VOLUME 24 NUMBER 264

BALLINGER, TEXAS, TUESDAY, FEBRUARY 18, 1936.

MEMBER ASSOCIATED PRESS

## Independent Dealers in Mass Meeting Monday

Independent dealers of Ballinger will be asked to meet on Monday night, February 24, at American Legion Hall for the purpose of organizing a "trade-at-home" association. The meeting will commence at 7:45 and everybody in Runnels county is extended an invitation to be present.

This procedure was decided Monday afternoon when a number of local merchants met to arrange for the mass meeting. After a number of telephone calls Monday night was set for the meeting time so that speakers could be secured to address the meeting and assist with the organization. C. R. Pennington, manager of the Retail Merchants Association of Abilene, and chairman of the Abilene Merchants Association, recently organized, and Jimmy Allred, of Wichita Falls, will be here. Mr. Pennington has been very active in this movement at Abilene, where a strong organization has been formed. Mr. Allred is a well known as a speaker in Texas and at present is devoting all his time to the movement. A number of local people heard him speak on this subject Monday night over Col. Will Henderson's radio station at Shreveport, KWKH.

Following the speaking, merchants who are interested in an independent dealers' organization will be asked to join and contribute so that the organization can inaugurate a campaign for home patronage.

The steering committee will name a general committee on publicity with men from every locality of Runnels county as members, and between now and next Monday advertising matter regarding the meeting will be distributed in all communities. It is the desire of the committee to have as many people as possible outside of Ballinger to hear the speakers. Additional seats will be provided at American Legion Hall in case there is an overflow attendance.

A chairman will be elected as soon as the house is called to order, to take charge of the meeting and preside during the organization proceedings.

## West Texans On Grocers' Program

DALLAS, Feb. 18.—The part played by chain stores in distribution of food served in Texas homes will occupy a large part of the program of the annual convention of the Texas Wholesale Grocers' Association which meets here Feb. 19 and 20. Sam Hanna, secretary announced.

J. M. Radford, Abilene, will talk on "Chain Stores"; C. Y. Early, Brownwood, will discuss radio educational work; and other Texans on the program are A. F. Sledge, Tyler, who will discuss truck transportation and A. A. Glover of San Angelo, who will talk on "Unearned Discounts."

Representatives of both the United States Department of Commerce and the State Health Department will address the convention when it is opened, at the Adolphus hotel on Feb. 19 by A. H. Berry, Mexia.

## HILL COUNTY MOURNS LOSS OF AN OLD TIMER

PENELOPE, Hill County, Feb. 18.—When H. Plunkett of Penelope died recently at Waco, Hill county mourned the passing of one of its most picturesque characters.

He was born in Ireland but moved to this country at an early age. Left an orphan at seven, he was placed in an orphanage. At 14 he ran away and, without a penny and with scarcely the rudiments of an education, he commenced a grim struggle to make his own way.

He came to Penelope many years ago, engaged in farming, and died one of Hill county's wealthiest farmers. He was childless and his wife died three years ago. He had no known near living relatives.

The pastor of the Methodist church aided the pastor of the Catholic church in conducting the funeral services here.

## Conference is Idle With France Out

LONDON, Feb. 18.—Very little is expected to be accomplished by the five power naval conference during next week until the French governmental crisis, brought on by the defeat of Premier Andre Tardieu in the Chamber of Deputies, is settled and a new cabinet installed.

Technically there is no French delegation at the arms restriction meeting, all having lost their status with the resignation of the government at Paris late yesterday.

## Membership Drive By Legion to Start

Plans were perfected Monday night by the Post Williams Post, American Legion, for the staging of a membership drive in Ballinger on Wednesday, February 19th. A number of local Legionnaires will devote the entire day to interviewing those who are eligible, but are not paid up to date, soliciting them to join the post before Sunday. A report of the post membership must be made at the district convention in Brady Saturday and Sunday, and at this time the Ballinger post is far short of its quota.

Cold weather prevented a drive in January and the membership is below normal for this time of the year. The local quota was set this year at 150 members which should prove an easy goal to reach with a few days work. The drive Wednesday will be restricted to Ballinger and every available member secured in the city before the campaign is extended.

A large group of local Legionnaires and Auxiliary members will attend the Brady convention this week-end. Several signed up to take their cars with full loads.

M. C. Atkins was elected as a member of the resolutions committee.

## Many Meetings Coming to Dallas

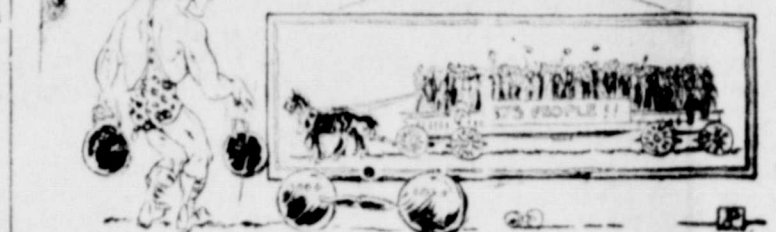

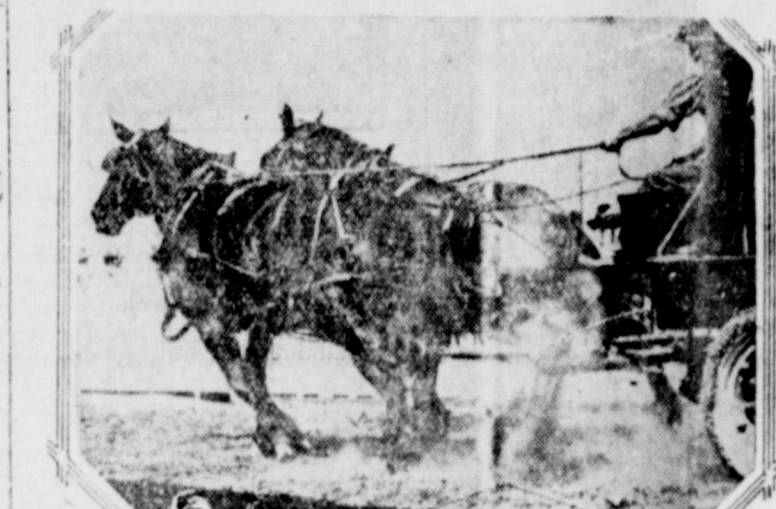

DALLAS, Feb. 18.—Many conventions and other meetings will come to Dallas in April, bringing thousands of visitors. Z. E. Black, convention manager of the chamber of commerce, has announced.

