MINERS PLAN DAMAGE SUIT

HERN, Ill., July 31.—The assertion of the Herrin mine war casualties as more than seventy is untrue, the state attorney told the Associated Press today. NEWS FROM THE BALLINGER BOYS

The Ballinger National Guard company arrived at Camp Mabry about nine o'clock Sunday morning, according to letters received from some of the boys Monday. The boys write that they found things pretty well to their liking, and were comfortably quartered and ready to take up their training.

The first day was devoted only to routine duty. There was no training, the boys being given time to pitch their tents, clean up and get acquainted with the surroundings. The only feature of the day was a baseball game between the 9th Infantry and the 142nd Co. Divine services were conducted by Chaplain George Green. Many of the boys visited the Y. M. C. A. headquarters during the day, some writing letters home, others reading and enjoying music.

Press reports from Austin also state that the encampment is under good headway and the soldiers well organized. The 142nd infantry is part of the Headquarters Company and composed of West Texas boys, and a West Texas demonstration is staged for this week when the infantry band of the 142nd company will play at the governor's mansion.

Camp Mabry is maintaining a healthy record, so far only one case demanding the attention of the medical division, a case of mumps having developed.

The boys entrained at Ballinger Saturday afternoon, and a large crowd gathered at the Santa Fe station to see them off. The scene was one which became common during the world war, when the draft board sent train loads of men to the training camps. However, there was more merriment and no too much sorrow as featured the departing scenes of the troops during the world war. The boys leaving on what they considered more of a picnic lark than to go on war work, and as the train pulled out they gave a rousing farewell cheer.

CHARGED WITH KILLING NEGRO WITH ROCK

By Associated Press
HOUSTON, July 23.—A charge of murder was filed today against Sam Hajeape, age 38, former boiler maker in the Southern Pacific railroad shops here. The complaint charges Hajeape with murder following the death of Will McClure, a negro shop worker, who was killed by a rock thrown from outside the local shops three days after the strike of the shopmen began. McClure wife died from shock when she received information of her husband's death, the officers also declared.

The four men engaged in a fist fight on the business streets in Tula Sunday afternoon, and during the fight Cox was shot, dying instantly. He is survived by a young wife.

BITTER FIGHT ON SENATOR REED

By Associated Press
ST. LOUIS, July 29.—United States Senator James A. Reed and Breekinridge Long, third assistant secretary of state during the Wilson administration close their campaign tonight for democratic nomination to be decided at the primary election next Tuesday in this state.

Veteran politicians agree that this has been one of the bitterest waged campaigns in this state in many years. Secretary of Commerce Herbert Hoover, and his record as National Food administrator during the war, league of nations, and others issues opposed in the senate by Reed, formed a basis for his campaign.

Mr. Wilson, who felt the sting of the typical Reed wit and oratory during the Wilson administration, appealed to the voters of the state to defeat Reed. The outcome is in doubt and is being watched with interest from all over the United States on account of Reed's standing with the Wilson administration and his fight on the Wilson policies during the war.

EMPLOYEES TO GET PENSION

LANSING, Mich., July 31.—Visions of a penniless old age will fade forever from the horizon of state employees if a temporary plan adopted by the state administration board is made permanent law by the next session of the legislature.

The board adopted a resolution providing employees who have worked for the state at least 15 years and who are incapacitated for further duty may be retired on half pay for the remainder of their lives. Governor Alex J. Groesbeck announced the question would be brought before the next legislature.

By Associated Press

CHICAGO, July 31.—A tank sixty feet wide, one hundred feet long and containing four million two hundred thousand cubic feet of gas, owned by the People's Gas Light and Coke company, blew up today on Twenty-fifth and Throop street.

The section of the city where the explosion occurred is inhabited mostly by laborers, and more than a score of inhabitants were injured. A dozen houses were set on fire, and many persons within an area of several blocks of the scene of the explosion were overcome by the gas fumes.

The flames were soon brought under control by the fire department. Twenty-five injured persons were taken to hospitals and dozens of others are receiving first aid attention in private homes nearby. The cause of the explosion is unknown.

The Chicago river docks caught fire within thirty minutes after the explosion, but it is not known where the explosion had anything to do with the dock fire or not.

