LOWER FREIGHT! WOULD AID IDLE

WASHINGTON, Oct. 11.—Re-adjustment and a reduction of railroad freight rates constituted one of number of recommendations formulated for presentation to congress by the national unemployment conference today.

It is stated that this will do more than any other one thing towards bringing about permanent betterment of the nation's commerce and industry with the consequent relief of unemployment conditions.

JUVENILE PROBE TO BE RESUMED

AUSTIN, Oct. 11.—Members of the State Board of Control of the Gatesville State Juvenile Training School left this morning for Gatesville to resume hearing in the affairs of the school, which was precipitated by the death of Dell Thames, and for whose death Captain Twyman is being held in jail without bond. Conditions in the school have already been improved, the authorities ordering a better variety of food for the inmates of the school, and recommended a milder form of punishment. Young Thames is alleged to have been killed by whipping and choking at the hands of Twyman, military instructor in the school.

W. W. Farmer returned home Tuesday at noon from Dallas, where he went to attend an executive meeting of the Farm Bureau Cotton Association. Mr. Farmer stated that the headquarters office was receiving samples at the rate of about one thousand bales per day, and the work was being handled in the most satisfactory manner and so far the sales made had netted the farmer per pound for cotton than when peddled out in individual lots.

CATHOLICS ASK INVESTIGATION KU KLUX KLAN

WASHINGTON, Oct. 11.—A demand for an investigation of the activities of the Ku Klux Klan was made before the House rules committee today by Representative Tague, Democrat, of Massachusetts. Tague was called as the first witness on hearings of a number of resolutions providing for an inquiry by congress. He said that Attorney General Daugherty had informed him that the department's own inquiry, then underway, showed foundation for some of the charges which had been made against the Klan. William J. Simmons, of Georgia, imperial wizard and founder of the Klan, was among the first witnesses to arrive for the hearing.

Representative Tague charged that the Klan deliberately collected money from the public for the purpose of destroying the law. "Thirty million Catholics stand up and oppose this Klan and demand an inquiry into its operations," the Massachusetts congressman added.

JAIL DOORS ARE STANDIND AJAR

For the first time in more than one year the Ballinger jail is empty. The doors were thrown open Tuesday morning, and Mrs. Dean, who prepares the meals for the prisoners, was informed that she was without a boarder, when a young man brought here from Winters last Saturday and locked up on a charge of robbery, was released. The young man pleaded guilty to stealing some goods from a store, but proof against him for robbery could not be made and he was released on that charge.

In commenting on the lack of crime and an empty jail at this time Sheriff Flynt stated that conditions were due to a lack of transients in this county at this time. The crop has been gathered and the few extra helpers who were brought here have returned to their homes or gone elsewhere, and the county perhaps has a smaller number of transient people within its borders at present than for many falls. Concho county has been using the Ballinger jail, and it is expected that a negro who is on trial at Paint Rock for burglary this week, will be convicted today and returned here tonight to be held until he is carried to the penitentiary, but he will find it a lonesome jail without a cellmate.

SELECTS PLACE TO TRY GOVERNOR

SPRINGFIELD, Ill., Oct. 11.—The trial of Governor Len Small and Vernon Curtis on charges of embezzlement of state funds will be held in Lake county, one of the five counties proposed by the State's Attorney Mortimer as the most acceptable for holding the trial. The acceptance of Lake county practically settled the question of a change of venue before the governor's motion for a change came up in Judge Frank W. Burton's court today.

O. A. Bartlett is seeing the sights at the Dallas Fair, going down Saturday.

LONE BANDIT HOLDS UP BANK AT GILMER

GILMER, Tex., Oct. 11.—A lone bandit entered the Ashland State Bank at Ashland, near here, at nine o'clock this morning and made a clean get-away with a wallet of cash. The bandit forced Cashier Simmons into the vault of the bank, locked the vault, and escaped before the alarm was given. It is estimated that the bandit got away with \$5,000 in currency.