Attendance of 1,000 was predicted for the Spring Clinical Conference of the Dallas Southern Clinical Society, to be held here April 14 to 18, while the convention of the Lumbermen's Association of Texas, to be held here April 8 to 10 was expected to attract 1,500 persons. Hundreds of furniture men will be here on April 21-23 for the convention of the Retail Furniture Association of Texas. On the same dates the Thirtieth Annual Convention of the Texas Optometric Association will be held here. It was expected to attract 300 persons.

Other important gatherings for which dates were fixed were meeting of directors of the Outdoor Advertising Association of America, April 22 to 24, Convention of the Texas Ginners' Association, April 3-4, Convention of agents of the Peoria Life Insurance Company, April 3-4; convention of the Texas Line Yard Retail Lumbermen's Association on April 7; convention of the Southwestern Political and Social Science Association, April 18-19; meeting of the Second District, Texas Congress of Mothers and Parent-Teacher Associations, on April 23-25; Southwestern Safety Conference, April 25.

Other organizations to hold meetings here in April for which Mr. Black does not yet have dates were: Missouri, Kansas, Texas Railway of Texas, Simms Oil Company agents; Massey-Harris Company, State Board of Nurse Examiners, Anderson-Clayton and Company, Texas-Louisiana Retail Jewelers Association, and the Women's Auxiliary of the Dallas Presbytery.

## 'Ordinary' Team Outpulls The World on 30-Ton Strain

"Colonel" and "Bill," world's champion pulling team, starting off with a load equal to nearly 30 tons.

GREENVILLE, Ohio, Feb. 15.—The greatest pull in the world was achieved by horse sense and not by slapping backs.

"Colonel" and "Bill," holders of the world's championship for a pulling team of horses acquired their brown and their "pull" on a farm near Greenville where, presumably, they always ate all their spinach and their carrots and went to bed ever night as soon as they were told.

Fame came to the pair when their owner, George Wilcox, pitted them against the then champion team owned by Clarence Bugh of Cherokee, Iowa, which had held the record for five years.

Neither of the horses is blue-blooded. They are just good ordinary farm grade types. But they can walk off with a dynamometer set at 3,500 pounds, which is said to be equivalent to pulling a load of more than 28 tons a distance of 27 feet.

## Equipment Arrives For Post Office

Fixtures for the Ballinger post office arrived Tuesday morning and were uncrated and placed in the new Jones building before noon. O. S. Tolle, Dallas representative for the Federal Equipment Company, Carlisle, Penn., is here and with a large crew of workmen expects to have everything in place sometime Thursday.

Postmaster J. A. Reese stated that as soon as the equipment was installed that the office would be moved and the change made overnight. Plans for the move have been considered by Mr. Reese for some time. All boxes already have been assigned, giving patrons the same numbers in the new office.

The equipment is all built of heavy oak and is the latest type material. All boxes with the exception of a few large ones have combination locks. The boxes slant towards the front so that no letters or parcels will be able to fall out on the floor inside the office as is the case in the office now occupied.

Furnishings will be arranged for the convenience of the employees and working conditions will be improved in the new office.

Lighting equipment is arranged so that every spot in the building can be made as bright as day at night. Twenty-five drops have been installed with large fourteen-inch white bowls. In each of the drops is a 100 watt lamp and each is operated by an individual pull. This is done in order to have light at any needed point and at the same time not have to burn all the lights in the building.

Lock boxes run about the same size as in the old office, however, there is a small number of larger boxes about twice as large as anything in the old furnishings. The large boxes are opened with a key. They are twelve inches deep and will take care of a large amount of mail at one time.

The building is equipped with gas stoves with vents running through flues to the outside to eliminate fumes. Steel safes of the latest structure will take care of the valuables and money. The office will be ready to be occupied by the latter part of this week, according to the architect.

Sam Ashburn, of San Angelo, was in Ballinger Tuesday attending to business.

With Mussolini running things w wonder just what the king of Italy does to justify him in drawing his salary?

## Father and Son Banquet Friday

All plans have been completed for the "father and son" banquet to be held by the Ballinger Boy Scouts on Friday evening in the basement of the First Methodist church. Each boy in the organization will bring his father and if he has no father or where two boys belong in one family each will invite some adult male friend to be his guest. The Scouts and guests will gather at the church at 7:00 o'clock and the meal will be served at 7:30.

In addition to the boys and their fathers, all members of the Scout council and anyone else in Ballinger who is interested in the work are expected to be present. Chairman R. E. Bruce requests that those who desire to attend notify him by Thursday afternoon so that arrangements can be made for table space. The price per plate has been made as reasonable as possible and only 25 cents will be charged. For this a real meal will be served, with barbecue cooked by Ben Smith over the coals, as the principal dish.

Speakers for the evening include Judge Jim Stinson, of Abilene, and Ed Shumway, director of the Chisholm Trail Area, also from Abilene. These men will deliver short talks on the Scout activities in this section of the state. Other entertainment features will be presented, including a number of demonstrations by the Scouts. Scoutmaster K. V. Northington will offer a demonstration in first aid with Sam Malone, Jack Lynn, Marion Connolly and Fred King showing the fathers and visitors what is taught them in this line. Graham Fowler will be presented in a signal demonstration.

