WASHINGTON, — Air-sea rescue is a new war business that promises to carry on in peace for every sort of shipwreck and plane crash. A vest that weighs a little more than 10 pounds, and with pockets that hold at the control of the co

In the vest pockets are 28 tems, designed for sea and jungle survival. These range from a waterproof booklet of information and instructions, to a hat that looks like earn the worn either side out. One side is bright yellow, to reflect some heat and to attract attention. The other is dark green, good camouflage. There is a compass that also is a magnifying glass capable of starting a fire. A siece cooking kettle. There is a flashlight without batteries. Squeezing the handle spins a generator that gives a bright electric light in a couple of seconds. Assorted safety pins, plus 'chute' slik and ciotning became husehold. There are gloves, flares, a gaff for fish, matches, ammunition, gun, gun cover, gun oil and water bag. In all, the 28 times break down into several dozen uses. The navy's sea kit is designed for life on the days, with no rain and no fish and remain healthy. He can go far longer by getting busy with the same of the control o

LESSON TEXT— 4-7, 12-17. GOLDEN TEXT— he was called, obey not knowled.

Bible history is story of men of faith called and sed of God to carry out His purp is in the world. The thing counts of worth the thrilling counts of worth the thrilling counts of worth the concern during it where months we study the history of Israel and of the Church.

I. A C. 22.1, 20.

God was new resident (Gen. God

the Church.

1. A C.

12:1, 2).

God was now ready to make known His choice of a man to be the father of His chosen people. He went down into Ur of the Chaldees in the midst of heather worship, and in the true God.

Abram, "when he was called to go out into a place which he should after receive for an inheritance, obeyed; and he went out, not knowing whither he went' (Heh. H:8).

was land and kindred, to get him away from his heather forebears and their worship. God wants separated believers in our day, too (read and ponder H Cor. 6:17, 18). That call comes to every believer, he was a fine the content of the conte

II. Obedience and Opportunity (Acts 7:4-7).

II. Obedience and Opportunity (Acts 7:4-7).

Abram went out at God's command, even though he knew that it dien with the command, even though he knew that it dien without question of health the command of the command

III. A Family and Its Faith (Acts 7:12-17).
Stephen, a portion of whose address of defense before the council is here before the counted them were before the counted them were before the counted them were of a place in the counted them were the place in the counted them were the cou

Plant grass in a flower pot for our cat, and set the pot where he cat can help himself, as grass essential to his health.

To protect the ends of a large linoleum rug that has to be stored for a time, place galvanized pails on the ends. Tie the pails together to keep them on.

A teaspoonful of ammonia added to the jar of water in which steel wool is kept will prevent rust from forming.

Make sure that all of your soap dishes have drainage holes at the bottom. This will permit your soap to dry when not in use and the soap will last longer.

Are you getting tireto or waiting for the many advantages of electricity? Are you tired of being told "Wait a little, you can have it aybe next month or in six months or next year"?

THEN STOP WAITING—you can have electricity now.

#### SAVE 1752 HOURS OF FARM LABOR A YEAR!

You can have economical electricity now—electricity that can save you up to 1752 hours of farm labor every year on 5 simple tasks alone . . And, you can have it now while you need it most—during the severe shortage of farm labor.

#### Electric Power from the FREE WIND!

on't wait longer. Let electric power from the free wind—the orld's cheapest and most abundant motive power—take over losee drudgerous farm tasks, giving you a new ease—a more disfactory way of farm living.

#### INVESTIGATE NOW!

Remember, you too can have electricity. Find out about it. Now is the time to investigate what you can gain from the outstanding economies of Electricity from the Free Wind. Just send in this course. No obligation of course
