## City Police,

### Firemen Busy

#### During July 4th

Muleshoe City Police were kept very busy early on the July 4th holiday, with most of the officers being called back to duty following a series of accidents and incidents.

At the time of the fatal accident, officers were also called to investigate an altercation where one man was reported to have been beaten with a tire tool. The man reportedly lost an eye in the altercation. He was transferred to Lubbock for additional medical treatment.

Another man who was taken to West Plains Medical Center for treatment of a stabbing wound in the neck declined to tell officers who inflicted the wound.

Officers said they believed the two incidents were related.

Firemen were also kept busy racing from one grass-fire to another on the evening of the July Fourth celebration. All the fires were attributed to fireworks, combined with the hot, dry conditions. The fireworks display at the City Park were briefly suspended as firemen raced around putting out the grass fires. Though delayed, the public fireworks display was held.

## MHS Graduates

### Receive Honors

#### In Scholarships

President's Honor Scholars at West Texas State University at Canyon have been named from 160 schools in a five-state region for the 1980-81 school year.

The 350 students, which include six from Muleshoe and Lazbuddie, will receive \$100 scholarships. They join students from Texas, New Mexico, Colorado, Kansas, Oklahoma and one student from Bloomington, Indiana.

The program was begun with contributions to the President's Development Fund. Scholarships since have been awarded through interest on the fund, \$200,000 from the Harrington Foundation and \$1,000 from Dr. Charles Townsend, WTSU professor of history.

The local students include Debbie Stevens, daughter of Mr. and Mrs. John Stevens; Jesse Garza Silguero, son of Mr. and Mrs. Manuelita Silguero; Jon

**FATAL ACCIDENT**--T.E. Wheat, 66, was killed, apparently instantly, in this vehicle early Friday morning two blocks south of West Plains Medical Center in Muleshoe. A passenger in the Wheat vehicle, Georgia Allgood, 51, of Lazbuddie, is in the intensive care unit of West Plains Medical Center, where she is being treated for broken bones and internal injuries. Driver of the second vehicle involved, an 18 year old Muleshoe youth, was jailed on charges of driving while intoxicated, and other charges were pending completion of the investigation.

## Mustangs Take Win; LL All-Stars Named

A winner in the Major League of the Little League baseball has been determined. The Mustangs have won the Muleshoe Little League with a perfect 14-0 record. On the way to the championship, the team recorded six shut-outs, including one no-hitter.

Leading the team in hitting were Sean Shipman,

.608; Adrain Perez, .571; Mike Holt, .478; Alan Faulkner, .462 and Preston Scoggin, .459.

Outstanding pitching performances were highlighted by Adrain Perez with five wins, including a no-hitter, and 42 strike-outs. Mike Holt and Sergio Leal registered three wins each. Norman Perez had one win

and two saves and Alan Faulkner registered one win.

Also, members of the outstanding team were Michael Lopez, Chris Faulkner, Bennie Parker, Steve Neptune and Ronnie Perez. They all made contributions to the success of the team.

Prior to the final game of the season, the team was awarded the championship trophy by Tommy Gunstream, vice president of the local league. In turn, the team presented the trophy to Robert Hooten, the team sponsor, who will display it at Muleshoe Motor Company.

Also presented were trophies to the team members and signed baseballs were presented coaches Charles Faulkner and Roland Perez.

The Mustangs also placed six team members on the All-Star team, including Adrain Perez, Preston Scoggin, Mike Holt, Sean Shipman, Norman Perez and

## Babe Ruth All-Stars Chosen; Eagles Win

When the Babe Ruth League came up without sponsors for this year, the Optimist Club of Muleshoe took over the league and after the first season under their sponsorship, they say, "It was a very good year for Babe Ruth baseball. We would like to thank all of the team members, managers, coaches, parents and fans who helped make the year possible."

With a spotless record of 12-0, the Eagles were the first place team. The team won 14-2, 12-8 and 12-7 over the Cats; 13-3, 12-0 and 18-8 over the Colts; 7-5, 7-5 and 1-0 over the Pilots and 4-0, 23-1 and 19-2 over Lazbuddie.

Lazbuddie was second

with a season record of 9-3. The team lost to the Eagles and won 16-6, 9-8 and 17-6 over the Colts; 15-11, 15-5 and 12-4 over the Cats and 16-6, 14-13 and 14-4 over the Pilots.

In third place with a season record of 6-6 were the Colts. They lost to the Eagles and to Lazbuddie and won over the Cats, 23-5, 13-9 and 1-0; they also beat the Pilots 18-14, 11-1 and 1-0.

In fourth place were the Cats with a record of 3-9. Their wins were over the Pilots, 5-4, 1-0 and 1-0.