Awards of merit will be made by the court of honor presided over by Judge Paul Trimmer. Five merit badges will be presented by the court to Sam Malone and three to Jack Lynn. All members will offer a drill in calisthenics to show how perfectly they are drilled by the scoutmasters. Tests will be made for "tenderfoots" and second class Scouts.

All Scouts will meet Wednesday afternoon at 4:30 at the junior high school and from there will go on a hike to the bluff on Elm Creek where a weenie roast will be held. Special work will be taken up on this outing in way of passing tests and every Scout is expected to be present.

Lynn Stokes is in Dallas this week attending a meeting of the Texas Farm Bureau board.

Be wise and advertise.

## Garner Declares Hoover is Afraid to Express Opinion

### Defense Rests in Long Murder Case

KINGSVILLE, Tex., Feb. 18.—The defense in the murder trial of Mrs. Maude King rested today after calling the widow back on the stand. Mrs. King is charged with the poisoning of her husband, Jim King, in order to induce in an illicit love for a 14-year-old boy, Pat Smith.

### Border Patrolmen Balk Smugglers

EL PASO, Feb. 18.—Immigration and border patrol men balked liquor smugglers in four attempts in less than twelve hours last night to run their contraband into the United States from Mexico.

The rum runners were driven off once only after a rapid fire exchange of pistol shots.

The drive to smuggle liquor across the international line is believed to have set a record for intensity in this district. No one was injured in the exchange of shots but approximately one hundred gallons of intoxicants were seized in the four separate attempts to run the "stuff" over by the smugglers.

### Race for Million

WASHINGTON, Feb. 18.—(AP)—Three cities are competing to become the first in Italy with 1,000,000 inhabitants. Rome, Naples and Milan are trying for the honor. All now have more than 900,000.

### Four Cases Tried In District Court

District court at Ballinger continued to grind away Tuesday afternoon, after four cases had been heard Monday afternoon and Tuesday morning. A number of other cases still remain on the docket and it is likely the remainder of this week will be used in hearing criminal cases.

Monday afternoon the case of the state vs. J. W. Cox, charged with forgery was heard by the court. Cox entered a plea of guilty and after evidence was submitted the jury gave him two years in the state penitentiary.

Rance Stevens charged with driving while intoxicated was also tried Monday. The jury in this case set punishment at 45 days in the county jail.

Tuesday morning the trial of the state vs. Frank Ammons charged with theft was begun. This is a case growing out of a robbery here sometime ago of the Higginbotham store when a number of guns were stolen. The guns were later found in a pawn shop at Fort Worth and Ammons was arrested and charged with the offense. The state failed to make a case and the jury was instructed to render a verdict for the defendant.

Tuesday afternoon John Sides was on trial on a liquor violation. The case was being contested and was scheduled to require considerable time before all testimony was completed. District Attorney Walter U. Early and Asst. District Attorney J. Edward Johnson were the state's attorneys and the defendant was represented by Parish & Baker.

### BURIED BY EROSION, FENCE BUILT 4 TIMES

WASHINGTON, Feb. 18.—Gully-ing and sheet wash on unglaciated lands in Wisconsin and Minnesota tell a tragic tale of waste to H. H. Bennett, federal erosion specialist.

In one locality a farmer told Bennett that he had, in his 71 years, built four fences in the same place, one on top of the other, as the preceding fences were successively covered with eroded material washed out of the field above.

Read today's news in The Ledger today.

### Tariff Question Ties Up Senate

WASHINGTON, Feb. 18.—Senate Republican leaders informed President Hoover today that the administration tariff bill probably could not be passed before March 10th, saying they were at "the mercy of the coalition."

Called to the White House by the president, the party chiefs were urged to speed action on this long pending question.

Tariff legislation, Representative Tilton, Republican, of Connecticut, told President Hoover yesterday, appeared likely to hold up any extensive legislative program during this session.

### Fee System Bill Passed in Senate

AUSTIN, Feb. 18.—The fee system bill, amending the statutes regulating the collection of fees of office by precinct, county and district officers, was finally disposed of on this, the last day of the special session of the legislature, by the Senate adopting the free conference committee report approved by the House yesterday.

The legislation is not the same as sponsors of the changes set out to get when Governor Moody named the subject as one of the emergency measures justifying another called session.

Penitentiary centralization apparently is hopelessly lost as the Senate's new conference group and the House committee continued to be deadlocked on a compromise between the Austin site and the rehabilitation of existing properties.

The sulphur tax bill, carrying a levy of a dollar a ton asked by the House, and fifty cents a ton as proposed by an amendment in the Senate, also is in immediate danger of going down with the steadily settling legislative ship.

### Wife and Husband In Shooting Affray

PLAINVIEW, Feb. 18.—Charles Boertz, 32, and his wife, 31, probably were fatally wounded in a shooting at their farm home near here today.

Boertz said he and his wife had been estranged since December.

### PLAINVIEW CREAMERY HAS PROSPEROUS YEAR

PLAINVIEW, Feb. 18.—During the nine months it operated in 1929, the Hale County Dairy Association's creamery at Plainview, manufactured and shipped 428,543 pounds of sweet cream butter. It paid out to its members and in expense of operation \$168,812.20.

The creamery is owned and operated cooperatively by members of the Hale County Dairy Association, which is in its sixth year. Opened during 1929 the creamery has paid its members an average of 41.7 cents per pound for No. 1 butter fat and 39.3 cents for No. 2 butterfat.

There are eight hundred members.

### ANGELO PLAYER WILL TRY OUT WITH SHREVEPORT

SHREVEPORT, La., Feb. 18.—Among the candidates for an outfield berth with the Shreveport Sports this season will be "Siki" Sikes, former great athlete at Texas A. & M. College. Last year Sikes hit .346 and did not make an error in the West Texas League.

