State Prepares Rebuttal; Call 27 as Witnesses

(By Associated Press)
AUSTIN, Jan. 30.—Counsel for John W. Brady rested conditionally today in his murder trial, as the end of the acknowledged slayer's attempt to prove his insanity neared, with the understanding that two more witnesses would be put on the stand when they appeared here.
The main case is closed. The state's attorney, not being ready with the rebuttal, a recess was taken until 2 o'clock.
The prosecution called twenty-seven new witnesses today, including Dr. Joe Gilbert, Dr. J. M. Leving and nine University of Texas professors. Four men and Mrs. Brady were examined for the defendant today.
Dr. W. L. Brown, of El Paso, swore he diagnosed Brady nine years ago, and found him "mentally unsound."

Former Ballinger Boy Dies Tuesday

D. C. Lynch, age 38, former Ballinger boy, died at his home in Roswell, New Mexico, Tuesday, and will be buried at Albany, Texas, Friday morning. Mr. Lynch was reared in this city, where he is remembered as Douglass. His mother, Mrs. Birdie Lynch, and two sons, Douglass and Connie, made Ballinger home until shortly before the beginning of the World War. Lynch enlisted in the army during the war but left the service in ill health due to having been gassed while overseas with an ammunition train. Heart a result of his military service during the spring and summer of 1929 he was in the government hospital at Fort Bayard, New Mexico, returning to his home in Roswell early in October apparently considerably improved. About a week ago his condition became suddenly worse and relatives were called to his bedside. Monday of this week he became better and it was thought the crisis had passed, but the end came suddenly Tuesday.
The body will be accompanied to Abilene by Mrs. B. C. Lynch, the mother, who will be joined there by Mr. and Mrs. Connie Lynch and children. Another brother, Danny Lynch, of Dallas, is well known in Ballinger, having played baseball here last summer. He and the third brother, W. C. Lynch, Dallas, will attend the funeral at Albany.
Mrs. D. C. Lynch, widow of the decedent, was not able to accompany her husband's body on account of illness.

W. L. ROSE, PIONEER, DIES SUDDENLY AT COLEMAN

Word was received in Ballinger Thursday morning of the sudden death of W. L. Rose, at Coleman. Mr. Rose died at 8:30 Thursday morning, according to the information received here and the funeral services are to be held at Coleman Friday at 3:30 p. m.
Mr. Rose is well known to many Ballinger citizens. He was a real pioneer citizen of West Texas and had visited Ballinger many times during conventions of the Open Range Cowpunchers Association. For a number of years decedent was manager of the oil mill at Coleman.
A number of Ballinger and Runnels county citizens will attend the funeral at Coleman.
Mr. Rose lived in Ballinger in the early days, at one time being a partner in a livery stable here and operated a stage line between his point and San Angelo. He also ran cattle on the open range in this county at the time Ballinger was organized. He was a charter member of the old cowpunchers' association which holds annual meetings in this county at Old Runnels and has been a regular attendant at the conventions.

Mrs. Ed Meadows underwent a serious operation at the Ballinger Sanitarium Wednesday and was reported to be resting fine Thursday. Her mother, Mrs. W. F. Weatherly, of Lorenzo, is to be with her daughter for several days.

House Checks Disputed Ballot

(By Associated Press)
WASHINGTON, Jan. 30.—Re-counting the 1928 election ballots of Bexar county, Texas, precincts, in the contest brought by Harry Wurzbach against Representative Augustus McCloskey, was started today by the sub-committee of the House elections committee considering the case.

Lee Satterwhite Talks on Prisons

(By Associated Press)
AUSTIN, Jan. 30.—Former Speaker Lee Satterwhite, who has been interested in the prison problem for many years, gave the House his views on penitentiary reformation and concentration today. Lee Simmons, of Sherman, member of the state prison board, also appeared.
The Senate continued to take testimony of the prison board members.
While the Senate seemed to be nearing a conclusion of its public hearing, the House apparently was just starting.

Lived as Hermit; Had Big Estate

(By Associated Press)
WICHITA FALLS, Jan. 30.—The estate of the late E. F. Carter, who lived as a hermit in a two-room house at Electric, near here, since 1913, and led a simple life, doing his own housekeeping. He died in a Wichita Falls hospital.
Relatives who came here to close his affairs were astonished to learn he had left a sizeable fortune, according to C. P. Engelking, an attorney. The property, all of which has not been traced, included land in Dallas, Tarrant, Wilbarger, Archer and Hale counties, Texas, and in Virginia. There also were two automobiles which Carter used to visit his scattered properties.
Most of the estate was bequeathed to a sister in Virginia and to nieces and nephews. Three women who had cared for him during illness, also were remembered.
The will directed that Carter be buried in a metal casket in Virginia and authorized the erection of a \$10,000 monument.

