VOLUME XVII. NUMBER 78

BALLINGER, TEXAS, THURSDAY, NOVEMBER 2, 1922.

MEMBER ASSOCIATED PRESS

MAYFIELD WINS IN FINAL RULING

Expect Staples to Instruct Name be Placed on Ticket

Free for Ali Foot Race Follows Jail Delivery

Jack Cregg, self confessed auto thief, and a negro prisoner held here for Concho county on a charge of burglary, broke jail here Thursday morning by running rough shod over M. C. Falls, janitor at the court house. The two prisoners were soon recaptured and are now locked in a cell, where it will not be so easy for them to escape.

Mr. Falls went to the jail to get a Mexican, who is working out a fine by helping on the court house lawn and doing work around the court house and jail. The Mexican is confined in jail at night and brought out to work every day. When Mr. Falls unlocked the jail door the white man and the negro grabbed him and pushing him down and to one side, they made a break for liberty.

The prisoners had been given the privilege of occupying the run-around during the day, as they were not considered to be unusual criminals, and Mr. Falls was taken by surprise, and was unarmed. He gave the alarm and followed in close chase after

the two prisoners, and quite a number of men were soon following.

Dr. F. M. Hale, J. A. Weeks and R. W. Earnshaw made the best time in Mr. Weeks' Cadillac roadster, and overtook the white man near the Elm Creek bridge. The man had just stood off two other men by making fight on them with rocks, and he made fight on "Ernie," who was the first man to catch him, but Mr. Weeks was soon on the scene and with a gun persuaded the prisoner to be "good."

Leaving the white man with Dr. Hale, Mr. Earnshaw and Mr. Weeks continued the chase after the negro and overtook him near the Abilene & Southern bridge, and the negro had just about run out of "air," and accepted an invitation to return to town with the posse.

In his calls for help and in giving the alarm, Mr. Falls attracted the natives in the neighborhood of the jail, and blocked all possible escape for the fugitives from justice. The parties in the Cadillac car were on close trail of the negro when he left the road and took to the brush, and Earnshaw has run too many bases to be outdistanced by a negro, and he soon overtook the prisoner and persuaded him to have a seat and rest awhile. The negro gave up and returned to jail without offering any resistance. Stating that he had not "done nothing" to his pursuers, the white man armed himself with rocks and was in the act of making fight when a gun pushed into his flanks by Mr. Weeks caused him to surrender.

Cregg, the white man, is charged with stealing Joe Spoons' Ford here during the county fair in September. He was captured near Alpine and the car recovered. After being brought to Ballinger he made a written confession, and is now being held here to await the action of the grand jury. The negro broke into a house at Paint Rock, and as Concho county has no jail he was brought here for safe keeping.

Mr. and Mrs. J. Y. Pearce are at home from an extended visit to Dallas and other places. They returned home Wednesday.

Bert Low, banker from Winters, had business in Ballinger Wednesday. Mr. Low reported business good, but the rush apparently over for the season.

OPEN PORT LAW WILL PREVAIL

AUSTIN, Nov. 2.—There is little probability that martial law will be declared at Marshall as a result of the unsettled condition in the open port law zone, it was declared at the adjutant general's department today.

Adjutant General Barton went to Marshall last night at the suggestion of Governor Neff to make a personal investigation of the situation there.

PEDDY DELAYED; CROWD RECESSED

George B. Paddy, candidate for United States senator on the republican ticket, due to speak at Ballinger this afternoon, had not arrived at three o'clock.

The court house filled to overflow following a band concert on the court house lawn and on the down town streets, and the crowds waited patiently until two-thirty when a telegram was read stating that Mr. Paddy would not arrive until about three-thirty. The crowd, or most of them, scattered out and took a recess pending the arrival of the candidate.

Mr. Paddy spoke at Brownwood Wednesday night, and was due to arrive here on the noon train, or at least the local Paddy leaders expected him and several met the train. Later it was learned that he spoke at Coleman Thursday morning, and was coming through in a car. For some cause he was delayed.

Plans were made for him to speak when he did arrive and most of the crowd who came to hear him here lingered around the court house and down town.

PEACE FOLLOWS FIRING SQUAD

MEXICO CITY, Nov. 2.—The spirit regarding general pacification of Mexico appeared more optimistic in government circles today as result of the execution of Francisco Murguia, the rebel leader, by a firing squad yesterday in Mexico City.

