HEARING ON PERMANENT INJUNCTION NEXT MONTH

(By Associated Press)
CHICAGO, Oct. 6.—A hearing on the Government's application for a permanent injunction against the striking railroad shop crafts will get underway early in November, Judge Wilkerson indicated today.
Attorneys for the shopmen filed an answer to Attorney General Daugherty's injunction bill. The court gave the Government attorneys until October 12th to study the answer. It denies all the government allegations and sets up a defense that the men were driven to the strike by acts of the railroad executives. The strike is in fact a "lock-out," the answer alleges.

ROAD WORKERS WANT INCREASE

(By Associated Press)
CHICAGO, Oct. 6.—The United States Railroad Labor Board went into session today to consider an appeal of the maintenance of way workers for an increase in wages. Indications were that a decision might come today or tomorrow. The public group remained firm for a two cent increase. A decision was expected to be possible on the support of the proposal by the railroad group. The labor members were reported as unwilling in their stand for a larger increase.

Gordon Thomson went to Dallas Thursday to visit relatives a few days and attend the fair.

PRESBYTERIANS ELECT OFFICERS

(By Associated Press)
SHERMAN, Oct. 6.—Rev. S. H. Templeton, for thirty years stated clerk of the Presbyterian Church U. S. A., was re-elected today at the meeting of the Texas Synod in annual session here. Rev. R. W. Bengel, permanent clerk of the Synod, was also re-elected.
Haynesville, La., was selected as the next meeting place, Louisiana being included in the Synod.

ANNUAL BANQUET POSTPONED AGAIN

The annual banquet of the Young Men's Business League which was scheduled for October 10th has been postponed until a later date in the month. This has been done for several reasons.
The committee has not arranged with anyone to furnish the eats, and more time has been asked to perfect a program which will excel anything in the banquet program line ever staged in Ballinger.
The committee has the plans well in hand and will make definite announcement in a few days, and in the meantime arrangements are being made to stage a radio program which will be broadcasted by a prominent station in Texas especially for the benefit of the Ballinger banquet. A speaker in another part of the state will address the Ballinger banqueters over the radio, and of course the speech will be broadcasted to the four corners of the earth, and instead of two or three hundred people gathered around the festive board at Ballinger alone hearing the address it will go to every receiving station which tunes in.

Best typewriter ribbons made for Underwood, Smith, Oliver, Royal and Remington machines at the Ballinger Printing Co.

Giants Win Third Game

Giants - - - - - 3
Yanks - - - - - 0

POLO GROUNDS, New York, Oct. 6.—The third game of the present World Series was an easy victory for the Giants. The usual crowd that has been at the other two games was in the huge bowl today, and while the Yank crowd was in evidence the rooting finally died down to almost nil as John Scott let the hard hitting Americans down with nothing.
Four hits were all the Yanks could count off McGraw's choice and only one of them for an extra base wallo—that coming in the sixth when Schang hit for two sacks with nobody on. The entire Giant club had their eye on the ball and every man got one or more hits off Waite Hoyt, with the exception of Bancroft. Young led

he swatters with three sizzling singles and Heine Groh was next with two.
Hoyt gave way in the 8th for a pinch hitter, Baker hitting for him and grounded out, Bancroft to Kelly. S. Jones pitched the ninth and allowed no hits. The "mighty" Babe reached first one time during the game when he was hit in the ribs by a pitched ball. Each team made one miscue.
The score by innings:

	R	H	E
Giants	002	000	100—3 12 1
Yankees	000	000	000—0 4 1

Batteries: for the Giants, Scott and Smith; for the Yankees, Hoyt, Jones and Schang.

Rev. J. H. Baldrige and family, of Winters, attended the revival here Thursday night.
Several Paint Rock citizens attended the revival in Ballinger Thursday night, and Winters was also well represented.

Peace Meeting in Deadlock; Turks Decline Accept Terms

(By Associated Press)
CONSTANTINOPLE, Oct. 6.—After conferring most of the night with the high commission of military experts here the allied generals this morning prepared to leave again for Mudania for a resumption of the armistice conference.

LONDON, Oct. 6.—The Mudania conference is not ended, it was officially stated at the conclusion of the British cabinet meeting this morning. But it is in a deadlock, the statement added, and cannot be resumed before the British and French have conferred over the situation.
Lord Curzon, the British foreign secretary, will leave immediately for Paris to see Premier Clemenceau. It was stated officially from the British viewpoint that the Turks are demanding more than was offered them in the allied note and were not accepting the conditions of the note. The British declined to state what the demand of the Turks is.
PARIS, Oct. 6.—The French government has instructed its minister at Athens to protest against the Greek government's action in sending troop reinforcements to the Greek army in Thrace. The impropriety of sending troops into one disputed region at the moment the armistice is in negotiation will be pointed out, the instructions said.

