SILLIX WELL COMES IN AT 2,545 FEET

PLANES ORDERED TO SEARCH FOR REDFERN

(By Associated Press)
MIAMI, Fla., Aug. 27.—Preparations were being made here today to send three seaplanes to the Bahama Islands to search for Paul Redfern, who hopped off Thursday from Brunswick, Ga., for Rio de Janeiro, Brazil.

BRUNSWICK, Ga., Aug. 27.—With the blackness of two moonless nights behind him, Paul Redfern today sped his monoplane through its second successive dawn and on toward his goal in his solitary flight to Brazil, unless the whim of nature or mechanics has stopped him short in the tropic region, out of touch of the eagerly waiting world.

The scarcity of news was not transmitted into an alarm, however, for the course Redfern had laid out carried him over virtually trackless seas and land. His original schedule calls for his arrival in Rio de Janeiro early this afternoon or at Pernambuco (Recife) near noon if his fuel supply is not enough to carry him further south in his attempt for an endurance and long distance records.

Terrible Error
Reggie—"Did somebody hit you on the mouth?"
Archie—"Why, no. Where's the mirror? I—well, for heaven's sake! I used Mae's lipstick on my mustache instead of her eyebrow pencil!"

Coal may be high, but after it is once in the bin it soon gets lower.

BEARCATS HEAR AMIS ON GAME

(By Henson Alagood)
JUNCTION, Aug. 25.—Coach "Dad" Amis of the Howard Payne Yellow Jackets is giving out some valuable information down here to some of us high school football players, together with the instruction our own coach, Felton Wright, is giving.

Coach Amis has told of blocking, and some of us just found out that there are many blocks other than wooden blocks. The first day in camp has passed and another started with everyone nursing sore joints. No one can accuse us of being "rubber necks," for two evenings of neck exercises had made us hold our heads as still as a statue.

After breakfast yesterday, we listened to Coach Amis give his coaching school a lecture on blocking. Coach Amis' coaching school is being held here at the same time as our camp and is proving very beneficial. We are allowed to attend his lectures every morning and we take some of our workouts with them. We didn't have any idea there were so many blocks besides wooden blocks. There was the shoulder block, the body block and the rolling block for the backfield men, and the shoulder block, the standing block and the pivot block for the linemen. After practicing several minutes on each of these, Coach Amis gave a review on tackling that he had given us the day before.

We know that if we stay here long enough we will get pretty tough because the mosquitoes that stay here are certainly tough.

The nights are very cool but the sun warms up things during the day.

COTTON PRICES CLIMB

(By Associated Press)
NEW ORLEANS, Aug. 27.—The cotton market soared to new heights for the season today on general buying induced by highly unfavorable crop advices. October crossed the 22-cent line to 22.27 and December traded at 22.53.

NEW ORK, Aug. 27.—Cotton prices experienced another sensational advance today, rising about \$3 to \$3.50 per bale above Friday's close upon further unfavorable reports relative to the cotton situation.

SPEED LAW IS ILLEGAL

(By Associated Press)
AUSTIN, Aug. 27.—City speeding ordinances, varying from the State law as to the rate of speed and amount of a fine, cannot be enforced legally.

All officers, whether city or county, who make arrests, must wear uniforms prescribed in the new state law, the attorney general's department ruled today.

18 AMERICANS REPORTED SEIZED BY MEXICANS

(By Associated Press)
WASHINGTON, August 27.—The reported besieging of 18 Americans and 11 British subjects in their homes near the American owned Amparo Mining Company property in the state of Jalisco, Mexico, prompted the State Department today to instruct the American embassy in the city of Mexico to keep the matter of adequate protection for Americans well before the Mexican government.

While President Calles reported that dispatches have instructed the military authorities to protect the mining company officials, up to Friday morning Consul Joseph Satterwhite advised the State Department that no Mexican troops had arrived on the scene.

JONES LEADING IN GOLF MEET

(By Associated Press)
MINNEAPOLIS, Aug. 27.—Bobby Jones was five-up on Chick Evans in the first nine holes of their 36-hole final match for the National Amateur Golf Championship today.

Co-ops Marketing Less Cotton

(By Associated Press)
WASHINGTON, August 27.—Less cotton was marketed, co-operatively, last year than in 1925-26, reports from 15 large-scale co-operative cotton marketing associations indicate.

