County Vegetable Harvest At Varied Stages

Around Muleshoe

An explosion at about 3 p.m. Thursday afternoon injured five persons in the east part of Muleshoe. The explosion was said to have been caused by gasoline fumes which were being used to clean clothes, being ignited by the flame from a hot water heater.

Wayland Harris, a Muleshoe Volunteer Fireman, was taken ill while in College Station at Fireman's School and was taken to St. Joseph's Hospital there. At noon Friday, he had been removed from intensive care and it was said that his condition had stabilized. Harris is an employee of Five Area Telephone.

The Muleshoe Young Homemakers are taking orders for pecans. They are Del Cerro pecans packaged in one pound bags. They are priced at \$4 per bag and orders must be in by August 12. Deliveries will be made on August 26. For orders call Pam Zwickey at 272-0002 or Terry Byers at 272-4468.

Much confusion took place when the lights and electricity went out around noon at the First National Bank. Order was restored in a short time, however. Cont. Page 6, Col. 5

Ministerial Alliance Plans Special Day

The Bailey County Ministerial Alliance is sponsoring a community-wide worship service on Sunday night, August 1, at 7:00 p.m. in the auditorium of the First Baptist Church. This is to be a service to Christian fellowship and praise to God.

An all-church choir composed of any interested individuals will practice at 6:30 p.m. Sunday in the choir loft of First Baptist and will sing in the service that night the old gospel song "Hallelujah! We Shall Rise." The Good Time Gospel Singers, a quartet from Trinity Baptist, will also sing, and JoEllen Cowart from First United Methodist will sing a solo.

Special guest speaker will be Glen Reece of First Baptist Church of Post. The pianist will be Bobbie Johnson and the organist Mickey Cloud. Carroll Rhodes will be leading the congregation and the choir in singing songs of praise. During the service, an offering will be taken for aid to transients.

RIBBON CUTTING...Chamber of Commerce officials and other friends were on hand for the official ribbon cutting ceremonies at the Slaughter House, a new private club, in Muleshoe on Friday morning. Chamber president Bruce Wood did the honors, with help from John Gulley.

Farmers Advised Of Final Crop Certification Date

Rusty Williamson, County ASCS Executive Director has issued a reminder to all farmers that August 2 is the final certification date for 1982 crops planted on all farms.

Failure to report planted crops will result in a producer losing all program benefits such as loan programs and deficiency payments.

Failure to report will also cause the yield for the farm to be set at zero for upland cotton and program crop acreage to be zero for each program crop not reported.

Farmers are urged to measure their crops accurately and bring their information into the ASCS office no later than August 2, Monday. Acreage needs to be reported whether or not a farmer is participating in the program, if he wishes to protect his crop history for the farm. Zero acreage certifications will need to be given if a producer has a base for a crop and has not planted the crop this year.

"While we realize that this has been a difficult year for the farmers, if and

when they get through planting and can decide their acreage, they should be reported as soon as possible to avoid the last minute rush," said the County Director.

Other information from the ASCS office regards wheat disaster payments. If a producer's 1982 wheat crop was affected by a natural disaster and that producer was prevented from harvesting at least 60 percent of his established yield, he is eligible for a 1982 disaster payment. Producers will have 15 days from July 27 to submit their 1982 production records to verify eligibility. If the necessary information is not submitted within this time, a late file fee will be charged.

Commissioners Call Special Session

Bailey County Commissioners will meet in a special called session in the courthouse on Monday, August 2, beginning at 10 a.m.

The main item on the agenda involves the consideration of and taking action upon a written resolution entitled: Resolution approving the creation of South Plains Housing Finance Corporation; approving the

Taxpayers Can Limit Effective Tax Rates

Dale F. Jones, Chief Appraiser for Bailey County Appraisal District has stated that according to the Texas State Property Tax laws, beginning in 1982, taxpayers have a form of initiative and referendum available to limit the amount of tax increases a taxing entity can adopt. By petition, voters may require that an election be held to limit the amount of tax increase to only eight percent over the calculated effective tax rate. For all taxing units except schools the limitations are immediate. School districts will experience the limitation the following year. Jones stated that copies of the referendum act are available at the Bailey County Appraisal District office.

Tax rates effective in 1982 for the Bailey County Appraisal District entities are as follows: City of Muleshoe \$0.61 per \$100 of valuation; for Muleshoe Independent School District - \$0.89 per \$100 of valuation; for Three Way Independent School District - \$0.87 per \$100 of valuation.

Effective tax rates are arrived at by a number of things. The Chief Appraiser stated that the basic procedure is as follows: 1) Revenue that is generated from the previous year is

1983 Mule Football Schedule Is Quality

While Muleshoe will not meet Lockney and Olton in football competition this year, the Mules will be taking on two tough teams in their places in the form of Floydada and Levelland.

The first game will be against the ever tough Portales Rams in Benny Douglass Stadium in Muleshoe on September 3. The Rams hold the New Mexico State Championship title for 1982 so fans will need to be there early for the 8 p.m. kickoff.

The next game will be played against the Levelland Lobos on their home turf. According to Coach Williams, the Lobos are a prime team and have an excellent coach.

The Mules will meet Floydada on September 17 in Muleshoe with gametime set at 8 p.m. Floydada has always been tough and ends up in the playoffs every year, so Williams will be looking for a hard played game here.

Idalou will meet the Mules on their home ground on September 24 at 8 p.m. Anyone who has

Weather Problems Slowing Processing

Representatives from three local vegetable processing plants in Muleshoe have stated that the wet weather and hail that hit the county earlier in the summer has considerably slowed down the vegetable harvesting and processing this year. In some cases, yields may be cut back as much as 50 percent.

