BRADY JURY APPARENTLY IN DEADLOCK

40,000 At Inauguration Of Mexican President

Recommend Parole For Frederick Cook

(By Associated Press) MEXICO CITY, Feb. 5.—Stressing "the particularly good relations" existing between Mexico and the United States, and pledging his government to five years of hard work in the interest of the common people, Pascual Ortiz Rubio took office today as president of Mexico.

Forty thousand persons jammed their way into the national stadium to witness the inaugural ceremonies. In the crowd were many Americans, the ambassadors of fifteen nations, and the entire diplomatic corps accredited to Mexico assembled as a group.

DALLAS, Feb. 5.—The Kansas City Chamber of Commerce plane carrying a delegation to Mexico City for the presidential inauguration of Pascual Ortiz Rubio left here at 11:30 o'clock this morning. Brownsville is the next scheduled stop.

County Council To Meet Here on February 12th

The county council of the Runnels county Parent-Teacher associations will meet in Ballinger 2 p.m. February 12th, at the high school auditorium. This information is being sent to all P.T.A. organizations in the county in an effort to secure a full attendance at the meeting.

Each association is expected to send its president and one delegate for each ten members. There are twenty-one active organizations in the county at present and all are expected to have delegations here for the program. Any one else interested in the work has a cordial invitation to be present and hear the program and discussions. The chairman is anxious that a large crowd be present as the program will be very interesting and effective.

F. Bowing is the order of business for the afternoon:

Prayer—Rev. J. H. McClain
P.T.A. songs
Short program by kindergarten pupils

Candle lighting ceremony celebrating the 33rd birthday of the national P.T.A. This feature will be presented by Mrs. B. J. Smith, of Wingate, and thirty-three members of the county council.

Song, "A Little Child Shall Lead Them"—Mrs. Frank Pearce

Business session

Social hour. The Ballinger P.T.A. will be host during the social hour to everyone attending the meeting.

This gathering is stressed by the chairman as a very important one and it is hoped that each unit in the county will send more than just the number of delegates allowed. If more members attend these council meetings more people will become interested in doing work in the organization, it is believed.

PARTY FROM FIELD MUSEUM SEEKING RARE HONEY BIRD

(By Associated Press) CHICAGO, Feb. 5.—A field museum expedition from Chicago has left to seek in Africa a number of rare specimens of birds and animal life, some of them not found in any museum in the world.

Among the chief objects will be the African honey bird and the very rare and beautiful sable antelope of Portuguese West Africa. The expedition is led by Arthur S. Verney of New York and London.

The honey bird is a little bird which leads men to honey. It is said to whistle softly at the sight of man and, once attention is arrested, to flutter up into the branches of a tree where bees have stored honey.

Mr. and Mrs. M. S. Karmany, of the Higginbotham store, have gone to Dallas to buy spring merchandise.

Gold Star Mothers Going 'Over There'

(By Associated Press)

WASHINGTON, Feb. 5.—The Wood resolution to appropriate \$5,380,000 to finance a pilgrimage of the Gold Star mothers to the European battlefields and cemeteries was adopted today by the House. The measure now goes to the Senate.

Father and Son Banquet Feb. 21

Arrangements are being perfected by the Ballinger Boy Scout organization for the staging of a father and son banquet on February 21st. A committee is working on the plans for the menu and will be ready in the next few days to announce the place of the banquet and the amount to be charged for each place. According to Robert E. Bruce, chairman of the local council, the price will be held as low as possible, perhaps about 15 cents per plate. This is being done to place the tickets within the reach of every boy and his father and an effort will be made to have each one present.

The small river bed bill validated the titles to land in stream beds where surveys cross streams not navigable but which are more than thirty feet wide. Original statutes classed these streams as navigable and forbade surveys to include them.

Governor Moody vetoed the bill on the grounds that it was unconstitutional.

HIGHWAY IMPROVEMENTS PROCEED NEAR YOAKUM

(By Associated Press) YOAKUM, Tex., Feb. 5.—The unemployment problem here has been reduced to a minimum and the monthly industrial pay roll boosted about \$35,000 by additional crews of workers employed on highway and street paving and building construction.