In addition to receiving all-Southwest Conference honors as an end in 1925, Sikes also lettered in baseball and basketball at Aguilard. He was one of the four Southwest Conference stars who created a stir by their great play in the East-West game on the coast that year. The others were Paul Hunt, Gerald Mann and

(By Associated Press) WASHINGTON, Feb. 18.—Representative John N. Garner, of Texas, House Democratic leader, today declared "the lack of leadership in the White House has resulted in a chaotic condition in the Republican ranks in the House and Senate."

Garner asserted "There has been no leadership of the Republican party since President Hoover entered the White House. There is not a leading public question on which the president is willing to make a suggestion—much less offer a solution."

### Third Man Arrested On Murder Charge

PALESTINE, Feb. 18.—Wendell Sanders, 18; his brother, Jim Sanders, and Ivey Lee Morris are being held in the county jail here today on charges of murder in connection with the slaying Friday of Floyd Cox, 27, shot fatally at a lunch counter.

Morris and Jim Sanders are held in default of bonds of \$7,500 and \$5,000, respectively. District Judge A. G. Moore recommended Wendell Sanders to jail without bond.

### House Group Visits Office of Hatcher

AUSTIN, Feb. 18.—The office of State Treasurer W. Gregory Hatcher was under the scrutiny of the House state affairs committee today when that group visited the department at Hatcher's invitation to scan the records and accounts.

With the committee was State Auditor Moore Lynn, whose reports to the legislature charged Hatcher with incompetency and inefficiency, complaining especially of the manner in which some of the accounts were kept.

Broadcast to New Zealand CHICAGO, Feb. 11.—What is believed to have been the first American radio program to be rebroadcast in New Zealand was given by WENR. The program was transmitted by W5XP, short wave transmitter. It was picked up by the Radio Broadcasting Company of New Zealand and rebroadcast.

### WEATHER REPORT

All Texas—Fair tonight and Wednesday.

### For wrinkles

The faithful care of your skin, according to the scientific method of Elizabeth Arden, will keep your skin smooth and full, and so prevent and correct wrinkles and lines. For this purpose, Elizabeth Arden recommends her Venetian Orange Skin Food and Muscle Oil. These two Preparations supply every need of the tissues to keep them round and firm. They should be parted well into the skin, after cleansing.

Elizabeth Arden's Venetian Toilet Preparations are on sale at

"Fair and warmer" is getting to be the regular daily weather forecast. It is difficult for people to be satisfied with these prognostications, however, and while everybody has all the blizzards he wants most citizens are looking for a cloud that will offer some encouragement for a rain.

Ballinger people are glad to learn of the appointment of Judge J. O. Woodward, of Coleman, as a member of the state board of pardons. Judge Woodward served for many years as district judge in the Ballinger court. He has spent more than a quarter of a century in the courts of West Texas and it is doubtful if there is a better qualified man in Texas for this position.

Trade at home is easy to talk, but if those who talk it do not practice what they preach the newly inaugurated movement will never amount to much. We are in a position to know what we are talking about for some of those who are pushing this campaign are sending much printing out of town that could be handled here.

Washington's Birthday

The banks of Ballinger will observe Saturday, February 22, 1930, as a holiday, and will not be open on that date.

BILIOUS, DIZZY

Lady Says She Suffered Much Discomfort Until She Tried Black-Draught; Found It Brought Relief.

Townville, S. C.—"I had a bilious spell. I would get very dizzy and have such a bad taste in my mouth," says Mrs. Bertha Whitfield, of this place.

"When I would stoop over, I felt like I was going over on my head. When I would get up mornings, I felt as tired as when I went to bed. A friend told me how she had been helped by taking Black-Draught, and how she kept it in her home. So I thought I would try it, any way, which I did, and from then on I have used Black-Draught when I feel bad, get up tired or feel that I need anything. Now I recommend it to my friends.

"I got tired and sluggish, feeling like I must sit around when I have lots to do. I have Black-Draught. A few doses seem to be what it takes to clear my system of impurities that may cause this trouble.

Black-Draught is made from finely powdered herbs and roots, carefully combined, weighed and packaged by automatic machinery.

They take—no disagreeable after-effects.

Sold in 25-cent and \$1.00 packages at all druggists. Try it.

Black-Draught

Goes to Work Feeling Fine

Ranger Farmer Had Been in Badly Run Down Condition for Three Months—Relieved By Orgatone.

"I just get better and better with every bottle of Orgatone I take," declared J. T. Walton, an industrious and reliable farmer residing on rural route No. 1, eight miles southeast of Ranger, Texas, "and I think so much of it I am recommending the medicine to my friends.

"I was in a general run down condition for the past three months," Mrs. Walton continued "my food didn't digest right and my whole system seemed to be out of order. My stomach felt like there was a lump of lead in it regularly after every meal and I would belch up sour, sickening gas. I would get dizzy like I was going to keel over and would see spots floating before my eyes. I was very nervous and lost right smart of sleep and some nights didn't sleep a wink all night long. In the morning I felt all tired out and fairly dreaded to get up and go out to the field to work.

"I read so much in the papers here about Orgatone, I got some and I'm now on my second bottle and can truthfully say I get better with every dose, and feel good all over. I haven't had a dizzy spell for over a month and my stomach is getting all O. K. I am getting rid of all clogged-up feeling and constipation don't bother me like it did. Orgatone is the best medicine I ever saw and I cannot help but say a good word for it."

Genuine Orgatone may be obtained in Ballinger at the Weeks Drug Store.

SUNDOWN STORIES

AN OCEAN REST

By Mary Graham Bonner

"Come! Hurry!" called the Little Black Clock. "I've turned the time way ahead for this trip. We're going to take a plane and go across the ocean.

