MR. WILSON SPEEDING PEACE PLANS

Paris, March 15.—With President Wilson attending the session of the supreme war council this afternoon, all actions of the peace conference was greatly expedited. It is now deemed certain that the preliminary peace treaties will be ready to submit to the German delegates by March 20th, ten days earlier than was at first expected.

Reichstag Names Delegates

Berlin, March 15.—Count Broedkroff Rantzau as head of the German peace delegates was named at the meeting of the Prussian Reichstag Thursday. It became known today that all delegates from the new government had been named to represent Germany at the peace conference in Paris.

Has Had Stomach Trouble for Seven Years

Theodore Sanford of Fenmore, Mich., has had stomach trouble for seven years and could not eat vegetables or fruit without pain in the stomach and restless nights. By taking Chamberlain's Tablets he is now able to eat vegetables or fruit without causing pain or sleeplessness. If troubled with indigestion or constipation give these tablets a trial. They are certain to prove beneficial.

Three Elements Of Success Emphasized In Address

Those who entered the banquet hall Friday night, feeling that it would cost them more to get out than it did to get in, were perhaps pleasantly surprised. Those who declined to attend the banquet for the same reason, no doubt feel like kicking themselves. No collection was taken.

A more successful get-together meeting was never held in Ballinger. The social feature of the program was all that could be wished for. The program was carried out perfectly in detail, every speaker placed on the program responding with a "happy hit."

Hon. Walter U. Early, of Brownwood, district attorney of this district, who is here attending district court was toastmaster for the occasion and with that supply of wit and humor for which he is so well known as a speaker, introduced each speaker.

Passur's orchestra furnished music for the occasion and played the Star Spangled Banner as the guests took their places around the banquet table. While remaining standing Rev. H. P. Bates, offered the invocation.

Jess Stroble had charge of the menu and served a four course dinner, consisting of:

- | | |
|-------------------|----------------|
| Olives | Pickles |
| Turkey | Fruit Cocktail |
| | Dressing |
| | Celery |
| | Potato Chips |
| Petit Pois | Waldorf Salad |
| Pineapple Sherbet | Cake |
| | Coffee |
| | Mints |

Those responding to toast were: "A Drouth Resister"—Judge A. K. Doss.

"Blocking the Acreage"—R. T. Williams.

"Building the Pike"—Judge O. L. Parish.

"Over the Top"—Judge Jno. I. Guion.

"Our Bread and Butter Crop"—Scott H. Mack.

"Insuring Prosperity"—Estes M. Lynn.

C. A. Doose, president of the new Chamber of Commerce, made a few remarks at the close of the banquet, urging the citizens to line up and support the C. of C. with their moral and financial support and announced that the finance committee would solicit funds with which to carry on the work for the ensuing year, "for without funds we can do nothing," said Mr. Doose.

Rev. R. B. Morgan, of Memphis, Texas, formerly pastor of the First Baptist church of this city, was the principal speaker of the evening and in an address of about forty-five minutes laid down some of the principals which if applied to the local situation and practiced by the men who are to make up the new Chamber of Commerce, would remove every obstacle which the town is battling to overcome.

Rev. Morgan began his address with a series of local jokes, which jerked the grouch out of the countenance of those who seldom smile, and caused an uproar of laughter to fill the banquet hall. Stating three elements of success for which there can be substituted, Rev. Morgan said there must be first, "common sense," second, "red blood" and third "fellowship." "Red blood is putting the punch in power," said the speaker.

With reference to the organization of a Chamber of Commerce, the speaker of the evening discussed the dynamic or organization, and said "a community without organization is a spook." The dynamic of organization lies in two principals, said the speaker. "First every one who enjoys the rights and privileges of a community owes that community an obligation. Second, that obligation is measured and to be paid in service apart from that which is a direct, personal benefit."

The speaker pointed out the assets of an organization, naming both the tangible and intangible "The intangible assets," said the speaker, "are spirit of friendship and hope. The tangible is investment of funds, first, and the conservation of moral forces, third,

the harmonious correlation of diverse personal interest.

The third element of success for a commercial organization was outlined by the speaker as program work.

The reward, of an organization were named by the speaker as first, "enlarged capacity for the use and appreciation of what you have." Second, "enhanced commercial value." Third, "leaving to our children better chances than we have ever had."