Highway No. 109 from Yoakum to Hochrim, a distance of 10 miles, is now being prepared for paving and about 75 men will be employed for three months. One hundred and fifty blocks in the residential section are being paved, employing more than 50 men. A produce company is erecting a three story building of concrete which will house an up-to-date creamery and produce house, and more than 50 men are employed in its construction. Public utilities are also employing extra crews and improving their service.

PANHANDLE MAN LOOKS FOR BIG WHEAT CROP

(By Associated Press) AMARILLO, Feb. 5.—Two and a half million acres in the Texas Panhandle were sown to wheat last fall, W. A. Barlow, general manager of the Great West Mill and Elevator here, and said to be the best posted man in the Panhandle on the wheat situation estimates. This is a 20 per cent increase over 1929.

"The crop last year was 40,000 bushels and I believe this year's crop will be not less than 45,000,000 bushels," Barlow said.

Show this winter has amounted to 18 inches. For six consecutive days the mercury stood at freezing or below. "It is too early to tell what damage has been done to the wheat by this freeze," Mr. Barlow declared.

HUNTING WOLVES IN WEST WITH A PLANE

(By Associated Press) McCAIMEY, Feb. 5.—Three wolves fell prey to an aerial attack on the Doug Kirby ranch in Upson county.

Lee Wilson of Ozona, aviation enthusiast, accompanied by three ranchmen brought three pellets back to Rankin after a two hours flight. Wilson and Doug Friend, pilots, located the wolves and Kirby and Allen did the shooting, using shotguns.

Mrs. Douglass' Sunday school class will hold a cake and candy sale at the "M" System on Saturday, February 8th. Phone Miss Ima McKown your special order for home made cakes.

LAW AND ORDER CLUB ORGANIZES AT PAMPA

(By Associated Press)

PAMPA, Tex., Feb. 5.—Organization of a Law and Order club with a charter roll of 150 members and a membership goal of one thousand has been perfected here.

J. L. Noel has been elected president. He, with a temporary committee, will name chairmen of various communities of Gray county. The temporary committee is composed of C. S. Wootman,

J. N. Duncan, Roy McMillen, E. G. Barrett, C. L. Thomas and Don L. Wakeman.

The first activity of the organization will be a pay-your-part campaign. The main purpose, members state, however, will be to work for rigid enforcement of the liquor laws.

Mrs. Douglass' Sunday school class will hold a cake and candy sale at the "M" System on Saturday, February 8th. Phone Miss Ima McKown your special order for home made cakes.

2 Workmen Killed; Fall 18 Stories

(By Associated Press)

SAN ANTONIO, Feb. 5.—A. J. Smith and Milton Sadler, workmen, were killed instantly here today when they plunged to the ground from the eighteenth floor of the Alamo National Bank building, which is under construction. The men were riding an outside elevator when the cable broke.

This was the fourth fatality since construction of the building commenced.

Gov. Moody's Plan Taken Up by House

(By Associated Press)

AUSTIN, Feb. 5.—Gov. Moody's plan for a central industrial unit of the prison system near Austin, with agricultural activities concentrated on four lower Brazos valley farms, was considered by the House today.

As now proposed the industrial unit would be "not less than twenty nor more than seventy-five miles" from Austin.

GOOD PROGRAM GIVEN AT ROTARY LUNCHEON

The Rotary Club met Wednesday at the Central Hotel in its weekly luncheon with a large number of members and several out-of-town visitors present.

District Judge E. J. Miller was introduced and spoke a few words. The main speaker Wednesday was L. R. Tigner, who enlarged on the subject of "Classification." Mr. Tigner brought out many good ideas and covered his theme thoroughly.

Several business items were submitted to the club but were referred to the board of directors for approval.

BELTON PASTOR WILL ACCEPT CALL TO LUBBOCK

(By Associated Press)

LUBBOCK, Feb. 5.—Dr. R. C. Campbell, pastor of the First Baptist Church of Belton, has accepted the pastorate of the First Baptist Church of Lubbock. He will begin his duties here March 1st.

Dr. Campbell succeeds Dr. W. R. White, who resigned to accept the position of secretary of the Texas Baptist Convention.

NEW DAIRY SHIPS 800 GALLONS OF MILK DAILY

(By Associated Press)

CORROE, Tex., Feb. 5.—The dairy business in Montgomery county, started out a few months ago, has developed into one of the leading industries here. Eight hundred gallons of milk is being shipped from the county daily. Herds are in splendid condition, according to W. I. Glass, agricultural agent.

