TURKS NOW THREATEN TO KILL REFUGEES

POLL TAX INCR'SE NEGRO HELD FOR PROPERTY VALUE DECREASE RAIDING A STORE

M. D. Chastain, Tax Assessor of Runnels county, has just completed his tax rolls for 1922 and the same have been approved by the Commissioners' Court and the State Comptroller.

The 1922 taxes show a decrease from 1921 of \$260,000.00 in total. The total number of poll tax receipts are 6624, which is an increase over 1921 of 1017. Total valuation of property in the county as given Mr. Chastain amounts to \$11,286,270.00.

A division of the taxes has been made and the school tax separated from the other county tax, and presented to Superintendent John J. Bugg. This part of the taxes amounts to \$47,521.11.

City Taxes Reported

The assessment of city taxes has been completed and shows a property valuation of \$2,400,000, which is about \$600,000 short of 1921. The board of equalization is working on this matter now and it is likely that some of the valuations for 1922 will be raised some, but it is also considered possible that after the equalization has been completed the city taxes will still be short from last year. Up to the present there have been 773 polls assessed and more are expected. This only a few polls short from 1921, there being about 800 in the city.

BALLINGER MEN TO ABILENE FAIR

The Young Men's Business League is enlisting as many cars as possible this week to attend the West Texas Fair at Abilene, Friday of this week. A good number of citizens have already pledged themselves to attend and others are expected to join the ranks before Friday. Friday will be one of the big days at this fair, and a delegation from San Angelo will be joined here by the Ballinger crowd.

One of the big features of the day Friday will be two big football games by two college teams. Another will be that seven or eight bands will be in Abilene for the day and the air will be full of music.

The delegation from Ballinger will depart at 7:00 a. m., going to Abilene in a body and returning the same night or the afternoon, as suits their convenience. If the arrangements committee has not seen you personally and if you are planning to go to the West Texas Fair one day, the business league requests that you make an effort to attend Friday and go with the rest of the Ballinger boosters.

Willie Bean, negro janitor at the Higginbotham Bros. & Co. department store, is in jail charged with theft of merchandise to the amount of over \$50, and a felony complaint will be lodged against him.

Missing goods from the store the management of the Higginbotham house placed the negro under suspicion and reported the matter to the officers. Monday morning Chief of Police Pilcher raided the negro's room and found the stolen property. The negro was in the act of leaving for Abilene with the stolen goods when the smooth detective work of the policeman apprehended the alleged thief and recovered the goods.

The goods stolen from the store consisted of shoes, clothing, manicure sets, etc., the value of the property being about \$55. Bean had been a trusted employe of the store for some time, running errands and doing the janitor work for the store. Punishment for the offense alleged against him carries with it a term in the penitentiary, should he be proven guilty.

COMB SAGE TEA IN HAIR TO DARKEN IT

It's Grandmother's Recipe to keep her Locks Dark. Glossy, Beautiful.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage. Nowadays though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive.

Ewald Straach, one of the prominent young citizens of the Miles-Rowena country, was looking after business in Ballinger Monday. He will keep posted on Ballinger and Runnels county news as well as the latest news from the world at large by reading The Daily Ledger hereafter.

SUPERINTENDENTS PLAN INSTITUTE

Twelve superintendents, from as many counties, met Saturday afternoon in San Angelo to plan the work for the Concho-Colorado Valley Teachers' Institute, to be held in San Angelo December 18 to 22. The institute was held in Ballinger last year and will be held in Ballinger again in 1923.

County Superintendent Bugg of Runnels county, was present at the meeting in San Angelo and stated that it seemed that this institute would be the best one held so far in the district. It was voted that the central theme of the program would be "Americanism." The superintendents said they would not let money stand in the way of securing the best lecturers that could be found in the country, and efforts will be made to get the leading speakers.

It is expected that hundreds of teachers will be at the institute this year and make it a record breaker for any institute ever held in West Texas.

The Key that Unlocks the Door to Long Living

The men of eighty-five and ninety years of age are not the rotund, well-fed, but thin, spare men, who live on a slender diet. Be as careful as he will, however, a man past middle age will occasionally eat too much or of some article of food not suited to his constitution, causing indigestion or constipation and will need a dose of Chamberlain's Tablets to move his bowels and invigorate his stomach. When this is done, there is no reason why the average man should not live to a ripe old age.

