WILSON URGES PLANS FOR EMPLOYING THE UNEMPLOYED

Washington, March 3.—Opportunities for workers to make their lives what they wish them to be was urged by President Wilson in addressing a joint conference of governors and mayors on reconstruction plans for labor today. The conference was held for the purpose of outlining some plan for taking care of the unemployed.

Secretary of labor Wilson charged that the recent strike in Seattle, Butte and other cities, were attempts to create a soviet government in the United States.

Mr. Wilson said that three hundred and fifty thousand men with out work, with unemployment increasing, made it very important that public works be provided to take care of the unemployed.

PERFECTING PLANS FOR \$50,000 BRIDGE

A few minor changes are being made in the plans for the new bridge to span the Colorado River at this place, and within the next few days the commissioners court will advertise for bids.

This bridge will take the place of the old steel bridge which has long since served its purpose and declared to be dangerous to public travel. The bridge will be a modern one and has been planned to take care of travel which will increase as the country develops.

The approximate cost of the new bridge will be between forty-five and fifty thousand dollars, the exact cost to be determined by the bids received and approved by the state highway commission and the commissioners court. The state highway commission will furnish about \$37,000 of the money, and the other will be paid from the \$75,000 bond issue voted in this precinct several months ago.

The steel bridge will be sold to some other county, or used at some other point in this county.

NEW OIL CO. TO MAKE TAXLESS CITY

A taxless city government and a taxless independent school district are possibilities for the people of this city and district, if the oil company which is now being organized strikes oil in paying quantities when a deep test is down within the city limits.

"Assuming that my titles to the mineral rights on the land owned by this city are good," said Judge M. C. Smith, "it is my purpose to put over a proposition which will cancel every tax obligation placed upon the people of this city and of this school district as far as the city government and school district are concerned."

In making plain his proposition Judge Smith stated that he would transfer his mineral right to the new oil company, on all land owned by the city which comprises about sixty acres, and in the transfer would provide for seven-eighths of the mineral rights to go to the new corporation and one eighth to the city and school, giving the city three fourths of one eighth and the independence school district one-fourth of the one-eighth royalty.

"If we strike oil on this land," said Judge Smith, "it would give the city sufficient money with which to maintain the city government, pave streets and carry on all municipal improvements in keeping with a modern city, and the independent district would realize sufficient money from its one fourth interest in the one-eighth royalty of the sixty acres of city land to make the independent district really independent, and the schools would be maintained on the most efficient basis without taxing the property owners within the district one penny.

Of course a taxless city and a taxless school district depends upon striking oil. The geologists who "spotted" Ballinger as being

TWO MURDER CASES ON COURT DOCKET

On account of the influenza epidemic which was raging here six months ago, all criminal cases and jury civil cases on the docket of the district court, were continued, and the March term of court will have a double docket to dispose of.

However, with the exception of one or two cases, the docket will be a light one. There are two murder cases on the docket. The case of State of Texas vs. W. H. Baker, charged with killing Jim Rodgers, and the case of the State of Texas vs. J. T. Elms charged with killing his wife, are slated for trial. The Elms case has been set for the second week, and the Baker case will probably be called for the third week.

Prominent parties and many witnesses figure in both cases, and the attendance at the trial will no doubt be large. Special veniers will be called from which to make up the jury.

The center of the "dome", also "spotted" the place where he says the oil will flow when the bit penetrates the sand. The two places spotted on the map by the geologist are located one on the dump ground and the other in the river park, the land comprising both places being owned by the city.

Judge Smith states that while it was his purpose to guarantee the city and school one eighth royalty in this land which he acquired the mineral rights to through a straight out purchase from the Maverick heirs, the original owners of the land, he would also guarantee to the private owners of land included in the purchase a one eighth royalty.

GOOD FIELD FOR OIL REFINERY

The Chamber of Commerce should lose no time in making an effort to attract to this city every industry akin to the development of an oil field. Other towns not so near logically located as Ballinger is for such propositions, are landing oil refineries.

Why should San Angelo have an oil refinery and Ballinger not have one? The same question might be asked about test oil well. Why should forty wells be going down in Coleman county, and twenty in McCulloch county, and only two in Runnels county?

From a geological and natural standpoint, Runnels county has more to offer than any county in this territory, and from the same standpoint Ballinger has more to offer for the establishment of an oil refinery than either Coleman or San Angelo.

It is high time to get up in the collar, pull against the traces, and show to the capitalist and promoters of such enterprises that we have the best offers to make. It is high time to get the candle from under the bushel and place it on top of the hill.

The organizing of a Chamber of Commerce will not be worth a whoop, unless every citizen falls in line does his or her part in supporting the work. The lessons learned in war work should make it easy for us to succeed in the work just undertaken.

