## MAY CLOSE BREWERIES UNTIL WAR HAS ENDED

WASHINGTON, April 14.—America's big push for food may wipe out the breweries and the distilleries.

The "drys" in Congress are preparing to launch a spectacular drive on this proposition. They propose to stop the manufacture of all intoxicating liquors and beers in this country at least for the period of the great war.

Beer and whiskey manufacture is diverting millions of bushels of grain from food channels, say the supporters of the measure.

The move is aimed with such momentum that the brewers have made overtures to restrict their output and release fifteen million bushels of grain for food. "Dry" advocates, however, scorned the offer made by the beer makers.

Rev. D. L. Collier, of Fort Worth, who had been in our city attending the M. E. district conference, left for home Saturday.

## AMERICA TO HELP RUSSIA IN INDUSTRY

WASHINGTON, April 14.—The United States has in contemplation the sending of a commission to the United States of Russia to offer assistance in the way of industrial aid. America will probably send other commissioners to other allied countries, the State Department announced this afternoon.

Plans of such form can be said to contemplate the extension to Russia American aid in reorganizing its internal resources and to assist in making American-Russian co-operation forcible. A separate German-Russian peace is out of the question.

Russia's need is recognized as most pressing. Her industries are crippled, and her transportation disrupted and inadequate.

## RESUME OF COTTON GIVEN BY BUREAU

WASHINGTON, April 14.—Cotton consumed in March, exclusive of linters was 602,230 running bales, the United States Census Bureau reported this afternoon.

Linters consumed in March amount to 73,710 bales. Spindles in March number 33,337,722. Cotton held in consuming establishments in March totaled 2,048,585 bales.

## LENS MUST FALL SOON TO CANADIANS

By William Philip Simms  
WITH THE BRITISH ARMIES IN THE FIELD, April 14.—Lens must fall soon to the Canadians. Occupation of that point is deemed a matter of a short time.

German resistance is growing more desperate each hour as Field Marshal Haig shoves his men forward, but the resistance is ineffective for powerful blows.

The British are steadily gaining command of the high ground and villages thereon together with other vantage points and are progressing astride the Hindenburg line.

## SPECIAL SESSION ON APRIL 18TH

AUSTIN, April 14.—The special session of the thirty-fifth Texas legislature was called by Governor Ferguson today in a proclamation designating Wednesday, April 18th as the date.

### RETURNED FROM HUNT.

R. P. Conn and Preston Dunn returned home Friday night from a hunting trip on the Llano and Bear Creek and reports plenty fish, squirrels and bacon and onions on the side.

Mrs. Fred Foster of Miles, came in Saturday morning to be at the bedside of her husband, who is at the Halley & Love Sanitarium.

## NEW ORLEANS HAS DETENTION CAMP

NEW ORLEANS, La., April 14.—The Federal immigration station in the harbor here has been converted into a detention camp for crews of Austrian and German ships seized in the Southern Atlantic and Gulf of Mexico ports.

Sixteen men were brought to this camp today from Galveston. Others are en route here from Tampa, Florida; Savannah, Georgia; and Jacksonville, Florida.

## Many People Participate In Loyal Demonstration

With thousands of flags waving, and with cheers from a throng estimated to number from six to eight thousand patriotic Americans, the foregoing resolution was unanimously adopted at the loyalty demonstration held in Ballinger Friday afternoon, and immediately placed on the wires for publication in the various daily papers of this state, and will be read by the millions of people of Texas and other states.

The scene preceding and following the adoption of the resolution was the most impressive and inspiring ever witnessed in this city. The resolution was read before the thousands of people on the lawn in the court house park, and adopted by the large concourse of Americans rising to their feet and giving three cheers.

No undertaking in Ballinger was ever more successfully handled than the patriotic rally in which all of Runnels County was invited to participate and in which the people from all over the county came here to take part in the harmonious working together of the various committees, the harmony that prevailed between the towns in the county is only characteristic of the united stand the people of America are taking in backing up the American administration, and showing their loyalty to a cause that is right and a cause that will revolutionize the political "rottenness" of the oppressive nations standing against America today.