ARRANGING BOOTH AT WEST TEXAS FAIR

Stuart L. Williams, C. R. Stone, C. S. Guin and D. F. Eaton spent Sunday and part of Monday in Abilene arranging the Runnels county exhibit for the West Texas Fair. A truck carried most of the display to that city and the four gentlemen had only one day in which to do all decorations and arrange the booth, the fair association pushing exhibitors for time in which to get their displays ready. The four gentlemen were very enthusiastic over the display of products they had to show, and were positive that a prize would be captured, and nothing but first would satisfy them. Among things out of the ordinary that were carried to show were: sand, gravel, stone, oil, a gin saw filer from the Creasy Manufacturing Co., and all kinds of agricultural products to finish the display.

Good Work On County Roads

"Good work is being done on the county roads," said County Engineer V. Stephens, Monday morning. Continuing, he said, "Commissioner Deens has had a crew working on the Brady road for the last week and it is in fine shape." Mr. Deens has also had a road crew grading the road between Pony and the county line on the Brady road. This is the first time this road has ever been graded. The crew is being moved over to the Coleman road this week and will grade from Benoit to Ballinger. Two weeks ago the road between Benoit and Talpa was graded and it helped considerably, the engineer stated. Mr. Stephens says that the Coleman road up to Talpa is in excellent shape.

Legion Has Very Interesting Meet

The Pat Williams Post of the American Legion met in regular session Sunday afternoon and had a very successful report for the organization. Commander Atkins reported that the local post was out of debt and had some money left on hand.

Plans for a delegation to go to Abilene to attend the meeting of members of the 17th Congressional District, which will meet in that city Sunday Oct. 1st, were announced. Several cars carrying Legion men will make the trip and others will be recruited this week and an effort will be made to get 20 or 30 men to attend the gathering so Ballinger will be well represented on the various committees and officers which will be elected at that meeting.

Plans were also discussed for sending delegates to the National American Legion Convention at New Orleans, and it was decided to send as many as possible from Ballinger. A very cheap railroad fare is being offered and it is likely that two or three members of the local post will make the trip.

The post also agreed to stage the second annual mistrel show on Armistice Day, November 11, which will fall on Saturday this year. The entire personnel pledged its support and help, and work on the show will begin in the next week or two and every effort made to give the biggest home

talent show ever produced here. The boys were very enthusiastic in their meeting and many plans for next year's work were outlined.

**STRAIGHT AND BLOUSED
COATS EQUALLY POPULAR**

ONLY a walking dictionary could remember all the new trade names given to coatings this fall—for every variation in weave is christened before it is launched. More or less lustrous pile-fabrics, "suede-finished" or "soft-faced" cloths make up the story of the mode in the dressier coats, and these descriptive terms tell one far more than the new names do. Straightline and bloused coats appear to be about equally popular—slender women showing a preference for the bloused style. It is all a matter of becomingness, which is the most important item to be considered in selecting a coat. Linings are soft and often of two or three plain colors combined. They add much to the interest and finish of wraps which are so often thrown back off the shoulders, making the lining a background for the costume. Quiet colors are liked for them. Among the good points of the pile-fabrics is their fitness for decorative purposes. Bands, panels or emplace-

ments, cut on the bias or crosswise of the material, make handsome embellishments. An example appears in the coat at the left of the picture, in which cross-panels of the material are set on the skirt and form deep half-cuffs on the shaped sleeves, which are bordered with fox fur. A long choker collar of the furs, ends in exaggerated tassels and very large, handsome buttons, on the front and cuffs, match the rest of the garment in class. Glossy, black wolf fur, in a huge collar and as a border for the ample sleeves, distinguish the smart straight-line coat at the right. Its girdle is made of material like that in the coat and is run through handsome metal links, fastening at the front with clasps.

Hall's Catarrh Medicine

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE consists of an Ointment which Quickly Relieves by local application, and the Internal Medicine, a tonic, which assists in improving the General Health. Sold by druggists for over 40 Years. F. J. Cheney & Co., Toledo, Ohio.

Fred, the little son of Mr. and Mrs. F. W. Welhausen, was struck by a Ford Sunday afternoon. Fred had started to cross the street with some other boys, on Eighth near a street intersection, when he ran into the car. The driver did not see the boy and the boy was looking back of him and did not see the car. Fred was carried to a surgeon where his limb was dressed. The injury was not serious, it was said, only a sprained leg resulting from the accident.

DEATHS

Mrs. J. J. Simmons
Mrs. J. J. Simmons died at the home of her son-in-law, J. C. Bair, at five o'clock Monday morning. Mrs. Simmons lived at Santa Anna, and was here visiting her daughter, Mrs. J. C. Bair. Mrs. Simmons was sixty-five years old, and had been in good health up to the time of her sudden death. Death was due to a broken blood vessel, it was stated, as the lady was up yesterday morning and the family had started to Sunday school when she became ill. In a few minutes she became unconscious and death ensued this morning at five o'clock. The remains were carried to her home at Santa Anna, where they will be laid to rest.