In a talk with Pat Powers owner of the T. J. Powers Company, he indicated that the movement of the processed vegetables had been slow, but expressed hope that the season would begin to peak around the first week or two of the month of August. Powers is now processing onions and potatoes and hopes to be able to start with carrots next. According to Powers the yields have been fairly decent, but the crops are slow coming in since the hail set them back. Powers said that the onion crops close to Hereford were really devastated and they had received about two inches of rain on Thursday night.

The Powers facility is about half way through the onion crops, but not quite half through on the potatoes. "We should be further along but weather has prevented the harvest as it should have been," Powers stated.

When asked about the market situation, the vegetable plant owner stated that it was slow and that prices were generally low. "People are becoming more conservative in their buying," he said.

The new facilities that the Power Company put in the past spring are working good, making the processing easier and enabling the company to handle a greater volume of vegetables. They also have a larger bulk storage facility. The Power Company is overall running behind schedule

Fee For Cotton Classification Increased

USDA has announced an increase in the users fee for cotton classification service to producers of cotton. The effective date of the proposal is July 15, 1982. The new rates are as follows: cost of classification to producers, 67 cents per sample; fee for a new memorandum will be \$1.90 per sheet; and the fee for review classification is \$1.05 per sample.

Comments are invited, and should be addressed to Lloyd R. Frazier, Chief Marketing Branch, AMS, USDA, Washington, D. C. 20250, mailed in time to reach Washington, D. C. on or before September 14, 1982.

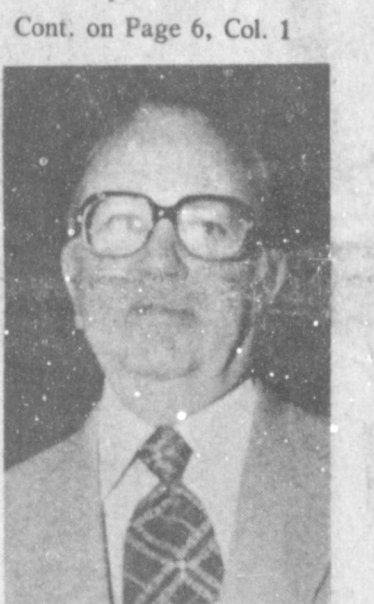

and probably will be running through September. They have completed the harvest of white onions and will be through the yellows about the 20th of August. "We've lost a lot of our carrots, but we will harvest a lot since some were able to replant. Some of the carrots were replanted three times; and some are on schedule," Powers explained.

The Robert Ruiz processing plant is now in the process of running cabbage, and since that commodity is harvested and sacked in the fields, a lot of extra work is eliminated. A lot of the cabbage on the Ruiz farms was hailed out and had to be replanted. Fred Perez, an office employee, stated that the harvest was not as short as some had expected. They have had good luck with their onions and potatoes and do not expect to harvest too much less than normal. Ruiz still has cucumbers, bell peppers, honeydew melons and cantaloupe to harvest.

NEW EMPLOYEE-- A & M Farm and Ranch Stores have announced that beginning Monday, August 2, Roy Whit, former Chevrolet and John Deere dealer in Muleshoe will be associated with the Muleshoe store as assistant manager.

Championship Tourney Planned August 9-15

The South Plains Tournament of Champions slow pitch softball games will be held in Muleshoe on August 9, 10, 11, 12, 13, 14 and 15 at the Muleshoe Babe Ruth Ball Park. There will be a total of thirty games, or 31 if necessary. There will be a total of 16 first teams.

Entry fee for the tourney is \$75.00 per team and the games will be played in double elimination, hit your ball fashion.

Game times will be at 7 p.m. on Monday through Friday with four games per night being played. Satur-

day games with six being played will begin at 1 p.m. and Sunday games will begin at 2 p.m. with a total of four games that day.

There will be a one hour time limit and the teams will include a 15 man roster.

Trophies will be presented to first, second, third and fourth teams, and individual trophies will be presented to 15 each of first and second place individuals. Ten all tournament team trophies will be given and one trophy each for the most valuable player and

CABBAGE FROM FIELDS...Despite the rain and cloudy skies Friday, workers at Robert Ruiz, Inc. were busy unloading cabbage from trucks to be stored. The cabbage is sacked in the fields and brought into the facility for storage until shipping.

WASHING PROCESS-Workers at Barrett Produce have a busy job as they wash and sort potatoes at the plant. Barrett Produce is about half way through their harvest season this year, and are running about 12-14 hours daily.

ONIONS HARVESTED...T.J. Power & Company has completed the harvest of white onions, but still have the yellows to harvest. Movement of harvested vegetables have been slow this year.

MR. AND MRS. BRENT INMAN
[Nee Lisa Holland]

Lisa Holland, Inman Exchange Vows At Clovis

Lisa Kay Holland and Russell Brent Inman exchanged wedding vows on Friday, June 18, at First Baptist Church of Clovis. Dr. James Russell officiated the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Marvin Holland of Clovis and the bridegroom is the son of Mr. and Mrs. Marlon Inman of Farwell. He is the grandson of Mr. and Mrs. Sherman Inman of Lariat and Mr. and Mrs. Verney Towns of Wichita Falls.

The church was decorated with silk flower arrangements in colors of mauve, burgundy and pink.

The bride wore a full-length white organza gown with attached chapel train, flounced hemline trimmed with Chantilly lace. The bodice was adorned with seed pearls and a satin ribbon waist sash. The bride's hat was adorned with a white silk rose trimmed in lace with a fingertip veil. She carried a cascade of white silk roses and carnations, with white ribbon streamers.