GIANTS EVEN UP SERIES TODAY

POLO GROUNDS, New York, Oct. 11.—The Yankees used three pitchers in an effort to stop the hard hitting Giants in the sixth game of the world's series today, and then lost by a score of 8 to 5.

The Yanks took a good lead, but were stopped in the third when Barnes relieved Toney, in the box. In the second inning Muesel and Snyder him for home runs for the Giants and Feuster drove out a four-base clout for the Hugmen in the second.

NEW YORK, Oct. 11.—Ideal weather prevails for the sixth game of the baseball world's series today, being clear and hot with temperature registering around 75 at noon.

The Giants will work behind a battery today composed of Toney and Snyder, with Harper and Schang leading for the Yankees. Chiller and Moriarity will officiate in the ump's boxes. "Babe" Ruth, the home run king, announced early in the day that he was out of the game for the remainder of the series. His arm was paining him at the time he was talking to the reporters, and he said that his physician had warned him that to take further chances would risk the loss of his arm. After the game commenced Ruth appeared on the Yankees' bench in civilian garb, but was immediately ordered to find a seat in the grand stand by Umpire Moriarity.

ANSWER ROLL CALL 10 YEARS

S. D. Williams and Dr. Alvin Swindell attended the opening exercises of the Hatchel school Monday morning. It was the tenth successive time Mr. Williams answered present at roll call at the opening of the Hatchel school, having attended every opening exercise for the past ten years, and it was also the tenth time he had a good word to say for the school. Mr. Williams lived at Hatchel several years, and since moving away he has always found it convenient to return and help to get the school started off in the right direction. He made a short talk at the opening Monday. Dr. Alvin Swindell also took

FT. WORTH, Oct. 11.—David Bunn, a confessed negro bandit, who admitted to more crimes than any other negro in the history of Tarrant county, and who last week was snatched from a mob by the officers and taken to Dallas for safe keeping, was shot to death early this morning between Dallas and Fort Worth.

The officers were taking the negro back to Fort Worth for trial, traveling in an auto, and according to the officers, he was shot to death by them when he attempted to escape from the car.

The last crime committed by Bunn was a daring hold-up at Lake Worth, where he robbed a camping party, and prior to that he followed a young woman to her home and attacked her after she went in the house. Her husband, who happened to be in an adjoining room, heard the struggles of his wife and reached her in time to save her life and frightened the negro away.

MISSIS OIL BOOM BUT IS SATISFIED

Frank Berryman was in the city Tuesday from the Wingate country. He was accompanied by Mrs. Berryman and Mrs. John Heck, who came along to do some trading while Mr. Berryman looked after other business. Mr. Berryman came to Runnels county from Mexia several years ago, and now there is a big oil boom on in his old home county. He remarked that he was missing an oil boom, but was mighty well satisfied where he is, having made a good crop and his renters doing well this year. Mr. Berryman only sold his rent cotton, having what he made still on hand. The crop in the Wingate country was much better this year than in other parts of the county.

Mrs. C. C. Carter returned home last week from Marlin, where she had been for some time for the benefit of her health. Her friends will be glad to know that she has returned home greatly improved in health.

MIDLAND, Tex.—This West Texas town apparently has never paid any attention to high prices or the fall in prices. It maintains its pre-war scale in all restaurants, which serve generous portions of everything at low prices.

part in the opening exercises, conducting the brief service and making a short talk. The school opened with the most promising prospects for a successful term under the management of Prof. Henry Todd. At the opening exercises Monday morning many patrons of the school were present, the crowd being unable to all get in the house.

The Hatchel people recently voted \$10,000 for a new building, but the bonds have not been sold, on account of a bad bond market. An effort will be made to float the bonds and build the building as early as possible.

LEESBURG, Camp County, Texas, Oct. 11.—Little excitement attended the burning of Wylie McNeely, a nineteen year old negro boy, here last night. En route from Mt. Pleasant, where the negro was seized as officers attempted to spirit him away, the mob was joined by hundreds of others, and when Leesburg was reached a funeral pyre was quickly prepared on a vacant lot in the edge of town, where the negro was tied to a stake and surrounded by dry wood which was saturated with kerosene and a match applied. The flames leaped up around the negro and he soon fell limp and lifeless as the flames continued to cremate his body. The large crowd disbanded, the members of the mob returning to their homes here and at other places.

