Lightning Destroys Three Balloons During Race

(By Associated Press)

BRUSSELS, Sept. 24.—The United States army balloon S-6, competing in the Gordon Bennett international air race, was struck by lightning yesterday evening near Nistelrode Province, Holland, and Lieutenants Olmstead and Choptaw, occupants of the balloon, were killed.

The S-6 is the third balloon destroyed in the race, and five aeroplanes have been killed. The Swiss balloon, Geneva, was struck by lightning near Beverloo, and burned, at an altitude of 1,000 feet. The bodies of Lieutenants Von Gruningen and Weheren have been found. The Spanish balloon, Polar, caught fire from a bolt of lightning near Heyes Tgoor, and the pilot, Penaranda Barca, was killed.

The United States navy balloon, A-6899, landed at Puteen, Holland, and the crew is safe.

SAYS 20 CHILDREN THE IDEAL FAMILY

(By Associated Press)

EL PASO, Sept. 24.—Twenty children would make an ideal family, says Adolfo Ortega, whose father had 24 children, and who, himself, is the father of 19. Ortega, who has been living in El Paso for 14 years, sees nothing very difficult in the rearing of a large family. He owns his own home, his blacksmith shop; and he raises many chickens on the side.

Ortega has had two wives. When he was 26 years of age, he married a woman who bore him 10 children, two of whom were girls. His first wife died fourteen years ago, and Ortega married again shortly thereafter. Nine children have been born to his second wife, six of whom are girls.

"My youngest is six years old, and my oldest is 27 years old," said Ortega.

"I don't believe in spanking, though sometimes I have to spank one or more of my children. Spanking does not seem to do a great deal of good, declared the father.

Ortega estimates that it takes three dollars a day to feed his present family, composed of 12 persons. He buys all his provisions wholesale. Ortega admitted that his living expense were materially reduced by the cow and chickens he has to help him provide.

Ortega is 54 years old. He is of a ruddy complexion, of a jovial nature and appears to be years younger than he really is.

CORSICANA—R. L. Hoover, deputy of the state oil and gas division of the Texas Railroad Commission, has tendered his resignation to Chief Supervisor R. B. Walthall at Austin. The resignation has been accepted, effective October 1. Hoover has been located here for some time.

Herbert Sledge left for Waxahachie Sunday afternoon, where he will attend Trinity University.

COURT HEARING ROBBINS CASE

District court convened here for the second week's work of the fall term Monday at one-thirty o'clock with all officers of the court at their respective posts of duty.

The Claud Robbins assault to murder case was the first called and both the state and defense announced ready, and no time was lost in getting into the trial of the case. The jury was selected and the witnesses put under the rule, and at two-thirty the court began hearing evidence in the case. There are about fifty witnesses in the case. Judge A. K. Doss, of this city and Walter Woodward, of Coleman, are counsel for the defense. Judge J. K. Baker, of Coleman, is assisting District Attorney Early in the prosecution of the case. The jury drawn to serve in the case is composed of G. C. Brock, M. C. Boyd, H. M. Josey, J. E. Ray, J. E. McAuley, O. C. Williams, G. A. Tyler, R. M. Albritton, E. F. Combs, W. D. Donham, J. A. Cox and P. L. Young.

Robbins is charged with assault and attempt to murder, it being alleged that he shot Charley Stuart. The trouble took place on Christmas eve 1922, at Millersview, and was the outgrowth of a drunken row, according to a report of the authorities who investigated the case. Stuart was shot in the eye, and was brought to the Halley & Love Sanitarium, where he spent some time. Robbins was arrested following the shooting and brought to Ballinger, where he spent several days in the county jail.

The case was brought to Ballinger on a change of venue, and there are quite a number of Concho county people here as witnesses.

After going into the trial of the Robbins case Monday afternoon, Judge Woodward excused the jurors who were not drawn in this case until Wednesday morning at eight-thirty, and also excused witnesses in other criminal cases expected to be tried this week until that hour. The witnesses in the Cates case were excused until further notice. Young Cates charged with rape, is in the Carlsbad sanitarium and is not able to appear here for trial at this term of court.

