FOOD TRAINING CAMP AT STATE FAIR URGED

R. E. L. Knight Tenders Use of Grounds to Government During the War.

The State Fair of Texas, to be held Oct. 13-28, has tendered its services to President Wilson as a food training camp, to assist the Government in its efforts in increase crop production and reduce the waste of food, which is known to be enormous.

"Our directors offer the services of our fair as a food training camp," wrote President R. E. L. Knight of the State Fair of Texas, in part, to Presi dent Wilson "Military training camps are bein gestablished every-"Military training where in the country, where men in increments of half a million each are to be taught the principles of military tactics. However, as you have pointed out many times, there is just as much responsibility for the success-ful prosecution of the war resting upon the shoulders of the 100,000,000 persons in private life as there is upon the men who are called to the colors for it is essential that working America labors hard to furnish our allies with food and clothing.

"The men whom you are calling into service are being concentrated in central military training camps, because it is found to be much more efficient to train them in that way than by establishing camps in every little town or village. It appeals to the directors of our fair that there is just as much necessity for calling the great rank and file of food producers and food users into central food training camps for a short course in the more efficient methods of food production and food conservation. It could hardly be done now, for the Nation is working hard to care for the crop already planted, but if we could hold such a food training camp during the lull following the harvest season wonderfully efficient instruction in food production and conservation could be

given.

To Raise More Live Stock.

"To make this food training camp unusually instructive, an effort is beng made to induce breeders of purebred live stock to exhibit in larger numbers of such type and breeds as will assist the Nation in meeting the demand for more meat, milk, butter cheese, leather, wool and horse power Manufacturers of farm machinery are being urged to exhibit all of the latest models and improvements, that farmers may learn how to produce maximum crop at a minimum effort. All the territory tributary to our fair is being scoured to find superior speci mens of the varieties of grain, vegetables, fruits, forage crops and corn best suited to our soil and climate, that encouragement may be given to the production of as much of these

crops as possible. Since the economical use of food is of just as much importance as the production of food, our woman's department is to offer a series of demonstrations and lecturers by food

specialists of national and local reputation, to instruct wives and mother how to prepare and conserve food and check the extravagent waste of food, for which our country is con demned in every other country in the world. In an effort to enlist the children in the cause of food production the work of children in the schools and fields is to be exhibited, an demonstrations of interest to children are to be conducted.

"Our board of directors sincerely trusts that the National Government. mindful of the good which can be done at such a food training school, will operate to the fullest extent in fur nishing lecturers, demonstration and exhibits, to assist the fair in accom plishing the mission it has undertaken. There could be no better way of reaching the people in this territory with Government propaganda for the increased production and con servation of food"

Dallas, Texas-The Farm Boys and Girls Encampment to be held during the State Fair of Texas, Oct. 13-28 will attract 750 youngsters from the farms of Texas to an exposition that The boys encampment is to be held be furnished free to boys and girls who win scholarships in competitive contests in their own counties. Specspecial amusement programs will arranged for these guests of the management. Competent instructors times and every care will be given to

Dallas, Texas-Athletics will have a large part in the program of the State Fair of Texas, Oct 13-28. Football teams of the first line will meet in gridiron contests that will give lovers of this strenuous game the greatest program of games ever arranged in Texas. Arrangements are being made to furnish more seating facilities and to take care of larger crowds even than attended last rear's games when all records for

...EAT FOR LESS ...

There is only one way to "East for Less" in these days of soaring prices. That is by getting Better Quality for the Same Money. You get it at this store.

We can't promise to make you low prices, for such groceries today would not be fit to eat. They would be a menance to your health. And besides, we have to pay high prices ourselves. But we can and DO promise to give you the

HIGHEST POSSIBLE QUALITY

for the money. That is our inducement, our great argu-

We have no higherambition than to make our store known in every home in this section as The Home of Quality Groceries.

PATRIOTISM DAY FOR STATE FAIR PLAN

Authentic Scenes From War Zone to Be Exhibited to Visitors.

Realizing that many hundreds of thousands of people will assemble at the State Fair this fall, President some of the stars:

will be present on the special Patrio-

Supplementing the big rally to be iod of twelve months. held on Patriotism Day, these speakers will be heard each afternoon and night in the Colisuem, where, as a part of the regular program, ten-minute talks on patriotism will be made by some national character.

During these periods Thaviu's Band will render programs of music appropriate to the occasion, and war scenes will be projected on the curtain of the Special arrangements are be plans for the patriotism programs President Knight said:

"The whole purpose of the plans of the State Fair of Texas along these particular lines is to put before the ople not simply patriotism and public duty and backing up the Governwar and sticking to the war until victory is reached, as it is absolutely sure to be reached. It is vital to make clear what can be done by the individ-ual man, woman or child, the church, the lodge, the community, the society,

for the common good. "Addresses will be made during the The relation of the war to agriculture, labor, business, finance, medicine, military and naval needs and every phase of endeavor will be ex. ed in the southwest.

"Every individual citizen of the United States must be aroused to a relization of the meaning of the war

"The people of no country are imbued with more patriotic spirit than the people of Texas While this is true, it is yet a fact that even we, patriotism means more than mere demonstration of this enthusiasm

'In my opinion no agency in Texas sively direct this patriotism into real dwellings buried for centuries. service than the great State Fair of Texas While these people are gathered together in multiplied thousands, we want to bring home to them clearly and forcibly a complete realization of the meaning of this war and a clear understanding of the great economic, industrial and international problems that are confronting and will confront this country during and after the

THE PROOF OF THE PUDDING IS IN THE EATING.

There is no question but that the Byrne Shorthand is the greatest system in use today. It may be written either with a pencil or any typewriter. It has over 30,-000 enthusiastic writers it holds the world's record for speed in a given length of time, is the most simple ,legible and rapid system in use, as is shown from the following remarks by our students who first studied other systems:

"I take pleasure in telling the public that the Byrne Shorthand is the only system. I previously studied Pitman 8 months, used it in actual practice for four months at the end of 6 weeks study of the Byrne I was a better writer than I had ever been with the Pitman.

"I have been a Sloan-Duployar Stenographer for 15 years; found the system inadequate. then took the Gregg under Mr. If you are nervous or weak, have head- Gregg of Chicago, but found it will return to Ballinger in a few ches, backaches, or any of the other lillegible. I then took up the illments so common to women, why not Byrne which I consider the stenographic marvel of the age."

'I first studied Pitman Shorthand, then took up the Byrne, and found the Byrne to be 36 per gue cent shorter and that it could be written at a much higher rate of speed, and read like print.

"I studied Pitman four months, gave it up in disgust; I then took up Pernin and studied it almost man's Home Companion says: hold any kind of a position."

The Junior Gospel Team of Ballager will hold prayer meeting Sunday morning at 5:45 at the sunday Eighth Street Presbyterian church. All interested are cordialand regard it superior to any plants of yours are not coming on other system."
