PRESIDENT PARDONS 4 IRON WORKERS

By United Press.
WASHINGTON, June 24.—President Wilson commuted, to expire at once, the sentences of the defendants Michael Hannon, Frank Painter, Fred Mooney and William Spupe.

He denied the application for pardons for other former heads of the Iron Workers Union, connected in the dynamite conspiracy including former President Frank M. Ryan, who was out on bail. Ryan must return to Leavenworth tomorrow.

SKIN TO SAVE GIRL

Eugene Gauvain, a fireman here, Monday gave up 25 square inches skin to aid in an effort to have his half sister, Miss Alpha Hamelin, from dying for want of skin to be grafted to her body. Physicians today believe that the grafting will be successful. Several months ago the little girl was seriously burned. Doctors here believed that the skin should be taken from a healthy person and grafted on that her life could be saved in that way. A sister submitted to the taking of the skin and fifty square inches were grafted on. This did not grow. The brother made the sacrifice to day with the hope that his skin would adhere and his sister's life be saved. Those who are acquainted with the two great sacrifices of the sister and brother believe that there is nothing as heroic as this ever before happened here.—San Angelo Standard.

Mrs. J. A. Wells, of Cleburne, arrived first of the week, and will spend a few weeks the guest of her brother-in-law and family, Rev. E. W. Wells.

Upon his arrival or shortly after, the former President, and leader of the Progressive Party was expected to make some declaration of principles on the big issues which have developed since he left for his exploration tour in South America. Upon his return from Brazil and just before his departure for Madrid, the Colonel declared he would not talk any kind of politics until his return here. An important matter which he will be called upon to discuss will be the recent public announcement by Amos Pinchot to George W. Perkins, that the latter ought for the best interests of the progressive party to resign as chairman of the National Committee.

Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

LITTLE STORIES OF THE LONE STAR STATE

By United Press

A "Model" Indian fight is related in the memoirs of Rezin Bowie, whose name can not be unfamiliar to a single child in Texas. On an expedition at the head of a party of eight other men and two servant boys, Bowie set out from San Antonio in November, 1831, in search of the old silver mines of San Saba. A mission warned by friendly Indians that a mixed party of Twovokana, Waco and Caddoe Indians was the party's trial, determined to scalp them, Bowie made forceful marches in an effort to gain an old fort on the San Saba river. The pursuing Indians overtook them five miles away from the fort and on a battlefield selected by the whites for the protection a wooded knoll afforded them was staged perhaps the fiercest Indian fight against overwhelming odds ever seen in Texas.

It opened when an attempted parley by the whites drew a treacherous fire from the Indians in which David Buchanan was injured. Rezin Bowie started back with Buchanan, pursued by eight Indians flourishing tomahawks. Bowie's party rushed out to the rescue and brought down four of the Indians, the remaining quartette retreating to the main body.

The Indians then harried every side of the whites, sometimes one flank at a time, more often from several sides at once.

The marksmanship of those hardy frontiersmen wrought havoc in the ranks of the Indians, forcing them finally to strategy like firing the dry grass of the prairie. A creek checked the fire on one attempt but a change of wind carried another fire right down upon the little band and only their superhuman work with

affalo robes, bearskins and blankets smothered the flames as they sashed the thicket. Even so it was as much burnt and scorched and necessitated their moving into a log that was made around the wounded and the baggage, with reastworks built of loose rocks and dirt dug up with knives and picks.

That night the Indians could be heard crying over their dead, as was their custom. One of their chief, mortally wounded, they put up of misery. During the fighting, under cover of the smoke from the fires, the Indians collected their dead and wounded. The whites afterward counted forty eight bloody spots on the grass where the dead and wounded Indians had been placed. On the night skirmish in the early afternoon of the following day and the Indians withdrew.

A party of nine white men and two boys had beaten off one hundred and sixty-four well armed Indians, killing or wounding nearly a third. Bowie's party lost one man killed, three wounded and five horses killed and three wounded. Thomas M'Orstin was the white man killed.