W. L. Williams, of the North country, C. G. Davis, of the Winters country, and George Maddox of the Valley Creek country, were looking after business in Ballinger Saturday.

CONDITIONS IMPROVING IN NEW GERMAN GOV.

FEW MORE TREES NEEDED FOR HEROES

The move put on foot by M. C. Falls, the man in charge of the court house park, a short time ago to plant pecan trees in honor of the boys from this county who gave their life for the cause, has met with marked success.

Up to date about twenty trees have been planted in honor of the heroes, and about five more are needed to go with the names of those who have lost their life in the war. Mr. Falls has been supplied with the names of those who were killed or died in action. It is probable that there are those whose names have not been given to him. Any one knowing of a soldier from this county who died in the service should furnish Mr. Falls with his name at once.

Mr. Falls states that he will be busy waiting on district court after this week, and can not put out any more trees until court adjourns, and by that time it will be getting too late to transplant them and the work should be completed this week. He states that those wishing to donate trees must get them to him by Thursday of this week.

Following are the names of those who have given trees, and the names of the soldier that tree will bear as it grows up. An appropriate name plate will be provided and kept on the tree in years to come:

Arthus Straach—No tree donated
Oscar Smith—Dr. W. B. Halley
Roy Scoggins—W. D. Meadows
Carl B. Hinkle—J. F. Currie
LeRoy Sisson—Roy Halstead
Bert M. Galloway—no tree.
Joe B. Hoelscher—W. S. Harmon.

Isaac M. Vaughn—R. G. Erwin
Adolph Keifer—C. A. Doose.
Tony Schwertner—no tree.
Arthur Zappe—Edwin Day.
Dennis L. Pamphrey—M. D. Chastain.
John W. Allen—no tree.
Walter F. Embrey—D. C. Underwood.

Ewald C. Henniger—C. A. Doose.

Luther Harding—C. J. Lynn
James M. Steele—Jno A. Weeks
Pat C. Williams, W. C. McCarver.

Carl A. Grimes—E. Shepperd
Marvin Tindall—John J. Bugz
Walter Singletary—R. B. Creasy.

Elmer Allison—R. T. Williams
S. B. Howard has donated a tree to be planted in honor of the soldiers from whom no tree should be donated.

The trees planted are of the thin shell pecan variety and will be cared for and in case any of them die they will be replaced next season.

Berlin, March 3.—German government has partly recognized the Soviets, issuing proclamation admitting social and economic control of industries by the workmens council.

The Spartacan revolution is spreading. During the reception tendered General von Lettow in Berlin yesterday, the crowds hissed and jeered the American army officers, but the German police dispersed the crowds and there was no serious trouble.

Berne, March 3.—Berlin newspapers received her announce that the strike in Berlin of all public service workmen has been scheduled for Wednesday.

B'WOOD'S MOONSHINE STILL DESTROYED

Several days ago local officers captured a "moonshine still" near this city. Government officials were notified and the operators of the still were given an examination.

Owing to the fact that the parties were not placed in jail a number of people have held an idea that the capture was a farce and that in truth no still was found.

Today, however, a special agent of the U. S. government visited the city and after examining the outfit declared that it was a good piece of machinery. Since being in this state he has cut up eighteen stills and he says that this is the best one he has seen.

In truth the outfit was composed of two stills and the following articles were destroyed by the government agent: One forty-five gallon copper still, one worm or a one-inch four foot pipe, a five gallon boiler, together with caps, dippers, etc. This agent stated that the still had probably been in use for twenty years. Two thirty gallon vats containing about thirty-five gallons of mash or beer were also destroyed.

This is the same still located by R. D. Shumate, G. B. Cross, Eastman Kitchen and A. E. Wilson, several days ago and has been held by officers for the government agent.

Charges have been filed with the United States commission at San Angelo and Sam and Mary Hamby, alleged violators of Sec. 3257269 and also Revised Statutes and Sec. 15 of the Act of August 10, 1917.—Brownwood Bulletin.

CHRISTMAS FOOD TREE

Near the center of our court house lawn we are planting the first community memorial Christmas Food Tree, which with the other pecan trees that have been planted, will furnish food as well as shade and beauty. This tree (the Halbert) from the S. B. Howard nursery has borne a few large, beautiful thin shell pecans, and by the second fall after transplanting we may reasonably hope the yield will be sufficient to put a handful of nuts in every child's stocking.

If all communities, towns and cities would plant memorial Christmas trees it would eliminate the waste of cutting millions of trees every year and who doubts that the little folks will enjoy the nuts all the more because they grow on our own community memorial Christmas tree?