Mr. Butler estimates the normal movement out of the Panhandle in a year is between 500,000 and 600,000 head.

"Most of the young stuff goes to Kansas, Nebraska, Iowa and Illinois," he added.

LAW AND ORDER CLUB ORGANIZES AT PAMPA

(By Associated Press)

PAMPA, Tex., Feb. 5.—Organization of a Law and Order club with a charter roll of 150 members and a membership goal of one thousand has been perfected here.

J. L. Noel has been elected president. He, with a temporary committee, will name chairmen of various communities of Gray county. The temporary committee is composed of C. S. Wootman,

J. N. Duncan, Roy McMillen, E. G. Barrett, C. L. Thomas and Don L. Wakeman.

The first activity of the organization will be a pay-your-part campaign.

The main purpose, members state, however, will be to work for rigid enforcement of the liquor laws.

Mrs. Douglass' Sunday school class will hold a cake and candy sale at the "M" System on Saturday, February 8th. Phone Miss Ima McKown your special order for home made cakes.

Senate Confirms Valls Nomination

(By Associated Press)

AUSTIN, Feb. 5.—The Senate today confirmed the nomination by Governor Moody of John Valls, of Laredo, as district attorney of the 49th judicial district.

Valls' confirmation was opposed by a delegation of Laredo citizens who claimed the district attorney's alleged unfriendly attitude toward the government of Mexico caused the strained relations between that port and Mexican officials.

Taft Apparently Is Better Today

(By Associated Press)

WASHINGTON, Feb. 5.—William Howard Taft, who is ill at his home here, apparently is in a better condition today.

Mr. Taft arrived here yesterday from Asheville, North Carolina, where he went to recuperate from a long illness.

Survey Shows Cold Hurt Valley Crops

(By Associated Press)

LAREDO, Feb. 5.—A survey of the Laredo district to determine the damage done to citrus fruits and winter vegetables by the recent cold weather shows both fruits and vegetables suffered to a certain extent, but not as heavily as had been feared.

In citrus orchards curled and slightly discolored leaves on many trees indicated that these would fall off, while on other trees badly scorched young branches from tips back two to four inches indicated these would have to be cut off as dead wood before the new foliage begins to set out in spring.

Some of the young trees put out during the past year appear virtually defoliated, causing a loss in growth.

Otherwise than the "burning" of many leaves and the destructive effects of the cold on the outer portions of the young branches by the severest cold experienced in the Laredo section in 30 years, there was no serious damage done to the Bermuda onion crop of 3,870 acres, as well as other winter vegetables, especially spinach and broccoli, remains to be determined. On many farms the onion tops were lying flat on the ground following the severe freeze of January 23, but three days later after even the sunshine had gotten in two days work and the fields had been subjected to liberal irrigation, most of the tops, though badly scorched on the tips and some on the bodies, began to assume an erect attitude, indicating recuperation. Onion growers believe their losses will be very small if favorable weather ensues for the next few weeks.

Divergent opinions are expressed by growers concerning the damage to spinach and broccoli.

Suit was brought by W. H. Ligon, who identified himself as a partner in the Alamo Cactus Company, and asserted that Mr. and Mrs. I. D. Jones owed him \$190 for cactus. The ruling was in favor of the defendant and Ligon appealed.

When the appeal came up for hearing it was discovered the cactus had frozen and died in solitary confinement.

AIRPORT WILL INSTALL RADIO EQUIPMENT

(By Associated Press)

BIG SPRING, Feb. 5.—The Big Spring airport is to be equipped with radio broadcasting and receiving equipment, according to Jerry Marshall, operations manager of the Southern Air Transport System which operates the port. Weather reports will be exchanged between Big Spring and Atlanta, New Orleans, Dallas, Brownsville, Fort Worth and El Paso. The equipment will be used also to handle reservations for passengers.

TRANSPORT SECTION FOR SANTONE HORSE SHOW

(By Associated Press)

SAN ANTONIO, Feb. 5.—A transport show will be a part of the horse show to be staged as a feature of the Mid-Winter Polo Tournament here February 12 and 13.