PROHIBITION IS NO ISSUE IN OKLAHOMA

OKLAHOMA CITY, July 29.—Prohibition, which became a part of the constitutional law of Oklahoma with the admission of the state in 1907, is an issue which candidates are making no effort to revive as the statewide primary on August 1st draws near.

The only reference to the question made by any candidate for nomination which has been quoted in the press of the state, was voiced by Miss Allice Robertson, Congresswoman from the second district, who declared in the opening speech of her campaign for re-nomination that she stood on a dry platform.

Miss Robertson asserted that her opponents had attempted to assail her attitude on the subject and invited them to bring forward an avowed wet candidate to run against her. No one accepted the invitation, and the matter has not been mentioned since.

The eastern side of Oklahoma has been dry many years, even before statehood. When under federal supervision as the Indian Territory, prohibition was rigidly enforced, and dry sentiment is regarded in many quarters as firmly established.

DEMOCRATS BACK UP NEFF REGIME

The latest political county convention held by democrats of Runnels county in many years passed into history Saturday afternoon, when about one dozen, or less, democrats met in the court house and transacted the business of the party.

Estes Lynn, county chairman of the executive committee, called the convention to order. R. W. Bruce was elected chairman and A. W. Sledge secretary.

J. A. Hancock, E. P. Taylor and Jack McGregor were appointed as committee on credentials. The committee's report showed only four precincts in the county represented in the convention. The two Ballinger boxes, Miles and Winters were seated no other precincts being represented.

A motion that the delegates vote as a unit on all matters coming before the convention carried.

E. Sheppard, J. A. Hancock and Jack McGregor were appointed as committee to nominate delegates to the state, congressional and legislative convention, and the following were nominated and elected:

State Convention
J. A. Hancock, Miles; T. E. Davis, Miles; H. O. Jones, Winters; W. P. Hawkins, Winters; C. R. Stephens, Ballinger; R. W. Bruce, Ballinger; J. M. McGregor, O. L. Parsh, Ballinger; Edgar Jayroe, Crews; George Miller, Wingate.

Legislature
W. D. Jennings, Miles; W. H. Strather, Winters; T. J. McLaughlin, Norton; J. W. Powell, Ballinger; J. M. Slaughter, Maverick.

Congressional
C. P. Sheppard, Ballinger; J. E. Tidwell, Miles; W. H. Arnold, Winters; John Dunn, Wingate; W. A. Halameck, Rowena.

It was ordered that the delegates to the various conventions vote as a unit.

There was perfect harmony in the convention, all questions coming before the meeting being disposed of without opposition and by a unanimous vote. Resolutions endorsing the Neff administration for placing troops on strike duty and for its efforts to enforce the law were adopted, and resolutions endorsing the consolidation of the warehouse and marketing department with the agricultural department were also adopted by an unanimous vote. Following are the resolutions adopted:

Whereas, the Nation is today facing labor disturbances which threaten to the up railroad traffic, demoralize business conditions endanger life and property and

Whereas there is an effort on the part of strikers to intimidate workers, and by violence and threats of violence, prevent laborers from filling the places of the strikers, causing great loss to the commercial life of the Nation, and

Whereas Gov. Neff has taken steps to prevent destruction of property and loss of life by placing state troops on duty at railroad shops and by sending ran-

gers to guard property and protect the interest of the public,

Therefore be it resolved that the Democrats of Runnels county in convention assembled, most heartily endorse the state administration in its efforts to preserve order, and pledge our support in putting down any spirit of state secessionism in this state to the end that the properly organized bodies might arbitrate and adjust grievances between capital and labor.

Whereas the state convention made a maximum rate of state taxes that may be levied for public free school purposes, and for the support of the state government, and her institutions and said maximum rate has been reached for school purposes, and almost reached for other purposes, and Whereas the Constitution says: "Taxation shall be equal and uniform."

Therefore be it, Resolved by the democrats of Runnels county, in convention assembled that we oppose the further increase of the State tax rate for any purpose, that if it becomes necessary to raise more funds for the public schools, public roads or for the support of the state government, that such funds be raised by equalizing taxes, and raising such additional funds by severance taxes on national resources or gross receipts taxes upon corporations not now paying a just share of the taxes and which taxes are wholly inadequate to compensate for the privileges they enjoy and the income received.

