### DROUTH SUFFERS CAPTURE THE HOG MASS MEETING

Hogs will not be permitted to live in Ballinger. Effort to change the hog law permit hog raising within the city was met with a steam roller that smash advocates of hogs flat in short order. At 1 o'clock Saturday morning, Mayor Krebs called a mass meeting composed of sixty or seventy citizens, to order and briefly stated that the city commission had been "devised" to death about hog raising in Ballinger, and that he had called the meeting for the purpose of discussing the question. He called for discussion.

E. D. Walker was the first man to speak. He stated that the hog question had been settled in Ballinger and that it was his opinion that ninety per cent of the people were in favor of the question staying settled, and declared that the mass meeting was out of place. "There is other matters far more important for us to discuss," said Mr. Walker.

Judge M. C. Smith followed in a brief talk, opposing the hog in the city, and made a motion that the hog question be declared out of place, and that other important matters be taken up.

Without further discussion the hog question was put to a vote and hogs in Ballinger were outlawed by a vote of about three to one.

#### DROUTH RELIEF COMMITTEE APPOINTED

After disposing of the hog question in short order, Mayor Krebs asked what was the pleasure of the meeting. Judge Parish read a letter from Congressman Blanton, in which Mr. Blanton asked that he be furnished with a detail report of conditions and all data that would be helpful to him in presenting to the different departments and committees at Washington a drouth relief bill and if possible get aid for the drouth stricken people in this district.

Minds of all present was with one accord, and that in favor of taking immediate steps to comply with Congressman Blanton's request and do everything possible to get the needed aid.

The question of how to proceed and the number of men to constitute the committee to handle the work etc., was discussed at length. After discussing a motion was adopted to appoint a committee of three and empower them with the authority to select a committee composed of twenty-five business men, bankers, farmers and stockmen to handle the work of securing for this county federal and state aid for the drouth sufferers. R. W. Bruce, R. T. Williams, and W. D. Meadows were appointed.

This committee was instructed to get

busy, select their committee and report at once, and the following named men constitute the drouth sufferers committee, and they are busy complying with data for making their report and presenting the claim for help.

E. D. Walker, chairman; D. F. Eaton, secretary;

Bankers, E. D. Walker, R. G. Erwin, Chas. S. Miller, Jno. Q. McAdams, D. M. Hillard, J. W. Boyce, H. W. Robinson, N. K. Freeman.

Commissioners, W. D. Meadows, J. D. Smith, R. P. Kirk, C. N. Craft, and Judge O. L. Parish.

Farmers, C. Kormegay, John McNeal, R. W. Bruce.

Stockmen, Feb. McWilliams, Jake Stubblefield, Tad Richards.

Business men, C. A. Doose, Judge A. K. Doss, H. Giesecke, R. T. Williams, H. O. Jones, and T. J. McCaughan.

The question of presenting to the proper authorities a request for the reduction in War Stamp quota and Liberty Bonds quota was also discussed and the committee instructed to take this matter up with the men at the head of this branch of the war work and present to them the conditions here and get the county's quota cut down to a reasonable amount.

The county will be represented at the meeting called by Gov. Hobby in Austin next Tuesday, for the purpose of handling the drouth question, the committee appointed being authorized to send a delegate to that meeting and to take steps to provide for expenses of delegates.

Just what plan for obtaining aid will be adopted is to be determined later, but the question will be presented to the federal and state government in a way that will make it easy for the government to determine what help is needed.

#### A & S TRAIN CALLED OFF

The Abilene & Southern mixed train due to arrive at Ballinger at noon Saturday failed to get through. The north bound train leaving Ballinger at six-thirty went dead before reaching Abilene, and the south bound train due to arrive here at noon was held up and the engine used in pulling the north bound through to the northern terminus of the line.

Rev. J. H. King went to Norton Saturday afternoon, where he will preach Sunday, the Presbyterian church at that place having no pastor at this time.

Miss Louise Doss came in from De Leon, Friday and will visit her brother, Judge A. K. Doss.

### 5,491,761 AUTOS TAX IS \$41,450,608.

An idea of the enormous task before Uncle Sam when he starts to classify automobiles can be had from figures gathered by The B. F. Goodrich Rubber Company from the various secretaries of States of the union, which show 5,461,791 motor cars, including trucks registered on June 1, 1918. For the first five months of this year 15 per cent more cars were licensed than during the whole of 1917, an increase of 650,874.

