#### MUST PAY EXTRA FOR LONG RIDE

Under the new railway schedule which went into effect at midnight Saturday night, people traveling hereafter must take the shortest route, or pay extra for the long haul, according to a letter sent out by General Passenger Agent Keenan of the Santa Fe.

This means that all railroad fares hereafter will be made upon the basis of actual mileage, except where the longer mileage is not to exceed fifteen per cent greater than the shorter line mileage.

In the past passengers from Ballinger going to Fort Worth, Dallas, and other points north, traveling the Santa Fe, via Temple paid the same rate as passengers who changed at Brownwood and traveled the Frisco, notwithstanding that the Temple route is two hundred miles or more out of the way. Such rates were made on a competitive basis.

In the future, if you are going to Fort Worth, or other points north, you will change cars at Brownwood or pay about twice as much fare, if you wish to go the Santa Fe all the way.

Sleeping car space will be reserved on the Frisco at Brownwood for Ballinger passengers, and local agents are instructed to wire orders for such service when applied for.

#### Don't Fail

to write the soldier boys often, they will need your letters more now than ever.

#### WEEKS

Buy your writing material from us.

In these days of conservation we all try to make a dollar go a long way.

When we buy shoes we want them to give us long wear. And when we buy clothes we like to have them last a reasonable time.

The same with your car. New cars are scarce anyway, and you want the old car to give you maximum value.

There is one sure way to do this and that is to take proper care of the car.

This means that you should keep a careful eye on it and remedy every little trouble before it gets big. A doctor can do a lot of good in one call if he called soon enough.

We show you what we find, and you can act accordingly to your own judgement.

Drive in any time.

#### WHO'LL BE NEXT ON CHARITY LIST

It should not be necessary for a committee to go out and canvass the town for charity funds. That should be considered as waste of energy, and energy that could be saved by those who are able and willing to help in the cause, handling in their subscription to C. R. Crews, secretary and treasure of the local Charity Board.

Since publishing the report, showing that the charity board was in debt about ten dollars, and since making an appeal for funds, less than forty dollars has been subscribed and paid in voluntarily. The committee will need cash this winter, and this cash will be spent only where it will relieve suffering, and none of it will be wasted. Who'll be next to add their name to the following list:

|                       |       |         |
|-----------------------|-------|---------|
| Godfrey Massey        | ..... | \$10.00 |
| Mrs. R. A. Nicholson  | ..... | 10.00   |
| Federated Aid Society | ..... | 11.70   |
| A. J. Volekel         | ..... | 5.00    |

#### RED CROSS ELECTION NEXT WEDNESDAY

The tickets have been printed, election judges appointed and everything made ready for the Red Cross election to be held next Wednesday.

The election will be held at the Carnegie Library. The polls will open at ten o'clock and remain open until six o'clock in the evening. Mrs. Fannie Johnson, Miss Ada Allen and Miss Bostick will act as judges.

A board of directors for the coming year will be elected and all members of the Red Cross are entitled to participate in the election.

J. W. Babb, a Winters dry goods man, was here Monday.

Paris, Nov. 18.—The Berlin Tageblatt, a newspaper published in Berlin, declares that the kaiser has not abdicated. The tageblatt points out that the act of abdication was not published, which would have been necessary if Wilhelm had abdicated. The Berlin paper explains that the kaiser only fled from his country temporarily.

Copenhagen, Nov. 18.—The workmen and Soldiers council of Potsdam announced today that the kaiser was planning to return to Germany, presumably on account of the disturbances in Holland and the objection of the Holland government for his remaining in that country.

#### HORSE DRAGS

#### GIRL TO DEATH

Little Eunice Giles, the eight-year old daughter of Mr. and Mrs. Malcolm Giles, is dead.

After she and her sister had driven their horse home from school Friday afternoon, Eunice led it out in the pasture to graze. She had tied one end of the rope around the horse's neck and the other end around her waist. For some unknown reason the horse became frightened and ran, dragging the little girl behind.

After running about two hundred yards, the rope came off the horse's neck which prevented the little body from being horribly mangled. She died Sunday morning without ever regaining consciousness. Her remains were laid to rest in the Truitt cemetery Monday afternoon at 2:30.