KLAN DENIES CHARGES MADE AGAINST CLARKE

MRS. STILLMAN WINS APPEAL

(By Associated Press)
WHITE PLAINS, N. Y., Oct. 6.—Supreme Court Justice Morchisauire today confirmed the referee's report in the Stillman divorce case. The justice allowed Mrs. Anne U. Stillman, who defended the suit against her banker husband, costs in the case.

RUNNELS TO GET 40,000 BALES

With favorable weather prevailing the first of November will find little cotton in the fields in Runnels county. There are twenty-two gins in the county operating at present, and they are turning out from five to six thousand bales per week, and at this rate it will not take long to run the receipts up to above that of last year. In fact it is estimated that more cotton has already been ginned than was ginned in the county during the entire season last year. A little better than 24,000 was ginned last year, while the total up to date is estimated at 25,000. Some predict that not less than 40,000 bales will be produced in the county this year.
These figures represent a four million dollar crop and is not bad for a dry year, and when counted in with the feed, cattle, poultry, hogs, sheep, wool and other crops will at least help to keep the wolf from the door for a few months.

Mrs. H. C. Bradley was called to Coleman Thursday on account of the serious illness of her mother.
Mrs. S. B. Howard returned to Dallas Thursday afternoon. She had been here visiting her daughter, Mrs. J. L. Stroble.

Read the ads and profit.

(By Associated Press)
ATLANTA, Ga., Oct. 6.—A denial that charges against Edward Young Clarke, imperial wizard of the Ku Klux Klan, who yesterday was indicted on alleged charges of using the mails to effect a scheme to defraud, were true was contained in a statement of the "Imperial Kloneilium" today. The "Imperial Kloneilium" is the ruling body of the Klan.
The charges against Clarke were made by former employees, who were discharged from the organization, said the statement.
W. J. Simmons, the "Imperial Wizard" and other members of the Kloneilium signed the statement.
Clarke collected huge sums of money in excess of the amount required to pay premiums to surety companies furnishing bonds for certain officials and employees of the Ku Klux and converted the addition to "his personal use and benefit," the indictment charges.

YUKON RIVER CAMPS FAST DISAPPEARING

CORDOVA, Alaska, Oct. 6.—The practical completion of the government railroad in Alaska marks the passing of the famous river camps along the Yukon, according to George Anderson, an experienced Alaskan traveler, who declared that river travel already has been virtually abandoned.
The withdrawal of the regular steamers recently left only the small mail launches plying along the river that was once the main thoroughfare between Dawson and the coast.
Without regular steamer service, says Mr. Anderson, the bustling communities of gold rush days will be cut off from communication with the outside world and other parts of the territory, and unless new interest in the section is stimulated by the re-establishment of lines to handle tourist travel, Mr. Anderson believes these towns will soon be virtually deserted.
A small want ad in The Daily Ledger often saves you money.

LOYD GEORGE MAY GET \$495,000 FOR HIS PUBLISHED MEMOIRS

(By Associated Press)
LONDON, Oct. 6.—English writers are still speculating on the amount Premier David Lloyd George is likely to realize on his projected book of memoirs. There is still considerable mystery as to what financial arrangements the publishers have made with the British prime minister for the book and serial rights at home and abroad. One London publishing firm gives the following figures:
American serial rights \$200,000
American book rights 100,000
English book rights 75,000
English serial rights 75,000
Other payments 45,000
\$495,000

A digger into historical records says the sum offered Mr. Lloyd George constitutes a record. He finds that Milton received \$75 for "Paradise Lost," and Goldsmith \$300 for "The Vicar of Wakefield." Samuel Johnson made about \$500 out of "Rasselas," which he wrote in order to obtain enough money to give decent burial to his mother and pay off her few debts.

Jane Austen sold the manuscript of "Sense and Sensibility" for \$750, which she described at the time as "a prodigious recompense."

THRILLS ABOUND IN DOROTHY DALTON'S DRAMATIC PICTURE

To be wooed by fortune hunters, harassed by a cruel guardian and then locked up in a cave with the body of a supposed murdered man—she escapes by diving into the sea. These are some of the thrilling incidents that make up the story of "Behind Masks," the new Paramount picture in which Dorothy Dalton will be seen at the Maeroy Theatre tonight.