"But we're not going to do it all at once. We're going to stop and have an ocean rest."

The Clock was certainly excited, and he was certainly in a hurry. "Come along," he called to John and Peggy and they hurried after him.

They got into a plane and flew until they were over the ocean. They had not really gone far at all when they began to go down, and Peggy and John felt that perhaps they were going to land in the ocean.

"Don't worry," the Little Black Clock shouted. "We're going to land on, and not in, the ocean. It will be perfectly safe!"

There was always something a little frightful at first about some of these trips they took when the clock had turned the time forward.

But they weren't really frightened. They knew they were perfectly safe with the Little Black Clock, that he would never let any harm come to them.

"Now we're landing," he shouted.

The plane had gone down and was landing on a huge landing deck that was right on top of the ocean.

"There are plenty of these, right across the ocean," the Little Black Clock said. "Come, jump out. We'll explore."

And they jumped out of the plane and stood upon an enormous deck which seemed to stretch ever and ever so far and yet they were way out on the ocean.

Certainly it was something of which Columbus had never dreamed, the children felt, as they started to explore the ocean landing place with the Little Black Clock.

(Continued—Exploring on the Ocean.)

HOW'S your HEALTH

WHEN IN DOUBT, BOIL IT

This was the universal advice of doctors in the days when typhoid was common:

"Boil your drinking water if you are in doubt as to its purity." Later this guiding principle was also applied to milk, except that instead of waiting until a doubt arose, the doubt was anticipated and milk was pasteurized.

Pasteurization does not involve boiling. But milk that is pasteurized has been heated at a temperature (140 to 150 degrees F.) and for long enough a period (one-half hour) to insure the destruction of disease-producing germs.

Though the method of destroying bacteria by heat has been known since the epoch making experiments of Pasteur, carried through in the early part of the second half of the last century, pasteurization of milk became a common practice only in 1914.

Milk is an excellent food for humans, especially the young, but it is also an excellent culture medium for bacteria. That makes unclean milk a danger to health.

The germs producing tuberculosis, typhoid fever, diphtheria and septic sore throat, to mention only a few of the important ones, thrive and multiply in milk.

Lately it has been established that still another disease, a disease known as undulant fever or Malta fever, is spread by unpasteurized milk.

The experience of New York city, which has required by law the pasteurization of all but the so-called certified milk, well illustrates the value of this safeguard.

Although it cannot be entirely credited to pasteurization, since 1914 the infant mortality rate has dropped greatly. Bone and joint tuberculosis, often caused by the bovine (cattle type) tuberculosis germ, has been reduced, as has cholera infantum.

Board of Insurance Commissioners, State of Texas Austin, Texas, Feb. 4, 1930. No. 1503

To All Whom It May Concern:

This is to certify, that the American Central Life Ins. Co., Indianapolis, Indiana, has in all respects fully complied with the laws of Texas as conditions precedent to its doing business in this State, and I have issued to said Company a Certificate of Authority from this office entitling it to do business in this State for the year ending the 28th day of February, 1931.

Given under my hand and my seal of office at Austin, Texas, the date first above written.

W. A. TARVER, Chairman of the Board. 18-25-4

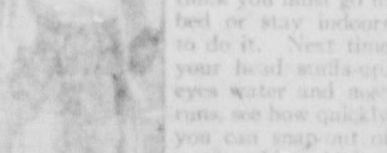

Collar Button Antique

INDIANAPOLIS, Feb. 18.—(AP)—Dr. A. L. Leatherman may be the world's leading collar button nimbler. He still uses a gold button he bought in 1896.

KNOCKED COLD IN FIRST ROUND

In NEW YORK THEATERS

By Dening Seymour NEW YORK, Feb. 18.—Maurice Moscovitch, an actor in New York's Jewish theaters 35 years ago, has come back as an English star to the city of his young manhood, and gave on the stage of the Erlanger Theater a notable performance of the title role in "Just Suss."

"Just Suss" is the play by Ashley Dukes, based upon Lion Feuchtwanger's novel, "Power." Its hero is a Jewish money lender of the eighteenth century, who attaches himself to a young royalist destined to become the Duke of Wurtemberg.

In the duchy which Karl Alexander comes to rule, Jew Suss is the treasurer. He exacts taxes ruthlessly, and builds himself to a position of power with the motive of avenging his race for all the Jew-baiting that he and those of his faith have to endure.

In the course of its financial dictatorship he forces the counsellor's daughter to become the mistress of the duke. And the counsellor, embittered, gets even by leading the duke one day to the cloister where Josef Suss has hidden from the world his golden-haired daughter Naomi.

The duke lures Josef away from the cloister, and himself returns to seek Naomi's favors. The child, frightened, leaps from the wall, and Josef returns to find her dead.

Josef's avowal to avenge his race turns to a vow to avenge himself and his daughter. He man-overs the overthrow of the duchy he has upheld. It means his own ruin, but he lets himself be led before the firing squad without protest, having evened his score with the duke.

A Robust Figure Feuchtwanger's "Power" was first written as a play, and its author later converted it into the novel which became so widely known.

Dukes, English critic and playwright, took the English translation of the novel and made from it this play.

The Dukes play is more episodic than the novel, and sometimes its parts are not compactly joined. It is at its best in the third of its four acts, wherein the duke drives Josef's daughter to her death and the parent returns to mourn over her corpse and to swear his vengeance on the duke.

But its shortcomings as drama do not prevent Moscovitch from making of its principal character a monumental figure. His portrayal of the court Jew is one of the great characterizations of the season, often measuring up to the stature of the figure Feuchtwanger created.

Imported Production Not only has the company seen in support of Moscovitch been

brought with him from England, where since 1919 the onetime Jewish star has been playing English-speaking roles. The sets are also English, designed by Aubrey Hammond, and they add notably to the vigorous tone of the play.

