REVOLUTION THREATENS GERMAN NAVY

Amsterdam, Oct. 10.—A revolutionary plot in the German navy, similar to the Russian Baltic fleet disturbances, was disclosed today by Admiral von Capelle, minister of the marine, in a report to the Reichstag. A revolution in the German navy would cripple the submarine warfare being carried on by Germany.

C. D. Farmer of Eugene, Ore., who had been visiting his parents here, left Tuesday on his return home.

Mrs. Sam Behringer left Tuesday for San Antonio to join her husband, who is in Camp Travis.

Mrs. J. L. Rucker of Lampasas passed through Ballinger Tuesday on her return home from Blackwell.

COM. COURT ADOPTS STRINGENT MEASURE

O. L. Parrish, Waco, Texas. Commissioners' court today passed order as war measure, that no election for county officers of this county be held until peace is declared between Germany and the allies and that all county officers hold over as measure of economy. This meets with hearty approval of all county officers. Done in absence of county judge. Bright idea, may be well to suggest same to convention.

Runnels Co. Com. Court. The above telegram was sent collect to County Judge Parrish, who is at Waco attending the meeting of the Central Texas Highway Association. The court met here for the transaction of business Monday, but only attended to routine business, after passing the above order, and sending the telegram C. O. D. to their county judge. Just how Judge Parrish will get even remains to be seen, but it is certain that he will have a comeback.

MAN SHOT BY WIFE DIES AT HOUSTON

Tom Heynie, aged 22, who was shot by his 20-year-old wife last Friday morning as he lay in bed at their home, Tenth Street and the street car line in Studewood, died yesterday morning at St. Josephs Infirmary from the two bullet wounds inflicted in his abdomen.

The parents of the wife, who are here from West Texas broke the news of his death to their daughter in the county jail Monday morning. On account of her condition jail officials did not tell her yesterday of his death.

Heynie died without ever speaking of the motive for the shooting. He was conscious until an hour of the end, but believed he would recover, and all efforts to get a dying statement from him was futile, although the attending physicians had told him the end was not far off.

His body was sent to Lawn, Texas, his former home, last night for burial. It was accompanied by his father.

The charge against Mrs. Heynie has been changed to murder in Justice Leon Lusk's court. She had been held on an assault to murder charge, pending the outcome of her husband's injuries.

Mrs. Heynie has told Frank Wilford, assistant district attorney, that she shot her husband because he threatened to pack his suitcase and leave her. The couple had been married only five months but had been having domestic trouble. He had left her at Lawn, and come here, and she followed a day later. The husband had secured a job and was to start to work the morning of the shooting. He said his wife arose to get break fast, but went to a suit case and got a 32-calibre revolver and returned to the side of the bed where he was lying and fired two shots into his body.—Houston Chronicle.

PASTORS' CONFERENCE MEETING HERE

Dr. Sam Thompson, presiding elder of the Brownwood district of the Methodist church, is here today to meet with the Methodist pastors of this end of the district. The meeting is being attended by half a dozen Methodist preachers, representing those in this county and part of Coke county.

BRITISH ARE PUSHED BACK BY ENEMY

London, Oct. 10.—The Germans launched a powerful counter attack south of Ypres on the Staden railway today and succeeded in pushing the British advance troops back a short distance on a two thousand-yard front.

Mrs. J. W. Harris of Miles, who had been visiting Mrs. Willie Stevens and Mrs. Nicholson of this city for the past week, returned home Wednesday.

STARTS SOLDIERS HOME PAPER FUND

"I am not going to give you anything for your tobacco fund for soldiers in France," said W. A. Esmond, "but I want to contribute to a fund to be used in subscribing for the home paper to go to the soldiers in the training camps." As Mr. Esmond made the above statement he handed in the cash for a subscription and instructed that the Ledger be mailed to Roy E. Tyre at Camp Travis.

"I rolled up my last week's paper," said Mr. Esmond, "and mailed it to Roy and he wrote me a four-page letter thanking me for the paper, and telling me how glad he was to get the news from home. I don't know of anything that the boys who have left this country would appreciate more than they would the county paper, and I believe that it would be worth more to them than the 'smokes'."

An over-stock of modesty keeps us from saying that Mr. Esmond is eminently correct, but everybody knows that he is. We are sending quite a bundle of both daily and weekly Ledgers to Camp Travis and Camp Bowie, but what we send only represent a small percent of the boys who have gone from here, and any one wishing to second Mr. Esmond's with a three months' subscription and have no particular soldier they wish to send it to we will furnish the name. We have the name of all the men sent from this county. The price of the weekly for three months is only 38 cents. If you don't want to furnish the smokes, kick in for the paper.

