Exclusive, approved studio portrait of Rear Admiral Billard, who has won his first victory off the foreign rum runners off New York coast.

20 LIVES GO DOWN WITH RIVER BOAT

RUM BOATS PUT OUT TO HIGH SEA

(By Associated Press) NEW YORK, May 9.—Signs of the breaking up of the liquor fleet anchored along "rum row" off the coast of this port were reported today by coast guard officials.

The officials were informed by wireless that some of the rum ships had lifted anchor and put to sea as a result of the government's blockade.

TRAGIC DEATH IN ROYAL FAMILY

(By Associated Press) SOUTHAMPTON, England, May 9.—Francis John Lascelles, half brother to the Earl of Harewood, was found dead at his home at Remsey here today.

(By Associated Press) MEMPHIS, Tenn., May 9.—More than a score of lives were lost when the United States government steamer, Norman, capsized off Coahoma Landing, six-teen miles below Memphis on the Mississippi River late yesterday.

Efforts were made throughout the night to locate the engineer of the vessel who was attending the Mid-South Association convention which was in session here, and other persons who had gone on the Norman and Choctaw, another river steamer of the U. S. government to Cow Island to view the government works there.

According to a list of the dead given out here today by Mayor Rowlette the casualties show to total twenty. Officials announced that all had been accounted for except the twenty named in the mayor's list.

Information from the scene of the tragedy is meagre and it is difficult to obtain details of the sinking of the vessel on account of the isolated position and meagre means of communication with the point in the river where the boat capsized.

RUTHERFORD GETS LIFE IN PRISON

Dave Rutherford was given a life term in the penitentiary for the murder of Joe Griffith, a deputy sheriff, at Santa Anna on February 16, 1924. Rutherford was tried at Brady, where the case was carried on a change of venue from Coleman county. He was convicted after a very sensational trial on a charge of murdering the deputy sheriff while the officer was in the performance of his duty. The officers were making a liquor raid when Rutherford killed Griffith.

Science and Invention

CAR CAUGHT IN SWOLEN STREAM

Clayton and Herman Hensley, of the Humble Pipe Line Company, experienced a close call from death by drowning Friday evening while returning from San Angelo. They drove their auto into Willow Creek, two miles West of Miles, and the high water killed the engine. It appeared that the small stream was falling, and the men decided to wait a while before attempting to get the car out. A few minutes later a wall of water came rushing down, struck the car, turned it over and washed the auto down the little stream.

The Hensley brothers succeeded in freeing themselves from the auto and made their way to the bank. Help came to their rescue and later the car was salvaged and towed into Miles, minus the cushion, tools and other articles which the men had in the car. The auto was considerably damaged.

Three inches of rain fell at Miles and on the water shed of the little stream crossing the Ballinger-San Angelo road two miles West of Miles, and on account of the high water traffic was tied up for about eight hours at the Willow Creek crossing, or from 6:30 Friday evening to 2:30 Saturday morning. Willow Creek is what is known as a dry stream, water flowing in the creek only during freshets, and the concrete dip is the only means of crossing. Quite a number of motorists on both sides of the little creek waited throughout a greater part of the night, expecting the water to recede.

Judge and Mrs. M. H. Boynton left in their car Saturday afternoon for Fort Worth, where they will make their home. Judge Boynton having accepted an attorneyship in the United States district attorney's office. They leave many friends in Ballinger who regret to see them leave.

High grade enlargements made from your choice kodak negatives. Bartlett Studio, W. P. Martin, Prop. 28-1fd

ENGLAND LETS CONTRACTS TO IMPROVE AIR DEFENCE

(By Associated Press)
LONDON, May 9.—Contracts have been placed by the air ministry for ten new airdromes in various parts of the country. These are part of the amplified scheme of air defense and will be equipped for the use of squadrons of day and night fighters and long-range bombers.

The plans now being developed provide for a series of zones of defense. Immediately around London is to be a ring airdromes provided with every new device to facilitate night flying. From these dromes squadrons of steel-built fighters for the defense of the capital will be sent up.

Farther out will be another chain of air defenders with special coastal stations from which machines will ascend to attack raiders before they reach the coast. From another series of airdromes situated at strategic points will operate big weight-carrying bombers to raid air bases of the enemy.

