New Regulations Are Given In Use Of Bags For Peanut Crop

New regulations concerning the type of bags farmers may use in marketing the 1957 peanut crop were announced today by the U. S. Agricultural Stabilization and Conservation Committee.

In previous years, the Commodity Credit Corporation has encountered losses and difficulties from the use of old, odd size and type bags in the Southwest area in carrying out the price support program on peanuts, Chairman E. E. Blackwell of the County ASC Committee wrote.

This has resulted in waste and loss from torn bags, problems in handling and stacking peanuts in the warehouse, and difficulty in meeting sanitation requirements of Pure Food and Drug Administration, Mr. Blackwell said.

"These problems originate with individual growers when they use old, dirty and odd size bags," Mr. Blackwell said. "For this reason, in 1957 Commodity Credit Corporation has established minimum requirements with re-

spect to bags in order that peanuts may be eligible for price support." The minimum requirements were listed as follows:

1. Peanuts delivered in mesh or net type bags will not be eligible for price support.

2. The bags shall be made of material weighing not less than 7½ ounces nor more than 10 ounces per square yard and contain no sisal fibers.

3. The bags shall be of uniform size with approximately two bushels capacity.

4. The bags shall be new or thoroughly cleaned used bags, free from holes and finished at the top with either the selvage edge of the material, binding or hem.

"It is of utmost importance that the minimum requirements stipulated be complied with in order to avoid delay and possible refusal by the warehouseman to accept your peanuts into the loan program," Mr. Blackwell said.

Fandangle Will Be Presented At Albany June 27-29

ALBANY, Tex., June 18. — Indian, Gambler, Settler, Buffalo Hunter, Bad Man Trail Driver, Mule Skinner, Cavalryman, Circuit Rider are the characters that Robert Nail stages into the Fort Griffin Fandangle in Albany on the evenings of June 27, 28 and 29, when the show is turned back 90 years to tell with music and dancing, dialog and pantomime the romantic and profane history centering around fabulous Fort Griffin, which the late Dr. Robert T. Hill, historian, called "The Wildest Town on the Prairie."

Music Director Alice Reynolds has written some new songs, and with balladry and chorus the old songs of the Frontier are presented under multi-colored lights on a large out-of-doors stage, with costumes that may number more than 400 dresses from "Godeys Lady's Book" — or the Women and Girls — no one seemed to care what the men and boys wore.

A new and finer Indian sequence this year pays tribute to the first citizen of Fort Griffin — The Comanche and Tonkawa Tribes infested the Area, along with the Buffalo.

With a background of the native mesquite tree the color and flower of old Fort Griffin revolves around the streets of Fort Griffin, the Bee Hive Saloon and 15 others grew up on the "Flat" below the Connecticut Cavalry Post atop the hill, where the tired and dusty traveler could quench a thirst or gamble to win or lose with some of the best gamblers of the frontier. Fandangle Parade is set for Friday at 5 p. m., June 28.

California is 770 miles long.