The execution of Murguia was regarded as the most fortunate piece of work performed by the government during the past year in a campaign to end rebellious movements. The friends of Pancho Villa denied that Villa had been found dead as reported. It is said that he is busy farming.

(By Associated Press)

DALLAS, Nov. 2.—A motion for a new hearing in the Mayfield injunction case originally filed at Corsicana, was overruled by the Court of Civil Appeals this afternoon. Associate Justice Hamill declared that the court regarded this as terminating its jurisdiction in the case.

It is expected that instructions will be sent out by Secretary State Staples, acting on the advice of the attorney general, for election boards to place Mayfield's name on the ballots.

AUSTIN, Nov. 2.—An opinion which will advise county election boards and Secretary of State Staples what course to follow as to including the name of Earle B. Mayfield on the general election ballots is being prepared by Attorney General Keeling, it became known today. An opinion is expected to be rendered late today.

Secretary of State Staples conferred with Mr. Keeling this morning and then sent telegrams to a number of county officials advising that the printing of ballots should be held up awaiting further developments.

HEAD RAILROAD EXECUTIVE DEAD

(By Associated Press)

PHILADELPHIA, Nov. 2.—Thomas DeWitt Cuyler, a director of the Pennsylvania Railroad Company, and chairman of the Railroad Executives Association, was found dead today in a private car of President Rea at the Pennsylvania's Broad Street station here. No cause for the death has been assigned.

Cuyler's death was said later to have been due to apoplexy. He was a lawyer but most of his time was taken up with railroad financial affairs. He came prominently before the country in the recent railroad shippers' strike by virtue of being chairman of the railway executives' body, and took a firm stand against some demands of the strikers, especially relating to seniority. His age was 68. Cuyler was also a director of the Santa Fe system.

FT. WORTH.—Vocational teachers of North Texas hold a joint meeting Nov. 4 here with public school teachers of this city. Dr. W. H. Bruce, president of the North Texas State Normal at Denton, will be the principal speaker.

Read Ledger "wants" column

FT. WORTH, Nov. 2.—Attorneys for Earle B. Mayfield said here today that their next step would be an application for a writ of mandamus forcing election boards to put Mayfield's name on the ballots, providing that a ruling on pending litigation does not accomplish that result this afternoon. However, the lawyers said that mandamus proceedings would not be filed until the present injunction motions hearing and rehearing are disposed of.

The filing of such mandamus by Mayfield's attorneys will probably follow the action of the court of appeals at Dallas, the attorneys said as they left Dallas where it is expected that the Court of Civil Appeals will act this afternoon.

ISLANDS EAGER FOR FREEDOM

(By Associated Press)

MANILA, P. I., Nov. 2.—The Philippine senate today adopted by a unanimous vote a resolution asking the congress of the United States to authorize the Philippine legislature to call a constitutional convention to create a future independent republic in the Philippine Islands and determine what relation it should bear to the American government. The resolution was sent to the house of representatives.

STILL CAPTURED IN CITY; ONE MAN UNDER ARREST

Sheriff Flynt and Chief of Police Pilcher raided a residence in the Western part of the city Thursday just before noon and captured a genuine booze making outfit, together with a quantity of liquor and arrested a man by the name of Ray, or Gray.

The still was discovered in what is known as the old Hays place on Ninth Street and near the West Ward school house. The officers were put wise by the existence of such a moonshine plant when Ray, or Gray, approached Mr. Pilcher and offered him a drink of rye

liquor just before noon Thursday. The man was drinking and he disclosed the location of the still.

The officers seized a still which was estimated to have a twenty gallon capacity, the equipment consisting of a zinc tub with new copper coils attached, boiler, etc., and nearby was ten or fifteen gallons of "mash" going through the process necessary to put the kick in the liquid. The officers also captured a quantity of the finished product, in addition to what the man had on his person

when arrested.

The man first gave his name as Ray, but after being placed in jail he later said that his name was Gray, and that he had been in Ballinger about three months.

It is not known how long the booze maker had been operating here, but parties have been under suspicion of producing intoxicating liquor in or near the city for some time. Imbibing of his own goods caused the man to fall in the hands of the officers Thursday.