Julie Brown of Clovis served as maid of honor with Janet Marsh of Amarillo and Kathy Sherriff of Clovis as bridesmaids. The flowergirl was Kristi Green. Larry Wheeler of Clovis served as best man. The groomsmen were Stewart Farrell of Pagosa Springs, Colo. and David Adcock of San Antonio.

Candlelighters were Bob Deaton and Ty Rutter and also served as ushers. Traditional wedding music was played by Mrs.

Nancy Gressett and Larry Wheeler presented special wedding solos.

A reception followed in the fellowship hall of the church. The bride's table was covered with white lace and was highlighted with a three tiered white cake, separated by columns and decorated with flowers of mauve and burgundy.

Focal point of the grooms table which was covered in white lace was a chocolate cake decorated with ivory icing and trimmed in mauve and burgundy roses.

Serving were Mrs. Glenda Green, Mrs. Kathi Holland and Mrs. Terry Holland. At the groom's table were Dixi Martin and Mrs. Glenda Cooper.

Other hostesses included Mrs. Mery Huguley, Mrs. Emily Bledsoe, Mrs. Freddie Deaton, Lisa Massey, Twila Rutter, Kim Smith and Suzahn Inman.

A rehearsal dinner was held in the home of Mr. and Mrs. Marlon Inman.

Muleshoe guests at the wedding included Mr. and Mrs. Sherman Inman and Mr. and Mrs. Gary Hicks.

Irwin Family Feted With Farewell Party

As late afternoon rains threatened a farewell weiner roast, Donald and Bobbie Harrison set up tables in the barn at their home on Tuesday evening.

The special occasion was to honor Jim Irwin, assistant county agent, his wife, Barbara, and daughter, Sarah.

Irwin resigned from the position he held on July 1 in order to enter Southwest Theological Seminary in Ft. Worth.

Having served as assistant county agent in Bailey County for the past three and a half years, he worked mostly with 4-H youth and was popular and well respected in that position.

Persons attending the weiner roast presented a money tree to the family following a meal of hot dogs and homemade chili, topped off with homemade ice cream and cake.

Attending the farewell supper were Mr. and Mrs. Travis Bessire, Sherri, Todd and Wess Hanks, Mr. and Mrs. Wayne Tunnell and Tracey, Mr. and Mrs. Herman Morrison and Sharla, Mr. and Mrs. Ted Harrison, Kelley and Alan, Linda Mullin, Mr. and Mrs. Spencer Tanksley, Courtney and Collin, Mr.

and Mrs. Jack Dunham, Gary Mac Brown, B. J. Brandon and Stephanie, Darrell McCamish, Jo Ella Flowers and Brenda, and Jessie Robinson.

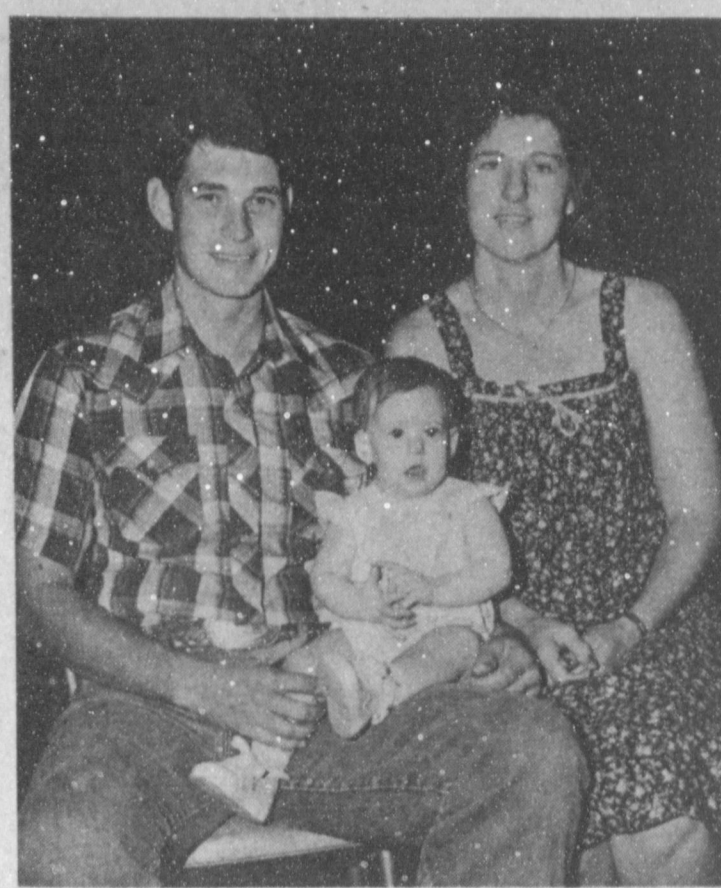

Also, Mr. and Mrs. Darwin Robertson, Mitzi, Jeanine, Larry and Rebecca, Mr. and Mrs. Johnnie Estep, Brandi and Casey, Mr. and Mrs. Joe Wheeler, Jamie, Jodi and Wade, Mr. and Mrs. Howard Watson, Troy and Neal, Delia Shaw, Dee Kinard, Kim Farmer, Michelle Lane, Mr. and Mrs. Donald Harrison and Greg Harrison and Jonie Sudduth.

Hobby Club

Eighteen members were present Thursday, July 29 for the all-day covered dish luncheon meeting of the Muleshoe Hobby Club.

Meeting in the community room of the Muleshoe State Bank, several members brought crocheted pieces to work on while others visited.

President Sammie Ethridge read a poem on "People Aren't Like They Used To Be."

