engaged for eight years in waging war against the royalists of Spain. Lafitte gave no new direct aid. In 1819 the Republicans made him governor of Galveston.

Lafitte's career as pirate was approximately closed on the liberal scale with which he had always treated his followers. One of his ships having robbed and scuttled an American vessel, Lieutenant Kearney with the brig Enterprise was ordered by Washington to break up the establishment at Galveston. Lafitte's famous hospitality failed to swerve Kearney from his duty. The buccanneer therefore, paid off his followers, supplied them with plenty of money and gave them leave to disperse.

With sixty of his trustiest men Lafitte took the Pride, his favorite vessel, and quit the shores of Texas for ever. He still continued to cruise against Spanish commerce for some years. Lafitte died a natural death in 1826 in a town in Yucatan.

THAT TRADE EXCURSION

Every town that has any spunk about it is having trade excursions this summer over the county. Out of scores and scores of Texas newspapers which reach the office of The Ledger, a majority of them tell of the proceedings of a meeting at which the merchants decide that a trade excursion over the county is necessary. Nothing keeps a town more to the front than a live bunch of merchants. Many residents living in the country have never had the opportunity of learning whether Ballinger had merchants who were always to the front or the other kind. It is high time, they were learning and it is high time the local business men came to a decision that a trade excursion over the county is the order of the summer. With bumper crops this summer and the prospects for large crops this fall, it behooves the Ballinger merchants to bid for trade that has heretofore been going some where else. Are you going to do it?

Deafness Cannot Be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Paint as an Investment

PAINT adds value as well as beauty to anything to which it is applied. Paint is the Farmer's best friend. A leading scientific editor says: "Thirty-five million dollars a year can be saved in the United States by the use of paint." The paint can is the farmer's savings bank. Keep one on YOUR farm ready for use at any time. When you remember that farm buildings put up only five years ago could not be duplicated today for almost twice the money it shows that it pays to paint your house, barn, implements, and everything that needs a finishing coat of paint. When you use paint use "The Best Paints Made,"—

Minnesota Paints
with a reputation of forty years of success. Ground and mixed, in the only oil that will make good paint—pure linseed oil. Minnesota Linseed Oil, in which **Minnesota Paints** are ground, is made in our own mills from Northwestern flax-seed, the best that can be had.

We make "A Special Paint for Every Paintable Surface". The cost per can has nothing to do with the cost of paint. Figure how much surface a gallon will cover and protect satisfactorily. **Minnesota Paints** on this basis, are the cheapest paints on the market.

SPECIAL SUMMER RATES AND MONEY-BACK GUARANTEE

Special summer rates—we haven't any, but we have something better, a money-back guarantee. We guarantee to give as good instructions in the summer as in the winter, and we guarantee at all times the best possible commercial training to be had in America. We further guarantee that with the famous Byrne Systems and Methods, we can turn out a better stenographer, bookkeeping, operator in less time at less expense, than any other school teaching any other systems.

Read our catalog, it sets forth our claims as well as our guarantee. It contains a \$100.00 cash guarantee that every statement made in it is true and correct. We further guarantee that if at the completion of a course, that if it is not as advertised, to cheerfully refund every cent of tuition. We have more than 2000 enrollments annually, bright and intelligent young men and women from many different states. We enjoy the largest daily enrollment of any American business college. This is certainly due to merit. We could not afford to legitimately and sincerely make the above guarantees if we did not good every claim and turn out more efficient graduates than other schools.

Our building is a mammoth one, being 140 feet wide by 130 feet deep, three stories high, cut into large, airy recitation rooms, ventilated from every direction. Ceiling fans are used in rooms where necessary. In fact our building is a most comfortable place to spend the summer. This is proven by the fact that our students make as good grades in summer as in winter.

Young friend, here is the order of things: Seed-tree—Blossom-fruit. This is the universal order of growth in all things material and mental. It is the order of success, you can't change it. Every successful man must implant his mind with seeds of success. Grow then into achievement and give to others the fruit of his efforts. The completeness of your success depends largely upon the perfection of your plant, the accuracy of your information and the strength you give to your duty. Get a thorough knowledge of general business principles. Accuracy of accounts is again demanded by the U. S. Government. Guess work in all lines of business must go. The income tax law demands that every one, whether in business or not, know his gross and net income, that he may make an accurate report to our National Government. Our state has recently put a law on its statute books, authorizing counties of a certain population, to appoint an auditor to carefully audit the affairs of the county. Look about you, Young Friend, and you will soon realize the absolute necessity of attending a thorough, practical training school, for the day of guess work has passed. Write for our large catalog today and thoroughly inform yourself on what a complete commercial education consists of. Read the description of our course of business administration and finance. We have the most extensive courses of any business training school in the South. We are leaders in commercial education. Fill in your name and address and catalog will be sent you free by return mail.

Take Plenty of Time to Eat
There is a saying that "rapid eating is slow suicide." If you have formed the habit of eating too rapidly you are most likely suffering from indigestion or constipation, which will result eventually in serious illness unless corrected. Digestion begins in the mouth. Food should be thoroughly masticated and insalivated. Then when you have a fullness of the stomach or feel dull and stupid after eating, take one of Chamberlain's Tablets. Many severe cases of stomach trouble and constipation have been cured by the use of these tablets. They are easy to take and most agreeable in effect. Sold by all dealers.

