

# The Carbon Messenger

Volume 46

Carbon, Eastland County, Texas, Thursday, May 1, 1957

Number 19

## Personals

Jim Jackson and wife visited their son and family of Andrews last week.

Dallas Hansard and family of Abilene visited her parents, Ned Morris and wife, last week end.

Sy Doug Justice and wife of Snyder spent the week end with his parents, Cyrus Justice and wife.

James Parten and wife of Cisco visited his mother, Mrs. Ima Parten, Sunday.

Bud Clack and family of Cisco spent Sunday with her parents, Wade White and wife.

Thurman Payne, wife and son of Baird visited her sister, Mrs. A. S. Jackson, and Mr. Jackson in the Gorman Hospital Sunday. Mr. Jackson, who has been seriously ill, is much improved and able to return home Wednesday. His children from out of town visiting him during his illness were Mrs. John Griffith of Midland, and Miss Betty Jackson of Dallas.

Maurice Sherrell and family of Mesquite spent the week end with his parents, S. S. Sherrell and wife, and their son, Larry, returned home with them after spending several days with his grandparents.

A. J. Woodard of Gorman, formerly of Carbon, who is seriously ill in the Gorman Hospital, is reported slightly improved.

Mr. Frank Cooper was taken to the Veterans Hospital in Temple Monday where he is seriously ill.

John Brownlee and J. C. Holloway visited J. C. Brownlee and wife of Rotan last week end.

Bill Cavanaugh and family of McCamey spent the week end with her parents, Marvin Hays and wife.

Mr and Mrs. J. W. Sutphen and Mrs. Homer Lee of Caddo visited Rev. and Mrs. S. R. Grace Wednesday.

## C. H. Stacy Passes Away In Gorman

Charlie Henry Stacy, 63, who lived near Gorman, passed away at 10:40 a. m. Tuesday in the Gorman Hospital after an illness of several months.

Funeral services were held in the Gorman Church of Christ at 3 p. m. Wednesday with Leroy Cowen, Minister, officiating. Interment was in Oakland cemetery with Higginbotham Funeral Home in charge.

Mr. Stacy is survived by his widow and 6 children. One son, Ed Stacy, lives near Carbon.

He was a member of the Church of Christ.

## Mr. Stewart Dies Suddenly

L. D. Stewart, Texas Electric Service manager for Carbon, Gorman and De Leon for a number of years, died suddenly Monday night in De Leon. Funeral services were held Wednesday in De Leon at 10 a. m.

Mr. Stewart was well known in Carbon as his business engagements brought him in contact with many people here during which he made a host of friends who regret to learn of his death.

Mrs. C. G. Stubblefield, local chairman for the Cancer Fund Drive just ended, states that approximately \$19.00 was donated to the fund by Carbon citizens. Mrs. Stubblefield expressed appreciation to all who had a part in the contribution.

I. A. Jackson of Louisville, Ark. visited his brother, A. S. Jackson, in the Gorman Hospital this week.

Mrs. W. O. Hamilton visited her daughter and family of Stamford last week.

## Cemetery Notice

The recent rains have made it "a must" that we hire men to clean our cemeteries. We have already hired the men, and will appreciate your contribution toward their pay.

J. W. Jackson, Pres.,  
Mrs. Clifford C. Gilbert,  
Sec. Treas., Cemetery Ass'n.

## Crop Prospects Better Than In Several Years

Unofficial rain fall for Carbon during this year has been 1.3 inches in January, .8 inches in February, 1.7 inches in March and 5.7 inches in April. This makes a total of 9 1/2 inches since January 1, which is more rainfall than we received during the entire year of 1956.

This estimate was made early Tuesday morning before the rainfall of Tuesday and Wednesday which was estimated at about 1 inch.

Crop prospects for this community are better than any year since 1948 and our community is more fortunate than a large portion of Texas in that the water has not reached flood stage during any of our rain and the opinion of everyone is that the drouth has definitely been broken.

J. M. Cooper, county agent, stated last week that prospects were good for the best peach crop in five years. Cooper credited moisture with saving the peaches from two late freezes, and said there was little if any damage to the large peach crop in the entire county.

Plums in the county are "not as good" he said. However, the crop will be better than in the past two years, but plums did suffer more than peaches. Apricots, always the easiest fruit to lose, suffered heavy damage from the cold spells, he said.

Cooper pointed out that the pecan crop also suffered from the sub-freezing weather early in April. He estimated the pecan crop in some orchards was 25 percent lost, but stated that some trees were not damaged at all. Pecans are becoming a major crop in the county.

## Sabanna Preserve Bill Is Passed By Texas House

A bill relating to the hunting of wild game in the Sabanna Game Preserve in Eastland County was passed during the past week by the Texas House of Representatives, it was reported here. The bill, introduced by Representative Paul Brashear of Cisco, prohibits the hunting of wild deer and wild turkey in the Preserve.