Prizes will be awarded the best artillery gun section, best reel cart, best rolling kitchen, best machine gun squad, and other army travel equipment.

OLD HOME OF O. HENRY WILL BE TORN DOWN

(By Associated Press)

AUSTIN, Feb. 5.—The old O. Henry home at 308 East Fourth street is to be removed or torn down to make way for a modern business structure at that location.

A movement is underway to have the former residence of the famous short story writer moved to a park or other suitable location as a memorial to O. Henry.

The owners of the property were said to be willing to donate the house if others would pay for its removal.

ENROLLMENT IN LUBBOCK SCHOOLS SHOWS GAIN

(By Associated Press)

LUBBOCK, Feb. 5.—With an enrollment in Lubbock public schools now at 5,287 students, a gain of approximately 500 is marked over the same period a year ago.

There are 45 rooms of the city's school system running half-day sessions because of crowded conditions and M. H. Duncan, superintendent, announces that by the time the new \$650,000 high school will have been completed it will be completely filled. Bids are to be asked for construction of this building as soon as architects have completed drawings and plans.

Just to keep it before the public and keep the ball rolling towards the building of a municipal park here we report that no further action has been accomplished by the committee. After an inspection of the site by a special committee, members of the general committee composed of the park committees from the Chamber of Commerce, Rotary and Lions clubs, and American Legion post have not been recalled to hear the report. Individual expressions from the inspection committee were very enthusiastic and figures were compiled as to costs, etc. This movement should be carried forward until some final action is accomplished. The citizens realize the benefits of the park; almost everyone is enthusiastic about it being commenced this year, and the right place seems to have been found. If the committee will push the proposition there is no reason why it cannot become a reality.

Milady's wardrobe is going to be hard hit this spring. Leaves from last spring and summer are out of date and will resemble a ballet costume this spring if advance fashion sheets speak true. Last spring the dresses were about as far above the knee as they are supposed to be below it for the next season. We don't know much about alterations but we imagine it is easier to cut them off than to lengthen them. Anyway Easter morn this year should see the greatest array of style ever assembled for one day.

SLATON CHAMBER NAMES NEW OFFICERS FOR 1930

(By Associated Press)
LUBBOCK, Feb. 5.—L. A. Wilson, secretary of the Slaton Chamber of Commerce, has been elected president of the South Plains Commercial Executives Association. Other officers are Fay Guthrie of Lockney, vice-president, and A. B. Davis, Lubbock secretary.

For County Treasury: Mrs. R. P. KIRK
For County Judge: PAUL TRIMMIE
For County Attorney: ROY L. HILL
For County Superintendent: R. E. WHITE

Felt Miserable Before Orgatone Gave Her Relief

"Orgatone is a very good medicine," declares Mrs. Joe Warren, well known Austin matron.

"I was simply miserable for a year, before I started taking Orgatone," declared Mrs. Joe Warren, of 302 West Johanna Street, Austin, Texas, recently. "I had a very sluggish liver and it made me feel badly all over."

"I was also troubled with indigestion and gas formations," continued Mrs. Warren. "I didn't have the pep and energy I should have had, and sometimes after meals the gas formations would make me feel positively miserable. At times, the gas would affect my heart and cause pains in my back and chest. Besides this, I was bilious and had frequent attacks of dizzy headaches."

"Orgatone was beginning to cause much discussion in Austin about that time and I heard so many people speak highly of it, I heard such hearty recommendations from the many it had benefited, that I believed it might help me in my trouble. So I started the treatment."

"I can't say how glad I am that I did start taking it, for I feel so much better now. My old headaches are things of the past. My liver seems to be in perfect condition, for I feel good all the time, now."

"I think Orgatone is a very good medicine, it must be, it has helped me so much."

Genuine Orgatone may be bought in Ballinger at the Weeks Drug Store.

Card of Thanks

We wish to express our thanks to the good people of the Norton community for their constant thoughtfulness and the many deeds of kindness bestowed upon our mother, Mrs. M. A. Bass, throughout the years that she has lived in Norton. Words cannot express our appreciation of the beautiful friendship shown her and the memory of it will always stand out as a bright and shining star in the dark cloud of gloom that her going away has cast over us. We wish sincerely, that such devoted friends will rally around you, at the evening time of life, when your loved ones are scattered and brighten your path way in the declining years as you have brightened that of our mother.