Local Rebekah Lodge Invited To Area Meets

Twenty three members attended the Tuesday night meeting of Muleshoe Rebekah Lodge #114.

It was reported that one member was currently in the hospital and another member had just been released from the hospital.

Invitations from the Clo-

vis Rebekah Lodge and the Hereford Lodge were read.

The Clovis invitation is for August 21 at Ned Houk Park. Supper will be at 6:30, followed by the Rebekah Degree.

The Hereford meeting is at 1 p.m. today, Sunday. It will be the regional fellowship picnic, and those attending are asked to take a picnic basket.

New Library 'In The Making' At Littlefield

A building to be used as Lamb County Memorial Library has been purchased, according to an announcement by the Board of Trustees of the Library.

Higginbotham - Bartlett Lumber Company building and adjoining lots to the north, located at Phelps and Third Street, Littlefield were purchased for the new facility.

Bids are expected to be let by the trustees for remodeling the building to meet the needs of the library. Specifications are being drawn currently.

Persons who have ques-

tions about the library or suggestions to make concerning the library are asked to contact their local board member.

Pickup overturns at intersection

A pickup truck, with three persons in the cab and two in the back, overturned at 3 a.m. Friday at the intersection of U.S. 84 and FM1760.

One passenger, Bobby Gonzales, was taken by Ellis Ambulance to West Plains Medical Center for treatment of injuries sustained when he was thrown from the back of the pickup as it overturned.

TRU-TEST PAINTS

PAINTING HELP SPOKEN HERE.

BY *Bonnie Blaire*
TRU-TEST COLOR CONSULTANT

Dear Bonnie:

We are looking for ideas for the mountain retreat we are planning and while traveling through the Northwest recently, we found many handsome restorations of old frame houses painted barn red and gold. I think of these as New England colors. How can they be authentic?

Signed, Dubious

Dear Dubious:

"Boxcar Red" and "Boxcar Yellow" are indeed authentic Northwest colors.

As the Northern Pacific Railroad pushed through to open up the Northwest, they established communities all along the right-of-way to house the railroad workers. They painted them with the only available paint—the boxcar colors.

Sturdily built, these houses became the first homes of the pioneers after the railroad moved on. As it turned out these two autumn leaf colors are excellent choices for this forested region.

Boxcar Red and Boxcar Yellow are similar to (Country Red 7723) and (Colony Gold 7241) in TRU-TEST WeatherAll Flat Acrylic Latex House Paint color card.

Grimes, Boyer Wed In Candlelight Ceremony

MRS. RODNEY LYNN BOYER
(nee Debra Ann Grimes)

Miss Debra Ann Grimes became the bride of Rodney Lynn Boyer in a candlelight ceremony Saturday, July 31 at 2 p. m. in the First United Methodist Church of Canyon. Brother Harold Abney of White Deer read the double ring vows.

Parents of the couple are Mr. and Mrs. Bert Grimes of Maple and Mr. and Mrs. Garry H. Boyer of Fritch.

The church decorations included one large arch of candles, accented with daisies and greenery, and two small arches of candles also accented with daisies and greenery. The pews were marked with apricot colored bows.

Melinda Carter, soloist, of Odessa sang, "He Has Chosen You For Me," "Flesh of My Flesh," and "This Is The Day." She was accompanied by Ann Sowder, organist and Doylene Terrell, pianist, both of Maple.

Given in marriage by her father, the bride wore a formal gown of white dotted swiss designed with a sheer victorian neckline accented by Belgian lace. A flounce of re-embroidered lace extended over the closely fitted bodice and shoulders. Her long bishop sleeves were caught up at the wrist in deep lace cuffs which formed scallops over the hands. Tiny bows of satin accented the cuffs.

The skirt fell into a three tiered hemline which swept to back fullness and ex-

tended into a chapel length train.

She carried a bouquet of white daisies and peach roses. In her hair, she wore a flower arrangement with ribbon matching her bouquet.

In keeping with tradition the bride carried the Bible her mother carried at her wedding as something old. Something new was her gown, something blue was her garter, and something borrowed were her shoes, borrowed from Allison Kirkpatrick.

Amy Grimes, sister of the bride, served as maid of honor. Bridesmaids were Mrs. Buck Rogers of Washington, D. C., Janet McWhorter of Hereford, Mrs. Mark Kirkpatrick of Amarillo and Mrs. Mike Tabor of Lubbock.

The attendants wore identical gowns of apricot giana and lace designed with a sheer victorian neckline of lace. A flounce of lace extended over the shoulders and bustline. The softly pleated skirt fell to floor length. Each attendant carried three daisies ac-

cented with apricot ribbon.

Mike McDearmon, of Canyon, served as best man. The groomsmen were Mike McClellan of Borger, Ray Adams of Fort Worth, Andy Hicks of Canyon and Clay Richardson of Fritch.

Misty Maxfield of Amherst and Jamie Green of Abilene were candlelighters. Ushers were Henry Arellano of Houston and Kerry Powell of Amarillo.

Following the ceremony, a reception was held in the parlor of the church. Janet Laycock registered guests. Servers were Brenda McDearmon, Kim Young, Beverly Jones, Sheri Gillean, Terri Boyer and Paula Sulsey.

The serving table was covered with a white lace cloth. The bride's bouquet served as the centerpiece. The white cake was decorated with apricot roses and white daisies.

Members of the houseparty included Betty James, Shallowater; Virginia Howie, Wilson; Yvonne Maxfield, Darlene Maxfield Mary Campbell and Kathy Mills, all of Amherst.

Following a wedding trip to Orlando, Fla., the couple will make their home in Canyon where the bride will teach home economics at Canyon Junior High School and Boyer will be teaching industrial arts at Canyon High School.

