## Cisco JC forsee 'Large Increase' In Fall Enrollment

CISCO - Registration for the fall semester of Junior High School is expected to be a record.

Dean Mince said that inquires and student transcripts were at the highest level in the school's history. He reported that the school was beginning a freshman testing and orientation program for the first time this year. The program will enable the college to meet all academic entrance requirements of the major senior colleges.

Official registration for the semester will be Sept. 9-10, but students wishing to register prior to that time may do so by contacting the registrar of the school. Night school students will register at 7 p. m. Sept. 9. Testing and orientation of freshmen will be held Sept. 11 and 12 and classes will begin Sept. 13. The physical plant of the school has undergone considerable repairs during the summer months. Hogue reported. The boy's dormitory has undergone a complete redecorating job and other work has been done on other buildings about the campus. Additional classrooms have been provided to take care of the expected large increase in students.

## G. A. News

The Junior Girls of the First Baptist Church had their annual Christmas in August party last Friday. The girls had as special guests some of the members of the Royal Ambassadors and Sunbeams.

Games were played and gifts that will be sent to missionaries who work with Korean people in California were opened. Refreshments of punch and Christmas cookies were served to the following:

- Catherine Sandlin, Laverne Lee, Peggy Hale, Linda Jackson, Angela Bryant, Dean McCurry, Bruce and Kelly Wyatt, Larry Stubblefield, Billy and Charlotte Harle, Douglas Bryant, Deborah Jackson, Judy Collins.

## Eastland County Vet Land Tract Offered For Sale

Fifty one tracts of land will be offered in a Sept. 27 sale by the Veterans' Land Program, including tracts in Eastland, Brown, Comanche and Earth counties, Land Commissioner Earl Rudder has announced.

Texas veterans who desire information about the sale of forfeited land can contact Commissioner Rudder at the Land Office in Austin by mail or phone.

A high bond market was still making it impossible last week to sell any part of the \$100,000,000 Veterans' Land Program bond issue approved by voters last November.

The net effect is that the only way most veterans can participate in the program now is to purchase forfeited land. The next sale of forfeited land is September 27.

"Until we can sell our bonds our regular program has money to buy only about 200 tracts of land a year," Land Commissioner Earl Rudder, who is also chairman of the Veterans' Land Board, said.

There are about 21,000 Texas veterans on the V.L.P. waiting list.

The board cannot by the Constitution pay more than three per cent interest on money obtained through the sale of bonds. Average interest rate on governmental bonds during the week ending August 10 was 3.54 per cent.

"While we're trying to get our bonds sold, we suggest that veterans avail themselves of the possibility of buying forfeited tracts," Commissioner Rudder said.

ter having seen service in the Orient. He won a medal or two in club work. He will get out of service next July.

Larry Duncan, Carbon 4-H Club boy, who lives with his parents, Mr. and Mrs. Obie Duncan in the Flatwoods community, recently made his first 4-H Cl. Camp. He liked the experience though he didn't get much sleep. He has turkeys for his project.

Worley Maynard, Romney community, who is a member of the Rising Star club, likes to shoot, making the rifle shooting team last spring. He told us recently that he was still practicing, having shot the eyes out of some rabbits on a recent hunt. His dad says that Worley is a crack shot.

Another Rising Star Club boy, Mark Walker, son of Mr. and Mrs. Vernon Walker, who showed lambs at the county livestock show last spring attended the recent 4-H Camp. His dad came and stayed awhile at the camp.

Carl Stroebel, Jr., member of the Nimrod Club is feeding out a beef calf for the spring livestock show. Carl, Jr., reports a good time at both the Brownwood and Cisco 4-H Camps. His parents are leaders in the community improvement work at Nimrod. Carl, Jr., goes to Cisco West Ward to school.

Don Jobe, former outstanding 4-H Club boy, is at home on his Uncle Bill Clinton's farm at Scranton this summer. Don went to A&M last winter preparing himself for his work as an agricultural missionary in foreign fields. He is now Rev. Don Jobe and has been doing some preaching around this summer.