WACO—A meeting of the protective section of the American Railway Association, Southern division, will be held in Waco October 25, according to announcement from officers received here. Approximately 100 special agents of railroads in Texas and Louisiana are expected to attend.

Miss Wynas Greer continues to improve, we are glad to note. She was very low with typhoid fever for several days.

Big Events in the Lives of Little Men

QUAKE RUINS 3 TOWNS; KILLS 123 PEOPLE

(By Associated Press)

TEHERAN, Persia, Sept. 24.—Several villages in the vicinity of Bujnurd are reported to have been destroyed with 123 deaths resulting and about one hundred injured in an earthquake which occurred in that section last Thursday, according to dispatches reaching here. The belated messages received say that the shocks continue, and damage is also reported in the district of Shirvin.

METHODISTS HOLDING 4TH QUARTERLY CONF.

U. S. SURVEYOR BELIEVED LOST

(By Associated Press)

PEACH SPRINGS, Ariz. Sept. 24.—A patrol penetrated the Grand Canyon sixty miles above Diamond Creek, Arizona today to scout the Colorado River for United States Geological Surveyor Hardy, who was on a voyage charting the river. Nothing has been heard from Hardy since some of their boats were found recently floating in the river.

W. C. McCarver returned home Sunday from Dallas, where he went to place Mrs. McCarver under the treatment of specialists.

FAITH IN GOD; COMMON SENSE; IS OUR IDEALS

(By Associated Press)

WASHINGTON, Sept. 24.—A deep faith in spiritual things, tempered by hard common sense, adapted to the needs of the world is the kind of practical idealism represented in the history of America, President Coolidge said today in an address before the annual convention of the American Red Cross. He added that the people are not likely to adapt any other course.

The idealism of which he spoke the president said, was illustrated by the men who went to review Europe when their own liberty and the liberty of the world was in peril, but who, after victory had been secured, returned from the field unincumbered by the spoils, and who returned independent, unattached and unbought.

OIL MAN KILLED IN CAR ACCIDENT

(By Associated Press)

BRECKENRIDGE, Sept. 24.—Bert Herrmann, age thirty-seven, well known West Texas Oil man, was killed last night when his automobile turned over near this city.

BROWNWOOD—West Texas optometrists are scheduled to meet here Oct. 8, opening day of the Brown County Fair. The West Texas Optometrists' Association was organized here with M. W. Armstrong of Brownwood, its president.

(By Associated Press)

OKLAHOMA CITY, Sept. 24.—A statement declaring that 90 per cent of the members of the Oklahoma National Guard are members of the Ku Klux Klan and all that would be

to stop martial law in Oklahoma would be issued here today, S. Long, a representative of Tulsa state legislature.

Dr. Long admitted membership in the Klan, but made it plain, however, that such action would not be taken by the leaders of the organization. With the meeting of the lower house scheduled for noon Wednesday, in an effort to unseat J. C. Walton as governor, W. D. McBee, speaking for the legislators reiterated that they would meet and Gov. Walton again asserted that they would not. The governor said as many additional troops as are needed will be on hand to prevent the session from convening.

TULSA, Okla. Sept. 24.—Testimony describing the burning of three houses here one night by a party of masked men was heard by Gov. Walton's Military Commission today as the investigation into hooded band activities resumed, high officers of the commission declared. A wedding ceremony was performed in the center of a field in the Creek County, adjoining Tulsa County, while the bridegroom was chained to a gas engine with pistols leveled at his head, was another case heard by the commission.

M. C. Atkins returned home Monday from San Antonio, where he attended a meeting of the executive committee of the American Legion. Mr. Atkins says the State Executive Committee have things well in hand for the Texas excursion to the National Convention at San Francisco, and that the Old Gray Mare Band of Brownwood will make the trip. There will be fifty-one members in the band.

NOTED WRITER

Put away all your old conceptions about motion picture thrillers before seeing "The Hero," the remarkable Gasnier production which was shown here for the first time at the Maeroy Theatre today in matinee. It will continue at the Maeroy for tonight and through tomorrow.