Also included in the provisions of this bill is the granting of the authority to conduct scientific investigations on wildlife in the preserve to the Texas Game and Fish Commission. The Game and Fish Commission will also have authority to regulate the preserving, taking and hunting of wild turkey and wild deer on the preserve, according to the bill. A penalty for violation of the bill passed makes violators guilty of a misdemeanor and punishable by fine of from \$10 to \$200.

## Prospects Are Good For Big Peanut Crop In This County

Peanut growers in this vicinity have prospects for the best peanut crop since 1950, it was reported Friday by Zan Burroughs, owner of Cisco Peanut Company. Mr. Burroughs stated that the prospects for a good crop were general all over the peanut-growing area.

Ross Wilson, manager of the Southwestern Peanut Growers Association at Gorman, pointed out that peanut growers in the United States voted in the 1956 referendum to continue price support of the peanuts for the next three years. The U. S. Department of Agriculture has announced price support at a minimum national average level of \$221.40 per ton.

The minimum support price is 82 per cent of the January 15, 1957, effective parity price of \$270 per ton. It will be adjusted upward at the beginning of the marketing year, August 1, if the effective parity price or a change in supply from that now estimated results in calculation of a higher support price in accordance with price support legislation.

Mr. Wilson also stated that the use of peanuts in candy, peanut butter, salted nuts, and other phases of the edible market during the first part of the year denotes an expansion of the market. Seed peanuts this year are being sold at 21 cents per pound to 24 cents per pound and are available throughout Eastland County and the southwest at these prices.

Emmett Pawell, manager of the Eastland County Agricultural Stabilization and Conservation office, reported that little acreage is being turned back by landowners for re-distribution. Indications are that farmers will plant their allotted crops. Approximately 35,000 acres in Eastland County are expected to be planted in peanuts this year, making Eastland County second only in the state to Comanche County in the number of acres of peanuts.

The Southwestern Peanut Growers' Association will be in charge of the responsibility of carrying out price supports on peanuts in this area. This will be done by making available to growers non-recourse warehouse storage loans. Manager Wilson pointed out that ample marketing and storage facilities will be available in the county.

Peanut growers in the area are now getting their land ready for fertilizer, it was reported. Actual planting will be in May and June.

## Allotment Crop Planting Data Is Given By ASC

A new phase in the planting of allotment crops of wheat, cotton, and peanuts in 1957 has been provided, it was reported by Emmett Powell, county office manager of the Agriculture Stabilization and Conservation Committee. Under this new provision a producer who has not placed all of the acreage allotment in the Soil Bank Program or released it to the Committee may sign a request that the history of the acreage remain on the farm even though the allotment crop is not planted.

Mr. Powell brought out that any producer who has not planted or does not intend to plant all or any of the allotment crop may sign an MQ-31 form in order for the farm to be treated as if all the acreage had been planted in 1957 in setting up the history for 1958 allotments. This does not obligate the producer to reduce the allotment. It is an insurance that the allotment history will not be lost.

The deadline for signing a request by wheat producers is May 1, 1957. Peanut and cotton farmers have until June 1, 1957.

Mr. Powell also stated that he had received many inquiries as to strip cropping of cotton and peanuts for 1957. It was pointed out that if cotton and peanuts are stripped with crops that compete with the allotment crops for moisture and plant food for the entire growing season, only that part of the land occupied by the allotment crop will be counted. Idle or fallow strips must be at least four normal rows wide. Crops that do not compete the entire season must be four rows wide. The same row width must be used for allotment crops and the strip.

If there is some doubt about the strip competing with the allotment crop, Mr. Powell stated, farmers should make the strips four rows wide.

## Engagement Announced

Rev. and Mrs. S. R. Grace of Carbon are announcing the approaching marriage of their daughter, Beth, to William Burton Calvert, son of Mr. and Mrs. Burton Calvert, Gordon, Texas.

Wedding vows will be exchanged May 24th in the First Methodist Church of Carbon at 8 p. m.

## Cemetery Working

Tuesday, May 7, is the day set for the Center Point and Brown cemetery working. Everyone interested is urged to come and bring tools to work with and a basket lunch to be spread at the noon hour.

Palmer, Jossie Dupre, and husband Frank Dupre, if living, and if dead, their heirs and unknown heirs, devisees, personal representatives, successors, and/or assigns of said above named parties, Defendants.