W. P. DEKLE AND FAMILY

Mrs. Clarence Richards, of Abilene, is visiting Mr. and Mrs. R. T. Williams.

Single prescription made a family doctor famous

SELDOM has any single act been of greater benefit to mankind than the one which Dr. Caldwell performed back in 1888 when he wrote the prescription which has carried his fame to the four corners of the earth.

Over and over, Dr. Caldwell wrote this prescription as he found men, women, and children suffering from those common symptoms of constipation, such as coated tongue, bad breath, headaches, gas, nausea, biliousness, poor appetite, or lack of energy, etc. And it invariably relieved these symptoms so much more pleasantly, so much quicker than other things, that his patients simply had to tell other people about it.

The demand for this prescri-

SUNDOWN STORIES**THE JOURNEY**

By Mary Graham Bonner

"I'm not turning the time very much" the Little Black Clock said, as they started off, "but we are going to take quite a trip. My magic will get us there soon."

They were here in a very short time, for when the Little Black Clock wanted to get to some place quickly it could, be done. They were now beside a river and along came a person dressed in a costume that looked something like white rock and something like hardened salt.

"I'm going to be your salty companion," said the person after the Little Black Clock had told the name of the children. "And I'm going to take you to a salt cellar dance."

"A salt cellar dance," repeated John. That sounds crazy enough."

Peggy simply didn't have anything to say. She hasn't an idea what this new person could mean by saying he was going to take them to a salt cellar dance.

First of all, the new person gave John and Peggy coats to wear over their regular clothes and also gave a little jacket to the Little Black Clock, saying:

"You'll need these so your clothes won't be ruined."

"What in the world are we going to do?" asked John.

"Well, you have not only taken a journey over here, but you're going to take a journey down into the earth to see the most wonderful salt cellar in the world, and you'll see a dance there too."

It was certainly very puzzling.

"We're ready," said the person.

And they went down into the most wonderful salt mines and saw astonishing sights.

(Tomorrow—Salt Cellar Dance.)

Can't Talk To Wife.

Too Cross and Nervous
Even my husband couldn't talk to me. I was so cross and nervous. Vinol has made me a different and happy woman.—Mrs. N. McCall.

Vinol is a compound of iron, phosphates, cod liver peptone, etc. The very FIRST bottle makes you sleep better and have a BIG appetite. Nervous, easily tired people are surprised how QUICK the iron, phosphates, etc., give new life and pep. Vinol tastes delicious. J. Y. Pearce Drug Co.

HOW'S YOUR HEALTH

Edited by Dr. George Goldsmith, New York Academy of Medicine

for New York Academy of Medicine

WHAT'S IN A NAME?

A wit has said that the ignorance of science is hid in Greek words.

There is implied in this jesting criticism a culpability which must be denied. As science discovers new bodies, new conditions, new reactions, it must coin words to designate and describe them.

Greek better than Latin, supplies us with language elements out of which we may build new scientific words. Sometimes, however, the progress of science outruns its terminology and confusion results, often in the minds of the laity, quite often too, in the minds of the scientists.

When it was discovered that all living things are made up of little masses of living substance, appropriate names had to be coined for both the masses and the substance.

The masses were called cells and the substances protoplasm. Robert Hooke called the masses cells because he saw them in cork, and the little bodies that make up cork are square shaped, like Mon's cubicles.

As it happens, however, actual cells in living things are seldom square shaped, but more prone to be round, triangular or polygonal. Still, the name cell persists.

The substance in the cells is called protoplasm, which is a compound Greek term meaning "first substance."

While County Attorney of McCulloch County, Texas, at the request of the District Attorney, I had charge of all the Grand Jury work in preparing the cases

reason for that was that Jenner discovered that the lymph from cow pox could be used to protect man against small pox.

Today, however, we vaccinate against typhoid and use dead typhoid bacilli.

As our knowledge of any branch of medicine progresses, scientists tend to clean house, so to say, and to coin new expressions that more appropriately fit the situation, and thereby reduce confusion.