Charles Dillingham is its sponsor.

HUNTERS PLEAD GUILTY OVER LONG DISTANCE

EAGLE PASS, Feb. 18.—Justice of the Peace J. D. Plum Sr., has set up a new long-distance telephone record.

Three-morton county hunters, charged with game law violation in Maverick county, in long distance trial by telephone, Justice Plum assessed fines of \$10.

MARKS SPOT WHERE FIRST LUBBOCK STORE STOOD (By Associated Press) LUBBOCK, Feb. 18.—Rollie C. Burns, South Plains pioneer, recently marked the spot where, in 1873, the first building erected in Lubbock county stood. The marker was placed without formal ceremony.

Located two and one-half miles northwest of the city limits, the marker shows where George W. Singer built an improvised trading post. The land is now owned by the City of Lubbock.

The trading post building material was freighted by Singer from Fort Worth and his supplies, after 1881, were brought from Colorado City. At this spot crossed the trails of buffalo hunters, cowboys and United States soldiers from old Fort Griffin, Fort Sumner, N. Mex., Fort Concho and Fort Elliott.

Fire, started by an enraged Mexican, destroyed the structure early in 1886, Singer later shooting and killing the Mexican.

We can do you a real job.

The grease should be changed in the differential and transmission twice a year.

CAMERON'S GARAGE

SUPER SERVICE You Must Be Pleased

Growing Food as Well as Cotton

To avoid sacrifice in the face of an overstocked market, a cotton grower must be in a position to "carry on" without selling his crop.

Growing food as well as a cotton crop is one of the things a cotton grower can do to help himself out of the present situation and to safeguard himself in the future.

Another is the growing of two or more crops for sale, which would automatically reduce cotton production and avoid an over-stocked market.

These are but two possibilities which have often been urged unavailingly in the past. Our officers naturally keep informed on all such matters and in close touch with all movements affecting the cotton grower.

Come in and consult with any of them on the present situation as it affects you. We're here to help you.

**"All Praise to Great Medicine New Konjola"**

Another Grateful Lady Pays Tribute to Konjola, The New and Different Medicine.

All praise to a great medicine, New Konjola, was the grateful expression of Mrs. L. L. Myers, South Ft. Smith, Ark. "I suffered for a long time with stomach and kidney trouble. No matter what I ate, gases formed in my stomach and I bloated frightfully. I was frequently short of breath and nauseated. Awful headaches were a daily occurrence. My kidneys were weak and back pains plagued me daily. Bladder actions were frequent and often painful. "I tried so many medicines without relief that I had become discouraged. Not long after I began Konjola I noticed a decided change in my condition. I continued until I had taken several bottles and am happy to say that my health troubles are over. I no longer bloat after meals and I eat heartily, for my appetite is better than it has been in years. My kidneys are normal and I am no longer troubled with bladder weakness. All praise to a great medicine, New Konjola."

Konjola is sold in Ballinger at Weeks Drug Store, and by all the best druggists in all towns throughout this entire section.

**Amusements**

College Picture Made as a Talkie Has Pep and Music "College Love," entirely in sound and dialogue, embracing all the snappy conversation of campus life and capturing the fever of inter-collegiate sports and the humor of the classrooms, closes its run at the Palace Theatre tonight.

The producer has injected all the vivacity of co-eds and the sterling prowess of varsity men into the film. It carries one through hectic college days.

George Lewis stars in "College Love" with the same supporting cast which made the Collegian series of picture some of the most successful short subjects in motion pictures. The supporting cast includes Dorothy Gulliver as the much chased co-ed, Eddie Phillips as the rival, Hayden Stevenson as the coach, and all the gang so endeared lovers of fresh, effusive comedy.

A football game is shown in full sound with cheering sections, smart cracks and general frivolity of the undergraduates on big game days.

Vilma Banky's American Pride Finds Happy Outlet in New Goldwyn Production

Vilma Banky, star of "This is Heaven," which Samuel Goldwyn brings to the Palace Theatre tomorrow for two days run, was de-

**Prize Winner**

"Mary Jo was troubled with constipation," says Mrs. T. D. McGinnis, 1023 Drexel Ave., San Antonio. "She was sallow and listless, didn't have any appetite; couldn't digest her food."

California Fig Syrup has changed all that. It regulated her bowels quickly; improved her appetite and digestion. She has improved right along until friends say she's a regular prize-winner for health. Mothers by thousands praise California Fig Syrup. Physicians endorse it. Its rich, fruity flavor appeals to children; its pure vegetable goodness is safe for any child. The prompt relief it brings biliousness, headache, constipated children, etc., because it helps tone and strengthen bowels and stomach. Next time bad breath, coated tongue or feverishness warn of constipation, try it with your child and see how it helps!

When buying, look for the name California! That marks the genuine, famous for 50 years.

**Marilyn Miller to Sing on Coast Chain**

Marilyn Miller (upper right) is to sing for the radio audience of WEF and coast to coast chain Thursday evening, 23, in the Sunshine hour. Anne Briggs (center), formerly of the movies and the stage, is a nonstop entertainer on the CBS farm program which originates in Chicago. In the Tiptop club, CBS chain, Thursday evening, Feb. 20, will be Marie Gerard (upper left), soprano. At lower right is Harold Merrill, age 12. Otherwise he is Harold Merrill, age 12.

lighted with the opportunity this picture gives her to play the part of a modern girl in America instead of the series of foreign period parts to which her public had become accustomed in her pictures. In "This is Heaven" Miss Banky's role is that of a Hungarian immigrant girl who finds love and happiness while working as a waitress in a New York restaurant. "I am an American girl now," she says, quite proud of her new citizenship papers, "and I am tired of being a Spanish princess, and a French duchess and an

English lady. If I am an American girl, I want to play American girl parts. I want to wear the kind of clothes I do in real life and behave the way I do then. "When I did 'The Awakening,' she says, "I was glad that I could be even a little peasant girl in Alsace, because that was nearer what I wanted than anything else I had ever done. But this is so much better. I am very happy that I can prove to everybody that I really am American."