Promptly at two-thirty o'clock every business house in Ballinger was closed and remained closed until five o'clock, or until the last number on the program had been announced and the band struck up that greatest of all Southern airs "Dixie," and the large crowd dispersed. There was a stir of preparation for the great demonstration early in the morning and the stir continued until the streets became a seething mass of humanity, and taxed the special police force to handle the crowd.

At two o'clock more than fifty autos from Kowena, motoring in single file, and with horns honking passed down Hutchings Avenue, turning at the corner of the park and motoring up Eighth Street, to the school campus where they were given a place in the parade.

Fifteen minutes later nearly one hundred autos, led by the Charley Grant band arrived from Axters, filed thru the streets and were directed to the school campus where the Winters delegation was given a place in the parade, and later the line of march was formed which required nearly one hour to parade to the park where the program was carried out.

More than four thousand people participated in the parade while it is estimated that two thousand packed the streets in the business section of the city and witnessed the greatest parade ever to pass through the streets of this city.

With Jim Flynn as captain, the parade was headed by the cavalry company of rough riders numbering more than one hundred. Following the rough riders came the Ballinger band, the school children, Red Cross nurses, the city officials, infantry company, Spanish war veterans, while the auto parade brought up the rear. By actual count there were 100 autos in the motor division of the parade, and twice as many cars were parked along the streets to witness the parade, while the side streets were filled with autos and traffic for a time preceding and following the parade was congested. The cars in the parade carried from two to fourteen people each, and it is estimated that more than 1,000 people occupied seats in the auto parade, while more than one thousand school children were in the march, each child waving a flag, the flags varying in size from a three inch to a three foot.

The auto decorations varied from the modest flying of one single flag to the gorgeous trimmings of a solid covering of red, white and blue, and in some autos the parties occupying seats were dressed in patriotic uniforms, where the school children formed a circle about the bandstand, and other divisions were given sections around the bandstand and the program as previously published in this paper carried out.

A large decorated truck, bearing "Uncle Sam" in the person of Edgar Rasbury, with a soldier and a sailor standing by his side, in the persons of Clinton Penn and Irvin Elder, and with the speaker of the day, Judge J. J. Guion, occupied a place in the parade, and this truck was motored onto the park near the band stand and used a

Resolved that we, the people of Runnels County, Texas, are all patriotic American citizens, whether by birth or by adoption, from England, Ireland, France, Austria-Hungary, Germany or from other foreign lands, and hereby pledge ourselves to follow the Flag of the United States, wherever it may float over land or sea.

Be it further resolved, that we unqualifiedly indorse the course of President Wilson, and the large majority of congress in accepting the gauntlet of Little thrown down by the imperial government of Germany, and in the means they have adopted to hold the rights of humanity and the honor of our nation; that we pledge our unqualified support to every means and measure that is adopted to meet the needs of the hour and bring victory to our Nation, and her Allies, to the end that the autocratic rule of the Kaiser may be overthrown and the people of Germany be freed from his despotic power and become a government "of the people, by the people and for the people."

Be it further resolved, that we who may not be called to the army of America pledge ourselves to conserve the resources of the country, till the lands with an eye single to the production of food stuffs of every kind, that we may furnish the "bullets of bread," as essential for the success of our Armies as the bullets of lead.

Be it further resolved, that we glory in our boys of Runnels County, who have or may hereafter volunteer their services and who have under the leadership of Frank Pearce organized a company of our bravest and best, and we pledge them our support and loyalty.

Judge A. K. Doss, acted as master of ceremonies, and with his clarion voice he called the large crowd to order and introduced Rev. J. W. Atwood, who invoked the blessing of God upon the people assembled, the men who are heading this nation at this time and for the entire American people and the working out for the best the entire nations of the world.