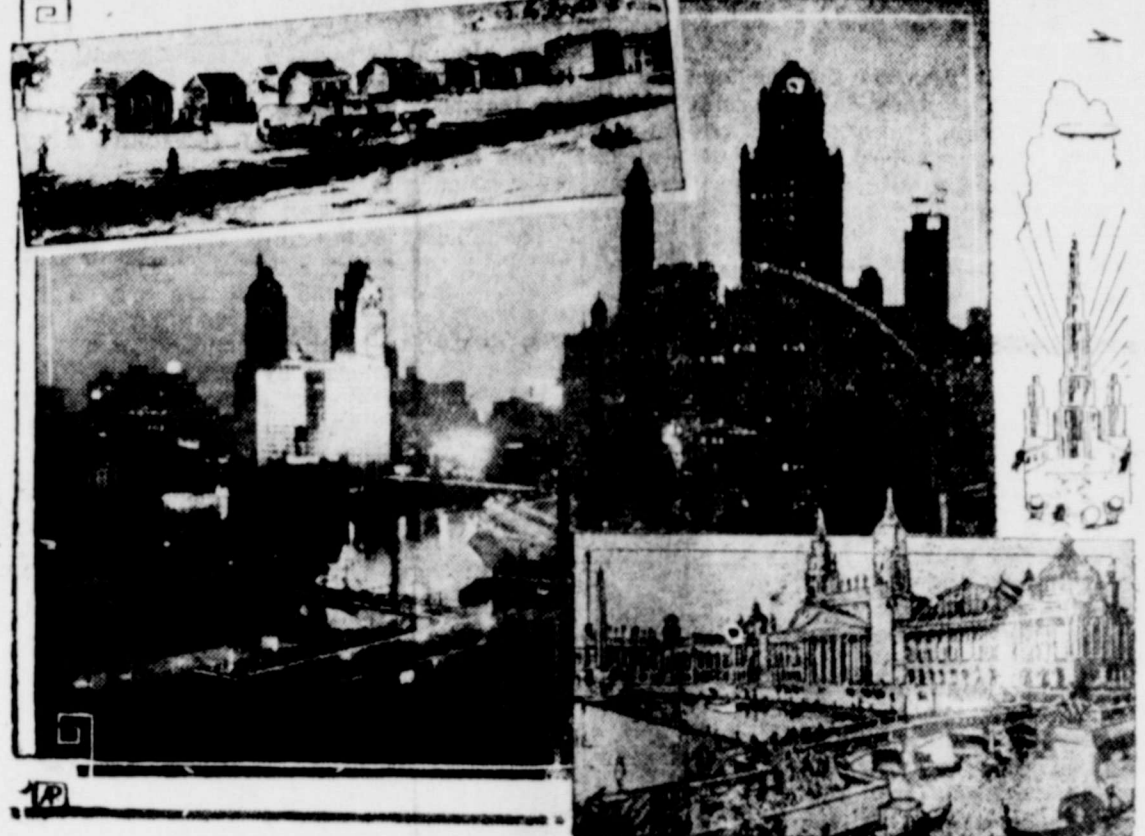

TOWNS MEET TO ROUTE NEW STATE HIGHWAYS

(By Associated Press)
LAMESA, Jan. 30.—Five counties were represented by commissioners and members of chambers of commerce at a meeting in Andrews concerning routing and mapping out of highway ways to serve cities surrounding the new oil center.
Four routes were designated. One was routed north from Andrews to Seminole. Another will lead directly south to Odessa while the third will run south-east to Midland. A cardinal highway, to connect with the main highways of West Texas, will serve Lamesa, Big Spring, and Stanton. The latter road will run due east and will terminate at Stanton.

INDIAN LEGENDS INDICATE HE ONCE HUNTED MAMMOTH

(By Associated Press)
LINCOLN, Neb., Jan. 30.—Indian tales suggesting that the red man once hunted the ancient elephant, the mammoth, in North America are submitted to the American Association for the Advancement of Science.
A report by Prof. William Duncan Strong of the University of Nebraska, says one of these stories comes from the Naskapi Indians of northern Labrador. The hero of the tale, after killing the "monster," used its ears for a bed.

Chicago Poises Steam Shovels To Begin On New World's Fair

Work on Chicago's "Century of Progress" of 1933 will be well under way this year. The view of Lake Michigan shows at Chicago in 1833 (center left) contrasts with the Chicago as today (center). The drawing at the lower right shows a portion of the Columbian Exposition of Chicago in 1893, while the sketch (upper left) indicates the proposed skyscraper trend of some structures for the new Fair.

(By Associated Press)
CHICAGO, Jan. 30.—The snow of winter's aresay will have melted before giant steam shovels will be fashioning the "Century of Progress," world's fair of 1933. Ten million dollars on call, guaranteed by 100 individuals and firms, assured the city that it again will attempt what it so successfully accomplished in 1893—entertain the world.
One hundred years will have passed since Chicago was a village of 4,000 people, and its 100-year progress—telling, also the progress of all nations.
Two buildings, the administrative and the travel and transportation, virtually will be completed this year. They are to be

built between Thirty-First and Shedd Aquarium and the mammoth Thirty-Ninth streets, center of the exposition site. Work on them will commence April 1.
Along the shore of Lake Michigan, and on two artificial islands the fair buildings, amusements and exhibits will be set. The entrance will be at Roosevelt Road—a nominal taxi fee from downtown.
By day the exposition will be a dazzling city of white, air-conditioned, and at night it will be a city of lights. A fair show place.
Adjoining the fair site are the Field Museum of Natural History, the Adler Planetarium, the

On the ground, on terraces and on roofs of buildings will be moving sidewalks. In order to lower congestion at entrances, visitors will enter the buildings on the roofs and leave at the ground level.
The exposition will cost upward of \$30,000,000.

Episcopal Bishop Dies at Chicago

(By Associated Press)
CHICAGO, Jan. 30.—The Most Rev. Charles Palmerston Anderson, presiding bishop of the Protestant Episcopal Church of the United States, died today.

BROWNWOOD CHURCH TO STAGE BIBLE RELAY

BROWNWOOD, Jan. 30.—Central Methodist Church of Brownwood is to put on a "Bible Relay." This relay is sponsored by the young people of the church. So far as they know it is the first Bible relay ever put on. The entire Bible will be read from the pulpit of the Central Methodist Church. The reading will begin Wednesday evening, February 5th, and will continue until the last sentence is read. The readers will read day and night.
A Bible will be given the person guessing nearest the time of the beginning of the reading.
The church will be open day and night for visitors during the Bible relay and anyone may sign up for the reading.

SNIFFING OF NEIGHBORS CANT REMOVE HIS STILL

(By Associated Press)
TAMPA, Jan. 30.—His still believes C. W. Nelson, at last can bubble in peace and quiet.
He is seeking a new fuel for internal combustion engines, but the neighbors are suspicious. They sniffed alcohol, which he uses for a base, and called the police.
The police came, looked over the plant, and left. The neighbors called the sheriff. A squad of deputies came, looked and left. The neighbors had that try-again spirit and phoned federal prohibition agents. They also put on a come-look-go act.
Now there's nobody else for the neighbors to call.