BALLINGER DAILY LEDGER

Published every day except Sunday. By THE BALLINGER PRINTING CO. Office of Publication, 711 Hutchings Avenue, Ballinger, Texas

MEMBER OF THE ASSOCIATED PRESS. The Associated Press is exclusively entitled to the use for republication of all news dispatches credited to it or otherwise credited in this paper, and also to local news published herein.

President Harding has bought a farm. Getting ready to retire to private life, perhaps.

The man who prays and forgets to praise is ungrateful, to say the least of him.

The only difference between gossip and propaganda is that gossip gets there first.

Guard of duty at the school during Hallowe'en night robbed night of some of its mystery.

A wise man never kicks back at a mule or at a boss. Mike McNamara objects to being "fired."

Most all of us are willing for our front doors to be roped off so the paving work can be carried on. The bumps are getting larger.

FIERY, ITCHY ECZEMA HEALED RIGHT UP BY APPLYING SULPHUR

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentha-Sulphur, says a noted skin specialist. Because of its germ destroying properties, this sulphur preparation brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It seldom fails to relieve the torment and disfigurement. Sufferers from skin trouble should get a little jar of Rowles Mentha Sulphur from any good druggist and use it like cold cream.

Four million dollars turned loose in Rannels county in sixty days has had a tendency to bribe pessimism.

The Peddy campaign committee might gain a few votes by opening up a few writing schools and teach it in English.

We seem to be living in the injunction age. A Kansas farmer stopped his daughter from marrying by injunction.

We had rather be a bill payer than a bill collector—if we had the money. It is more blessed to give than to receive, you know.

How Not to Take Cold. Some persons are subject to frequent colds, while others, seldom, if ever, have a cold. You will find that the latter take good care of themselves. They take a shower or cold sponge bath every day in a warm room, avoid over heated rooms, sleep with a window open or partly open, avoid excesses, over eating, becoming over heated and then getting the feet wet. Then, when they feel the first indication of a cold, they take Chamberlain's Cough Remedy without delay and it is soon over.

We don't know who is to blame, but the highway from the court house to the Elm Creek bridge is enough to cause travelers to swear vengeance against this city.

PLAINVIEW—Plainview and Amarillo are in the contest for the location of the All-Panhandle Plains Fair, which is to be established and will include all of northwest Texas. Plainview will offer to provide permanent fair grounds, buildings, race course, athletic field, and other inducements to secure the fair. The matter is to be decided by the directors of the Panhandle-Plains Chamber of Commerce in November.

BURNETT—Word has been received here that Rhode Island hen No. 370 is still leading in the egg-laying contest at A. & M. College. She broke the record for the state up to Sept. 15, and has dropped 24 eggs into the basket for September. With all competition out-laid, the hen is now laying against time, and it is reported that the chances are that the record she will make by the time the contest closes Nov. 1 will not be equalled in many years.

RED CROSS JOINS IN MOSQUITO CAMPAIGN

Two Texas Communities Are Rid of Malaria After Year's Work.

Two communities in the southwestern Division infected with malaria have been rid of this pest in the last two years by the work of the American Red Cross, according to statements made by citizens of these communities. One of these sections is around Calvert and Hearne, Tex., where the Robertson County Chapter of the American Red Cross and the local health authorities worked hand-in-hand to rid the district of the malaria-spreading mosquito.

According to the official report of the work done in this district, the initial step in the campaign was the draining of all pools, ponds and depressions retaining stagnant water. This was done the first year. It required the opening of original ditches and other semi-engineering feats. Water impossible to drain was treated with crude oil at intervals during the summer of 1921 and bodies of water so located as to be too expensive for draining or otting were stocked with Gambusia Minnows, a local product found in prolific quantities in that section, which is a deadly enemy of the mosquito larvae.

Inspectors were employed and periodically visits were made in a house-to-house inspection. These inspectors looked particularly to rain water, accumulations in open cans and other vessels, gutters, etc., and an officer accompanied the inspectors, oiling all these waters. Particular attention was paid to old wells, cisterns and vats of various kinds. The results have been most gratifying. It is reported, and the mosquitos are almost completely eradicated from the locality.

A similar campaign in Cherokee County, Tex., had a similar result. During the early fall of 1921 a malaria survey of the county was made by the American Red Cross Chapter. A report was compiled and charts made showing the exact percentage of malarial infection in each school district. These findings were taken as a basis for the work, which has been extensive since its beginning. Two sanitary engineers, a physician and two public health nurses are in charge of the work of malaria control, under the general direction of J. A. LePrince of the U. S. Public Health Service and Bureau of Child Hygiene of the Texas State Board of Health and the Cherokee Chapter of the American Red Cross.