The decline was general for most of the associations, although reports from three show slight gains over the preceding year. "The record-breaking crop of 1926," economists declare, "followed by low prices, produced a situation which made the marketing problem an extremely difficult one for cotton planters with limited credit. It is believed that many of the small producers, who were members of the co-operatives, were unable, because of financial obligations, to deliver their cotton to the associations."

The percentage of the total crop handled, co-operatively, last year was less than any crop since 1921, being 6.7 per cent compared with 9.1 in 1925; 8.0 in 1924; 9.2 in 1923; and, 7.8 in 1922.

PLANE HOPS OFF ON ROUND WORLD FLIGHT

(By Associated Press)
HARBOR GRACE, Newfoundland, Aug. 27.—The monoplane "The Pride of Detroit," hopped off for Croyden, England at 5:14 o'clock this morning.

The Stinson-Detroiter which carries William Brock, pilot, and Edward Schlee, Detroit business man, is off on the first leg of an attempt to set a new record for a trip around the world.

Arriving yesterday from Old Orchard, Maine, the plane was refueled and made ready for the start today. It took advantage of splendid weather conditions which had attended the flight thus far.

The record of 28 days for globe girdling which the flyers hope to break, was set last year by Edward Evans and Linton Wells, who used ships and trains as well as airplanes.

The distance between Harbor Grace and Croyden, near London, is 2,350 miles.

Couldn't Be

Hodgson: "I don't know whether it was your wife or not. I don't know her very well."
Coombs: "Did she have a short dress?"

Hodgson: "I didn't notice the dress."
Coombs: "Then it wasn't my wife."

SUN'S ARMY GETS NANKING

(By Associated Press)
PEKING, Aug. 27.—The capture of Nanking, former seat of the Nationalist regime under Chiang is claimed for General Sun's Shantungese army.

No Lie
Boss: "See here! You told my office girl that you wanted to see me on a matter of life and death!"
Salesman: "I do, sir, I want to sell you some life insurance."

It is better to follow one good example than it is to set a dozen bad ones.

Love may be blind, but it usually manages to find an eye-opener.

Ballinger's prospects for an oil field were brighter than ever Saturday when the Sillix et al McMillan No. 1, five miles north of Ballinger, Domingo Diaz survey No. 532, blew itself in at 5:00 o'clock Saturday morning at a depth of 2,545 feet.

The well, flowing in heads at 30 minute intervals, is believed to be capable of making between 750 and 1,000 barrels daily when the bit is sent into the sand. A flow of wet gas was encountered about 4:00 o'clock Saturday morning and Driller Flowers, who was in charge at the time, came to Ballinger to notify C. E. Sillix, one of the owners, of the action, and before he and Mr. Sillix returned to the well, it had blown in, going over the top of the 80-foot derrick by about 15 feet.

It was flowing at 30-minute intervals and with plenty of gas. Operations were suspended to await arrival of connections and storage tanks from Cross Plains which were expected to arrive here Saturday afternoon.

No lease trading was in progress as far as could be learned but several deals were being talked.

This well is on the R. L. McMillan farm, five miles north of Ballinger, Domingo Diaz survey No. 532. It was spudded about February 26 by Lou Ladd et al, of Fort Worth, with C. R. Dutton, of Ranger, as drilling contractor.

Mr. Ladd had contracted to take the hole to a depth of 2,500 feet, and at that depth, after neither oil nor gas had been encountered, but with four flows of water, Mr. Ladd ordered the well plugged.

Mr. Sillix thought the hole should be carried deeper and took steps to go down 250 feet more. He had contracted to take it that far and if nothing had been found it would probably have been drilled still deeper.

Work was started Tuesday, August 23, and after several bridge-overs and cave-ins, the bottom of the hole was reached Friday night. The hole had been deepened about 30 or 35 feet when the wet gas flow was encountered.

This acreage is known as the Blanton block, containing something over 4,000 acres.

Interested with Mr. Sillix are John Castor and H. A. McClain, of this city; and C. R. Dutton, drilling contractor of Ranger, who owns the rig and tools being used at the well.

Flowers and Bryant were the drillers at the well, with Mr. Flowers in charge at the time of the gas encounter.

On September 1st we will have as our guests for two days between 400 and 500 school teachers who will come here to attend the Concho-Colorado Teachers' Institute. If most of these teachers spend the night here many homes will be called on to lodge them. If you have a spare bedroom get it ready and be in a position to take care of part of these visitors.

