## Big Events in the Lives of Little Men

## First Meeting Junior Band; Plan 50-Piece Orchestra

Ballinger is destined to become the musical capital of West Texas if the plans of local musicians are consummated. Arrangements have already been made for the organization of a Junior Band, which will meet for organization purposes on the night of Tuesday, June 26th. The members of this group will receive two private lessons each, and with the regulars will meet for one usual rehearsal, each week. Lessons and rehearsals will be held under the direction of Homer Carsey, director of the Ballinger Booster Band. He states that within a few months he will have the junior group ready for public concerts.

As rapidly as the younger musicians show progress they will be advanced to the senior band, and other young players will take their places. Thirteen amateurs have already been signed up for membership and will meet Tuesday night to start the new band in motion. They are: Owen O'Neil, Maurice Gressett, Garrett Daugherty, Leo Mapes, L. E. Bair Jr., Floyd Carr, Stephen Francis, Wallace Chastain, "Happy" Gustavus, Platt C. Straley, Stell Branch, Ernest Moody, and a trombone player whose name could not be secured.

All members of the Junior Band who have signed up to become members and those who are interested, whether they have instruments or not, are requested to meet Mr. Carsey at the band hall next Tuesday night at 8:00 o'clock. Not less than 25 men are expected to start this band and with that number of beginners the new band will be able to play within a short time. No instrument will be used at this first meeting, it is announced, as the director only wishes to talk to each member regarding the general plans of the band and what instrument he desires to play.

In addition to the senior and junior bands, and the saxophone organization, local musical talent plans to give Ballinger a fifty-piece symphony orchestra. It is

pointed out that at least this number of qualified musicians could be gathered together, and if sufficient interest could be created that an orchestra could soon be developed which would place Ballinger on a par in the musical world with some of the principal cities of Texas. A survey of the local field discloses the following who would doubtless be induced to enter such an organization. In addition to these are many others who can be expected to join:

- Violins**  
Dorothy Chancey, H. Preston, W. D. Myers, C. B. Conn, E. Moody, Cecil Dickinson, Susie Hale, Alex Saunders, Ione Herring, Miss Burk.
- Clarinets**  
Miss Grant, Durwood Hill, Will Kiefer.
- Trombones**  
Bob Carsey, Billie Cordill
- Cornets**  
Homer Carsey, C. Preston, Edwin Swindell
- Saxophones**  
A. R. Jones, Harry Lynn, Troy Simpson, L. E. Collins
- Cellos**  
C. Preston, Miss Rama Guin
- String Bass**  
R. F. Lane
- Sousaphone**  
R. W. Earnshaw
- Horns in F**  
Fred Holliday, Fred Atwell
- Xylophone**  
Mr. Loek
- Snare Drum**  
Raymond Rosamond
- Bass Drum**  
Roy Mack
- Piano**  
Mrs. Bob Carsey

Any musician in Ballinger who is interested in the forming of this orchestra will please drop Mr. Carsey a card telling him what instrument is played and whether the person will become a member. The orchestra is being organized purely for the good the musicians will get out of playing and will be a valuable asset to the city in playing at churches and other places where a band is out of place. There will be no charge for joining and no dues. Be sure to notify the director if interested. The first meeting will be announced later.

## VOLCANO DAMAGE MANY MILLION

CATANIA, Italy, June 22.—Mount Etna is still belching forth a stream of lava and throwing out great rocks which are threatening the complete destruction of nearby communities, but it is believed that the violence of the volcanic eruption is decreasing. So far no lives have been claimed but property loss, exclusive of crops is estimated at one hundred million dollars. Fire caused from the lava and red hot rocks thrown out has spread over the valley completely devastating everything within its reach.

## FROST FALLS IN WEST; HEAT KILLS IN NORTH

### LIQUOR ABOARD BRITISH STEAMER SEIZED BY U. S.

(By Associated Press)  
NEW YORK, June 22.—After a permit to enter liquor for medicinal purposes had been issued today, the United States customs agents were given orders to seize all liquor in excess of actual medicinal requirements. This order applies to the liner Baltic, and Berengaria, both of which arrived in this port today with liquor under seal, and it also applies to all other ships bringing booze into American waters.