For Gaston Glass risks his life not once, but half a dozen times in rescuing a boy from a burning schoolhouse that momentarily threatens to tumble in upon him as flames lick at his very face.

Like everything else in the picture, the fire is obviously genuine. In fact, it is the very genuineness of the picture that wins you from the opening shots and keeps you hanging upon every development of the story until the tremendous climax.

"The Hero" is one of those unusual stage productions that critics approve when seen in New York but wisely add, "Of course, it never could be done in pictures. It never would be understood by the average resident of the small town." Gasnier does not believe that the intelligence of the picture audience is below normal. He insists that, if properly done, any successful New York stage production may be made into an even more successful picture.

Ordinarily one might classify this production as a triumph of direction. But the work of every member of the well-rounded cast wins equal praise. They are Barbara LaMarr, Gaston Glass, John Sainpolis, Ethel Shannan, David Butler, Martha Mattox, Frankie Lee and—yes, "Cameo," the gifted dog. Surely as capable a company of players as well could be imagined.

Then, it must be remembered that this is the screen version of the brilliant stage production by Gilbert Emery, declared by critics to be "the most promising first effort ever offered by an American playwright." And the brilliant scenario by Eve Unsell. Last, but of tremendous importance, is the masterly photography by Karl Struss.

Let Me Save You Money Get your old shoes out of the closet. I can make them good. All work guaranteed. SMITH'S SHOE SHOP. 20-81d

GRAND JURY CALLED TO RECONVENE

The grand jury for the present term of district court was called together again Monday afternoon to reindict John Smith, the negro charged with the murder of F. J. Kuhn near Rowena a short time ago. A technical error was discovered in the first bill returned against the negro, but it was discovered before the case was set for trial. It is not expected that any delay in the trial of the case will be caused by the technical error, and the negro will be arraigned for trial on Monday, October 1st.

J. D. Perkins returned to Brownwood Sunday afternoon, after spending Sunday with home folks.

COLORADO, Tex.—An expansion program of its yards and switching facilities is being planned by the Texas & Pacific Railroad, according to a statement by A. W. Waldron, general agent. Officials of the road have been here inspecting locations and the needs for increasing facilities.

SAN ANTONIO—A government inspector of fruits and vegetables will be stationed in San Antonio after October 1, according to information from Washington. San Antonio will be one of 24 cities in the nation designated as an inspection market.

AMARILLO—A move for systematic marking and naming of streets in Amarillo has been started by City Manager H. B. Jones. Materials for marking the streets have been ordered, it is stated.

BRYAN—Service on the Bryan-College Station interurban line was resumed this week after reorganization of the controlling interests and considerable improvements to the line. The interurban was discontinued last year because of financial conditions, it was reported. Recently a new charter was obtained from the state.

CISCO—Ciseo Boy Scouts are to have a unique headquarters of their own. They have leased a ten-acre tract on Lake Ciseo from the city and are now engaged in building a Scout hut, which will be the center of activity in the future. The local Rotary Club is assisting in the project.

WICHITA FALLS—That citizens of Wichita Falls are following examples of those in other cities by investing in local public utilities is shown by the fact that 200 local customers of the Wichita Electric Company own stock in the company.

DALLAS—One of the important acts of the Synod of Texas of the Presbyterian Church in the United States in annual convention here was decision to establish a school for Mexican girls at Taft. An offer of 100 acres of land and \$10,000 in cash made by citizens of Taft was accepted for establishing the school.

THIS WATCH WINDS ITSELF

(By Associated Press) LONDON, Sept. 24.—British inventors have perfected a self-winding wrist-watch. The constant movement of the hand of the wearer effects the winding by means of an oscillating slide in the movement, fitted with bearings which, it is claimed, prevent over-winding. The watch, the inventors say, will stand the hardest day's golf.

We have installed a new dry room and boiler with extractor dry cleaning plant, and we are now prepared to handle your cleaning on short notice rain or shine. We will appreciate a share of your patronage. Phone 273. ARMSTRONG & PAPE. 4-23td

PHILIPPINE PARCELS SWAMP THEIR MAILS

(By Associated Press) MANILA, P. I., Sept. 24.—Collect parcel post packages to the amount of \$515,000 were sent in 1922 from the United States to the Philippines; the business has grown so in the present year that its total for 1924 is estimated at \$5,000,000.