Paint as an Investment

PAIN'T adds value as well as beauty to anything to which it is applied. Paint is the Farmer's best friend. A leading scientific editor says: "Thirty-five million dollars a year can be saved in the United States by the use of paint." The paint can is the farmer's savings bank. Keep one on YOUR farm ready for use at any time. When you remember that farm buildings put up only five years ago could not be duplicated today for almost twice the money it shows that it pays to paint your house, barn, implements, and everything that needs a finishing coat of paint. When you use paint use "The Best Paints Made."

Minnesota Paints Ground and mixed, in the only oil that will make good paint—pure linseed oil. Minnesota Linseed Oil, in which **Minnesota Paints** are ground, is made in our own mills from Northwestern flax-seed, the best that can be had.

We make "A Special Paint for Every Paintable Surface". The cost per can has nothing to do with the cost of paint. Figure how much surface a gallon will cover and protect satisfactorily. **Minnesota Paints** on this basis, are the cheapest paints on the market.

White Slavers Have New Weapon in "Poison Gun," Says Girl in Dallas

DALLAS, June 24.—The white slaver has a new weapon. "Poison gun" has followed poison pen.

Mary Taylor, aged fifteen years, of Topeka, Kan., told the remarkable story today of a flirtation in a public park of Topeka last Wednesday. A handsome young man demonstrated a gun to her which

suddenly popped and exhaled deadly fumes. She said that she did not remember anything until she found herself riding to Fort Worth on a train.

Fear of the gun kept her silent on the train and for several days at the hotel in Ft. Worth.

Her captor became frightened here and abandoned her.

WAS PLAYWRIGHT; THEN CAME TRAGEDY

NIAGARA FALLS, Ont., June 24.—The delicate Mexican situation and possible "international complications" have nipped a rising playwright in the bud. This is one of the tragedies of the mediation conferences. While the mediators have heard the arguments of the Mexican and American delegates in an effort to reach an agreement for the pacification of the Southern republic, sons and daughters of the principals have turned toward every possible sort of amusement to pass the time. The son of Ambassador Naon, of Argentine turned playwright—and then came the tragedy.

Romulo is 11 years old. His companion here is George Suarez, son of the Chilean Minister. Having played tennis and pool and worn themselves out with other amusements this youthful pair turned to the stage. After Romulo had completed his manuscript and the lines had been memorized a dress rehearsal was held to which a favored few were invited. The first and last production was on the stage in the ball room of the hotel. As the plot unfolded newspaper men covering the mediation conference were brought forth in the story as bandits, bartenders or detectives, Romulo was a bandit—a musical bandit. He sang a song of his own composition, but the first scene of the play was enough to cause a censor in the person of Ambassador Naon to get on the job.

This marvelous production opened with what was designated as a drawing room scene Romulo and George, in the characters they represented sat sagely upon opposite sides of the stage and discussed the Mexican situation from start to finish. Ambassador Naon

read this part of the manuscript and promptly suppressed the production.

How Much Service Can You Get From Your Typewriter?

The L. C. Smith & Bros., ball bearing, long wearing typewriter.

The L. C. Smith Typewriter

How is this possible? Here are a few reasons:

1. It is ball bearing throughout—others are not.
2. All operations are controlled from the keyboard.
3. It is the lightest touch machine made.
4. It does not "smut" the carbon.
5. The ribbon reverses automatically.
6. The type is so protected that it is not battered by collision.
7. One motion of the hand returns the carriage and operates the line space.
8. It has an inbuilt biller and tabulator.
9. No trouble to write on paper as small as a postage stamp

Here's a Candidate Who Would Disfranchise Mexicans And Negroes In Texas

THROCKMORTON, Tex., June 24.—Disfranchisement of the Mexicans and negroes in Texas is a demand made by R. B. Humphrey of this city, candidate for congressman-at-large in the Democratic primaries, July 25, in a statement of his platform given the United Press. Candidate Humphrey would repeal the Fifteenth Amendment to the Federal constitution in order to "vest absolute control of elections in the states, where such power rightly belongs and where it resided from the foundation of our government until the evil days of the reconstruction."

