Two Held for Forgery In Attempt to Murder

(By Associated Press)
FAIRFIELD, Tex., Mar. 22.—Charges of forgery were filed today against Mrs. Sarah Jane Dodd, 59, and her son, Tommie, 30, in connection with the signing of the name of G. S. Moore to a \$250 check, for which Miss Wilma Jones, 23, is also charged. The forgery charges were filed after state rangers were sent here to investigate the alleged attempt to burn Miss Jones to death in a hotel room.

FAIRFIELD, Tex., Mar. 22.—Blackmail possibilities in the case which started as a forgery trial, developed in the alleged attempt to burn the defendant, Miss Wilma Jones, 23, were being investigated today by state rangers and county peace officers.

After the arrest of a mother and her son from Buffalo, Texas, the young woman's hometown, against whom the authorities said forgery charges had been filed, officers announced they would look into the blackmail angles of the case.

Veterans Urged to File Claims Now

(By Associated Press)
AUSTIN, Mar. 22.—April 6 will be the last date for filing claims for compensation under the World War Veterans Act, Wynn S. Goode, department service officer of the American Legion of Texas, has announced.

He said evidence must be submitted prior to that date to show service connection for a disability other than nervous and mental diseases, spinal meningitis, active tuberculosis, paralysis agitans, encephalitis latargica, or amebic dysentery, unless there is an official record of the injury during service or at the time of separation from active service.

Wets Retain Lead In "Straw Vote"

The second tabulation of votes in the Literary Digest straw vote on prohibition was released this week and shows a total of 703,935 post card ballots tabulated. The percentage continued to run about 40 percent of the votes counted for repeal of the eighteenth amendment.

No Texas votes have yet been listed in the count and a large number of the votes for the repeal comes from New York, Wisconsin, California and far eastern states. Kansas, the home of Carrie Nation, shows a strictly dry vote exceeding both that for modification and for repeal.

All of the 20,000,000 cards have been mailed and are flowing back into the office of the magazine rapidly. A large staff is busy tabulating the votes and weekly reports will be made of the count. Twenty states and the District of Columbia are represented in the second vote. Other states will be included weekly as fast as the votes can be counted.

In addition to the 20,000,000 cards already sent out another set of ballots, numbering 1,000,000 will be sent to physicians, lawyers, clergymen, and teachers and each class will be reported separately.

The Literary Digest reports more interest in this "election" than in any ever conducted by the magazine.

The following states are included in the second release with none of them complete: California, Connecticut, District of Columbia, Georgia, Illinois, Indiana, Iowa, Kansas, Michigan, Minnesota, Missouri, Nebraska, New Jersey, New York, North Dakota, Ohio, Oregon, Pennsylvania, South Dakota, Washington and Wisconsin. The total vote of 703,935 is divided as follows: For enforcement 191,909; for modification, 224,141; and for the repeal, 287,885.

Horace Gustavus, a student at Simmons University, Abilene, is here spending the week-end with his mother.

Huntsville.—Dates for the Walker County Fair have been set for October 1 to 4.

Sixty Millions Paid in Incomes

(By Associated Press)
WASHINGTON, March 22.—Income tax receipts as of March 20 brought the total for the month to \$460,300,000, or \$90,000,000 less than expected, for the month.

Expectations that the budget estimate of \$550,000,000 will be met by the end of the month remained strong, however.

Appointments by Moody is Record

(By Associated Press)
AUSTIN, Mar. 22.—Governor Moody set a record never before equalled and which is not likely to be matched again, when he was called upon to appoint four elective officers of the State within six months.

Since the death of the late J. T. Robinson, commissioner of the general land office, on last September 6, he had appointed J. H. Walker to be land commissioner; R. L. Bobbitt to be attorney general to succeed Claude Pollard, resigned; former Governor Pat M. Neff to the place of C. E. Gilmore, chairman of the Railroad Commission after Gilmore's death; and George E. Sheppard of Sweetwater to succeed S. H. Terrell as Comptroller of Public Accounts upon Terrell's resignation.

There are only six other elective officers counting the two railroad commissioners. The others are commissioner of agriculture, superintendent of public instruction, treasurer and lieutenant governor.

Hatchel People Hear Program

The American Legion flag exercises were presented at Hatchel Friday night before a large crowd. This date was assigned to E. E. King and the Hatchel Parent-Teacher Association, arranged early in the week for the presentation there Friday night in connection with a local program.