In the beginning of his address, Rev. Morgan proposed a toast to Ballinger, saying:

I offer the greeting of the Lone Star State to this Western Common Wealth that is an empire with in itself:

"To you men who can take discouragement and weave it into enthusiasm; who can take the poverty and transform it into plenty, who can figure profits out of drouth liabilities and assets out of storm; who can coax dry rivers in to fishing places of beauty; who can raise blooded calves from the scattered carcasses and bleached bones of drouth smitten cattle; who can decorate the bosom of rolling prairies and paved streets and adorn them with a pendant of electric lights; who can live on faith and hope and yet abound in charity; who can take the hand of faint hearted departing neighbors and smilingly prophecy an early return; who can gracefully erect a mourner's bench whereon such neighbors can come back, confess their sins, ask pardon and receive forgiveness; salute you as the uncrowned kin of a Western Democracy, and with but few equals, a true type of the patriots of old and the prophets of a new and better race."

Rev. Morgan closed his address with the little poem which is appropriate to Ballinger at this particular time:

"If you like to live in the kind of a town

Like the kind of a town you like;

You needn't pack your clothes in a grip,

And start on a long, long hike,

You'll only find what you left behind;

For there is nothing that's really new,

It's a knock at yourself when you knock your town,

It isn't the town, it's you.

Real towns are not made by men afraid,

Lest somebody else gets ahead,

When every one works and nobody shirks,

You can raise a town from the dead;

And if while you make your personal stake,

Your neighbor can make one too,

Your town will be what you want to see

It isn't the town it's you.

BIG RUSH TO PAY INCOME TAXES TODAY

New York, March 15.—Dispatches received here from all sections of the United States shows that a frantic rush is being made to make the first payment of income taxes before tonight when penalties will become effective. In Chicago one man paid 5 million dollar income. \$Income collections in Chicago alone up to noon amounted to over seventy million dollars.

ANOTHER OUTLAW

BATTLE FOR LIBERTY

In view of the fact that one of the men being held in the local jail on bank robbery charge was when first arrested supposed to be a man by the name of John R. McSpadden, the account of the capture of the real McSpadden published in the Fort Worth Star-Telegram Saturday, carries some local interest.

The man held as McSpadden here turned out not to be McSpadden, but gives his name as Walter Harris, and as far as the officers have been able to learn he has no other name. When the facts in the case are known, the officers feel certain that it will develop that Harris is only an alias, and is not the man's name.

Officers were on the lookout for McSpadden when the arrest of Harris was made, and his description suited that of McSpadden and this caused the report to go out that McSpadden was the man. Later parties who knew McSpadden saw Harris and McSpadden was arrested in Fort Worth, as will be seen from the following account in the Star-Telegram.

John R. McSpadden's capture at First and Main Streets Thursday furnished even more thrills than his escape by leaping through the window of a moving Santa Fe train at Ponder several days ago when he was being taken to Fort Worth from Guthrie, Okla., by Constable Henry Cantrell.

As McSpadden stepped from a street car Thursday, G. A. Wells, former deputy sheriff of Denton County, grabbed him. Wells was unarmed and had to tackle his man barchanded. They went around and around and finally McSpadden was thrown to the ground.

"Robber, robber, help, help" cried McSpadden.

Meantime, Wells was just as vociferously yelling for assistance.

"Get me a couple of officers," he cried to the crowd that gathered.

Thinking that McSpadden was being robbed, the motorman on the street car jumped down and threatened to kick Well's head off. "It will be the last time you do anything like that," cautioned Wells.

Two Deputy Sheriffs came to Wells' aid and McSpadden was started to the county jail. He made an effort to get away again but thought better of it when one of the officers shoved a hefty six-shooter into his side.

When McSpadden obtained his liberty by jumping from the train he was being returned to this city on a warrant charging him with the theft of H. C. McEacham's automobile on Jan. 10.

Wells had been trailing McSpadden for a couple of weeks having run across him in the oil fields at Barkburnett and learned that he was coming to Fort Worth to the Fat Stock Show.

McSpadden usually wears a cowboy outfit but when arrested Thursday was attired in a business suit and wore a pair of colored Goggles.