Liquor dealers are complaining about the heavy loss they will sustain when the nation goes dry. They should be reminded of the heavy loss the nation has sustained in years gone by on account of the liquor business. It is better that a few individuals suffer than that an entire nation suffer.

If local men with capital haven't sufficient confidence in the country to put up their cash to promote new enterprises and help the country, they are very inconsistent in asking outside capital to do it. We have reached the time when the citizens must put their money where their talk is. Join the Chamber of Commerce.

The way to smash the vacancy out of every house in Ballinger is to do a little more boosting and not quite so much knocking. Just because we had a little drouth and suffered a short crop, is no reason for keeping up the grouch epidemic. Runnels county is a better country now than it was before the drouth. Let us take advantage of it.

The big oil field at Ranger is handicapped greatly on account of a lack of highways. This country would suffer a like experience should an oil boom strike here, which is sure coming, and the procrastination we are now indulging in will come expensive in the end. Heavy trucks will be as thick on the public roads of this county when the oil begins to flow as mermaids on the Galveston seawall when the tide begins to flow, and now is the time to pave the way for them, and thereby expedite development work. The generation and industries that are to come will take care of the cost.

SHE COULD NOT STAND OR WORK

But Lydia E. Pinkham's Vegetable Compound Restored Her Health and Stopped Her Pains.

Portland, Ind.—"I had a displacement and suffered so badly from it that at times I could not be on my feet at all. I was all run down and so weak I could not do my housework, was nervous and could not lie down at night. I took treatments from a physician but they did not help me. My Aunt recommended Lydia E. Pinkham's Vegetable Compound. I tried it and now I am strong and well again and do my own work and I give Lydia E. Pinkham's Vegetable Compound the credit."

—Mrs. JOSEPHINE KIMBLE, 935 West Race St., Portland, Ind.

Thousands of American women give this famous root and herb remedy the credit for health restored as did Mrs. Kimble.

For helpful suggestions in regard to such ailments women are asked to write to Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its long experience is at your service.

\$60 BONUS FOR DISCHARGED SOLDIER

Camp Travis, March 3—A bonus of sixty dollars will be paid every person, who served in the military or naval forces of the United States during the present war and who has resigned or been discharged under honorable conditions since April 6, 1917. This bonus also applies in the case of reservists who have been placed on inactive duty, or who, at any time thereafter, but not later than the termination of the current enlistment or term of service, in the case of enlisted personnel and female nurses, or within one year after the termination of the present war in the case of officers, may resign or be discharged under honorable conditions.

War Department orders to this effect have been received by the Commanding General, Camp Travis, Texas. The order states that all persons separated from active military service after receipt of these instructions who are entitled to the bonus will be credited with and paid the money on their final pay voucher. In the event they have been separated from active service prior to receipt of these instructions, but have not yet received final pay, the disbursing officer making final settlement will include and pay the

bonus. In making such settlement the disbursing officer in connection with final settlement will shown by indorsement on discharge certificate that such bonus was paid.

All persons separated from active military service from April 6, 1917, to date of receipt of these instructions who are entitled to the bonus, and who have received their final pay will forward claim for such bonus direct to the Zone Finance Officer, Lemon Building, Washington, D. C., who is hereby designated to settle such claims.

Such applications must contain the discharge certificate or order for discharge or relief, if no certificate was issued, both certificate and order if both were issued, the paper bearing indorsement of final payment being required; a statement of all military service since April 6, 1917., showing place and date of recording at first military station, and address to which check is to be sent. When settlement is made all personal papers will be returned to applicant with check. No further correspondence is necessary, except to advise in change of address of applicant. No further disbursing officers are authorized to pay claims covered by this order.

This bonus shall not be paid to any person who though appointed or inducted into the military or naval forces on or prior to November 11, 1918, had not reported for duty at his station on or prior to such date, or to any person who has already received one month's pay under the provisions of the Act authorizing the President to increase temporarily the military establishment of the United States approved May 18, 1917, or to any person who is entitled to retirement pay, or to the heirs or legal representatives of any person entitled to any payment under this section who has died or may die before receiving such payment.

ORGANIZATION OF BIG STOCK SHOW IS NOW COMPLETE

Secretary-Manager Sansom and Associates Plan to Give Public Full Money's Worth at Fort Worth Mar. 10-15

Fort Worth, Texas—M. Sansom, Jr., leading Texas stockman, who last year put Fort Worth on the map as a "Round up" city with the magnificent Rodeo, held in connection with the Southwestern Exposition and Fat Stock Show, has been named as secretary-manager of the show this year and has gathered around him an array of the very best talent he could secure to make the event that will be held here March 10-15 a memorable one in the minds of everyone who visits it.

