# Non-Profit Cemetery Group Names Committee

## Bailey County Memorial Park Appraisal Scheduled

For the past few years, the fate of Bailey County Memorial Park has been 'up in the air' as the former owner, H. D. Hunter, declared bankruptcy, throwing the cemetery just west of Muleshoe into receivership.

A local man was hired to care for the cemetery, and has done an outstanding job since that time, keeping the grounds mowed, watered and cleaned, however, no decision was made as to what disposition to make of the cemetery.

A long step forward was taken Thursday night, when more than 50 people packed into the meeting room at the Muleshoe State Bank to start the formation of a non-profit corporation to perhaps purchase the land and assets and keep local control.

### Russian Wheat

### Aphids Subject

### Of Local Meet

An educational program on the Russian Wheat Aphid has been planned for Monday night, April 18, at 8 p.m. at the Bailey County Civic Center and Coliseum.

Producers will have an opportunity to visit with two Extension entomologists, as well as view samples of wheat brought in that show Russian Wheat Aphid damage.

Dr. Pat Morrison and Mike Blanton, Extension entomologist will be on hand to discuss the present Russian Wheat Aphid situation. They will also discuss identification, symptoms, chemical control and scouting techniques.

This meeting is free and open to the public, regardless of socioeconomic level, race, color, sex, religion, handicap or national origin, says Spencer Tanksley, county Extension agent.

"We hope all interested persons will attend," added Tanksley. "If other information is needed, please contact the county Extension office -- 806-272-4583.

It was explained that the assets to be sold include unsold lots in the cemetery, undeveloped land, the tractor, lawn mower, watering equipment and maintenance building.

After numerous attempts to sell the cemetery assets, David R. Langston, trustee, from Lubbock, turned Bailey County Memorial Park over to a liquidation firm to sell.

In the event it is sold to a private owner, it will not be likely that the new owner would be a local person, explained Pat Moore, who was named chairman of the committee chosen to explore possibilities for the cemetery.

She said the \$70,000 in funds that had been removed had been put back in trust and is in a bank in Lubbock. Necessary expenses are paid from the interest on the trust fund, and on the sale of lots. The expenses include the caretaker, and any necessary supplies, equipment or repairs.

"People seem real interested in forming the non-profit corporation," said Ms. Moore. "And they really want to make a go of acquiring the cemetery here."

Committee members chosen to temporarily serve as a 'guidance board' include Ms. Moore, Todd Ellis, Lewis Wayne Shafer, Gordon H. Green, Clifton Finley, James Glaze, Jim Johnson, Ruby Spurlock and Errol Gross.

The new chairman said the committee will get an appraisal of the land and assets, and from the appraisal, make a proposal to David Langston, the trustee.

On questioning, she said the occupied lots at Bailey County Memorial Park are not in danger, and no one's family or loved one will have to be removed from the cemetery. "The only property in question

## Library Plans Activities; Will Name 'Library Family'

National Library Week will be observed April 17-23 at the Muleshoe Area Public Library with several activities planned.

Included will be 'NLW' book-markers and balloons for the children, and a special story-hour on Wednesday morning from 10-11 a.m.

There will be history projects on display from Junior High School.

Anne Camp, librarian, said, "Everyone is cordially invited to visit the library during the week."

Tuesday afternoon at 2:00 p.m. Alan Buster, Community Education Coordinator from Methodist Hospital at Lubbock will give a presentation on Osteoporosis the silent thief-what you need to know. This will be held in the activity room back of the library. We urge everyone to attend this excellent presentation.

Highlight of the week will be the big book sale, which will be sponsored by the Muleshoe Study Club with help from the Friends of the Library.

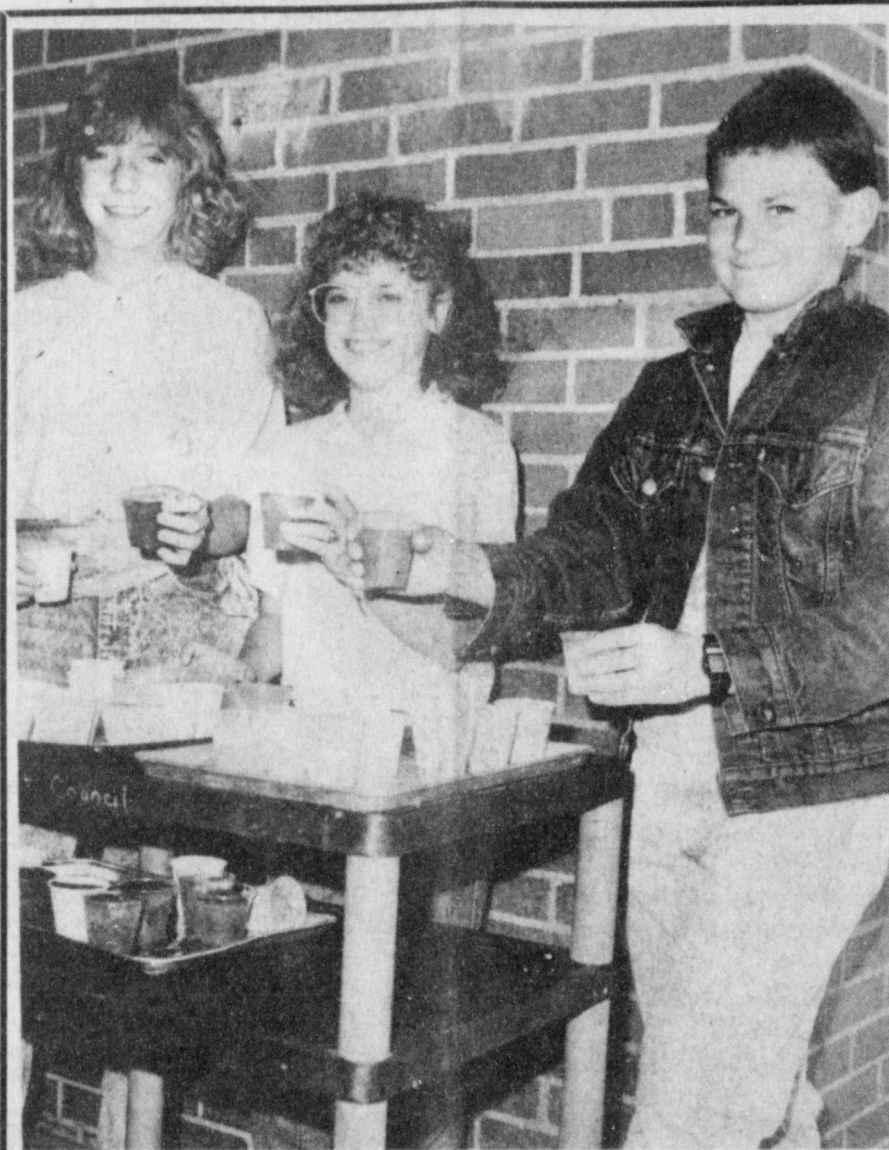

The book sale will be Friday, 10 a.m.-6 p.m. and Saturday, from 9 a.m., as long as there are people at the library to buy books.

In conjunction with the book sale, the library will have an excellent up-to-date set of the World Book encyclopedia for bids. Mrs. Camp said this will make the very best set to have at home for school age children. She also said all books in the sale will be very low priced.

For computer buffs, there will be demonstrations of the Wil-search software for the Apple computer; in which you are able to search a total of 19 different databases containing information on thousands of subjects.

A special inducement is an amnesty on books -- all week, no fines will be charged -- if anyone has overdue books, this is the time to bring them in.

To climax the week on Friday, at 4:15 p.m., the "Library Family of the Year" will be named and honored by the Muleshoe Study Club. This award is made to a family who has all enjoyed the library through regular use throughout the past year, and who have a good library record.

**NAMED STUDENTS OF THE MONTH**-For March, the Students of the Month at Watson Junior High School are from left, D'Anne Box, eighth grade; Stacie Harris, seventh grade and Kris Fuller, sixth grade. This month, all three students are members of the WJHS Student Council. They are shown selling frozen pickle juice and frozen Koolaid. The cups sell for 25 cents each. Using these funds, the Student Council purchases items for the school, such as a refrigerated water fountain, recently installed. They are now working toward a lighted basketball scoreboard. (Journal Photo)

## Sales Tax Checks Reflect Increase

State Comptroller Bob Bullock sent checks totaling \$57.5 million to 908 cities that collect local option sales taxes at either one or one-half percent rates.