Unfortunately the Pilots won no games this year, but they have plans to come out of the cellar next season.

"The young men really played hard," according to the president of the League Don Leak.

Named to the 13-year old All Stars were Todd Jones, Ray Vinson, Alex Laredo, Hector Flores, Tony Rojas, Joe Anguiano, Dared Vela, Darren Shaw, Terry Graves, Jeff Richards, John Isaac, Jerry Gleason, Mark Morgan, Trent Hysinger and Brad Bickel.

Alternates are George Reynero, Ricky Lopez and Robert Tapia. The team will be managed by Eugene Shaw and Jack Hysinger and Jim Irwin will be

## Holiday Accident Kills Local Man

Shortly before 1:30 a.m. Friday, T. E. Wheat, 66, who had resided in Muleshoe for the past three years, was killed in a grinding intersection collision two blocks south of West Plains Medical Center, at the intersection of Highway 214 and West Avenue I. He was pronounced dead on arrival at the hospital of massive internal injuries.

Wheat was driver of a car which was hit broadsided by a car driven by an 18-year old Muleshoe resident.

## Little League Teams Conclude Regular Play

Winding up the Little League season for 1980, the Mustangs defeated the K-Bars, 7-2 with Mike Holt having seven strike-outs as the winning pitcher. Andy Olivarez had six strike-outs for the K-Bars.

Adrian Perez was leading hitter, with two. The Mustangs also defeated the Savers 15-4 with Alan Faulkner winning pitcher, with one strike-out. Losing pitcher Sidney Lewis also had one strike-out.

Norman Perez, who relieved Faulkner had a strike out. Leading hitters were Sean Shipman with three hits for the Mustangs and Tod Soto had a hit for the Savers.

Adrian Perez of the Mustangs had a home run. Also, the Lions downed the Sox 18-9 with Joe Reyes logging 11 strike outs as winning pitcher. Losing pitcher, Donnie Berry, had one strike out.

Scott Bickle and Jerry Mendoza each had three hits for the Lions and

## Irrigated Cotton, Corn Show 'Good' Growth

Crops, animals and people have all wilted in one of the longest recorded heat waves in Texas' history. Dailey, the temperatures are reaching 100 degrees and above, and during the last few days, the humidity had added to the woes of the heat wave.

But, it's no reason for farmers and ranchers to reach for the panic button, agree two Texas Tech University professors and a meteorologist at the National Weather Service Office in Lubbock.

"The quality of the rangeland is going down, but there's nothing critical yet," Dr. Donald F. Burzlaff, chairman of the Department of Range and Wildlife Management, said Monday as temperatures again soared to the century mark.

Most rangeland "got a reasonably good start this year" and matured early, he said. But continued dry weather created low-quality forage. This caused declining weight gains for cattle, down from a normal one and one half pounds per day to about three quarters of a pound, he said.

If the heat wave were to continue for a couple more weeks, Burzlaff said, cattle would require supplemental feed or would be marketed early. An early break in the heat wave would produce "no noticeable loss" in weight gain, he added.

Jim Irwin, Assistant Extension Agent for Bailey County, agreed with Dr. Burzlaff on what is happening in this county. Irwin said Friday that range conditions in this county are fair to poor. "We are extremely dry," he commented and added, "the quality of forage is very poor. However, in some places we have a lot of shinnery, and this makes something green for the cattle to eat."

Cotton is enjoying the very hot weather where it is irrigated, added Irwin. Where the dryland cotton has been planted, some of the small plants are beginning to wilt. If moisture is received within the next week to 10 days, the cotton will really take off and grow, believes the assistant county agent.

He also warned that some corn is beginning to show white leaves. Irwin explained this condition as being that corn is growing rapidly, it is pulling the water and nitrogen out of the leaves at the tip, and is making nitrogen salt at the tip of the leaves, which is bleaching them out and killing the tips.

Most corn has grown a foot to a foot and a half during the past week, and Irwin said if the conditions continue, it will severely cut down on corn ears, as the part of the corn being affected is the growing part.

Heads won't form if the dry weather continues, added the assistant county agent. What is needed for corn is cool, humid weather where water is not being pulled out of the tips of the leaves. If they can go back to natural growing, they will be all right, he said.

Irwin also said the broomweed, an annual plant which tolerates a lot of heat and dry conditions is "looking pretty sick" and said buffalo sick needs a drink of water.

At Texas Tech, Dr. Dwane G. Miller, chairman of the Department of Plant and Soil Science, said cotton is better able to withstand a continued heat wave more than either corn or sorghum.

"So far, crops are not hurting too much," he said. Irrigated crops would fare better than dryland crops during a prolonged dry spell," he added.