The bride is a graduate

of New Home High School and Texas Tech University. Boyer is a graduate of Sanford-Fritch High School and West Texas State University.

A rehearsal dinner was held in the fellowship hall of the church followed by a skating party at the rink in Canyon.

A bridesmaids luncheon was held in the home of Mrs. Janet Laycock.

TOPS Club

TOPS Chapter #1163 met July 29 in the meeting room of Summit Savings Association. Edna Haynes, president, was in charge of the meeting and Fern Gregory called the roll with eight members answering roll call.

For the first week, the club showed no 'gainers.' Best loser for the week was Brenda Murphy; Fern Gregory and Edna Haynes tied for first runner up and Elawese Norman was second runner up.

After reports on secret pals, members read articles of interest from the TOPS magazine.

Starting next week TOPS #1163 will meet 5:30-7:30 p.m. In the future, all of the meetings for #1163 will be held on Tuesday.

Praise ye the Lord; for it is good to sing praises unto God; for it is pleasant; and comely. -Psalms 146:1.

Davison, Humphreys Wed In Sudan Church

Jimmie Davison and Norman Humphreys were united in marriage Saturday, July 17, 1982 at 8 p.m. at the First Baptist Church, Sudan. Rev. Truman Johnson, the pastor, officiated.

Escorted and given in marriage by her son, Mart Davison, the bride wore a formal length dress of apricot, and carried a nosegay of apricot and white roses and daisies.

Matron of honor was Louise Legg. She was attired in a rose colored formal length dress.

Best man for the wedding was Clay Harrison.

Traditional wedding music was presented by Georgeann Rasco, organist. She accompanied Janet Nix, soloist.

The church was decorated

with apricot and white silk flowers and apricot colored candles in brass holders.

Following the ceremony, a reception was held in the fellowship hall of the church. The bride's table was covered with a white floor length cloth of lace and centered with a floral arrangement of apricot and white flowers. The cake was decorated with apricot roses. Pam Morris and Sheryl Morris, daughters of the bride, presided at the bride's table.

Brownies and coffee were served from the groom's table by Gloria Humphreys and Kathy Gatewood.

Following a wedding trip to Ruidoso, the couple is residing in Sudan.

Topics to be covered on "The Creative Woman" show for August 3 and 7 include antique quilts, determining the energy efficiency of ovens and surface units, a sewing tip from Stretch & Sew, and information on caring for roses. The show is seen at 12:30 p.m. on Tuesdays and at 2:00 p.m. on Saturdays on Channel 3, KENW-TV.

Quinnell Roark from Clovis will be a guest on the show and will have a display of beautiful and interesting antique quilts. And among those to be shown and discussed will be a "postage stamp" quilt, several native southwestern quilts and a "Kansas City Star" quilt. Mrs. Roark will also talk about how to care for quilts and present information on antique quilt preservation.

Another guest will be Vicki Willis, Consumer Service Representative with SPS in Roswell and she will discuss how to measure for energy efficiency in our ovens and surface cooking units.

Ann Person, President and founder of Stretch & Sew, Inc. will demonstrate how to set in a sleeve in a knit top. This same technique could apply for women's, children's or men's wear, and Ms. Person will

explain the steps involved in this sewing technique.

To conclude the show, Charles Guthals, owner of Guthals' Nursery in Clovis, will discuss caring for roses, how to control insects and diseases and what products work best on roses.

On August 5 at 12:30 p.m., "The Creative Woman" will feature a segment on aerobic exercises and a couture fashion show.

Swanee Browning, owner of S & S Aerobic Centers in Portales and Clovis, and an instructor in aerobic exercising will explain what aerobics can accomplish and what exercises fall in this category. Then she will demonstrate several different floor exercises and explain the purpose of each one, talk about equipment that is needed, and why the warm-up and cool-down periods are so important in any exercise program.

Another guest on the show will be Jacqueline Davis, owner of "The Blue Room" in Clovis and she will present a collection of couture fashions.

"The Creative Woman" is produced and hosted for KENW-TV by Sheryl Borden and the show is made possible in part by a grant from Security State Bank of Farwell, Texas.

DONATION MADE--J. C. and Debbie Slaughter presented a check in the amount of \$200 to Bob Sanders, president of the YAC, to be used in the completion of the new miniature golf course in Muleshoe. This was done following ribbon cutting ceremonies on Friday morning.

Girl's Grooming Clinic Planned

A Grooming Clinic for all teenage girls has been planned for Thursday, August 12 at the 16th and Ave. D Church of Christ. The event will begin at 10 a.m. and conclude at 3 p.m. Mini-sessions will be conducted by various resource persons on diet and exercise, manners and social graces, hand and nail

care, hair and skin care and dental care.

Each participant is asked to pre-register by Monday, August 9, 1982 at the Extension Office, 272-4583.

There is no charge for the program and all teenagers are welcome to attend regardless of socioeconomic level, race, color, sex, religion or national origin.

Family Honors Minnie Redwine

Family members gathered in Lubbock last weekend to honor Minnie Redwine, who was celebrating her 88th birthday.

A total of 61 family members and three friends gathered at a Lubbock cafeteria. Following the luncheon, they went to the home of her daughter, Wae'll Boatman for ice cream and cake.

Mrs. Redwine was born July 31, 1894 in Eddyville, Kentucky. She had three sisters and four brothers. Mr. and Mrs. Redwine reared 13 of the 15 children born to them.

Nine of the children were born in Hall County and made the move to the Plains by wagon and horses except for the women who rode in Mrs. Redwine's father's open top Model T. This was about 43 years ago.