This month's allocation brings the year-to-date increase over 1987 to 6.5 percent.

"The state's economy is on the upswing and growing. Texans are becoming more confident about spending their money," Bullock said.

Bullock also sent checks totaling \$5 million to 81 counties that collect a half-percent county sales tax. Businesses in these counties and 55 cities that adopted the additional half-percent tax began collecting it on January 1 this year.

Only a part of the allocation increase can be attributed to the additional tax and the widened tax base, according to Bullock. Cont. Page 6, Col. 3

With suitable weather, the Mule Putt Miniature Golf Course will open for the 1988 season on Friday, April 29, according to Wayne Holmes.

He said the golf course will be open 7 p.m.-midnight on Friday, Saturday and Sunday.

A meeting has been planned for all mothers of athletes in Muleshoe High School.

It will be held Tuesday, April 19, at 5 p.m. at the Old Corral.

Decoration plans for the All-Sports Banquet will be discussed.

Jim Swanner, administrator at West Plains Medical Center, said 89 local and area women participated in the breast cancer testing in Muleshoe on Thursday.

Because of the response, a second testing session has been planned for May 13.

Some 15-20 women have already registered for the May 13 session, said Swanner.

To make reservations, call WPMC at 272-4524, and talk to Barbara.

Gordon Wilson, who broke his leg while motorcycle riding on Easter Sunday, has returned to his home from Methodist Hospital. Cont. Page 6, Col. 5

## In Profile

# Dave Marr 'Keeps Up' With His City Activities

One of the 'biggest' and 'busiest' jobs in Muleshoe may be the one performed by Dave Marr, city manager.

Just in case you thought his was perhaps 'just a piece of cake,' let's make a tour with the city manager -- a daily task for him.

A firm believer that he 'must' keep up with just exactly what is going on in city operations, he is definitely not a deskbound administrator. Daily, he makes a tour of the various city operations, making sure the city's main function - that of providing basic services - is conducted as efficiently and smoothly as possible -- at the least cost.

First stop is at the Sanderosa Wellfield just south of Muleshoe on Hwy 214. The wellfield, consisting of 1,520 acres, was acquired by the city a couple of years ago, and contains 11 water wells.

A lot of work has been done at the wellfield, said the city manager, as he drove down roads cut all over the acreage, leading to wells, the two circles on the land, and water lines.

Marr is justifiably proud of

the water system, which is expected to be paid for by sales of water to the City of Lubbock for the next five years.

Nailing down adequate water supplies, not only for now, but for future use by the City of Muleshoe, has been one of the priorities of the personable city manager.

With a lot of cities facing water shortages, and even water rationing during summer, peak months of use, Marr said he never expects such shortages here.

Marr's first big project in Muleshoe after coming here as City Manager in March 1975, was to construct a new water tower at the west side of town, and drill new water wells.

He said that was basically the first need he saw, in order to provide adequate, steady water supplies.

Before the city acquired Sanderosa, which fronts on Highway 214 for one mile, and is two and a half miles west of Hwy 214, the city had 10 water wells.

Since the city owns the land as well as the water rights, Marr believes the future poten-

tial usage of Sanderosa is unlimited. It has clean, almost white, sandhills, with roads cut all over the land. Also, the pipeline for Sanderosa is only one-fourth mile from the city's primary water tank just east of Hwy 214 south of Muleshoe.

But, wait! Why is the city manager able to do many of the things he has done to update and modernize city facilities and equipment since coming to Muleshoe?

"I am very fortunate to have a very supportive city council, and through the years, have had supportive city councils," said Marr. "With the great people on the council, we have been allowed to do what we have needed to do, and purchase the equipment we have needed to purchase."

When Marr first became city manager, there were 45 positions with the city for employees but this has been changed, he said, and today, there are 30 city employees. Some of this was done by eliminating positions, and some by contracting services, at a considerable savings to the city, as it has

really cut payroll costs.

"I am very proud of our longtime, capable productive people," said Marr. "We have well-trained employees, who stay with us for many, many years."

"Once again, we have to thank the city council for letting us provide working conditions, and a general environment, as well as a good benefit package and good equipment, so our employees want to stay with us."

"Our people receive fair wages, they are treated fairly, and treated as adults," he continued.

"We have few employee complaints. For our water and sewer crew, we have people willing to tolerate the wet and cold, as we give our people proper equipment and good tools to do a good job."

"The last three or four garbage trucks have been air-conditioned. This is an added incentive for the driver who goes down alleys at approximately two miles an hour."

City Manager Marr said,

Cont. Page 6, Col. 1

DAVE MARR

### Letter To The Editor

Letter to the Editor:

Monday was a black day for Muleshoe High School.

Black is a symbolic color for depression and sorrow, and that describes the feeling of most students, teachers, and administrators as we arrived to view the destruction.

Black is the color of negative emotion - and such emotion was expressed so violently.

Black is the traditional funeral color, and a shroud of death

covered our school as we realized just how much had been destroyed - not just in equipment, but in spirit and pride.

But black is the combination of all color - and it was a combination of effort from all students, teachers, and personnel from all over the system that got busy and had the majority of the mess cleaned up by noon.

Black is the color of stability - and that stability was shown in the determination of individual students as they voluntarily pitched in to correct the wrong committed against them.

Black is the ultimate - and while Monday expressed the ultimate humiliation and embarrassment for our school, it also epitomized the spontaneous ability to recoup by the entire student body in a united effort to regain that which was so hatefully taken from them.

Black is the basic and that basic integrity proved to evident after the news media and police were gone, after the last picture had been taken, and the students themselves picked up the pieces to put their school back together.

Black and white - plain and simple - and the plain and simple fact is that those are terrific colors for this school, and I'm proud to be a part of such.

Hellen Adrian  
Teacher, Muleshoe High School

## Creative Living

by Sheryl Borden

Information on new products for microwave cooking and new sewing techniques for making frilly party dresses will be presented on "Creative Living" on Tuesday, April 19 at 12 noon and repeated on Saturday, April 23 at 2:00 pm on KENW-TV. (All times are Mountain.)

What do taco chicken and chocolate peanut butter cake have in common? Guest, Janet Emal will demonstrate how these two dishes can be prepared in the microwave oven with amazing results. Janet is a spokesperson for The Pillsbury Co. and also has written a cookbook that specializes in microwave recipes. The cake that will be featured is a new cake mix from Pillsbury that is designed for microwave cooking and is practically fool proof. Janet is from Phoenix, AZ.

Another guest will demonstrate creative sewing for making little girls' frilly dresses. Janet Wood will show some special techniques for quick gathering, letting, shirring and attaching elastic on little girls' dresses. She is from Riverside, CA.

On Tuesday, April 19 at 9:30 pm and Thursday, April 21 at 12 noon, "Creative Living" will feature information on linings and pad stitching.

Karen Dillon, a sewing expert with Palmer/Pletsch Associates will demonstrate custom linings vs. quick linings -- the end results are the same and one saves a lot of time. Karen is from Walnut Creek, CA.

Susan Wright is the Extension Clothing Specialist with the New Mexico Cooperative Extension Service in Las Cruces, and she will show how to do pad stitching by machine. It saves a lot of time, too.

### TACO CHICKEN

1 pound chicken pieces, 1 beaten egg, 1 C. crushed cheesy crackers, 2 Tbsp. taco-seasoning mix

Combine crackers and taco-seasoning mix; set aside. Dip chicken pieces in egg; then roll in cracker mixture. Place chicken pieces in a round glass dish with thicker pieces to the outside. Microwave on HIGH power 7 to 8 minutes. Serves 4.

### CHOCOLATE PEANUT BUTTER CAKE

### CAKE:

1 pkg. Pillsbury Microwave Chocolate Cake Mix, 1/2 cup water, 1/4 cup oil, 1/4 cup peanut butter, 1 egg

GLAZE: 1/2 C. semi-sweet chocolate chips, 2 Tbsp. peanut butter, 1 Tbsp. margarine or butter

Using solid shortening, grease specially designed pan provided with Pillsbury Micro-

wave Cake Mix. (DO NOT substitute other pans.) In medium bowl, combine all cake ingredients. Beat with spoon about 75 strokes or until well blended and smooth. Pour into prepared pan.

Microwave on HIGH for 6 1/2 to 8 minutes or until cake pulls away from sides of pan and top no longer looks shiny and wet. Immediately invert onto serving plate.