BIG PUMP BEING INSTALLED TODAY

A new pump with a capacity of 1000 gallons per minute is being installed at the city pump station. The pump is considered one of the best and largest in this part of the state. It is being made ready for by the removal of one of the old ones which has been in use for some time.

"The new pump will not be run to its full capacity," said Carlos Dunn who has charge of the pump station on the day shift, "because Ballinger would be flooded with water. There would be just exactly 250 gallons of water too much every minute of the day if we turned the new piece of machinery loose to its full capacity. Ballinger requires 750 gallons of pure, sparkling water every minute of each hour and we will supply the city with that number with our new piece of machinery."

The old pump which is being replaced has a capacity of 500 gallons per minute. There is another pump with 500 gallons capacity which will act as an auxiliary to the new piece of machinery.

When you feel tazy, out of sorts and yawn a good deal in the daytime you can change it to a torpid liver which has allowed the system to get full of impurities. Herbine cures all disorders produced by an inactive liver. It strengthens that organ, cleanses the bowels and puts the system in good healthy condition. Price 50c. Sold by The Walker Drug Co.

Mr. and Mrs. T. G. Marburger and children left Saturday morning for Santa Anna and will go out on the farm to spend the summer.

WOMEN CAN HARDLY BELIEVE

How Mrs. Hurley Was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Eldon, Mo. — "I was troubled with displacement, inflammation and female weakness. For two years I could not stand on my feet long at a time and I could not walk two blocks without enduring cutting and drawing pains down my right side which increased every month. I have been at that time purple in the face and would walk the floor. I could not lie down or sit still sometimes for a day and a night at a time. I was nervous, and had very little appetite, no ambition, melancholy, and often felt as though I had not a friend in the world. After I had tried most every female remedy without success, my mother-in-law advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and gained in strength every day. I have now no trouble in any way and highly praise your medicine. It advertises itself." — Mrs. S. T. HURLEY, Eldon, Missouri.

Remember, the remedy which did this was Lydia E. Pinkham's Vegetable Compound. For sale everywhere. It has helped thousands of women who have been troubled with displacements, inflammation, ulceration, tumors, irregularities, periodic pains, backache, that bearing down feeling, indigestion, and nervous prostration, after all other means have failed. Why don't you try it? Lydia E. Pinkham Medicine Co., Lynn, Mass.

"GOOD SHOWS ALWAYS"

NEGRESS IS 124 YEARS OLD TODAY

By United Press.
CULPEPER, Va., June 20.—Lucy Frye, a negress born June 20, 1790 in Orange county Virginia today celebrated her one hundred and twenty-fourth birthday, attaining perhaps the title of the oldest person in the United States. The old colored woman possesses records to prove her longevity. Residents of Culpeper who lived during the Civil War, remember her then as an old woman. She lived on a plantation until the war and then relieved of the bondage of slavery, came here where she lived as washer-woman until age prevented her labors. She is being cared for by the neighborhood colored people.

GOOD NEWS.

Many Ballinger Readers Have Heard It and profited Thereby.

"Good news travels fast," and the thousands of bad sufferers in this vicinity are glad to learn where relief may be found. Many a lame, weak and aching back is had no more, thanks to Doan's Kidney Pills. Thousands upon thousands of people are telling the good news of their experience with this tested remedy. Here is an example worth reading:

Mrs. J. E. Tomlinson, Winters, Texas, says: "I was troubled by backache nearly all my life. My kidneys were weak and the kidney secretions bothered me. I had a tired feeling most of the time and often felt very nervous. My son who had been benefited by Doan's Kidney Pills, advised me to try them. After I had taken one box, I got relief. Since then, I have never been without a supply in the house. I have tried several remedies, but can say Doan's Kidney Pills did me more good than any of the others."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Tomlinson had. Foster-Milburn Co., Props., Buffalo, N. Y.

SOCIETY GIRL ON BIG GAME HUNT

By United Press.
SAN FRANCISCO, June 20.—Tiring of the continual round of social activities in Alameda, Oakland and San Francisco, Miss Pauline Painter, Alameda society girl, today is en route for Alaska where she will hunt big game for three months. She will stalk the caribou and mountain sheep in his native Klondike. At Seattle Miss Painter will be joined by several relatives, including Mrs. Webster Noroross, a society leader of that city. Then the party will travel by steamer to Sitka where they will hit the trail overland to Dawson City. En route they will seek big game in the Upper Ramparis, a famous hunting region. Miss Painter is one of the most popular belles of the San Francisco bay region. To her friends she is affectionately known as "Toddy" Painter. "I have always loved the great outdoors," said Miss Painter before sailing, "and this trip has been planned to carry us into the heart of Alaska's wonderland. We expect to be gone three months and feel certain we will return with many trophies."

MAD AT PAINT.

25c a gallon for paint is about \$2.50 on the average job and lots of men waited last year for that; but they didn't reckon; they got mad; wouldn't pay it. There are times to get mad and refuse to pay; but when one's property needs protecting is no time to get mad and not paint. Besides, it costs more to get mad and wait than to paint. Getting mad doesn't do any good to your property; paint does it good by keeping out water; no water no rot; no paint, some water and rot; and a little rot is more than enough to make a man liberal towards his painter and pain!

Paint costs not a cent. All the paint in the world so long as it keeps-out water, costs not a cent. DEVVOE