Consequently, no one was ever happier than Miss Banky in New York last fall when, in preparation for the filming of "This is Heaven" she went about from department store to department store buying ten dollar dresses to fit the part of the little waitress she was playing. Most of her past roles have involved the grand lady's air. Her public remembering "The Dark Angel," "The Night of Love," "The Eagle," "The Son of the Sheik," "The Magic Flame" and "Two Lovers," think of her as a duchess or continental rather than as the simple body she would like to be.

**Woman Without Country Now Lives At Fert Worth**

(By Associated Press) FORT WORTH, Feb. 18.—Now comes the story of a Fort Worth woman, citizen of no country, who, at the time of a naturalization hearing in which she was to have received her American papers gave birth to a daughter, a citizen of the United States.

She is Mrs. George Fenichis, whose husband operates a cafe, C. F. Tucker, District Director of Naturalization, pointed out that Mrs. Fenichis was married in Greece in 1927 and came to the United States that year with her husband. Fenichis received his citizenship as a reward for serving in the American army during the World War.

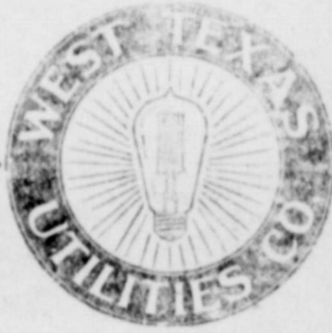

Prior to Nov. 22, 1922, wives of American citizens became Americans automatically, but not since that time. A law passed by Congress declared that the citizenship of a husband and wife are separate.

The laws of Greece provide that citizenship of a wife follows that of her husband. Consequently since 1922, Mrs. Fenichis has been a woman without a country. Tucker pointed out, however, that persons in such a status are allowed many exemptions by the Government. They do not, for one thing, have to make a declaration of intention nor prove one year's residence in this country.

Mrs. Fenichis' application for citizenship was listed for Jan. 19, but she was at home ill. The following day, a baby girl, Carrie, was born. The child is an American citizen while the mother is still without national affiliation.

## Deaths

**Hugh F. Doherty**  
 Hugh F. Doherty, age 20 years and 13 days, died at his home on Thirteenth Street, Monday afternoon at 4 o'clock.

Mr. Doherty was an employee of Kirk & Mack and well known in Ballinger and all over Runnels county. A few days ago he developed an infection that gradually grew worse until his death.

Besides his wife, decedent is survived by his father and mother, Mr. and Mrs. W. H. Doherty; five brothers, and four sisters. The brothers, Lester, George, Glenn, Weldon and Floyd, all live in Ballinger. The sisters, Mildred Carroll, Willie Mae, and Nonda Grace, reside in Ballinger; and Mrs. G. N. Lindsay, in Waco.

Funeral services were held at the Ballinger Baptist Church Tuesday afternoon at 2 o'clock with Rev. Cole of Abilene, in charge, assisted by Rev. J. H. McClain of Ballinger, and Rev. H. C. Goodman of San Angelo. Interment was made in Evergreen Cemetery.

Undertakers from the Higginbotham Funeral Home prepared the body and were in charge of arrangements.  
 Pallbearers were Fred Tappey, Jim Flynn, Hub Falcher, Delbert Davenport, Lem Harvey and Alfred King.

Return trip to Ballinger by first of May. O. B. Paffy, Tuning and Repairing Pianos. Will be at Kelly Cottage. 15-5td.\*

**Alaskan Gold Crop Grows**  
 SEWARD, Alaska, Feb. 18.—(AP)—Placer gold yield of the Alaskan peninsula district increased \$500,000 in 1929, the total nearing \$1,163,181.

### When Food Sours

Lots of folks who think they have "indigestion" have only an acid condition which could be corrected in five or ten minutes. An effective anti-acid like Phillips Milk of Magnesia soon restores digestion to normal.

Phillips does away with all that sourness and gas right after meals. It prevents the distress so apt to occur two hours after eating. What a pleasant preparation to take! And how good it is for the system! Unlike a burning dose of soda—which is but temporary relief at best—Phillips Milk of Magnesia neutralizes many times its volume in acid.

Next time a hearty meal, or too rich a diet has brought on the least discomfort, try—  
**PHILLIPS Milk of Magnesia**

## Says Sargon Brought Back His Health

JOHN C. SPENCER

"For the past year I have been in wretched health. Three bottles of Sargon put me in wonderful condition. My appetite is splendid now and my digestion is sound. I have gained ten pounds and my strength has returned in proportion."

"I wouldn't be without Sargon if it cost twenty-five dollars a bottle."—John C. Spencer, 498 Sixty-third St., West Ails, Milwaukee, Wis.

Sargon's record of marvelous achievement is an open book to all, and only those who have used this famous treatment know its real powers. J. Y. Pearce Drug Co., Agents.

## GALVESTON PREPARING FOR BIG MARI GRAS

(By Associated Press)  
 GALVESTON, Feb. 18.—More than a mile of elaborated floats, bands and marching revelers in masquerade costume will constitute Galveston's mammoth Mardi Gras parade. Some of the huge floats will stand nearly seven feet high, and it will be necessary to prepare the route so that electric wires will not obstruct their passage.

More than 100 mules will be used in hauling floats, and 4,000 flares will be used for lighting the way. Thousands are expected to appear in brilliant costumes in the several nights of frolic scheduled.

The Mardi Gras has been observed in Galveston each year since 1876. It is intended in this year's festivities to inaugurate a new era in the event.