Mr. Sansom and associates have been busy since the first of the year working up features of entertainment and educational value. They are now able to promise a variety and round of amusement unparalleled by previous expositions. More than \$25,000 has been hung up for livestock exhibitors alone.

For the first time in the history of the show, women will participate as superintendents of departments. Mrs. Juliette B. Crabb of Fort Worth has accepted the post as superintendent of the Holstein department, while the superintendency of the Jersey division has been tendered to Mrs. J. Riley Green.

Ray H. McKinley, general manager of the Reporter Publishing company, who has been active in making the stock show a great success for the past ten years, has accepted the place of assistant secretary-manager. Mr. McKinley's long familiarity with the livestock business and his intimacy with the show will serve to redound most favorably this year.

Bob Tadlock has been chosen as chairman of the Rodeo committee and he has associated with him in this department Ed R. Henry, last year's secretary manager, Gil Whittington, Wad Ross and W. O. Rominger. These men are getting ready to make the "all contest" Rodeo something that will make Cheyenne and other "Round up" cities "sit up and take notice."

Departmental managers are Ward Farmer, cattle; Tom Frazier, hogs; J. M. Jones, sheep; W. H. Furses, horses, jacks and mules; C. M. Evans of Texas Agricultural and Mechanical college, registered cattle sales; John I. Burgess, ringmaster; R. H. Moorman, gates and tickets; C. R. Hamilton, office, concessions and exhibits.

Superintendents thus far selected are: Herefords, John F. Lee, San Angelo; Shorthorns, Garrett T. King, Taylor, now head of the Fort Worth office of the government bureau of markets; Angus, Will H. Hill, San Angelo; Red Poll, J. W. Mann, Waco; mules, jacks and jennets, John W. Hines, Venus.

The students' livestock judging contest will be made a greater feature than ever before. Besides the usual entries—Texas and Oklahoma A. & M. Colleges—there will probably be entries from one or more other Southwestern A. & M. Colleges. Invitations have been issued to all of them. J. Kirven Fisher of Swift & Co. has been made superintendent of this department.

Besides the livestock features, there will be many other forms of entertainment. Among these will be the combined J. George Loos Carnival and De Kreko Bros. Shows, which will be here all during show week. And there will be one of the best poultry shows ever staged here, under the direction of Walter Burton of Arlington.

PIGS IN POKES

It is an American characteristic to shout when you win but never cheep when you lose. More's the pity.

And shrewd stock swindlers have made the most of it.

If only ten per cent of the victims who have traded their Liberty Bonds for worthless stocks in wild cat companies alone were to tell the country of their losses it would discourage this sort of bartering.

But they will never do it. The man who is stung the hardest is the least likely to admit it. He simply grins and bears it.

Meantime thousands of Liberty Bond owners are considering surrendering their 3 1/2, 4 and 4 1/4 certificates for neatly printed and highly illuminated certificates that are 90 per cent pipe dreams.

Nine times out of ten these gulls are the small investors, the fellows who can the least afford to lose.

There is some excuse for the man who lives in a developing oil field and sees and knows what is being done investing in a promoting company there.

But there is no apology to be made for the man who invests at long range. Who never sees what he is dumping his money into. Who takes only a salesman's word. Who, above all, trades in a Liberty Bond for a stock certificate.

Keep your bonds. They're an investment, not a speculation.

DON'T SELL YOUR LIBERTY BONDS

Your Government asks you not to sell these unless you have to. To part with your Liberty Bonds means giving up your pledge of patriotism and citizenship. Liberty Bonds will be worth much more money presently and it is good business to hold them. If you must sell, go to a banker and let him give you information and advice. Do not sell to just anyone, who may not treat you fairly.

KAISER CALLS FOR POCKET CHANGE

Weimar, Thursday, Feb. 27.—

The former German emperor, it is learned from competent sources, recently appealed to the German revolutionary government for money. It was said in his behalf that it was impossible for him to continue living upon the bounty and good will of the Dutch noblemen in whose castle he now resides.

Herr Hohenzollern, it is said, declared he already had been forced to borrow 40,000 guilders from his host and could not continue as a debtor. He asked that he be allowed at least a portion of his private fortune.

The government, after considering the matter, agreed to his request and instituted a detailed investigation to determine what portion of the former emperor's supposed fortune really was his and

what portion belonged to the government. Investigation showed that the former ruler might legally claim 75,000,000 marks as his own, but the government decided to allow him temporarily 600,000 marks to meet present indebtedness and future expenses.

SURGEONS agree that in cases of cuts, burns, bruises and wounds, the first treatment is most important. When an efficient antiseptic is promptly applied, there is no danger of infection and the wound begins to heal at once. For use on man or beast, BOROZONE is the Ideal Antiseptic and Healing Agent.
