## LIGHT CO. SUES CITY OFFICIALS

Attorneys for plaintiff filed their first amended original petition in the injunction suit filed by the Interstate Electric Corporation against the city of Ballinger, last Saturday afternoon, and which will be called for hearing here by Judge J. O. Woodward Thursday of this week at ten o'clock.

The original petition filed seeks to injoin the city from selling the light and water bonds, in case sale of same are held illegal as prayed for in another suit previously filed by the light company.

The amended petition alleges that the defendants, the city of Ballinger, C. S. Guin, mayor; R. T. Williams and C. A. Doose, commissioners, violated the statutes, and violated the obligation of their oaths, and in fraud of the rights of the tax payers and secretly and illegally sold said bonds for \$10,000 less than par value and accrued interest.

The petition alleges further that "the city of Ballinger, and its officials are in possession of the said \$65,250 procured from the sale of said bonds and they contemplate and now threaten to spend said money and place same beyond their possession and control and unless restrained by writ of injunction, will pay out or place same beyond their possession and plaintiff prays for writ of injunction to prevent their so doing, to the end that if said sale of bonds is declared illegal, the money can be returned to the purchasers of said bonds."

That if said bonds cannot be cancelled, the plaintiff prays for judgment against defendants, C. S. Guin, C. A. Doose, and R. T. Williams for \$10,000, or whatever sum said bonds were sold for less than their par value and accrued interest.

The attempt of the present light company to prevent this city from building a municipal light plant is attracting the attention of the people, and in effect is heaping coals of fire upon the heads of the present company. Regardless of the results of the litigation pending, the people will build a light plant, which eventually means the undoing of the company now serving the city. At best the plaintiffs in the suit pending can only hope for delays, and when once the delays are ended and the city's plant installed, the city will supply current for all purposes, and it is claimed at a much cheaper rate than the consumers are now paying.

## Dry Weather Hits Cotton; Crop Cut Fifty Per Cent

Cotton, which ten days ago promised a half bale to the acre, will today require from five to ten acres to make a bale, in the Southern part of Runnels county and Southwest of Ballinger.

This is not a pessimistic opinion based on hearsay reports, but the opinion of a party of citizens who toured the country South of Ballinger Monday morning, and is a conservative estimate based on conditions as they exist today.

It is a long time until frost, and with an abundance of rain within the next few days, conditions could be greatly improved and the young cotton—the late planting could yet develop a good yield, but the older crop is rapidly passing beyond redemption.

The editor of The Ledger accompanied R. A. Nicholson on a trip through the cotton belt South of Ballinger Monday. Wilard Wooden and Robt. Lowry, who are connected with the cotton business in this city, and Pete Ewald, cotton buyer at Rowena, were also in the party.

We drove thru the thickly settled Rowena, Olfen, Lowake and Miles country, where it does not appear that the reduction in acreage was practiced, and where there is almost a solid stretch of cotton fields. Where the highest state of cultivation has been maintained the crop is holding up the best, and especially is this true with the late cotton. Due to the early spring and favorable planting season the most of the acreage is in early cotton, and this crop appears to have done its duty. White blooms can be seen from one side of the fields to the other, indicating that it has quit fruiting, and the stalk is throwing off the late squares and leaves.

It is estimated on close observation and from general reports, that the cotton crop in Runnels county has deteriorated fifty per cent within the last ten days or two weeks, and unless sufficient rain falls soon the shortage will be greater.

A good feed crop has been made. Late maize and other feed crops will be short, but the best corn ever grown in this county matured early. The cattle range is good and livestock fat, and taking the country as a whole conditions are what might be termed as fairly good.

