Ball Park and Team are Being Worked into Form

For the past two weeks, work on the new baseball park has been moving along nicely and by Thursday the park and grand stand will be ready for the big game with the Chicago White Sox.

The new park is on the old baseball lot just South of the Abilene & Southern Railroad, and

for many years this ground was known as "the fastest infield in West Texas." An 8 foot board fence 330x400 feet has been erected and a grand stand 48 feet long that will accommodate about 300 people is being built. Plans have been made and ample room left for cars to park along both side lines, but the first-base line will be opened first and the 3rd base line only used when there is an overflow of cars. One reason for this is that more room has been left along the 1st base line, and people who sit in their cars there can have their backs to the sun. The price of admission is being discussed but the management is not ready just at this time to announce exactly what the price will be. However, Manager Lusk stated that it would be safe to say that ladies would be free to at least 85 per cent of the games and that a great deal depended on the women of Ballinger to make baseball a success. Last season there was a large number of lady fans and it was largely due to this that the game was such a success, as where the ladies go the men will follow.

Among other things that Mgr. Lusk said, in an interview, was that all games would start exactly when advertised, and that the crowd would never be kept waiting as was the case some times last summer. With the number of baseball players that have signified that they intended trying out for the team there will be no shortage of material and games will start with those that are on hand and others that may be late will be added to the team when they arrive. A move is on foot and many of the merchants have agreed to close their places of business at 5:00 a'clock on days that games are played here,

Pay Tribute to Maine Heroes' Memory

Scores of relatives and friends of navy men, who went down to their death in the sinking of the U. S. battleship Maine in Havana harbor in 1898, took part in the exercises at the beautiful Maine monument in New York, commemorating the twenty-third anniversary of the disaster.

MURDER CASE IS POSTPONED

The court granted a motion for a continuance in the J. H. Boland murder case Monday afternoon, and set the case for trial Sept. 7th, 1921.

When court convened, counsel for defendant presented a motion for continuance, alleging that the wife of the defendant was ill and could not be present, and that sister of defendant was about to become a mother, and could not be present at the present term of court. The petition alleged that both of these parties were eye witnesses to the killing, and motion for continuance was supported by affidavits from physicians stating that witnesses were not physically able to attend court.

In fixing the date of the trial for Sept. 7th, will cause case to be called for trial on the second week of the next term of court under the new law which gives this county three terms of district court instead of two each year. The next term of court will convene in Ballinger on August 29th, instead of in October as heretofore.

A special venire of one hundred men were present from which to select the jury, and state witnesses were also present, and relatives of the young man who was killed last fall.

Boland is charged with killing the young farmer late on the afternoon of October 26, the killing taking place in the pasture near the home of Allen, while he was returning to his home from

PART OF TEXAS FRUIT CROP HURT BY COLD

DALLAS, March 28.—Early unofficially reported that fruit had advanced to such stage that damage did not occur.

Abilene reported thirty-one degrees above zero, and fear was expressed that young vegetables and possibly some fruit was damaged. Arkansas and Louisiana reported unofficially as escaping freezing weather last night.

Heavy wind squalls in the Texarkana section last night damaged trees and horses slightly.

CHICAGO, March 28.—The cold wave today is moving Eastward over the Mississippi and Ohio valleys, and is causing a widespread damage to fruit raising sections of the Middle West.

While the temperature dropped to thirty-one degrees and a thin coat of ice was formed in many places Sunday night, it is not believed that any great damage resulted to fruit and vegetables.

An examination of the fruit crop Monday showed that it escaped and only the most delicate garden truck was killed, with some damage to other garden crops.

The Easter Norther arrived at Ballinger just as Sunday schools were convening Sunday morning and the temperature rapidly fell, until there was a hurry for winter wraps and a quick demand for fires created.

The high North wind continued throughout the day and while a clear sky offered good prospects

for frost, a stiff North wind prevented frost, and gave way to a bright sunshine Monday morning.

"It takes twenty-eight degree temperature to kill fruit," said an old timer, Monday morning. Fruit has formed and the crop is far advanced due to the early spring weather, and after escaping the Easter spell prospects are more promising for a good crop.

Two weather forecasts were posted Monday morning, the first coming at 9:55, and saying: "Tonight fair, slightly warmer; Northern Oklahoma freezing in temperature. Tuesday fair and warmer." At 10:26 the Weather Bureau sent out a second forecast, saying: "Tonight fair and freezing; Tuesday fair, rising temperature."