## Comptroller Rep Slates Local Visit

State Comptroller, Bob Bullock, has announced Phillip Land from his Lubbock office will be at the Bailey County courthouse in the commissioner's courtroom on July 8 from 2-4 p.m.

A comptroller's representative is available to assist local residents at the courthouse on the second Tuesday of January, April, July and October.

Bullock urged anyone with problems with problems or questions concerning state taxes to contact Land at the courthouse in person or call the Lubbock field office at 806-795-0691. A toll free

## Texas Dairymen Ninth In U. S. in Milk Output

AUSTIN—Texas dairy farmers, who rank ninth in the nation in production of the staple fluid, stand third statewide in cash receipts behind cattle and cotton.

In 1979 Texas dairy cattle produced 3.44 billion gallons of milk. Out of this came more

than 35 million gallons of ice cream, 15 million pounds of cottage cheese and around 2 million pounds of butter—not to mention all the gallons of whole milk sold in retail outlets around the state.

"That is reason enough to salute the Texas dairy industry during June, National Dairy Month," said Agriculture Commissioner Reagan V. Brown.

"No other livestock enterprise can boast such rapid strides in increasing

production with fewer animals than can average 1,000 pounds," Brown continued. "Thanks to improved methods of production and industrial ingenuity over the decade, dairymen have been able to maintain production levels despite a 30 percent reduction in herds and 60 percent less manual labor."

Dairymen received \$440 million in cash receipts for the 1979 milk production. This figure represented a \$12 million increase over the previous year. Brown said cash receipts and the price paid for milk per hundred pounds were at a record high in 1979.

In April milk production per cow average 1,000 pounds, a record for the state. Production was up 25 pounds per animal over last year.

Northeast Texas was the state's biggest dairy area with \$120 million in milk sales in 1979. North Central Texas was second with \$81 million. Brown pointed out that these figures have been

achieved with 310,000 head of dairy cattle. In 1945, when milk production was only slightly higher than it is now, 1.34 million milk cows were on Texas dairy farms.

## The Sandhills Philosopher

Editor's note: The Sandhills Philosopher on his Johnson grass farm on Sandy Creek is hunting some more answers this week on bugs.

Dear editor:

Reporters are accused of seeking only the sensational and calling it news. For example, when that scientist invented a bug that eats oil slicks, the angle the reporters got excited about was the fact he patented it. "Living Thing Patented", the headlines read.

This leaves too many questions unanswered. To protect his patent, does the scientist have to stamp each bug: "Patented 1980. All Rights Reserved"? What if the bugs, fat with oil, wander off on their own and produce offspring with no patent marks on them? Can anybody then use them without paying any royalty? How long will the bugs last? Indefinitely? Or are they built to play out, like cars, TV sets, and washing machines? What do they feed on when there aren't any oil slicks around? Won't they become an endangered species? Finally, which would be worse washing up on a beach, gobs of oil or gobs of bugs?

Let's bug off and change the subject. The Republican party is arguing for a 20-billion-dollar tax cut right now, the Democrats are suggesting maybe a 25-billion-dollar cut sometime next year.

This is the best argument I know of for a two-party system. What could be nicer than a 20-billion cut now and a 25-billion cut next year? If a third party develops it'd have to wait

its turn but surely could be allotted a 15-billion-dollar tax cut sometime next spring.

The trouble with most tax cuts however is they almost invariably come in a party's platform, not on Form 1040.

To sum it up, I guess it's important that a scientist has invented and patented a bug that eats oil but now that he's done it, you reckon we could get him to turn his endeavors toward inventing a bug that'll knock out all those bugs that are eating taxes in Washington? They're worse than an oil slick.

Yours faithfully,  
J.A.

American farmers' unique ability to combine education, technology and hard work into an unrivaled productive capacity can be as important to the future as superior military power has been to the past. This vast potential is now being threatened by an unrealistic concern over prices. By depressing the prices paid to farmers we strongly inhibit the main ingredient in the recipe for success... the initiative to continually improve. Low farm prices encourage producers to shorten needed inputs. Poor profit margins increase instances of overworked land, lead to careless planning, create the false economy of underworking crops and turn many truly talented farmers to more profitable pursuits. What we must have is a free market stabilized by realistic support to rekindle incentive, encourage reinvestment in land and promote the planning vital to long-range production and success.

## STATE CAPITAL HIGHLIGHTS

By Lyndell Williams  
TEXAS PRESS ASSOCIATION

AUSTIN—Seeking 40,000 signatures needed by July 4 to put his name on the Texas presidential ballot, Illinois Congressman John Anderson brought his independent presidential campaign to Austin last week.

Anderson supporters in this state say he is going to make the deadline and is gaining support. Following the gathering of the signatures, Anderson is sure to face a tough fight validating them. Attorney General Mark White and Texas Secretary of State George Strake have issued conflicting rulings regarding who is eligible to sign the petition.