A brief statement of the nature of this suit is as follows, to-wit: This suit is for the appointment of a receiver to execute an oil, gas and mineral lease on the in-

terest of the defendants in and to the following described land situated in Eastland County, Texas, to-wit:

FIRST TRACT: 301 acres of land, more or less, out of the John P. Rohus Survey Patent No. 158, Volume 15, dated August 22, 1860, described by metes and bounds as follows:

BEGINNING 1680 varas North of the Southwest corner of the John P. Rohus Survey at a stone mound made for the Northwest corner of the 500 acre tract deeded to Rufus Price, from which an Elm on bank of branch bears North 6° East 29 varas, a live oak 10 inches in diameter bears South 76 1/2° East 63 4/5 varas; THENCE East 1680 varas to stake and stone mound from which a Post Oak bears South 62 1/2° East 10 varas, Post Oak bears North 22 1/2° East 12 varas; THENCE North 10 1/2° varas to stone mound in glade, Post Oak bears South 33 1/2° West 5 1/2 varas, Post Oak bears South 43° West 5 1/2 varas; THENCE West 1680 varas to a stone mound and stake in road from which a Post Oak bears South 24° East 4 1/2 varas, a Post Oak bears South 20 1/2° East 8 varas; THENCE South 10 1/2° varas to the place of beginning, and containing 301 acres of land, more or less.

SECOND TRACT: 343 1/3 acres of land, more or less, out of the John P. Rohus Survey, described by metes and bounds as follows:

Being a part of the J. P. Rohus Survey, and beginning at the original Northwest corner of said Rohus Survey, a Post Oak bears East 4 1/2 varas, Post Oak bears South 28 varas West 7 1/2 varas; THENCE South with original West boundary line Rohus Survey 1116 varas to stake for Southwest corner this tract, Post Oak bears South 24° East 4 1/2, Post Oak bears South 20 1/2° North 8 varas; THENCE East 1768 varas for the Southeast corner this tract which is Southwest of Beck tract; THENCE North 1078 varas to Northeast corner this tract; THENCE West 1768 varas to place of beginning, containing 343 1/3 acres of land.

THIRD TRACT: 154 acres of land, being the J. E. Barnes Pre-emption Survey, Patent No. 249, Volume 15, dated February 18, 1884, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Eastland, Texas, this the 20th day of April, A. D. 1957.

Attest: ROY L. LANE, Clerk,  
91st District Court, Eastland County, Texas,  
By LAVERN KEY, Deputy.

**Almond Chicken With Rice**

Chinese Chicken Almond With Rice, a delightful delicately flavored dish with chicken, celery topping, is sure to please your family. It makes an attractive "one main dish type meal" and is easily served to a crowd. Fresh or canned mushrooms may be used for making Chinese Almond Chicken.

**INGREDIENTS**  
 1 cup uncooked rice  
 1 cup sliced mushrooms (canned or fresh)  
 1 cup almonds — blanched  
 1 tablespoon salad oil, to be used 1 tablespoon at a time  
 1 clove garlic, cut in half  
 1 teaspoon salt  
 1 cup cubed bamboo shoots (canned)  
 1 cup thinly sliced water chestnuts (canned)  
 1 cup thinly sliced celery  
 1 cup diced, cold chicken (fresh or canned)  
 1 tablespoon liquid (1 tablespoon each, from bamboo shoots and water chestnut cans)

**INGREDIENTS FOR GRAVY**  
 1 teaspoon cornstarch  
 1 teaspoon sugar  
 1 tablespoon water  
 1/2 teaspoon soy sauce

**GARNISH**

1 cup sliced green onion  
**PREPARING THE FLUFFY WHITE RICE**—To make 2 cups fluffy rice: Put 1 cup of uncooked rice, 2 cups of cold water and 1/2 teaspoon of salt in a two-

quart saucepan and cover with a tight-fitting lid. Bring to a vigorous boil. Then reduce the heat as low as possible and steam for 14 minutes or until all the water is absorbed, leaving the separate rice grains with their full nutritional value. This makes very firm rice grains. (If you prefer more tender rice grains, add 1/2 cup more water and increase the slow cooking time 4 or 5 minutes.) Remove the lid, permit the rice to steam dry to the desired consistency and the grains will be separate and fluffy. Never stir rice; lift gently with a fork.

**METHOD:** Brown almonds in 1 tablespoon oil. Set aside. With table fork, mash garlic into salt in skillet. (Be sure there is light oil on cover, which can be used later.) Add 1 tablespoon oil, then add chicken. Brown lightly. Add 1 tablespoon oil and then bamboo shoots and mushrooms. Brown lightly. Add liquid, drained from canned bamboo shoots and water chestnuts. Cover tightly. Cook over low heat 5 minutes. Add water chestnuts, celery and 1/2 of the almonds. Just heat through. Celery and chestnuts should remain crisp. For gravy... shake up in small jar, cornstarch, salt, sugar, water and soy sauce. Stir into mixture. Cook until liquid thickens and is smooth. Sprinkle over dish, green onions and rest of almonds. Serve with hot fluffy cooked rice. This will serve 4.