After living in Lubbock County and near Ft. Sumner, New Mexico, the family moved to the Old Hurley Courthouse near Muleshoe in 1941. Their youngest three daughters and three sons attended school at Progress.

Mrs. Redwine has resided alone since losing her

which they feel will put their plant into at least a month and a half longer than usual.

Roy Herber, plant manager, told the Journal that they expect to start harvesting cucumbers about August 10 and peppers about August 20. They have installed a new boxing process which eliminates a lot of hand labor and weighs the boxes accurately. Still, the separation and grading is done by hand.

Barrett Produce, the third vegetable facility in Muleshoe, handles only potatoes. Clifford Black, manager stated that the Barrett operation was about half through and what yields were there were good. Stan Barrett, owner of the operation stated that they would probably have their volume cut in half this year due to the hailed out potatoes. Barrett owns most of the land that the potatoes are raised on and estimated that the potato harvest for them would likely be over by August 25.

Most of the Barrett potatoes are processed and packaged here and then shipped to other parts of the U.S. and Canada. Denver and the East Coast also receive a lot of the Barrett potatoes. Their harvest and processing started about the first of July.

Black told the Journal that their market had been

fair and the prices decent, with medium size #1 potatoes selling for about \$9.50 per 100 pounds. He did say also that the movement of the processed vegetables was slower than usual.

The Barrett produce also has new, more efficient equipment which has enabled them to increase the volume per day that can be handled, which is in excess of 3 to 4 million pounds per day. The newer updated equipment has allowed them to increase volume without much increase in personnel. Barrett potatoes are sold now in 5, 8, 10, 15 and 20 pound bags to grocery stores and in bulk to some of the larger chain grocers.

Barrett workers are averaging from ten to twelve hours a day and have about 70 to 75 employees hired who work in the plant, along with the 10 to 15 field employees. He (Barrett) has his own harvesting equipment, and their cold storage enables them to keep the produce chilled until it is loaded onto the trucks.

In the overall picture, it would seem that the vegetable harvest in the area is a little less than half through and if the processors don't get too much rain at the wrong time, they will be able to get the vegetables out of the fields without too long a delay.

SORTING SPUDS—Workers were lined out in the produce company sorting lines at Barretts, sorting potatoes for the proper size and uniformity, as they run down on a conveyor system.

meeting. "We would not be playing them, if we weren't in the same class," he stated.

After the Idalou game, the Mules will challenge Morton on their home ground. Morton has a much changed image according to Williams and they are a hard fighting, hard nosed football team.

Abernathy, which will be next in line for the Mighty Mules will play in Muleshoe on October 8 at 7:30 p.m. According to the Coach, Abernathy is always tough and they are big. They also have a fine coaching staff.

Going right on through the season without an open date, the Mules will meet Dimmitt next on October 15 in Dimmitt. The 7:30 game promises a changed Dimmitt team since they have a new coach who coached in Motley County and ranked well in state competition.

Arch rival and competitor for the Mules, Littlefield, will be played on October 22 at Wildcat Stadium at 7:30. While the Wildcats are just as tough as ever, they lost a lot of starting players, and they won't be playing with as much size in their players as last year. "This, however, is not taking away from Littlefield, because they will still be a great team," Williams said.

The Mules will meet Friona in Muleshoe on October 29 at 7:30 p.m. Friona is a team that sets in the middle of the Mules every year. They are an improved team this year. Williams stated that he always enjoyed the Friona game. They will be another tough bunch of guys.

in the July 27 newsletter regarding disaster payments are outlined as follows: 1) disaster payments will be made only to farms participating in the 1982 farm program; 2) production loss must be below 75 percent of the established yield on cotton and 60 percent on feed grains and wheat; 3) pounds or bushels eligible for disaster payments will not be eligible for deficiency payments; 4) payment limitation per entity will be set at \$100,000; 5) those producers with FCIC protection will also be eligible for disaster payments. All of this information is provided by the County ASCS Executive Director.

The 1982 disaster payment rates will be as follows: cotton 20.5 cents per

pound, wheat \$1.75 per bushel, grain sorghum, \$0.18 per bushel; and corn and barley 15 cents per bushel. Producers will need to file ASCS Form #574, application for disaster credit on all destroyed acreage before a payment can be made. In no case will payments be made before a producer has made final certifications. Thereafter, disaster payments will be processed out of the local ASCS office "as soon as possible" according to Williamson.

The Director also reminds that conservation use acreage should be kept in good shape, since it could have a bearing on program eligibility. Spot checks will be performed in the near future.

used. To start the calculations, four separate figures will be used. Included in that fourteen is the tax levy figures from the previous year as well as total taxable value of the property for the current year. Also, exemptions are removed so that the figures will reflect the true taxable base.

A number of state required steps are completed or formulated to produce the effective tax rate that will generate the same revenue as the previous year. This effective tax rate is the figure which cannot be exceeded by more than three percent by the gov-

erning bodies without holding a public hearing as required by the State Property Tax Code. This is a yearly process and is required by state laws.

The information contained in this article is offered in the hope that taxpayers may better understand the processes used to arrive at the tax rates that are effective each year.

EVERYONE IN THE CHURCH
THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Strake Talk

Keeping In Touch

This is the first of what I intend to be a number of weekly columns from me, discussing various topics of importance to Texans. During the coming weeks, we will discuss such things as President Reagan's "New Federalism" proposal, the need for better laws dealing with drunk drivers, illegal aliens, the education of our children, and a host of other issues that will be on our political agenda.