Accompanying Mr. King were J. D. Motley, who acted as master of ceremonies; Ernest Moody and his orchestra; and Jimmy & Johnny, singers and yodelers. After a number of selections by the orchestra, Mr. Motley made a few preliminary remarks and introduced Mr. King as speaker of the evening. Mr. King covered all phases of observance of the American flag in his talk and brought out many items regarding the colors that are not commonly known. He stressed flag etiquette and the proper ways of displaying "Old Glory."

After the talk popular singers were presented and recalled for a number of encores before the crowd would let them go.

A group of Hatchel children presented the playlet "Peter Pan" in a most pleasing way. This offering which consumed considerable time, demonstrating that the children were perfectly drilled in their parts.

After the final curtain on the playlet the audience called for Jimmy and Johnny again and the boys responded with another group of songs and combination yodelings with the guitar accompaniment.

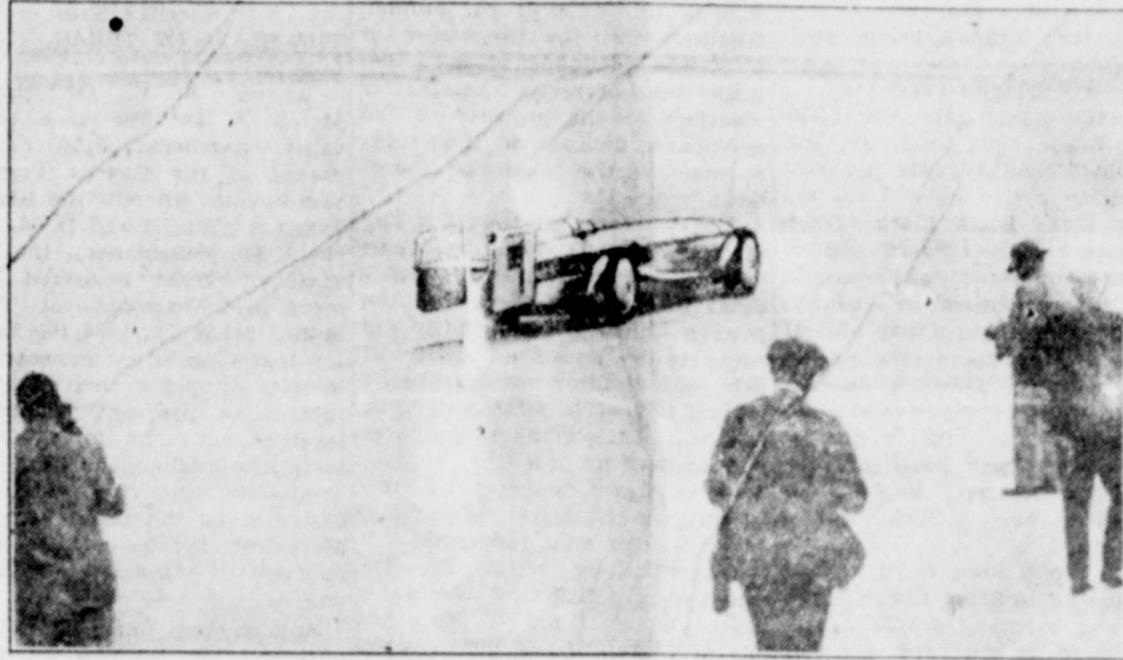

Lee is Reported Much Improved

(By Associated Press)
WASHINGTON, March 22.—Representative R. Q. Lee of the 17th Texas district, who was stricken here recently with paralysis, is reported to be rapidly recovering today. Physicians said they expected the congressman to be recovered in several days.

Joe Ward, former band instructor here, spent a short time in Ballinger Friday, returning to his home at Abilene after a fishing trip on the Concho.

Son Enters Mexico To Release Father

(By Associated Press)
EL PASO, Mar. 22.—Gordon Bristow is en route to Nogales, Arizona today where he plans to enter Mexico on his way to Mazatlan in an effort to end the delay in negotiations for the release of his father, J. E. Bristow, 60, held captive by bandits near Tepic, state of Nayarit, Mexico.

Bristow was undecided whether to go by airplane or train, his decision depending on the result of negotiations by the Mexican and American governments for the release of his father.

Final Vote on Tariff Bill Set

(By Associated Press)
WASHINGTON, Mar. 22.—A program calling for the completion of all amendments to the tariff bill today but postponing the final vote until Monday was outlined to the tired legislators today as they hatched into proposed changes in the long pending measure, was proposed by Senator Watson, Republican leader.

Indications pointed to the session lasting into the night if passage of the tariff bill is obtained today.