In small microwave-safe bowl, combine all glaze ingredients. Microwave on HIGH for 45 to 60 seconds; stir until smooth. Carefully spread over top and sides of warm or cooled cake.

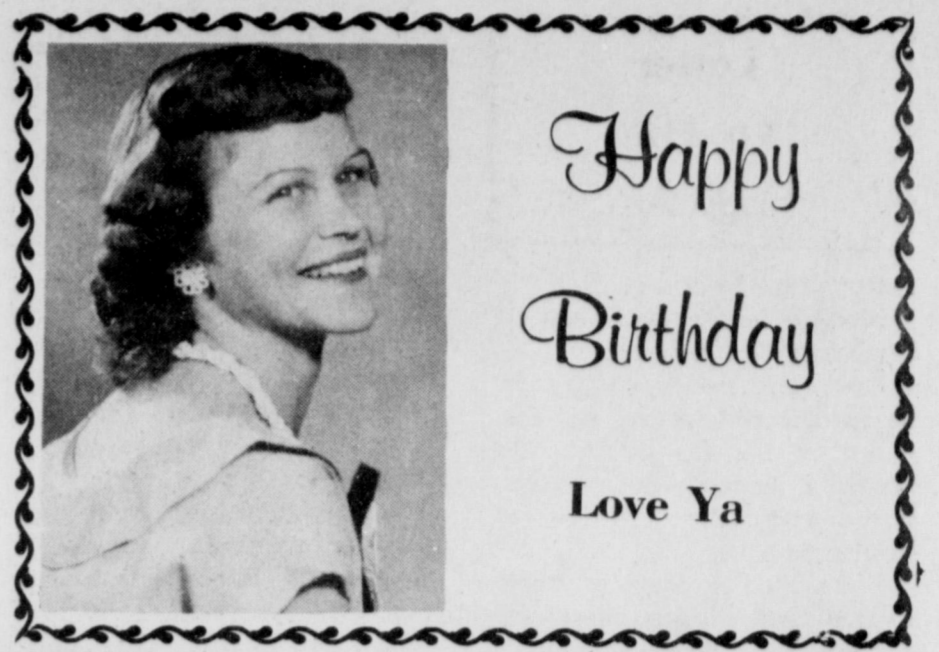

Serves 8.

## Wedding Shower Honors

### Mrs. Shelly O'Grady

The community room of Summit Savings was the scene of a wedding shower Saturday, April 9 honoring Shelly O'Grady, the former Shelly Betts.

Guests were greeted by the honoree and her mother-in-law, Frances O'Grady, between the hours of 2 and 4 p.m. and registered by Jake Black.

Connie Haight served wedding punch, thumbprint cookies and mints. The serving table was covered with a white linen table cloth trimmed in lace and accented by an arrangement in Williamsburg blue featuring Danchu Springs and large grape leaves highlighted with dusty rose blossoms.

The hostesses gift was a set of stainless silverware. Hostesses for the occasion included: Connie Haight, Rose Buckner, Jake Black, Frances Bruns, Kathleen Hayes, Berta Combs, Lou Ann Black, Jeanetta Precure, Charlie Hanks, Sandy Peterson, Alene Bryant, Mary

Autry, Rose Lee Powell, Wilma Magby, Darla Poynor and Glynna Yates.

### Rebekah Lodge News

Muleshoe Rebekah Lodge No. 114 met in regular session on Tuesday, April 12 at the Lodge Hall with Novella Price Noble Grand, presiding.

Linda Tosh, Chaplain, gave the opening prayer and Joyeline Costen presented the flag. Final arrangements were made for the South Plains Association meeting to be held in Muleshoe on Saturday.

The members practiced the drill and the Bible Ceremonies and filled welcome packets.

Refreshments were served to 21 members by Maud Young and June Green.

**CELEBRATING GOLDEN ANNIVERSARY**—Mr. and Mrs. Robert Kindle will be honored with a golden anniversary reception Sunday, April 24 in the Three Way home economics room, Maple. Mr. and Mrs. Kindle will greet relatives and friends between the hours of 2:30 and 5:30 p.m. Hosting the reception will be their children and grandchildren, Bob and Paula Foley of Goodland, Jerry and Ginger Damron of Circleback, Bobby and Kay Kindle, James and Sharron Kindle, Joe and Carolyn Kindle, all of Maple and a sister of Mrs. Kindle, Carla Martin of Canyon. Kindle and the former Mary Darrick were married on April 19, 1938, at Maple by the Rev. Alfred Richards, now of Portales, N.M. The couple have lived in the Maple community since their marriage. They have 15 grandchildren and five great-grandchildren.

(Guest Photo)

## Muleshoe TOPS Club Celebrates Anniversary

Muleshoe TOPS Club chapter No. 34 celebrated their 25th anniversary Thursday, April 14 during their regular weekly meeting.

Jewel Peeler gave a report on the history of the TOPS Club and how it was founded by Esther Mantz on Jan. 21, 1948, in Milwaukee, Wis. and how the organization has grown from the original four members in 1948, to 312,788 members in January of 1988.

The Muleshoe Club was organized on April 18, 1963, with approximately 25 members joining on that night. Four of the charter members, Ruth Clements, Mary Edmiston, Rose Sain and Jewel White were present for the celebration.

After being out of the club for a number of years Mrs. Edmiston rejoined the club a few months ago and Mrs. White rejoined Thursday night after several years of being out of the club. Mrs. Clements and Mrs. Sain have remained members through the years.

Scrapbooks compiled through the years were displayed on a long table along with crowns worn by various best losers through the years. One of the tables was covered with a white table cloth and accented with a red carnation centerpiece accented with the number 25. This centerpiece was given to Laverne James, leader.

During the short business meeting, Mrs. James called the meeting to order with the TOPS pledge and fellowship song. She also led the group in prayer.

Orddie Burris called the roll with 11 members and two visitors, Dora Barber and Marie White, present. Mrs. White later joined the club.

Evelene Harris was named best loser for the week and runners-up were Rose Sain, first; and Orddie Burris, second.

Everyone was reminded that the contest will end next week. The meeting was closed with the singing of the goodnight song.

As a nation, we can be thankful that presidential elections occur only every four years.

The matter of your health should be more important than anything else to you.

## Work Continues On 'Trails Of Bailey County'

Mrs. Jodie Head, representative from Taylor Publishing Company was at the Muleshoe Public Library on Friday to assist the Bailey County History Book Committee in getting the Family History Stories off to the printer.

"The committee appreciates the help of people who have worked long hours typing, editing, making copies, preparing index of all names appearing in the stories, sizing the pictures and other layout processes to get the 'Tales and Trails of Bailey County' book in print," said Billie Downing. "Also, the compilation of 600 plus family stories will make the book very special."

"Orders for the soon-to-be published Bailey County History Book are pouring in from far and wide. 'Today, Thursday, we received orders from Helena (Upton) Lane of El Paso, Texas; Helen Bearden Cox of Omak, Washington; Jim Cole of Farmington, New Mexico; Gordon and Gwyneth Peterson of Clovis, New Mexico; W.T. 'Ted' Simpson, HCR 3, Sudan, Texas; and also, James Glaze, and Mr. and Mrs. Chester Yerby of Muleshoe'," said Anne Camp.

If you haven't placed your order for your book, or if you want additional gift books for the members of your family, now is a good time to order. You may also want to have your heirloom history book personalized with family name(s) in gold on the cover; just send \$5.00 (each book) with your name(s) printed just like you

want it on the book(s). Much of the county history has been gathered; but the committee will concentrate efforts on getting Memorial Pages, special pages on early businesses, county officials, churches, schools, celebrations and other "firsts".

Don't miss this opportunity to preserve for posterity!!!

As far as "First"; last year on September 17, 1987, the fourth grade students from DeShazo Elementary School marched to the Bailey County Courthouse for a bell ringing ceremony to commemorate the 200th Anniversary of the signing of the Constitution. All of the history won't be 70 years old!

### Who Knows?

1. What is a mandamus?
2. Which state first ratified the Constitution of the U.S.?
3. When did the first ship pass through the Panama Canal?
4. Where is the Eisenhower museum located?
5. Who said, "The hand that rocks the cradle is the hand that rules the world"?

### Answers to Who Knows

1. A writ issued to enforce performance of a public duty.
2. Delaware.
3. August 15, 1914.
4. Abilene, Kansas.
5. William Ross Wallace.