During his speech Thursday, Anderson blasted both opponents, President Jimmy Carter and Ronald Reagan, and outlined his energy solutions—under blue skies and 100 degrees heat.

—He would levy a 50 cent per gallon tax on gasoline, and give half the revenues to cut Social Security taxes.

—He would delay building nuclear power plants until their operation and waste disposal systems are proven safe.

—He would stress conservation and development of alternate energies, especially solar power.

### Governors Confer

Governor Bill Clements addressed the opening session of the ten-member Governors Border Conference in El Paso, and told statehouse heads from Mexico and New Mexico, Arizona and California that illegal aliens should be registered and, in effect, legalized.

Emphasizing he is opposed to the harsh bracero program of the 1940s, Clements said he nevertheless supports a program to allow Mexican nationals to enter and work in the U.S.

Clements said he had the backing of the three other U.S. governors involved, but

former radical Tom Hayden, representing California's

Gov. Jerry Brown, said the others were opposed to Clements' proposals and had been for a year. The Arizona governor was unavailable for comment; the New Mexico governor was uncommittal on Clements plan.

### Lewis, Bryant

The race for speaker of the Texas House of Representatives took a few turns around the track during the recent Republican and Democratic party conventions.

Fort Worth Rep. Gib Lewis, a Democrat, visited the Republican convention, apparently seeking pledges, and took some mild raps from movers and shakers in his own party.

Dallas Rep. John Bryant, Lewis' main opponent, failed to rally the Democrats behind his candidacy, but aired a half-hour television advertisement in some parts of the state to take his bid "to the people."

### Higher College Tuition?

As January and the next legislative session approach, more and more issues are floated out like weather balloons to see which way the wind is blowing.

Last week a special committee on higher education finance recommended that tuitions be doubled for undergraduate and graduate students, with even larger increases for medical and dental school students.

Galveston State Sen. A. R. Schwartz responded the next day that backers of the tuition hike can count on a stiff fight from him.

Schwartz said the hike reflects the prevailing Texas philosophy: "tax anybody who doesn't have a lobby representing them in the Legislature."

### Press Shield Law

The House Judiciary Com-

mittee last week recommended new protections for press freedom in Texas:

—Adoption of a shield law giving reporters the right to protect the identity of news sources.

—Courtroom access for television cameras and tape recorders in certain proceedings.

—Attorneys fees for persons who successfully enforce open meetings and open records laws.

### The Governor

Clements' impatience with the slowness in reducing the number of state employees, one of his key campaign promises two years ago, was manifested last week. Agency heads were notified to increase their efforts to reduce their staffs.

Clements will head up the Texas presidential campaign for Reagan, who plans to spend some \$2 million stumping in this state.

## The Speaker Reports

by Bill Clayton

AUSTIN—Each legislative session the Supreme Court of Texas is appropriated monies by the Legislature in order to perform valuable services to our state. Most recently this Court was appropriated a budget of approximately one-third of one percent of the total amount of monies appropriated by the Legislature for the present biennium. This is a comparatively small amount of investment for the numerous tasks performed by the Supreme Court.

Duties for which the Court is responsible include promulgating rules of civil procedure, rules of administration for the judicial system, rules of procedure for the Commission on Judicial Conduct; equalizing dockets in the 14 Courts of Civil Appeals; overseeing the State Bar and the licensing of new attorneys; and, of course, writing opinions on individual cases.

The work done by this judicial body has increased during the last few years at an unprecedented rate due primarily to the increased number of cases. While the Justices write all of the increasing number of opinions, they need an increased staff of attorneys to research past cases and write briefs on such cases. Furthermore, the increased work load puts a strain on the available facilities and equipment necessary to perform these duties.

Thus far the Court has managed to keep up with the duties assigned them. However, I feel it is now time to conduct a comprehensive review of this Court to determine what increased support services are needed and to recommend appropriate funding for them. Therefore, the House Committee on Judicial Affairs has been charged to undertake this review.

We cannot afford to permit our highest Court to accumulate a huge backlog of cases. We must see to it that the Supreme Court can

handle its work in the most efficient, thorough manner possible. This committee study will give us comprehensive detail of those needs.

MRS. KEVIN LYNN ELDRIDGE (nee Cynthia Denise Watts)

## Miss Watts, Eldridge Exchange Vows

Cynthia Denise Watts of farwell and Kevin Lynn Eldridge of Clovis were united in marriage Saturday evening, May 31, at 6:30 (M.D.T.), during a candle light ceremony at the First Church of the Nazarene in Clovis.