LONDON, June 22.—In connection with the arrival of the British liner Berengaria in New York harbor, it was declared here today in well informed quarters that the British government does not in any way challenge the authority of the United States officials to break the British consular seals and confiscate the liquor carried under seal for use on vessel on its return voyage.

NEW YORK, June 22.—While treasury department officials today were concentrating attention on the Berengaria, the liner Baltic slipped into quarantine with six thousand one hundred and eighty-two bottles of liquor on board under British government seals, for her next Eastbound voyage, in defiance of American dry regulations.

Secretary Mellon had ordered prohibition agents to board the Berengaria and seize all of the wet goods, but apparently he did not know the Baltic was also trying to evade the prohibition edict as there were no dry agents at the quarantine line to meet her. Except for this supply the Baltic arrived "bone dry." A few bottles for the Westbound voyage, which were not consumed, were dumped overboard to "Davy Jones" at the three-mile limit. U. S. customs officials have seized the Baltic's manifest.

### STOLEN BONDS CAUSE ARREST

(By Associated Press)  
TULSA, Okla., June 22.—Walter Chitwood, an Indian attorney, and Con Sullivan, described by federal authorities as a wealthy gambler of Fort Smith, Ark., are in jail in Muskogee, following the recovery of \$14,000 in Argentine government bonds.

The authorities say that the bonds just recovered are a part of a lot of about three million dollars worth of bonds which were stolen two months ago in a daylight hold-up in New York city. It is said that Chitwood has confessed to the operation here of a gang for disposing of stolen securities obtained in hold-ups and bank robberies from New York to San Francisco. The authorities say that other members of the gang are expected to be captured soon.

### NEW PEARL VALUED AT \$60,000 IS FOUND

(By Associated Press)  
SYDNEY, N. S. W., June 22.—The discovery at Broome of a pearl of 102 grains, of double-butt shape, is reported by the chief pearling inspector of West Australia. The pearl, which is valued at \$60,000, surpasses the famous "Star of the West," which weighed 101 grains and was valued at \$50,000.

A small want ad in The Daily Ledger often saves you money.

(By Associated Press)  
CHICAGO, June 22.—Some relief from the heat wave which has already claimed scores of victims is in sight for many sections of the country but there will be no drop in the temperature in other sections, according to weather forecasters today.

While the temperature remained at unusually high points throughout the Eastern states, and lives were being claimed by heat prostrations, the mercury dropped to 28 degrees above zero in Arizona and New Mexico, and a severe frost formed in some places with ice on watering troughs. The temperature at Superior, Wisconsin, was 40 degrees above zero.

Total fatalities for the week from heat amounts to more than 55 persons in the Eastern states, while the death record for the week in Chicago numbered 21. 30 lives were lost from heat prostrations in Ohio, in Michigan 3, and one death was reported from Baltimore, Maryland.

Mrs. A. S. Love returned home Friday at noon from Goldthwaite, where she had been to attend a meeting of the Womens' Society of the Baptist church.

## CROOKED DEAL IN OIL PRICES

WASHINGTON, June 22.—A depression in the price of crude oil during the last three months is said by Senator Curtis, of Kansas, to be primarily for the purpose of stock jobbing. He charged that certain stock jobbers had been placed systematically in possession of advance information regarding the reductions to be made in the price of crude oil and refined products. Mr. Curtis said that the cause which advocates governmental control of the petroleum industry has thereby been advanced.

## HARDING PARTY HAS BUSY DAY

(By Associated Press)  
KANSAS CITY, June 22.—President Harding and wife, and members of the president's party en route to the Pacific coast and Alaska, arrived at Kansas City this morning at ten o'clock. The visit of the party in this city will be concluded tonight with an address by President Harding on transportation problems. The party came to Kansas City this morning from St. Louis, where Mr. Harding spoke last night on his world court plan.

Upon arrival here this morning Mr. and Mrs. Harding were taken for a ride about the city which is gaily decorated in their honor and later were guests at a reception and noon luncheon. The program for the remainder of the day included a few hours at golf, rest, and presentation of the president's letters of commendation awarded by the national court to heroes of Boy Scouts of America to two Boy Scouts in recognition of their unusual bravery in saving human life. Mr. Harding also visited the United States veterans hospital.