Congratulations to both Louise and Jerry Yancey for the good brush arbor they built out of willows as shade for their turkey projects. They live in the Alameda community but are members of the Desdemona Club.

Homer Cole, FHA supervisor, Eastland, Don Kincaid and Zan Burroughs, Cisco, recently acted as judges for a 4-H contest involving turkeys the boys got from the Sears Roebuck Foundation. The boys were Jerry Graham, Pleasant Hill, Charles Stephenson, Cisco, and Larry Campbell, Gorman.

### Wheat Reserve Program Is Open For Coming Year

Emmett Powell, county office manager for the Agriculture Stabilization and Conservation office, has announced that August 26 through October 4 will be set aside as the period in which farmers may sign up for the wheat acreage reserve program for 1958.

To participate in the program it will be necessary to establish a soil base for the farm. The number of acres of soil bank crops planted for harvest in the past two years will be the average. The soil bank crops in Eastland County are small grains, grain sorghums, wheat, peanuts and cotton.

The acreage reserve may be inspected before the signing up period to save time for both the farmer and the office staff during the rush of the actual sign-up period. This does not obligate the farmer to participate in the acreage reserve program, but it is the first step to participate in the 1958 wheat acreage reserve.

**Turkeys Provide Big Meat Value For Third Month**

COLLEGE STATION, Aug. 29.—Turkeys will be the big food value in meat departments for a third successive month, the Agricultural Marketing Service reports, in announcing its September plentiful foods list. Supplies are ample and prices are expected to remain low.

Bartlett pears are a co-feature on the list, as a larger than average crop is expected. Canned pears will also be plentiful.

Other September plentiful listings suitable for main dish family meals will include broilers and fryers and fresh and frozen fish. These plentiful are the result of high broiler and fryer production and the good catches following the height of the fishing season.

Milk, with a back to school emphasis on good nutrition, is a September plentiful. Vegetable fats and oils, dry peas and Italian prune plums round out the listings.

**Lake Leon Dam Road Project To Be Asked**

Interested citizens from Eastland and Ranger will go before the State Highway Commission in Austin Thursday to ask for the building of a farm-to-market road over Lake Leon dam, according to information here.

Spokesman for the group from Eastland and Ranger will be Dr. James Whittington of Eastland. Dr. Whittington said that the delegation would submit letters from the Eastland postmaster, the Olden School District superintendent and County School superintendent H. R. Garret asserting the need for such a road.

In 1232 A. D., Gengis Khan's son, Ogdai, used rockets as a "secret weapon" in an attack on the Tartar city of Kaifeng.

**Federal Use Tax Return Due For Motor Vehicles**

Administrative officer A. E. Fogle, Jr., of the Abilene office of the Internal Revenue Service reminded owners that Form 2290, Federal Use Tax Return on Highway Motor Vehicles, should be filed immediately.

The provisions of the Highway Revenue Act of 1956 require Form 2290 to be filed for all taxable vehicles in use during July of each tax year. An additional Form 2290 must be filed for each month in which additional vehicles are put in use. These returns, which are filed with the District Director of Internal Revenue, are due on or before the last day of the month following the month in which the vehicle is first used. The tax due must be paid when the return is filed.

The tax applies to the use of highway motor vehicles having a taxable gross weight of more than 26,000 pounds. The taxable gross weight of trucks and tractors is determined according to the empty weight and the number of axles. The tax applies to the use of single-unit trucks with empty weight of 13,000 pounds or more, and tractors with empty weight of 5,500 pounds or more.

The rate of the tax for a full tax year is \$1.50 per 1,000 pounds of taxable gross weight. A full-year's tax for one vehicle will range from \$40.50 to \$90.00, depending on its taxable gross weight. Each tax year begins July 1 and ends the following June 30. If the first use of a vehicle in the tax year occurs after July, the tax is prorated according to the number of months remaining in the tax year.