**TOPS CLUB CHARTER MEMBERS**—(From Left) Rose Sain, Mary Edmiston, Ruth Clements, and Jewel White are all charter members of the Muleshoe TOPS Club chapter No. 34. After being out of TOPS for several years Mrs. White rejoined the club Thursday night.

## I Love Muleshoe Walk-A-Thon Scheduled Next Weekend

Muleshoe Jennyslippers met Tuesday, April 12 for their regular quarterly meeting. A discussion was held on the Walk-A-Thon scheduled for Saturday, April 23 at 9 a.m. at the new City Park. All participants are to meet at the concession stand. Pledge sheets may be picked up at the Muleshoe Public Library. Billy Downing reported to the Journal that periodic rest stops along the way will be supervised.

David and Liz Tipps are rival participants in the "I Love Muleshoe" Walk-a-thon.

"Mrs. Tipps walks every morning before she drives to Lubbock to work," said Billie Downing. "She is well on her way to winning a Garfield Telephone. Tipps hasn't named a prize. He is just determined to beat Mrs. Tipps in amount of pledges. (They are not sharing a pledge sheet!!!) Daughter, Megan, will probably be helping with refreshments for her parents at one of the three rest stops.

"A Jennyslipper team of Evelyn Peat and Bobbie Harrison is getting pledges to win a Carousel Microwave for the Muleshoe Library. Another Jennyslipper, librarian, Anne Camp, has thrown her support behind this effort!

"Come on TOPS Club! Lions Club!

"There was some talk of a running competition between Lonnie Adrian and Dr. Lepard. This will be an exhibition for sight see-ers!

"The high prize winner for 1987, Lee Ann Wisian, has been working diligently on her pledges and is challenging all high school students to get their entry sheets today.

"The Mary DeShazo students always put forth a lot of effort and we hope to have the names of some of the participants for publication. The Jennyslippers hope everyone will sponsor these young citizens in the Walk-A-Thon.

"Jolene Rupe is entered and expects some competition from the Watson Junior High stu-

dents of Coach Rupe, Coach Donaldson and Coach Turnbow!

"A lot of fun is being planned for Adults who will come walk their mile in the Walk-A-Thon on the 23rd. These participants will be honored with refreshments and fellowship at the One-Mile Mark on the route. With \$25.00 turned in by their sponsors, they will win either the Genuine Leather Billfold or a waterproof Muleshoe Mules Tote bag.

"Remember all proceeds from the Walk A Thon go for the fireworks at the 4th of July Celebration and other community projects."

The history book committee reported that work on the book continues at the library each Thursday evening.

Ruby Green reported on the Retina Plasta (cancer of the eye) which her son and grandson suffers from, and the Ronald McDonald House and the Cooperate Angels, which provides air passage to New York for patients needing treatment for this disease.

### Friendship Club

Muleshoe Friendship Club met Thursday, April 14 at the Old Corral Restaurant. Olena Watts, president, called the meeting to order. Roll call was answered by seven members.

Maude Young gave the opening prayer and the minutes of the previous meeting were read by Gladys Darsey, secretary. She also gave the treasurers report in the absence of the treasurer, Lois Witherspoon.

Several members were reported on the sick list. A short business meeting was held and the meeting was closed with a prayer by Kathryn Cole.

Refreshments were served to the following members: Sammie Ethridge, Olena Watts, Ruth Shafer, Maud Young, Gladys Darsey, Kathryn Cole and Rob Damron, hostess.

**DANCE FOR HEART**---Approximately \$1500 was earned at the Jazzercise Dance For Heart held Monday night, April 11 at the Mary DeShazo gym, according to Elaine Burgess. Mrs. Burgess stated that the local Heart Association appreciates all those who participated in the dance, as well as Teri Precure who coordinated the dance. Also Muleshoe Gymnastic kids who tumbled during the event. (Journal Photo)

## Spring Fling '88 Fast Approaching

"Spring Fling '88" is approaching rapidly, with sessions planned for adults 55 and over at the Texas 4-H Center on Lake Brownwood. Hundreds of people are expected to participate in the Eighth Annual Spring Fling, scheduled during April and May, notes Spencer Tanksley, county 4-H program coordinator with the Texas Agricultural Extension Service, The Texas A&M University System.

Conducted by the Extension Service, the event is spread over five consecutive weeks. Each session includes four activity-filled days, Tanksley says.

The schedule includes Spring Fling I -April 12-15; II, April 19-22, but this session is full; III April 26-29; IV, May 3-6; and V, May 10-13.

Educational programs and activities featured offer a wide variety of topics for all who attend. Topics include exploring insurance options, cooking demonstrations, new tax laws, floriculture, and much more, Tanksley says. Energizing and relaxing recreational opportunities should help stimulate enthusiasm and all participants will have opportunities for fellowship and acquiring new friends, the agent adds.

Learning centers will offer "hands-on" experience in a variety of areas such as oil painting, creating wind chimes, needlecrafts, antique restoration, country crafts, collectibles, gardening and nature studies, Tanksley explains.

Other special activities will include boat rides, guided nature tours, and fishing on Lake Brownwood, as well as swimming in the olympic-sized

pool, playing on lighted tennis courts, and participating in games of horseshoes, billiards, volleyball, shuffleboard, dominoes, and card and table games, Tanksley says.

A special Spring Fling theme of "Tropical Splendor" will provide a festive atmosphere for the newly expanded facilities.

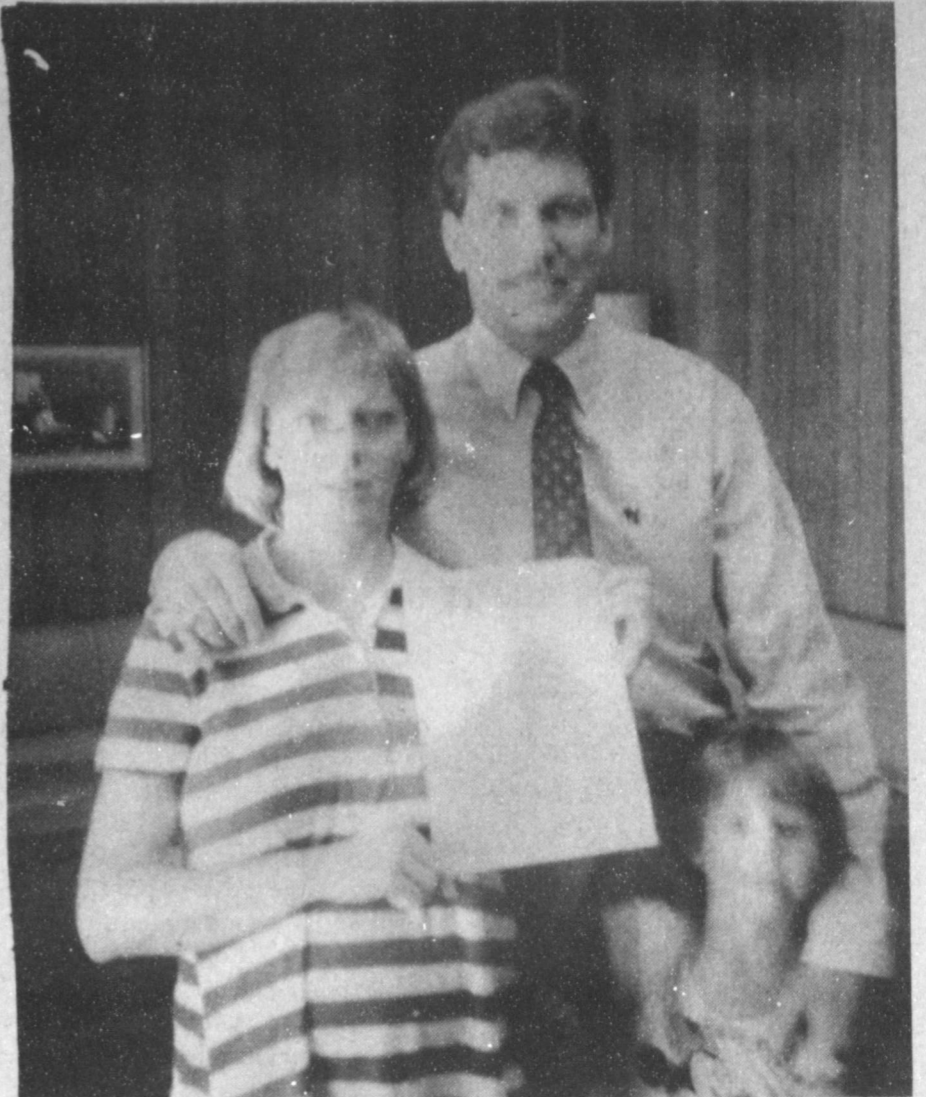

Each weekly session is limited to the first 120 participants who register at a cost of \$89 per person. The registration fee includes room, meals, refreshments, linens and limited accident insurance. Contact your local county Extension agent for more details.