The cars registered June 1, together with the limited number now being manufactured and the second hand cars that will be reclaimed from the junk-heap and put in running order, will represent America's total next year and probably for the duration of the war. The trend of war times has decreed that the manufacture of passenger automobiles must gradually diminish.

Here are the registration figures for this year up to June 1.

Alabama	40,500
Arizona	23,506
Arkansas	37,667
California	304,273
Colorado	70,896
Connecticut	77,300
Delaware	11,115
Florida	44,143
Georgia	90,000
Idaho	26,632
Illinois	391,691
Indiana	200,710
Iowa	324,000
Kansas	183,268
Kentucky	53,856
Louisiana	35,006
Maine	38,418
Maryland	46,389
Massachusetts	155,000
Michigan	235,000
Minnesota	181,095
Mississippi	41,000
Missouri	164,734
Montana	46,994
Nebraska	150,000
Nevada	7,400
New Hampshire	23,889
New Jersey	128,824
New Mexico	15,664
New York	421,084
North Carolina	62,670
North Dakota	67,884
Ohio	369,182

Oklahoma	105,471
Oregon	59,875
Pennsylvania	344,821
Rhode Island	26,399
South Carolina	47,315
South Dakota	74,433
Tennessee	45,000
Texas	250,000
Utah	22,896
Vermont	18,940
Virginia	61,000
Washington	96,860
West Virginia	37,011
Wisconsin	188,682
Wyoming	13,307

Total 5,461,791

The six states having the greatest number of cars named according to their rank are New York, Illinois, Ohio, Pennsylvania, Iowa and California. The aggregate registration of these six states—2,154,260 automobiles and trucks nearly equals the total registered in the other 42 states.

Automobile owners paid for license tags up to June 1, \$41,450,908 and most of this amount will be expended for improving and extending the national network of highways.

### MORE OIL LEASES IN COKE COUNTY

The leasing of the Louis E. Kuhn ranch in Coke county to the Spellman Oil and Gas Company of Dallas for development purposes was announced in San Angelo Friday morning by Roland B. Hudson, local ranchman.

The property is located three miles and a half south of Bronte, on the Colorado river, and consists of 2,338 1/2 acres, on which the Kearney May farm, owned by the Burdett Oil and Gas Co. of Dallas has just started a deep test well. In case oil is struck on this tract, the Spellman company will begin the working of a well on the Kuhn ranch at once. Jim Barron of San Angelo has leased the Kuhn ranch for five years and he has half interest in the oil and gas lease.—San Angelo Standard.

Miss Clara Kasberg came in from Denton, Friday, where she has been attending school. She was the guest of Mrs. Sim Cottelle before going to her home south of Ballinger.

R. T. Jones and family who have resided in South Ballinger the last several years are preparing to move to California to make their future home.

London, Aug. 24.—The British have pushed forward to within two miles and a half of Bapaume, it was officially learned here today.

The third army progress continues. It has advanced to a depth of four miles and half at some places. The fall of Noyon is expected hourly.

### HOBBY CALLS DROUTH MEETING

Governor Hobby to day called a conference to discuss the drouth situation at Austin on next Tuesday, according to a telegram today from State Administrator Peden to District Food Administrator Whaley of this city. Mr. Peden states that the governor is considering suggestions previously offered by Mr. Whaley, and that he will probably call a conference some time during next week.

"What we contend for," said Mr. Whaley this morning, "is for this section to present the facts in the drouth situation before the proper government authorities, with a view to rearranging the drouth relief act so that the farmers can get not only money for buying seed and planting crops, but for buying provisions for their families so that they may remain on the farms and harvest their crops. We contend that this is not a charity proposition but a war measure, and a fair proposition for the people who have developed the great western section of this state and created in great wealth for the entire state. The drouth area has a potential production of twenty million bushels of wheat, which is sufficient, under the existing restrictions, to feed the entire state of Texas.

"We also contend," Mr. Whaley continued, "that the Capitol Issues Committee should be authorized to approve all bonds for public improvements—road construction, etc.—in the drouth areas, because such improvements create work for the people who otherwise might have to go far from home for employment. Preferential arrangements for freight cars for shipping supplies to the drouth areas should also be made."—Brownwood Bulletin.