Some are inclined to treat the deterioration in the cotton crop as a blessing in disguise, and the loss of little consequence. The loss, as we see it, will be heavy to this country, regardless of marketing conditions. While farmers last year booked a loss on their cotton crop, the loss was due to a sudden slump in the market on cotton raised with high priced labor. The present crop was planted, cultivated and will be picked on cheaper labor,

## U. S. EXPENSES SHOW DECREASE

WASHINGTON, July 19.—Total government expenditures for the fiscal year ending June 30th, show a decrease of nine billion dollars, as compared with last year. This decrease represents a decrease of one billion, three hundred and eighty-seven million dollars in ordinary disbursements and a reduction of seven billion eight hundred and forty-six millions in payments on public debt, according to the annual statement of the treasury department.

Cecil Thorp returned home Sunday at noon from Dallas and Fort Worth, where he had been spending his vacation.

## LEGION OPPOSES JACK JOHNSON

AUSTIN, July 19.—A resolution requesting the national headquarters of the American Legion to withdraw the charter of the Solsamar Post at Chicago, because that post announced at a banquet that it would support Jack Johnson in a fight with Jack Dempsey, was adopted last night by the Travis Post of this city.

The resolution said that Johnson was a fugitive from justice during the war and could not fight for the United States. The resolution also condemns any effort by any organization looking toward the negro's reappearance in the ring.

## CALLS ON NEFF TO BACK UP CHARGES

### PAID OFFICERS RELEASE BERG.

WASHINGTON, July 19.—Mrs. Emma Bergdoll told the House committee which is investigating the escape of her slacker son, Grover Cleveland Bergdoll, that she gave \$5,000 to Major Bruce Campbell, an army officer at Governor's Island, for use "among high officials at Washington," to help obtain her son's freedom.

Mrs. Bergdoll said that Campbell first demanded \$100,000, but she refused him. She said that she took the money to the Island and gave it to Grover by whom it was given to Campbell.

"Campbell told me that he could not accept the money for himself, but wanted \$100,000 for the 'higher-ups' at Washington and New York," said Mrs. Bergdoll.

Major Campbell, who recently told the committee that he did not receive any money from the Bergdolls, has been summoned from Camp Pike, Arkansas, to answer the charges.

### MEXICANS DEFEAT REVOLT LEADER

VERA CRUZ, July 19.—Gen. Pelaezetas, revolutionary leader, has been defeated at Chinampa, and his troops dispersed by federal soldiers commanded by Gen. Guadalupe Sanchez, chief of the military staff of the state of Vera Cruz. The federal forces captured arms and ammunition from the insurrectionists.

AUSTIN, July 19.—Senator Burkett today introduced a resolution requesting Governor Neff to furnish the Senate with the names and departments in which graft is being practiced, together with the names of the state employees who are guilty of such graft, as charged by the governor in a recent speech. The resolution was immediately referred to the committee on state's affairs.

After the resolution had been referred to the state affairs committee, Senator Burkett told the committee that "Texas is set on fire from the governor's words that graft and extravagance exists in the state departments, and we want to go to the bottom of his charges."

## STATE MAY PROBE KU KLUX

AUSTIN, July 19.—Representative Roundtree said today that he had his resolution, proposing an investigation of the Ku Klux Klan activities in Texas, about prepared and that same would probably be introduced the latter part of this week. Mr. Roundtree stated that since announcing he would offer such a resolution he had received many anonymous letters regarding the matter. One letter received condemned the Klan, while others were non-committal, merely explaining some of the activities of the alleged organization.

**BROWNWOOD CITIZENS  
COME HERE TO FISH**

About a half dozen cars from Brownwood, loaded with some of the prominent citizens and their families, passed thru Ballinger Monday en route to the Concho on a fishing trip. They were well loaded and had all the modern conveniences of traveling and camping. They stated, they wanted to get on the river where it was cool and quiet and take some of the hot weather easy. Many other Brownwood people have already gone and many others will follow them.

**One Dollar Saved Represents Ten Dollars Earned**

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he can not be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars.