FRENCH MAKE GOOD ADVANCE

Paris, Oct. 10.—The French troops continued in their progress today, capturing Popegoet Farm on the north Aisne. The enemy artillery is active, but the French made successful advance on important ground.

GIANTS WIN THIRD GAME; SCORE 2 TO 0

New York, Oct. 10.—The New York Giants defeated the Chicago White Sox in the third game of the world series, today.

Chicago: No runs, 5 hits 3 errors.

New York: Two runs, 8 hits, 2 errors.

Batteries: For Chicago, Cleo and Schalk; New York, Benton and Kariden.

\$59.80 FROM ONE ACRE OF FETERITA.

S. V. Brandon was here from the Crews country Tuesday and marked a load of home made chicken feed for which he received a nice check, and he tells a story that does not sound like hard times or short crops either.

Mr. Brandon said he squared off one acre of his feterita field and gathered the feterita, threshed it and ground it up for chicken feed. He brought the feed from the one acre to town and sold it for \$59.80. In addition to the check received for the crop from the one acre, he saved one bushel of the feterita for seed. Some farming in a country where it seldom rains in this year 1917.

Sour Stomach. Eat slowly, masticate your food thoroughly, abstain from meat for a few days and in most cases the sour stomach will disappear. If it does not, take one of Chamberlain's Tablets immediately after supper. Red meats are most likely to cause sour stomach and you may find it best to eat them out.

GERMAN SPIES WORKED UNDER BERNSTORFF HERE

BALLINGER BOYS READY FOR FRANCE

Dear Friends: We do not know when we will get to see you, we will just write. We are still enjoying life. We get plenty to eat and are kept pretty busy. We haven't been working very hard this week, only working our brain. Our major and captain have given us instructions in bomb throwing and ditch digging. When the boys from the west get in the ditch to dig, the eastern soldiers holler, "prairie dog, now dig."

We don't have much time we call our own, but when we do get off for a little while we have a good time. The corporals and sergeants are great for society. Especially Sergeant Williams and Corporal Starkey. They have been receiving letters from Fort Worth girls, and quite a bunch of girls came out to see Sergeant Williams last Sunday. He received a letter to come to the Methodist church and bring a bunch of his friends. He selected Corporal Arnett, Corporal Starkey and myself to go with him.

We get to see lots of Ballinger people. Nearly every one who comes to Fort Worth comes out to see us, and we are always glad to see them. Bob Miller was out to see us last night. We met one of our old Ballinger friends, Neil McMillan, who we didn't know was here. He sends his regards to Ballinger.

We feel sorry for Corporal Holland, Corporal Mountz and George Smith; they can't get the Fort Worth girls to notice them.

All the Ballinger boys are getting along fine and seems to be well satisfied with army life, but are in a hurry to go to France. With few exceptions every man enlisted in the army under the volunteer system are anxious to go to France, and will be disappointed if the war ends before they get to cross the waters.

With best regards to all,
Private Singletary,
Camp Bowie, Texas.

MEN TRANSFERED FROM COMPANY H

Company H, Sixth Texas Infantry is no more. It is now Company M, 144th infantry, or at least the majority of the officers and enlisted men of the old Company H are now assigned to the 144th infantry. This is the information brought to the city by George E. Webb, who has just returned from Fort Worth and other points. Mr. Webb says that in the reorganization of the national guard many of the old units lost their existence, but that the members, generally speaking, are still together. The changes are due to the fact that all the units had to be recruited to the full war strength, under which 250 men compose a company, and hence combinations and temporary elimination of several of the officers.

Mr. Webb stated that he understood all the commissioned officers of Company H will be assigned to places as soon as units are organized. His understanding is that the "non-coms" of Company H have lost their designations, or will lose them for the present, but that recommendations now being arranged will care for them.

That the officers and enlisted men from San Angelo are in the best of spirits and are working hard every day was the way Mr. Webb sized up the situation at Camp Bowie.

Washington, D. C., Oct. 10.—Germany's general staff sought in 1916 to have the Canadian Pacific railway wrecked, by conspiring with laborers and German spies to plant bombs at important places. The German general staff also plotted a sabotage in the United States and Canada to ruin and wreck factories which were supplying munitions of war to the allies.

These points were brought out by the state department as revealed in correspondence forwarded to Bernstorff from Germany in January 1916. The efforts were designed to work through laborers in American factories and intended to cripple the plants by reducing the efficiency of the munitions turned out and by creating labor troubles.