MT. PLEASANT, Tex., Oct. 11.—Wylie McNeely, a negro, was burned to death by a mob near Leesburg, Camp county, shortly after midnight last night. The negro had been arrested charged with assault upon a white girl, and was in jail when a mob began forming.

Officers were planning to spirit the prisoner away when the mob gathered at the jail and the man was seized by the mob when he attempted to leap from the jail

where he was cremated. to an automobile waiting to spirit him away from the crowd which surrounded the jail. It was the second time the mob had visited the jail. The mob gathered at the jail Sunday night, but Sheriff Reese succeeded in frustrating their efforts to get the negro, and when it became known yesterday that the negro was in the jail the news spread and a second attempt made to get him, and he was carried to Leesburg, where he was cremated.

Perhaps the St. Louis yeggs thought \$67,000.00 was too much money for a negro messenger to be carrying.

Speed laws are not needed in Ballinger, and the traffic cop will starve to death, if we do not do something for the streets.

The charge is made that the country suffered less from murderers when every man was allowed to carry a six shooter than in this day of gunless men. The disarmament conference should take notice of this.

The West Texas Fair at Abilene was a financial success, according to the report of the secretary. The expenses amounted to \$19,173.22, while the receipts amounted to \$22,500.00, leaving a net profit of \$3,326.78. That shows what enterprise and determination will do.

That man Aven, who is to face trial at Waco this week for murdering his nephew, and who is already under death sentence for killing his wife, may get another death penalty. The third charge for murder is also pending against him. With three chances to hang he might spend the time profitably in preparing for judgment.

Travelers tell us that it is dry from Dallas to Ft. Stockton, and that the water supply is shorter than ever known before in many places. Even Dallas is becoming concerned about her water supply, and wells which have been supplying water for years have failed to function. It is not a pleasant thing to think about, but disgruntles should know where they are going when they leave Rannels county.

Merchants could help to decrease the penitentiary enrollment, save the officers much work and guard against their own cash balance, if they would make it a rule not to cash checks for strangers, unless they are sure of the genuineness of the check, or first require an identification. SALTS IF BACKACHE AND KIDNEYS HURT

Stop eating meat for a while if your bladder is troubling you.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you will have backache, sick headache, dizzy spells; your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water seals and you are obliged to seek relief two or three times during the night.

Either consult a good reliable physician at once or get from your pharmacist about four ounces of Jad Salts: take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful effervescent lithia-water drink.

"13TH COMMANDMENT" FEATURE AT MAEROY

Ethel Clayton, in a screen version of Rupert Hughes' famous story, "The Thirteenth Commandment," will be the attraction at the Maeroy Theatre Wednesday. Miss Clayton has the role of Daphne Kip, the idle and extravagant heroine, who becomes engaged to a New Yorker, supposedly rich, but really making financial sacrifices in order to satisfy her whims.

Charles Meredith is the leading man, and the supporting cast also includes Monte Blue, Anna Q. Nilsson, and Irving Cummings. The picture is a Paramount-Artercraft and was directed by Robert G. Vignola.

"The Frisky Mrs. Johnson," starring Billie Burke, is the big attraction on the program at the Maeroy tonight, a lively, dashing comedy of high life.

"Blind Wives," a Wm. Fox super-production, is the Friday offering. An all-star cast will present this picture produced by Charles J. Brabin, the director who made "The Raven" and other big specials.

SID WILLIAMS IN FIRST SERMON

Rev. and Mrs. Sid Williams, accompanied by Mrs. Helen Seogins, arrived from San Antonio last night, and an unusual crowd for a morning service greeted them at the service at the Baptist church this morning. Several years have passed since the preacher held a meeting in Ballinger, but he has not lost any of his old-time vigor, and he held the minds and hearts of the people this morning as he read a plain, simple Scripture and discussed some great truths about prayer and loyalty to God.

