TO MAKE MEXICO CAT'S PAW

EL PASO, Feb. 8.—Attention of American authorities at El Paso has been called to the activities of German agents at Juarez and interior Mexican towns.

Both of these men are well known in Ballinger, Dr. Scarborough having held a revival at the First Baptist church last summer and Dr. Sandefer having aided greatly in making this a dry county, and in keeping it a dry county by taking the stump in the interest of prohibition in the last two or three campaigns.

STOPS HIS PAPER TO CUT HIGH COST OF LIVING.

A Kansas editor is about as hard to get ahead of as a Kansas cyclone. O. W. Weaver, of the Sedwick Paragraph, recently raised the price of his paper from \$1.00 to \$1.50 a year, and in re-

plying to some complaint heard about the change says: "You may be of the opinion that the paper isn't worth \$1.50. Neither is a gallon of gasoline worth 21 cents, nor 10 pounds of sugar worth \$1.00, nor a pound of veal worth 3 cents, nor a bushel of corn worth 80 cents, but these are the prices the people are paying. Potatoes are retailed at \$2.00 per bushel and 'sow bosom' at 23 cents a pound. So don't get mad at us. Goodness knows we did not start the fuss in Europe."—Ex.

YOU GET STRONG, if you're a tired-out or "run-down" woman, with Dr. Pierce's Favorite Prescription.

And, if you suffer from any "female complaint" or disorder, you get well. For these two things—to build up women's strength, and to cure women's ailments—this is the best medicine to benefit or cure. The "Prescription" regulates and promotes all the natural functions, never conflicts with them, and is perfectly harmless in any condition of the female system. It brings refreshing sleep, and restores health and vigor. Mrs. KATE WADDE, Route 2, Box 2, Waxahachie, Texas, says: "I was in very bad health, could not get any relief. Through the advice of a friend I tried Doctor Pierce's Favorite Prescription and began to mend. Can say I am now sound and well, and will always praise your medicine. It has made young mothers and women who are in bad health to use 'Favorite Prescription.'" Dr. Pierce's Pellets cure biliousness.

SERIAL PICTURE DELAYED; BUT SHOWS TONIGHT

"The Great Secret," the Metro wonder serial featuring Francis X. Bushman and Beverly Bayne, and which is scheduled to be screened each Wednesday afternoon and night at the Queen, was carried past Ballinger yesterday, by mistake of an express carrier.

The second episode of the big mystery photoplay will be exhibited at the Queen today and tonight, together with a five-part Vitagraph drama. The regular reductions for children applied for the matinee, five cents admitting children to the feature and serial. "The Flames of Johannis," is the big feature attraction at the Queen tonight, featuring Nance O'Neill, called "the Bernhardt of America." It is an exceedingly artistic presentation, and the direction by Edgar Lewis is nearly flawless. A cast of motion picture players support the star. An old German legend is responsible for the creation of the scenario, and some very effective work is shown by the camera.

Next Tuesday, Henry B. Wallthall comes to the Queen in another "little Colonel" part in a five-part Essanay feature, "The Sting of Victory."

"The Libertine," first of the new Selznick super-features comes to the Queen next Thursday.

General program will be shown with other pictures on Saturday of this week, and regularly in the future for three days a week.

A Hint to the Aged.

If people past sixty years of age could be persuaded to go to bed as soon as they take cold and remain bed for one or two days, they would recover much more quickly, especially if they take Chamberlain's Cough Remedy. There would also be less danger of the cold being followed by any of the more serious diseases.

Judge Snodgrass of Coleman, who had been here in the interest of a client, left for his home Wednesday afternoon.

Mr. and Mrs. Aug. Vogelsang of the Hatchel country, were shopping and visiting in Ballinger Wednesday afternoon.

About Constipation.

Certain articles of diet tend to check movements of the bowels. The most common of these are cheese, tea, and boiled milk. On the other hand raw fruits, especially bananas and apples, also graham bread and whole wheat bread promote a movement of the bowels. When the bowels are bodily constipated, however, the sure way is to take one or two of Chamberlain's Tablets immediately after supper.

W. J. Davis of the Bethel neighborhood, was among the business visitors in Ballinger Thursday and has just returned from an auto trip to Glascock county and other points in that section.

A scald, burn, or severe cut heals slowly, if neglected. The family that keeps a bottle of Ballard's Snow Liniment on hand is always prepared for such accidents. Price 25c, 50c and \$1.00 per bottle. Sold by the Walker Drug Co.

SAYS CHURCH PEOPLE BUYING MOVIE ORGAN

FRIAR FACTS
 Did you ever stop to think, if you refuse to hear God's messenger, you have to hear it from God on that Judgment Day.
 You'd better hear me—you are going to Hell thinking about the things of this world.
 The only thing under Heaven a man needs now days to get a divorce is another woman.
 Church peopel of Ballinger—"If you don't swamp the world, the world will swamp you."
 If the 42-game and the picture show were conducive to spirituality, some Ballinger members would bust wide open.

Continuing his aggressive war on worldliness in the church, and declaring that "if you don't swamp the world, the world will swamp you," Evangelist Friar spoke to the largest crowd Wednesday night to hear him since the revival started at the Ninth Street Baptist tabernacle last Sunday. The evangelist does not "stutter" in attacking the worldly things that he says are retarding spirituality and killing church life.

The choir led by Mr. Reynolds was well filled at last night's service and the singing perhaps the best since the revival started, and an increased interest was manifested by the church people of the city.