Lewisville.—The city jail at this place has been wrecked to make way for a highway.

Tonnage Question Irks Conference

(By Associated Press)
LONDON, Jan. 30.—The question of how to measure naval power—whether by total tons or by tons in separate categories—the problem which has vexed naval limitation negotiations for years, was put in the hands of a special committee by the London naval conference today. Secretary of Navy Adams and Ambassador Hugh Gibson are the American members of the committee.
The plan was adopted on the motion of Secretary of State Stimson, the American delegation head.
At the full session, the conference was permeated by a general willingness to compromise, but was marked nevertheless by plain reiterations of diverse national viewpoints.

SHORT WAVES MAY GET TALK AT A LOW PRICE

(By Associated Press)
PARIS, Jan. 30.—Telephoning around the world at bargain rates on short wave is considered commercially practicable by the French ministry of posts, telegraphs and telephones.
It is estimated that the cost of a three-minute talk between Paris and New York could be cut from the present \$50 to something like \$8.

LYNN COUNTY SETS DATES FOR ANNUAL FAIR

(By Associated Press)
LAMESA, Jan. 30.—Lynn county's annual fair will be held during the week-end of September 26-27, according to directors of the fair association who met recently at Tahoka. Arrangements are under way at present for featuring one of the largest carnivals in the state during the fair.

Explosion Kills Three, Buries four

(By Associated Press)
ASHLAND, Ky., Jan. 30.—Three men were killed and four buried under tons of rock by a premature explosion of dynamite here today. All were members of a railroad construction gang.
The bodies of Beecha Weiman, Charles Scott and a man named Conley were recovered. Rescuers said that they had little hope of finding the other four men alive.

POISON DETECTORS FOUND IN PLANTS

(By Associated Press)
BALTIMORE, Jan. 30.—Detective plants that spot hitherto unknown poisons in human diseases are described in a report to the American Association for the Advancement of Science by Dr. David I. Macht of Johns Hopkins.
Using the common white lupine as one of these plant detectives, he has found a poison in leprosy which appears to contain the essence of its harmful effects upon humans.
He has applied this method of analysis to skin and other diseases, to snake venoms and the viruses of bees and red ants. He says that in many respects snake venoms are more poisonous for plants than for animals.

CITY AN COUNTY TO FORM HEALTH UNIT

(By Associated Press)
PARIS, Tex., Jan. 30.—A proposal for a county health unit for Lamar county, to be operated jointly by the city and county in connection with the state health department, has been endorsed by the board of directors of the Chamber of Commerce of Lamar county. A mosquito eradication campaign also has been inaugurated with Dr. T. W. Buford of Minter placed in charge.
The county health unit plan has been advocated here for some time and the proposal has been taken under advisement by the county and city authorities.

No Authority to Bar Anyone as Candidate

Cotton Ass'n. to Start February 3

(By Associated Press)
WASHINGTON, Jan. 30.—Chairman Legge of the federal farm board, said today that he expected the \$30,000,000 American Cotton Cooperative Association to be ready for actual trading by February 3rd.

Farm Bureau Accepts Changes

(By Associated Press)
DALLAS, Jan. 30.—Directors of the Texas Farm Bureau Cotton Association have accepted the recommended changes of Gov. Dan Moody's special cotton committee, and the association will be reformed into a nucleus of the state-wide cotton cooperative.
The changes, approved at a meeting of the board of directors of the Farm Bureau last night, were announced today.
The name of the new cooperative will be the Texas Cotton Cooperative, the Farm Bureau designation being eliminated so other organizations may join.

AUSTIN, Jan. 30.—While political parties have the power to prescribe the qualifications of their own members, they do not have the authority to bar any person, either as a candidate or a voter, because such a person voted against the party nominee at an election previously held.

State Senator Thomas B. Love, of Dallas, gubernatorial candidate subject to action of the July Democratic primaries, and self-confessed party bolter, asked the attorney general for the ruling.

AUSTIN, Jan. 30.—Lieutenant-Governor Barry Miller will appear before the State Democratic Executive Committee Saturday and request that the name of Thomas B. Love, of Dallas, be put on the primary ballot.

"If they put Love's name on the ballot he will not get closer than third place in the Democratic primary," Miller said.
There has been talk of barring Love from participating in the Democratic elections because of his self-admitted bolting of the ticket in the last presidential election.

THE GREEN IN PLANTS IS EVIDENCE OF WORK

(By Associated Press)
CAMBRIDGE, Mass., Jan. 30.—Green may be a restful color to the eye, but to a plant it is the sign of hard work.
The green in plants is chlorophyll, which long has been known as the chemical substance that enables plants to transform the sun's energy into the things which make food and fuel for man.
The secret of this natural process is unknown, and if scientists ever unravel it completely they will have something more valuable to man than all the gold in the world.
Dr. Emerson's discovery is one small bit of new evidence about the workings of chlorophyll. It is that the rate at which this green chemical works is nearly proportional to its amount. The more green chlorophyll, the more work does the plant do.
He reports that he believes this the first quantitative evidence that chlorophyll is the photosensitizer for carbon dioxide assimilation.

REDSKINS TRUCK ICE TO HUNTING GROUNDS

(By Associated Press)
SARASOTA, Fla., Jan. 30.—The Seminole Indians, instead of taking their game to the ice box, are taking the ice box to the game.
The redskins of Collier county drive ice-filled trucks into the Everglades hunting grounds and rush their kill to the moving refrigerator, according to Paul C. Albritton, circuit judge of Sarasota county, who found that the Indians are one up on their white brethren.
By the time a truck is filled another is ready.

DALLAS EXPECTS MANY AT FURNITURE MEET

(By Associated Press)
DALLAS, Jan. 30.—H. E. Dill, secretary of the Texas Retail Furniture Association, announced that more than 500 delegates are expected to attend the annual convention which will be held here April 21-23. Manufacturers from all parts of the country will have exhibits.