### EVANGELISTS HERE FOR BIG REVIVAL

Evangelist L. L. Evans and singer, Geo. P. Bledsoe, arrived in Ballinger Saturday at noon and the revival to be held in the new tabernacle on Eighth Street will begin on schedule time Sunday morning.

The first service will be held at eleven o'clock Sunday morning, and announcements will be made governing the other services. It is probable that the morning service throughout the revival will be held at some point down town.

The volunteer workers from the local Presbyterian churches and the Methodist church have worked four evenings this week after business hours in constructing the tabernacle and making the place of meeting comfortable and convenient. The large platform will seat many singers and the members of the choirs from the three churches and all others who will assist in the singing will be given seats on the platform and good singing made a big feature of the revival. Two pianos have been placed in the tabernacle.

While the First and Eighth Street Presbyterian and the Methodist churches are responsible for the revival and for its success or failure, the entire membership of all churches in the city and the public in general is most cordially invited to attend, and take part in the meeting.

Don't attend the revival with the expectation of forming an opinion of the evangelist, and go out and criticize, but come with the expectation of forming an opinion of yourself, and go out and criticize yourself instead of other fellow and the revival will be a big success to begin with.

### TWO TEXANS IN 124 GASUALTY LIST

Private Artie C. Bell, Brookland, Texas, is reported missing in action and Private Emmitt J. Newcome, Pipe Creek, Texas, is reported killed in action. These are the only two Texans in the casualty list released by the government for publication for today, out of a total of 124. Following is the total number killed, wounded, etc.:

Killed in action 9  
Missing in action, etc. 17  
Wounded severely 73  
Died of disease 1  
Died from wounds 12  
Died of accident 6  
Wounded degree undetermined 5  
Prisoners 1

PARIS, Aug. 24.—(4:00 P. M.)—The south banks of the Oise and Ailette rivers have been cleared completely of the enemy as far east as St. Mard. The French are now firmly established north of the Ailette river. Opposite Coucy-Le Chateau the French continue their progress in southeasterly direction. West of Noyon the French have made advances with ease carrying out pre-arranged plans in most successful fighting.

With the British the British advance during the last twelve hours carried them twelve miles from the front between the Arme river today. Bray, court and Oulliers-Le-Bief reported to have fallen in the afternoon.

Victorious on a front of three miles extending from the river on the north, across the Somme river almost to the third and fourth British Generals Byng and Kaw. Afternoon were vigorously their successes of today. It has been the most difficult ever experienced by the G. The enemy has lost on ground, numerous towns, men made prisoners and of material and guns. Heavy casualties.

Crown Prince Rupprecht the German commander, led men in before the advance armies in an effort to stabilize but only to have them down again and again by the British. One entire enemy battery was destroyed during the fighting.

Dead Germans in great numbers scattered everywhere on the field. As an example, enemy dead were observed on one small piece of ground which a battle had swept.

With all this fierce fighting and notwithstanding the fact that the British at many places have fought over open ground against an enemy protected in "hot holes" and strong points of other kinds the British losses everywhere seem to have been extraordinary light. This is probably due to the confusion the Germans find regaining behind their lines as they are fighting a losing battle, which for them hourly grows more disastrous.

Crown Prince Rupprecht today had strengthened his line at many places, but this instead of stopping the British simply meant that the Germans suffered bigger losses.

During the night fighting and this morning the front upon which the battle was being fought yesterday was widened appreciably both to the north and to the south, while the ground in the middle between Albert and Beaumont-Sur-Ancre which heretofore has been fairly quiet, suddenly was drawn into the whirl. From the northern edge of the battle field the situation at last reports seemed to be progressing.

French Sugar Mills Destroyed

France must import sugar today, most of it from this side of the ocean, because the largest portion of French sugar beet land is in German hands. As a result, the French people have been placed on a sugar ration of about 18 pounds a year for domestic use; a pound a half a month. This photo shows the ruins of a German sugar mill destroyed by French troops.

troops destroyed French sugar mills. Thanks to the French rationing system the annual consumption has been cut to 600,000 tons, according to reports reaching the United States Food Administration. Before the war France had an average sugar crop of about 750,000 tons of sugar and had some left over for export.

—IN HONOR OF VISITOR—  
On Friday afternoon Misses Hattie guest in honor of Miss Evelyn Wilson, of Brownwood, who is visiting Mrs. Isaac Vancil. The following were present: Miss Evelyn Wilson, Lucile Powell, Anna Jean Sharp, Juliet K. Miller, Mrs. Vancil, and the hostess Misses Hattie and Juliet Miller.