Mr. and Mrs. H. Giesecke are here from San Antonio. Mr. Giesecke looking after business and Mrs. Giesecke is visiting her son, E. A. Giesecke and family.

RENEW REVOLTS IN GERMANY

COBLENZ, March 28.—Communist uprisings occurred today in the American bridgehead area at Montabaur, six miles North-east of Ehrenbreitstein. The provost marshal and American military police answered riot calls from police stationed at Montabaur to restore order.

A BIG SHOW FOR A BIG LITTLE CITY

We doubt if there is another city in Texas within quite a number of hundred people as small as Ballinger which will stage a national league baseball exhibition. There is nothing particularly unusual about the event to stand out as a feather in Ballinger's cap further than to show the enterprising spirit which prevails here.

In times past Ballinger has staged other attractions which passed up larger cities in this part of the state, and all these things aid in giving Ballinger a class of advertising which attracts.

The Chicago Americans will play ball here next Thursday, and the thousands of fans in Chicago and other cities in the major leagues who are keeping up with the tour of the White Sox, will know that their favorite team is playing in Ballinger on that date, and they will turn to the map to see where Ballinger is located.

By proper "head work," and since this city now has a new and modern baseball park, it is very probable that a club from the major leagues could be booked for training here next Spring. This city could offer an ideal training field for a club, and it would not require much artificial inducement to bring it here. We have the natural advantages.

BALL PARK AND TEAM ARE BEING WORKED INTO FORM

(Continued from First Page.)

and it is likely that the entire town will close and attend all games played at home.

Field Captain to be Elected

Mgr. Lusk stated that inasmuch as this was an amateur team that he would not appoint a Captain, but would call the entire squad together and let them elect whoever they wanted for that position; that he thought it would be better to let everyone have a hand in it and then no one could kick. This is already settled in the minds of the players and it is likely that Baker and Roach will be the two men run by the club. Of these, either one would make a good man, both being good baseball players and well liked by all the ball players of the town as well as the fans.

About 30 men were out the first day of work out, and at present no one has a place on the team, and everyone who comes to the park will have a fair chance for a place. It takes more than nine men to make a team and many times the "scrubs" have largely to do with the first team's success. It is hoped that as much as two teams will be at work throughout the entire season. The following men are working out, or have signified that they would be out for the following positions:

Catcher: Big Buck Bailey is here and as Buck says, is just "raring for a good hot day." Gregory, Carr and Holliday, who caught part of last season, will be on hand to see that Bailey don't loaf and will assist in working out the pitchers.

Pitchers: These men will probably be hired as soon as the management can see how finances are going to be. Big Boy Wooden has been limbering up a little this season and it may be that he will set them afire this year, for the Big Boy seems to have everything in the world. Penn is also likely to make the fans take notice.

1st Base: This corner will likely be taken care of by Wooden, Lynn, N. Penn or Thorp.

2nd Base: While no definite announcement has been made it is generally understood that Baker, M. Flynt and Vancil will work for the second station.

3rd Base: Roach seems to be the only man out for that position, but the management promises that some one else will be there to give Jerry a run for his money.

Short Stop: This position was never filled last year and the management says that Miller, Simpson, Richards and other infielders will work for the place this year.

Outfielders: Penn, McGregor, F. Flynt, R. O'Kelly, Smith, Nicholson, and a few from the High School team would give each other a lively chase for a job in the garden positions.

From the amount of material that is coming out it is clear that no man will have a cinch on his position at anytime during the season, that they will have to work to make it and then work to hold it. It is possible that an exhibition game with the San Angelo Bronchos will be played the last of next week.

Finances Needed

The management requests that those who are going to make donations do so at once and either phone the Ledger or J. Watt Patterson and let them know the amount you want to give. The hiring of pitchers will be governed by this and if the team has the money now to start they will have a good team in a few weeks, but the management will not overstep itself and contract for any more than it has in sight. If there is but \$500 in the treasury there will be a \$500 team and everything will be governed by the amount of money that is on hand. If you are intending to make a donation, do so at once so that your amount can be figured in the budget. Let the fans get the spirit and begin to talk and push baseball and within a very short time we will have as good an amateur team as there is in the state. Get behind the team and the management and let's have some of America's greatest games this summer.

Those who are willing to umpire are also requested to come out with the team as their eye needs practise just as much as the players. About four umpires will be needed.