Little Eunice will be missed at school for she was a sweet and affectionate child, a favorite with the girls and teacher. Her people have the sympathy of the community.—Winters Enterprise.

#### FIRST BITES

#### FROM JACK FROST

The temperature dropped to 31 degrees above zero Sunday night and a heavy frost was in evidence with the coming of Monday.

While it was the first frost of any consequence for this season, much vegetation escaped. The late cotton stalks and tender vegetation suffered, but where the vegetation was pretty well matured the frost did not blacken it, and much garden truck got by and is good for another fall in the temperature.

The first sting of frost comes later this year than usual and for many fall seasons past. Frost last years came with a hard freeze on Oct. 13th, more than a month earlier than for the present season.

The fall has been an ideal one for late farming and gardening, and those who took advantage of it have been able to store away a good supply of garden truck.

L. Jameson, of Talpa, had business here Monday.

Ignatz Kre was here from the Pony Creek community, Monday, supplying his friends with fresh pork, and incidentally accepting a little cash to pay the feed bill.

## Americans Enter German Territory on Heels Enemy

With the Americans, Nov. 18.—The third American army resumed its advance into German territory at dawn today.

When the march began the left wing of the Americans rested on the Franco-Belgian frontier, while the right wing was near the Ger-

man border in the Metz region.

In the first days march the Americans liberated from German rule nearly five hundred square miles of French territory. Most of the towns were destroyed by the Germans only a few hours before the Americans arrived.

#### SOLEMN HOUR FOR PEACE MEET

Aside from a little riot of cheering following the four minute talks made at the memorial service Sunday night, the occasion was one of solemnity and lacking in that spirit of patriotic enthusiasm.

This solemnity was due no doubt to the hour, place of meeting and in fact to the purpose for which the program was arranged. It was a thanksgiving service. The peace celebration will come later, and the enthusiasm which is spent up in the hearts of many, will come with the home coming we must plan for the boys later.

The services Sunday night were well attended, the auditorium of the Methodist church being filled to its seating capacity, with quite a number failing to find seats.

"Praise God from Whom All Blessings Flow," and other songs in keeping with the occasion, were sung, the congregation joining in the chorus.

Scott H. Mack had charge of the services, acting as chairman or leader, and introduced the speakers.

The devotional services were led by Rev. H. P. Bates. Four minute talks by Estes Lynn, Elzie Brown, Judge A. K. Doss, J. W. Powell and O. L. Parish followed.

Following the four minute talks impromptu talks were made by several in the congregation, those speaking telling of some special thing for which they were thankful.

Dr. Tollman, of Brownwood, delivered the address of the evening, pointing to four dates which he said were the greatest events in the history of the world. He named these as the resurrection, discovery of America, signing of Independence, and the recent date of November 11th when the war ended, or the signing of the armistice.

All the speakers heaped word of praise upon our boys in the army, navy and all branches of the service. Each speaker brought out the great fact that the hand of God was in it all, and thanksgiving was offered for the victory which has brought to an end the greatest military power the world has ever known.

Rev. J. Gilmore Smith, Superintendent of the Presbyterian orphan home at Albany, was in Ballinger Monday in the interest of orphan children.

J. M. Joiner came in from Dallas, Monday, where he has been at work for some time.

J. J. Erwin left Monday afternoon for Rule, Texas, where he will visit his daughter for a week.

#### FARM DEMONSTRATOR PREPARING TO QUIT

Mr. Person, district farm agent, spent several days here last week conferring with local Demonstrator Eaton concerning plans for next year.

Mr. Person did not make any announcement, but Mr. Eaton stated Monday that he had been instructed to arrange to close up the work here within the next month or six weeks, which will be about the first of January.

This indicates that the government will transfer Mr. Eaton to some point where the commissioners court will show appreciation and support him in the work. It does not mean that Mr. Eaton will be out of a job. Not by any means. There are good counties where the commissioners are anxious for such men, but the government is slow to break up the work in a county where it has been so well organized as it has in Runnels county.

However, Mr. Person, on a former visit, stated that the government would not force this work up on a county, and that the support of the commissioners court would be necessary if the work was maintained here. The government will decline to accept private money, or subscriptions for the support of the demonstrator, as it is necessary that he work under the direction of the commissioners court, and where the court declines to show an interest in the work, the government finds it difficult to maintain the work as it should be.