LEAGUE OF NATIONS TO BE IN TREATY

New York, March 15.—Mr. Tully, secretary to the President, announced today that he was in receipt of a cablegram from President Wilson in which Mr. Wilson stated that the plenary war council had definitely decided to include the league of nations in the preliminary peace treaty to be submitted to Germany. Mr. Wilson's cablegram came in reply to charges being made in the United States that the league of nations would not be a part of the peace treaties. This puts at rest the republican charges.

\$10,000 OIL WELL

FIRE AT SANTA ANNA

(Santa Anna News)
Garrett No. 1, belonging to the Gladys Belle Company, suffered a \$10,000 to \$15,000 fire loss last Friday.

Workmen were trying to remove a string of tools from the well when it began gushing. A strong wind carried the oil towards the boiler. The fire was cut out and the drillers returned to the derrick. Just at that time the well began gushing again, the oil going to the top of the derrick and curving over to the boiler, which was still hot.

Instantly a flame shot up and followed the curving stream of oil to the derrick, which being thoroughly soaked with oil, burst into flames all over. Every man on the derrick was in jeopardy. Fortunately, the derrick had burned water was turned on and the fire extinguished.

GRAND JURY DID COMPLETE

The grand jury did not complete its work this week, and on recess until next Monday. Nothing has been given out to indicate whether the men being held in the jail on bank robbery charges will be indicted or not, but it is known that the grand jury is devoting most of its time to investigating the case. Bringing witnesses from a distance is delaying the work.

The government will be compelled to run souvenir boats, if the boys overseas bring back the war junk they have collected to distribute among their friends. It is said that there are already enough German helmets in America to equip a pretty good army.

A million dollar hotel has been proposed for Abilene and the Chamber of Commerce is behind the proposition. We never have been able to figure out what there is around Abilene to make that such a good town.

Governor Hobby has signed the anti-fee bill, and on Nov. 4th the people will be given an opportunity to vote on an amendment to pay all county officers on a salary basis, and let all the fees collected go into the county treasurer. The bill demands some thought on the part of the voters before they go to the polls.

FUNERAL OF G. W. WHITE TOMORROW

The remains of G. W. White will be laid to rest in the Evergreen Cemetery Sunday afternoon at three o'clock, following the funeral services at the residence 209 13th Street. Rev. J. B. Curry will conduct the funeral.

The news of the death of Mr. White did not come as a surprise as he has been in poor health for quite awhile and very low for several days. He died early Saturday morning.

Deceased was born March 5, 1863, making him fifty-six years old at the time of his death. He came to this country many years ago, and has many friends throughout the country who will be grieved to learn of his death.

Mr. White is survived by a wife and one child, a son who is about eight years old. Their many friends sympathize with them in their sorrow.

TO INSPECT CAVALRY TROOP

Capt. Cohen received notice from Fort Sam Houston Saturday instructing him to arrange for Federal inspection of the local cavalry on March 25th. According to the order received, the property of the company will be inspected at four p. m. and the men at 7 p. m. on March 25th.

Capt. Cohen stated that it would be necessary to call some of the boys who are away from home to return at once, or by the 25th, as it is necessary that at least two-thirds of the men be present for the inspection. Of the 106 men a majority of them are away from home and out of the county, some of them quite a distance from Ballinger.

RED CROSS GIFTS \$400,000,000

War Council on Retirement Announces Cash and Supplies Contributed.

WORKERS WILL "CARRY ON."

Five Big Societies in World Wide Plan. H. P. Davison Heads International American Red Cross Commission. Dr. Livingston Farrand Permanent Leader of Peace Organization.

Washington.—(Special.)—Henry P. Davison as chairman issues the following statement on behalf of the War Council of the American Red Cross:

"To the American People:

"The War Council of the American Red Cross appointed by President Wilson on May 10, 1917, to carry on the work of the American Red Cross during the war, at their request and by vote of the Central Committee, ceased at midnight, February 28.

"Immediately the armistice was signed the War Council instituted studies to determine when the strictly war work of the organization would have been sufficiently matured to enable the direction of affairs to be resumed by the permanent staff. Henry P. Davison, being in Paris when the armistice was signed, summoned a conference there of the heads of all the Red Cross Commissions in Europe to canvass the situation. After considering all the factors it was concluded to make the transition on March 1. The very fortunate choice of Dr. Livingston Farrand as the new chairman of the Central Committee, and thereby the permanent chief executive of the Red Cross, makes possible the consummation of this plan under the most favorable conditions.