This would mean the handling and delivery of something like 2,000,000 separate parcels, and the Philippine postal authorities are wondering how they can meet these demands. Increased postal appropriations will be necessary, and the idea has been advanced in some quarters that the collect service should be discontinued.

Paul Trimmier went to Temple on business Sunday afternoon.

SAN ANGELO—Dr. Charles Webster, who has been sheep inspector for the federal government in Texas, has been named inspector of the state Livestock Sanitary Commission with headquarters here. Webster will have charge of the West Texas district. He was formerly stationed at Ft. Stockton.

JEFFERSON, Tex.—The new \$35,000 ice plant of the Jefferson Ice and Light Company was opened here last month with a reception, appropriate addresses and refreshments.

RHO-MAC CAFE IS NEW NAME

Offering \$5.00 for a name was the method taken by H. O. Rhodes and Earl McWilliams for a new name for their cafe after Mr. McWilliams had bought an interest with Mr. Rhodes. Cards were distributed on the trade trip offering the reward and up to the date set Saturday, about 100 names had been submitted. The prize was won by Mrs. Bessie Jackson of Paint Rock, and the money was forwarded to her.

MEXICO STARTS AIRLINES

(By Associated Press) MEXICO CITY, Sept. 24.—The government has signed a contract with a German engineer, Werner Kaemmerer, manager of the Mexican Aerial Navigation Company, for the establishment of passenger and freight airlines in various parts of the republic. German machines will be used, and the first lines established between Vera Cruz and Progreso and Guadalajara and Mazatlan.

STAMFORD TO HAVE A POULTRY SHOW

(By Associated Press) STAMFORD, Tex., Sept. 24.—Stamford's annual poultry show will be held November 29, 30 and December 1, according to announcement of managers. It is reported that entries in the show are expected to be as large as any held in the state. Exhibits are to be entered from all parts of Central West Texas, it is said.

BOY SCOUTS HAVE \$20,000 HOME IN CHEYENNE

(By Associated Press) CHEYENNE, Wyo., Sept. 24.—Boy Scouts of Cheyenne have what is declared to be the finest scout lodge in the world. It cost \$20,000 and was the gift of Harry P. Hynds of this city. It is located in the timbered hills above Big Springs, near here.

RUNNING A HOUSEHOLD IS A BUSSINESS

Is Yours Run On Business Principles?

Wise buying is the first step to success in any business. So is it the first requirement for a household to be well conducted on an economical basis. Big business concerns have purchasing agents who are experts in knowing what, when and where to buy. They study goods and concerns which have goods to sell. They watch the markets. They read carefully the advertisements of concerns in their particular lines.

The manager of a household must be purchasing agent for a large proportion of the family needs. She should run her business on business principles in order to make the most of the family income.

Information is the basis for intelligent purchasing. And the right way to get the greatest amount of necessary information is to read advertisements.

Advertising today is the voice of business. Advertisements tell you what is new and good in merchandise; they reveal improvements and inventions; they give you information about things that are useful and interesting.

Every manager of a household—every person in the household who shares the responsibility for the family's welfare—should make a practice of reading advertisements.

Ballinger Printing Co.

A small want ad in Ledger often saves you

STATE TO TAKE OVER HIGHWAYS

To all County Judges, County Commissioners and County Engineers.

Dear Sirs:

In accord with the provisions of H. B. 361 of the regular session of the 38th legislature, the State Highway Commission expects—on Jan. 1, 1924—to take over maintenance of all the designated state highways.

For your further information we wish to advise that the State Highway Commission considers maintenance to mean keeping a road in as good condition as it may be at the time that it is taken over. No extensive improvements, either in quality or type, will be made upon any road by the maintenance organization, for the reason that the funds provided are insufficient to make such improvements a part of maintenance, and still have sufficient funds to continue assisting those progressive counties that have voted bond issues, in building roads.