The call for bids to cover with asphalt a part of Highway No. 30 in Runtless county from 9.4 miles north of Ballinger to the Taylor county line is the first step towards getting permanently built roads in this county. This part of the highway has been gravelled for many years and always kept in excellent condition. The state will save maintenance money by topping it now before the foundation is worn away.

 * NO LONGER BOBBED *

THE INFANTA CHRISTINA OF SPAIN

 MADRID, Spain, August 27.—The Queen of Spain has had her way again. Her second daughter, the Infanta Christina, is letting her hair grow to its full length. It was bobbed in her childhood, but as the Infanta approached her debut into society, made this year, her mother thought it

HAIR BEAUTY

When one has a spirited personality and delights in being individual, there is no quicker way of attaining this individuality than via the bobbed route. Our barbers have caught the French fashion in bobbing that subtly accents distinctive charm.

Woodson & Thomas
 BARBER SHOP

Western Girls Raise Livestock

Wyoming has a modern "Mary" who takes her little lamb to school.

Irene Knight is the Mother Goose girl. Her 4-H club is the fabled "school," and the lamb's fleece, like that of old, "is as white as snow."

Shepherdess by choice, Irene keeps it that way. Clean wool adds to the beauty of her flock.

She learned that from the club instructor; and, also, how to feed her sheep to make the highest profit.

The West has many girls, government agents say, who show preference for dairy, poultry, baby beef and pig projects. Some, who take up the work, become full-fledged farmers, with herds and flocks of considerable value as a source of income.

would be more fitting if the daughter permitted her locks to grow.

The "battles royal" between mother and daughter still rage, not only in the royal family of Spain, but in other royal families of Europe. It is understood here among friends of the royal family that the Infanta Beatrice, the elder daughter of the King and Queen, will allow her hair to

grow, if her sister princess finds that it is a success.

LONE STAR ABOUT THROUGH IN CITY

Another payroll of approximately \$15,000 was turned loose here this week by the Lone Star Gas Company in paying off their employes who have been working on the gas distribution system for Ballinger and the main line extending into Coleman county gas fields.

The main line is about complete with only a few hundred feet more to be constructed, while the system in the city will be finished early next week, H. F. Tickle, engineer, in charge of the work here, declared Friday.

More than 100 service connections have already been made in the various sections and citizens are now connecting with the gas mains.

The Lone Star Company has been at work here for about five weeks and has rapidly put down a network of pipes over the city.

Western Gas Service Company to Work in City Soon

Announcement was made here this week by P. E. Drachman, commercial manager for the Western Gas Service Company with headquarters in San Angelo, that ditch digging in the city limits of Ballinger would be commenced next week or just as soon as the large ditch-digger now working on the main line came into the city.

Over 50 miles of the Western Company's 67-mile main line has already been laid, it was declared.

It was also announced that the Western Company had signed a contract in San Angelo to furnish the generating plant in that city of the West Texas Utilities Company.

Gas will be turned into Ballinger within the next two or three weeks.

New Barbecue Pit

We will be ready to take orders for fresh barbecue on Saturday at Jones Tourist Park, Eighth Street. Give us a trial.

It is well to make a good beginning—and it is also well to remember that the end is what determines everything.

Every Reason
 Why you should Select a
BRIDGE-BEACH
"Superior" Gas Range

Why Bridge-Beach "Superior" Gas Ranges Are Preferred

- Beautiful in design and finish.
- Complete variety of styles and sizes.
- Made of "Superior" cast iron and best steel.
- Smooth, bright surfaces of porcelain enamel, Japan and plated metals.
- Are easy to clean as a china plate.
- Pipes specially drilled and threaded—cannot leak gas.
- Gas valves easily adjusted for any quality or pressure of gas.
- Burners produce clear, blue flame of intense heat.
- Cooking tops are strong, level and extra large.
- Oven burners easily regulated for slow, medium or fast baking.
- Oven double lined and ventilated.
- Large broiler for broiling and roasting.
- Oven and broiler doors open flat, forming strong, level shelves.
- Patented unbreakable eye glass oven and broiler.
- Built extra strong and unusually durable.
- Made by a firm with a national reputation—established 1917.

Nothing finer on the market at any price. Its smooth, bright surfaces, inside and out, are a delight to behold and easy to keep clean. Built by the old, reliable Bridge-Beach Mfg. Co., whose name is a guarantee of quality and satisfactory service.