The campaign is too new as yet to report complete success, but gratifying results have been obtained and the malarial infection in that district is very much decreased over the proportion of the year previous.

APPRECIATION BY GOVERNMENT OFFICIALS

Probate Attorney Commends Red Cross For Work Among the Indians.

William Shuman, U. S. Probate Attorney, in charge of the Indian District of Oklahoma, has sent the following letter to the Southwestern Division, American Red Cross:

"The activities of the Craig County Chapter, extending into Delaware County, Okla., have been of great value. Mrs. Myra T. Earhart, executive secretary of the Craig County Chapter, accomplished more good for the Indian soldiers in the one day when she extended her work into the adjoining county than has probably been done since the war.

"Mrs. Earhart and Mrs. Myrtle Griesham, the public health nurse of the Craig County Chapter, spent an entire day in Delaware County at my request and, believe me, those ladies had no time for recreation.

"Indian children were brought in to be inspected, weighed and measured, and preparing the status of disabled Indian soldiers was accomplished. These two women rendered such good service in this work that I am hoping that some day they will be able to get back to that county and furnish further help.

EX-SOLDIER GETS PENSION AND INSURANCE

Through more than two years of unwinding of official red tape and other efforts the Red Cross of Waco, Tex., has obtained compensation for permanent total disability and government insurance for a veteran of the World War. This soldier was wounded in a peculiar way. A piece of shrapnel which tore away the muscles of his back and injured his vertebrae also exploded his cartridge belt, thus inflicting an additional injury which required many operations and more than a year in the hospital, most of the time lying on his face.

The operations were not successful, the shock and other contributing causes caused heart trouble, all of which have made him a permanent invalid.

Through an error in his record, this soldier has been allotted only \$27 a month and it required more than two years to correct the error and obtain for the man the compensation which was his due, as well as to obtain for him and his aged mother the insurance which also was coming to him.

COULD HARDLY STAND AT TIMES

Hips, Back and Legs Would Have That Tired Ache

Everett, Washington.—"For several years I have had trouble with the lowest part of my back and my hips and my legs would ache with that tired ache. I could hardly stand on my feet at times. I was always able to do my work although I did not feel good. I saw Lydia E. Pinkham's Vegetable Compound advertised and having heard several praise it I decided to try it. I feel first-rate at the present time. It has done wonders for me and I keep it in the house right along. I always recommend it to others who are sick and ailing."—Mrs. J. M. SIMPSON, 4032 High St., Everett, Washington.

To do any kind of work, or to play for that matter, is next to impossible if you are suffering from some form of female trouble. It may cause your back or your legs to ache, it may make you nervous and irritable. You may be able to keep up and around, but you do not feel good.

Lydia E. Pinkham's Vegetable Compound is a medicine for women. It is especially adapted to relieve the cause of the trouble and then these annoying pains, aches and "no good" feelings disappear.

It has done this for many, many women: why not give it a fair trial—now.

REV. J. W. DICKINSON DIES AT FORT WORTH

Rev. J. W. Dickison, Methodist preacher of Dr. R. A., Judge Dickinson, deceased home in Fort Worth. Death came sudden in was a frequent Ballinger during brothers, and many who will regret his death.

BROWNWOOD—Mayor Fred S. Abney has been selected as general chairman of the road building committee in this county and will have charge of matters pertaining to the \$11,185,000 bond issue campaign.

WACO—A better babies' conference is being held in connection with the Cotton Palace exhibition here. Prominent physicians have volunteered their services.

EDITOR'S SON WHIPS CREAGER

(Valley News Bureau) EDINBURG, Tex., Nov. 1.—

The Hidalgo county grand jury has returned an indictment against R. B. Creager, republican state chairman, for assault to murder Ben Gordon Whitehead, editor of Fig Leaves, a philosophical magazine published here. Creager has not been arrested, having left Brownsville Friday night, and the report is given out that he will probably not return for some time.

Creager had just returned to the Valley from the North and East, and had given out many interviews regarding his love for law and order and his scorn for jungle judgments. He had insisted that the courts be respected and resorted to to settle all wrongs, and that it is a crime for any man to take the law into his own hands.