Mrs. Seogins is a well-trained music leader and she and Mrs. Williams sing special numbers together.

The morning services begin at 10 and close at 11. The night services begin at 7:30. All services are held in the Carnegie Library.

Catarrahal Deafness Cannot be Cured

by local applications, as they can not reach the diseased portion of the ear. There is only one way to cure catarrahal deafness, and that is by a constitutional remedy. Catarrahal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrahal, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

Suppose these Things Should Happen

Can you foresee the inconvenience, the anxiety, the trouble and the expense that would follow if you should misplace a valuable paper, or if you should be robbed, or if your valuables should be destroyed by fire? Things like this happen in thousands of places to thousands of people, every day. Every minute you run a risk, a tremendous risk on what is absolutely necessary to have around you. Why invite greater losses, why increase the risks when there is a private safe and secret hiding place for your valuables inside of our big vault?

A Safety Deposit Box Costs Only a Few Cents a Day

It may cost you more to replace a valuable piece of personal property than it would to protect it here in our vault in your own private safe deposit box for ten years. A year's rental is very nominal, depending on the size of a box.

Private Boxes and Private Keys

Your private box is numbered so that you can easily find it. You and you alone, can open it. You have your private keys numbered the same as your box. Inside of the box compartments is a removable metal box with cover, in which you place your valuables. This adds to the convenience of handling them when you come to the bank. And you have access to your valuables at any time during banking hours. They are just as handy as if they were carried, and infinitely more safe.

Things that Need Protection

Insurance policies, Liberty Bonds, stock certificates, contracts, notes, a deed to property, a will and other valuables such as jewelry---these are the things that need the protection of a safe deposit box. Be wise. Trust luck no longer. Let us show you our vault and boxes today, and bring your valuables with you.

SOCIETY

Shakespeare Club Opens Year.

The Shakespeare Club opened its new year with a social meeting at the home of Mrs. C. R. Stephens on last Thursday, with Mrs. Stephens and Miss Wilmett as hostesses. This attractive home was made more beautiful by the artistic arrangement of cut flowers and ferns throughout the reception rooms.

A short business meeting was held, with Mrs. J. H. Baugh in the chair. The roll was called with twenty old members present. Mesdames Horace Murphy, E. Sheppard, C. W. Cheatham, Misses Hattie Miller and Ruth Nicholson, were very cordially welcomed as new members.

Mrs. Baugh gave a very comprehensive survey of the year's work. The club is to study contemporary literature, a course that is sure to prove very beneficial.

The club was delighted to have as its guest, Miss Ruth Barclay, who played two beautiful piano selections.

The knowledge of Shakespeare's plays was tested by a unique contest, in which Mrs. Brown was the fortunate one. As a reward of merit she was given a pretty picture of Shakespeare's home.

A cook book which contained the favorite recipe of each club member was presented the president by the hostesses. Mrs. Wal-

ker gave the most helpful and interesting of all recipes, verbally, it was, "How to Cook a Husband."

A pretty refreshment plate, consisting of pineapple sherbet and angel and dark cake, with a flower adornment carrying out the club colors of yellow and white, was served to Mes. J. H. Baugh, Lusk, A. McGregor, Horace Murphy, Vaughn, J. E. Brewer, Skinner, Baskin, R. L. Williams, E. Sheppard, C. W. Cheatham, Wilmett, W. L. Brown, Bagg, Schawe, E. D. Walker, Sim Cottelle, Troy Simpson, F. C. Miller, Misses Hattie Miller, Ruth Nicholson, and the hostesses.

Mrs. Holman Entertains

One of the merriest "frolics" ever enjoyed by the "Fortnightly Frolicers" took place at the hospitable home of Mr. and Mrs. George Holman on Thursday night of last week.

A very clever and unique idea conceived by the hostess was that of an "automobile" motif, which was charmingly developed in all of the appointments.

On the game tables at the side of each dainty score card were placed miniature automobiles, to which were attached delicious bon bons for each guest.

The ingenuity of the charming hostess was further displayed in indicating the number of the game tables by using miniature Firestone auto tires in which was encased the number of each table while in all the gaming rooms Firestone pennants were artistically placed.