## Beetles Fight Cotton Scale

McALLEN, Tex., Feb. 18.—(AP)—If ladybird beetles were the cotton cushioner's enemy, they would be tried out against cotton fruit scale. Farmers are propagating beetles in great numbers.

Read today's news in The Ledger today.

## Program and Party Is a Huge Success

The "party" and Founder's Day program given Monday night in the high school auditorium by the Parent-Teacher Association was one of the most entertaining and successful events staged in Ballinger recently. About 125 persons were present and everyone apparently enjoyed the program thoroughly.

As the guests arrived they were escorted into the auditorium. At the door was a penny box where each one deposited a penny for each year of his age. A slip with the month of the guest's birth printed on it was issued to each and then all were ushered to their seats.

The program opened with a prayer by Rev. E. W. McLaurin. Mrs. F. M. Pearce presided over the business session, with Mrs. H. C. Spencer, secretary, reading the minutes of the last meeting. Mrs. Pearce called upon the standing committees for a report of any activities handled by them since the last meeting and the ways and means committee reported having made twenty-odd dollars on the entertainment recently presented here by the Simmons University players. The local appearance of Birch, one of the three great magicians of the United States, was announced for March 18. The association voted to pay dues to the county council and become affiliated with that organization. It was voted to conduct a summer "round-up" in which all first year school children and infants will be given physical examinations. At the conclusion of the business session Mrs. Pearce talked on the 33rd birthday of the association and gave a short history of the work accomplished since its founding.

Here the meeting was turned over to the chairman of the program committee, Mrs. H. C. Spencer. The audience joined in singing a number of P-T-A songs which will be used when the district convention is held in Ballinger in March. The high school orchestra under the direction of Miss Catherine Todd offered several numbers and hearty applause greeted each selection.

Mrs. Joe Simmons, chairman of the health committee, introduced Mrs. Ira Cain, of San Angelo, who delivered a fine talk on cooperation in child welfare. Mrs. Cain has been engaged in this movement for many years, studied it from every angle, and with her experience and ability to speak brought one of the finest messages ever heard here on the training of children. Mrs. Cain showed that the children of the community and nation are their greatest assets—that pavement.

Ballinger Chapter No. 184 R. A. M. Regular stated meetings held on Second Friday in each month. Members requested to attend. Visitors companions cordially invited.  
 J. McGregor Secy. Noel Penn H. P.

civic improvements and other material endeavors amount to nothing compared to the proper teaching and rearing of children. She made a strong appeal for parents who are ready to live and sacrifice for their children to make them Christian men and women and take their place in the world of the future.

Mrs. Spencer called for all in the audience labeled with the same month of birth to meet together, those born in January in one group, etc. These groups planned impromptu stunts, each of which was then presented from the stage. These stunts proved humorous in the extreme and much originality was shown by the leaders in quickly arranging entertainment that was different. Everyone entered into this part of the program which consumed about an hour.

The P-T-A birthday cake was auctioned off, but not to the highest bidder. It was announced that the bidding would last a certain length of time and that each bidder would only be allowed to bid ten cents at a time. The person bidding when the signal sounded that time was up would be given the cake. Harry Lynn and Troy Simpson acted as auctioneers and imitated two famous auctioneers of this section spoke the same words at the same time and kept a chatter going for ten minutes. When the signal sounded Jas. A. Wear was bidding and was awarded the cake. The cake brought \$6.80.

The entertainment committee invited all guests to the dining room in the domestic science department where hot punch and home-made cookies were served.

### CONTENT NEWS

The program given last week by the representatives of the American Legion was enjoyed by all who attended. Talks by Mr. Lyon and Mr. Motley were interesting to the school children as well as the others present. The music was very much appreciated too.

On Friday morning at the school, B. M. Farmer was practicing jumping, preparing for the track meet, when his foot caught on the rope, causing him to fall to the ground, striking on the back of his head, and knocking him unconscious for several minutes. When he rallied Mr. Criswell took him to his home. We are glad to note that he suffered no bad effects, but was able to

be at work the following day.  
 Dannie Smith, who has been attending school at Abilene, has entered the Content school for the remainder of this term.

On Feb. 14, the Grammar and High School Grades enjoyed a "chicken roast" down on the creek near the school house. There was a large crowd present. After roasting the chickens and eating a wonderfully good supper they all joined in playing games. All reported a fine time.

Monday, Feb. 10, there was a call meeting of the P-T-A. Some new members were enrolled and a few items of business were attended to. It was decided to have a program on Feb. 17, the birthday of the National Congress of Parents and Teachers or Founders' Day as it is called. The following program was given:

Song, "America the Beautiful."  
 Prayer.  
 President's Message, Mrs. J. W. Bright.  
 Birthday Anniversary, Mrs. E. J. Criswell.  
 History and Significance, Mrs. R. E. Lafoon.  
 Memorial Tribute to Founders, Mrs. A. J. Fisher.  
 Song, "A Little Child Shall Lead Them." Alpha Pierce.  
 Story, "A Hundred Days," Mrs. R. W. Babston.  
 Three Corner Stones of Child Welfare: (1) Home, Mrs. Sam Mathis; (2) School, Mrs. C. C. Simmons; (3) Community, Mrs. Velma Jones.

Resolutions for Mothers, Mrs. Caleb Brown.  
 Child's Lament, Helen Simmons.  
 Song.  
 Prayer.

We are happy to announce that Mrs. Clyde Jenkins, who has been critically ill for several days is much improved. Her brothers and sister who came to be with her have all returned to their homes except Mrs. Lesie Crunk, who says she will stay until her

complete recovery. The following relatives were with Mrs. Jenkins: Mrs. Lesie Crunk and son Cleburne of Wichita Falls, Mr. and Mrs. Walter Porch and family of Seymour, Mr. Flavious Porca, of Munday, and Mr. Thaddeus Porch, of San Antonio.