50 YEAR TERM FOR WINCHESTER

San Angelo, Oct. 10.—The jury in the case of the State of Texas vs. Gene Winchester, after being out for fourteen hours, brought in a verdict of guilty and assessed his punishment at fifty years in the penitentiary. The case went to the jury Monday night at eleven o'clock and the verdict was brought in this afternoon at 2 o'clock. The case was called for trial last Thursday and has been one of the hardest fought legal battles in the district court of this county for several years.

Winchester was brought into the court room a few minutes before the jury filed in with the verdict. When it was announced that the jury had reached a verdict the defendant was sent for. He was visibly affected. Walking a little unsteady to the bar of the court, he took a seat and awaited the coming of the twelve men who had his case in their hands.

Judge Cornell read the verdict of the jury. The defendant shifted in his seat, but did not look up. The jury was excused, and the defendant returned to the Tom Green county jail.

Winchester was charged with murder in connection with the killing of George Parramore, a Knox farmer. Parramore's decomposed body was found behind cat-claw bushes near the road a short distance from Harriett on Monday, July 30. Winchester was arrested a few hours later in Knox county. He admitted on the witness stand that he shot Parramore and dragged the body where it was found. He said that he shot Parramore in self-defense and that the trouble came up over a crap game, in which Parramore won some of his money.

LET THE LEDGER PUBLISH YOUR LETTERS

The Ledger would be pleased to publish letters of interest from soldiers. Those who have been sent to the training camps and to the front from here have many friends here who would be glad to hear from them through The Ledger. Of course matters of personal interest would be cut out, and only news of general interest to the boys' friends would be printed. We have our instruction from Uncle Sam as what to print and what not to print. If you have a good letter from a soldier, why not give it to the public?

PIONEER TEXAN DIES AT MENARD

Menard, Oct. 10.—Capt. J. J. Callan, 84 years old, died here Thursday and was buried Saturday. Besides his widow he is survived by the following sons and daughters: James A. Callan, Claude Callan, Kansas City; Mrs. L. L. Russell, Joseph T. Callan, Austin; Callan and Mrs. John Graham.

Captain Callan was one of the pioneers of this section of Texas. He was a native of Georgetown, District of Columbia. He settled at Coleman, Texas, on Christmas day, 1857. Prior to the Civil war he served as a member of the Texas Rangers and at one time held a commission in Bankhead's border brigade of cavalry. During the Civil war he was with Hood's brigade in the army of Northern Virginia. At the close of hostilities he attached himself as scout and guide for the troops stationed at Fort Chadbourne, McKavet and Ceneho.

J. C. Radcliffe returned home Wednesday from Wichita Falls, where he had been working on the aviation camps which are under construction there.

TOM GREEN VOTES ON SALOONS OCT. 29

San Angelo, Oct. 10.—Monday, October 29, is the date fixed for the prohibition election in Tom Green county. This date was decided upon by the commissioners' court Tuesday afternoon, when petitions bearing 500 names were presented to the court asking that a prohibition election be called.

Commissioner Mathison made the motion that the petition be granted and that the date for the election be fixed at Monday, Oct. 29. He stated in making the motion that he was of the opinion that all parties concerned, at least all that had discussed the matter with him, wanted to get the matter out of the way at the earliest possible date. Commissioner Farquhar seconded the motion. There was a vote of it all coming from was but little discussion, what the committee presenting the petitions. The vote of the commissioners' court was unanimous for granting the petition and fixing the date of the election as above mentioned.

San Angelo is the only wet city between Fort Worth and El Paso. At the last election held here the anti won by thirty-five votes.

Editor: S. W. Sledge

Uncle Sam is shipping wheat to the allies, and hot led to the Kaiser.

We are rapidly approaching the season of the year, when the coal man can claim more friends than the ice man.

A prohibition for Tom Green county has been ordered. Congratulations are in order, judging from the forecast sent over from that city.

Uncle Sam has begun the campaign to get the people to mail their Christmas packages early. Of course that calls for early shopping. We are also reminded that Santa Claus will not stock up very heavy this year, and the first come, first served.

After losing out in the campaign to land the West Texas A. & M. College, Sweetwater is posing as an ideal site for the new insane asylum. We are willing for the new "bug house" to be located at Sweetwater, but would object to it being located any closer to Ballinger.

The second month of the city schools is rapidly passing by, and so far as we are able to learn perfect harmony prevails, and the pupils are doing good work. With good health prevailing, everything points to a most successful term.

Mrs. Smith Recommends Chamberlain's Tablets.