This is a splendid picturization of E. Phillips Oppenheim's novel, "Jeanne of the Marshes." The photodrama was adapted by Kathryn Stuart. Miss Dalton's leading man is Fredrik Vogeding, who

heads an excellent supporting company including William P. Carleton, Julia Swayne Gordon, Kempton Greene, Lewis Broughton, Gladys Valerie and Alexander Kaufman.

HOW'S THIS?

HALL'S CATARRH MEDICINE will do what we claim for it—rid your system of Catarrh or Deafness caused by Catarrh.
HALL'S CATARRH MEDICINE consists of an Ointment which Quickly Relieves the catarrhal inflammation, and the Internal Medicine, a Tonic, which acts through the Blood on the Mucous Surfaces, thus assisting to restore normal conditions.

SHAKESPEARE CLUB HOLDS FIRST MEETING

After taking the summer vacation the Shakespeare Club met yesterday in the first meeting of the year which was a social get-together at the home of Mrs. C. R. Stephens. An enjoyable time was had by the members and all expressed themselves as being ready to get back to their regular meetings and course of study.

One of the projects fostered by the Shakespeare Club this fall is that of a lyceum course for Ballinger. The club has received the advertising matter and in a few days will begin pushing the first number and start the sale of season tickets. The course has been carefully selected and it is said that any one of the numbers will be worth the price of a season ticket. The first number will be presented at the Carnegie Library some time during October and every citizen in Ballinger will be given a chance to get a season ticket at a very low rate before the opening number.

The patronage of these kinds of entertainments speak well for a town and the ladies should experience no trouble in the sale of tickets.

A Good Physic

When you want a physic that is mild and gentle in effect, easy to take and certain to act, take Chamberlain's Tablets. They are excellent.

MAY NAME SEA IN HONOR OF "ANZACS"

(By Associated Press)
SYDNEY, N. S. W., Oct. 6.—Naming of the Tasman sea, the waters of which touch Australia and New Zealand, the "Anzac" sea as a lasting memorial to the soldiers of both countries who took part in the landing at Gallipoli, which was the genesis of the

word Anzac, has been suggested here.

It is pointed out that Australia and New Zealand, altho separated geographically, are linked commercially by the Tasman sea and that the designation "Anzac" to the body of water would typify the link that unites the two dominions. With "Anzac" sea on the maps of the Pacific, it is believed that all school children throughout the world would be

told of the battle of Gallipoli. It has been suggested further that the formal change of name might be made a special feature of next Anzac Day in both Australia and New Zealand.

Robert Louis Williams left Friday for Dallas, where he will be for some time. He made the trip in his car.

Mrs. B. W. Pilcher left for Dal-couple of weeks and attend the Ans Thursday afternoon to visit a State Fair.

The Market Place

The old public market was a place of bartering. There the housewife matched her wits against the seller's, and the better man won out by a penny or two.

Some paid more—some less for identical articles, according to their separate abilities to haggle.

Advertising has helped to make buying fairer for all by stabilizing prices.

The advertiser names his price—the same for all.

You know that in paying it, you're getting the same deal as the next one. You may not have realized what a saving in time, money and convenience in this alone the advertisements mean to you.

A return for a week to the old ways of selling would quickly convince you of the service the advertisements in your paper render.

They are your market place today. Read them.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of *Chas. H. Fletcher* just to protect the coming generations. Do not be deceived. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

Never attempt to relieve your baby with a remedy that you would use for yourself.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. during fair week. Those who appreciate this form of amusement are assured of their money's worth at the exhibition tonight.

HIGH SCHOOL TO HEAR SERMON

The revival in progress here will be attended by the student body of the high school tonight, the more than two hundred students assembling and attending the services in a body. This is in keeping with the program setting aside tonight as high school night. Last night was ex-service men, Boy Scout and National Guard night. All these organizations were well represented, the center section being filled with the special delegations, and it was another overflow crowd for the revival, the church being filled to overflow before the song service began.

Mrs. Flowers spoke on "The Call to Colors." She declared the every true American was always ready and would enlist under the banner of America and fight for the ideals for which our forefathers died, but said it was far more important that the unsaved man or woman, boy or girl, enlist under the banner of Christ and stand for the ideals for which Christ died on the cross. Mrs. Flowers seemed to have been at her best and her sermon was declared by many to be the most inspiring she has delivered during the revival. Evangelist Flowers and Mrs. Flowers have been doing a splendid work among the high school students and young people this week.

RAILROAD RESTAURANTS IN RUSSIA ARE IMPROVING

(By Associated Press)
TVER, Russia, Oct. 6.—The old time scenes at American railway junctions, when the brakemen came thru the train shouting: "Blankville, 20 minutes stop for supper," are being duplicated in Russia as the normal conditions of travel are being restored and railway station restaurants, foodless and closed for four years, are opening again.