### BANKER IS SUED FOR \$1000,000 DOCTOR BILL

SAN ANGELO, June 22.—J. D. Suggs, vice-president of the City National Bank of this city, president of the First National Bank of Chickasha, Oklahoma, and one of the best known stockmen in this section of the country, has been made defendant in a suit brought by a group of physicians of Chickasha for a \$100,000 doctor bill growing out of an operation which Mr. Suggs underwent more than a year ago.

The original bill as presented by the physicians was for \$15,000. This Suggs claimed for unreason-

able and he refused to pay it. Later considerable wrangling over the bill was had and a few days ago the physicians filed suit against Suggs for \$100,000.

John Pechacek and family are at home from a trip through West Texas, visiting in Midland, Mitchell county and other West Texas counties. Mr. and Mrs. George Smith, of Abilene, accompanied them on the trip. They came through Christoval Thursday and found the Ballingerites who are camped there enjoying life.

**SUPER FILM AT FOTOSHO THEATRE SATURDAY**

Love, unsuspected in the heart of either, drew the thoughts of Eve de Merineourt and Richard Bedell toward each other, though they were strangers. Love could not make them acquainted, for they lived practically in different worlds. Their eyes met, across distances, and strange, disturbing thoughts were aroused in the minds of each, but no word was spoken by one to the other. But Fate finally found a way in a most unusual place and manner.

The story is told in "Trumpet Island," a Vitagraph special production, which will be shown at the Fo-to-sho Theatre Saturday, matinee and night. It was written by Gouverneur Morris and adapted for motion picture purposes by Rudolph de Cordova. Not content with even this select preparation for the great super-production, Vitagraph engaged Mr. and Mrs. George Randolph Chester, for their marvelous skill in creating intense situations, to edit the adaption. Then, at last, the story was ready for visualization.

A special all-star cast was selected for the production of "Trumpet Island," and Tom Terris was assigned to its direction. No expense in money, time and energy was spared in obtaining the extraordinary results achieved. Wallace MacDonald and Marguerite de la Motte were engaged to play the leads.

The wrecking of an airplane, bearing a bride and groom thru a violent electric storm, is the supreme spectacular feature of "Trumpet Island." The realism of this flawless and the effect tremendous. It is not until the shattered airplane falls on the lonely island, crashing into a tree, that Richard and Eve actually meet at last, and then the mind of the girl has become that of a child, holding only fragments and shadows of memories, as a result of the shock and strain she has undergone.

"Trumpet Island" is a story of wonderful appeal, wonderfully presented in picture form.

**NATIONAL GUARD RECEIVES NEW ARMY FIELD SUPPLIES**

Headquarters, Company, Texas National Guard of this city, received this week a new field desk and a Corona typewriter from the federal government. The field desk is a new one and had never been opened when it was received here. The Corona is also new.

**IRRIGATION ASSOCIATION PRESIDENT IN THE CITY**

W. R. Knierim, of Bronte, president of the Colorado Valley Irrigation Association, together with engineer C. C. Holder, and other members of the organization from the Coke county town, were in Ballinger Thursday in consultation with other association officials working out the details of the campaign which will be waged between now and the district election.

**TEXAS LABORERS IN AN EXODUS**

(By Associated Press)

AUSTIN, June 22.—One of the largest movements of Texas laborers to Northern and Eastern states in history has occurred during the past four months, according to State Labor Commissioner Joseph S. Myers. Reports from employment agencies over the state today indicate that over 32,000 workers have been taken out of Texas in that time.

All of the laborers that have been taken from the state by foreign concerns have been Mexicans and negroes, the former predominating. Over 7,000 women and children have been shipped.

The laborers have been taken to sixteen different states, reports show. The states included in the shipments and the work for which laborers were taken follow: Pennsylvania, zinc and steel workers; Minnesota, beet fields; Montana, beet fields and farm hands; California, railroad maintenance, canning factories; Colorado, beet fields; Illinois, steel and zinc factories; Kansas, railroad workers; Wisconsin, leather and beet workers; Michigan, beet fields; Iowa, beet fields; Missouri, railroad workers; Oklahoma, steel plants and farms; Louisiana, lumber workers; New York, canning factories. Over 100 workers were shipped to Alaska to work in fish canning factories.

Several thousand workmen have been taken from the state by railroads for maintenance of way work. Among the roads that have received shipments are: Atehon, Topeka & Santa Fe; Southern Pacific; Rock Island; Missouri, Kansas & Texas; St. Louis & San Francisco; and Baltimore & Ohio.