**MRS. HAYDOCK  
SAVED FROM  
AN OPERATION**

Followed Advice of Her Druggist's Wife and Took Lydia E. Pinkham's Vegetable Compound

Chicago, Ill.—"I was in bed with a female trouble and inflammation and had four doctors but none of them did me any good. They all said I would have to have an operation. A druggist's wife told me to take Lydia E. Pinkham's Vegetable Compound and I took 22 bottles, never missing a dose and at the end of that time I was perfectly well. I have never had occasion to take it again as I have been so well. I have a six room flat and do all my work. My two sisters are taking the Compound upon my recommendation and you may publish my letter. It is the gospel truth and I will write to any one who wants a personal letter."—Mrs. E. H. HAYDOCK, 6224 St. Lawrence Avenue, Chicago Illinois.

Because Lydia E. Pinkham's Vegetable Compound saved Mrs. Haydock from an operation we cannot claim that all operations may be avoided by it, but many women have escaped operations by the timely use of this old-fashioned root and herb medicine.

**ANGELO GAME  
GOES 10 INNINGS**

SAN ANGELO, July 18.—Speegle's exhaustion from heart trouble, brought on by over-exertion, causing him to stumble and fall down three times between third and home and finally to be put out while lying dazed on the field, robbed Ballinger of a probable victory over San Angelo Monday afternoon. The Broncs won, 3 to 2, in 10 rounds.

Speegle started the tenth with a two bagger to right field, after Baldrige had popped out to short. Higginbotham had trouble in fielding the ball which bounded back from the boards, but finally relayed it to Truesdale, who pegged wild to third. Lewis started what appeared to be a hopeless chase for the ball, but Speegle, half way to the plate and probable victory, staggered and fell then repeated the performance twice to the amazement of the crowd. He was easily touched out. Briscoe next singled to center, but was thrown out by Robinson at the pan when Brown poked a hit to left field.

Speegle told teammates that he suddenly went blind after passing third and lost all sense of direction as his muscles failed him. He quickly revived and finished the performance, being cheered for his gameness.

Angelo won its half of the 10th before an out had been made. Lewis, first up, doubled and Robinson beat out a bunt to Knight. On instructions from "Popboy" Smith, Baldrige passed Burleson, but his control failed when he faced Kelly and four balls forced in Lewis with the winning tally.

Errors in the early stages and Baldrige's fatal wildness alone marred a twirler's duel. Higginbotham's miff of Speegle's fly and his error on Brown's hit gave the Beareats the first run in the initial stanza. Knight opened the second with a single to center, was sacrificed to second by Earnshaw, went to third when Cruse dropped McKay's toss, on Liles' roller and scored when Burleson juggled Baldrige's grounder. Speegle was hit by a pitched ball, filling bases, but Lewis touched Baldrige coming into third when Briscoe hit to him.

The Nags tied the count in the 6th when Burleson singled to right, after Speegle had pulled down Robinson's fly. Kelly fouled to Langford but McKay singled to right, advancing Burleson a base. Both runners then executed a double steal and Cruse stroked, filling the bags. Trues-

dale's liner was too hot for Knight and Burleson spiked the rubber. Knight's throw to second to force Cruse was low, and Earnshaw mused it, McKay scampering in. Williamson then hit to Earnshaw, who forced Cruse at the plate.

A big crowd was out, including many Ballinger people.

**"DEEP WATERS," NEW  
TOURNEUR PICTURE  
AT MAEROY TONIGHT**

Maurice Tourneur's latest production, "Deep Waters," will be the attraction at the Maeroy Theatre tonight. The story was adapted from F. Hopkinson Smith's popular novel, "Caleb West, Master Diver," and the scenes are laid on the New England coast.