WHEAT DROPS ON GERMANY TOLD CROP CONDITION MUST DISARM

(By Associated Press)

CHICAGO, May 9.—More than six cents per bushel collapse in the value of wheat today resulted from the United States government crop report. The report shows a likelihood that the yield of winter wheat this season will be 15,000,000 or 20,000,000 bushels in excess of what had generally been looked for.

May delivery wheat fell to \$1.62.

INJUNCTION WRIT IS SERVED ON THE CITY

Copies of the writ issued in the injunction proceedings out of district court here were served on the city officials Saturday morning, restraining them from interfering with the operation of service cars in this city pending the settlement of the injunction filed in court here Friday.

A number of arrests were made for violation of the new law before the injunction was issued. The case will be appealed direct from the district court without waiting for a hearing in the lower court.

CAR TURNS OVER ON ANGELO ROAD

The Ledger's Miles correspondent reports that two men, representatives of a San Angelo garage, were slightly injured on the Ballinger-San Angelo highway West of Miles Friday afternoon when an auto in which they were traveling turned turtle.

The car turned over during the rain storm, or shortly afterwards, and motorists passing along rendered first aid and the men were carried back to San Angelo.

Ice man was overcome by heat in Chicago, this being regarded as a sign of spring there.

Harsh critics of winter are beginning to retract their statements.

(By Associated Press)

PARIS, May 9.—Terms of a note virtually agreed upon among the allies, in which they will tell Germany that she must disarm as obligated by the terms of the treaty of Versailles, was laid before the French cabinet today by Foreign Minister Briand.

The text of the note is the result of a comparative study of two drafts, one made by the British and one made by the French government. The allied council of ambassadors is expected to approve the terms of the note next Tuesday, and it will be dispatched to the German government.

GENEVA, May 9.—The smaller countries represented at the League of Nations international conference for the control of traffic in arms and munitions, today won a signal victory, when the smaller governments succeeded in securing the general approval of the principal that liberty of traffic instead of prohibition of traffic in arms, shall be the basis of the convention.

RALPH VANCIL RETURNS HOME

Ralph Vancil returned home Saturday morning, arriving on the A. & S. motor car from Fort Worth, where he was released on \$2,500 bond pending final disposal of the case against him.

The criminal court of appeals reversed the verdict of the Fort Worth court on Wednesday. Attorneys for Vancil went to Austin and got the mandate in the case, returning to Fort Worth late Friday, and as soon as it was delivered to the district clerk and filed, the court allowed bond in the sum of \$2,500, which was promptly made, and Vancil was released from jail Friday night in time to leave for home.

It was stated that the state's attorney would seek a new hearing before the court of appeals, and if that is overruled, it is expected that the case against Vancil will be dismissed.

Several Things

There are several things to be considered in selecting your bank—

- 1st. Strength—financial strength.
- 2nd. The care with which the bank is managed.
- 3rd. The courtesy and spirit of accommodation displayed by the officers and employees.
- 4th. The banking experience of its officers.
- 5th. The ability of the bank to properly and promptly handle all your business.

To those wishing desirable banking relations, we offer our services, promising courteous treatment and careful attention to all business intrusted to our care.

A COAT FROCK EN DIRECTOIRE IS A PARIS INSPIRATION

THE inspiration of the mode Directoire, while never openly declaring itself, is still apparent in many subtle ways, here in a cape, there in a revers, and again in a jabot or closely fitting stock. There is something very elegant and habille about the costumes which display these manifestations, if they are worn by the women with those type they conform.

We have seen in the recent Paris openings the confirmation of the Directoire influence which has been, as one might say, in the air for over a year. Practically all of the Couture Indicate's higher waistlines by a yoke or a line of trimming, and the period is reflected also in the details of tulle-trimmed, redingotes or coat frocks.

The smart coat frock illustrated, which has just been relayed to us by the Cheney Style Service, shows Directoire inspiration in the large revers a dashing feature which adds considerable verve to the ensemble. The material is violet Coto Centaur, a heavy ribbed material of the Bengaline family, and the revers are faced with crepe of a lighter shade. The skirt has pleats at the side, and the belt effect is prolonged at the back. The sleeves are closely fitted.

The costume is completed by a front and high stock of white satin and the sleeves are completed with white satin inner cuffs. A clever accessory is a double headed amethyst pin holding the stock in place.