"I have had more or less stomach trouble for eight or ten years," writes Mrs. G. H. Smith, Brewerton, N. Y. "When suffering from attacks of indigestion and heaviness after eating, one or two of Chamberlain's Tablets have always relieved me. I have also found them a pleasant laxative." These tablets tone up the stomach and enable it to perform its functions naturally. If you are troubled with indigestion give them a trial, get well and stay well.

A FAMILY AFFAIR

If your father and your son were in trouble, struggling for their lives, and doing it in defense of your home and your business, would you supply them with food and clothing, or would you refuse them?

This is a straight question. Yet it is the one facing you today. The country which has protected you and your family, may well claim to be considered as your father, and as for the boys who are giving their lives for you, surely they have a right to be considered as your sons. This nation is one big family today. This war is a family affair.

Be a good father and a good son. Your sense of justice and fairness, your patriotism, is on trial.

When you remember that you are asked to give nothing, but only to lend money by investing in LIBERTY BONDS, you have no choice in the matter. Your heart tells you that you MUST do it.

If you have to go short of some luxury—do it.

Save and invest in Liberty Bonds until it pinches you, and the sacrifice hurts. It is the duty of every real American.

You will lose nothing. The bond is always worth just about what you gave for it. Probably it will be worth more later. You will have saved just that amount of money you invest in Liberty Bonds, and be just so much better off.

A man who will not sacrifice anything for his country, is not a real man. The man who does make a sacrifice, is a real man, and a true American.

You—the man who is reading this, know these statements are fair and true ones. This appeal is not written in vain, because it is going to influence you. You are going to buy a Liberty Bond.

YOU PAY YOUR DEBTS.

Of course you do. Why? You could turn rascal, and possibly "get away with it." You pay your debts because you want the respect of your fellow men.

Have you paid your debt to your Country?

You have been running up a bill with Uncle Sam for years. He has protected you, educated you, guarded you and your property, educated your children, and today he is fighting a death struggle with a fellow who would rob and murder you if only he could get at you.

Now Uncle Sam wants you to dig down and loan him some money.

What are you going to do about it? Tell him you "can do better" with your money than loan it to him? Are you going to tell him you pay your debts to everyone else, but you refuse to pay your debts to him?

No. As an honest man, you are going to say, "Loan you money? Sure I will! Why if you asked me to give it to you, I would do it. But LOAN it, why sure!"

Millions of men are going to feel, and talk, and act, just this way. So are you!

Now, when are you going to do it? Why not today?

Perhaps you have wanted money some time in your life—most of us have. When did you want it? Right away, or in a month's time? Did you want to wait around wondering whether or not you were going to get the money? You did not!

Treat Uncle Sam the same way that you would wish to be treated yourself. Lend him the money now—willingly and quickly—today.

HOW TO SECURE A LIBERTY BOND.

You are satisfied that it is your duty to yourself and to your country to buy a Liberty Bond. Now you want to know just how to secure one. Go to any bank, sign an application form for the bond of the value desired.

The bonds are of the following values: \$50, \$100, \$500, \$1,000, \$5,000 and \$10,000.

Your banker will take your check for 2 per cent of the amount of the bond you decide to purchase. The remaining payments will be made as follows:

Eighteen per cent on Nov. 15, 1917.
Forty per cent on Dec. 15, 1917.
Forty per cent on Jan. 15, 1918.
You can pay in full at time of application for any bond up to the value of \$1,000 if you wish.

If you care to pay for your bond in full at the time of application you can have your bond by about Oct. 10. If you pay by installments you will receive your bond as soon as you have finished paying for it.

The bonds are free from Federal, State or local taxes. In the case of wealthy people who pay income surtaxes, and hold bonds of over \$5,000, there is a small tax, but as far as the average man is concerned they are tax free.

The interest on the bonds is 4 per cent, payable to you on May 15 and Nov. 15 each year.

The bonds may be redeemed by the government in full on and after Nov. 15, 1927.

During the meantime the bonds may pass from one person to another almost as freely as a dollar bill does. There is very little difference between giving your check for a \$500 bill and giving it for a Liberty bond.

Any banker will handle your subscription and charge you nothing for the trouble.

"Gee, I Wish I Had a Smoke"

That's what our boys are saying who are "over there" and fighting for you, so that this world may be a better place for you to live in. Will you supply your soldier friend with his favorite smoke, and satisfy his longing? He is doing his bit—will you do yours? Sending tobacco to our boys is almost as important as rolling bandages or producing munitions, as far as their comfort is concerned.

The Ballinger Ledger's Tobacco Fund

has just been started, to supply our boys with their favorite smoke. Will

you help to make it a success? This has been endorsed by the Government. Through the efforts of this paper, arrangements have been made with a tobacco company to send 45c worth of tobacco for 25c.