J. EDWARD JOHNSON SEEKS DISTRICT ATTORNEY OFFICE

To the People of the 35th Judicial District of Texas:

I hereby make my formal announcement for the office of District Attorney of this District. I was born in San Saba County, Texas, and attended school there, graduating from the San Saba high school. I later attended Baylor University at Waco, graduating from the Baylor School of Law. In the fall of 1927 I moved to Brady, McCulloch County, Texas, and there I was associated with Judge J. E. Shropshire in the practice of the law. While in the office with Judge Shropshire, as his partner, I gave the study of criminal law much attention and practiced in the courts of that county and of the adjoining counties.

In the year 1928 I was a candidate for County Attorney of McCulloch County, Texas, and was elected to that office in the July primary of that year. On October 1st, 1928, I was appointed, by the Commissioners Court of McCulloch County, Texas, to the office of County Attorney to fill the unexpired term of the man whom I was elected to succeed. I then served as County Attorney until the 24th day of July, 1929.

While County Attorney of McCulloch County, Texas, at the request of the District Attorney,

I had charge of all the Grand

Jury work in preparing the cases

for trial, as well as assisting him in the trial of all felony cases in the District Court.

**School Authorities
To Run Athletics**

The board of trustees of the Ballinger Independent School District met in regular session Tuesday night to discuss a number of important matters arising at this time. One of the first problems to be disposed of by the board was the taking over of active management and control of athletics in the schools. This move was submitted to the trustees by Superintendent H. C. Lyon some time ago. He stated in this report that the responsibility was

too great for one man and that the amount of funds handled annually was so large that it was necessary for the board to assume control.

A committee of three trustees, composed of Tom Caudie, president; Harry Lynn, treasurer; and H. S. Strain, was appointed to superintend this department. This

committee will handle all funds next year makes physical training compulsory and names the teams of the school. It also will coach as the instructor in this exercise under the direction of the coach. The superintendent will continue to establish the policies of the teams and make all important decisions. The superintendent will function with this committee to bring all the pupils into some kind of physical training. This new departure in athletics will bring all the pupils as with all other committees of the past have not supplied. Previously only the boys on the football squad received much attention in

this regard, but the new routine will make all students take some exercise under the direction of the coach.