In calling the assemblage to order Judge Doss said: "This is not a time of gloomy. With the largest crowd ever to come together in this city, we are here in a spirit of seriousness—a united brotherhood against a common enemy, it matters not what country you came from, or what country your ancestors came from, you are today an American citizen and must stand behind President Wilson, one of the greatest men of American history. We must stretch out our hand and forget the past, and unite against the one common enemy."

With flags waving Judge Doss called on the people to join him in giving

## FIRST REAL BLOW AGAINST GERMANY DELIVERED TODAY

## VILLISTAS WRECK TRAIN NEAR JUAREZ

EL PASO, Tex., April 14.—Twenty people were injured and are now en route to Juarez on a relief train sent from here following the receipt of advices that a band of Villistas wrecked a northbound Mexican train twenty miles south of Juarez. The bodies of four passengers who were killed in the wreck are also aboard the relief train, according to reports coming from the scene of the wreck.

G. E. McKinley, who had been visiting relatives at Miles, returned home Saturday morning.

## MYSTERIOUS FIRE CRIPPLES PHONES

NEW LONDON, Conn., April 14.—Telephone communication in the eastern half of this city are badly crippled by the mysterious burning of 450 wires in the conduit under State Street.

Mrs. H. H. Lockett, of Toyah, Texas, came in Saturday at noon to visit her daughter, Mrs. C. P. Shepherd and family and Ballinger friends and will be joined here Monday by her sister, Mrs. W. E. Armstrong, of Austin and together they will visit in our section for some time.

## VESSEL SHELLED BY GERMAN SUB

WASHINGTON, April 14.—The schooner Edwin Hunt of New York, was shelled by a German submarine off Cape Gate. The crew of the vessel was landed there today, according to a report by Consul Gasset.

## MEXICAN OFFICIALS ORDER FORCED LOAN

LAREDO, Tex., April 14.—Mexican officials have received orders to make forced loans from business houses and citizens of Nuevo Laredo, Mexico, it is reported here. The money, it is believed by many, will be used to purchase ammunition for the town.

WASHINGTON, April 14.—The first real blow to Germany awaits the developments of two imminent measures in congress. The passage today of the seven billion dollar war bond issue by the House and the early assemblage of prominent allied leaders in consultation with American leaders. The war money bill is slated to pass congress by the mid afternoon session. The arrival of the allied commissioners coming here to work with the American war leaders is now a question of only a few days, though the exact time is withheld; the movements of the commissioners coming from England being concealed from Germany.

The House will vote to lend three billions of dollars to the allies at once and without important reservation. This was shown clearly when the amendments offered to restrict loaning and time payments included in the administration's seven billion dollar bond bill were attacked most vigorously by both sides and defeated. Only a few amendments by ways and means committee designed to overcome possible objections were agreed upon.

### COMMITTEE EXPRESSES APPRECIATION.

The committee in charge of the arrangements for the patriotic rally held Friday afternoon, wish to thank every one who aided in the work, and especially do they wish to thank E. D. Haden, the gardener in charge of the court house park for his assistance. Mr. Haden assisted the committee in getting the park in shape for the rally, and stood the loss of some of his flowers without a word of complaint. Hereafter when the park is used for such a gathering an effort will be made to fence the "Number Elevens" out of the flower beds. To all the special officers of the day and to every one who assisted in any way the committee wishes to express its appreciation.

## CAN OVER SUPPLY NAVY ON SHELLS

WASHINGTON, April 14.—Millions of shells—many times more than the United States navy needs can be produced by the big munitions plants in this country. This was shown clearly in projectile bids made public today by the Navy Department.

## BOLIVIA SENDS HOME GERMAN MINISTER

LA PAZ, Bolivia, April 14.—Germany's minister to Bolivia will probably leave for Berlin with the German envoy to Brazil. Bolivia's formal note breaking off relations with Germany has not yet been made public.

People here who have witnessed patriotic demonstrations in other cities, say that Ballinger's beat them all.