Cyanide was invented by Nikodem Caro and Adolf Frank in 1905.

**New Licenses Are Needed In Texas To Hunt And Fish**

AUSTIN, Aug. 31.—New hunting and fishing licenses are now on sale all over Texas, according to the Chief Clerk of the Game and Fish Commission.

The new license will be required for all hunting and fishing after September 1, for persons between the ages of 17 and 65 who hunt or fish outside their home counties.

The hunting license this year

will be \$3.15 and the fishing license \$2.15. Licenses will be required for salt water fishing as well as for fishing in fresh water.

Tourists get a break, with non-resident fishing licenses reduced to \$2.15, the same as residents. These licenses can be bought from wardens, county clerks and most sporting goods dealers.

**Toasted Rice Turkey Stuffing**

This stuffing is a "must" for that turkey you're roasting. Toasted grains of rice have a delicious nutty flavor that's just right with turkey. This stuffing is so good and easy to make, you'll use it with chicken, too.

- Roast Turkey with
- TOASTED RICE STUFFING
- Giblet Gravy
- Sweet Potato Casserole
- Buttered Broccoli
- Cranberry Relish
- Grapefruit Salad
- Pumpkin Chiffon Pie

**INGREDIENTS:**

- 1 cup uncooked white rice
- 2 cups water
- 1 teaspoon salt
- 3 tablespoons butter or margarine
- 1/2 cup chopped onion
- 1 cup fine dry bread crumbs
- 1 egg
- 1 teaspoon salt
- 1/2 teaspoon poultry seasoning
- 1 cup chopped celery
- Dash of black pepper
- 1/4 cup water or turkey broth

**METHOD:** Spread rice in a shallow pan and place in a 400° F. oven. When the grains turn slightly yellow, stir well. Continue to toast, stirring occasionally, until rice grains are a light

golden color. This takes 15 to 20 minutes. Put the toasted rice in a saucepan. Add the water and salt. Bring to a vigorous boil. Turn the heat as low as possible. Cover the saucepan with a lid and leave over this low heat 14 minutes. Remove from heat, but leave lid on 10 minutes.

While the rice is cooking, melt the butter or margarine in a saucepan. Add the onion and celery. Cook until tender, stirring occasionally. Add onion and celery mixture to the rice and mix in the bread crumbs, egg, salt, poultry seasoning, pepper and broth or water. Stuff lightly into the bird. Do not pack as the stuffing expands during the cooking. Stuff the bird just before it is placed in the oven. Do not stuff and refrigerate. This stuffing, however, may be prepared ahead of time so long as the liquids are not mixed with the dry ingredients until the turkey is to be stuffed and cooked. Extra stuffing can be baked in a separate pan or made into balls. The recipe makes about 6 cups of stuffing.

Allow 3/4 cup of stuffing for each pound of poultry, dressed weight, or 1 cup for each pound ready-to-cook weight.

Frosted grapes are a lovely inexpensive and eatable garnish for turkey. Just dip grapes in slightly beaten egg whites and then into beet or cane sugar.

*Make seeing and studying easier!*

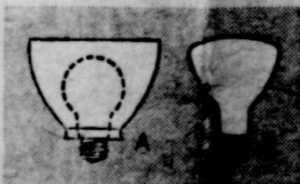

**with proper light at the study table**

School age youngsters need plenty of good light to prevent eye fatigue and to aid concentration. You'll be giving your children real help with their homework when you make sure they have good study lighting.

In most instances, a good table lamp with a 150-watt bulb will provide ample light. The lamp should be properly shaded to conceal the light source from the eyes and should be tall enough to spread light evenly over the work area.

Check home study lighting now. Be sure your youngsters have plenty of good light to make seeing and studying easier.

**LOOK UNDER THE BOWL** To soften the light and prevent glare, a study lamp should be equipped with a diffusing bowl (A), or a 150-watt indirect bulb (B), which has its own built-in diffuser. For three-way lamps use 50-, 100-150 watt or 100-230 watt three-way bulbs.