There is reason to believe that in a number of counties, the Commissioners' Courts are not expending their respective portions of the Motor Vehicle Fees in maintaining the designated state highways, but are neglecting the maintenance of such highways in anticipation that the State Highway Commission will—on January 1st—do the necessary maintenance work which the Commissioners' Courts have failed so far to do.

If, in these counties, roads are allowed to get in bad condition for lack of maintenance, the Highway Commission, as stated before, will only maintain these roads in as good condition as they may be in when taken over January 1st, 1924, and the citizens of these counties will have only their respective Commissioners' Courts to blame for this condition. If funds were available, the Highway Commission would gladly improve and maintain all the roads on the system for the benefit of

the state as a whole, but as a matter of fairness and justice to the counties who have bonded themselves to build good roads, the Commission must keep in a position to assist them. The law directs the counties to use their registration fees until Jan. 1st, 1924, in maintaining the designated state highways. Many of the counties of the state are doing this and it would be an injustice to these counties for the Highway Department to improve the roads of other counties that have failed to do their duty under the law.

It is therefore hoped that the Commissioners' Courts of the different counties will make every effort to keep the designated highways not only in the best condition possible, but to improve them as far as their funds will permit in order that they can be turned over to the Highway Department in good condition and be kept this way by our maintenance organization. We know that many counties are loyally trying to do this and we hope that all of them will realize the importance of such action.

Very truly,
"J. D. FAUNTLEROY
"State Highway Engineer."

A Pronounced Success

The uniform success that has attended the use of Chamberlain's Colic and Diarrhoea Remedy in the relief and cure of bowel complaints, both for children and adults, has brought it into almost universal use, so that it is practically without a rival and as everyone who has used it knows, it is without an equal.

NO MORE ROAD AID AVAILABLE

The State Highway Commission at its recent monthly session, on September 17th and 18th, issued the following statement:

"In view of the fact that the Commission has either allotted or promised to allot all of the funds which are available from State and Federal aid, no further allotments of State or Federal aid will be made until additional funds become available."

NO FLEAS IN PARLIAMENT; SO BRITISH LAW SNUBS 'EM

(By Associated Press)

LONDON, Sept. 24.—Performing fleas on the English stage—in fact all fleas whose lives are consecrated to the drama—must go through their acts without the possibility of protection in the case of maltreatment.

This slight to the fleas is contained in an anti-flea clause of the government's new Performing Animals Bill which has passed the committee stage in the House of Commons.

When the question was debated, it was decided that rep-

tiles and fish should be included but fleas must fight their battles alone. An amendment was carried to this effect.

The real reason for the discrimination was that the difficulty of using the flea as evidence.

The Ideal Purgative

As a purgative, Chamberlain's are the exact thing required. Strong enough for the most robust, mild enough for children. They cause an agreeable movement of the bowels without any of that terrible griping. They are easy and pleasant to take and agreeable in effect.

PROPOSE STATUE FOR INTERNATIONAL AMITY

(By Associated Press)

MEXICO CITY, Sept. 24.—Erection at some point of the Mexican-American frontier of a statue of Abraham Lincoln and Benito Juarez, clasping hands, as a symbol of international friendship, has been proposed to Professor Jose Vasconcelos, secretary of public instruction, by American students attending the summer school of the University of Mexico.

The cost of the monument would be defrayed by small subscrip-

tions from a school children. Descriptions suggest that the statue are part of a plan from Lincoln's "Gettysburg Address" beginning "With a good will toward none," and one of the liberator's most famous words: "Respect for rights means peace."

Miss Elizabeth Alexander, secretary for Belton Sunday school, where she will resume her work as teacher in Baylor C.

The Sign of the Guaranty Fund A Symbol of Safety to the Depositor

It is stated upon good authority that the banks of the United States have total deposits of only about one-half the money in circulation. The other half is presumed to be away in the family sock, buried in the back yards, hidden in the attic or concealed in private or lock boxes in vaults.

If this hidden treasure were put into circulation, banks it would work wonders for our country, and secure many meritorious enterprises.

It may be that a large part of this private money is in banks because the owners have not sufficient confidence in the banks.

The Guaranty Fund Banks of Texas have the very means of creating this confidence.