**THOMAS MEIGHAN AT
THE MAEROY TONIGHT**

A sledge hammer blow is delivered against conviction on circumstantial evidence in "The City of Silent Men," the new Paramount picture starring Thomas Meighan, which is showing today and tonight for the first of a two days run at the Maeroy Theatre.

The production is founded on John A. Moroso's novel, "The Quarry," which appeared in the Popular Magazine, and was also produced with great success on the stage. Mr. Meighan plays the role of a small town youth who is made the tool of murderers and sent to prison for a crime of which he is innocent. The play shows prison life in all its phases and is athrob with heart interest and appeal. Mr. Meighan has in this one of the strongest roles he has portrayed in many a month, and he is ably supported by such players as Lois Wilson, Kate Bruce, Paul Everton, George McQuarrie and Guy Oliver.

A special Harold Lloyd comedy is also on the bill at the Maeroy for Monday and Tuesday, being shown in addition to the Paramount drama.

Pronounced Success
The uniform success that has attended the use of Chamberlain's Colic and Diarrhoea Remedy in the relief and cure of bowel complaints, both for children and adults, has brought it into almost universal use, so that it is practically without a rival and as everyone who has used it knows it is without an equal.

Paul Kirk, who is attending Simmons College at Abilene, came down Saturday to spend the week end with his parents, Mr. and Mrs. B. C. Kirk.

We are glad to report that Chas. Giesecke is able to be down town after being in a hospital for a few weeks.

SUNDAY CROWDS OVERFLOW CHURCH

The Methodist church was filled to overflowing last night, the greatest crowd of the revival greeting the evangelist. Sunday was a red letter day of the campaign so far. Mrs. Flowers spoke at the Sunday school. It was one of the greatest evangelistic messages the people have heard in some time. Mrs. Flowers has a message for people that never fails to thrill her audiences. She is a human dynamo and knows how to deliver the goods from the platform. Rev. Mitchell says Mrs. Flowers is the greatest woman speaker that he has ever heard. Evangelist Flowers knocked a home run last night. He had the church folks hanging over the ropes fanning for air. Every available space was taken and a great crowd gathered at the West window and heard the evangelist from the street.

At ten o'clock Tuesday, Wednesday, Thursday and Friday, Mrs. Flowers will speak to the married women at the Methodist church. Her subjects promise to be of unusual interest to the women. The business men will be asked to close their places of business for four days beginning Tuesday. Evangelist Flowers will speak to men only at one of the business houses. He said that he had held meetings in a half dozen different states and he had never had the business men refuse to close for the services. These meetings will be held at 3:00 o'clock Tuesday, Wednesday, Thursday and Friday.

Mrs. Flowers will speak tonight. "REPORTER."

Caveman Lover Has Been Supplanted

(By Associated Press)
CHICAGO, Sept. 25.—The old-time caveman idea of a perfect lover has been supplanted by the modern version of "Faint Heart Always Wins Fair Lady," now in feminine favor.

In the scenarios of 19,000 women submitted in a contest conducted by a large Chicago newspaper, the bashful hero outnumbered the bold and fearless one eight to one, according to James Shryock, director of the competition.

"This was a revelation to the judges who were famous authors, directors, educators, dramatic critics and actors," he said. "They, with conventional literary opinions, believed women in real life worshipped the leonine, dashing, confident type of hero, choosing him for her husband when his assurance and possessive manner had captured her heart."

"But the stories showed unmistakably that women, when given a chance to express their real like and dislikes as they did in this contest, many of them writing under non de plumes, prefer the stammering, wistful, abashed lover rather than the caveman type."

They were careful to draw the distinction between timidity and fear, Shryock said. The great majority of heroes were retiring in manners and backward in approach but brave in morals and, when aroused, courageous in physical combat.

This was attributed by some judges to the fact that women prefer being worshipped to being mastered. Others were of the opinion that this showed women want husbands who would be too bashful to flirt with other women. Shy men don't desert their wives, they said. Still others declared this signified woman's natural desire to mother and protect timorous men.

Say what you will about druggists offering something "just as good" because it pays a better profit, the fact still stands that ninety nine out of a hundred druggist recommend Chamberlain Colic and Diarrhoea Remedy, when the best medicine for diarrhoea is asked for, and do so because they know from what their customers say of it, that it can be depended upon.