Accounts Audited by War Department.

"Detailed reports to Congress and a complete audit of its accounts by the War Department will constitute the final record of Red Cross activity during the war. Although it has been the rule to make public all expenditures when authorized and to give detailed information relative to all work undertaken, the War Council in turning over its responsibilities to Dr. Farrand and his associates desire to give a brief resume of Red Cross war time activities to the American people, to whom the Red Cross belong, and whose generous contributions have made possible all that has been accomplished.

"During the past nearly twenty one months the American people have given in cash and supplies to the American Red Cross more than \$400,000,000. No value can be placed upon the contributions of service—which have been given without stint and oftentimes at great sacrifice by millions of our people.

"The effort of the American Red Cross in this war has constituted by far the largest voluntary gift of money, of hand and heart, ever contributed purely for the relief of human suffering. Through the Red Cross the heart and spirit of the whole American people have been mobilized to take care of our own, to relieve the misery incident to the war, and also to reveal to the world the supreme ideals of our national life.

"Everyone who has had any part in this war effort of the Red Cross is entitled to congratulate himself. No thanks from anyone could be equal in value to the self satisfaction everyone should feel for the part taken. Fully 8,000,000 American women have exerted themselves in Red Cross service.

Has Over 17,000,000 Adult Members.

"When we entered the war the American Red Cross had about 500,000 members. Today, as the result of the recent Christmas membership Roll Call, there are upwards of 17,000,000 full paid members outside of the members of the Junior Red Cross, numbering perhaps 9,000,000 school children additional.

"The chief effort of the Red Cross during the war has been to care for our men in service and to aid our army and navy wherever the Red Cross may be called on to assist. As to this phase of the work Surgeon General Ireland of the U. S. Army recently said: "The Red Cross has been an enterprise as vast as the war itself. From the beginning it has done those things which the Army Medical Corps wanted done, but could not do itself."

"The Red Cross endeavor in France has naturally been upon an exceptionally large scale where service has been rendered to the American Army and to the French Army and the French people as well, the latter particularly during the trying period when the Allied World was waiting for the American Army to arise in force and power. Hospital emergency service for our army in France has greatly diminished, but the Red Cross is still being called upon for service upon a large scale in the great base hospitals, where thousands of American sick and wounded are still receiving attention. At these hospitals the Red Cross supplies huts and facilities for the amusement and recreation of the men as they become convalescent. Our Army of Occupation in Germany was followed with Medical units prepared to render the same emergency aid and supply service which was the primary business of the Red Cross during hostilities. The Army Canteen service along the lines of travel has

actually increased since the armistice.

"As for work among the French people, now that hostilities have ceased the French themselves naturally prefer as far as possible to provide for their own. It has accordingly been determined that the guiding principle of Red Cross policy in France henceforth shall be to have punctilious regard to its every responsibility, but to direct its efforts primarily to assisting French relief societies. The liberated and devastated regions of France have been divided by the government into small districts, each officially assigned to a designated French relief organization.

"The American Red Cross work in France was initiated by a commission of eighteen men who landed on French shores June 13, 1917. Since then some 9,000 persons have been upon the rolls in France, of whom 7,000 were actively engaged when the armistice was signed. An indication of the present scale of the work will be obtained from the fact that the services of 6,000 persons are still required.

"Our American Expeditionary Force having largely evacuated England, the activities of the Red Cross Commission there are naturally upon a diminishing scale period. Active operations are still in progress in Archangel and Siberia.

"The work in Italy has been almost entirely on behalf of the civilian population of that country. In the critical hours of Italy's struggle the American people, through their Red Cross, sent a practical message of sympathy and relief, for which the government and people of Italy have never ceased to express their gratitude.

Supplies and Personnel to Near East.

"The occasion for such concentration of effort in Italy, England, Belgium and even in France having naturally and normally diminished, it has been possible to divert supplies and personnel in large measure to the aid of those people in the Near East who have hitherto been inaccessible to outside assistance, but whose sufferings have been upon an appalling scale. The needs of these peoples are so vast that government alone can meet them, but the American Red Cross is making an effort to relieve immediately the more acute distress.