Some people can not grasp the gravity of the situation and saw more gaiety in the patriotic rally than real patriotism. Especially was this true of some of the younger folks, but there were white heads and eyes dimmed with tears who were made to reflect back to sixty-four and who no doubt realize the horrors of the struggle into which the country has been plunged.

On behalf of the citizenship of Ballinger and Runnels County, The Ledger will say "thank you" to every one who aided in making the patriotic rally a success, and especially to the various committees who worked as faithfully from Monday morning when the work was launched until the flag had been lowered, for the success of the occasion. No one shirked a duty which they were asked to perform, and the large crowd was handled without an accident or the least bit of confusion.

A poll of the people from a number of towns in this district as gleaned from the papers received at The Ledger office indicate that sentiment favors selective conscription for raising an army instead of the volunteer plan. When the question of raising a half million army was first put up to congress sentiment was greatly in favor of

A PRETTY FACE is the result of a healthy physical condition.

Beauty is but skin deep yet it greatly depends on a clear complexion, free from wrinkles and hollow cheeks. Health always brings wealth of beauty. A healthy state of the system comes with Doctor Pierce's Favorite Prescription. It's a medicine prepared for woman's ailments—it cures those derangements and weaknesses which make woman's life miserable. Mrs. MATTIE HALLMAN (daughter of Mr. J. C. Parks), 619 E. Richard St., Sherman, Tex., says: "I write this in the hope that it will assist some poor sufferer. I took Favorite Prescription when I was just entering womanhood. Can say it relieved me of suffering and built up my system in general." Mrs. PERRY FAUBER, of 900 West 13th Avenue, Corsicana, Texas, says: "I certainly can praise Dr. Pierce's Favorite Prescription for the good it did me when I was a girl just drifting into maturity. I can say it recognized Favorite Prescription."

TO BEGIN CAMPAIGN FOR FOOD PRODUCTION

WASHINGTON, April 14.—Intensive developments of the food production power of the United States on a scale never before contemplated was discussed by President Wilson and Secretary Houston today as the means of meeting one of the vital problems of the war with Germany.

Secretary Houston returned late yesterday from St. Louis where he conferred with representatives of the great grain raising states. He laid before the president plans by which the federal government, working in co-operation with state and local agencies, will put forth its utmost endeavors to stimulate the production and economical distribution of food.

The plans include a request for legislation by congress giving the president power to regulate and fix food prices if necessary.

To continue the government's agitation for increased production and economy in the use of foodstuffs, President Wilson probably will soon issue a proclamation to the nation calling attention to the situation. A suggestion to this effect approved by Secretary Houston was laid before him today by Representative Fisher of Tennessee and J. K. Payne of Memphis, representing the Tri-State Farming Association. Secretary Houston said the government was counting on the active co-operation of every man, woman and child in the United States and that the increased power to be requested of congress was only aimed to meet local situations and emergencies where drastic action might be necessary.

Constipation and Indigestion. These are twin evils. Persons suffering from indigestion are often troubled with constipation. Mrs. Robert Allison, Mattoon, Ill., writes that when she first moved to Mattoon she was a great sufferer from indigestion and constipation. Food distressed her and there was a feeling like a heavy weight pressing on her stomach and chest. She did not rest well at night and felt worn out a good part of the time. One bottle of Chamberlain's Tablets corrected this trouble so that she has since felt like a different person.

**Catarrhal Deafness Cannot Be Cured**

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Cure acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Cure. Circulars free. All druggists, 75c.

**EX-GOVERNOR MAY PROSECUTE SPANELL**

(San Angelo Standard)  
Former Governor Cole Blease of South Carolina has offered to Dr. Butler of Columbia, S. C., his services in the prosecution of Harry J. Spanell, charged with murder in connection with the killing of Col. M. C. Butler at Alpine on July 20, 1916, while Governor James E. Ferguson of Texas has employed J. K. Baker of Coleman to assist the state.