I believe these columns will provide a unique opportunity to stimulate public discussion on these important issues. Indeed, this may be the only way I have challenged my opponent, Mr. Hobby, to a series of free-wheeling debates on political issues, so both our views could be put before the people of Texas. We met in debate one time in Houston. In the view of all observers, Mr. Hobby lost and he has announced that he will not debate again. So I have chosen this route to try to let you know my position on the issues. I feel you are entitled to know that before you make your decision in the November election. Additionally, I hope you will let me know your views. They are important to me.

The office of Lieutenant Governor is exceedingly powerful in Texas. It affects all our lives. In addition to presiding over the State Senate, the Lt. Governor appoints all Senate committees, their chairmen, and assigns all legislation to the committee of his choice. He presides over the Legislative Budget Board, which significantly shapes state spending. It is an office all Texans ought to be concerned about.

I hope you will watch for this column. Tell your friends and neighbors about it. Discuss the issues. Together, we can make a contribution to the political process, and hopefully improve all our lives. Let me know your views on the issues I discuss in the weeks ahead. Just write me at 1213 W. 34th, Austin, Texas, 78705.

There are people who always have a good excuse for whatever they fail to do.

Lawn Care Energy Demands Reduced

Texas homeowners can reduce lawn care energy demands without lowering lawn standards.

"While lawns offer many recreational and aesthetic benefits, these may be offset by energy requirements of lawn care," says Dr. Richard Duple, turfgrass specialist with the Texas Agricultural Extension Service, Texas A&M University System.

"Lawn mowing, watering, fertilizing, controlling pests and disposing of leaf clippings are all energy-consuming requirements. In the spring and summer, lawn watering and collecting and disposing of grass clippings place a heavy burden on services provided by cities. Grass clippings often account for more than 30 percent of total trash collections in some cities during the peak season," Duple says.

Several lawn maintenance practices, he says, will help homeowners reduce these energy demands. Reduce fertilizer applications to maintenance levels—2 to 3 pounds of actual nitrogen per 1,000 square feet of lawn per year—to help lower energy demands. (That's 20 pounds of a fertilizer containing 10 percent nitrogen.) By applying only maintenance levels of nitrogen to a lawn, a homeowner can reduce mowing

frequency, water use, insect and disease problems, and the volume of grass clippings.

"Excessive fertilization is the single most important factor that creates high energy demands for lawn care," Duple says.

Practices to reduce energy demands of lawns also include returning or composting grass clippings. Use of a mulching mower can be beneficial if grass clippings are not composted, says the specialist.

Also, adopt proper watering practices to save water and energy.

Reduce pesticide use to only essential applications to prevent loss of turf and save energy.

New homeowners should select and plant adapted, low-maintenance turfgrasses to reduce energy demands, Duple advises. Centipedegrass is ideally suited to East Texas, while buffalograss is adapted to much of West and North Texas. Both grasses have low maintenance requirements, yet provide a satisfactory turf cover for lawns.

Ground cover such as Asiatic jasmine, English ivy or Liriope can reduce maintenance requirements effectively in some situations without sacrificing the benefits of a plant cover. In heavily shaded areas and on steep slopes, use these ground covers in place of grasses, Duple suggests.

"It's possible to enjoy the luxury of an attractive lawn and landscape without excessive energy requirements. In fact, the net energy balance for a lawn can be in favor of energy conservation," Duple says.

AG WEATHER ADVISORY

No precipitation was recorded in Bailey County during the past week. Maximum and minimum temperatures were close to climatic normals. Accumulated heat units at Muleshoe as of July 19 were 872 compared with a normal of 1015.

Irrigated corn sown in mid-April has past anthesis and is now in the grain filling stage. Physiological maturity is projected on August 28. Consumptive use continues to average approximately 0.24 inch per day.

In dryland crops soil moisture conditions continue to be adequate. Simulation results for clay soils in the county show available water in cotton is about 40 percent of capacity and in sorghum, about 70 percent. Consumptive use in dryland crops is approximately 0.21 inch per day.

Based on climatic normal the projected anthesis date for sorghum sown on June 10 is August 21. For sorghum planted late on July 1, projected anthesis date is September 3.

Climatic normals also show an 81, 56, and 12 percent chance of 0.4, 1, and 3 inches of rainfall in the next three weeks at Muleshoe. There is only a three percent chance of no rainfall in the next three weeks.

Farmers Purchasing Pesticide Warned

Farmers being solicited by telephone to buy Knock-Out pesticide are warned to be aware that the product may be grossly misrepresented, Agriculture Commissioner Reagan V. Brown said today.

"We have received several calls from scattered locations in the state from farmers who have purchased the pesticide after telephone solicitations and have found that it does not live up to the sales pitch," Brown said.

The telephone salesmen have stated that it is as good as or superior to another well-known, commonly used herbicide (Roundup). The most recent telephone solicitation has been from Alpine Farm Products in Long Island, New York.

Knock-Out is registered for sale with the Texas Department of Agriculture with a label specifying a 1.8 percent active ingredient. "There is nothing illegal about selling this product, but its performance is being misrepresented. The pesticide being compared contains 41 percent active ingredient."

Brown urged farmers before ordering such pesticide from out-of-state firms to compare the active ingredient percentage on products formulated for the same purpose. "There is still no assurance that the contents meet label specifications on purchases resulting from such telephone solicitations."

They should also check the local prices. "The cost of the product is often the same or more than they would pay locally." Pesticides sold by such out-of-state dealers could

lack the proper precautions for use on the label. There is no assurance that the pesticides are not contaminated or that they have not been diluted.

Brown advised farmers to buy from dealers they know "ones that they can complain to if the product does not work as it should."

If farmers have purchased pesticides from this company and still have the containers, they are requested to notify the Texas Department of Agriculture.