"An extensive group of American workers has been dispatched to carry vitally needed supplies, and to work this winter in the various Balkan countries. In order to co-ordinate their activities, a Balkan commission has been established, with headquarters at Rome, Italy, from which point alone all the Balkan centers can be reached promptly.

"A commission has just reached Poland with doctors and nurses, medical supplies, and food for sick children and invalids. An American Red Cross Commission has also been appointed to aid in relieving the suffering of Russian prisoners still confined in German prison camps.

"An important commission is still working in Palestine. Through the war special co-operation has been given to the Armenian and Syrian Relief Commission, which was the only agency able to carry relief in the interior of Turkish dominions.

Red Cross Will Continue.

"Red Cross effort is thus far flung. It will continue to be so. But the movement represented by this work has likewise assumed an intimate place in the daily life of our people at home. The army of workers which has been recruited and trained during the war must not be demobilized. All our experience in the war shows clearly that there is an unlimited field for service of the kind which can be performed with peculiar effectiveness by the Red Cross. What its future tasks may be it is yet impossible to forecast. We know that so long as there is an American army in the field the Red Cross will have a special function to perform.

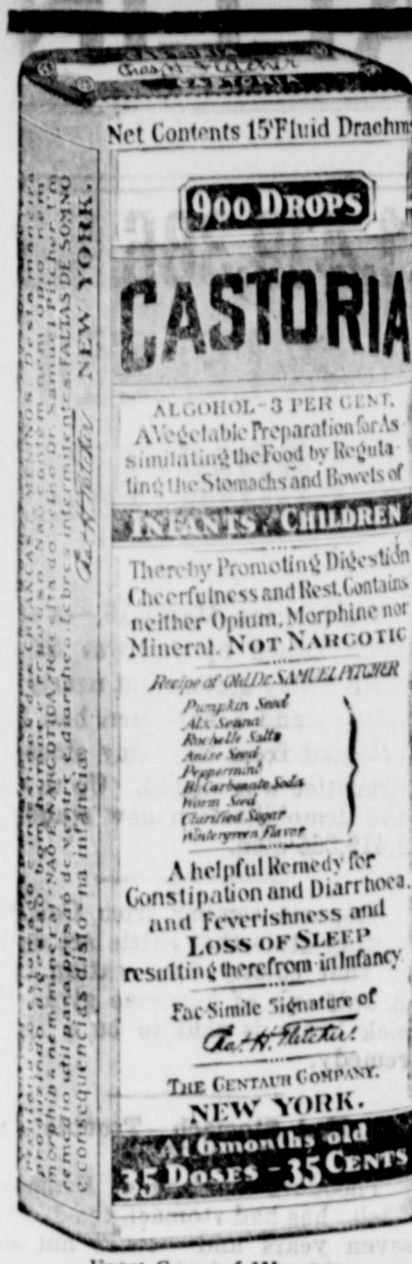

"Nothing could be of greater importance to the American Red Cross than the plans just set in motion by the five great Red Cross societies of the world to develop a program of extended activities in the interest of humanity. The conception involves not alone efforts to relieve human suffering, but to prevent it; not alone a movement by the people of an individual nation, but an attempt to arouse all people to a sense of their responsibility for the welfare of their fellow beings throughout the world. It is a program both ideal and practical. Ideal in that its supreme aim is nothing less than veritable "Peace on earth good will to men," and practical in that it seeks to take means and measures which are actually available and make them effective in meeting without delay the crisis which is daily recurrent in the lives of all peoples.

"For accomplishing its mission in the years of peace which must lie ahead of us the Red Cross will require the ablest possible leadership, and must enjoy the continued support, sympathy, and participation in its work of the whole American people. It is particularly fortunate that such a man as Dr. Livingston Farrand should have been selected as the permanent head of the organization. The unstinted fashion in which all our people gave of themselves throughout the war is the best assurance that our Red Cross will continue to receive that co-operation which will make its work a source of pride and inspiration to every American.

Mr. Davison, as chairman of the International Commission of the American Red Cross, has undertaken to represent the American Red Cross in the preparation of the program for extended Red Cross activities, and will spend the next several months in Europe in consultation with other Red Cross societies for that purpose.