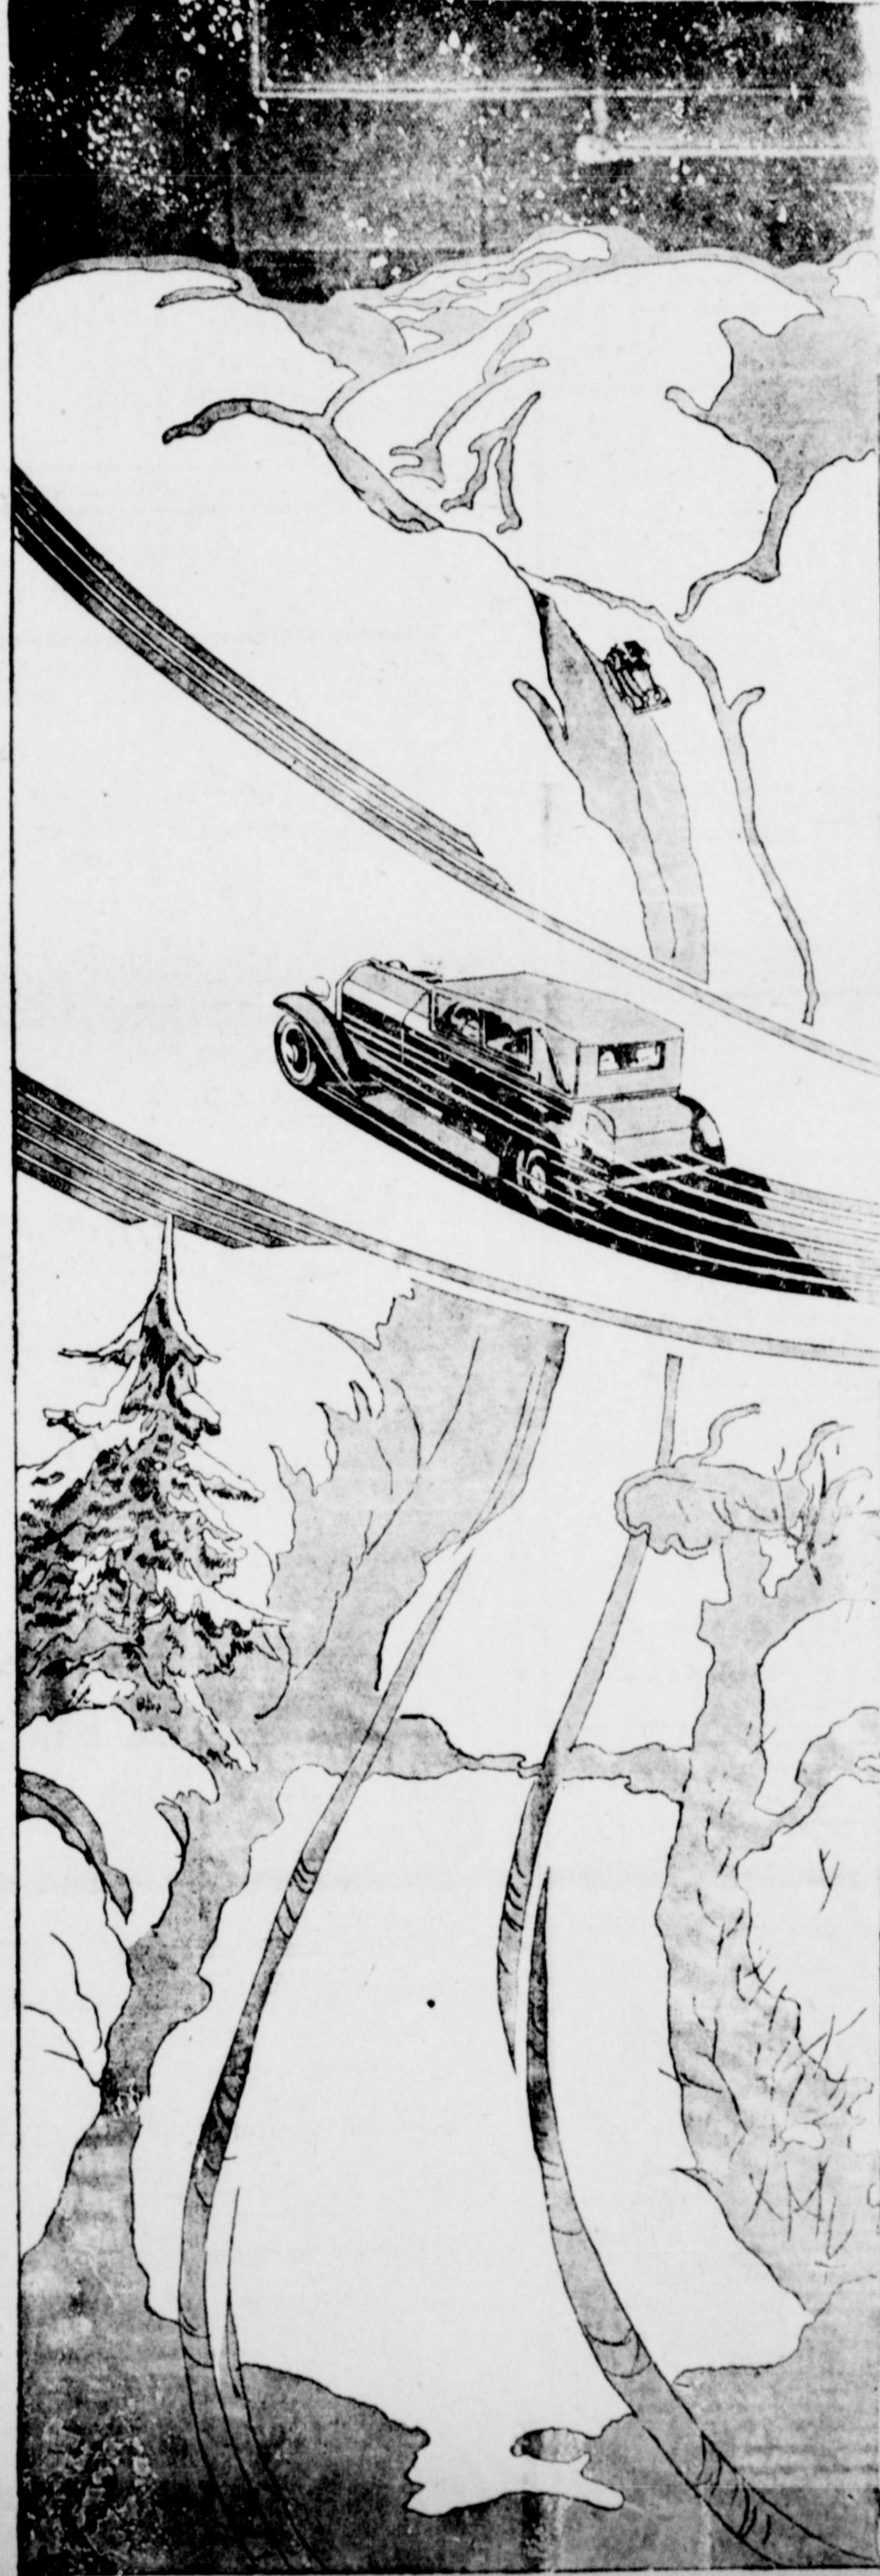

The board voted to send Supt. Lyon to Atlantic City, N. J., to attend the six-day meeting of the National Educational Association which will open on February 22. Mr. Lyon will represent the Bal-

linger schools at this convention, leaving here in ample time to reach Atlantic City for the opening session.

A number of other questions were discussed at the Tuesday night meeting but were tabled without any action until the next meeting of the board.

ANNOUNCING

A BRAND-NEW ANTI-KNOCK GAS-400° END POINT NO EXTRA COST

**GASOLINE
MADE BETTER**

THAT GOOD GULF GASOLINE is now Anti-Knock quality — 400° F. end point — at no extra cost. This Anti-Knock quality stops the knocks in the new high compression motors and greatly improves motor efficiency.

The 400° F. End Point gives instant and complete vaporization to the last drop — many motorists may not know what 400° F. End Point means but every motorist can tell the difference in his car between the new Good Gulf Gasoline and the ordinary gasoline with 437° F. End Point.

Ordinary motor gasoline may be loaded with Anti-Knock Chemicals, but the heavy non-burning ends remains to retard engine performance . . .

This combination of high anti-knock properties and volatility (the 400° F. End Point) makes the new Good Gulf Gasoline the equal of many premium gasolines and far superior to all non-premium fuels. There is but one better gas — GULF NO-NOX MOTOR FUEL AVIATION GRADE (374° F. End Point).

Remember there is no extra cost for this new Good Gulf Gasoline.

Reuben Four and Stomach Troubles Unusually Responsive to Action of New Medicine.

MR. JAMES F. SIMPSON