Whatever you look for, the year 1988 will give you some surprises.

There are selfish people in every community who still seem to get along.

The grave of capitalism, if it's dug, will be the work of unconscionable capitalists.

We're now ready to turn our thoughts, once again, to good old springtime.

**WALK-A-THON PARTICIPANTS**---David and Liz Tipps will be among a host of other participants walking in the Walk-A-Thon scheduled for Saturday, April 23. Participants should take their pledge sheets and be at the concession stand in the New City Park at 9 a.m. (Guest Photo)

The people who smile often have more friends than the people who frown.

News isn't always what happens; it's what you happen to read or hear.

**ACCIDENT VICTIM TAKEN TO HOSPITAL**--Tuesday afternoon, Curby Brantley Jr. was taken to West Plains Medical Center by Bailey County EMS for treatment after he overturned his pickup northwest of Muleshoe. Brantley was not seriously injured in the accident, and was treated and released. *[Journal Photo]*

### Alfalfa Weevils Are Showing Up; Check Closely

April is a critical time for alfalfa producers on the South Plains, cautions Spencer Tanksley, Bailey County Extension agent for agriculture.

This is the time when producers need to examine their alfalfa for the presence of alfalfa weevil larvae, Tanksley said.

With the beginning of warm spring weather, overwintering female weevils begin laying eggs. The young larvae which hatch out are very small, yellow-green in color and feed in the growing tips and developing buds. Older larvae are green with a white stripe down their back.

"We expect to have our peak alfalfa weevil activity in April in our area," said Tanksley. If larval numbers are high enough to reach the economic threshold, one properly timed application should give control. Treatments should be applied in alfalfa 2 to 6 inches tall when populations average one larva per stem or when 30 to 40 percent of the plant terminals show weevil feeding damage. Taller plants 7 to 14 inches tall should be treated when larvae average 1.5 per stem or when 25 to 30 percent of the terminals are damaged. Several effective insecticides are registered for alfalfa weevil control.

The alfalfa weevil has only one generation per year and is

usually only a pest of first cutting, said Tanksley.

After the larvae finish feeding, usually by mid May in our area, the larvae spins a net-like cocoon on the plant or in the soil debris. The adult weevil emerges from this cocoon and leaves the field. The weevils stay out of the alfalfa fields all summer and re-enter them in the fall. The adults overwinter in the field and the cycle then repeats itself.

Since the larvae are a pest of first cutting, it is sometimes possible to cut a little earlier than usual and avoid chemical treatments. Cutting results in exposure and a lack of foot which kills many of the remaining larvae. Winter grazing by livestock helps reduce weevil populations.

### BIBLE VERSE

*"I am he that liveth, and was dead; behold I am alive for evermore... and have the keys of hell and death."*

1. Who made the above statement?
2. To whom was he speaking?
3. Where was the author at the time?
4. Where may this statement be found?

#### Answers to Bible Verse

1. Jesus Christ.
2. To John the Apostle in a vision.
3. John was a prisoner on the Isle of Patmos.
4. Revelation 1:18.

## Voters Ratify Crosby County Annexation

Eastern Crosby County residents have joined the High Plains Underground Water Conservation District No. 1, according to complete but unofficial returns from the Saturday, April 2, 1988, annexation election.

The newest addition to the Water District's service area includes the parts of County Commissioners Precincts One, Two and Four located above the Caprock. The western precinct of Crosby County above the Caprock joined the Water District in April 1969.

A majority vote in separate elections within the proposed area and within the existing Water District was needed to approve the annexation.

Crosby County residents also approved levying and ad valorem tax up to \$0.05 per \$100 valuation to pay for their pro rata share of the operation and maintenance of the Water District.

"Since joining the District, Crosby County residents will receive almost immediate benefits from several of our programs," says Ken Carver, High Plains Underground Water Conservation District No. 1 Assistant Manager.

Rural domestic water quality sampling and pump plant ef-

iciency testing are just two of the District's services now available to eastern Crosby County residents upon request, Carver notes.

Eastern Crosby County producers are now eligible to access funds through a pilot agricultural water conservation equipment loan program available through the Water District. Funds are loaned at 6.48 percent interest to purchase items such as center pivot irrigation systems, surge irrigation valves, low pressure drip irrigation systems, soil moisture monitoring devices and underground pipelines.

Other District programs to be implemented in the county include water well permitting for proper spacing, open, abandoned well investigation, and enforcement of tailwater waste.

Long-term programs, such as measuring the depth to water in the observation well network and measuring soil moisture for the pre-plant soil moisture availability maps will be added gradually to the newly annexed area, Carver says.

The High Plains Underground Water District Board of Directors will meet on April 5th to canvass the election returns and officially declare the results.

## USDA Sets Beef Referendum Date

The U.S. Department of Agriculture will hold the beef checkoff referendum vote on May 10.

The vote, by eligible cattle producers and importers of beef or beef products, is to decide whether to continue the beef checkoff program, says Spencer Tanksley, county Extension agent with the Texas Agricultural Extension Service, The Texas A&M University System. Producers are being assessed \$1 a head on all cattle they sell. Funds from the checkoff are presently financing the Beef Promotion and Research Program.

Eligible voters are producers who owned cattle between Oct. 1, 1986 and March 31, 1988 or persons who imported cattle or beef products during the same period, Tanksley says.

Voting will be by secret ballot in the local Extension office of the county where a producer or importer resides.

Persons who need to cast an absentee ballot must request one between April 1-29. Eligible Texas voters may request absentee ballots from Dr. Milo

Shult, Associate Director, Texas Agricultural Extension Service, System 105-A, Texas A&M University, College Station, TX 77843.

"Mark the absentee ballot and return it by May 3 to the Extension office in the county of your residence," Tanksley says.

The Agricultural Stabilization and Conservation Service will count ballots, determine the eligibility of challenged voters and ballots, and report referendum results.

**THIRD, FOURTH GRADE ALL-STARS**--Following the conclusion of regular season play for the third and fourth grade boys, the All-Star Team was named. They include; not in order, Coaches Jamie and C. L. Myers; and players, Bernardo Herrera, Chad Johnson, Josh Slaydon, Cory Dodd, Michael Reyna, Johnny Rodriguez, Alfredo Gonzales, Barak Harlan, Ceferino Sierra, Jr. and Clay Myers. *(Journal Photo)*

### Sudan News

By: Evelyn Ritchie

Helen Churchman was readmitted Wednesday evening to the Amherst Hospital.

Mr. and Mrs. Kyle Martin, Jonathan, Lance and Danielle and Mr. and Mrs. Adrian Martin spent a few days last week during the Spring Break at Lake Brownwood. Jonathan caught a crappie weighing 1 1/2 pounds.

Terri Brown and baby just recently moved to Sudan. She is the sister of Sherri Doty. Their mother and brother Joyce Tompson & Andy of Munday were here during Easter weekend.

Mrs. Estelle Lowe visited this past week in Snyder with her son, George Lowe and with other relatives.

Visiting Mr. and Mrs. Glen

Cardwell during the weekend were Derrell, Glenda and Tana Hobbs of Plains.

Mr. and Mrs. Larry Brotherton and daughter fished at Inks Lake during Spring Break and reported catching a few fish. Joining them were Mr. and Mrs. Gordon Martin and Malcolm of Lubbock.

### MICROWAVE COOKING

By Linda Attaway

Cooking bags ease clean up when cooking roasts in the microwave. Remember to tie the end loosely with a string. Do not use wire ties or tie tightly. Place roast in bag and both into the glass cooking dish.

Leftover rice can be frozen for use later. Freeze in either one or two cup quantities. To defrost, place one cup in a 15-oz. casserole dish and microwave for two to three minutes. For two cups, place in a quart size casserole and microwave for four to eight minutes. Cook on High, breaking rice apart and stirring once during the cooking cycle. Store the rice no longer than six months.