Passengers during the revolution had nothing to eat on long journeys except what they brought with them, but now practically every station restaurant offers almost a pre-war bill of fare. As the trains pull in a scramble for food ensues that would rival an American quick lunch counter during the rush hours.

Some of the more important through trains have dining cars, but they are patronized only by first-class passengers, and even many of these enjoy the rush at the station restaurants more than the decorum of the wagon-restaurant.

JOHN D. GIVES MEDICAL SCHOOL TO LONDON

(By Associated Press)
LONDON, Oct. 6.—Thru the generosity of John D. Rockefeller, London is soon to have one of the finest medical schools in the world. Work has already begun on the first part of the building program, on which more than \$1,000,000 is to be spent. This includes provision for a new nurse's home for the University College Hospital, an obstetric building of six stores, and an enlargement of the medical school.

Houses in University Street and Huntley Street are shortly to be pulled down in order to make room for this large scheme. Later an open-air ward for septic cases and further research laboratories

are to be built. The project will reach completion some time in 1925.

HIGGINBOTHAM BROS. & CO

ROAD WORK ON FOR COLEMAN COUNTY

October 19th the Commissioners' Court of Coleman county will receive bids for construction of 17.31 miles of the Santa Anna and Rockwood road; 6.14 miles of the Coleman and Baird road; 4.43 miles of the Howe road. Each is to be a standard gravelled highway. The Howe road extends from an intersection of Highway No. 23 in the direction of the Howe community, a distance of 4.43 miles.

The iron span bridges on the Coleman-Ablene road and Coleman-Burkett road will be moved to the Baird crossing on Hord's Creek, one mile North of Coleman and a double span bridge erected there.

Grade work was started Wednesday on Highway No. 7 by the Womaek Construction Company, one crew starting the work at the Brown county line. Two other grade crews will shortly move in and work North and South from Coleman. When the work is well underway five concrete crews will be at work on Highway No. 7. Four miles South of Coleman the route of Highway 7 crosses to the East or North side of the Santa Fe right-of-way and continues on the North side to the Brown county line. By this route five railroad crossings are eliminated.

Grade work was started Wednesday on Highway 7A beginning at the intersection of the Coleman-Busk road. Other crews will move on at once and start four miles West of the first crew. Much stone has already been placed for the concrete drainage structures.—Coleman Democrat-Voice.

TAX ROLLS WILL BRING MUCH MONEY

Tax money is coming in very satisfactorily for this early season, according to Collector Will Brown. Fifteen polls have been paid and the ad valorem tax is coming in with the poll tax money.

The tax rolls this year are perhaps heavier than for many years, or at least the tax money to be derived from the rolls is greater, due to the higher state rate. Runnels county rolls contain about \$213,000, and more than 6,600 polls. Since a man cannot pay his property tax without paying poll taxes for both himself and wife, the poll tax payments will come up pretty good for an off year.

TOO MUCH MEAT HURTS KIDNEYS

Take a glass of Salts to Flush Kidneys if bladder bothers you.

Eating too much meat may produce kidney trouble in some form or other, says a well-known authority, because the uric acid excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations, to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so that it no longer irritates, thus often ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to help keep the kidneys and urinary organs clean, thus often avoiding serious kidney disorders.

WRESTLING MATCH ON FOR TONIGHT

C. H. Blanks, the strong man, who gave free street exhibitions here at the Runnels County Fair, will stage a wrestling bout here tonight in the Giesecke building on Eighth Street. He will meet D. T. Duncan, of Winters, in a half-hour handicap, the winner to receive a purse of \$100. Mr. Duncan has wrestled in Ballinger several times before and has met the best that has come this way while Mr. Blanks showed what he could do this year with the Russian wrestler with the carnival here

How Better Than Pills?

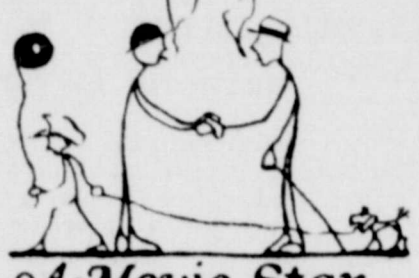

The question has been asked—In what way are Chamberlain's Tablets superior to the ordinary cathartic and liver pills? Our answer is, they are easier and more pleasant to take and their effect is so gentle that one hardly realizes that it is produced by a medicine. Then, they not only move the bowels but improve the appetite and strengthen the digestion.