THE MEN IN CLASS A1

A sound, healthy man is never a back number. A man can be as vigorous and able at seventy as at twenty. Condition, not years, puts you in the discard. A system weakened by overwork and careless living brings old age prematurely. The bodily functions are impaired and unpleasant symptoms appear. The weak spot is generally the kidneys. Keep them clean and in proper working condition and you will generally find yourself in Class A. Take GOLD MEDAL, Haarmen Oil Capsules periodically and your system will always be in working order. Your spirits will be enlivened, your muscles supple, your mind active, and your body capable of hard work. Don't wait until you have been rejected. Commence to be a first-class man now. Go to your druggist at once. Get a trial box of GOLD MEDAL, Haarmen Oil Capsules. They are made of the pure, original, imported Haarmen Oil—the kind your great-grandfather used. Two capsules each day will keep you toned up and feeling fine. Money refunded if they do not help you. Remember to ask for the imported GOLD MEDAL Brand. In three sizes, sealed packages.

SOLDIER'S RETURN WILL BOOM SPORTS

New York, March 15.—One of the most interesting and significant features in connection with the return of the American fighting men is his keen interest in clean sports of every conceivable kind. Sport lovers see in this an unprecedented boom in sporting events throughout the United States and Canada.
Huge transports arriving in New York Harbor almost daily, are bringing back countless thousands of American soldiers and practically every one of these is an out-and-out sport booster. The reason is not far to seek. These men have been living an athletic life such as few of them had never dreamed of living, and now that they have got a flying start they are eager to keep up the good work.
"These men will go in strong for boxing, wrestling, baseball, football and all kindred sports," said Lieut. Colonel Malcolm Andrus, who has just returned from Europe. "Furthermore, the men will want their favorite sports legalized and I am inclined to believe that they will demand Sunday baseball. They fought on Sunday, without complaint, and they will want to know why they cannot witness a game on Sunday if they so desire."
All sports will boom, the speaker added, but he predicted that baseball in particular will enjoy a tremendous impetus when the fighting men get home.

Suffering Described As Torture Relieved by Black-Draught.

Rossville, Ga.—Mrs. Kate Lee Able, of this place, writes: "My husband is an engineer, and once while riding, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs., in two weeks.
He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would turn up a ten-cent bottle of castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be described as torture.
I sent and bought Theodor's Black-Draught. I made him take a big dose, and when it began to act he fainted, he was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Theodor's Black-Draught."
Theodor's Black-Draught will help you to keep fit, ready for the day's work. Try it!

EDUCATORS WANT HIGHER TYPE TEACHERS

Washington, March 15.—The first public meeting of the Association for the Advancement of Progressive Education will be held here tonight.
The Association, formed to advance a new system in education, which is based upon giving the pupil freedom to develop naturally without undue repression, is sponsored by many of the most prominent educators in the country.
Dr. Charles W. Eliot, of Harvard is honorary president. Star-wood Cobb, of the Navy Academy is executive secretary and Louis F. Post, assistant secretary of Labor, is a member of the General Advisory Committee. He will preside at the meeting of the Association here.
Besides urging the adoption of progressive methods in education, it will be the aim of the association to create a demand for the higher salaried type of teacher and to convince the public that increased school taxes, to support these instructors, is justifiable. The movement to establish a Federal Department of Education also will receive the endorsement of the Association.

Why Colds are Dangerous
You are often told to "beware of a cold," but why? We will tell you: Every cold weakens the lungs, lowers the vitality and paves the way for the more serious diseases. People who contract pneumonia first take cold. The longer a cold hangs on, the greater the danger, especially from the germ diseases, as a cold prepares the system for the reception and development of the germ of consumption, diphtheria, scarlet fever and whooping cough. The quicker you get rid of your cold, the less the danger of contracting one of these diseases. Chamberlain's Cough Remedy has a great reputation as a cure for colds and can be depended upon. It is pleasant to take.

S. A. T. TO GET \$60 BONUS

The following article is taken from Station and applies to all S. A. T. C. Units. The information contained in the article is valuable. Before sending in discharge papers they should be registered at the County Clerks office.
"Due to the fact that there has been some uncertainty about the position of the S. A. T. C. men in regard to the \$60 bonus that the government is giving all discharged soldiers, the statement is authorized by Capt. W. E. Mummy that the discharged men from that organization are entitled to the bonus, and will be sent a check for the \$60 upon their submitting to the Zone Finance officer, Lennon Bldg., Washington, D. C. proofs of their service in the S. A. T. C.
"Some apprehension has been expressed as to sending the discharge papers through the mail. Every precaution should be taken and Captain Mummy advises that the papers be sent by registered mail. It would also be well for every discharged soldier to have his discharge registered with the county clerk. The state legislature was expected to pass a bill yesterday requiring all county clerks to do this recording free of charge, but the fee for this service will be only nominal in any case."