Send All Contributions to this Paper

Here is what they will get:

- 2 packages of Lucky Strike Cigarettes, Retail at 20c
- 3 packages of Bull Durham Tobacco " " 15c
- 3 books Bull Durham Cigarette papers
- 1 tin of Tuxedo Tobacco, Retail at 10c
- 4 books of Tuxedo Cigarette Papers ----- 45c

A return post card is enclosed in each package, so that every contributor will receive a personal acknowledgement of his gift. You will treasure this message from the trenches. Everybody wants to give a little. Will you help make it a success by doing your bit.

DRILLED SOLDIERS WILL WIN THE WAR

By United Press.

London., Sept. 25.—By Mail.—"I dunno wot's the matter wid you chaps today; as I 'ave remarked more'n once before—thank Gawd we got a navy." The old sergeant whose arm had been torn off by "a bit o' sharpnel" was drilling a squad of raw recruits. "Ow the 'ell you chaps think you're goin' to whack the 'Uns when ye don't know 'ow to at-the-'alt-on-the-right-form-platoon—'ang it all, ye chaps ought to know by this time. Now try it agin'!"

"Of course, I know 'ow you feel about it. You're fed up ain't ye? Ye're sick o' formin' fours an' presentin' arrums an' all that, ain't ye? An' ye think this drill is all humbug an' eye-wash."

"Ye can take my word for it, drill's the thing wots goin' to win this war. Anybody can be a blink in 'ero and do the death and glory stunt, but it takes a man to do 'is drill in the field as steady as ye'd do it 'ere on this parade ground."

"Let me tell ye 'ow I learned the good old drill. It was doerin' the retreat. I was in charge a party—all o' 'em trained soldiers—when we come to a place where the 'Uns was chewin' up the ground wid machine guns. Them was the days we 'adn't got no Lewis guns at all, an' only about a 'undred machine guns in the 'ole British army. Makes ye laugh to think on it. I can swear we done no laughin'!"

"An' wot did drill do, eh? I'll tell ye. Soldiers they was and they knew their drill backwards. I gave the order to six paces—extended. An' they done it without turnin' a 'air, an' went up to the 'Un and gave 'im blazes. An' how many casualties 'ad we do ye

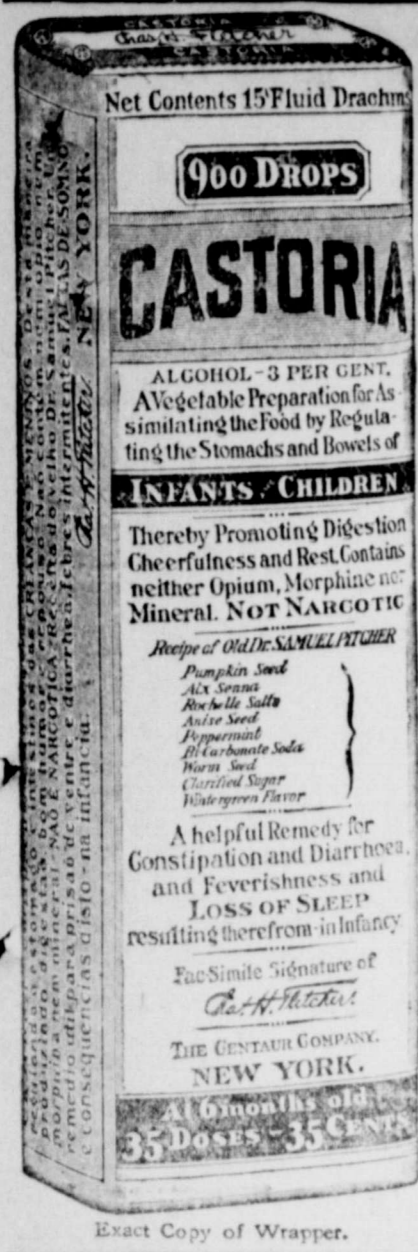

think? Two, that was all. One chap was killed and another wounded. That was me, see? "No, if we 'ad been a lot o' blinkin' 'eroes, instead of a lot o' soldiers, wot'd 'ave 'appened, eh? We'd all a been casualties. If ever ye git into a corner like we was in you'll thank Gawd for the bit o' drill ye was taught 'ere on this parade ground."

Economy is the War Cry.

Our President tells us that we can do our "bit" in winning the war by practicing the most rigid economy. Dig up those old high top shoes, and take them to Wendorf for repairs and help carry our Great President's policy. We challenge comparison in the class of work we turn out.