"This is a white man's country and we must keep it so" declared Mr. Humphrey.

Higher income taxes, a uniform child labor law, sweeping reductions in army and navy appro-

priations and hearty endorsement of Wilson policies are other planks in the Humphrey platform.

"In 1911 at Austin," said the candidate, "I assisted in organizing the first Woodrow Wilson club in Texas, and have never regretted the stand taken then."

Dumplings

For Soups, Stews and Fricassee Chicken

Left overs of roast lamb, veal or beef, the cheaper cuts of fresh meats, and fowls too old for roasting, make delicious and nourishing stews. K C Dumplings make them doubly attractive and the whole dish is most economical—an object to most families while meats are so high and must be made to go as far as possible.

K C Dumplings

By Mrs. Nevada Biggs, the well known baking expert.
2 cups flour; 2 level teaspoonfuls K C Baking Powder; 1/2 teaspoonful salt; 1/2 cup shortening; milk or cream.

Sift together three times, the flour, baking powder and salt; into this work the shortening and use cream or milk to make a dough less stiff than for biscuits.

Allow the stew to boil down so that the liquid does not cover the meat or chicken. Add half a cup of cold water to stop its boiling and drop the dough in large spoonfuls on top of the meat or chicken. Cover and let boil again for 15 minutes.

Made with K C Baking Powder and steamed in this way, dumplings are as light as biscuits and are delicious with thickened gravy.

This recipe is adapted from one for Chicken Pot Pie in "The Cook's Book" by Janet McKenzie Hill, editor of the Boston Cooking School Magazine. The book contains 90 excellent recipes for things that are good to eat and that help reduce the cost of living.

"The Cook's Book" sent free for the colored certificate packed in every 25-cent can of K C Baking Powder. Send to Jaques Mfg. Co., Chicago.

DAIRY MAN IS

HURT IN RUNAWAY

While attempting to stop a runaway team Tuesday morning R. F. Green, the dairy man, was painfully hurt and suffered a financial loss by the demolishing of his milk wagon.

The accident occurred just after Mr. Green stopped at a cafe to get his breakfast. He left his team standing for a few minutes and in some way they got the start of him. As the team was running Mr. Green undertook to grab the lines when he was thrown against the pavement at the corner of the court house square. He sustained a lacerated hand and bruises on the hip and other parts of his body. He did not think he was hurt at first, and after having his hand dressed he went to his home and later in the day he suffered pains from the bruises and is confined to his home.

The team ran for considerable distance and demolished the wagon, but fortunately did no other damage.

Girls Bashful of Sun's Rays Should Read This; A Mask Solves the Question

Ye timid maids who would chop cotton were it not for the pungent rays of Old Sol, Listen!

Near Iberis, a whistle station on the Abilene and Southern railway, there lives a damsel, a descendant of Maud Muller, probably, who has switched from the hay field to the cotton patch. But the up-to-date girl has one on Maud in that she doesn't run around where she doesn't run. Her curls dangling down, scorching from the hot blasts from the four corners.

The girl just before parting for the cotton patch each morning,

puts on a radiant mask in harmony with the rainbow. She covers the ruge, on her dimpled cheeks with the mask, swings a long hoe across her shoulders and strides majestically for the wealth corner of the fields.

Passerby on the train wonder when they see her chopping cotton, whether she is on her way to a masquerade ball or whether it is the latest style of dress. The girl pays no mind to anyone or anything except her face and her cotton patch, but those who have seen her state that she can outlook anybody in the world.

BIG CLASS RECEIVES CONFIRMATION

On the occasion of the first visit of Rt. Rev. Joseph P. Lynch, bishop of the diocese of Dallas, about thirty Catholics were confirmed last evening at St. Mary's church, Catholic.