"Although seventy-nine years of age I found quick relief in Kenjola," said Mr. James F. Simpson, 1809 North Sixth street, Ft. Smith, Ark. "For five years I suffered from rheumatism of the worst sort. The pains settled in my back at time driving me nearly mad. Three years ago my stomach began troubling me and I grew steadily weaker from this ailment. Intense distress followed the simplest meals and food never tempted me.

In desperation I turned to Kenjola, for I knew many whom it had helped. Almost from the beginning of the treatment with his medicine, my health improved. The fits of rheumatism grew less and finally all pain from this ailment had ceased. My stomach yielded no less promptly and I soon began eating hearty meals without distress of any kind. My appetite improved and wishing to locate Jerry for the purpose of buying her land for a syndicate of which he is a member, Mimi, Mrs. Hunter, a detective, to assist him. When he finds that Hunter is cheating so as to get the land for himself, he discharges him.

John Drayton, Alan's cousin, a friend of John locates Jerry at the ranch. John and Jerry form an attachment for

Adeline Horn, 7-year-old daughter of Mr. and Mrs. J. D. Horn, had a narrow escape Tuesday afternoon when she fell into a well while playing in the yard at her home. The well is about twenty feet deep and contains no water but the walls and bottom are very rough and the child was fortunate in only receiving slight bruises about one hip. Her 4-year-old sister was playing with her when the accident occurred and ran to the house to impart the news. Help was rushed to the scene and the girl was soon brought to the surface and a physician summoned to examine her. It was first feared that Adeline had sustained a fractured limb but Wednesday morning she was able to be up and playing about the home. The little girl had a narrow escape and an experience that she will long remember.

Tom Williams, of Comanche, was in Ballinger this week looking after business with the local Higginbotham store and visiting relatives.