MILITARY TRAINING IN FOREIGN COUNTRIES

Bulletin on the military training plans of the various nations, soon to be published by the Bureau of Education, Department of the Interior, shows the widest variation in type of training for boys of school age. Great Britain, although she has resorted to conscription in the present war, has not had military training of boys of school age except in the nature of strictly voluntary work carried on by the private agencies. Australia makes military training compulsory for all boys 12 to 18 years of age, and New Zealand for boys over fourteen years of age. In Germany before the war the only military training for boys of school age was by voluntary organizations and was without arms. Deerees issued during the war have provided, however, for preparatory military training for all boys over 16 years of age. The following is a brief statement of the practice in 20 nations of the world. Many of the statements have been obtained direct from the embassies or legations of the nations concerned:

British Empire.
Great Britain.—Strictly voluntary work carried on by private agencies.

Australia.—Military instruction compulsory for boys from 12 to 18 years of age.

New Zealand.—Military instruction compulsory for boys over 11 years of age.

Canada.—Military instruction carried on in voluntary cadets corps.

France.
Prescribed military instruction without arms, and rifle practice in elementary and higher elementary schools. Ages 9 to 13 years; rifle practice limited to boys over 19 years of age. Specially trained instructors. Strong organizations carry on the work of military preparation among older boys.

Germany.
Voluntary organizations of older public school pupils and students of secondary schools. Training without arms. Deerees issued during the war provide for preparatory military training of all boys over 16 years of age.

Austria-Hungary

ONE WEAK SPOT

Many People Have a Weak Part and Too Often It's the Back.

Many people have a weak spot. Too often it's a bad back. Twinges follow every sudden twist. Dull aching keeps up, day and night. Backache is often from weak kidneys. In such case a kidney medicine is needed. Doan's Kidney Pills are for weak kidneys. For backache and urinary ills. Ballinger people recommend the remedy.

G. W. Newman, preacher, 906 Sealey Ave., Ballinger, says: "My kidneys were out of order. I suffered from dull, throbbing pains across my loins. I often had such sharp catches in my back I could hardly straighten. The kidney secretions passed irregularly and annoyed me greatly. Doan's Kidney Pills, which I procured from J. Y. Pearce's Drug Store, put my back in good shape and rid me of kidney complaint."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same Rev. Newman had. Foster-Milburn Co., Props., Buffalo, N. Y.

The destruction of German subs by American destroyers is encouraging news to Americans. With the American fleet of sea fighters and the American fleet of air fighters on the job, there will be little for the boys on dry land to do, and the kaiser's days are numbered.

HOW TO EASE YOUR TAXES

This is a subject that interests every man. This war is costing a sum of money so great that no man can realize what such an amount means. We have to find eighteen and one-half billion dollars during the first year of the war. Eighteen Thousand Five Hundred Million Dollars. Think of it! But perhaps you had better not; it will only make your head go round, and you will not be any nearer to grasping the meaning of such an amount of money, when you have done thinking. To get down to something you can understand, it means that every man in this country has to give up nearly half of what he earns this year.

The government is going to get this money, because it has to have it. Of course, it can tax your income, tax everything you eat and drink your land and your cattle, and raise the money this way. However, this would be too hard on you, so the government has decided to ask you to loan some of the money, with Uncle Sam's own promise that he will pay you back, and pay you interest in the meantime. Uncle Sam's promise to pay is so good that his written promise in the form of a bond can be handed around from man to man, almost like a dollar bill. You don't mind giving a silver dollar in exchange for a bill, and you can feel just the same way about giving a cheque in exchange for a Government Bond.

NOW HERE IS THE POINT: JUST SO MUCH AS THE GOVERNMENT WILL ALLOW YOU TO LOAN TO THEM, SO MUCH LESS WILL THEY HAVE TO TAX YOU. Looked at fairly and squarely, is it not better to loan money, rather than have it taken from you?

We are a level-headed people, and when things are put up to us in a straight-forward way by straight-forward people, we are ready to fall in line.

You know the facts now, straight from the U. S. Government.

You have money that you do not need until next spring. Lend it to Uncle Sam. If you must have it back next year, borrow on your bond, or sell it.

Your banker is a good man to talk to. You believe in him. Go and ask his opinion. He will tell you that he has bought Liberty Bonds, and he will advise you to do the same.

Chamberlain's Cough Remedy the Most Reliable.

After many years' experience in the use of it and other cough medicines, there are many who prefer Chamberlain's to any other. Mrs. A. C. Kirstein, Greenville, Ill., writes, "Chamberlain's Cough Remedy has been used in my mother's home and mine for years, and we always found it a quick cure for colds and bronchial troubles. We find it to be the most reliable cough medicine we have used."