All other baseball players that want to try out are wanted and as many as will come will be given a chance. If you know of a man in town that has promise

of good material give his name to the management and help persuade him to come to the park and make somebody work harder at least.

The Pneumonia Month

March is a typical pneumonia month and usually gives a high rate of mortality for the disease. After a long and hard winter, the system loses much of its resistance and people grow careless. When every cold, no matter how slight, is given prompt and intelligent attention, there is much less danger of pneumonia. It should be borne in mind that pneumonia is a germ disease and breeds in the throat. Chamberlain's Cough Remedy is an expectorant and cleans out the germ laden mucus and not only gives a cold but prevents its resulting in pneumonia. Children take it willingly.

FORMER BALLINGER MAN DIES AT SAN ANTONIO

W. C. Penn received a message Saturday announcing the death of C. R. Willis, at San Antonio. Mr. Willis died Saturday. The message did not give cause of death nor say where he would be buried. Deceased was a citizen of Ballinger several years ago, making Ballinger headquarters while buying cotton in this territory, and his family resided in this city. The family moved from Ballinger to Brownwood, and also lived at Waxahachie and Waco. Mr. Penn stated that he met Mr. Willis last fall and he was apparently in good health.

Cold settled in the muscles of the neck, arms or shoulder makes every movement painful. Use Ballard's Snow Liniment. It relieves the pain and relaxes the muscles. Three sizes, 30c, 60c and \$1.20. Sold by all druggists.

STILL SEEKING FOR LOST NAVAL BALLOON

PENSACOLA, Fla., March 28.—Naval authorities today began the fifth day of search for the naval balloon which has been missing since last Thursday.

The balloon took the air with five passengers aboard and mysteriously disappeared and no trace of the craft has been found along the route over which it was supposed to have traveled.

COURT RULES ON INCOME TAXES

WASHINGTON, March 28.—The Supreme Court ruled today that profits sale assets or trust funds are taxable under the income law. The court also held that the increased value of capital investment is taxable as income.

WASHINGTON, March 28.—The Supreme Court today held that the increased value of corporate bonds, originally acquired and held, are taxable under the revenue act.

The court agreed to review the decisions of the New York courts holding that "dividends applied by credit in partial payments of stipulated premiums do not constitute income, and also the decline in market value of securities owned by the taxpayer constituted depreciation of property values in computing income tax.

U. Stephens, highway engineer went to Brownwood Saturday afternoon to spend Sunday with relatives.

MANY EAGER TO COME TO U. S.

WASHINGTON, March 28.—Great numbers of the laboring classes of England and France want to emigrate to the United States, but find it difficult to do so because of their inability to save enough passage money and on account of the adverse exchange rates, according to the report of Roland Mahany, who was sent to Europe by the Wilson administration to attend sessions of the international commission of immigration and emigration. The report states that there is a strong note of optimism and looking forward to better times feeling in England, but a lack of optimism among the poorer classes in France, and that the war depression is keenly felt throughout France.

When the powels are costive the waste matter ferments, producing a gaseous condition that is disagreeable. To remove the impurities quickly, a dose of Herbine is needed. It does the work thoroughly and pleasantly. Price 60c. Sold by all druggists.

OFFICERS SEEK STOLEN GOODS

Coleman county officers were here Saturday to sue out search warrants legally authorizing them to search the premises of Mr. Damron, of the Crews country, where it was believed that goods stolen in Coleman county had been stored.

A store at Novice was robbed a few nights ago and a quantity of jewelry stolen, and the officers traced the robbers to the Crews country, and suspicion lead to a search of the Damron premises, and the crime was laid at the door of a negro, although the evidence was not sufficient to warrant an arrest.

Mr. Damron was brought to Ballinger to aid in further investigation, but was released. The officers are still working on the case.

NEFF VETOES 3 BILLS TODAY

AUSTIN, March 28.—Governor Neff today vetoed three bills passed by the last session of the legislature. The bill appropriating \$125,000 to match a Federal appropriation for a Federal vocational training school in Texas, authorized by the Smith-Hughes act, was vetoed. Gov. Neff said that this measure as passed does not meet the requirements and is defective and that he would re-submit it to the next session of the legislature.

One of the other bills vetoed today is that proposing to give defendants thirty days after a motion for new trial thirty days before being compelled to satisfy punishment in nature of fine. The third bill vetoed proposed the authorization of county auditors for auditing district school books.