Several conventions in West Texas during the spring will be of interest to a large number of Ballinger people. The meeting at Brady in April of the Mid-West Educational Association will probably be attended by most or all of the Ballinger teachers. Teachers will be allowed to attend this meeting, and if all teachers want to attend, school will be dismissed. Local workers in the Parent-Teacher Association will be hosts to the sixth district convention of that organization here in March. The program for this meeting will be announced by the president at an early date and a large number of women from all parts of West Texas are expected here for the sessions. The local American Legionnaires and Auxiliary members will leave in a caravan for Brady to attend the district convention of those organizations on February 22-23. Pat Williams Post will make an effort to win the attendance trophy at this meeting and expect around 100 local citizens to make the trip.

The old saying is that when you brag something will surely happen, but with only two criminal cases on the docket for grand jury investigation it is difficult to refrain from calling attention to the clean county and city in which we live. Ballinger always has had the reputation of one of the best places in the West in

records of 1876 showed that it never had been paid and the old darkey received a check.

One reason for the small amount of crime here is that officers keep a close watch and undesirables are invited to be on their way. Night watchmen walk their beats at night, city police are constantly on the job, and the sheriff's department is always on the alert and moving to prevent crime. Professional thugs and thieves do not like to operate in a town where they know there is great danger of being caught and punished and this is one reason why we lead other West Texas counties in the number of cases on our court dockets. Of course a few bootleggers work in every town but many raids have been made here in the past and it is difficult to operate this unlawful business here. Many have been sent "over the road" for such work and local officers make it hard sledding for liquor salesmen.

SHIPS CHICKS BY PLANE

(By Associated Press) MEXICO CITY, Jan. 30.—Three hundred and fifty baby chickens consigned to a poultry establishment here made the trip from Brownsville, Texas, in a Pan-American Airways passenger plane. The chicks suffered no ill effects from the 4 1-2 hour ride.

Feels so Much Better Since Taking Orgatone

Mrs. S. D. Carter, Well Known Resident of Austin, Texas, Describes Results of Wonderful Treatment.

"I feel much better in every way since I started taking Orgatone," declared Mrs. S. D. Carter, residing at 93 Riney Street, Austin, Texas. Mrs. Carter made the above declaration at her home the other day, to a representative of the Orgatone company who had called upon her.

"Before I started taking Orgatone," continued Mrs. Carter, "I felt so badly that I could do hardly anything. I had to neglect most of my housework and I was so weak I couldn't walk to town and back.

"My condition resulted from a sluggish liver and a general run down condition, from which I had been suffering for the past ten months. My suffering was really terrible, and at times it was more than I could bear. I had tried several kinds of medicines, but I just couldn't get the results from them that I have received from Orgatone. Somehow or other, they didn't seem to get to the seat of the trouble and usually they had no effect. My suffering continued.

"But it's different now, because Orgatone has worked wonders on me. I feel so much better that I now do all my housework, which is no longer the tiresome burden it used to be. I can go to town and back at any time and am generally in a fine condition. Another thing it has done is to relieve me of a bad cough I had, and of which I could not rid myself.

"Yes, I think I am justified in considering Orgatone a mighty good remedy, and I feel so much better than I did when I started taking it, that I feel it my duty to give it my recommendation."

Genuine Orgatone may be bought in Ballinger at the Weeks Drug Store.

Paid After 53 Years ANDERSON, S. C., Jan. 30.—After 53 years Timothy Grant, aged negro, has been paid for records of 1876 showed that it never had been paid and the old darkey received a check.

Be wise and advertise.

SUNDOWN STORIES

ANOTHER CAT SPEAKS

By Mary Graham Bonner

The Little Black Clock had such magic that he could turn the time back, and then on the next evening take the children to the place where they had been the evening before so that it seemed as though they had not lost a minute of time.

"They went back this evening to listen to the talk at the meeting being held by cats.

"The cats had decided they would be lazy and let others do all they could for them.

"And now another cat at the meeting got up and spoke.

"We have all agreed to be lazy and we have all agreed to let others do all they can for us. It is a most wise and excellent plan.

"It will keep people from expecting too much from us. The more creatures do the more is expected of them, and once they've started being very useful and helpful they can never change and go back to laziness."

"All the cats agreed, and they smoothed their whiskers and blinked their eyes and then they all took naps, showing how greatly they approved of what had happened at the meeting.

So Peggy and John and the Little Black Clock left the cats asleep after the meeting, and as the children were on their way home the Little Black Clock said:

"That is the reason the cats have always been as they have—because of this first meeting years and years ago. I turned the time way back so you could be here.

"But you see the horses never had any such meeting and so they were expected to be useful and helpful. Nor did the dogs ever have such a meeting and so they haven't cared how much devotion they have given to their owners. But the cats had, and you see how cats are!"

And Peggy thought of Topsy, their cat, who always had the best chair in the kitchen!

HOW'S your HEALTH

DO CHILLS CAUSE COLDS?

It has been aptly said that it isn't the engine drivers and firemen of trains that catch colds, but the passengers in the stuffy carriages.

A common fallacy is that drafts and chilling are the specific causes of colds. Chills may lead to colds, but colds are caused by germs. Chilling the body tends to lower its resistance.

Microorganisms are always to be found in the nose and throat. Ordinarily they are inactive, or if active, the body's resistance is adequate to keep them in check. When, however, the resistance is lowered, the germs may become aggressive, and disease follows.

Chilling lowers vitality by causing a contraction of the minute blood vessels, called capillaries, which cover the body surfaces, both inside and outside. There is usually a drop in body temperature.

It has been shown that during

such periods there is an increase in the number of bacteria to be found on the tonsils, palate, and pharynx. Self- or auto-infection follows.

Chilling affects people in various ways. It causes diarrhea in some; neuralgic or muscular pains in others. It may also lead to inflammation of the kidneys.