**NEW AIR AMBULANCE VISITS IN MULESHOE**--Friday morning, Carelink, the new helicopter air ambulance, from Lubbock General Hospital and Methodist Hospital of Lubbock, was in Muleshoe on an introductory flight. They just went into service at midnight on Sunday. Visiting here, after landing on the back parking lot at West Plains Medical Center were Gerry Murphy, pilot; Sandy Willis, Flight Nurse; and Joe Moore, Flight Paramedic.

**Kiwanis Club  
To Help SCAC  
In Fund Drive**

Fifteen members, one guest and Sweetheart Sue Haire met Friday morning at the Old Corral. Max Crittenden called the meeting to order, with J. O. Parker leading the club in the pledge to the flag and Jerry Hutton giving the invocation.

Jim Lutz gave the friendship coin to the Kiwanis newest member, J'Don Kube, in hopes that he would bring in some new members.

The Kiwanis Club said they wish to express their sorrow to the Kiwanian Scott Churchman and his family in the loss of Scott's mother. Mrs. Churchman's funeral was at 4 p.m. Saturday, at Sudan. Anyone wishing to give a memorial, is asked to please give it to the Sudan Ambulance Service.

The Kiwanis Club said they are very proud of their sweetheart, Sue Haire, in every way. We are proud for Sue and the Muleshoe High School Band in bringing home the 'Sweeptakes' in band contests. Congratulations to Sue and all the band members and sponsors.

The SCAC youth group at school is coordinating the residential part of the drive for the American Cancer Society fund drive.

Sue introduced Winter Prosa-pio, representative from the American Cancer Society.

Winter is a very beautiful and impressive young lady who has the personality that could make anyone feel better just to be around her.

Winter's program was that the money raised by volunteers is used mainly in three categories: 30 percent in research; about 27 percent in education and the balance in patient services.

This seems to be the part that the public needs to learn -- about the services the American Cancer Society has that can help

cancer patients. So, if you need any kind of help, whether it be a wheelchair, special bed, transportation or just someone to talk to, please contact the American Cancer Society in Lubbock.

The ACS is looking for volunteers who could take these kind of telephone calls in Muleshoe instead of having to call Lubbock. If you would be

**Women's Monthly  
Fellowship Set  
At Santa Fe Depot**

The women of Muleshoe Community Church are issuing a special invitation to all the women of Muleshoe and the surrounding community to join them on Thursday, April 21, at 7 p. m. for the monthly city-wide women's fellowship meeting.

The group will be meeting at the Old Depot.

This month, the guest will be Michele Perry from Socorro, N.M. She is the mother of four children, four through 16.

She is married to Larry Perry. They own the Farmers and Ranchers Supply and also an automotive repair service.

Mrs. Perry is the recording secretary for her local Woman's Aglow. She has served with the Aglow Fellowship for five years.

In her church, the First Assembly of God, she is involved as the pianist for the praise and worship, and is also the coordinator for the Sunday School.

She loves young people and takes an active part as a leader in the youth department. She works parttime as a substitute teacher at the local junior high and high school.

Michele Perry has ministered to the young and old. She is blessed with a beautiful voice and is an accomplished pianist.

Kathy Cope says, "I know you will be blessed by her anointed ministry."

For more information, call Kathy Cope at 272-5992.

interested in this, please contact R. A. Bradley at Fry & Cox, Inc., 272-4511.

The ACS is also looking for people who would be interested in giving educational programs and also people who would help the SCAC students in the fund raising drive. The Kiwanis Club has agreed to help in this.

So, when a worker for the ACS knocks on your door, please, listen, learn, and give.

**Checks...**

Con't. From Page 1

"There's more money being spent in the state. Cities and counties are finally beginning to reap the benefits of Texas' recovering economy," Bullock added.

Muleshoe's payment for the current period was \$13,030.27, compared to \$11,851.80 for the same time a year ago, reflecting a 9.94 percent change.

To date for the year, Muleshoe has received \$68,141.07, up 20.01 percent from the \$56,777.91 received at this time a year ago.

To the south of Muleshoe, Morton shows a 29.31 percent increase for the year, with current payments of \$19,953.24, compared to \$15,431.12 at the same time last year. However, their current payment was down some 6.53 percent. The current payment was \$3,227.17, compared to last year's payment at this time of \$3,452.51.

Littlefield shows an all-around decrease this year. Their current payment was \$15,009.48, down by 2.17 percent from the \$15,342.01 at the same time last year. Payments to date for the year show a 0.90 decrease, with payments last year at this time of \$79,320.88, compared to the \$78,604.22 at the same time this year.

Friona had an increase in their current payment, but a decrease for the year, with the latest report.

Friona received \$6,106.96 for their current payment, compared to last year's \$5,181.10 for the same time, for an increase of 17.87 percent. To date for the year, Friona has received \$26,936.52, down 13.04 from the \$30,975.85 of a year ago.

The largest city allocation this month, \$9.6 million, went to Houston.

El Paso County received \$772,626, the largest county allocation.

Bullock also sent checks totaling \$26.1 million to the state's six metropolitan transit authorities.

April's checks represent taxes collected by monthly filers in February and reported to the Comptroller's office by March 21, Bullock concluded.

**Tornado Season Calls  
For Safety Reminders**

The next few months are 'tornado season' in Texas, so a few pointers and safety tips on tornadoes are in order, says Spencer Tanksley, county agent with the Texas Agricultural Extension Service, The Texas A&M University System.

Here are a few general facts about tornadoes:

--Tornadoes generally travel an average speed of 30 miles per hour, but have been clocked at 70 miles an hour.

--Tornadoes normally move from southwest to northeast although their direction of travel

can be erratic and change suddenly.

--Tornadoes are often spawned in thunderstorms that have accompanying large hail.

--Most tornado damage is caused by violent winds but most tornado injuries and death results from flying debris.

--Tornado winds may produce a loud roar similar to that of a train or airplane.

--Tornadoes can occur with little or no warning although most occur during the mid-afternoon or early evening hours.

**Parent's Meeting  
Slated Tuesday**

Muleshoe High School will host an eighth grade parents information night on Tuesday, April 19, at 7 p.m. in the high school cafeteria.

The purpose of this session will be to inform parents of fall freshman students the various programs that are available at the high school level.

The three graduation programs will be discussed as well as the advanced and honor courses that are taught each year.

Muleshoe High School wants parents to be knowledgeable about the education that their students will be receiving while in high school. This meeting will be important for every parent of an eighth grader said the school officials. They ask that you please plan to be in attendance for this program designed especially for parents.

An interpreter will be provided to assist Spanish speaking people, said Linda Marr.

Stay tuned to weather forecasts during times of unsettled weather, advised Spencer Tanksley. When a tornado or severe thunderstorm 'watch' is issued, it means that tornadoes or severe weather are possible in the area designated. On the other hand, a tornado or severe thunderstorm 'warning' means that tornadoes or severe weather are occurring. Persons in or near the storm path TAKE COVER IMMEDIATELY!!

*Cleve Bland, Bailey County Civil Defense Coordinator, reminds that in the event of threatening weather, persons with cable television will have immediate access to a 'TV Override' where the emergency services can cut into any channel, and all channels simultaneously, giving weather warnings and storm information.*

*He suggests that in the event of severe weather, turn your TV on -- but DO NOT*

*call the emergency services, such as police, fire, or other, to keep the telephone lines*

**FIFTH, SIXTH GRADE ALL-STARS**--Named coaches of the fifth and sixth grade All-Stars were Richard Edwards and Mike Riley; players include, not in order, Kris Fuller, Chad Freeman, Jimmy Guana, Brian Osuna, Chad McCormick, Chad Montgomery, Gage Angeley, Jason Osuna, Matthew Elliott and Bryan Field.

(Journal Photo)

open for emergency calls.

The County Agent lists these precautions if a tornado or severe thunderstorm warning is issued:

--Stay away from windows, doors and outside walls.

--In small buildings or homes, go to a basement or an interior part of the lowest level. Closets, bathrooms and interior halls offer the best protection in many cases. Seek cover under something sturdy.

--In schools, factories, hospitals and shopping centers, go to a pre-designated shelter area. Interior hallways on the lower floor are usually best.

--In high-rise buildings, go to interior small rooms or hallways on the lowest floor possible.

