SHERIFF FINDS MAN IN PRISON

Sheriff R. E. McWilliams has received word from authorities of the Federal penitentiary at Leavenworth, Kansas, telling him that Richard Hall, young man wanted here on burglary charges, was in prison there for three years, being sent there from Oklahoma on charges of peddling dope.

Hall with Lonnie Mulligan, now in jail at San Angelo, where he faces charges of car theft, are charged here with robbing two residences in the Lawn vicinity.

Sheriff McWilliams got on the trail of the two men soon after the burglary and kept up with them until he arrested Mulligan at Hillsboro some few weeks ago.

The pair were traced to Hope, Ark., from this county back to Stanton, Texas, where part of the stolen property was recovered.

Then Mulligan was arrested in Hillsboro and returned here. Hall was in Hillsboro at one time but made his escape before officers found him. He went to Galveston and then into Oklahoma, where he was arrested and convicted of peddling narcotics. He was sentenced to serve three years in the federal prison.

Sheriff McWilliams said Monday that he did not know whether he would be successful in returning Hall to Ballinger for trial. If he is not successful in bringing Hall back here, charges against Mulligan will more than likely be dismissed.

WEATHER TOO BAD FOR BYRD

(By Associated Press)
NEW YORK, June 27.—Very little prospect that Commander Richard E. Byrd will take off tonight in the monoplane "America," was seen this morning by the Weather Bureau.

TWO HURT IN AUTO WRECK

Forrest Pohler and Charlie Feist, of Rowena, received painful injuries Saturday night about 9:00 o'clock, a mile and a half from Rowena on the Ballinger-San Angelo highway when the Ford touring car in which they were riding collided with a car parked on the road and occupied by Rudolf Malish, proprietor of the Service Garage, Jeff Bolf, and two other boys, also of Rowena.

Pohler received a severe gash on his knee cap and other minor injuries. Feist sustained several cuts on his face and head. A boy by the name of Hoelscher, who was with Pohler, was severely scratched. They were taken to Rowena, where medical attention was given. Both were out again Sunday.

Occupants of the Malish car were not injured.

The accident occurred, it seems, when Malish and his friends stopped on the highway to watch a train crew cool off a hot box. Malish declared that the tail light on his car was burning at the time of the crash. Both cars were headed toward Ballinger. Parties in the Pohler car declared they did not see the first car.

Both cars were badly damaged.

Small-Mouth Milk Pails Suggested for Cleanliness

Proper way of milking, using small mouth pail, and other sanitary precautions.

(By Associated Press)
Foreign substance clinging to the flanks and udder of a cow at milking time has been known to contain fifty million bacteria per gram.
For that reason dairymen suggest the use of a small-mouth milk pail, even if the cow is kept scrupulously clean.
Too much precaution cannot be taken, they say, to keep loose hairs, pieces of bedding and other matter from falling into the pails to contaminate the milk.
Custom demands that a work horse be groomed daily, far more reason exists, dairymen declare, for the daily grooming of a cow that produces human food.
They insist that before milking the udders, flanks and bellies of all cows should be carefully wiped with a clean, damp cloth.

S. S. BALL GAME HERE TUESDAY

Tomorrow afternoon at exactly 5:00 o'clock at Fair Park, Umpire A. R. Jones will shout "play ball" and two of the fastest Sunday school teams that ever clashed in Ballinger will go to battle. Manager Stanley (Charley Horse) Gray of the Christian team, will take an active part in the game and direct his team from the position of second base. Manager Robert Bruce of the Methodist team will remain in the shade and direct from that more pleasant position.
 A. R. Jones will be assisted in the official position as umpire-in-chief by J. R. Lusk, and these two men have the strong support of the entire police department and will keep things running smooth. Mayor Raby and City Attorney Doss will be present at the game and in case of any unpleasantness

will be ready to open court at the grandstand and receive fines there without missing any of the fun.

Admission to the game will be ten cents (10c). This money will be used to pay the umpires, buy balls, drag the grounds, purchase uniforms for both teams for future games, and if there is a surplus a banquet may be given to those who take a part in the game and their families and friends.