The dangers involved in sudden chills can, to an extent, be minimized by training the body to quickly respond to temperature changes. Cold baths help in this direction. However, the best safeguard against chills and colds is good personal hygiene.

What has been said of chills is equally true of drafts. While in themselves they are incapable of producing colds they may predispose to or aggravate colds, especially in infants, the aged, and the feeble.

STATE LEGION TO INSTALL LOCAL OFFICERS BY RADIO

(By Associated Press)

SAN FRANCISCO, Jan. 30.—Fifty-five thousand members of the American Legion will put radio to a new test on Lincoln's birthday when officers of every post are installed from San Francisco by that method.

Two stations, KGO, San Francisco, and KECA, Los Angeles, will broadcast the ceremonial.

WILMETH NEWS

Mr. and Mrs. Sam Freeman are rejoicing over the arrival of a fine girl.

The school teams are making good records. They (the Senior boys) played Wingate Thursday. It was an official game, and the score was 15-9 in our favor. Friday the senior boys and girls both played Norton. We won over the girls by one point, it was a very interesting game. The boys' team won by more, 38 to 33. Our only official games will be played with Wingate, and we have this week and next in which to finish them.

The Baptist pastor, Mr. Malone, filled his pulpit Sunday for the last time. He has resigned. As yet the pulpit committee has made no selection. Mr. Hood, Mr. Puckett, Mr. Moreland and others are on the committee, and intend to select a pastor as soon as possible. Mr. Malone leaves many friends who hate to see him go, and wish him well in his later ministry.

The school is submerged under an avalanche of why's and wherefore's this week. Mid-terms examinations are in progress, later there will probably be weeping.

Industry Stimulator

Texas said:

"There's no chance of comparing America and England. You have the cheapest power possible. Everybody can use it, whereas in England it can't be done. I pay 25 cents a kilowatt hour for electric service. It is impossible for all classes to have this convenience. For instance in the agricultural areas, where laborers are paid 31 shillings a week, they could not afford to buy electric service.

"West Texas should be very thankful for cheap power and for its availability to all. Big power companies certainly are of great stimulation to Texas Industry."

West Texas Utilities Company

For COLDS

We all catch colds and they can make us miserable; but yours needn't last long if you will do this: Take two or three tablets of Bayer Aspirin just as soon as possible after a cold starts. Stay in the house if you can—keep warm. Repeat with another tablet or two of Bayer Aspirin every three or four hours, if those symptoms of cold persist. Take a good laxative when you retire, and keep bowels open. If throat is sore, dissolve three tablets in a quarter-glassful of water and gargle. This soothes inflammation and reduces infection. There is nothing like Bayer Aspirin for a cold, or sore throat. And it relieves aches and pains almost instantly. The genuine tablets, marked Bayer, are absolutely harmless to the heart.

Great Faith in The New Konjola Medicine Shown

Many Prominent Ballinger People Among the First to Call at The Weeks Drug Store

From every section of Ballinger and many nearby towns, there came a vast number of people to find out about this new Konjola medical compound. It is appalling to note the great majority of mod-

G. H. MOSBY Discoverer of Konjola

ern people who are suffering from different forms of stomach, liver, kidney, and bowel disorders. Several prominent well-known citizens are among the first to purchase this medicine.

Konjola is being sold in large quantities at the Weeks Drug Store, this city where large crowds are calling to purchase this medicine or asks for information and advice.

Konjola takes a different form of action on the human system than any previously known remedy. It is a liquid, taken immediately after meals, which works with the sufferer's own food. It contains the medical ingredients of twenty-two natural plants. These have the best possible effect on the stomach, liver, kidneys and bowels so that your food works with Nature, restoring a more healthy, normal action to these important organs. After all, it is Nature that really does the work, and Konjola simply brings the help that Nature requires. This is the safest, surest and best way to conquer the ailments so many people are suffering, for example:

Sharp pains over the kidneys, a dull aching feeling across the back, swollen limbs, frequent night rising, dizziness, spots before the eyes, liver trouble, including biliousness, sick headaches, yellowish complexion and constipation, wild heart palpitation, feeling like fire from the throat to the pit of the stomach, intense pains and a feeling like a rock in the stomach, sour acid risings in the throat, cramps, etc.

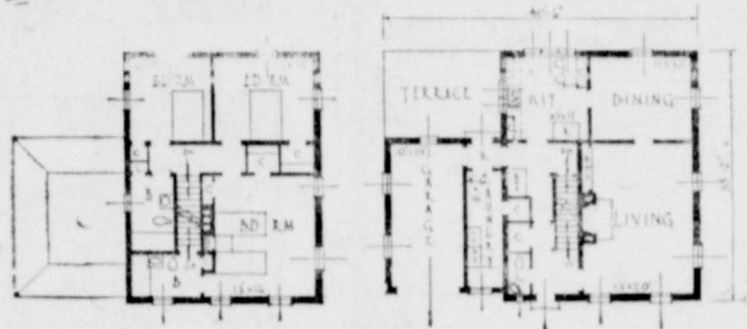

Many other forms of suffering frequently arise from the disordered condition of the stomach, liver, kidneys, and bowels. Rheumatism and neuritis are common. Catarrh often develops, which is one of the most stubborn diseases mankind is heir to, with the ringing and roaring in the ears, clogged nostrils and a general wasting away of flesh and energy. This ailment must be conquered from the system within.

The new Konjola comes to Ballinger for the first time direct from successes in larger cities. Its appearance in one large Indiana city, recently brought so many restorations to health that 661 public statements of indorsement were issued in praise of this remarkable remedy, many from public officials, nurses, ministers, and people in all walks of life.

Konjola is now being sold in Ballinger at Weeks Drug Store, where many people are calling to find out about this surprising new medicine.

J.D. Motley left Thursday afternoon for Dallas to meet with his secretaries from over Texas. He was accompanied by Claud Wile, of San Angelo, and Sim O'Neil, of Coleman, who will attend the same meeting.