Whitehead was seated in a revolving chair in County Attorney Epperson's office when the alleged offense occurred. Creager warned Whitehead before the latter was taken to a prison that he would run Whitehead out of the valley if he ever printed Creager's name again. And Whitehead says that the forthcoming issue of Fig Leaves will say it without flowers.

After the affair in the court house Creager, who prides himself on his prowess, was met by Whitehead's young son, Miller Whitehead, and given a severe thrashing through the state chair.

"Have Done Good" "I have done more good," writes Mrs. Ella L. Button, Kirksville, N. Y. "I have recommended them to a number of my friends and all who have used them praise them highly." When troubled with indigestion or constipation, give them a trial and realize for yourself what an excellent medicine it is.

Edgar Rasbury left for Dallas Wednesday afternoon, where he went on business.

THE ambitious home dressmaker either has learned, or is learning, that she may undertake to make her own blouses and be rewarded by lovely garments. For anyone who has not tried the experiment, now is a good time to begin, because the rich new fabrics are at their best in blouses of simple design. These fabrics do not call for any but the simplest adornments, and they make the handsomest of costume blouses, to be worn with two-piece suits or with appropriate separate skirts. One black satin skirt will make a background to set off many a stunning blouse, and there are fabrics of all degrees of richness with which to suit occasion.

The story of blouses begins every season with the shirtwaist and blouses of similar character. They include softly tailored waists of white crepe de chine to be worn with strap and sport suits, and the crisp and dainty blouses of fine, sheer cottons, for the same purposes. One of the latter is shown here, and even the amateur needlewoman will sum up its requirements without any misgivings. Fine batiste and sheer embroidered edging, bought

by the yard, plus a simple pattern (to be had of any standard pattern company) insure the success of the pretty waist. The embroidery has a narrow edge, lined by colored dots, and the wide plain portion is to be tucked with a group of narrow tucks.

To make the collar and jabot this tucked embroidery is joined by fagoting to a straight piece of tucked batiste. There is no shapling of the collar to be taken care of. It is merely a straight length sewed to the neck opening of the waist. It overlaps at the ends the full frills that form the jabot. A short piece of this prepared embroidery is set in turn-back cuffs that finish three-quarter-length sleeves.

Smart costume blouses are as simply designed. One has only to pick out one of the new, brilliant crinkly silks or velvets and cut it by an overblouse pattern, with either longer or shorter sleeves, and use narrow silk braid or ribbon for outlining important edges.

Julie Bottomly

A small want ad in The Daily Ledger often saves you money.

Children Cry for Fletcher's CASTORIA. The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of Dr. J. C. Fletcher on the wrapper all these years just to protect the coming generations. Do not be deceived. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment. Never attempt to relieve your baby with a remedy that you would use for yourself. What is CASTORIA. Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend. GENUINE CASTORIA ALWAYS Bears the Signature of Dr. J. C. Fletcher. In Use For Over 30 Years The Kind You Have Always Bought THE CHATELAIN COMPANY, NEW YORK CITY.

FT. WORTH—No absentee voting will be permitted in the Nov. 7 general election, it is announced by County Judge Small and County Clerk Mynatt. The law governing absentee voting in the primary elections does not apply to general elections, it is ruled.

SAN ANGELO PYTHIANS HERE MONDAY NIGHT

A large delegation of Knights of Pythias from the San Angelo lodge will come to Ballinger next Monday night to meet with Ballinger Lodge No. 29 and assist in initiating a dozen candidates in the rank of Knight. The new members were carried through the first and second degrees last Thursday night when the degree team from Brownwood came up and put on the work. San Angelo has invited the Ballinger lodge to meet with them Thursday night when 25 new members will be initiated in the first degree, and several of them carried through the second. Quite a number of the Ballinger K. of P.'s are planning to attend the San Angelo meeting. All local members are requested to be present at the meeting here next Monday night and give the San Angelo delegation a hearty welcome.

CATARRH

Catarrh is a local disease greatly influenced by Constitutional conditions. HALL'S CATARRH MEDICINE consists of an Ointment which gives Quick Relief by local application, and the Internal Medicine, a Tonic, which acts through the Blood on the Mucous Surfaces and assists in ridding your System of Catarrh. Sold by druggists for over 40 Years. F. J. Cheney & Co., Toledo, O.