The bride is the daughter of Mr. and Mrs. Harry Sheets of Farwell and Billy Watts of Lubbock. The groom is the son of Mr. and Mrs. Dean Eldridge of Clovis. Grandparents of the couple are Mr. and Mrs. A.T. Watts of Farwell and Mr. and Mrs. Finis Jennings of Lazbuddie, also Mrs. E.A. Eldridge of Loveland, Colorado.

The bride's uncle, Rev. Al E. Jennings, of the First United Methodist Church in Shallowater performed the ceremony. He was assisted by pastor Leon Wyss of the First Church of the Nazarene in Clovis.

Special guests seated with the bride and groom's parents were the grandparents also Mr. and Mrs. Phillip Tate, Terri, Tobin and Treyla of Ranchvale, Mrs. Joyce Wheatley of Lubbock Mrs. Virginia Sheets of Farwell, Mr. and Mrs. Leslie Bailey of Clovis, Mrs. Thomas Inman and Mrs. Gary Slaughter, Robin, Michele and Melante of Hereford. White bows marked the special pews, designating family seating.

The bride was escorted to the altar by her father and given in marriage by her mother and father. Her wedding gown was of white organza and Alecon lace. The fitted bodice covered with Alecon lace and seed pearls featured a sweetheart neckline, delicate covered buttons adorned the back closure.

Along with the empire waist were Alecon lace tendrils dotted with seed pearls. The accordion pleated skirt fell softly from the waistline and was bordered by Brussels lace band and crystal pleating. The skirt swept to back fullness forming a chapel length train. Sheer Bishop sleeves were shirred to wide Brussels lace cuffs.

Alecon lace motifs ran the entire length of the sleeves. A picture hat covered with Brussels lace and sheer silk veiling encompassed the crown and fell to shoulder length to complete her ensemble.

At the neck of the dress, she wore a pearl necklace

that was started for her on her first birthday by a maternal aunt and uncle, Mr. and Mrs. John Hughes of Lubbock and added to by them and other family members until it was completed.

Her bouquet was attached to a white satin Bible belonging to her mother, it was a cascade of silk roses, daisies, stephanotis, baby's breath and fern. The bride presented both mothers with a long stemmed silk rose and a kiss as an expression of love.

The bride's mother chose for her dress, a floor length gown of pale pink crepe with a sheer cape, extending to the waist in front and slightly longer in the back. Her corsage was a white orchid.

The groom's mother wore a floor length gown of plum satin with narrow stripes over the shoulder. A floral overlay skirt and shawl in complimenting shades of plum completed the dress. Her corsage was also a white orchid.

For something old the bride wore an antique gold pin inside her dress belonging to her maternal great, great grandmother. Something new was her bridal ensemble. Something borrowed was a pair of diamond and pearl earrings, belonging to a friend Mrs. Darrell Norton of Farwell, also a linen and lace handkerchief belonging to her maternal grandmother, Mrs. Finis Jennings of Lazbuddie. Something blue was the traditional garter.

The bridal attendants were; matron of honor, Mrs. Rick Cornelison of Plainview; bridesmaids were Mrs. Chad Banks of Lubbock; bridesmaids were Miss Kari Overstreet of Amarillo and Miss Linda Turner of Perryton.

The attendants were dressed in floor length gowns of light plum with sheer caplets extending to the waist. Their bouquets were mixed silk flowers and baby's breath in shades of the dresses.

The flower girl, Miss Stephanie Norton, daughter of Mr. and Mrs. Ray Norton of Farwell was dressed in a street length dress of dark plum floral on a white background trimmed in solid plum piping and Belgium lace. She carried a white basket filled with fresh slowlers.

The groom's attendants were; best man, Kim Hayes of Rayne, La. Groomsmen were Troy Reiser, Clovis;

Steve Eldrige, brother of the groom, Clovis; Mark Holler, Rayne, La. and Jerry Woods, formerly of Clovis, now of Flint, Mich. The groom, his attendants, the fathers, ushers and ring bearer wore light gray tuxedos with silver satin lapels.

Ushers were Kyle Watts, Farwell, brother of the bride, Robin Roberts, Farwell and Jeff Burch of Clovis. Ring bearer was Nash Wheatley, son of Mrs. Joyce Wheatley of Lubbock. Candlelighters were Shelly Eldrige of Clovis, sister of the groom and Jeff Burch of Clovis. Guests were registered as they came into the church by Mrs. Steve Watkins of Clovis.

Vows were exchanged before an altar arrangement of a 45 candle arch surrounded by palms.

Gregg Burch, pianist, accompanied his mother, Mrs. Bob Burch, as she sang the "Wedding Song" prior to the ceremony and he accompanied himself as the attendants entered as he sang "Your Song". After the vows were exchanged, the couple knelt on a split kneeling bench facing each other and while a trio composed of Shelly Eldrige, Jerry Woods and Gregg Burch sang "The Lord's Prayer".