The Best Laxative
"My sedentary habits have necessitated the use of an occasional laxative. I have tried many but found nothing better than Chamberlain's Tablets," writes George F. Daniels, Hardwick, Vt. Mr. Daniels is proprietor of the Hardwick Inn, one of the model hotels of New England.

GIRL'S BASKET BALL TEAM TO BROWNWOOD

The girls basket ball team of the local high school went to Brownwood, Friday afternoon, where they will play the high school team of that city today. The girls making up the party to Brownwood were: Misses Ruth Nicholson, Nell Fitch, Margaret Raby, Ruth and Kate Cockrell, Martiel Bridwell, Bee Nance, Elizabeth Jones and Ruby McKenzie. Prof. and Mrs. E. L. James accompanied the young ladies.
The girls returned home at noon Saturday, after playing the game in the auditorium Friday night. They were defeated by a score of 20 to 7. They report a pleasant trip and say that Brownwood people treated them royally. They hope to play even with the Brownwood team when that team comes to Ballinger for a return game.

DAILY HEALTH TALKS

A Single Remedy Often Cures Many Diseases

BY VALENTINE MOTT, M. D.
It is almost impossible to give a list of the endless diseases that follow indigestion. Perhaps a whole column in this newspaper would be required to print them all. You eat to keep alive—to supply blood and flesh and bone and muscle and brain. It is easy to see that if your food is not digested and taken up by the delicate organs and distributed where it is needed, a disease of some sort is sure to come. Dyspepsia is a common symptom, and so are liver complaint, loss of flesh, nervousness, bad memory, dizziness, sleeplessness, no appetite. Many times, when neglected, indigestion results in coughs, throat diseases, catarrh, bronchitis and even more dangerous things. And all these disorders arise because the food is not properly digested in the stomach. It is plain even to a child that relief and cure are to be had only by setting up a healthy condition in the stomach. Dr. Pierce, of Buffalo, N. Y., many years ago combined a number of vegetable growths into a temperance remedy for indigestion, and called it Golden Medical Discovery. It is probably the most efficacious discovery ever made in medicine, for the list of people all over the world who have had their countless ills overcome by Dr. Pierce's Golden Medical Discovery, makes an amazing total of thousands.
I know of no advice better than this: Begin a home treatment today with this good vegetable medicine. It will show you better than I can tell you what it will do. When taking Golden Medical Discovery, you can rest assured of one very important thing—it contains neither alcohol nor opium. There is nothing in it but standard roots and herbs that possess curative properties of a high order. A safe medicine is the only kind you can afford to take.

How Will You Spend Your Vacation—Think it Over

Young men and women who are neccitious to achieve success all will not waste the summer months in idleness. If you properly spend your vacation you are sure to find it profitable. If you are a student, you should take advantage of the summer months to enter the Tyler Commercial College. The school is now holding sessions or attending a special training they receive every year we have more than a thousand students who find their vacation to take advantage of the big fall session. It is useless to idle away the summer months. Business men in all lines are busy, and ambitious young people would rather be with a large enthusiastic student body in a big school building under electric fans mastering Bookkeeping, Shorthand, Telegraphy, Business Administration and Finance, Penmanship or Cotton Classing than to be idle and blighting their future. Write for a large illustrated free catalogue of the Tyler Commercial College. Read of the advantages of our splendid courses of instructions and of those who have graduated and are now holding good positions and what they say of our college and what their employers think of their efficiency training. Read how some have worked their way through school, how others borrowed the money to pay board and gave the college their notes for tuition and made it pay them big dividends, how others quit jobs at small salaries, complete courses with us and went back to the same firm at two or three times their previous salary. Some who were unable to come to our school finished our Home Study course and never quit drawing their salary. Make arrangements to enter as soon as your school closes. The United States government holds Civil Service examinations in Tyler enabling our graduates to go in positions at salaries from \$900 to \$1800. There is a great demand for clerical help in government reconstruction work and our graduates are receiving prompt appointments. The salaries are advanced after three months of satisfactory service, and the pay is sure and prompt. We not only make a specialty of preparing our students for positions with business houses but to pass the Civil Service examinations for Stenographers, Bookkeepers, Typist and Clerks. Fill in for free catalogue and mail to Tyler Commercial College, Tyler, Texas.