Numerous causes have encouraged movement of Mexican and negro laborers to the Northern states, Commissioner Myers said.

Reliable reports to the state labor department show that wage scales in the Northern sections are considerably higher than in the South. Comparison of wages paid by 12 industries in the North and South are reported to show wages in the North as 99 per cent higher than in the same industries in the South.

It was further pointed out by the same report that the cost of living in the large Northern city is from 25 to 33 per cent less than in two Southern cities, one located in Texas.

**FOX FILMS OHNET'S CELEBRATED NOVEL**

Georges Ohnet's celebrated novel, "Dr. Rameau," has been made into a big motion picture by William Fox and will be shown at the Maeroy Theatre for a two days' engagement starting next Monday, June 25th, under the title of "My Friend the Devil."

Few novels contain the wealth of plot, the innumerable dramatic situations and the unlimited screen possibilities of this famous story and from all advance reports it has been made into a motion picture that will prove a revelation.

The theme of the photoplay deals with the spectacle of a man who has lost faith in a higher being. When little more than a child he prayed that his cruel stepfather be killed and at that very moment his mother, whom he loved above all things, was struck by lightning.

The years passed and the man became a famous surgeon and he had faith in only one thing—the power of science and learning. How he finally is forced to acknowledge himself a believer provides a powerful theme and brings

a climax that is both thrilling and satisfying.

Charles Richman, as Dr. George Dryden, gives a portrayal that promises to set a new mark for dramatic characterization. The role is a most difficult one, who, although an unbeliever, devotes his entire life to the aid of humanity.

Peggy Shaw, who has had a rapid rise in motion pictures, also has a prominent part in the production, portraying the role of Dr. Dryden's daughter, Barbara Castleton will be seen in the role of Dr. Dryden's wife and William Tooker plays the part of the Doctor's friend.

Today at the Maeroy is the screen adaptation of that famous play, "The Rosary," featuring Lewis S. Stone, Jane Novak and others. This feature will be exhibited for the one day only.

**Why Suffer from Rheumatism?**

Do you know that nine out of ten cases of rheumatism are simply rheumatism of the muscles or chronic rheumatism, neither of which require any internal treatment? The pain may be relieved by applying Chamberlain's Liniment, which makes sleep and rest possible, and that certainly means a great deal to anyone afflicted with rheumatism.

**PUSHING WORK ON SCHOOL IMPROVEMENTS**

Work on the recitation building between the High school building and Central ward building is progressing nicely, and the new addition will be ready for service in a short time. The new building will make room for two more classes in the high school building.

The school board let the contract this week, and work has already been started for the building of two new toilets on the school campus. Chas. Strum has the contract for the stone work and Roscoe Demoville was awarded the plumbing work. The old toilet will also be overhauled and put in good shape. This improve-

ment will meet the requirements of the health authorities and also the requirements of the state board of education. The new toilets will cost about \$3,000.

The school board has ordered the school campus cleaned up and put in good shape.

**SERVICE SUITS THAT ANSWER THE CALL OF THE WILD**

EVERY once or twice in a while civilized woman longs to "get away from everything" and to live for a time in the wilderness—or at any rate, in the open. The very best thing that she can do for herself and her family when a surfeit of duties and obligations has got on her nerves, is to answer the call of the wild, to get everything that usually occupies her mind off of it to forget even the business of dressing up and to live outdoors until she is refreshed.

In answer to a demand for outfits that one can hike, climb, ride horseback, motor or camp out in, there are service suits that are guaranteed to do their part well. They are comfortable, sturdy affairs that leave one unhampered to scramble up steep grades, climb about or ride in and enable one to spend a vacation blissfully unconscious of clothes. There is a sufficient variety in them to be interesting and even where utility is the all-important point in designing, the element of style

is not forgotten. Women may look trim and well set up in these service suits while they accomplish things in them that would wreck the stoutest of their ordinary clothes.

A choice of materials lies between heavy cottons like khaki and jeans and sturdy woolsens, including homespun and gaberdine, such as are used for men's uniforms.

The suit illustrated shows an excellent blouse-and-knicker combination of heavy brown cotton twill. The knickers are provided with practical pockets; they button about the legs and are supported by a stout belt of the material. There is also a pocket on the blouse. Soft, close-fitting fabric hats, wool hose and roomy sport shoes are the logical accompaniments for such a suit.