STOP THAT ITCH

MURDER CASE IS POSTPONED

(Continued from first page.)

the field on his horse. Two bullets struck Allen and the state will undertake to prove that both bullets entered the back, and that the young man was assassinated in cold blood.

Boland was a tenant on the farm of the deceased, and it is expected that he will plead self defense, claiming that he and Allen had been having trouble and that Allen had threatened to kill him. Boland came to this county from East Texas, and had only been here about one year.

Allen was born and raised in this county, being the son of N. J. Allen, one of the pioneer settlers of the county. He was never known to have had trouble with anyone, and was a peaceable law abiding citizen. He married the daughter of R. W. Gilliam, and was living happily on his farm when he met his death, it is alleged, at the hands of Boland. After being shot Allen fell from his horse, and was later picked up by neighbors who arrived on the scene and carried him home in a dying condition. Allen was not armed at the time.

If you belch up a bitter-tasting liquid, suffer from heartburn and sour stomach, you need the tonic properties of Herbine. It is a purifying and strengthening medicine for the stomach, liver and bowels. Price 60c. Sold by all druggists.

40 TICKETS SOLD TO R. M. A. DINNER

Forty retail merchants have purchased tickets for the "Get-Together Dinner" to be held tomorrow night, and an interesting program is being arranged for the affair. The knife and fork contest will start promptly at seven o'clock and every merchant is urged to be on hand at that hour in order to get an even break with the others. The committee in charge of the arrangements has selected the Stroble Cafe for the function.

Many subjects of interest to retail merchants and business interests of Ballinger generally, are to be discussed at this dinner, and it is the hope of those in charge that all of those who have purchased tickets in advance will be present as well as others whom the committee has been unable to see in person.

Formerly it was the custom for the army or navy to assign a physician to the President. Now the President assigns his physician to the army or navy.—St. Louis Star.

MUST GET ROOMS OR NO NORMAL

"I am afraid to advertise the summer normal much," said Secretary Williams of the Y. M. B. L. Monday. Mr. Williams stated that he only had rooms for about twenty-five people at reasonable rates. Some had offered to room and board teachers attending the normal, but their rates were entirely out of reason, according to Mr. Williams and Supt. Bugg.

Mr. Bugg worked hard to get the normal for Ballinger, and it will be the only summer normal West of Brownwood for this section, embracing a dozen or more counties, and if the citizens will get busy, open their homes and their hearts and do the right thing, the largest crowd ever brought here to a normal will attend the coming normal. Unless they come across and aid in providing accommodations for the teachers, the normal will be poorly attended.

"I am receiving inquiries in every mail," said Mr. Bugg, "from people who want to know about hotel accommodations, room board, etc., and I do not know what to tell them." Mr. Bugg stated that if those who can room one or more teachers, and those who can both room and board teachers, would so notify the Young Men's Business League, or let him know about it, he could have something to rely on in quoting rates to prospective teachers who want to come here to attend the normal.

Ballinger must get behind this proposition and help take care of the teachers who want to come here for the normal. Phone the Y. M. B. L. and tell the secretary to list you for what you can room or board the teachers for.

TO CLOSE SONG CONTEST ON MARCH 31, IS STATED

On March 31st the Young Men's Business League will close the "song and verse" contest which it has been conducting. A large number of splendid entries have been received, but there is still room for others who wish to make their trial for the five and ten dollar cash prizes which are being offered to the winners. The entries in this contest should be addressed to the Y. M. B. L.

If we were the debtor and England the creditor there might be some sense in England's wanting to hand us the West Indies.—Nashville Tennessean.

WINTERS VOTES \$25,000 BONDS FOR HIGHER PAY

An election held at Winters last Saturday for the purpose of issuing \$25,000 worth of bonds for new school building, carried by a six to one vote. Only twenty votes were polled against the proposition while 123 votes were cast in favor of the bonds.

The bonds to be issued will be cashed as soon as possible and the construction of a new school building rapidly put under way. The new building will be constructed on the campus of the present building, and a short distance from the old building.

The scholastic increase has made it necessary that additional room be provided, or the school will be facing a serious problem by the next term.

On the 23rd of April Winters voters will pass on a road bond issue. The Winters district defeated a \$100,000 bond issue about one month ago, and the bond advocates immediately secured another election for a \$40,000 bond issue the money if the bonds are authorized, to be used in completing the Ballinger-Ablene road thru the Winters district.