Many farmers and stock men in Runnels county will regret to see the work discontinued here. Thousands of dollars have been saved in handling the feed and seed question, on freight, etc., through the demonstrator, and questions are continually coming up with the government where it is necessary to handle them through the local farm agent.

Mr. Eaton has also handled the labor question most successfully and placed many men from this county in position to get work, and with the making of a bumper crop here next year, his services in acting as a labor agent alone would be worth a great deal more to the farmers than his services would cost for an entire year.

We can't believe that the court has any objection to Mr. Eaton as a man, or can find fault with his work, but they have refused to support the work, and the government will not pay all the bill and force the agent on the county.

H. K. and K. O. Berry, of the Norton country, were here Monday.

W. E. Branch was able to be on the streets Monday, after a ten days illness.

**MRS. WATSON OF DETROIT Was Weak, Tired All the Time—Made Perfectly Well By Vinol**

Detroit, Mich.—“I got into a weak, run-down condition had no appetite, tired all the time and headaches—but had to keep around and do my housework. I read about Vinol and tried it—within two weeks, I commenced to improve, and now have a splendid appetite and feel stronger and better in every way.”—Mrs. John F. Watson.

There is no secret about Vinol—It owes its success in such cases to beef and cod liver peptones, iron and manganese peptonates and glycerophosphates, the oldest and most famous strength creating tonics.

Mr. and Mrs. H. W. Lynn, of Winters, spent Sunday with Mr. and Mrs. C. J. Lynn and remained over until after the memorial services Sunday night.

**HOT BATH WAGON AIDS GASSED MEN**

Paris, Oct. 26.—(By mail)—A squadron of traveling “hot-bath trucks,” is the newest scheme of the chemical warfare service for treatment of American soldiers suffering from German mustard gas. At several points behind the American sector these bath trucks are held in readiness to start instantly whenever the Germans start a gas bombardment.

The most important part of the treatment for mustard gas is a hot bath as soon as possible after the gas touches the skin. Before the inauguration of the “hurry-up” bath outfits gas sufferers had to be transported to the nearest hospital with facilities for bathing. This sometimes meant a delay of several hours when every minute was precious. Under the new arrangement the “hotbath trucks” hurry towards the front upon receipt of a telephone message announcing the beginning of a gas bombardment. The trucks push up as close to the firing line as possible and within a few minutes are ready to begin operations.

Each truck carries a 2,500 gallon tank of water and an instantaneous water heater. Other automobiles carry a demountable bath pavilion and the necessary piping. The work of putting up the tented pavilion and making the water connections is a matter of only a few minutes. More than twenty soldiers can bath simultaneously in the tent.

As the gas sufferers are brought in, the attendants undress them and dip the clothing in a solution of lime water. Even the helmets and shoes are immersed in the solution. Meanwhile the sufferers are quickly sprayed with liquid soap and taken into the showers for fifteen seconds. Then other attendants scrub the gassed man and spray their eyes, nose and throat with a solution to counteract the burning and irritation of the poison. The men are then given clean clothing and sent to an evacuation hospital. The attendants wear oil-skin one-piece suits with tight fitting headpieces.

During a recent test 48 men were bathed in two and one-half minutes.

**RUSSELL WELL 3200 FEET**

The Russell well is gradually going deeper, the drillers operating without delay. Reports from that well Monday stated that the drill was down 3200 feet, and the gas pressure continues to increase. Two and a half million feet of gas is being produced now. These who are keeping a close watch on the development anticipate success before the end of the present week.

**RECORD PRICE FOR BEEF**

A black Angus cow raised near Christoval by Sam H. Hill & Son brought eighteen cents a pound, or a total of \$256.45, on the Kansas City market Thursday. This was the highest price ever paid for a cow on the open market. The animal belonged to Hill & Son's famous show herd that has been touring the United States this fall. She weighed 1,430 pounds and attracted much attention among both buyers and cattle raisers.

“The price paid per 100 pound is the highest on record,” said the Drovers' Telegram Thursday “but she lacked weight to bring as much money as a Missouri Short-horn cow weighing 1,750 pounds and selling at \$15 per hundred-weight. This sale was made on June 17 last.”

Robert Herring was down town for the first time Monday, after recovering from influenza and pneumonia. Mr. Herring had a close call, and his friends are glad to see him still able to navigate.