The very fact that since the Guaranty Fund Law has been in operation, not a single dollar of non-interest bearing secured deposits has been lost by depositors in the State of Texas.

Avail yourself of this protection by depositing your money in—

The Advertisements are More than Type and Talk

The reason that the world is so much more comfortable and convenient a place nowadays, is because advertising has made it possible for merchants and manufacturers to tell you what they have to offer, without waiting for the news to spread by word of mouth.

The advertiser has been able to tell many people at once about his goods. In this way he can sell a great many more articles in a given time and therefore more cheaply. Because of advertising it has been possible to invent, develop and market countless articles of comfort that you now think of as necessities, which some years ago even the wealthy could not have bought. It would not have paid to make a few to order.

The advertisements are something more than type and talk. They are a daily service your paper furnishes you in addition to the other important news of the world.

goes into nearly every Ballinger
home. 29-dtf.*

SELF-MADE WIFE IS
A STORY OF LIFE
THAT RINGS TRUE

The locale of the Universal all-
star photoplay, "The Self-Made
Wife," shifts from a lowly shack
in the oil fields of Texas to a
mansion in New York. It comes
to the Fo-to-sho Theatre today
for two day run—Monday and
Tuesday.

It is the story of a poor couple
who slaved and struggled to save
a few dollars with which to buy
oil stock.

One day an oil gusher made
them immensely rich.

They moved to New York, pur
chased a fashionable home and
began a new mode of living. To
her the life in the city was arti
ficial. She came to believe that
there could be no happiness in
the city, despite the luxury of
her new surroundings, but eventu
ally learned that friendships can
be just as true and happiness just
as complete in a city of millions
as it can in a community where
everybody calls everybody else
by his first name.

A Good Thing—DON'T MISS IT.

Send your name and address
plainly written together with 5
cents (and this slip) to Chamber
lain Medicine Co., Des Moines,
Iowa, and receive in return a
trial package containing Cham
berlain's Cough Remedy for
coughs, colds, croup, bronchial
"flu" and whooping coughs, and
tickling throat; Chamberlain's
Stomach and Liver Tablets for
stomach troubles, indigestion,
gassy pains that crowd the heart,
biliousness and constipation;
Chamberlain's Salve, needed in
every family for burns, scalds,
wounds, piles, and skin affections;
these valued family medicines for
only 5 cents. Don't miss it.

"THE MASQUERADERS"

BILL AT TENT TONIGHT

The Manville Brothers tent the
atre company arrived in Ballinger
Sunday afternoon and today
are busy getting their tent
theatre ready for the bill tonight.

The ten will be located on the
lots next to the Ballinger Bot
tling Works just at the end of
the pavement. The local Ameri
can Legion post will share in the
proceeds of the show and the
Legionaires urge all Ballinger
people to attend and help them.

As is customary with this show
ladies will be admitted free the
opening night when accompanied
by one paid admission. Big time
vaudeville between the acts will
be a feature of the show and will
make all the time that you are in
the theatre full of something to
amuse you. They carry an orch
estra and Sunday afternoon mem
bers from this orchestra assisted
the Ballinger Band in its concert
on the court house lawn.

The doors open at seven o'clock
tonight.

Ledger want ads pay.

Practice Shoe
Thrift

Practice real Shoe Thrift by
having your shoes repaired.
When we repair shoes they not
only give you a far greater de
gree of service, but the comfort
they give is preserved.

We use only the very best
grades of leather and rubber
heels in repairing Men's, Wo
men's and Children's Shoes.
Our charges are very reason
able. We can double the life
of your shoes. Don't throw
away a pair of shoes until we
have passed judgment upon
them.

We can repair shoes while
you wait, but we prefer to have
more time in order that we
may give you better workman
ship.

Be Thrifty—have 'em re
paired.

Sudden Service
Shoe Shop

No Substitute Offered
Say what you will about drug
gists offering something "just as
good" because it pays a better
profit, the fact still stands that
ninety nine out of a hundred drug
gists recommend Chamberlain's
Colic and Diarrhoea Remedy,
when the best medicine for diarr
hoea is asked for, and do so be

cause they know from what their
customers say of it, that it can be
depended upon.