Irregular bowel movements should be corrected, as they lead to chronic constipation. Take a dose of Prickly Ash Bitters at bedtime and you will get its beneficial effects after breakfast next morning. It empties the stomach and bowels and makes a man feel fit for the day's work. APPEAL DROPPED

CHICAGO, March 28.—The United States Railroad Labor Board today dismissed appeals for increased wages filed with the board last fall by fifteen labor unions against sixty-seven short lines throughout the country. The short lines which accepted for their men the terms of the \$600,000,000 wage award last July, will not be privileged to return to the old scale under today's action of the board, it was announced.

The announcement reads: "this decision will not be considered as affecting any wage increase now in effect, nor any agreement regarding the wages between any carriers and their employes."

FORD

"The Ford Touring Car"

Here is the greatest motor car in all the world. Great because there is more of it in use than of any other car in the world. Great because that in our demand for a million and a quarter Ford cars this year fully 50% of that demand is for the Touring Car. Surely every Ford touring car is a car of great service. You see it wherever you go, day or night, shine or rain, summer or winter --the ever-faithful Ford Touring Car is delivering service and satisfaction, pleasure and economy, in a larger measure than falls to the lot of any other one piece of mechanism in the world.

We can now deliver Ford cars to you with a reasonable promptness. Leave your orders without delay, if you would be wise. The prudent man carries his umbrella when it is dry, because any fool carry one when it rains.

Never forget that right hand to every Ford Touring Car is that ever-dependable and universal "Ford After-Service." Here we are, with the genuine made Ford parts, Ford mechanics, and Ford equipment, to give service to Ford cars instantly so that your car is never out of commission.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment. Never attempt to relieve your baby with a remedy that you would use for yourself.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

Chas. H. Fletcher

In Use For Over 30 Years

BAPTISTS TO HAVE A BUSY WEEK

The Baptist Training School in young people's work, which has been announced for some weeks, began with its preliminary meeting yesterday evening at the church. Mr. A. J. Carson was present and expressed himself as being gratified at the good enrollment in both classes. The Juniors meet at 5:00 p. m., and the Seniors at 7:30 p. m., each day.

Besides the training school, there will be three lectures given on Monday, Tuesday and Thursday nights on "The Gospel of Matthew," by Dr. S. M. Province, who preached at the church Sunday morning. Tonight at 7:45 he will speak on the famous 24th chapter of Matthew, which bears on the second coming of Christ.

On Wednesday night the Sunbeams will render their quarterly program in the auditorium of the church.

A number of the Baptist ladies will attend their district meeting in Brownwood on Tuesday.

Found a Cure for Indigestion.

"I use Chamberlain's Stomach and Liver Tablets for indigestion and find they suit my case better than any dyspepsia remedy I have ever tried and I have used many different medicines. I am nearly fifty-one years of age and have suffered a great deal from indigestion. I can eat almost anything I want to, now," writes George W. Emory, Rock Mills, Ala. These tablets contain no poison but strengthen the stomach and enable it to digest the food naturally.

Just a Few Points to Remember!

Your insurance must first be written correctly. Your agent should know how much insurance you should carry. Your agent should be qualified to serve your needs. You should live up to the policy contract. You should avoid mutual and reciprocal companies.

We are at your service.

E. Sheppard & Co.

FARM BUREAU TAKES IN NEW MEMBERS

The Ballinger local of the Rurnels county branch of the Federal Farm Bureau held an interesting meeting last Saturday afternoon. In addition to transacting important business, the local took in twenty-five new members, which goes towards increasing the total membership of the county.

Up to date more than four hundred members have joined the Farm Bureau in this county, and the organization is busy mapping out a plan of work for the present year.

Rapid heart throbbing does not necessarily mean heart disease; generally it is caused by a disordered stomach. Prove it for yourself by taking Prickly Ash Bitters; if the stomach is at fault the heart symptoms will quickly disappear. Price \$1.25 per bottle. Jno. A. Weeks, special agent.

J. M. Greenhill left Saturday afternoon for Bay City, where he will spend a few weeks, and will then go to his old home in Alabama. Mr. Greenhill will be absent from Ballinger for a greater part of the spring and summer.