We learn that ribbed materials are very much in favor for coats and coat frocks. Among the newer fabrics of this nature are Cote Dehlin and Coto Triton.

Scene from "THE BELOVED BRUTE" at the Queen Theatre

FORMER BALLINGER GIRL IS IN S. A. HONOR CLASS

Miss Clara Giesecke, daughter of Mr. and Mrs. H. Giesecke, was pictured in the San Antonio Express recently as one of the four members of the Junior Class of the San Antonio high school as being the students chosen from that school for membership in the National Honor Society. The students were selected by a faculty committee, their election being based on scholarship, leadership, service and character. Those chosen received not only worthy mention, but were also presented with diplomas and pins. Being chosen from an enrollment of more than 2,000 students, the honor is one to be proud of, and the Ballinger friends of Miss Giesecke congratulate her.

"ACHED & ACHED"

Lady Says Her Back "Hurt Night and Day"—Least Noise Upset Her. Better Alter Taking Cardui.

Winfield, Texas.—"My back hurt night and day," says Mrs. C. L. Eason, of R. F. D. 1, this place. "I ached and ached until I could hardly go. I felt weak and did not feel like doing anything. My work was a great burden to me. I just hated to do up the dishes, even. I was no-account and extremely nervous."

"My mother had taken Cardui and she thought it would do me good, so she told me to take it. My husband got me a bottle and I began on it. I began to improve at once. It was such a help that I continued it until after the baby's birth."

"I took eight bottles and I can certainly say that it helped me. It is a fine tonic. It built me up and seemed to strengthen me. I grew less nervous and began to sleep better. I can certainly recommend Cardui to expectant mothers, for to me it was a wonderful help. In every way I felt better after taking it and I think it is a splendid medicine."

Cardui is purely vegetable, and contains no harmful drugs. For sale everywhere. NC-142

"THIS FREEDOM"

By A. S. M. Hutchinson

FIRST GAME NEXT FRIDAY

The Ballinger baseball team will have its first and the opening game of the season here next Friday afternoon at 4:30 o'clock when the San Angelo Bronchos come here. The San Angelo team has been playing for some time and will have the edge of training over the Bears, however Manager Wooden has lots of reserves and will likely have a team in good condition to throw against the Bronchos.

The local team will start working in uniforms next Monday, the new uniforms being issued by the manager at that time and hard work will be done the first four days next week before the opening contest.

All the proceeds of the first game will go toward paying for the new uniforms and for this game a gate admission of 50 cents will be charged. As soon as the uniforms are paid for the admission price will be 25 cents for each game. The Ballinger club receives all the proceeds from the first game. Ballinger will play a return game at San Angelo but will not share in the receipts there.

All baseball material is urged to be on hand for practice next week and all fans are invited to drop in and see the prospective team in action. Practice will be held each afternoon at 5:00 o'clock.

MRS. COTTELLE'S RECITAL WILL BE HELD TONIGHT

The piano and musical program which was to have been presented by the pupils of Mrs. Sim Cottelle Friday night, will be given tonight at the Methodist church, commencing at 8:15 o'clock.

The program was to have been rendered last night, but heavy rain and threatening storm prevented, so the affair was postponed.

A splendid program has been prepared, which shows the progress made by Mrs. Cottelle's classes, with several complimentary numbers by other musicians and vocalists of the city.

PEACE OFFICERS ARE COMING HERE IN JUNE

The June convention of the Sheriffs Association of West Texas will be held in Ballinger, according to Sheriff McWilliams, who returned from Abilene Friday night, where he attended the May convention. The association accepted an invitation to hold their June meeting in Ballinger and the peace officers will gather here on the second Friday in next month.

Mr. McWilliams reported that the meeting was very successful at Abilene, but the officers faced a heavy rain en route home.

Alimony is paying the notes after the auto is stolen.

CLUBS

Shakespeare Club

The Ballinger Shakespeare Club met Thursday afternoon, April 30, at the Carnegie Library, in the last meeting for the year, combining a business and social meeting.

The house was called to order by the president, Miss Fannie Wilmett, and the usual routine of business followed.

At a previous meeting a suggestion was made that we adopt a better plan for checking the books at the library. Mrs. J. T. Williams explained how the index system was being used successfully in other places. A committee was appointed to assist in working this out. A report was made that the books had been rearranged and this system perfected. The committee on year books presented the members with a very attractive and well planned book, containing the program for the coming year.