Managers Bruce and Gray announced Monday that the starting line-ups would probably be as follows:

Methodists — Clint Penn, catcher; Earnshaw, pitcher; Tom Penn, 1st; Forman, 2nd; Dickson, s. s.; Simpson, 3rd; Denny, lf; Wheeler, cf; Griffiths, rf; Substitutes, Bruce, Hamilton, Drew, Dickson and others. **Christians** — Carr and Forman, catchers; Harber, pitcher; Wooden, 1st; Gray, 2nd; DeBusk, 3rd; Baker, ss; Williams, lf; Smith, cf; Neeley, rf; Substitutes, Hamilton, Richardson, Jones, George.

MANY ARRESTED FOR NOT PAYING FINES

Fifteen were arrested last week by Sheriff R. E. McWilliams and members of his department upon order from Justice of the Peace C. H. Willingham for non-payment of fines assessed against them for various offenses.

Sheriff McWilliams said Monday morning that all but one of those placed in jail had paid up and had been released.

"There are several others who owe fines whom I have not yet arrested," the sheriff declared Monday morning, "but they will

be arrested and placed in jail until they dig up enough to pay."

Since January 1st this year a large number of fines have been assessed and most of them have been paid but there are still a few who are delinquent, Sheriff McWilliams stated.

WOULD BE TIRE THIEF FINED FOR VAGRANCY

A would-be tire thief was fined \$12.70 in the city court Monday for vagrancy, after he had been arrested Saturday night by Chief of Police W. L. McMillan when C. G. Jennings, 502 Tenth Street, and H. J. Coleman, 500 Tenth Street, had caught him after a chase of about three blocks.

The man was first sighted when he visited the homes of the two men, endeavoring to spot cars believed to have been intended for tire thieves.

Mr. Jennings and Mr. Coleman started in after the man and soon overhauled him in the chase. They brought the man to the city and turned him over to Chief

of Police McMillan who placed him in the county jail.

John A. Weeks and J. A. Reese left Monday morning for Odessa and Midland, where they will look after business matters.

LOCAL PEOPLE HAVE A NARROW ESCAPE

Mr. and Mrs. Jess Jones and daughter, 700 block, Broadway, and Mr. and Mrs. Waite Smith, East Hutchings Avenue, narrowly escaped serious injury Sunday afternoon about 5:00 o'clock in South Ballinger near Evans' filling station, when a big bus of the West Texas Coaches and the Oakland sedan in which the local people were riding, collided.

The bus was in charge of Driver Pittman and en route to San Angelo. There were some 12 or 14 passengers aboard but no one was injured.

The Jones car had been turned in at the filling station but according to a witness the left turn signal was not quick enough to warn the driver of the bus to slow down. The bus side-swiped the sedan and knocked over one of the pumps at the station. The sedan was badly damaged as was the filling station pump. The bus escaped serious damage.

Mrs. D. C. Campbell, of Milan county, has returned to her home after a visit of two weeks here with her son, Hugh Campbell, and family. Mr. Campbell and son, Randall, accompanied their mother and grandmother to her home.

Misses Samantha and Lula Me Troy, Mrs. R. F. Lane and daughter, little Miss Wanda, have gone to Glen Rose to spend several days visiting.

Mrs. Clarence Richards, of Arman, is here visiting her parents, Mr. and Mrs. R. T. Williams.

Uncle Sam Says:

(From the Farmer's Bulletin No. 1523-F on the subject of "Leather Shoes: Selection and Care" put out by the U. S. Dept. of Agriculture.)

"The proper care of footwear, coupled with its intelligent selection, means a reduction of from one-quarter to one-half in shoe bill and at the same time keeps the feet neatly and serviceably shod. Good care includes prompt repair. It is never true economy to wear down-at-the-heel, dilapidated shoes. Such shoes neither protect the feet nor properly support the body. What might be saved in leather may be paid eventually to foot specialists and doctors. If the necessary bit of repairing is put off the shoe may be so badly worn that it no longer is worth mending and from \$2 to \$5 will be lost by neglect."

Supplying Service is Not Like Selling Commodities

If the people of this community have immediate need for a large quantity of building material or groceries or any commodity they go into the market and buy what they need.

Such things are made and stored until they are required.

This is not the case with electricity, gas, telephone conversations, or transportation, for instance.

They are services.

Take the case of this company. Our duty to the community requires that we have capacity always ready to supply the greatest demand for telephone service that may be made upon us by our customers. It also requires that our facilities be ready ahead of immediate demands so that the community may continue to grow.

The service of the telephone is one of the vital things in which the interest of the people served makes it important to them that they be familiar with it and understandingly co-operate so that it shall be sufficient for the present and have a margin to grown on.