Born to Mr. and Mrs. Estes M. Lynn, a daughter, August 24th, 1918.

Mrs. J. W. Powell and daughter Miss Lucile left on the morning's Abilene & Southern for a few days visit with Judge Powell's brother, Mr. Harry Powell of Abilene.

R. J. Dean and daughter, Mrs. Oscar Harbor, left Saturday, for Houston, where they will join Mr. Harbor for the fall and winter months.

A. W. Sledge Editor

**YANKS IT IS**

Nicknames are not manufactured. When they are, the "nick" doesn't stick. Ten thousand of the world's greatest thinkers working ten hours a day for ten years couldn't plaster a nickname on the American army that would stick ten minutes.

For the American army has already received its nickname over here that nothing can shake loose. That nickname is Yanks. Nothing more, nothing less, nothing else.

It wasn't manufactured for the American army, it wasn't carefully thought out by any pre-arranged mental drive. It was just the nickname every one over here took for granted.

Yanks, as applied over here, has lost its old American turn. It no longer means a soldier of the north. It means a soldier of the United States, North, South, West, or East, so long as he wears the khaki of Uncle Sam and battles or works under the old flag. It means Dixie and Yankee Doodle rolled into one. It is the symbol of a united country pointing in mass formation towards the Rhine and on beyond. It means that 1861 to 1865 is forgotten, demolished, blotted out against the mighty epoch of 1917—to a finish.

"Sammy" was a joke, and a painful one. "Buddy" failed to land. The other hit the soapy chute with equal eclat. One nickname alone has withstood the shell fire of discussion. It is—Yanks, representing North and South, East and West, and anything wholly American.

You can't manufacture a nickname in a century, but one can be hooked to you in a day: Yanks it is—Stars and Stripes. (Yanks)

Edwin Schuehard left Friday afternoon, for Menard, where he will spend a few days with his parents, and rest up for an operation from which he is just recovering.

**A NERVOUS WRECK**

**From Three Years' Suffering. Says Cardui Made Her Well.**

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work."

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep. I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui.

Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today. NC-134

**NEW HATS FEADY FOR WEAR**

Major L. B. Stephens said goodbye to Ballinger friends and left for Waco Friday afternoon, where he will remain a day or two before going into training camp near the coast for ten days intensive training. Major Stephens stated that he would return to Ballinger to make his home after the war was over and after Uncle Sam got through with him.

**SUGAR AFFIDAVITS.**

Mr. Merchant, we are prepared to furnish you sugar certificates to be used in selling sugar for preserving purposes. We have the blanks printed and can supply you in any size quantity. The food rules require that you use these in selling sugar for canning and preserving purposes.

Mrs. Herard Huston and Mrs. Skaggs, of Paint Rock, were shopping in Ballinger Friday. Mrs. H. M. Jones and baby came from Coleman Friday at noon.

**Cure for Dysentery.**

"While I was in Ashland, Kansas, a gentleman overheard me speaking of Chamberlain's Colic and Diarrhoea Remedy," writes William Whitelaw, of Des Moines, Iowa. "He told me in detail of what it had done for his family, but more especially his daughter who was lying at the point of death with a violent attack of dysentery, and had been given up by the family physician. Some of his neighbors advised him to give Chamberlain's Colic and Diarrhoea Remedy, which he did, and fully believes that by doing so saved the life of his child. He stated that he had also used this remedy himself with equally gratifying results."

British Get Two Pounds a Month. French Pound and Half, Italians One Pound.

**GERMAN SUPPLY PLENTIFUL.**

All Nations Permit Use of Sweetening for Home Preserving Purposes.

America's new sugar ration of two pounds a month per person is equitable when compared with the sugar ration enforced by rigid governmental order in England, France and Italy, nations with which we are sharing sugar.

Each Allied nation—in the matter of sugar consumption—is sharing on the nearest possible equal terms the hardships imposed by greatly altered conditions in the world's sugar situation.

Formerly classed as a luxury, sugar is now a war time essential. The fair and just division of this essential is in the hands of the various Allied food controllers.

The United States Food Administration has asked this nation to observe a voluntary sugar ration of two pounds per person a month.