Compactness Big Feature in This Home

A COMPACT floor-plan of wide utility and pleasing exterior lines give distinction to this English Georgian home. While it is suitable for a variety of lots, it can be placed on a plot as narrow as 50 feet.

A unique feature, the laundry on the first floor beside the connected garage, is especially appealing. The compact arrangement of the first floor provides access to the garage, laundry, basement and front entrance from any point in the house without passing through any other main room.

Either a woven wood fence or wall with iron fence is desirable to complete the setting. Building codes in some communities do not

permit this, however, and the design is not dependent on it.

The master bedroom is provided with a private bath with a second bath for the other two bedrooms and a lavatory and toilet near the first floor entrance. Closets are ample.

Stucco or brick may be used for exterior walls and slate, tile or wood shingles for the roof, crowned by the chimney in red brick. Shutters are green.

Construction costs will vary according to choice and grade of materials and prevailing wage scale. The house can be built for \$7,000, including heating and plumbing, in communities of medium size but estimates range between that figure and several thousand dollars higher.

State Supt. Marrs Sends Out Letter

The following letter has been received by all city and county school superintendents from the State Superintendent S. M. N. Marrs relative to the injunction stopping the paying of money for rural school aid. This injunction affects both the county and city schools and some of it goes to pay high school tuition where students are transferred for high school work.

The complete letter as sent out from Austin on January 29 follows:

Austin, Texas
January 29, 1930

To All County and City Superintendents:

The injunction granted by Hon. R. B. Minor of the Fifty-Seventh District Court at San Antonio prohibiting the disbursement of the appropriation for rural aid and high school tuition is one of the greatest calamities which has ever befallen public education in Texas. If this decision is correct, Texas can never have an efficient school system until the constitution is amended. If all of the money appropriated by the state must be distributed per capita, there will always be weak schools. In a democracy, there should be equality of opportunity, and equal money does not give an equal chance to the boys and girls in the rural districts.

The case has been appealed

to the Fourth Court of Civil Appeal of San Antonio, and it may be thirty days before we obtain a final decision. In the meantime, there can be no relief. High schools should not dismiss the transferred high school pupils, as it is believed the legislature can make a new appropriation to pay the tuition. It is possible that the legislature may give relief also in the case of transportation and bonuses for consolidation.

"But the state aid schools that are expecting to receive money to pay salaries of teachers will be disappointed if the injunction is sustained. I sincerely hope that all such schools will carry on as late as March 1, 1930. I am making this appeal to the teachers, as I know the large majority of them are patriotic and earnestly desire the welfare of our schools. It must be distinctly understood, however, that no debt can be carried over to be paid from the income of a succeeding year, and the teacher must be willing to donate her services for the extra time, if the injunction is eventually sustained by the higher courts. I am confident that the citizens of many communities would be equally patriotic and, if necessary, raise a sufficient amount by private subscription to pay the salaries of the teachers. Let us not fail the children in this crisis.

Very sincerely yours,
S. M. N. Marrs
State Superintendent"

4-H CLUB ORGANIZE AT INDEPENDENCE

Mrs. Hollingsworth visited our school January 14, we organized the 4-H Club. The following officers were elected: Lydia Wood, president; Mildred Smith, vice-president; Lorene Sprinkle, reporter. The club consists of: Lydia Wood, Mildred Smith, Lorene Sprinkle, Juanita Allen, Margie Henderson, Marie Parker, Lucile Henderson and Lataine Allen. We hope to make a great success in our club, which we think we will. There are no girls in our club who have taken work before, so we are all just beginners. Mrs. Hollingsworth is of course helping us in every way possible.

city will spend \$215,000 for improvements including an incinerator.

Sid Caskey, of Winters, was in Ballinger Thursday attending to business for the day.

MUCH BUILDING UNDER WAY AT CORPUS CHRISTI

(By Associated Press)
CORPUS CHRISTI, Jan. 30.—More than a million and a quarter dollars worth of commercial and industrial building is under construction in Corpus Christi, according to the Chamber of Commerce.

Building under actual construction amounts to \$1,427,500 and Nueces county will spend \$250,000 on lateral roads this year. The

Styles of Four Eras Shown in "Show Boat," at Palace Theatre Sunday

A wardrobe including costumes of four different periods, ranging from 1885 to the present, had to be assembled for "Show Boat," screen production of Edna Ferber's world-known novel which will open a three-day engagement in Ballinger at the Palace Theatre Sunday. Laura La Plante is starred, and Joseph Schildkraut plays opposite.

The garment list which Director Harry Pollard gave Johanna Mathieson, head of Universal's wardrobe department, was one of the most difficult to fill in screen history, according to the wardrobe mistress.

"This is among the few pictures ever made that required costumes of four different periods," said Miss Mathieson. "There are pictures which need two, and sometimes three, but rarely four."

The costume periods needed were those of 1885, 1896, 1905 and the present.

"During the forty-five years covered by the story, many changes took place in the American style of dress," Miss Mathieson said.

"In the middle eighties women went in strongly for bustles and wide-shoulder dresses. About 1896 the 'leg o' mutton' sleeves were the keynote of style. This was accompanied by the 'hour-glass' waist.

In 1905 was the regime of the Gibson girl. She wore a flowing princess dress, with a wide ruffled skirt. Soft pompadours and curls went with this ensemble.

"From that time to the present, the changes have been revolu-

tionary. There is very little left of the former styles in modern dress. But I had to spend more than three weeks of research before I was able to start designing the rest of the costumes," Miss Mathieson concluded.

Some of the members of the Show Boat troupe go through the four periods. In the first Magnolia is shown as a child and when she grows up she is played by Miss La Plante and goes through three of the periods. Joseph Schildkraut also goes through three periods.

The other members of the cast of this super-production are Alma Rubens, Emily Fitzroy, Otis Harlan, Elise Bartlett, Neely Edwards, Jane La Verne, Blanche Craig, Theodore Lorch, and Harry Holden.