In further development of the "automobile" motif and color scheme of red and white, most attractive ice cream moulds of miniature red automobiles served with delicious white nut cake were served.

Double honors were captured by Mrs. M. S. Karmany and Mr. Alex McGregor, who made highest scores beside occupying head table throughout the entire evening.

These club members and invited guests who will long remember this most enjoyable evening included Messrs. and Mes. Estes Lynn, W. R. Bogie, J. M. Simmons, Sim Cottelle, R. J. Wheeler, Will Dooze Jr., A. McGregor, M. S. Bridge Party

A most charming hostess of the past week was Mrs. Geo. Holman, who entertained in her delightful original manner a number of her friends on Friday afternoon.

LOCAL SQUAD TO HAVE GAME FRI.

Practically every member of the High School football squad was out for practice Monday, limbering up stiff muscles acquired in their hard fought tussle with Coleman Saturday.

The coaches had a charging machine built and ready for them and part of the afternoon was spent by the linemen in pushing it up and down the field. It is designed to strengthen the forwards in both offensive and defensive work, and to build up their leg muscles.

A tackling machine will be put up tomorrow, and the boys will be given a chance to down the Santa Anna "dummy" a few times, and acquire some real tackling ability.

Most of the time yesterday was spent in reviewing defects shown in Saturday's play and in polishing off offensive work. Owing to the small size of the squad the men have very little practice on defense.

The game with Santa Anna Saturday will be called promptly at 3:30. The admission will be 50 cents for adults and 25 cents for children and all pupils of the schools.

Keep your stomach, liver and bowels in good condition if you would have health. Prickly Ash Bitters cleanses and strengthens these organs and helps the system to resist disease germs. It is the remedy for working men. Price \$1.25 per bottle. John A. Weeks, special agent.

SOCKATERNIA

This disease manifests itself in the partly wired house, persons endeavoring to attach vacuum cleaners, fans and portable lamps, to outlets are peculiarly subject to it.

Symptoms: Patient takes plug in hand and wanders about room looking at base-board, patent sewers, using under ferns of excretion in undertones at first. Sweating grows lender and blacker, patient uncovers lamp from fixture and tries to attach split socket without removing shade.

Treatment: Install standard outlets on base board of every room.

Making Extraordinary Mileage a Certainty

Car Owners want more rubber on the tread where the wear is hardest; more gum between cord plies to perfect a resilient and powerful carcass. And they want a scientifically constructed Non Skid tread with all angles and contacts to resist skidding and give sure traction. Firestone Cord Tires have met these demands of the car owners.

Read Letters Below—
Records from 29,000 to 57,000 Miles

Cord Tires built the Firestone way could not fail to produce mileage. Every day, from all over the country, comes the word that 10,000, 20,000 or 30,000 miles are frequent and consistent records.

Sept. 10, 1921
Firestone Tire & Rubber Co., Jacksonville Branch, Jacksonville, Florida.
Gentlemen—

I submit herewith the history of a 33x4 Firestone Cord tire. This tire has run 57,000 miles. I have retreaded it seven times. The average mileage to each retreading was about 7,500. I think you will agree this is a remarkable record. It is especially unusual as I know the owner to be a severe driver. However, he gives his tires proper attention. The tire in question is not getting out of service and has every indication of being sufficiently strong for another retread. I am mailing photographs under separate cover.

FABRIC 30x3 1/2 NON SKID EXTRA SIZE \$13.95

In this fabric tire as in our cord tires only Firestone resources and experience can provide this quality at this price.

Sept. 2, 1921
The Harvey E. Mack Co., Thirteenth & Harmon Place, Minneapolis.
Gentlemen—

It occurs to me that you might be interested in the mileage that I obtained from the set of Firestone Cord tires on my Dodge coupe. The first tire went over 29,000 miles. The second tire rolled up a mileage of between 34,000 and 35,000. These were both rear tires and had been cut considerably by chains. The two front tires have gone better than 35,000 miles and are still in good condition. I expect to get at least 40,000 miles from each of them. I need scarcely say that the Firestone Cord will be my tire choice for the future.