In the other countries at war with Germany sugar is one of the scarce articles on every menu—whether in the households of both rich and poor, or in the hotels.

England today has a sugar ration of two pounds per month per person. In France the ration is a pound and a half and in Italy it is one pound a month. And the prices in allied countries are from two to three times as high as in America.

If you go to a hotel in England or France these days and order tea or coffee they serve absolutely no sugar with it. If you want sugar you must bring it with you.

In England it is allowable to use one-seventh of an ounce of sugar in the preparation of each luncheon. In France many persons carry little sacharine tablets about with them for use in hotels and in England rich and poor must take their sugar with them if they wish to have sweetened tea while visiting friends.

Before the war started France had 625,000 acres devoted to sugar production. By 1917 the French sugar acreage had decreased to 180,000 acres. Today the French man or woman with a sugar card has no assurance whatever that he or she will be able to actually buy sugar. To buy it, one must first find it.

Italy Has "State Sugar." Especially drastic regulations govern the use of sugar in Italy. Its manufacture, distribution and sale are closely controlled, and in part actually taken over by the state.

Sacharine is permitted to be sold and used as a substitute for sugar and the government manufactures a mixture of sacharine and sugar called "State Sugar," which is largely used.

German Sugar Ration Adequate. Germany, before the war, produced a great surplus of sugar and exported large quantities. Today the Germans have virtually gone out of the export business, but have plenty of cheap sugar for home use.

Wholesale prices prevalent in the Allied nations, according to information received by the United States Food Administration are as follows: England, 10 cents a pound; France, 12 cents; Italy, 28 cents.

While these high prices are being paid abroad the American wholesale price is being held at 7 1/2 cents.

Some where in France July 18. Dear Mama:

Received your letter Sunday that was written to me at Camp Travis. It was the first chance we had to get mail since leaving Camp Travis.

We are having fine weather, feeling fine all the time. Sure have seen some sights since leaving the states and traveled a lot by water and rail and on foot. We saw some ships which had been torpedoed by submarines. They had holes blown in them as large as ordinary residences, but they had been saved.

We are enjoying cool nights and the best sleep in the world. We are among the French Alps and have beautiful scenery. But you would be surprised at the way the poor women have to do men's work here. It is real pitiful to see gray headed women, bent with age, having to get out in the fields and barn yards, working with oxen and doing all kinds of such heavy work. It sure would strike American people if they could see it, and it will sure make our boys over here appreciate our homes and liberties enough to want their ways spread over the world for everybody to enjoy.

As ever your loving son, Finley.

The above letter came to Mr. and Mrs. W. W. Embry from their son Finley.

**Improve Your Digestion.**

"For years my digestion was so poor that I could only eat the lightest foods. I tried everything that I heard of to get relief, but not until about a year ago when I saw Chamberlain's Tablets advertised and got a bottle of them did I find the right treatment. Since taking them my digestion is fine."—Mrs. Blanche Bowers, Indiana, Pa.

### Ten Reasons Why You Should Enter the Tyler Commercial College, Tyler, Texas.

From present indications, our fall attendance will be the highest in the history of the institution. We are now getting almost one hundred requests each day for catalogues from those interested in attending at once. There are many reasons why you should enter the Tyler Commercial College. FIRST, we meet the demands of three thousand students this year from over half the states in the union. SECOND, through our free employment department we see that our graduates secure good positions. THIRD, we have our own especially prepared and copywritten text books and the most modern methods of teaching. This enables us to give a better training in less time and at less expense. FOURTH, our work is practically all taught on the individual plan of instruction, thereby enabling each student to advance as rapidly as his ability will permit. The dull student is not over crowded by the fast one, or the fast student held back on account of the dull one and both discouraged. Each works to his full capacity and is delighted with his work. This method also enables a student to enter any day in the year and take up his work to the very best advantage. FIFTH, you will associate with a splendid class of ambitious industrious young men and women.

SIXTH, our service department is of exceptional value to the graduates in after life. It is free to all and is very thorough. We have one of the most complete corps of teachers to be found anywhere. They know how to make a student stay a pleasure as well as profitable. SEVENTH, We give thorough courses in Bookkeeping, Shorthand, Telegraphy, Cotton Classing, and Business Administration and Finance. This gives you a wide range of subjects from which to select, something to fit you for the line of work you most prefer. EIGHTH, we have shown the superiority of our training by placing our students in the very best positions to be had in commercial state and national affairs. Also by repeatedly winning first honors on our exhibit of student's work at three different state fairs. NINTH, Tyler is a beautiful, moral, healthful city of fifteen thousand high class citizens, the metropolis, and educational center of East Texas. Fill in the coupon and receive our catalogue, making your arrangements to enter America's largest, most thorough and complete business training school at once. More than twenty-five thousand have benefited by this advice.