Many Styles—Reasonably Priced

We invite you to call and see our splendid showing of Bridge-Beach "Superior" Gas Ranges, that you may appreciate their beauty of appearance and many points of superiority.

This places in command of Hudson-Essex sales and service an organization of experienced automobile merchants, whose progressive policies will provide advantages of genuine value to owners of these cars in this city.

"Our sales and service program for Hudson and Essex cars is built around the principle of satisfied ownership, ahead of every other consideration," said G. R. Fomby.

"I am thoroughly in accord with the high Hudson-Essex standard of responsibility toward owners, and know they will find a special convenience in our unusual facilities and in our excellent and accessible location."

The New HUDSON Super-Six

In the New Hudson Super-Six, the Super-Six principle is released to its limit, in new peaks of speed, power and safety. Years were spent in the development of a chassis, which would permit full expression of such a motor, in sustained top performance, with ease to car and comfort and safety to passengers. Positive four-wheel brakes, low center of gravity and advanced body designs plus new power limit make the New Hudson a car of unmatched beauty, smoothness, power and stamina.

And a New ESSEX Super-Six

In performance as well as appearance, the Essex Super-Six is an entirely new car. It reveals the capacity of the Super-Six principle. It attains an engineering triumph in low maintenance and operating cost.

It possesses such stamina that 50 miles an hour all day long is an easy accomplishment. And so nimble and alert is its action that no car will surpass the quickness with which it may be driven through traffic or in touring, whether the trip is one of a few city blocks or hundreds of miles. In four new body styles its cost is little more than any "Four," and the greatest of all Essex values

New Buster Keaton Film at the Palace Monday is a Wow

Buster Keaton is coming to town in a comedy that has left audiences weak from laughter in every city where the picture has been shown. It is "Batling Butler," the frozen-faced fun-maker's latest production and the one which made even blase Hollywood admit there's something new in comedies. The picture is to be shown locally at the Palace Theatre Monday and Tuesday of next week.

The famous comedian has turned prize-fighter—that is, he masquerades as a professional pugilist—for the sake of a pretty girl. He has the role of a wealthy youth who takes the count from Kid Cupid, only to discover that to make good in love he has to make good in cauliflowered ear circles. His name is Alfred Butler, so it's a comparatively easy matter to tell the girl—and her hard-boiled family—that he's "Batling Butler," the fighter.

Everything goes along swimmingly until the real "Butler" appears on the scene and adds to the complications. The fact that the ring champion suspects the bogus fighter of carrying on an affair with Mrs. "Batling Butler" doesn't make the love-sick youth's path any smoother.

In addition to being a scream from start to finish, "Batling Butler" has many spectacular scenes which would do credit to the biggest dramatic productions. Sally O'Neil, Snitz Edwards, Tom Wilson, Francis McDonald, Eddie Borden, Walter James, Mary O'Brien and Buddy Fine are some of the well known players in the supporting cast.

DEATHS

I. W. Spann

I. W. Spann, 62, died in the Halley & Love Sanitarium Friday afternoon at 2:50 o'clock following an illness of only a few days. He had been sick at his home on Valley Creek, ten miles northwest of Ballinger and was brought here for treatment.

Mr. Spann had been in Runnels county for about 12 years, coming here from Gonzales county.

He is survived by his wife, five sons, A. R., A. J., E. H., C. H., and Mack Spann; one daughter, Miss Evelyn Spann; two brothers, A. L. and T. T. Spann, and one sister, Mrs. I. G. David.

Funeral services will be held from the home on Valley Creek this afternoon at 3:00 o'clock, with Rev. J. H. McClain, pastor of the Ballinger Baptist church, officiating.

Higginbotham Bros. & Company undertakers prepared the body for burial and will be in charge at the grave. Interment will be made in Evergreen Cemetery.

In the real drama of life the leading ladies are cooks.

Truth may be eclipsed, but it can not be extinguished.

WEAK, NERVOUS

Georgia Lady Could Not Sleep Nights, But After Taking Cardui She Was "Like a Different Person."

Comer, Ga.—Mrs. C. H. Smith, of this place, related the following interesting experience:

"I was weak and nervous and run-down. I couldn't sleep at night. I felt tired and not in condition to do my work. I had Cardui recommended to me, but always thought I could out-do most sickness, but this was one time I needed help. I was so weak I could hardly lift my hand.