--In mobile homes or vehicles, leave and take shelter in a substantial structure. If none is available, lie flat in the nearest ditch or ravine and shield your head with your hands.

The key to surviving severe weather such as a tornado is prior planning, emphasizes the county agent. All family members should know where the safest areas of the home are in event of threatening weather.

## MHS Sociology Classes Discuss Adolescence

Students in sociology class at MHS recently studied the adolescence age. The study brought out that adolescence is neither childhood nor adulthood, and the students discussed various ways in which teenagers perceive their lives. In conjunction with this discussion, the students filled out questionnaires regarding their feelings about specific ideas.

In response to the statement, "I wish my mother and dad...", various replies included: were more lenient in letting me do things and go places; had more respect for me; would be listeners instead of talkers. Students reflected the desire that their parents knew how to understand them; had more respect for them; knew some of their troubles; knew some of teenagers' troubles, and knew that there really are good people.

Replies to the phrase "I wish teachers..." included "wouldn't be so authoritative and strict; were easier; understood how students felt (certain days) and were lenient with stuff." An insight into the students' thoughts about fear included such things as being alone, the future, snakes, police, and what the doctor would say about the physical health of one student. "I can't understand" replies included why people kill each other; why so many teenagers get pregnant; certain people's actions; and what's going on in the world. Students wish people wouldn't take things so seriously, lie, make things up about others just for jealousy, and wouldn't judge a person by outward appearances. Students replies to "I wish people wouldn't...", included "be inconsiderate of my feelings, stick their noses in my business,

make fun of me, why I don't put forth effort in anything, and why people can't be honest with each other." The phrase, "I feel bad when..." received responses such as "I'm being a smart alick in class or to others, others feel bad, I hurt someone's feelings, I hurt someone's feelings." Insight into maturity was reflected in their replies to "To be grownup...": "is when you're able to live on your own, support yourself, and make wise decisions that help you, has its privileges, but sometimes too many responsibilities, you must be mature physically as well as mentally, and is to learn responsibility and work hard at achieving your goals."

After completing the questionnaires, Mrs. Gamble, teacher, and the students discussed the various issues in an open forum.

### WORKING STUDENTS:

When you fill out your Form W-4 or W-4A, "Employee's Withholding Allowance Certificate," remember: If you can be claimed on your parent's or another person's tax return, you generally cannot be exempt from income tax withholding. To get it right, read the instructions that came with your Form W-4 or W-4A.

### Four VICA Students Vie On State Level

Four students from the Vocational Industrial Clubs of America Chapter of Muleshoe High School have advanced to the state level of competition and will be competing in the V.I.C.A. state competition. This competition will be held in Ft. Worth this weekend.

The four students from Muleshoe are Shawn Rejino, Hector Martinez, Joe Orozco, and Betsy Seales. These students will be leaving state competition Thursday, April 14. We would like to wish all of these students good luck and a safe journey.

#### The Genius

"Dad, it says here that a certain man was a financial genius. What does that mean?"

"That he could earn money faster than his family could spend it."

Mrs. Denise Keeling

### MHS Educator Of The Week

Mrs. Denise Keeling is in the teaching spotlight this week. She was awarded as Educator of the Week. Mrs. Keeling is the Freshman English teacher at Muleshoe High School. She also puts in a tremendous amount of hours in as the Junior Class sponsor. Mrs. Keeling's husband is Dale Keeling the head of Athletic Department and also teaches at Muleshoe High School. Mr. and Mrs. Keeling have two children Erin Kayle, age 5, and Lori Beth, age 2.

Mrs. Keeling has a Bachelor of Science in Education at Texas Tech University. She has been teaching at Muleshoe High School for three years. Mrs. Keeling commented that her favorite part of teaching is the students. They are the reason that she enjoys teaching. Mrs. Keeling plans to work on her masters' degree in the future. Her goal for in her classroom is to teach students a respect for themselves and a respect for others.

Some of Mrs. Keeling's special interests include singing in the choir at her church. She is very involved in her church and also enjoys it. She teaches a Sunday school to the Young Adults and also a class of small children. Mrs. Keeling, being a coach's loving wife, is thrilled with sports. She likes football and many other sports. Finally, Mrs. Keeling enjoys working with the juniors this year. She said that the juniors were a wonderful group of students.

The newspaper staff sends the warmest congratulations to Mrs. Keeling, Muleshoe High School Educator of the Week.

### Honor Society

### Hosts Meeting

### With Dinner

The National Honor Society held its monthly meeting Tuesday, April 5 at Jodi Ferris' house. The meeting commenced with a meal of taco salad. Every member brought an ingredient for the salad.

While the meal was being eaten, the meeting was opened. Mrs. Smith, the sponsor, discussed the upcoming initiation of incoming members in the society. The date and the place of the initiation was discussed and decided upon. Also, the end of the year party was also discussed and decisions were made.

The meeting ended with some of the members having to leave early and the rest of them helping Jodi clean up. The rest of the evening ended with Jodi, Deborah, Jennifer, Art, Johnny, and Armando watching "Moonlighting."

### Tennis Team Wins District; To Regional

The Varsity Tennis team competed in their annual district meet. The competition started early in the morning Thursday and continued throughout Friday. The meet was held at the Lubbock Tennis Center. The winners of the Thursday competition went back Friday to compete in the finals.

The Friday's outcome was great. Selina Gonzalez placed first in singles followed by Lisa Triana who received second in singles. Shawn Nieman and Chad Garlington placed third in

doubles while Chaun Gunstream and Jerry Bob Graves placed first in doubles. The other players from Muleshoe who attended were Stacy McElroy, Noel Vourzeris, Frank Precure, A.J. Liles, Doug Chitwood, Wendy Green, and Amy Harrison.

Selina Gonzalez, Lisa Triana, Chaun Gunstream, and Jerry Bob Graves will be competing at the Regional competition in Odessa. The regional competition is scheduled for April 27th.

### Students Say 'No' To Vandalism

Our school was severely vandalized and damaged this past week. We, as editors, have been asked to put this touching poem by Norma Jean Del Toro in the paper. Norma Jean has creatively written how most of the students felt after Monday's incident.

As our readers know, Muleshoe High School was broken into and vandalized Sunday night or early Monday morning. Many of the students' initial reaction was that the incident was humorous although after we had walked into the school and had seen the terrible damage, all were very shocked and upset. The common reaction was anger, anger that some of our fellow students who attend the same school that we all go to, could do something so destructive and cruel. As for the teachers aspect, the majority felt that it was sad and were concerned that the incident would be a reflection on all the students in the school. They did not want people to feel their students at Muleshoe High School have no pride in their school. Students, teachers, and the administrators take pride in Muleshoe High and be aware of this.

The following poem illustrates the exact reaction and total feeling that was felt by all the students of Muleshoe High School.

### M. H. S.

We spend long hours here each and every day. Some are spent on work while others on play. The sports team take pride in what they do. The theatre and speech team have put in a lot of hard work, too. The memories we built here make this a very dear place. It's not just an empty building with a lot of empty space. In the time here we have learned and grown. This building you see has become our second home. The pride we had in M.H.S. you have taken all away. But of course, to you, the damage was all fun and play. See, you smashed not only the windows of our second home. But the hearts of those students who call it their very own.

Norma Jean Del Toro

### D.J.'s Main Event

Bryan Swint enjoyed the typical lunchroom food Monday, April 4th.

### ONE MINUTE SPORTS QUIZ

1. Who is the dean of American League managers?
2. Who is dean of managers in the Majors?
3. Who won golf's recent Bay Hill Classic?
4. When is the Tyson-Spinks heavyweight title fight?
5. Who won the Motorcraft 500 at Atlanta recently?

#### The Answers

1. Sparky Aderson of Detroit.
2. Tommy LaSorda, of the L.A. Dodgers.
3. Paul Azinger.
4. June 27th.
5. Dale Earnhardt.

### Muleshoe, Tulia

### Are Advanced

On Saturday, April 9th, One Act Play held their annual area competition here in Muleshoe. The top winners of the district competition that advanced to this area competition are Dalhart, Muleshoe, Boys Ranch, and Tulia. The two winners that will advance to the regional competition in Odessa are Muleshoe and Tulia. Muleshoe's play was Life Is A Dream. This partical group of students have worked hard and made an incredible effort. The students that are in the Muleshoe One Act Play are Austin Swint, Jamie Wheeler, Brandon Carpenter, Stephanie Cox, Noel Vourazeris, Jeff Hicks, Kevin King, Tim Shipman, Jason Sims, Amy Turner, Candace McCune, Chad Griswold, Walter Lackey, Ramon Garcia. Tulia also advanced to regionals, their play was entitled, Summer Brave.