Letters To The Editor Policy

The Muleshoe Journal and Bailey County Journal welcomes letters of concern to the editors on issues of concern to readers. Such letters must meet certain qualifications in order to be considered for publication.

Letters must bear the writer's signature, address and phone number in order that the authorship may be confirmed. Under some circumstances we will delete the name of the writer, if, in our judgment, the request to do so is justified.

Letters should not exceed 250 words and must meet standards of good taste as well as legal guidelines. Letters attacking another person, a church or a specific religion will not be published. Comments on issues are encouraged in order to maintain a forum for discussion of public views.

West Texas C Of C Opposes Tax Increases

The West Texas Chamber of Commerce has adopted a position opposing proposed tax increases recently passed by the Senate Finance Committee and has recommended further reductions in spending as the proper course toward a balanced federal budget.

The position, adopted at the July 22 WTCC quarterly Executive Committee Meeting, is a reaffirmation of the West Texas Chamber's earlier position supporting the Economic Recovery Tax Act (ERTA).

The West Texas Chamber of Commerce is concerned about the prospect of substantial federal budget deficits for fiscal year 1983 and beyond. "Such deficits are wholly unacceptable," according to WTCC National Affairs Committee Chairman, Robert Woofler of Fort Worth. The WTCC is aware of the general recognition by Congress that something must be done to prevent such deficits. However, the expressed intention of Congress, to solve current problems with the largest tax increase since World War II, overlooks the basic fact that current economic difficulties would only be compounded by higher taxes.

The solution to the problem lies in spending cuts, rather than higher taxation. "Spending by the Federal Government has increased as a percentage of gross national product by the unacceptable rates of 19.5% in the 1960s, 20.8% in the 1970s, and 22.5% and 23% in 1980 and 1981," according to Roy E. Gillia of El Paso who heads the chamber's Task Force on Taxation. "It is this unacceptable level of federal spending which causes high in-

terest rates, and thereby stifles business activity," Gillia stated.

During 1981, the administration and Congress finally recognized the need to reverse the trend of over 40 years of runaway federal spending, federal taxing and federal regulating. Congress enacted the Economic Recovery Act, which was designed to lower inflation and stimulate the rate of investment. It is only through capital formation, savings, and small business growth, that the country can once again create new jobs and increase the national wealth.

"Unfortunately, only one year after the enactment of ERTA, Congress is trying to 'take back' over 65% of the business tax incentives and over 10% of those provided to individuals. This misguided tax policy is driven by the equally misguided belief that economic programs adopted only one year ago are not working. It is inconceivable that Congress could expect even the sweeping changes of ERTA to correct the mistakes of over 40 years of bad policies in a single year," Gillia said.

The West Texas Chamber of Commerce urges all members of Congress and the administration to re-examine their position on increasing the tax burden. The WTCC further urges Congress to get to the real business of helping the economy by enacting major reductions in the level of federal spending, which is the best answer to the problems facing the economy.

The trouble with vacations is that most of them end too soon.

Enochs News By: Mrs. J.D. Bayless

We wish to express our sympathy to Bonnie Long, Mr. and Mrs. Garvin Long and their families, and other relatives in the loss of their loved one, Marvin, of Amarillo, whose funeral was at 2 p.m. Friday in Amarillo. Mrs. Bonnie Long, Mr. and Mrs. Bud Huff, Mr. and Mrs. Bill Key and Mr. and Mrs. Garvin Long attended the funeral.

Mr. and Mrs. E. N. McCall drove to Lubbock on Wednesday afternoon and spent the night with their daughter, Mr. and Mrs. Steven Mosser and family and caught the plane Thursday morning for Harlingen to visit his brother, Mr. and Mrs. H. G. McCall. They returned home Saturday.

Mrs. Winnie Byars attended her family, the Roller, annual reunion on Saturday night and Sunday at the Merchants Building in Lubbock. There were 150 in attendance.

Mrs. Juanita Snow of Muleshoe spent Friday night with her sister, Mrs. Etta Layton. Other supper guests were Mrs. J. E. Layton and son, Keith.

Mrs. Junior Mansell, and Mrs. Abie Reed came with their mother Mrs. Vinnie Adair to the J. D. Bayless home Sunday afternoon to spend a few days.

Visiting Mr. and Mrs. Bill Key Monday and Tuesday were his sisters, Lola Gammons of Allan, Texas and Mrs. Mildred Butler of Weatherford.

Junior, Sandra Austin and son Greg of Lubbock were out Saturday to see his parents, the Jack Austins and San'ra also visited her mother, Mr. and Mrs. Johnny Cox.

The Hall had their annual family reunion recently at Plainview at the home of Mrs. Bertha McGraugh and Dorothy McBrough. Those attending were Mr. and Mrs. Graden Hall of Abilene, Mr. and Mrs. Dick Blackshear of Mountair, N.M.; Betty White and children of Idaho; Mr. and Mrs. Cullen Heath and family of Midland; Mr. and Mrs. Claude Norrell of Plainview; Mr. and Mrs. Bennie Hall of Pecos; Mrs. Olera Burris, Mr. and Mrs. Terry Burris of Wellman and Mr. and Mrs. J. E. Layton of Enochs. Also several other persons attended from Floydada and other places.

Mr. and Mrs. Bill Key visited his sister, Mr. and Mrs. Robert Butler in Littlefield Sunday afternoon.

Son's Break
The owner of the country newspaper went home to dinner smiling radiantly. "You must have had some good fortune this morning," greeted his wife. "Indeed I did," announced the owner. "Jim Smith, who hasn't paid his subscription for ten years, came in and stopped his paper."