WATER BONDS TO COST \$1 AN ACRE

It is reliably stated that land owners would not have to pay over one dollar per acre per annum for financing the Colorado river irrigation district. Of course the cost per annum would decrease as fast as the bonds were paid off. The probable cost of one dollar per acre would take care of the interest and sinking fund on bonds sufficient to finance the building of the dam, canals, and carrying the water to the land to be irrigated.

Chief Engineer Holder has moved his camp to Ballinger and the work of completing the survey will be directed from this point. Mr. Holder has said little for publication, and will not go into detail to just what the survey will develop in the way of the feasibility of the proposition, but he said enough to convince those interested that the plan can be put over if the people want it.

There is no doubt but that the engineer's report will show the project is entirely feasible, and that water can be put on many thousands of acres of land, if the land owners want to go ahead with the proposition.

The attitude of some of the land owners in the Rowena country toward the proposition is calculated to discourage the promoters, and it is reliably stated that the engineers will not include that country in the proposed irrigation district. The survey will exclude what was at first thought to be the very center of the irrigated district, as it would be folly to take in the very people who oppose the proposition and who would vote against it when the time came to create the district and issue the bonds.

The engineers state that there will be a sufficient acreage to consume the water without taking in the Rowena country, and it is stated that no effort will be made to force the proposition upon the community which is fighting it. This will be unfortunate for Rowena and the large acreage of valuable land adjacent to that town. The only chance to come in the district after it is once created is thru the extension of the boundaries of the district which could be made provided the water supply was sufficient, and that will be too late to get the full benefits of the proposition from the very beginning.

The state and federal governments are watching developments, and with the encouragement received from every source each day apparently brings Ballinger nearer to a realization of what was "Captain Stanley's dream."

To remove bilious impurities in the system and be made internally clean and healthy, you need the fine tonic and laxative properties of Herbine. It acts quickly and thoroughly. Price 60c. Sold by all druggists.

HOW WOMEN OF MIDDLE AGE

May Escape the Dreaded Sufferings of that Period by Taking Mrs. Block's Advice

Hopkins, Minn.—"During Change of Life I had hot flashes and suffered for two years. I saw Lydia E. Pinkham's Vegetable Compound advertised in the paper and got good results from taking it. I recommend your medicine to my friends and you may publish this fact as a testimonial."—Mrs. ROBERT BLOCK, Box 542, Hopkins, Minn.

It has been said that not one woman in a thousand passes this perfectly natural change without experiencing a train of very annoying and sometimes painful symptoms. Those dreadful hot flashes, dizzy spells, spots before the eyes, sinking spells, nervousness, are only a few of the symptoms. Every woman at this age should profit by Mrs. Block's experience and try Lydia E. Pinkham's Vegetable Compound.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co., Lynn, Mass., about your health. Your letter will be opened, read and answered by a woman, and held in strict confidence.

WILL INSPECT COTTON SEED

Ed O'Kelly, representing Maston Nixon, of Robstown, in this county in the sale of pure Mebane Long Staple cotton seed, left for Robstown Monday, accompanied by Ed Day, Geo. Dean E. M. Setser, J. M. Jennings, E. Batts, W. B. Cobb and J. D. Good. The gentlemen are accompanying Mr. O'Kelly to Robstown for the purpose of investigating the cotton seed, and Mr. O'Kelly stated that if the committee found the seed as represented he would ask them to so state, and then the farmers of this county would know what they were buying, and could plant the seed with the assurance of getting the best results.

"I am not going out as a 'cotton seed bootlegger,'" said Mr. O'Kelly, "and we are making the trip in order to prove the genuineness of my seed before I offer them for sale." The farmers of this county will have to import all planting seed for next year on account of the drouth.

this year preventing the maturity of the best seed for planting. Agents are already in the county taking orders for seed and it is well for the farmers to be sure and place orders with responsible parties only, and not be caught paying high prices for cheap seed. The above named gentlemen left Ballinger in two autos and will return last of this week.