Pastor Wyss served the couple communion from silver goblets and tray engraved with each of their names and the wedding date. The goblets and tray were a special gift to the couple from the groom's parents.

At the end of the service the couple paused to light a unity candle and during this time Mrs. Bob Burch sang "The Twelfth of Never". Mrs. Leon Wyss, organist, played the wedding processional and recessional.

A reception following the ceremony was held in the fellowship hall of the church. Serving at the bride's table were Mrs. Billy Roberts and Miss Lana Turner. Serving at the groom's table were Mrs. Steve Eldridge and Miss Terri Tate. Members of the house party were Mrs. Phillip Tate, Mrs. Jimmy Lebsack, Mrs. Gerald Norton, Mrs. Darrell Norton, Mrs. Doyle Ford, and Mrs. Troy Christian.

After a wedding trip to the Bahama Islands, the couple are at home at 3521 Ademoire, Clovis.

A rehearsal dinner was hosted by the groom's par-

ents at a local restaurant on Friday night, prior to the wedding.

Pre-nuptial courtesies for the bride included a lingerie shower in Canyon, a bridal shower in Farwell,

and a bridal shower in Clovis. Also a brunch at the home of Mrs. Gerald Norton, Farwell, given on the morning before the wedding, by Mrs. Gerald Norton, Mrs. Darrell Norton and Mrs. Tom Hartley.

### Delightful World Of Texas Festivals Food Feasts And Cook-Offs

Welcome to the wonderful, exciting, sometimes zany, often wacky, but always entertaining and delightful world of Texas festivals, food feasts, and cook-offs. It is a world of Miss Vacant Lot Contests and Shakespearean drama, of strawberry auctions and barbecued goat cook offs, of fish fries and shrimp jamborees, of historic home tours, arts and crafts show and salutes to the black-eyed pea.

Yes, Texans do like to celebrate. Sometimes you get the idea that Texas must be the festival-holding champion of the world. There are celebrations for everything, and no matter where you live, or what time of year, chances are there's a festival going on. Some events fall in the "crazies" category, others are rather straightforward, and then there are some that are just hard to classify. Events such as "The World Championship of Pickled Quail Egg Eating" or "Cuzin Homer Page Invitational Eat - And - Run Stewed Prune Pit Spitting Contest" or "Turkey Fest and Gobbler Gallop" or the "World Championship Corn Shucking Contest."

But whatever it is that's going on is more likely than tied to a big Texas-style barbecue, a cook-off of one kind or another, a whole festival of foods, or some sort of fest honoring a regional food speciality. Which only goes to prove that whatever else Texans do at the festivals, they do love to eat.

It's hard to travel anywhere in Texas without bumping smack into the chicken fried steak. Or a steaming bowl of red, or catfish and hushpuppies, for that matter. These are high on the list of Texas favorites, but there are times when even they take a back seat to other culinary delights. One such time is Labor Day weekend in Brady, and the dish that reigns supreme is that gourmet's delight, the epicurean masterpiece ----- barbecued goat !!

One of the zanier festivals around is the International Armadillo Confab and Exposition held at Victoria. Here, between Houston and Corpus Christi, you will find people participating in the World's Championship Body Painting Contest, the Miss Vacant Lot Contest, and the Jalapeno Gobble. It all happens on Memorial Day weekend and is best classified as one of those "you've got to see it to believe it" type things. Especially the jalapeno eating contest.

Texas chili is one of those great provincial dishes that everyone knows how to make and each thinks his or her bowl of red is better than that made by anyone else. One reason for this seems to be that there is no single accepted way to prepare it. There appear to be as many recipes as there are cooks, which leads to interminable arguments, which finally leads to a showdown in the form of a cook-off.

**Cooking Out**

Americans traditionally cook outdoors, in the early American tradition. The charcoal grill, in fact, has in recent years enjoyed great popularity. And the best grills, at the best price, are American-made.

But there is much argument about how and when to cook steaks, or chops, etc. One of the most often asked questions is whether steaks and other meats should be salted and peppered before grilling.

The answer: salt meat after it's cooked. (Salting before grilling draws out natural juices, which end up in the fire.)

# Farmers, Ranchers Suffering Ailment

Farmers and ranchers are suffering from an old and persistent ailment -- the cost-price squeeze.

Net agricultural income in Texas is expected to decline to about \$1 billion this year despite higher cash receipts, points out Dr. Carl Anderson, economist in marketing with the Texas Agricultural Extension Service, Texas A & M University System. That would put it at the 1978 level.

Cotton growers, cow-calf operators, sheepmen and dairy farmers will likely fair somewhat better than wheat, milo, corn and soybean farmers, swine producers and poultrymen, speculates the economist.