Many of those who received confirmation lived in the surrounding country, some coming from Fuzzy creek, Olin and other small towns near Ballinger. A majority of the class, however, was composed of local people who had never received confirmation because of the fact that the Bishop had never visited this extreme western portion of his diocese. Several old men received the sacrament.

Bishop Lynch is on his tour of the western part of the Dallas diocese. He came to Ballinger from Coleman where he inspected the parish and confirmed a class Monday. From Ballinger, the Bishop went to Santa Anna, where he will dedicate a new church which Father Lavoie, pastor of St. Mary's church, was instrumental in building. He left for that town this morning over the Santa Fe.

While in the city the Bishop was shown about the town as much as possible. On account of his limited time in Ballinger, he did not have the opportunity of making a minute inspection of the city, most of his time having been spent at the church.

At the confirmation service, Bishop Lynch delivered a strong sermon, emphasizing the importance of Catholics receiving confirmation in making them better Christians and Soldiers of God. The lecture was well received by not only the Catholics in the congregation but by the large number of non-Catholics who attended the services.

Bishop Lynch's visit was the occasion for the coming to Ballinger of all Catholics living near Ballinger. It is not often that the Bishop visits the smaller towns in the diocese and Catholics of the Western part of the Dallas diocese took advantage of the opportunity and greeted the ecclesiastic with all the pomp and ceremony due the Bishop.

JUDGE GUION ON STUMP FOR FERGUSON

Judge Jno. I. Guion left Ballinger Wednesday afternoon for Merton, Irion County, where he was billed to speak in the interest of Mr. Ferguson, candidate for governor. Judge Guion stated before leaving Ballinger that he didn't know what the occasion was, but was informed that he was billed to speak at that place and when the request came for him to go he responded.

Judge Guion has been taking considerable interest in the gubernatorial campaign, but this is the first speech he has made. It is probable that he will speak at a number of places over this section of the country between now and July 25th. In supporting Mr. Ferguson Judge Guion says that Tom Ball was selected to run for governor by the Anti-Saloon League of Texas and not by the Democrats, and he offers quite a number of other reasons why Ball should not be elected governor.

FINNEY & MILLER AT BAPTIST REVIVAL

The revival at the Ninth Street Baptist church attracted a good attendance again Tuesday night and the service was one of the successful ones so far held.

Singer Miller lead the large choir and the song service was enjoyed by those present. After the sermon by Evangelist Finney there were eight request for prayer, showing an increase in interest by those who do not make any pretense towards a religious life.

The service for tonight is being looked forward to with interest, as it is the mid-week service. Taking his text from 1st Peter 4:18: "If the religious scarcely be saved, where shall the ungodly and unlearned appear?" Evangelist Finney will deliver one of the strongest appeals to the unsaved tonight that he has made during the revival.

If you are not attending these services you are missing the good singing and the interesting sermons and the blessings of the revival.

SERMON ON HELL BY MRS. IRICK

On account of Evangelist Irick's voice being in bad shape, Mrs. Irick preached again at the Nazarian revival Tuesday night. The attendance was much larger than the night before and there was one conversion and considerable interest manifested in the meeting.

"Hell" was the subject Mrs. Irick used for her discussion and the manner in which she handled the subject, quoting scripture to substantiate every statement she made concerning the place of such horror, was proof sufficient that she was familiar with the work she is doing. The splendid singing is a feature of this revival the song service beginning early and more than thirty minutes devoted to song service.

Take Plenty of Time to Eat

There is a saying that "rapid eating is slow suicide." If you have formed the habit of eating too rapidly you are most likely suffering from indigestion or constipation, which will result eventually in serious illness unless corrected. Digestion begins in the mouth. Food should be thoroughly masticated and insalivated. Then when you have a fullness of the stomach or feel dull and stupid after eating, take one of Chamberlain's Tablets. Many severe cases of stomach trouble and constipation have been cured by the use of these tablets. They are easy to take and most agreeable in effect. Sold by all dealers.