These announcements were made today by Judge Wm. A. Wright of San Angelo, following his return on Tuesday from Coleman, where a conference of prosecuting attorneys was held. Judge Wright stated this morning that it had not been decided as to whether or not ex-Governor Blease will be in the case, which is set for trial at Coleman on April 23.

Judge Wright together with Judge Van Sickle of Alpine and Walter Gillis of Del Rio, was employed by Col. John R. Holland, of Alpine, father of Mrs. Spanell, to prosecute Spanell when the latter was tried and acquitted here in January upon a charge of having murdered his wife. Mrs. Spanell was killed at the same time the army officer was shot to death in the Spanell automobile. Judge Van Sickle is the only member of the trio of attorneys, which included Judge Wright and Judge Walter Gillis of Del Rio, whose services have been retained by Col. John R. Holland, father of Mrs. Spanell, for the coming trial.

Judge Wright has been employed by Mrs. Butler and her brother, E. B. C. Howell, of Nashville, Tenn. Dr. Butler of Columbia, S. C., brother of the late officer, expects to attend the trial.

By Being Constantly Supplied With Theford's Black-Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whitaker, of this place, "with sick headache, and stomach trouble.

Ten years ago a friend told me to try Theford's Black-Draught, which I did, and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel a little bad, they ask me for a dose, and it does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught."

Theford's Black-Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

It has been in constant use for more than 70 years, and has benefited more than a million people.

## Says Simple Remedy Prolonged His Life

Dr. Caldwell's Syrup Pepsin Effective as a Remedy for Constipation.

Among older people the various organs of the body have a tendency to slow up and weaken, and this is usually first manifest in a pronounced inactivity of the bowels.

Good health is dependent on regularity in this important function; whenever there is the slightest indication of constipation a mild laxative should be taken to relieve the congestion and dispose of the accumulated waste. Cathartics or purgatives should not be employed, however; these are too violent in action and their effect is only temporary.

A mild laxative such as the combination of simple laxative herbs with pepsin, known as Dr. Caldwell's Syrup Pepsin, is the ideal remedy. It is gentle in its action, bringing relief in an easy natural manner, without griping or other pain or discomfort, is pleasant to the taste, and can be obtained in any drug store.

Mr. Robert LeForge, 918 Kirkwood Boulevard, Davenport, Iowa, says he has always had a bottle of Dr. Caldwell's Syrup in the house for the past eighteen

years, and that by using it occasionally as the need arises, and in this way keeping his health good, it has prolonged his life, and brought ease and comfort. Dr. Caldwell's Syrup Pepsin is sold by druggists everywhere, and costs only fifty cents a bottle. To avoid imitations and ineffective substitutes be sure to get Dr. Caldwell's Syrup Pepsin. See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 459 Washington St., Monticello, Illinois.

## CROSS BATS WITH VALERA FRIDAY

The climax of Ballinger's greatest day was reached when the Ballinger High school crossed bats with Valera at the high school campus, immediately after the parade.

The game was featured by hard hitting and frequent errors by both teams. Valera forfeited the game to Ballinger 3 to 0 after the game was well in progress. Coach Heatley's men took a sudden departure from the field claiming that engagements at home demanded them being there at 6 o'clock.

The Ballinger team does not like to play a game of forfeit but according to the rules of baseball it could not be avoided this time.

The high school boys did not get an early start in baseball work this spring, due to the fact that the early part of the season was spent in working for the train. Another serious drawback to baseball is a lack of a ground on which

to play. The team is very anxious to have access to the old ball park, if any possible arrangement can be made with the men in charge of the cotton on the park to move their cotton to some other place until the baseball season has closed.

The Ballinger boys are to go to Winters next week for a game and they hope by the week following necessary arrangements will have been made for securing the former ball ground of the city.

It is the desire of the athletic management of the school to give the people some real entertainment and have clean athletics in the school.