And Whereas, the agricultural work of this state is divided among several departments, thus lessening responsibility and dividing directing authority, causing unnecessary duplication, and extra overhead expenses and placing an extra burden upon the tax payers, and it is confidently believed by those in a position to know, that approximately \$75,000 a year may be saved by unifying this work.

Therefore be it, Resolved that we favor the unification of all agricultural work in this state, by placing all agricultural work requiring administration and public supervision with the state department of agriculture, where it naturally belongs, and we especially recommended that the warehouse and marketing department, the feed, fertilizer and forestry control work, be consolidated with the department of agriculture, as it is in many states, in order to eliminate unnecessary duplication in the administration of agricultural laws.

One Dollar Saved Represents Ten Dollars Earned

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he can not be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars.

"For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. IN JUSTICE COURT

Justice of the Peace, C. H. Willingham's court was opened early Saturday morning grinding out justice. Among other matters considered was a "row" which occurred at or near the Mount Moriah Second Baptist church, colored, on Thursday night of this week, wherein it was alleged that one Lewis Harris, a negro who is janitor of the Club Rooms run "amuck" and assaulted a negro woman by the name of Maggie Bennett and also used "loud and vociferous language" in a manner calculated to disturb the citizens of that part of town.

The row involved Rev. Albert Holding local Methodist preacher and the pastor of the African M. E. Church South one Rev. Clark, and it is supposed to have grown out of some sort of "social relations" claimed to have existed heretofore.

Lewis Harris pleaded guilty to simple assault and battery and disturbing the peace in a public place and was fined a total sum of about \$28.00 and told by the court to go his way and "sin no more," which advice was thankfully accepted by the defendant with very extravagant premises.

DEATHS

Leonard Lee Bryant, of Miles age 29, died at the Halley & Love sanitarium Friday night, after suffering several days with locked bowels. Mr. Bryant was brought to Ballinger for an operation and all that the physicians and surgeons could do failed to relieve him, and he passed out of this life.

Deceased was a single man, and is survived by parents, who have been living at Miles for several years. He was an overseas soldier and saw service in France. Up to the time he was suddenly stricken down he was enjoying good health.

The remains were prepared for burial by Undertaker Crews and carried to Miles and laid to rest in the Miles cemetery Saturday afternoon.

Mrs. Nick Stallworth

Mrs. Nick Stallworth died at the home of her daughter, Mrs. M. C. Wilson, on Twelfth street, Sunday morning at seven o'clock. The death angel coming to relieve this good woman from suffering of several months duration.

Mrs. Stallworth came to Runnels county with her husband and the family in 1906, and located south of Ballinger, where they have been living since. About three months ago she was brought to the home of her daughter in Ballinger where she could be near the physicians for treatment, and failing to get relief, she was called from this world. Death did not come as a surprise to those who have been watching over her during the long illness.

Deceased was about 56 years of age, and is survived by her husband and seven children, five sons and two daughters. Three of the children, Mrs. L. B. Rudder, of El Campo; Mrs. M. C. Wilson and Herbert B. of Ballinger, were at her bedside when the end came. Two sons of El Campo, G. P. and J. D., of Eagle Lake, arrived Monday to attend the funeral. Two other sons, Wilmer of Los Angeles, Calif., and N. S. of Brownsville could not get here for the funeral.

The funeral services were conducted by Dr. Alvin Swindell at four o'clock Monday afternoon and interment made in Evergreen Cemetery.

SAGE TEA BEAUTIFIES AND DARKENS HAIR

Don't Stay Gray! It Darkens So Naturally that Nobody can Tell.

You can turn gray, faded hair beautifully dark and lustrous almost over night if you'll get a bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

SOME HONEST PEOPLE ARE IN PRISON

JACKSON, Miss., July 31.—The inmates of a prison are as honorable as are the people outside its walls according to Harry L. Hulbert, warden of Jackson prison, Michigan's largest penal institution, and one of the leaders in the modern prison reform movement.

Several weeks ago Warden Hulbert persuaded Governor Groesbeck to sanction the removal to Camp Custer, near Battle Creek, of 100 "honor men" from the prison. Service in tailing several structures needed for the latest American Legion headquarters.

The men went to the camp with their families. They were told if they remained on the premises until all performed a good day's work each day, and followed faithfully the simple rules they would walk from the shadows of the prison walls forever when the work was finished. This in spite of the fact that many of them still have many as ten years to serve.