"I can't express how bad I felt. I know I improved after taking Cardui. I was like a different person. I was built up and was stronger and better than in a long time.

"I have a young daughter who had the 'flu,' and after she got up she would once in a while have such severe cramping spells, just suffer terribly. I knew there was a weakness and, hoping Cardui would reach this trouble, I had her take it, and the first bottle helped her so much she was able to leave it off and does not have this trouble now."

Cardui has been in use for more than 50 years.

9th Annual Teachers Meet Here Next Week

Several hundred teachers from the eleven counties composing the Concho-Colorado Teachers' Institute, will gather in Ballinger on Thursday and Friday, Sept. 1st and 2nd for the ninth annual session of the organization, to be held in the Ballinger high school. This district is composed of Runnels, Coke, Concho, Sterling, Tom Green, Irion, Glascock, Schleicher, Reagan, Upton and Crockett counties.

R. E. White, superintendent of schools of this county, will be the conductor.

B. B. Cobb, superintendent of the Waco city schools, will be the chief lecturer and director of the high school division.

Miss Nina B. Glass, of the Waco schools, will be director of the primary department.

Miss Mary E. Johnson, of the East Texas State Teachers' College, will be intermediate director.

S. G. Eisenlohr, of Dallas, will lecture on art.

A representative of the State Department of Education will be present for lectures during the two-day session.

R. D. Green, superintendent of the Abilene schools, and president of the Texas State Teachers' Association, will also be here for three or four lectures.

Following is the program:

THURSDAY
Morning—"The Present Status of the Teaching Profession," Supt. B. B. Cobb, Waco schools
Afternoon—Art lecture

FRIDAY
Morning—"The Ministry of Teaching," Supt. Cobb
Afternoon—State Department of Education

High School Section
(Supt. B. B. Cobb, director)
Thursday

Morning—"Student Counseling in the High School"
Afternoon—"Opportunities for Citizenship Training in the High School"

Friday
Morning—"Extra Curricula Activities in the High School"
Afternoon—"Is the High

School Meeting the Needs of Present Day Life?"

Intermediate Section
(Miss Mary E. Johnson, director)
Thursday

Morning—"Meeting the Needs of the Intermediate Pupil"
Afternoon—"Using the State Course of Study"

Friday
Morning—"Following the Daily Schedule"
Afternoon—"Teaching in the Intermediate Grades"

Primary Section
(Miss Nina B. Glass, director)
Thursday

Morning—"Constructive Suggestions for the Teacher"
Afternoon—"Principles and Methods in Teaching"

Friday
Morning—"Primary Reading"
Afternoon—"Numbers and Language"

Program Schedule
Forenoon
9:00-9:30—General session
9:30-10:30—Section meetings
10:30-10:45—Intermissions
10:45-11:45—General session
Afternoon
1:30-2:30—Section meetings
2:30-3:30—General session
3:30-4:15—Superintendents' period.

GULF CO. TO LOOP NEW CRUDE OIL PIPE LINE

SAN ANGELO, Aug. 26.—Another loop has been announced for the West Texas oil fields. The Gulf has let it be known that it is going to build a loop of twenty-five miles of 8-inch pipe to the McElroy pool in Crane county, increasing the handling capacity to 30,000 barrels a day. The loop will start from the Midland terminus.

Including the State-Lasseter production in the University pool,

the Gulf has about 22,000 barrels of production in this area. Because of this being the capacity of the present pipe line, some of the wells are being pinched in.

The new loop eventually will lead to the McElroy area in Upton county, it is believed generally, though not confirmed by Gulf officials. They believe, too, that it will lead to Pecos county holdings of the Gulf a little later.

A third line of wells has been started by the Gulf on the McElroy tract, south of the University pool.

DO IT TODAY!
"Putting it off" in the matter of fire insurance may save you a small sum in premiums—or it may cost you your fortune.
Fire attacks without warning. If you are not sure that your insurance is adequate and dependable—make sure at once. We will gladly help you estimate the coverage you need for safety.
E. Shepperd & Co.

Diversitication Bridges the Gap---
Experience is proving that the difference between failure and success on the farm may be bridged by a program of safe farming.
A living at home is the first step in this direction.
More feed on more acres—more cotton on fewer acres—more and better live stock, cows, hogs and chickens—and a home garden—these are the things that insure success.
We want to co-operate with you on every plan that will insure safety for your farm.