EAT LESS WHEAT; MORE CORN CAKES

Washington, Oct. 10.—Order a "stack of corn" or a "stack of kafir" instead of a stack of wheat cakes at the hotel or restaurant. Pancakes made from corn or kafir corn or one of these grains with a little wheat flour are fully as palatable and nutritious as cakes made of wheat only, say food specialists of the United States Department of Agriculture. Millions of wheatcakes are consumed at the American breakfast table every morning. Get the "stack of corn" habit and save the wheat.

The department is urging restaurants and hotel proprietors to instruct their chefs to prepare and have ready for use batter for corn cakes each morning so that patrons may order corn cakes instead of wheat cakes. Corn cakes have always been popular on the family table. By featuring the "stack of corn" cakes on their menus it is believed patrons will be glad to form the "eat more corn" habit at breakfast time.

Corn cakes with syrup are appealing and satisfying. The following recipe recommended:

Corn Meal Pancakes.

One cup corn meal, one cup flour—wheat, 2 teaspoonful baking powder, 1 teaspoonful salt, 2 teaspoonful sugar, 1 tablespoonful melted butter, 1 egg, 1 cup milk.

Mix the dry ingredients, add melted butter, well-beaten egg, and milk, bake like ordinary griddle cakes.

LOST THE BALANCE OF HIS GUN.

Philadelphia, Oct. 10.—Knowledge of the rifle and all of its parts is an important part of the training given to U. S. Marines at their League Island camp, here. At first, this proves puzzling to the raw recruit. During the morning inspection, recently, one of the future sea fighters handled his rifle poorly, and was taken to task by the officer.

"Are you acquainted with the parts of your rifle?" he asked sternly.

"Yes, sir," the recruit replied.

"Well, where is the balance located?"

"I don't know, sir," said the Marine, glancing nervously at his rifle. "It was all here this morning."

THE First National Bank ESTAB. 1866 OF BALLINGER TEXAS ESTAB. 1866

HOW DOES IT CONCERN ME?

A fair question, always. Let us think for a while how the War and the Liberty Loan concerns the farmer.

We went to war with Germany partly because the rulers of that country refused to let us send to Europe our ships laden with grain and cotton. They sunk the ships and cruelly murdered our sailors. Now suppose we allowed them to stop all our shipping, where would you be? None of your goods would be sold in foreign countries, with the result that you would get nothing like the prices which you get today. It is the enormous demand for what you produce, that is securing you high prices. If this demand were cut off, how would you go prices. This war is being waged partly that you may obtain fair prices for your goods.

Farmers have been kept down in the matter of prices quite long enough, and the government and the people of this country, are not going to let a foreign power interfere with their business—which is your business.

Having entered the war in order that we may have the right to send your goods to any part of the world, what is going to happen if we lose the war? Prices of farm produce will drop; the Germans will impose taxation upon you which will cripple you for the next twenty years. Worse than that, if the Germans get over here, they will treat you in just the same way as they have the farmers of Northern France and Belgium. In these sections farm houses have been shot to pieces, crops wasted and burned; even fruit trees chopped down, the cattle stolen, the men sent into slavery to work for German masters, their women ill-treated in ways that cannot be talked of in print, their little children have had their hands chopped off in order that they may never fight for their country, or do any more useful work again.

You may say "such things will not happen here." They said this in France and in Belgium. Such things will happen here just as sure as you are alive, unless we smash the Germans so that they are utterly unable to reach the shores of this country. The German fleet and the German army will take just one week to get here if we are beaten. They have made up their minds that America shall pay for this war. They have made up their minds that our wealthy men shall give their money, and that you farmers shall provide the food for their armies and their people at home.

After thinking over these facts, is there a farmer who will stand forward and say "This war does not concern me?"

You have money that you do not need until next spring. Loan it to the government at good interest. When you want the money back again, you can borrow on your bond, or sell it for what you gave for it. Uncle Sam will take care of your money until you need it and pay you interest on it, and you will be protecting yourself and your business by loaning him the money.

Go and buy a Liberty Bond tomorrow. Don't put it off—things that are put off often do not get done at all. Tomorrow.

FOR WOMEN.

How does the war concern you? The mothers who have a boy who has gone to fight for his country, will not ask such a question. But if the war has not touched you yet, you may ask this question.