Bad breath, bitter taste, dizziness and a general "no account" feeling is a sure sign of a torpid liver. Herbine is the medicine needed. It makes the liver active, vitalizes the blood, regulates the bowels and restores a fine feeling of energy and cheerfulness. Price 50c. Sold by Walker Drug Co.

## "PINKIE" WRITES TO BALLINGER FRIENDS

Herbert S. Butcher known in Ballinger as "Pinkie," who came to this city from Akron, Ohio, some many months ago, but who now is in the United States navy has written an interesting letter to his former employer, L. Cohen. Below is the letter in part. "Pinkie" is of the stuff that makes good, and while here and before securing regular employment, went out to the cotton patch and worked in the broiling hot sun for a time, later getting work with the Princess and Queen theatres as operator and general house man. Leaving here "Pinkie" went to the navy as apprentice seaman and to study in an electrical school. You will note that he is now stationed in Pearl Harbor, Hawaii, at a submarine base.

Owing to the censorship placed on all letters from the navy, this is probably the last letter Mr. Butcher will be able to send his friends in the U. S. A. until after the war is over. A form card is now used for this purpose, with only the necessary words printed thereon.

U. S. S. Alert, Pearl Harbor, I. H., April 2, 1917.

Mr. Lonnie Cohen: Ballinger, Texas.

Dear Sir—I will try and write you a few lines today as I am not very busy. Well Lonnie I will tell you about this place as best I can. This is a naval station and third submarine division of the Pacific fleet, and the Alert is a tender to the subs—in others words a factory machine shop. It does repairs for all submarines here. We just back from Tahama where the subs load torpedo practice for ten days. One sub broke all previous records and it is thought won the U. S. Navy records—not sure yet as the reports of some of the subs on the Atlantic coast have not been received yet.

Oh, yes I want to tell you about the interned German ships that Uncle Sam has here. I guess you read about the crew trying to destroy the S. M. S. Gier subboat at Honolulu. When the U. S. Gier broke relationship with Germany you know the U. S. gave 24 hours for all German ships to leave our ports. Well this subboat Gier could not take on coal and supplies within 24 hours so destroyed all machinery and then tried to burn the ship up. The Uncle Sam sent the cruiser St. Louis to Honolulu to take charge of it. She went there and trained her guns on the Gier and sent a landing party to the ship and captured the crew. Now they are all at Fort Shafter in prison. The St. Louis is expected to sail for the States any time. You know that the U. S. naval vessels move very silent now.

Well hoping to hear from you and tell May to answer my letter, and tell Roy that this said Honolulu would be some trip for him. Your friend,

H. S. Butcher.

## Many People Participate In Loyal Demonstration

Continued from Page One.

three cheers for President Woodrow Wilson, and great was the cheering.

From time to time during the carrying out of the program music by the waiters and the local band was rendered and each selection brought forth a hearty applause from the large crowd, as well as did every other number on the program.

Perhaps the most inspiring part of the program was the singing by the large crowd of school children, as well as the singing by the entire thousands of people who gathered together when all joined in singing the patriotic songs, including "America," "Columbia," "Maryland, My Maryland." A special song had been arranged under the direction of Mrs. E. L. McAlpine and with the bandstand filled with a crowd of the best singers of the city this was enjoyed by the large crowd.

With the band softly playing "Star Spangled Banner," "Old Glory" was hoisted over the bandstand, and three cheers given the flag. Following the raising of the flag a tribute to "Our Flag" was recited by Union Bird, the young man mounting the speaker's stand, pointed to the flag and in a solemn voice paid a tribute to the red, the white, and the blue.

Judge Jno. I. Guion was called to the stand by master of ceremonies, Judge Doss, who stated that the speaker needed no introduction to a Kimmel County audience. Holding a flag in his hands, Judge Guion began his speech by saying, "I salute the flag with the most chaste salute of which I am capable, and raising upon it a kiss, tenderly impressed upon it a kiss. The speaker continued by saying, "the souls of America are being tried in this crucible war. America never declared war upon any nation, and our government has only declared that a state of war existed against our aggressive foe. We have met here not to glory in war; not to have any part in the shedding of blood no more than becomes necessary in the defense of the best government, a land of liberty, and home conquering; we don't desire a foot of territory owned by the warring nations of Europe, but we want to do our duty in defending the American rights, and carrying liberty to the people of all the world."