Guard against SORE THROAT

At the first sign of colds or sore throat, gargle with Listerine, the safe antiseptic. It kills germs in 15 seconds, yet is safe and healing to tissue.

AVOID THE THREAT of the weight of age

AVOID THAT FUTURE SHADOW

By refraining from over-indulgence

You men who would keep trim and fit... you women who covet the tantalizing curves of the truly modern figure—when tempted to do yourself too well, light a **Lucky** instead. Be moderate—be moderate in all things, even in smoking. Eat healthfully but not immoderately. When your eyes are bigger than your stomach, light a **Lucky** instead. Coming events cast their shadows before. Avoid that future shadow by avoiding over-indulgence, if you would maintain that lithe, youthful figure.

Lucky Strike, the finest Cigarette you ever smoked, made of the finest tobacco—The Cream of the Crop—"IT'S TOASTED." Everyone knows that heat purifies and so "TOASTING" not only removes impurities but adds to the flavor and improves the taste.

"Coming events cast their shadows before"

"It's toasted"

*Be Moderate!... Don't jeopardize the modern form by drastic diets, harmful reducing girdles, fake reducing tablets or other quack "anti-fat" remedies condemned by the Medical profession! Millions of dollars each year are wasted on these ridiculous and dangerous nostrums. Be Sensible! Be Moderate! We do not represent that smoking **Lucky Strike** Cigarettes will bring modern figures or cause the reduction of flesh. We do declare that when tempted to do yourself too well, if you will "Reach for **Lucky**" instead, you will thus avoid over-indulgence in things that cause excess weight and, by avoiding over-indulgence, maintain a modern, graceful form.

BETHEL NEWS

Every one present enjoyed the recital given by the expression class Friday night.

Mr. and Mrs. Tom Moreland visited Mr. and Mrs. M. McShan, Sunday.

A hard-fought game was played by the outside girls and the school girls Friday at noon. The outside girls won by a score of 12 and 11.

Friday afternoon the Ballinger basketball team played the Bethel team. Ballinger won over Bethel by a score of 47 to 6.

Mr. and Mrs. Buster Crockett, Mr. and Mrs. Sug Crockett and Mr. and Mrs. Rupert Crockett visited in the Tom Crockett home Sunday.

Mrs. Zachery is visiting her daughter, Mrs. John Batts.

Mr. and Mrs. Rogers Jones and Mrs. Luther Duke attended the recital given Friday night.

Mr. Hornburg visited relatives in Winters Saturday and Sunday.

News from Miss Sallie Shelburne stated that she was able to be up.

Mrs. Sid Dunn is visiting her brother, Mr. Bob Richardson.

The T. P. A. met Thursday night with a large crowd attending. After a short business meeting a social was enjoyed by all. The most comical episode of the evening was the "honeymoon trip." Refreshments, which consisted of candy and pop corn balls, were served to twenty members and ten visitors.

There will be preaching at the Baptist church Friday night, Saturday night and Sunday. The volunteer band from Simmons will have charge of the services Sunday.

Wild Fowl Go to City OAKLAND, Calif., Jan. 29.—(AP)—Thousands of wild duck, geese, crane and other water fowl take refuge in a lake in the heart of this city each hunting season.

Be wise and advertise.

Cupid Frozen Up; 10 Licenses Issued

Dan Cupid possibly was frozen out during the month of January and his arrows could not penetrate the sleet, ice and cold of the several blizzards. During the first thirty days of this month only ten permits for marriage licenses, setting a low record for the county in a month. Miss Ima McKown, county clerk, stated that applicants were few and far between and that she was considering an advertising contract with The Ledger to stimulate business.

Those making applications for permits this month were:

Walter Pittman and Miss Iris Loflin

Walter N. Bigby and Miss Minnie Marks

Richard Collins and Miss Alberta Murphy

E. Stanley Richards and Miss Delma Donaldson

Phillip Mack and Miss Terry Lee Fuller

Edward Davis and Miss Nona May Solsbery

Alfred Bryan and Miss Opal Campbell

Joe Jean and Miss Commilian Clanton

James R. Neely and Miss Ruth Skinner

M. A. Hardin and Miss Julia Gillespie

Miss Georgia Singletary, district clerk, reported that seven cases for divorce had been filed in the 35th district court and would be ready for hearing when court convenes in February. Of course the applications for marriage permits listed above are for the month of January alone and the divorce petitions represent practically six months time, since the last term of district court here, so no comparisons are intended.

Thursday, January 30, was the last day for service on civil suits, and Miss Singletary stated that twenty suits had been filed for attention of the next term of court. This is a very small number as seven of these are divorce cases which probably will not be contested.

To date only two criminal complaints have been filed for action by the grand jury. Sheriff R. E. McWilliams stated Thursday that unless something occurred between now and time for the opening of court on February 10, that the grand jury could complete its work in two days.

Law enforcement officers have been on the job closer than ever since the last term of district court here, but no crimes have been committed and no complaints filed. The few arrests made were mostly for minor offenses, the violators entering pleas of guilty and paying their fines in the lower courts.

City and county courts have handled quite a number of cases but none were contested or appealed to higher courts. A large majority of these cases during the fall and winter were gaming cases and fines cleared the dockets.

Four petit juries—one for each of the four weeks term of 35th district court—and a grand jury venire, have been summoned.

Chicago Optometrist Offers \$20 Spectacles for \$2.98 Gives 100 Day Trial

A Chicago Optometrist has devised a new comfort spectacle that leaves no mark on the nose or face, is guaranteed against breaking or tarnishing. These spectacles are really beautiful, create a distinguished appearance and will enable anyone to read the finest print, see far or near. The manufacturers now offer to send a pair on 100 day trial to any honest person with the understanding that if their customers are not amazed and delighted and do not think the spectacles they list at \$2.98 equal to those sold elsewhere at \$20, they will be out nothing. A beautiful spectacle case and style book included free. Send no money, just your name, address and age if you wish to try a pair of spectacles at their risk. Write Dr. Ritholz & Sons, Suite 30 CHR 110, 1445 W. Jackson Blvd., Chicago, Ill., today. 23-30d

SPECIAL RATES GRANTED FOR FAT STOCK SHOW

(By Associated Press) FORT WORTH, Jan. 30.—Special roundtrip rates have been offered by railroads from all Texas points for the 1930 Southwestern Exposition and Fat Stock Show here March 8 to 18.