## SEEK RELEASE IN WITNESS CASE

(By Associated Press)  
HOUSTON, June 22.—An attempt will be made by habeas corpus proceedings to obtain the release of J. E. Harper, W. E. Viles and W. S. Bradley, of Goose Creek, who were sent to jail for contempt of court in refusing to answer grand jury questions concerning floggings in the oil town 21 miles from this city. In a statement made by the attorney it is claimed that the imprisonment terminates with the expiration of the present grand jury on June 28th, and that the men cannot be legally held in jail after the grand jury adjourns.

## GRANDMA O'KELLY TO BE BURIED HERE

News of the death of Mrs. L. J. O'Kelly was received here Thursday afternoon, a message from Ed. J. O'Kelly to his wife bringing the news of the death of Grandma O'Kelly.

The remains are due to arrive here Friday night, and interment will be made in Evergreen Cemetery, the funeral probably being conducted from the home of Mr. and Mrs. Ed O'Kelly on Tenth Street, some time Saturday.

Grandma O'Kelly was 85 years old and had been in feeble health for some time. She made her home with her son, E. J. O'Kelly, of this city, and about two weeks ago she went for a visit to her daughter at Sudan, the family thinking that perhaps the trip and change would benefit her. She stood the trip fine and was apparently getting along all right until a few days ago, when she became ill, and the end came at 11:00 o'clock Thursday morning.

Mr. O'Kelly and son, Hammond, were at Sudan at the time of the death of their mother and grandmother, having gone in response to a message stating that her condition was serious.

Deceased is survived by three children, one son, E. J., of this city; and two daughters, Mrs. Ben Sebring, of Sudan; and Mrs. R. P. Street, of Fort Worth; all of whom will probably be here to attend the funeral.

## CATARRH

W. A. Nance and family and Mr. and Mrs. U. E. Hartman and grandson, Wm. Hartman Penn, returned home from Christoval Thursday. They report a pleasant outing.

## SALE OF CHRISTMAS SEALS PRODUCE \$25,000,000, SAYS

(By Associated Press)  
SANTA BARBARA, Calif., June 22.—Fifty million contributions, totalling \$25,000,000, have been made to the national, state and local tuberculosis associations of this country in the last 15 years thru the annual Christmas seal sales. Last December approximately eight million people contributed a total of \$3,800,000 in the Christmas seal sale. These statements were made by Phillip P. Jacobs, publicity director of the National Tuberculosis Association, before the meeting of that body here today.

Mr. Jacobs pointed out that while the average contribution of the community chests was \$1.71, the average contribution in the Christmas seal sale is about 50 cents. This fact, he pointed out, indicates the democracy of the Christmas seal sale and also its educational value.

"Someone has said," Mr. Jacobs continued, "that the Christmas seal sale is a patent method of raising money. It is very evidently an annual institution. Millions of people every year look forward to this opportunity to contribute to the fight against tuberculosis and for better health."

"It has been demonstrated in such cities as Philadelphia, Baltimore, Detroit, Indianapolis, and other cities that a vigorous Christmas seal sale conducted by the tuberculosis association does not in any way impair the confidence of the public in the community chest, nor decrease the contributions to the community chest. On the contrary, there would seem to be some evidence to prove that the educational value of the Christmas seal sale helps the community chest."

## Recommends Chamberlain's Tablets

"Chamberlain's Tablets have been used by my husband and myself off and on for the past five years. When my husband goes away from home he always takes a bottle of them along with him. Whenever I have that heavy feeling after eating, or feel dull and played out, I take one or two of Chamberlain's Tablets and they fix me up fine," writes Mrs. Newton Vreeland, Minoa, N. Y. Take these tablets when troubled with constipation or indigestion and they do you good.

## GOATS FROM CHICAGO TO SAVE NORTHERN BABIES

(By Associated Press)  
CHICAGO, June 22.—The Grenfell mission in Labrador needs goats to supply milk to preserve infant life, and the herds of some Chicago millionaires are being assessed to meet the demand. Mrs. James A. Patten and Charles A. Stevens are among those who have contributed pure bred animals.