PADUCAH, Tex.—The 175-foot pile bridge over the Wichita River has been completed. The chamber of commerce sponsored the building of this bridge and paid \$500 of the expenses involved.

DOES IT PAY TO WORRY ABOUT APPENDICITIS?

Can appendicitis be guarded against? Yes, by preventing intestinal infection. The intestinal antiseptic, Adler-i-ka, acts on BOTH upper and lower bowel removing all foul, decaying matter which might start infection. EXCELLENT for gas on stomach or chronic constipation. It removes matter which you never thought was in your system and which nothing else can dislodge. One man reports it is unbelievable the awful impurities Adler-i-ka brought out. J. Y. Pearce Drug Company.

RANGER—Each member of the Ranger Country Club who fails to get a new member by Nov. 15th will be "sentenced" to a day of hard labor, improving the club grounds, members decided. The club has 100 members.

"TAKING CHANCES" NEXT RICHARD TALMADGE FILM

"Taking Chances" is the title of the new Richard Talmadge picture, at the Maeroy Theatre tomorrow (Friday). Romance, action, human interest, suspense, comedy, thrills, stunts; all vie with each other to make "Taking Chances" the big success that it is. With never a let-up in its headlong pace, "Taking Chances" will hold your interest and thrill you for every foot of its five reels. Especial care was used in selecting a cast to support Dick and they are all adapted to the parts they portray.

Today and tonight at the Maeroy sees the last of "Bob Hampton of Placer," the Marshall Neilan production of Randall Parrish's novel. James Kirkwood, Wesley Barry and Marjorie Daw are the principals in this historic drama of early American days. "Custer's Last Stand" is one of the many vivid scenes in the production.

Marion Fairfax, the young yet noted scenarist, furnished the continuity for the picture, which in itself means much.

Good Health

If you would enjoy good health, keep your bowels regular. No one can reasonably hope to feel well, when constipated. When needed, take Chamberlain's Tablets. They are mild and gentle.

WACO—Every person in Waco, in residential and business district, will stand "at attention" at 11 o'clock in the morning, Armistice Day, and at one o'clock after 11 the parade with every organization participating. The blow for three minutes 11 o'clock. The James Post, Disabled Veterans' Association, and Retail Merchants Association, are in charge of the events.

BROWNSVILLE—Border people who enjoy game dinners have learned that the new tariff law is going to raise the price of such dinners on the American side of the river. Under the new tariff a duty of eight cents a pound is imposed on wild ducks, and the duty on venison has been increased from one and one-half to four cents a pound.

HOUSTON—Lawrence H. Daingerfield has arrived from Honolulu and is serving as director of the Houston weather bureau.

SAYS HOMESTEAD AGENT WORKED GRAFT HERE

According to information from Washington, a man by the name of Capt. Cook, who spent several days in Ballinger recently promoting a colonization scheme for homesteading government land in Arizona, was working without authority from the government. Capt. Cook's plan as presented here, was to interest ex-service men in joining him in taking up

a large body of government land in Arizona which the captain said now was held without authority by cattlemen. Capt. Cook charged a fee for the part he was playing in the game, or for directing the men how to get in on the big land rush. According to information received here those who kicked in on the proposition just kicked themselves out of so much cash. The land in question has not been put on the market by the government.

Most heaters waste half your fuel. Cole's Hot Blast Heaters save and use that wasted portion. 3-11w

BROWNWOOD—All business houses will close from 10 o'clock in the morning until 5 o'clock in the evening on Armistice Day, Nov. 11. The celebration is in charge of the Isham A. Smith Post, American Legion, and will comprise games, contests, speaking and music.

No. 116

KEEP EYE OPEN FOR GRAFTERS

To members of the Young Men's Business League:
From all indications, we may expect for the next few months a steady stream of stock salesmen, solicitors, and promoters of questionable advertising schemes. Your commercial organization, thru its connection with credit rating agencies, chambers of commerce, etc., can give you reliable information on these parties and will gladly endeavor to do so.

Our censor committee has investigated promotion schemes during the last two years aggregating at least \$75,000.00 which were found to be without merit. This sum has been saved to the people of Runnels county and a like sum can be saved during the next few years if everyone will insist upon promoters showing proper credentials, and these credentials brought up to date.

Two or three grafters have successfully plied their trade here and made away with good, hard-earned money that might have been saved if their proposition had been fully investigated before it was given local support.