There are feelings that only mothers know, and only women understand. Think of the mothers who have given their eldest boy to their country. How do they feel today? How would you feel if you were in their place? They have parted with the little fellow that came first, and has always been a little ahead of the others in their love, because his was the first little tiny human form that lay against their breast; his were the first little hands that tugged at their hair. This other mother—the mother who has sent her boy to fight for YOUR protection, feels just the same way that you would about your boy.

She wants that boy back. Won't you help her bring him back? There are thousands of American mothers feeling badly today. Millions of French and English mothers, longing for their boys.

Husbands too, have gone by the million to fight for their Country and yours, for YOUR protection. Don't you sympathize with these women? Your husband is not perfect, sometimes you get "real mad" with him, but you don't want him killed by German brutes. Think, then, how these other wives feel—they want their husbands back. Won't you help them bring their men back?

Yes, of course you would like to help them, "but how can I help?" you say.

Help end the war by buying a Liberty Bond. Save out of the house-keeping money for it, deny yourself something so you can buy it. Do more than this—see that your husband, your friends, your neighbors, buy a Liberty Bond. Show them this little "bit" in the paper, and say, "Let's all buy a Liberty Bond apiece."

RAILROAD MAN WRITES FROM FRANCE

Harry Phillips, well known in Ballinger, former superintendent of the A. & S. railroad, is now doing service for his Uncle Sam in France, having volunteered in engineers corps. Read the following from the Fort Worth Star-Telegram:

Letters dated less than two weeks ago have arrived from U. S. soldiers in France, and some of them are older. After the censor's shears have clipped a paragraph from page one and another from page two, mother, sister, wife or friend is left to puzzle over what they might have known but never will.

Capt. Harry S. Phillips, with the 12th regiment of engineers, writes to his wife: "A few lines tonight before I retire. It has been raining for the past two or three days. I am still busy from 6 a. m. until late at night (here the censor disapproved and his shears played havoc) and I am anxious to begin work."

"I moved through France so fast that I hardly had a chance to see any of the fabled beautiful French women. I haven't seen any women in either France or England who will compare with our American women."

Last Sunday morning about 10 o'clock the Canadians called and asked us to get a ball team to fill an engagement forfeited by the New York regiment. I was selected to pick and handle the team. We beat them 9 to 8 and afterwards learned that this was the crack nine of Europe. After the game I was dined by the colonel of the Canadian regiment and spent a delightful evening.

(While a resident of Fort Worth Phillips, whose nickname is Chick, was famed as an amateur ball player—a catcher.—Editor's Note.)

Another letter from Phillips, who at one time was with the Rock Island and later superintendent of the Abilene and Southern in Abilene, was received by his mother, Mrs. Blanche Phillips of Cannon avenue.

"I am somewhere in France," it said. "The censor laws will not permit me to say where. This portion of France is destroyed and devastated beyond the conception of the human mind. In the forest trees are sawed down and hacked by the vandals, who they tell you in America, are the inhabitants of the 'Kultured nation.' Not a building has escaped the destruction. Beautiful churches and priceless treasures and relics have all been destroyed. Beautiful cemeteries, vaults and tombs have been opened and ransacked for treasures, jewels and gold. Where they are left officers and men are billeted in them for quarters."

"I was in charge of a detail of trucks and motor cars and drove 120 miles through country, a portion of which is known as 'No Man's Land'. There was not a country home for miles; the area was covered with barbed wire entanglements and the earth was seamed with trenches and torn by shell-craters."

Croup.

If your children are subject to croup get a bottle of Chamberlain's Cough Remedy, and when the attack comes on be careful to follow the plain printed directions. You will be surprised at the quick relief it affords.

COURT HOUSE MAN TENDERS RESIGNATION

E. D. Haden, the man who keeps the "Sunday Clothes" on the court house park and attends to the court house work, walked into the commissioners' court room Tuesday morning and asked the court to release him, stating that he had received an offer for doing the same kind of work at Bonham at a better salary. The court declined to accept the resignation, but increased Mr. Haden's salary from \$65 to \$75, and understood that he would accept the raise and remain on the job. Mr. Haden appeared before the court again Wednesday with a telegram from Bonham court showing that the court there offered him \$100 per month, and he again asked the court to accept the resignation, and it appears now that Mr. Haden goes to Bonham and will do so regardless of the court's action in the matter.

In addition to the salary paid here, Mr. Haden is furnished help, convict labor being used when such labor can be had, while at Bonham he must employ his own help. He says that the trouble with the work here is that there is no convict labor to be had when he needs it, and he is compelled to take chances on this, and the local park being a large one and almost covered with grass, that one man cannot do the work. We trust the matter can be adjusted and Mr. Haden kept on the job.