It has been said that the lives of 500,000 babies could be saved annually in the United States if the infants could have goats' milk, which comes nearest to mothers' milk. Goats' milk sells at about 40 cents a quart, and even at this price it is hard to get.

## WORKING UP PARTY FOR LEGION TRIP

The Pat Williams Post of the American Legion plans to run a special Pullman car to the state convention at Galveston, and to take with them the Ballinger saxophone band if sufficient reservations can be secured here and in nearby points. They believe that they can furnish their members with splendid entertainment, amusement and instruction, by making the trip, and at the same time give Ballinger state-wide publicity thru their delegation, and the saxophones.

Any Legionaire who can spend August 28th, 29th and 30th in Galveston is urged to get in touch at once with Claud Stone, chairman of the State Convention Committee.

## BAKING POWDER

Full strength until used. The special process of manufacture is the reason. You use less

in Ballinger Friday and reported his part of the county in good shape. While most of the cotton had to be replanted on account of hail, heavy rain, grasshoppers, etc., the farmers now have a good stand of cotton with the work well in hand.

The new bank building at Norton is about complete, and the final work is expected to be done by July Fourth. The bank will open for business as soon as the fixtures can be installed.

The new gin which is being financed by the farmers is being made ready for business. The building has been finished and the machinery is on the ground and being installed.

J. L. Smith has just completed an addition to his store building, and much minor improvement is reported throughout the Norton

section. Good headway is being made in grain harvesting. Oats are turning out from 50 to 75 bushels to the acre and wheat is also making an unusually good yield.

ESTAB. 1886 OF BALLINGER, TEXAS ESTAB. 1886

**To Continue Hamburger Stand**  
 We want our friends and customers to know that our competitors have forced us to move our hamburger stand off the street, but we will continue to operate our stand near the Demmer blacksmith shop, and we have also purchased the Bon Ton Cafe, where we will serve short orders and hamburgers. Will appreciate your patronage.  
 Mr. and Mrs. W. A. Tyson.  
 22-2td-1tw

Judge J. O. Woodward yesterday presented the Lawrence trip-lets with a pair of shoes and stockings, one pair each, the judge declaring that it was with a great deal of pleasure that he thus had an opportunity of expressing his views in regards to which should be supreme in this country, the trundle bed or the divorce court. Mr. and Mrs. Moore live in the Clio neighborhood, their home being one of the prettiest and coziest in all that section of lovely country. Judge Woodward went to Coleman today, but will return in a day or so and resume his duties at the court house.—Brownwood Bulletin.

Harry Gardner left for Denver, Colorado, Thursday afternoon, where he will join Mrs. Gardner and little daughter and spend several weeks on his summer vacation.

E. J. Keen and sister, Mrs. Hattie Gadberry, left for Lometa Thursday afternoon in response to a message stating that their sister was at the point of death and not expected to live.

J. F. Valiant is here seeing the finishing touches put on the street paving. Mr. Valiant states that his crew and equipment will be transferred to Anson, where Valiant & Toomey have a paving contract. The work on the Anson job has already been started.

**BRAZORIA**—Charged with stealing a Baptist church, a negro preacher has been arrested here. He is said by officers to have declared to them that the Lord authorized him to sell all Baptist churches in Brazoria county, and accordingly he took the lumber for a small negro edifice and sold it. He is held pending an examination as to his mental condition.

A small want ad in The Daily Ledger often saves you money.

Be Wise and Advertise.

**CLARA KIMBALL YOUNG**  
 This ever popular actress is now at work on an exotic Spanish screen story called "In Old Madrid."

**BARBARA LA MARR**  
 She's a screen vamp of the better type—wicked as sin, but artistically so, which makes a difference.

**CROWD DOUBLES AT BIG REVIVAL**

The revival at the First Christian Church on Broadway, which began Wednesday night with a good attendance, brought out a crowd Thursday night which doubled the opening attendance, and the evangelistic party has already been heard in a way which promises to swell the attendance beyond the capacity of the auditorium of the church.

The first night was pretty well taken up with organization work, getting acquainted, etc., but the workers got down to business Thursday night, and the services were made inspiring in sermon and song. Evangelist Wallace spoke last night along practical lines of helpfulness to the down and out sinner, the man on the street, as well as the man in better circumstances of life, but who is living out of Christ. The evangelist used the incident of the healing of the cripple at the gate of the temple as a basis for his sermon. The thought was brought that while a Christian must have faith in working for the unsaved man or woman, that the Christian must also support their faith by their works and like the Apostles, must not only say to the sinner, "rise up and walk," but must reach out and lift up the fallen.