Many awards were given to the Muleshoe play members on Saturday. Jeff Hicks received the Best Actor Award. Stephanie Cox was awarded as one the All Star Cast Members. Two places on the Honorable Mention were given to Jamie Wheeler and Brandon Carpenter. Congratulations.

Regional competition will be at Odessa on April the 23rd.

### Students Of The Week

The faculty at Muleshoe High School has continued to persevere in their nominations of worthy students for "Student of the Day" and "Student of the Week."

The "Students of the Week" for March 28-30 were Joann Gutierrez, Jerry Mendoza, Mary Lou Bastardo, and Telesardo Toscano. The "Student of the Week" was Mary Lou Bastardo.

The "Students of the Day" for week of April 4-8 were Sue Haire, Mandy Robertson, Robin Moore, Amy Alvarado, and Bill Nickel. The "Student of the Week" is Robin Moore.

Congratulations to all these deserving people.

### Calendar Of Events

- April 14-Band UIL Concert and Sight Reading 6:30 p.m. District computer meet 3:45 p.m.
- April 14-16 VICA Leadership and Skill Olympics.
- April 15-District track 4:30 Varsity and Jr. Varsity Muleshoe. Muleshoe Science Club launches rockets.
- April 16-Class CL Band Concert. Texas Tech Judging contests/ Lubbock.
- April 18-Muleshoe FFA Meeting.
- April 19-DECA/HECE Banquet 7:00 Civic Center Community Room.
- April 21-Student Council office elections.
- April 22-Regional One Act Play, Odessa.

Such a familiar cry to any parent, and who could resist such an appeal. Many times the cry of "I'm thirsty" is a genuine one, but there are times when it is a scheme to linger a little longer, the result of a strong desire to remain awake and play with the dolls and toys that loving parents have provided.

While meeting the physical, play, and comfort needs, don't forget the need for "Living Waters." Take the family to church, where all may hear of, and be drawn closer to our loving Father.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

## Good Range Management Critical After Wildfires

Ranchers that have seen much of their rangeland engulfed by wildfires in recent weeks need to give particular attention to certain range management practices in the days ahead.

Wildfires have run rampant over an estimated 400,000 acres of western Texas, destroying buildings, pens, equipment and hundreds of animals.

With those losses comes the rebuilding of fences and related properties, and special attention to range management, points out Dr. Jake Landers, a range specialist with the Texas Agricultural Extension Service, who is located at San Angelo.

"The most critical thing is not to put livestock on the burned area too early," says Landers. "The worst damage from a fire comes from too heavy grazing to early."

"How fast burned ranges recover will depend greatly on

weather conditions," he notes. "And that will dictate how soon they can be restocked. Grass must be allowed to recover, though, and a rule of thumb to follow in this regard is 60 to 90 days. However, in a dry year, recovery will take much longer."

Landers points out that range grasses are adapted to fire and will resprout when moisture and temperatures are adequate.

In addition to paying particular attention to grass regrowth, the specialist recommends balancing animal numbers with the amount of pasture burned. If half the pasture is burned, restock when the burned portion has recovered, using only the number of animals that the burned portion can handle. This would be about half the usual amount stocked on the particular pasture.

Another option, says Landers, is to fence off the burned

portion and to treat the burned and unburned pastures separately.

The specialist also advises ranchers to follow through with a good brush control program. That means controlling prickly pear and tasajillo with picloram, since these normally resprout after a range fire.

"Apply a small amount of picloram in April or May to wipe out prickly pear and tasajillo," recommends Landers. "In studies involving prescribed burns in February, an aerial application of picloram in late April at 1/8 to 1/4-pound per acre gave a 98 percent control of these two brush species."

## '70's Farmers Are Eligible For Rebate

Forget here and now, this a matter of here and then. If you were a farmer in the 1970's, you're entitled to a refund for some of your fuel expenses. But you have to act before June 30, reports Spencer Tanksley, county agent with the Texas Agricultural Extension Service, The Texas A&M University System.

The refund is a result of a settlement reached by the Dept. of Energy with oil companies that allegedly overcharged for crude oil during a period regulated by price ceilings.

Consequently, farmers can get back about \$80 or more for every 100,000 gallons of fuel used between August 19, 1973 and January 27, 1981, says Tanksley. That equates to a little over \$14 for every 100 acres of cropland in production during the seven-and-a-half year period, according to economists with the Extension Service.

Tanksley notes that this refund should not be confused with the income tax credit for federal excise taxes on fuel.

The Dept. of Energy will base refunds on actual gallons purchased, estimated gallons used or a USDA estimate of 23.8 gallons per acre of cropland per year. An explanation of filing procedures for the refund and a simple two-page filing form can be obtained from Tanksley at the County Extension Office.

## Grass Planting When And How

"The optimum time for grass planting is now until June 1st," says Soil Conservation Service Technician W.A. Givens. "Most

## New Members Are Elected To Council

The annual Chapter 1 Parent Game Night was held on Tuesday evening, April 5, 1988 in the High School Cafeteria with approximately 300 people in attendance. Six members were elected to the Parent Advisory council: Lupe Espinoza, Camilo Espinoza, Victor Arzola, Joe Vela, Mike Garcia and Mary Ann Arzola.

These members, along with six others who were elected at last year's meeting, will serve a two-year term in an advisory capacity to the Federal Programs in the school system.

Game winners during the evening included Maria Espinoza, Ray Rincon, Roman Franco, Carolyn Hodges, Santana Chavez, Junior Venegas, Misty Van Leer, Marie Gallegos, Francisca Olivarez, Richard Sigala, Andrea Jaramillo, Mrs. Cornelius Loewen, Alice Gonzalez and Tori Tosh. These people received prizes which can be used in their homes to promote better academic success in school.

Fernando Ramos acted as Master of Ceremonies and supervised the games.

Mr. H. John Fuller, Superintendent of the Muleshoe Schools, welcomed the parents and spoke briefly about the pursuit of excellence in our schools and the important role that parents play in the education of their children.

Parents were shown a video entitled "Las Aspiraciones de Una Hija" which stressed the importance of allowing their children to pursue a good education past the high school level.

Plans and preparations for this program were made by the federally funded personnel on all four Muleshoe School campuses.

of the strong winds of Spring are not yet a problem." Contact more than one seed dealer and driller to insure a good price and schedule of planting. For best results the grass seed or grass seed mixture should be adapted to soils as well as climate. Contact the Soil Conservation Service if you aren't sure of adaptability. The grass seed origin is considered satisfactory if grown in an area within 200 miles north, 300 miles south, 100 miles east and 200 miles west of where the planting is to be done. Be sure and buy Pure Live Seed pounds with seed tags and a tested date no older than 9 months of planting date.

Weed control and rainfall are essential for establishing grass stands, weeds may be controlled by shredding or chemicals. Ally and Gleen are both labeled for weed control on most native grasses, be sure and read labels and consult spraying services before application. For additional information contact W.A. Givens SCT, 105 E. Ave. D. in Muleshoe.

## Audrey Maxwell Funeral Held Here Saturday

Funeral services for Mrs. Audrey Maxwell, 70, were held at 4 p.m. Saturday in the Trinity Baptist Church. Interment was in Bailey County Memorial Park under direction of Ellis Funeral Home of Muleshoe.

She died at 2:25 p.m. Friday at Canterbury Villa Nursing Home at Dimmitt, following an illness.

She had been a Muleshoe resident since 1944, moving here from Friona.

She was born November 10, 1917 in Aline, OK and married Virgil Eugene Maxwell May 29, 1934 at Aline, OK. She was a member of the Trinity Baptist Church and the Women's Missionary Union.

Her survivors include her husband, Virgil; four sons, Eugene and Harold, both of Muleshoe; Virgil Jr., Hereford; and Leroy, Dimmitt.

She is also survived by 10 brothers and sisters, and eight grandchildren.

ROTARY SPEAKER--Last Tuesday, Paul Wilbanks, left, was in charge of the weekly Rotary program. He introduced Monte Hasie, center, of Lubbock, who is a candidate for the State School Board. Accompanying Hasie to Muleshoe was Tim Foster, right, a former Lazbuddie resident.