Caleb West, a man past his prime, and his girl-wife, Betty, are the central figures in the story. Betty becomes attached to a youth named Bill Lacey, and though she does not love him, they run away together. Later, the ship upon which Lacey is traveling is wrecked and Caleb West brings the body of the young man to the surface. In a dramatic scene the loyalty of Betty to her husband asserts itself and a touching reconciliation takes place between the two. "Deep Waters" introduces in a leading feminine role Mr. Tourneur's latest "find," Barbara Bedford. Robt. W. Chambers' novel, "The Restless Sex," in picturized version, is the feature Paramount attraction at the Maeroy Friday.

 THE STATE OF TEXAS,  
 To Sheriff or any Constable  
 of Runnels County, Greeting:

You are hereby commanded to summon Willie Green, a minor, whose residence to plaintiff is unknown, by making publication of this Citation once each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 35th Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 35th Judicial District, to appear at the next regular term of the District Court of Runnels County, to be held at the Court House thereof, in Ballinger, on the 5th Monday in August, A. D., 1921, the same being the 29th day of August A. D., 1921, then and there to answer a petition filed in said Court on the 21st day of February A. D., 1921, in a suit numbered on the docket of said Court No. 2031, wherein Hattie Green is Plaintiff, and T. F. Green, Katy Green, Willie Green and A. J. Green Jr., are Defendants, and said petition alleging in substance that:

W. G. Green is now deceased, that he was and is the father of the said T. F. Green and A. J. Green Sr.—no deceased—that the said W. G. Green left a written will; that at the time of the death of the said W. G. Green, to wit, April 2nd, 1920, he, the said W. G. Green, was seized and possessed of an undivided one-half interest in and to certain real estate of approximately 120 acres located and situated in Runnels County, Texas; that the beneficiaries under said will were this plaintiff and the defendant T. F. Green and said A. J. Green, Sr., now deceased; that said written will so left by the said W. G. Green, among other things provided for the payment of a legacy to this plaintiff, the said Hattie Green, which is alleged to be in the sum of \$10.00 per week for certain services rendered before and after the death of the said W. G. Green by plaintiff in the way of nursing, board, etc., that said services were performed by the said Plaintiff, Hattie Green, for a period of 145 weeks; that the amount of this said legacy was and is \$1450.00 which is the sum which plaintiff sues for among other things; that no personal property was left by the said W. G. Green at the time of his death to satisfy this legacy so claimed by plaintiff and so provided for in said will, but only the undivided one-half interest in and to said 120 acres of land heretofore mentioned was left by him the said W. G. Green out of which this legacy may be satisfied; and that said legacy is a charge upon said real estate, as aforesaid, with which the said W. G. Green was seized and possessed of at the time of his said death; that the defendant T. F. Green is now denying this plaintiff's right to this said legacy so provided under the terms of said will that one A. J. Green—now deceased—and husband of this plaintiff, qualified as executor of the said will of the said W. G. Green, deceased, and did probate said will in the Probate Court of Runnels County, Texas, and did thereafter proceed to carry out the terms of the said will up until his said death and did while acting as such executor pay all of the debts of the said W. G. Green deceased, that there is now no administration pending under said will and none necessary as all debts have been paid due to and by said estate; that it is necessary that said will be construed by the Court in which this suit is pending and thereby determine plaintiff's right to said legacy as provided by said will and to further determine whether or not said legacy is a charge on said real estate; that it is necessary to have a judicial construction of the terms of this said will or the plaintiff will sustain great and irreparable injury and damage; that a guardian ad litem be appointed to represent all minors in this said suit; that plaintiff have judgment as against all of the defendants in establishing the validity of plaintiff's legacy under the terms of said will; that said legacy be adjusted a charge upon said real estate for the said sum of \$1450.00; that said real estate be sold as provided by law; that a trustee be appointed by the court to sell said real estate for cash and that out of the proceeds of said sale said trustee pay to this plaintiff the amount of her said legacy, \$1450.00, and all costs of

suit herein, and that any balance remaining be divided as follows: one-half be paid defendant T. F. Green, and the other one-half be paid in equal proportion to the other defendants herein; that all costs, after paying said legacy, be paid out of the proceeds of said sale of said real estate, before any division is made.