"We are here to raise our hands in loyalty to the government, and to help the down trodden people of Germany," said Judge Guion. The speaker paid a beautiful tribute to the flag, and said that the American people must stand by the flag and that there was no way to get out of this war except through the forward way.

Judge Guion called a attention to some of the things that caused the American administration to take the stand against Germany. He referred to a recent address from Jake Wolters, a leader of the German-Americans, in which Mr. Wolters criticized the tyranny of the kaiser and appealed to every liberty loving German in America to stand loyal to President Wilson and fight for the overthrow of the autocratic German rule and the defeat of the kaiser. The speaker also called attention to the outrages perpetrated by the German government upon helpless Belgium, a contented and happy people at the outbreak of the war, a nation of people with whom Germany violated every treaty and trampled under foot in a most cruel way. "We are not fighting the German people," said Judge Guion, "but we are fighting the unspeakable kaiser, and we want to make the German people free—free as Americans and we mean no oppression to them, but liberty. The day has come when the world must drive slavery from Germany. The speaker also called attention to the German atrocities upon the high seas in which American property was destroyed and American lives lost.

The speaker closed his address by paying a tribute to American womanhood and the part the women played in the war. He also appealed to those who could not go to the front and fight for the country to remember that they could stay at home and fight for their country by moulding bullets of bread bread which were just as essential as bullets of lead.

With the large crowd cheering as the band played "Dixie" flags waving, the crowd mixed and mingled together for a time and returned to their respective places of business and to their homes, and today American patriotism is at a higher degree than was ever known before in the history of this county.

**WINTERS COMES WITH AMERICAN PATRIOTISM**

Winters did the big thing. The business houses of that progressive little city were closed, and nearly one hundred autos bringing nearly five hundred people came to Ballinger and took part in the rally. The delegation from Winters was led by its splendid musical organization under the direction of Chas. T. Grant. The band participated in the parade and also rendered a number of good selections while the program was being carried out. The Winters people came with a true spirit of patriotism and remained until the rally had closed. They came with flags and with their autos decorated in the true colors, and the event was made a better one by their coming.

**ROWENA CITIZENS RALLY TO OLD GLORY.**

While it is generally known that the citizenship of Rowena is composed largely of people of foreign birth, or of people whose parents were born in foreign countries, and that a majority of the citizenship of that progressive little town are either Bohemians or Germans by birth or descent, not one who were on the down town streets when the Rowena delegation arrived can doubt for a minute that the people of

that town are not loyal to the American administration. Coming in a body, making the trip in more than fifty autos and making up a party of over two hundred people, they arrived here with horns honking and colors flying—real American colors. The Rowena people motored through the business sections before going to the school campus where they were given a place in the parade. **COLORED PEOPLE PATRIOTIC**

While the big parade was forming at the school campus Friday afternoon, practically every colored man in the city was forming in line near the A & S. station on Seventh street, and later marched to the court house square. In the rush of arrangements, the time being so short the committee failed to make any provisions for the negroes to show their loyalty on this occasion, but they were not put out by this, and got busy and arranged for themselves to have a hand in the demonstration. They formed in a body and witnessed a good part of the program after they had marched to the court house park.

## Nature Cures, The Doctor Takes the Fee.

There is an old saying that "Nature cures, the doctor takes the fee," but as everyone knows you can help Nature very much and thereby enable it to effect a cure in much less time than is usually required. This is particularly true of colds. Chamberlain's Cough Remedy relieves the lungs, liquifies the tough mucus and aids in its expectoration, always the cough and aids Nature in restoring the system to a healthy condition.