Yours for service,
"YOUNG MEN'S BUSINESS LEAGUE."

LADIES! LOOK YOUNG, DARKEN GRAY HAIR

Use the Old-time Sage Tea and Sulphur and Nobody Will Know.

Gray hair, however handsome denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear younger.

SICK BENEFIT FROM DENGUE

(By Associated Press)
AUSTIN, Nov. 2.—Health benefit insurance in companies doing business in Texas that have refused to pay benefits to individuals stricken with dengue fever today were notified that this disease is reportable and benefits are due from it. A statement by State Health Officer Florence says that reports are being made

that companies are refusing to pay benefit claims on the grounds that dengue is a contagious disease.

\$700,000 SPENT BY RED CROSS IN SOUTHWESTERN DIVISION IN A YEAR

Money Was Used in Relief and Rehabilitation Following Disasters. In the District.

During the fiscal year 1921-22, ending June 30th, the Southwestern Division, American Red Cross expended \$730,000.70 in disaster relief. Part of this came from the National Red Cross funds secured from memberships, part from chapters and parts from individual contributions. This money was expended in disasters in various parts of the division, especially in the flood areas along the west bank of the Mississippi, in Missouri and Arkansas, in Texas, around Fort Worth, and in the Rio Grande Valley, at Burlington, Kan., and at Pueblo, Colo.

The greatest amount of time and effort in any of these disasters went into the rehabilitation of Pueblo and of the district covered by the Rio Grande Valley flood of last June, according to a report from the Southwestern Division, American Red Cross, in St. Louis. Fifteen hundred and ten families were affected by that flood.

The manner in which the Red Cross undertakes these disasters depends upon the conditions to be met. In some cases the local chapters and citizens' committees take charge and the division office goes in an advisory capacity. In others the situation is reversed, and in still others the work is handled jointly by the Red Cross and the citizens.

Relief work in the Rio Grande Valley flood, which was the last disaster of real importance in the division, has been practically closed and the auditing committee, as well as the advisory committee, with the Red Cross director, Henry M. Baker, are compiling their reports, to be submitted to the citizens and to the division. The wide area affected in this disaster has caused the work to be continued longer than would have been necessary. It is believed, but that it has been thoroughly done and has created friendship for the Red Cross among the citizens of the section is evidenced by the letters received at the division office.

The Young Men's and Young Women's Christian Association of Little Rock, Ark., both have thriving life saving classes which were started during the summer by the director of life saving of the Southwestern Division, American Red Cross.

DENTON—Denton county has 1,750 dairy cows from which milk is sold, according to Secretary Browder of the Chamber of Commerce. It lays claim to being the greatest diversified farming county in North Texas, with a heavy acreage in wheat and oats. Its fine stock breeders include, it is said, seventeen breeders of Shorthorn cattle, thirty breeders of Poland China hogs, fourteen breeders of Duroc-Jersey hogs, four breeders of Hampshire hogs, and twenty-one breeders of Jersey cattle.

DALLAS—Plans for the fifth annual premier poultry show to be held in Dallas Nov. 30 to Dec. 5, were discussed at a meeting of the officers and directors and it was decided that a number of loving cups will be offered by the association as well as by individuals, according to Walter Burton, secretary. Meetings during the time of the show will include those of the Texas White Plymouth Rock, Texas Buff club, and the zone meeting of the Partidge Wyandotte club.

MAKING TIME TO HIS 70TH MILE POST

D. C. Underwood began traveling towards the seventieth mile post in his life Thursday. Mr. Underwood saw the light of day back in the old state sixty-nine years ago on November first, and therefore celebrated his 69th anniversary yesterday. The writer is not acquainted with another sixty-niner anywhere who covers more territory in a day than the Ballinger pioneer, and as for spryness he has many cigarette sucking juniors bested one hundred per cent. By his energy and stick-to-it way of doing business Mr. Underwood has built up one of the best news agencies in West Texas, and made daily readers out of people who now can't get away from the habit. The writer wishes this traveler a safe sojourn down the pathway of life to the seventieth mile and on to many others before he reaches his destination.

CASTORIA For Infants and Children In Use For Over 30 Years

Always bears the signature of *Chas. H. Fletcher*

Mrs. L. F. Gressett, Mrs. P. C. Straley and little daughter Francis, returned Wednesday night from the Cotton Palace at Waco, and Temple, where they had been visiting relatives.