Herein fail not, but have you before said Court, at its aforesaid next regular term, this Writ with your return thereon, showing how you have executed the same.

Witness, Georgia Singletary, Clerk of the District Court of Runnels County.

Given under my hand and the seal of said Court at office in Ballinger, Texas, this 11th day of July, A. D., 1921.

**EAT LESS AND TAKE NEIE BROS IN SALTS FOR KIDNEYS FEDERAL COURT**

Take a glass of Salts if your Back hurts or Bladder bothers.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead, your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist a-bout four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

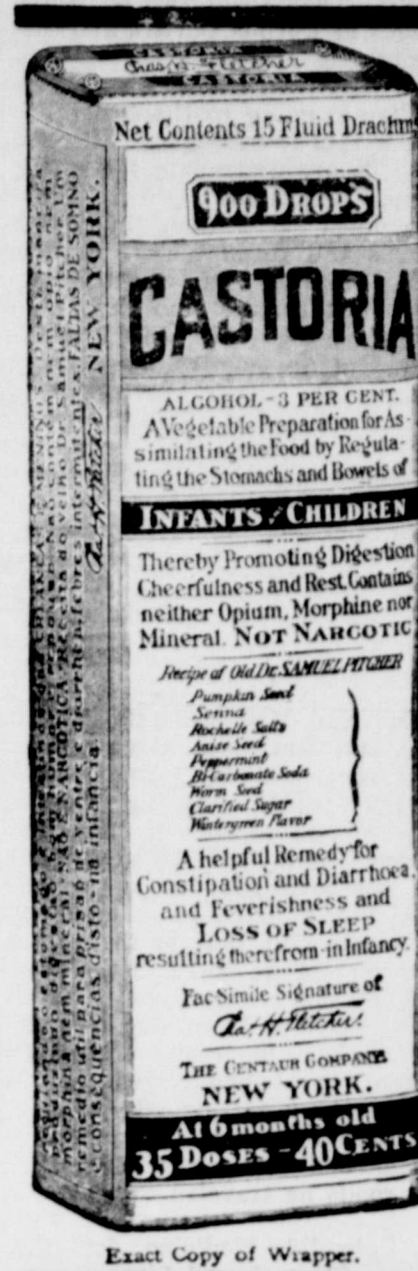

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

A. E. and W. H. Neie were re-arrested Monday and carried to Abilene by Deputy United States Marshall Bailey Crawford on charges in connection with the violation of the prohibition law. The Federal officer also took charge of the Ford the Neie Brothers were using with the intention of disposing of it as the law directs. The two men were placed in jail at Abilene, where they will be held pending action of the Federal grand jury, or until bond is allowed.

Neie Brothers were arrested here by Sheriff Flynt last Tuesday and twelve gallons of corn "whiskey" confiscated, together with the Ford car the men were hauling the booze in. They were released Thursday on \$1,000 bond each, and the arrest on Federal charges was made Monday.

Under the law bootleggers can be prosecuted in both the state and federal courts, and it seems that the officers are handling the case with that object in view, due to the boldness with which these men are alleged to have been operating and the aggravated way in which the case was presented.

It is a violation of the law to haul booze in an auto, and under the federal law the federal authorities can confiscate the car, and dispose of it, the revenue derived from the sale of the car going to the government. Sheriff Flynt stated that he did not propose to be troubled with bootleggers, and was determined to break up booze peddling in this county. "Hereafter I am going

And I had missed my train— And I lost out on an important engagement—

And disappointed a good customer— And stood to lose a lot of money—

You bet your life I'd be good and sore, but I'm mighty sure I couldn't ask for any more courtesy and consideration and square dealing and SERVICE than we are giving right now day after day.

The time to have us look at your battery is before anything happens.