Anderson foresees production costs this year jumping up around 12 percent, with fuel, fertilizer and interest expenses leaping much higher. Although this rise trails last year's big jump, cash receipts may increase only 4 to 6 percent. With the cost of pumping water skyrocketing, Texas farmers will be especially hard hit since production from irrigated farms represents about 60 percent of the state's total crop sales.

While money is generally available for farmers to borrow, the greatest concern is the cost of that money and the income that it might generate, says Anderson. With the current

cost-price squeeze, farmers and ranchers will be hard-pressed to repay high-cost loans.

All this is putting a growing number of agricultural operators in financial stress particularly young farmers and those depending heavily on credit capital to run their farming business.

It's also changing the financial potential of operators using a lot of credit compared with more conservative farmers that depend less on credit and more on debt-free capital. When the rate of inflation exceeds the cost of money, it generally pays to borrow money to expand your operation.

Inflation boosts the net worth of assets which helps support weak cash flow statements. But interest rates higher than inflation shifts the financial situation in favor of the operator with a large proportion of equity in his business and little debt.

The cost-price squeeze places a premium on financial management skills of farmers, contends the economist. Some operators will reduce their dependence upon credit capital to minimize financial risk by reducing replacement livestock and machinery purchases. Farm expansion will also slow down and marginal cropland may revert to grassland for grazing livestock.

High cost of money tends to cut down on cash leasing agreements and increases crop-share renting arrangements, adds Anderson. However, prolonged inflation strongly favors landowners relative to tenant operators. Farming systems using the amount of inputs for maximum returns and minimum tillage practices gain more rapid acceptance.

## Firebirds Win First Place In Girls Softball

Muleshoe Girls Softball season ended for the 1980 season with a swimming party and cook-out for the 115 girls and their coaches, Friday, June 27, 1980 at the Muleshoe swimming pool and the new city park, followed by an awards presentation at 8:00 p.m.

Carolyn Harris, president of the league, presented each girl a ribbon for the following places.

Regular season standings left the Firebirds and Golden Eagles in a tie for first place with each team having won 11 games and losing 3 games. A play off was held on Tuesday, June 24, to determine a winner. Firebirds defeated the Golden Eagles with a score of 18-6.

Members of the Firebirds are Leticia Barron, Elizabeth Garcia, Laurel Dillard, Susan Redwine, Monica Locke, Tammy Vise, Tracy Collum, Linda Flores, Christina Flores, Casey King, Leah Bell, Wendy Jarmon, Leslie Smith and Debbie Hicks. Their coach is Don Dillard.

The Golden Eagles are coached by Beverly Sisemore and James Brown. Team members are Norma Del Toro, Kendra Wilson, Debbie Brown, Tonya Sisemore, Mychelle Stout, Rosemarie Quiroz, Mary Louisa Orozco, Jana Brown Lydia Alfaro, Pamela Flores, Meischelle Logsdon Teena Sisemore, Courtney Brown and Mary Jane Sanchez.

The third place winners are the Doves with a 10 win and 4 lose record. Coaches are Minnie Ellis, Tom Lough and Curtis Smith. Team members are Carissa Sanderson, Lisa Torres, Louisa Recio, Gina Lopez, Elena Perez, Elizabeth Berry, Emilie Martinez, Stacy Smith, Brenda Ellis, Vandi Tarter, Tracy Elliot, Cammie Ivy, Betty Lough and Linda Recio.

The Tornados won 4th

place with 8 wins and 6 losses. They are coached by Johnnie Estep. Team members are Anna Jaramillo, Shonda Strahan, Thelma Ford, Marivel Ramirez, Jammie Gant, Nancy Jarmillo, Sunny Bayless, Susan Mendoza, Rosemary Castorena, Romona Murrillo, Penny Ford, Sharlene Unrien and Jayna Harris.

Fifth place winners are the Little Deer coached by Lyndon and Linda Huckaby. Assistant coaches are Eddie and Trudy Derrick. Team members are Esther Acosta, Krystal Derrick, Holly Huckaby, Carol Coppley, Shannon Springfield, Shannon Pelton, Tina Reid, Noeme Acosta, Zanna Huckaby and Leonor Daniel. They had a 7 win and 7 lose record.

Sixth place was won by the Blue Jeans, coached by Rusty and Jeanice Williamson. Team members are Julia Crittenden, Irene Garcia, Janie Cervante, Rene Snell, Norma Castorena, Lanie Miller, Rachel Pineda, Karen Kennemer, Monalisa Quesada, Caise Hendrix, Katy Crittenden, Michele Perez, Becky Castorena, Andrea DeLeon, Elvira Cervante. Their record for the season was 5 wins and 9 losses.