PREMIUM LIST OF STOCK SHOW MUCH LARGER THAN 1918

More Money and More Attractions Offered for Fort Worth Exhibitions Than Ever Before—Dates March 10-15

Fort Worth, Texas—Prizes aggregating \$25,000 have been hung up for livestock awards at the Southwestern Exposition and Fat Stock Show, which will be held here March 10 to 15.

This much is gained by scanning the generous premium list, the largest in amount of money ever offered, which has just been completed and issued to stockmen at all points of the compass, in Texas and surrounding states.

Increases have been made in every department of the show. These additional sums will do much towards fostering the government's plan for encouraging the production of better livestock, they will insure entry lists in all divisions that will surpass previous shows, in fact, this is already assured by the letters from breeders from all over the country that have been arriving in a steady stream at the office of the show management.

Greater emphasis than ever before has been laid upon the dairy cattle department. Through the co-operation of Jersey and Holstein associations, the amount of prize money in these divisions has been doubled this year. Indications are that the number of entries will more than justify the prizes offered.

M. Sansom, Jr., of Fort Worth, one of the best-known stockmen of the Southwest, a man with a wide knowledge of the livestock game and the show end of it, as well, has been selected as secretary manager. S. B. Burnett again is president, while the executive committee in charge of the show consists of A. B. Case,

M. Sansom and John I. Burgess.

While the livestock exhibits form the central attraction of the Southwestern Exposition, as has been the case ever since its establishment twenty-two years ago as the National Feeders and Breeders show, there will be numerous other attractions that will serve to divert and interest those numerous classes for which livestock has only a passive interest. A magnificent carnival—the combined attractions of J. George Loos and the DeKreko Bros. shows—will pitch their tents upon the show grounds.

Most unique and interesting of all, perhaps, will be the Rodeo, which Webster's dictionary defines correctly as a "Round Up." Secretary-Manager Sansom has secured the services of Bob Tadlock to act as chairman of the Rodeo committee and no money is going to be spared to make this event loom up alongside the great exhibitions of Cheyenne, Tucumcari and other Western cities where frontier celebrations have been made much of.

All that can be said right now is that the Rodeo is going to be an "all contest" affair. Every entry—and they are coming from every section of the Great West—will have to win money before he or she can secure it. And entry fees will be charged, as well.

A host of other features of entertainment, including a magnificent industrial display, are being arranged. The show management feels safe in promising a variety of entertainment such as has never before been offered here.

FISHY.

"Who's that nervous man with the European war ribbon who hangs around the docks all day long?"

"He spent two years in the S. O. S. watching French fishermen, and one day he saw one catch a fish. The doctors say he'll be all right after a long rest."—Paris Stars and Stripes.

NO LONGER CHILDREN.

"Any children in the family?"
 Not any more. A few months ago we had three boys, but they're all grown men and in the service of their country now."

Americans Are Feeding These Children

A relief station in the Holy Land where Armenian and Syrian war orphans are being fed and clothed. Immediately after the Turks left Jerusalem, American relief workers took twenty-five homeless children in charge, gave them old-fashioned Saturday night baths, clean clothes, and something to eat. Many of them were wearing the same clothes they had on when driven from their homes two years before. The week of February 1-10 has been set for the time when the Southwest will raise its share of the \$30,000,000 which has been asked of the American people for relief of the terrible war sufferings in the Near East.

"I wish it was possible for everyone who suffers from constipation to know about Dr. Caldwell's Syrup Pepsin. It is pleasant to the taste, does not gripe, and the result is sure." (From a letter to Dr. Caldwell written by Mr. R. A. Laney, Alexandria, La.)

Dr. Caldwell's Syrup Pepsin is a combination of simple laxative herbs with pepsin, pleasant to the taste, gentle in action and positive in its effect. It relieves constipation quickly, without griping or strain, and is a standard family remedy.