**POLES ARRIVE FOR NEW L. PLANT**

Two car loads of posts for the city's light and power plant arrived Tuesday, and other equipment is due here in a few days. A car load of equipment arrived last week, and also local freight shipments are coming in.

All contracts for the completion of the plant have been made and work will begin on the power house in a few days, a crew of men now being at work getting out the rock, and getting the material ready.

In the meantime, the Interstate Electric Corporation has its attorneys busy filing suits and amended petitions in an effort to stop the work. The attempt to knock out the sale of the bonds and force the city to return the cash received for them is one of the steps covered in suits filed. The court's ruling will come after the facts are set out and a hearing given the plaintiff.

Dr. and Mrs. C. E. McGuire returned from South Texas Sunday. They spent two or three weeks at Corpus Christi, and visited other South Texas points. Dr. McGuire says the Rio Grande Valley is going to the bad. Too much rain is falling and the boll weevils are destroying the cotton crop. Conditions in West Texas are much better than in South Texas and through the valley, and cotton buyers from this section of the state who have been spending the early season in the Rio Grande country are returning home after investigating conditions.

There is nothing in the whole list of flesh-healing remedies that can approach Liquid Borozone in the rapidity with which it heals cuts, wounds, sores, burns or scalds. It is a marvelous discovery. Price, 30c, 60c and \$1.20. Sold by all druggists.

Mr. and Mrs. Mike Boyd and Mr. and Mrs. Chas. Boyd returned home Sunday from South Texas points, visiting Corpus Christi and towns in the Rio Grande valley. Mike says that he saw some good crops around San Marcos and thru that part of the state, but that in the valley the weevils are bad and the crop will be short. He stated that he saw considerable activity in good roads along the route, and said if the Runnels county road builders would use their drags the roads in this county would be better, and on a par with most of the roads he traveled over.

**SUICIDE INSANE FROM INJURY**

EL PASO, July 19.—An autopsy conducted last night, following the death of Charles Robinson, who committed suicide yesterday, indicated that the man had been insane since July 8, the date on which he was injured and Engineer Bohman murdered. Surgeons found that a wound in Robinson's forehead, received when he jumped from the locomotive, caused pressure on the brain sufficient to cause insanity.

The locomotive which was in charge of Bohman and Robinson was blown up while running, and Robinson was found four miles behind the train with an injury in his head, and the engineer was found to have been murdered by a bullet through his head. Robinson was held later for an investigation, and yesterday he committed suicide in his room.

**WHAT DID THE SHERIFFS DO?**

AUSTIN, July 19.—An investigation of the recent sheriff's convention at Amarillo is understood to have been requested by Governor Neff by Atticus Webb, prohibition leader, who arrived in Austin today. It was not stated what developed in the convention to call for an investigation.

**CAMPERS DROWN IN CLOUD BURST**

INDEPENDENCE, Kans., July 19.—Five Oklahoma citizens were drowned near Cedarville, Kansas, last night as the result of a cloud burst, according to advices received here today. The parties were camping on a stream where the cloud burst caused a sudden flood, cutting them off from escape. Three of the bodies had been recovered up to noon today.

**CHARGES GRAFT IN SHIP BOARD**

WASHINGTON, July 19.—Announcing a new estimate of deficit incurred in the operation of the government fleet, Chairman Lasker declared that the books of the shipping board were in a deplorable condition. He said "they could not have been kept in much different shape had they been kept with a view of cheating and deceiving Congress and the country."

Lasker asked relief in appropriations of approximately \$300,000,000 for the current fiscal year.

**Choose Your Bank With Care**

Why shouldn't you.

If you were sick you would call a doctor---a good one.

If you were making a will you would consult a lawyer---a capable one.

If you were transporting freight from one point to another---you would use an auto truck or railroad ---a prompt and efficient one.

Why then when you are selecting a banking connection shouldn't you choose the best---the most capable, the most prompt and efficient one?