There was a tie for 7th place between the Blue Diamonds and the Lady Bugs, each having a 2 win and 12 lose record. Play off went to the Blue Diamonds. Sherry Stevenson and Martha Anthis are their coaches. Team members are Amy Harrison, Misty Van Leer, Michelle Gutierrez, Jo Ann Gutierrez, Shelly Berry, Connie Garza Alice Garza, Dondee Stewart, Lisa Cazarez, Lucinda Gutierrez, Michelle Stevenson, Margie Rodriguez, Becky Acosta, Jearidene Lewis, Angie Garza and Polly Harrison.

Eighth place Lady Bugs

are coached by Marsha Overman and David Cox. Team members are Crystal Cox, Nichole Overman, Libby Aquire, Jonessa Jennings, Amy McGeehee, Brenna Robinson, Katrina Cain, Joey Heathington, Christina Miller, Lisa McGeehee, Kim Battey and Beatriz Garcia.

A hats off salute was given to Becky Acosta, an 11 year old player on the Blue Diamonds. In a game against the Golden Eagles, a pop fly ball was hit to the short stop position, with runners on 1st and 2nd bases. Becky caught the ball for an out. She then ran to first base to make a double out. This is rare in the games but not so uncommon. But Becky then ran from first base to second base to tag out the runner that had left the base for the third out in one play by one girl.

Each year the girls elect one team to receive the good sportsmanship team. This is the team that showed the best overall attitude and the other teams enjoyed playing against. This year's winner were the Blue Jeans. Each girl on that team was presented a ribbon declar-

ing them a good sport. "Spark-plug Girl" is voted on by her team members and coaches. One girl for each team receives this special award for being the one to help keep the moral of the team high. She is the girl the other team members look to for encouragement. The following girls were elected as "Spark Plugs" for 1980:

- Firebirds  
Christina Flores  
Tornados  
Ramona Murrillo  
Blue Jeans  
Andrea DeLeon  
Little Deer  
Noemi Acosta  
Blue Diamonds  
Lisa Cazarez  
Doves  
Brenda Ellis  
Golden Eagles  
Meischelle Logsdon  
Teena Sisemore  
Lady Bugs  
Joey Heathington

Each of the above girls was given a trophy of a softball player engraved with "Spark Plug", their name and 1980.

Martha Anthis presented Carolyn Harris an appreciation plaque on behalf of the coaches and players for serving as president of the softball league.

Special guest was Mrs. Vi Lindsey.

## Cattle Feeders Report June Very Slow Month

AUSTIN--Texas cattle feeders, who are the nation's largest suppliers of choice beef, have reported one of the slowest months since October 1977, according to Agriculture Commissioner Reagan V. Brown.

As of June 1, Brown said, there were 1,600,000 head of cattle and calves on feed for slaughter in Texas. This was 5 percent below a year ago, and was the lowest monthly total since October 1, 1977, with the exception of last month.

Six other major cattle

feeding states also reported a decline. As of June 1, there were 6.85 million head of cattle on feed in these states. This was the lowest in five years, the Texas Crop and Livestock Reporting Service said in its recent report.

"When cattle supplies are down, as they are now, it is not unusual for beef prices to go up," said Brown. "However, for a variety of reasons, beef prices on the average are lower than a year ago."

The National Cattlemen's

Association, in a monthly survey of beef prices in 19 cities, reported that as of May 10, American consumers were paying about 15 cents a pound less for beef than a year ago. Average prices in these cities for five basic cuts of beef was \$2.33 per pound, compared to \$2.48 a pound in 1979.

### ON PHONE RATES

WASHINGTON -- The Bell Telephone System said that it had raised its interstate long-distance phone rates by 5.1 percent. The increase is the first in four years for interstate phone calls.

## Numbers Up for Sheep, Lambs on Feed

AUSTIN--Some 117,000 sheep and lambs were reported on feed for slaughter as of June 1 in Texas, notes Agriculture Commissioner Reagan V. Brown.

This figure is 34 percent above a year ago and 5 percent more than the placement figure for May 1980, according to the Texas Crop and Livestock Reporting Service surveys.

The large increase in placements and marketings over last year is due to drought conditions in 1979, which forced ranchers to move their stock into feedlots much earlier than usual, Brown said.

In May 51,000 sheep and lambs were sold for slaughter, 51 percent more than in May 1980.

Current marketing intentions for the 117,000 head on feed are 48,000 in June, 33,000 in July, 27,000 in August, and 9,000 at a later date. More sheep and lambs are expected to be placed on feed and marketed during July and August.

### BUSH WITHDRAWS

HOUSTON -- George Bush, strapped for delegate votes and campaign funds, bowed out of the Republican presidential race recently, throwing his support--and the GOP nomination--to Ronald Reagan.