Name.....  
Address.....

E. H. Zander, who has been with the Cameron Lumber Co. at San Angelo, has been transferred to Lott, Texas. He came down from San Angelo and spent a day here before going to his new home. Mrs. Zander will be the guest of

Mrs. A. J. Voelkel a few days before joining her husband at Lott.

Bob Fowler, one of the pioneer cow boys of this country, left for Dallas Friday, afternoon and will take a vacation.

### NEW LIFE VIBRATOR

One of the greatest nature ever given to man is the New Life Vibrator

It stimulates and invigorates the entire system, removes, in its own way, the causes of pain, and instantly relieves all ailments. It relieves rheumatism and all similar ailments, tones up the system and invigorates the body generally. Used in any lamp socket.

### Ballinger Light, Power and Ice Company

Phone 31

Preventing tire troubles and looking after the wants of our customers is our business. We study it. We can handle any kind of a job...

Gaster Tire & Battery Co. PHONE 650.

### What shall I Get for Dinner?

HOW MANY TIMES HAVE YOU ASKED YOURSELF THIS QUESTION? Day after day, week after week, it is a problem that is continually confronting you. When you can think of nothing else, then think of a nice juicy steak or an appetizing roast. We sell them.

### The Cash Meat Market

### For Spring Building

It's time to think about starting the new and repairing the old. We have a fine stock of sheeting, siding, bill stuff, shingles, sash, doors, lime and cement, waiting your needs. Let us figure your lumber estimates and show you where we can save you money.

### Ballinger Lumber Company

# HOWARD PAYNE COLLEGE

Brownwood, Texas

Fall Term Opens September 10, 1918

Designated by United States War Department as a Regular Unit of the Students' Army Training Corps.

A United States officer will be in charge. Uniforms, hats, shoes, overcoats, rifles, ammunition and other equipment will be furnished.

Young men from 18 to 21 will be permitted to attend college and take military training with other subjects. The Government plans to allow students who are members of the Students' Army Training Corps to remain in college until they become twenty-one, or have finished their training.

The Government needs men trained in science, mathematics, languages, government and other branches.

Over half of the men in the army are college men. This training will give men an opportunity to prepare for commissions.

## Howard Payne College is a College of Standard Rank

A FIRST CLASS ACADEMY. Work done equal to that in any high school. Young men in academy will have advantage of military training.

A Business College that is the Best in West Texas. Instruction in typewriting shorthand, bookkeeping and other commercial subjects. Military training open to students in business college.

A Fine Arts Department. Instruction in voice, piano, violin, expression, art.

For further information see,

J. A. TOLMAN, Ph. D. President  
Brownwood, Texas

### The Companionable Woman

Men marry for companionship; some get it and some do not. No woman who is dragged down with ailments peculiar to her sex can be fit and happy companion for any man. There is however, one tried and true remedy for such conditions in that famous old root and herb medicine, Lydia E. Pinkham's Vegetable Compound, and no woman who is afflicted with inflammation, ulceration, backache, headaches, nervousness, or "the blues" should rest until she has given this good old-fashioned remedy a trial. It will restore health and influence your whole life.

### REFRESHING SHOWERS

SETTLE DUST  
A shower of rain, covering a small territory to the south and east of Ballinger, settled the dust and caused the drought sufferer to smile about noon Saturday. The rain came up with the usual flurry of wind and fell gently for about twenty minutes, the fall at Ballinger amounting to two-tenths of an inch.

Telephone reports from Abilene early in the day stated that three inches of rain fell in that city and adjacent territory. The report did not indicate how far south the rain extended, or whether the water sheds which supply Elm creek will cause the creek to rise or not.

### A Bilious Attack.

When you have a bilious attack your liver fails to perform its function. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea, vomiting and a terrible headache. Take three of Chamberlain's Tablets. They will tone up your liver, clean out your stomach and you will soon be as well as ever. They only cost a quarter.