What Optical Science is doing to develop better vision

Just two pieces of glass! And yet these lenses which correct so effectively the defects of vision are possible only because of the high technical skill of the optical specialist, aided by scientific instruments of perfect precision. The conditions of modern life constantly increase the number of people whose efficiency or health is lowered by some impairment of eyesight—for which the remedy is glasses prescribed and fitted after a thorough examination.

To this examination the optical specialist brings knowledge and training of the highest order. He also utilizes the latest equipment and apparatus which have been perfected for precise scientific work. Science has stepped in and brought its aid to personal skill. Most people do not know when eyesight trouble really begins, usually it starts so gradually that for a long while it may not even be noticeable. Imperfect vision, if not corrected, grows worse with the years. The surest way of preserving your eye sight at maximum efficiency throughout life is to go to an optical specialist for an examination once a year.

REVIVAL ENTERS SECOND WEEK RURNELS LEADS IN COTTON CROP

It was announced at the evening service of the Methodist revival Sunday night the meeting would continue indefinitely, and services were held Monday at ten o'clock and services will be held again tonight at 7:45.

Sunday was a good day for the revival, large congregations being present at both the morning and evening services. Sunday morning, Rev. C. E. Simpson delivered an inspiring Easter message, following a splendid song service.

Sunday night, Rev. W. M. Lane, former pastor of the Methodist church, having served the church for two years, almost a quarter of a century ago, preached a sermon which stirred the hearers to a higher plane of Christian living.

The pastor and members of the church urge the Christian people of the town to attend the services and help and be helped, and a special invitation is extended to the unsaved of the city.

TWENTY-FIVE JOIN NAZARENE CHURCH

The two weeks' revival which was conducted by Rev. E. W. Wells and Rev. Joe M. Tyson and wife, at the Church of the Nazarene, came to a close last night. The results of this meeting were very gratifying, and the pastor is greatly encouraged over the outlook for the future development of this work. There were fifty professions during the meeting, with twenty-five additions to the church. There were seventeen babies dedicated by baptism during the meeting. There are several applications for baptism and others will doubtless come into the church in the near future.

The revival effort is said to have been the greatest spiritual uplift the church has ever known.

Rev. Wells and workers left for home early today.

For rapid healing there is nothing like Liquid Borzone. It mends torn flesh, heals cuts, burns or sores so quickly no time is lost from work. Price, 70c, 60c and \$1.20. Sold by all druggists.

Rurnels county holds the lead by several thousand bales in cotton production in West Texas for 1920, according to the government ginning report just made public, and exceeds the 1919 crop by more than ten thousand bales.

The output for the county for 1919 totalled 47,245 bales, and for 1920 the total amounts to 57,682 bales. Neighboring counties in West Texas come in the following order:

| | 1919 | 1920 |
|-----------|--------|--------|
| Rurnels | 47,245 | 57,682 |
| Jones | 72,967 | 55,041 |
| Coleman | 41,752 | 52,735 |
| Taylor | 42,779 | 40,762 |
| McCulloch | 24,722 | 32,566 |
| Coneho | 16,832 | 22,233 |
| Nolan | 20,434 | 21,972 |
| Brown | 20,199 | 21,238 |
| Tom Green | 9,349 | 9,998 |

Chamberlain's Cough Remedy—Nothing so Good for Cough or Cold.

"Everyone who has used Chamberlain's Cough Remedy speaks well of it," writes Edward P. Miller, Abbotstown, Pa. People who once use this preparation are seldom satisfied with any other. It is excellent to allay a cough or break up a cold.

JEWEL CARMEN in THE SILVER LINING

A Picture of Thrills and Thrills.

Also "Are Honeymooners Happy?" A Supreme Comedy. Admission 10c and 25c

"THE SILVER LINING" IS A PICTURE OF SURPRISES

"The Silver Lining," a Metro release, starring Jewel Carmen, which forms the feature of the bill at the Maeroy Theatre tonight, is a picture filled with surprises, which shows in an extremely novel and entertaining manner the adventures of a beautiful crook girl who in her battle with love and law has some wonderful experiences.

Jewel Carmen is a most attractive crook girl, which Leslie Austen's famed ability is at its best as the young author, Coit Albertson makes a confidence man of unusual type. Carl Hyson and Dorothy Dickson add some of their famed dances to this novel picture.

"The Silver Lining" was written and directed by Roland West from a scenario by D. J. Buchanan and Charles H. Smith. Edward Wynard and Frank Zueker photographed it.