"What is your life or your church worth in Ballinger as an example?" said the Evangelist. "In what sense is your life different from others? 'Be not uncleanly yoked together with unbelievers,' this applies in commercial, social or fraternal life. Come out from among them, is the command. 'Be ye separate, touch not the unclean things.' This is the world age, the world has crept into our colleges, or christian schools and today you read of rival games of foot ball, where the 'Baptists beat the Methodist.' In the name of God, whither are we drifting, the fiery speaker cried. We send our girls to our (Christian?) colleges to take 'domestic science,' when they are too trifling to make up their own beds, they haven't sense enough to turn a batter cake without spattering the dough all over the house, yet they are called 'finished.' Not one half of our graduates of women's colleges ever marry and of that, less than one half who do, less than one child is born to that union. Why? I answer, because a life of ease and worldliness is desired, clubs and etc., and children are a hindrance to them. They often times pervert nature and commit unknown crimes to keep in the mad world race of the twentieth century, they are unfitted and unfurnished for their God intended mission as mothers. I am against equal suffrage, it com-

monizes our women. If women are to vote and enter politics then open up nursery departments in our schools and colleges and demand a diploma from a prospective husband, so in case a child, which of course would be an unavoidable accident, should be born into that home, the husband would be trained to nurse it while 'ma' votes. The church must swamp the world or the world will swamp the church. Your picture show that educates youth to disregard the law and morals, is your enemy, is the world, put it down and out of your life, if you are to have power. I read tonight where your picture show is to have a \$5000 pipe organ, I venture the church membership of this town has paid a good part of that by attending the show. Has a church in the town a pipe organ? You are but strengthening the hand of the wicked to strike down your children, when you attend the same. The picture show appeals to the base and vicious in your nature, the church to the moral and pure in your nature. You cannot serve two masters, whom will ye serve? Live for God, be out and out for Christ, against the world."

MANY CALLS FOR LEDGEE'S DICTIONARY

We anticipated that the readers of this paper would readily grasp the opportunity to get one of the modern \$4 New Universities Dictionaries, but we had no idea that so many would call on the first day. This was an experiment we decided to make just as an advertisement for the Ledger, and for the purpose of creating a demand for the paper, and we only purchased 100 dictionaries.

The demand has been so great and those who have clipped the three coupons required from the paper, and have come with the 98 cents, are so well pleased with the dictionary that we have decided to wire the publishers of this valuable dictionary to supply us with another 100.

The surprising number of people presented coupons for the New Universities Dictionary, saying as they did so that the twenty-five supplementary dictionaries of special activities appealed to them with greatest force. In one book, besides all the other aids to studying modern English, are special dictionaries of words used in automobilism, aviation, golf, baseball, commerce and law, football, lacrosse, lawn tennis, war, music, photography, polo, wireless telegraphy and yachting.

Besides these are dictionaries of atomic weights, Christian names, classical abbreviations, every-day allusions, foreign words and phrases, forms of address, most common abbreviations, noted characters in literature, state names and meanings of words of opposite and like meanings.

Read the ad in this paper, look up the coupon, clip three of them from the paper, and get one of these dictionaries before they are all gone. You can't get the book unless you bring the coupons.

A heavy cold in the lungs that was expected to cure itself has been the starting point in many cases of disease that ended fatally. BUYS FARM NEAR TOWN.

R. B. Welch is a new citizen of this county. Mr. Welch recently purchased from D. Reeder a 160-acre farm on the Colorado river a few miles above Ballinger, and has moved onto same.

Mr. Welch will live at home and board in the kitchen by raising good things to eat. He will help to supply the local market with poultry and farm products, and we predict that his bank account will grow as a result of his work.

GLYCERINE AND BARK PREVENT APPENDICITIS

The simple mixture of buckthorn bark, glycerine, etc., known as Adler-i-ka, astonishes Ballinger people. Because Adler-i-ka acts on both lower and upper bowel, one spoonful relieves almost any case of constipation, sour stomach or gas. It removes such surprising foul matter that a few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. The instant, easy action of Adler-i-ka is astonishing. Walker Drug Co.

Mr. and Mrs. J. C. Bauman and baby, left Thursday at noon for Miles, where they will make their home again. Mr. Bauman came from Miles to our city and was one of the partners in the Ballinger Barber shop, and made many friends in Ballinger who will wish himself and family success in their new home.

MAN LOSES EYE WITH DYNAMITE

Henry Fuller was brought to Ballinger Thursday morning and underwent an operation at the Halley & Love sanitarium in which one of his eyes was removed, and it is feared he will lose the other eye as the result of a dynamite explosion.

Fuller was digging a cistern for J. W. Woods, near Crews, and was blasting when the accident occurred. He had placed a charge of dynamite in the excavation he was making for the cistern, and after waiting for some time for the explosion decided the fuse had failed to burn and just as he approached the hole in the ground the explosion occurred.

The man is a nephew of J. J. Fuller, and the family is well known in the northern part of the county. The unfortunate man has a wife and four children.

Sick Liver Causes Dizziness.
Headache, biliousness, chronic constipation and muddy complexion are signs that your overworked liver needs Po-Do-Lax to take up a part of the burden. Po-Do-Lax is Nature's remedy, a liquid laxative derived from the May-apple, a gentle liver stimulant that increases the flow of bile and by its mildly laxative quality carries off the impurities that have clogged the intestines and aids Nature to clear the blood.