Evangelist Wallace is a forceful speaker and brings a message that holds his hearers in the grasp of the better thought which he drives home both to the saved and unsaved man. To hear him once creates a desire to hear him again.

The music is being made a big feature of the revival. The song services begin promptly at 8:15, having been moved up fifteen minutes from the hour first set. No day services have been announced yet. Chester F. Harris, the 320-pound musical director, sets things to music when he appears on the platform, and has already organized a chorus of good voices. The children will be organized into a booster choir later, probably by next Thursday.

Mrs. Wallace also pleases the congregation with her soft, sweet voice, and by her own composition sings a sermon into her solos, emphasizing the theme of her message in song. To miss music of the revival is to miss an inspirational treat.

"Lightning Bugs" will be the theme of the sermon tonight, and the evangelist promises to bring out some pertinent things of interest to all church members, and an effort is being made to have

the churches of the city well represented tonight.  
 Monday morning at nine o'clock all the church workers have been requested to meet for the purpose of launching a census campaign. A religious census of the city will be taken for the benefit of church work throughout the revival season.

**The Home of the Soul**  
 In olden times, it was believed that the seat of the soul was the stomach, most likely for the reason that a man is never so completely used up as when his stomach is out of order. For the cure of ordinary stomach troubles, there is nothing quite so prompt and satisfactory as Chamberlain's Tablets. They strengthen the stomach and enable it to perform its functions naturally. Give them a trial. They only cost a quarter.

**DEATH STALKS NEAR ALTAR AS FLEMISH COUPLE WED**

(By Associated Press)  
**GOETTINGEN, Belgium, June 22.**—The "shadow of the gallows" fell across the marriage altar at an unique wedding which occurred here recently. The bride was a daughter of a man sentenced to death, and both best man and bridesmaid were under similar sentences.

The groom had been condemned only to 20 years imprisonment. All four were fugitive Flemish who had been convicted by the Belgians because of certain Flemish tendencies and pro-Germanism.

**STREET BURIED AT WINGATE**

The funeral procession left the late home of J. A. Street on Valley Creek Friday afternoon at one o'clock, and the remains were carried to Wingate and laid to rest in the cemetery at that place. Deceased formerly lived at Wingate, locating in that part of the county when he came to this country more than a quarter of century ago.

The death of Mr. Street took place at the Padgett farm on Valley Creek, seven miles West of Ballinger about one o'clock Thursday afternoon, as the result of shotgun wounds. The body was found in the yard near the house, and investigation disclosed that Mr. Street was shot in the mouth with a shotgun, the charge going down his throat.

The report of the death brought sorrow to those who had known the deceased for many years, and quite a number went to the scene of the tragedy to render aid and help to the bereaved family. The deceased is survived by his wife and several children.

**SPECIAL TO STUDENTS**  
 Note book paper, for loose leaf books, ruled and punched, sold 3 packages for 25c by Ballinger Printing Company. 31-1fd

**NOTICE**

I have just sold my business on the corner near the Tourist Camp, consisting of house, lot, etc. I have agreed to cut stock down and on Saturday, June 23rd, will begin to slash prices as goods must be sold in next few days.

We will appreciate it if you will come and get your share of them.

No time to quote prices now, but may later. Best way is to come and see for yourself.

**Bair Mercantile Co.**

**FIELD GLASSES WANTED**

The Texas "Tech" committee wishes to obtain the loan of several pairs of field glasses or binoculars for use during the visit of the Locating Board. The area covered by the site which Ballinger is offering is so extended that it will be impossible to take all of it in with the naked eye. By use of binoculars, the members of the locating board will be able to get a better grasp of the possibilities of the site which Ballinger offers. Anyone who has a pair they will loan is urged to get in touch at

once with Secretary Williams of the committee.

**Chamberlain's Colic and Diarrhoea Remedy**

Every family should keep this preparation at hand during the hot of the summer months. It is almost sure to be needed, and when that times comes, is worth many times its cost. Buy it now.

Miss Nell Alexander left Thursday afternoon for Dallas, where she will spend a few days visiting before going to Memphis, Tenn., on a visit.