Horace Strain returned from a short visit to San Angelo, Sunday afternoon.

Miss Lucile Bridwell returned Sunday afternoon, from San Angelo where she visited friends.

**A NERVOUS WRECK**

From Three Years' Suffering. Says Cardui Made Her Well.

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: “For three years I suffered untold agony with my head. I was unable to do any of my work.

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep. I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui. . .

Nothing relieved me until I took Cardui. It did wonders for me.”

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today. NC-134

**PAINT ROCK SORROWS WITH US**

Word came to Paint Rock Thursday morning bearing the sad news of the death of Pat Williams of Ballinger on the battle front in France on Oct. 13. Mr. Williams was well known here both in our business and social circles and was liked by all. His death caused a deep sorrow among all his friends. So far he is the nearest to Paint Rock in point of acquaintance and home of any soldier who has been killed in battle. —Paint Rock Herald.

**Greatly Benefited by Chamberlain's Tablets**

“I am thankful for the good I have received by using Chamberlain's Tablets. About two years ago when I began taking them I suffered a great deal from distress after eating, and from headache and a tired, languid feeling due to indigestion and a torpid liver. Chamberlain's Tablets corrected these disorders in a short time, and since taking two bottles of them my health has been good,” writes Mrs. M. P. Harwood, Auburn, N. Y.

W. W. Scott, of Winters, was here Sunday to accompany his brother to the train. The brother had been visiting at Winters and was en route to his home.

## PROCLAMATION FOR THANKSGIVING DAY

By the President of the United States of America.

A proclamation:  
It has been long our custom to turn in the autumn of the year in praise and thanksgiving to Almighty God for his blessings and mercies to us as a nation. This year we have special and moving cause to be grateful and to rejoice. God has in his good pleasure given us peace. It has not come as a mere cessation of arms, a mere relief from the strain and tragedy of war. It has come as a great triumph of right. Complete victory has brought us not peace alone, but the confident promise of Thursday, the twenty-eighth day of this month, shall replace force and jealous intrigue among the nations. Our gallant armies have participated in a triumph which is not strained by another purpose of selfish aggression. In a righteous cause they have won immortal glory and have nobly served their nation in serving mankind. God has indeed been gracious. We have cause for such rejoicing as revives and strengthens in us all the best traditions of our national history. A new day shines about us in which our hearts take new courage and look forward with new hope to new and greater duties.

While we render thanks for these things, let us not forget to seek the divine guidance in the performance of those duties and divine mercy and forgiveness for all errors of act or purpose, and pray that in all that we do shall strengthen the ties of friendship and mutual respect upon which we must assist to build the new structure of peace and good will among nations.

Therefore, I, Woodrow Wilson, president of the United States of America, do hereby designate Thursday, the twenty-eighth day of November next as a day of Thanksgiving and prayer, and invite the people throughout the land to cease upon that day from their ordinary necessary occupations and in the several home and places of worship to render thanks to God, the ruler of nations.

Witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

Done in the District of Columbia this sixteenth day of November, in the year of our Lord one thousand nine hundred and eighteen and of the Independence of the United States of America the one hundred and forty-third.

Woodrow Wilson.  
By the president:  
Robert Lansing, secretary of state.

## CHURCH YEAR ENDS; ASKS PASTORS RETURN

Rev. J. B. Curry closed his work for the present conference year here Sunday, and will leave this week for the annual conference.

Rev. Curry has served the local Methodist church for two years, and so well pleased are his congregation, that a letter endorsing his work and asking for his return has been sent to the Presiding Elder of the district asking the Rev. Curry be returned to this work for another year.

As he has only been here two years, and Methodist pastors are permitted to serve one church as many as four years, Rev. Curry will no doubt be returned. His returning will not only please his own congregation, but the other congregations and citizens who are not associated with any church, will give him welcome.

Rev. J. H. King returned from Santa Anna, Monday, where he preached Sunday.

Rainfall at Coleman for September, October and the half of November, 1918, is 9.62 inches, wheat and oats, much of it is high enough to graze, kindface cows are increasing their milk yield, biddy has resumed operation of her egg factory, tapico and grapes are in full bloom, oil and gas is spouting from holes in the ground, and it is raining again as this item is written.
