Ead Temper from Bad Liver

You can generally blame your grouch on a lazy liver. Liver ills are back of coated tongue, bad breath, billiousness and muddy sallow complexion. Insufficient flow of bile leaves impurities in the liver which poison the entire system. Po-Do-Lax is Nature's remedy. It stimulates the activity of the liver, increases the flow of bile, and by its laxative quality carries off the waste matter and clears the complexion. At your druggist, 25c.