From points within 150 miles of Fort Worth, a fare and one-third will be charged, and from other points a fair of one-fifth. The reduced rates will be effective March 6 to 15, with March 18 the final date of return.

PARIS.—(AP)—A trial Diesel engine for airplanes has been approved by the French minister of air and a group of the new motors are to be made for the army and navy.

BENOIT NEWS

Rev. Byrd, a Coke county minister, preached for us at 2:45 Sunday afternoon. The services had not been published as they should have been so there were but few out to hear him. Listeners who were present represent Bro. Byrd to be a good speaker. An appointment was left for the 23rd of February, when we hope a larger crowd will be out to hear him.

A. W. Hill and family of Ballinger, moved to Benoit Monday.

Miss Evelyn Tullus spent Saturday night with Miss Earline Cox.

The P. T. A. met at the school house Thursday night. Two new members were taken in. A short program was carried out by the teachers and some of the school children.

Mr. and Mrs. T. A. Odom visited Mr. and Mrs. George Odom Sunday.

Miss Lurline Brookshire was very busy Saturday helping Piggly Wiggly sell groceries. We feel very proud of Lurline as a Benoit girl, and a Ballinger high school girl, and wish for her every success.

L. B. Rumpy Jr. happened to a very painful accident Thursday night while trying to crank his car. The machine became unruly, "kicking" him on the wrist, breaking one bone above the wrist. He had gone to Wilmeth to spend the night with relatives. Following the accident he was immediately taken to Winters where the bone was set. At this writing he seems to be doing fine and suffering little pain from the misfortune.

Mr. and Mrs. Bud Whitehead, of Rochelle, spent Saturday night and Sunday with J. D. Tullos and family.

Mr. and Mrs. Lawton Clayton spent Sunday with Mr. and Mrs. Milton Clayton.

Mrs. Albert Williams and baby are visiting in the Rome Williams home at Talpa.

Miss Edith Odom's guests Sunday were Miss Mae Ashton, Bryan Clayton and Milton Gibson.

At this writing we have cloudy damp weather—we hope for falling weather before the clouds disappear.

Mr. and Mrs. Yates Clayton, of Ballinger, called to see W. T. Hill and family Sunday afternoon.

Rev. Smith, pastor of the Talpa Methodist church, and his wife

Mr. and Mrs. Ed Fox visited B. E. Kelly and family Sunday.

Mrs. J. T. Hoffman is improving after a siege of illness.

MAVERICK MUSINGS

At last a rain is falling over this section of the county which is highly welcomed by the farmers of the community.

An official game was played here Friday between Miles boys and girls, and the home town teams, Miles being victorious in both instances.

Mrs. Lawrence Miller, nee Miss Marie Wiygle, died at Abilene at 6 o'clock on the morning of the 22nd and was buried at Bronte January 23rd. This community extend their sympathy to the bereaved.

Bert Fletcher and father, J. A. Fletcher left for Mullin Tuesday morning where J. A. will stay for an extended visit. Mrs. Bert Fletcher, who has been at the bedside of her sister, will return home.

Miss Mittie Clifton, of Whon, spent the Sabbath here and was accompanied home by her sister, Miss Meeta Clifton, and Earl Bowden.

Mr. and Mrs. "Doc" Lee and children spent Sunday afternoon in the home of Mr. and Mrs. Ernest Marshall.

Miss Velva Moreland's mother, of Winters, spent Sunday afternoon visiting in Maverick.

Connell McAuley was a business visitor in Maverick Tuesday afternoon.

The young people of the community enjoyed a "42" party at Mrs. R. D. Martin's Saturday

night, and one at Mrs. Ernest Marshall's Monday night.

John Clements is on the sick list this week.

The P. T. A. will render a program at the auditorium Friday evening. Everyone is cordially invited to attend.

Misses Flora, Florence and Bonnie Smith and Bob Frazer spent Friday evening on the home of Mr. and Mrs. Leonard Bowden.

Mrs. R. S. Bowden and son spent last week-end with her mother, Mrs. Buford, of Robert Lee.

Hunting Made a Business SILVER CITY, N. M., Jan. 29.—(AP)—Predatory animal hunters killed 268 coyotes in this state in one month recently.

NO "PEP," SLUGGISH

Constipation Troubles Relieved By Help of Theford's Black-Draught, Says Tennessee Coal Miner.

Tracy City, Tenn.—"My work makes it necessary for me to use a medicine which will give quick relief from constipation and indigestion," says Mr. Lee Nunley, a well-known coal miner of this place. "For forty years or more," he says, "I have taken Black-Draught for these troubles, and have always found it reliable. At times, I suffer from bad spells of indigestion, following constipation.

"Many years ago, a friend told me to try Black-Draught, as it was a vegetable remedy and would not harm my body, so that is how I came to use it. I make a tea of it, and take a sip of it after meals. I soon began to feel better when I start this treatment.

"My work is very confining, and my color gets bad and I get sluggish. I lose my 'pep' and don't feel like going. After I take a course of Black-Draught I feel fine again."

Manufacture of Theford's Black-Draught began nearly 100 years ago, and many people tell of having taken it all their lives when in need of a laxative or cathartic.

Refuse imitations and substitutes. Get the yellow package bearing the name "Theford's."

Feed! Feed! Feed! Your range cattle and sheep should be fed Cottonseed Cake, richest and cheapest protein feed on the market. Feed your milch cows, horses and mules Cottonseed Meal and Hulls with your home grown grain and roughage. Ballinger Cotton Oil Co., Inc.