The delegate to the annual meeting of Womens Federated Clubs of the Sixth District, Mrs. Horace Murphy, gave a splendid account of her trip to Alpine, and of the work being done by other clubs of the district. Her talk was both interesting and instructive.

The president installed the new officers into office with a beautiful order of service.

A vote of thanks was given the retiring president for her faithful service the past three years.

The following program was rendered:

Piano solo, Mrs. J. T. Williams. Vocal duet, Mrs. C. P. Shepherd and Mrs. Ira Sims.

Vocal solo, Mrs. Alex McGregor. A dainty refreshment plate was served consisting of punch and cake.

During the year the club has studied:

"America Faces the Future," by Bowers

"Alaska, our Northern Wonderland," by Carpenter

"Hamlet," and "The Tempest," by Shakespeare.

An excellent art exhibit and lecture was given for the public, and was well attended.

Several special days and programs were observed.

It is through the determined efforts of the ladies of this organization that our Library is kept open two afternoons a week. Each lady serves as Librarian alternately.

The following are the officers for 1925-26:

President, Mrs. Alex McGregor. Vice-President, Mrs. Horace Murphy

Recording Secretary, Mrs. W. L. Brown

Corresponding Secretary, Mrs. C. R. Stephens

Treasurer, Mrs. D. P. Moser

Critic, Mrs. F. C. Miller

Historian, Mrs. J. G. Douglass

Parliamentarian, Mrs. E. D. Walker.

40c worth of Theme Paper for 25c—at Ballinger Printing Co.

EXPECT BETTER BUSINESS IN EUROPE THIS YEAR

(By Associated Press)

ROTTERDAM, Holland, May 9.—A slow clearing of the international European horizon, coupled with a gradual stabilization of exchange rates and prospects of the execution of the Dawes plan enhancing the buying power of Central European nations, are mentioned as favorable factors for this year in the annual report of the Netherlands Shipowners' Federation, which controls 656 vessels, or 97 1-2 per cent of the entire Dutch mercantile marine.

For the present, however, the condition of the freight market imposes extreme economy, says the report, which points out that foreign competition remains exceedingly keen. Dutch, American and English rates of pay for seamen, according to the report, are the highest in the world. They are double the German or Italian

rates, and this explains why ships sold to the latter countries because they cannot be made to pay at home, can be run at a good profit by their new owners.

Just a few packages left; Theme Paper, 4 packages for 25c. Ballinger Printing Co.

Be wise and advertise.

WOMEN SEEKING STOP CRIME NEWS

The Workers' Conference of Runnels County Baptist Association, assembled with the New Home church, May 4, feeling the deepest concern as to social and moral conditions of today, and realizing that the fight for uprightness requires the united efforts of all our moral agencies, and appreciating especially the influence of the secular press in these matters, deeply deprecates the great publicity given by our papers generally to public dances, mixed bathing, Sabbath desecration and other such things whose influence is well known. The papers are read in all our homes by all the members of the family, with the influence that follows. We feel that the papers can be more effective friends of moral uprightness if they would eliminate or greatly reduce the publicity now being given to things that are harmful to the social order, and give larger space to the worthy and uplifting events of the day; and as a religious body we so request.

COMMITTEE.

"COLD IN THE HEAD"
is an acute attack of Nasal Catarrh. Those subject to frequent "colds" are generally in a "run-down" condition. HALL'S CATARRH MEDICINE is a treatment consisting of an Ointment to be used locally, and a Tonic, which acts quickly through the Blood on the Mucous Surfaces, building up the System and making you less liable to "colds". Sold by Druggists for over 40 Years. F. J. Cheney & Co., Toledo, O.

Louis Martin, residing on Route 2, out of Talpa, spent Friday night in Ballinger. He came in on business and was caught in the rainstorm. Mr. Martin was in the edge of the hail which struck in the Blanton community.

BROWNWOOD HAS NEW PARKING LAW

The city council of Brownwood has passed a new parking law, and as soon as the law can be put in operation all autos must be parked parallel with the curbing in that city. The ordinance has been pending before the city commission for some time, and it was finally enacted Thursday and becomes effective within thirty days. The new parking law also provides that within certain areas of that city cars can be parked only one hour in the same place.