30 Camp Fire Girls On Trip to Angelo

Thirty Camp Fire Girls and a number of leaders left Ballinger Friday afternoon for San Angelo to attend the big gathering there Friday and Saturday. The Ballinger group will return here following a banquet Saturday evening at 8:30.

Accompanying the girls on the trip were Mrs. K. V. Northington, Mrs. G. P. Teague, Mr. and Mrs. Henry John and Miss Katrina Doose. Mr. Jones returned to Ballinger Friday night, reporting that the girls arrived safely, were well quartered and having a fine time.

Most of the girls were loaded into the baseball bus and with three Boy Scouts acting as driver and handy men, left here with three automobiles piloting.

K. V. Northington will go to San Angelo late this evening to assist in getting equipment loaded and brought back to Ballinger.

The girls will stage several demonstrations in San Angelo today and will attend the sessions to be held. Only a few of the girls belonging to the Ballinger organizations could make the trip but the bus and three cars were well loaded Friday afternoon. The girls carried their bedding, intending to sleep in the cottage where they were quartered, and each girl took a certain amount of groceries. The girls will do their own cooking under the direction of their leaders and will learn much of the requirements of the organization as well as enjoying an outing.

Rev. W. H. Doss has returned from Austin, where he had been attending the special session of the state legislature. Rev. Doss is chaplain of the Senate and had been away from home during the session just coming to a close.

Naval Conference Accomplishes Little

(By Associated Press)
LONDON, Mar. 22.—An air of uneasiness hung over the five-power naval conference today. Predictions were rife that unless there is constructive development soon a provisional three-power treaty will be drawn up and the curtain rung down on the somewhat unsuccessful five-power parley.

British morning newspapers declared only a miracle could save the conference. "The nations are standing by helpless while a world tragedy is being enacted before their eyes," one paper commented.

Rain Here Friday Covers Small Area

(Special to The Ledger)
ABILENE, Mar. 22.—Continuing to herald the approach of a successful season for crops, heavy rains to showers were reported to have fallen yesterday in more than 25 counties served by the West Texas Utilities Company, according to a report of the company's dispatcher.

Intermittent showers and rains were reported to have fallen over the area included between Cisco, Albany, Haskell, Roby, Winters and Cross Plains. Up to Saturday morning Abilene had received 28 of an inch, while Stamford had a three-fourths inch rain. McCamey east to Mason, Menard and Junction report light to heavy rains, more than 75 of an inch falling over the eastern section. San Angelo reported a sandstorm.

Ballinger received 60 of an inch rain Friday afternoon, however the precipitation covered only a small area and other points in Runnels county received very little moisture. A number of showers were reported from various immediate points but no rain of consequence was recorded with the exception of at Paint Rock, Paint Rock and a good vicinity was visited with a 3-4 inch rain at about 1:00 o'clock Friday afternoon. Leaday also reported a similar amount of rain about the same time.

The rain that visited Ballinger extended only a few miles south. It was sufficient to be of great benefit to yards and lawns here. Motorists arriving here from San Angelo early Saturday morning stated that very little rain had fallen along the highway and that only a few places along the detour were even muggy.

British Vessel is Requested at Meet

(By Associated Press)
PORT ARTHUR, Mar. 22.—One and perhaps two vessels of war may be in Port Arthur during the annual convention of the East Texas Chamber of Commerce, May 11, 12 and 13.

The British charge d'affaires in Washington has urged his government to alter the cruising program of H. M. S. Dunbar, now in South American waters, so that East Texas may be host to the ship and her crew on the convention dates.

An American man-of-war may bring Theodore Roosevelt, governor of Porto Rico, from San Juan. This is being urged on the Navy Department by many in business and may be decided upon if Governor Roosevelt accepts East Texas' invitation to address the convention. The Secretary of War has given consent for Mr. Roosevelt to leave the island at that time and has urged the governor to accept the invitation.

Doheny Acquitted On Bribe Charge

(By Associated Press)
WASHINGTON, March 22.—Edward L. Doheny was acquitted today on the charge of bribing Albert B. Fall, secretary of interior in the Warren G. Harding cabinet.

The jury sustained Doheny's plea that the \$100,000 he gave Fall was a "loan" and set him free.

The government's counsel charged that the money was given to influence Fall's award of the Elk Hills naval oil lease to the Doheny company.

CANADIAN, Tex., Mar. 22.—After shooting and seriously wounding his wife, Miss Inez Humphrey, in their home here today, Thomas Humphrey, 52, a grocery clerk, shot and instantly killed himself. The woman was taken to a hospital where it was said she was in a very serious condition.

Race Program Set Sunday Afternoon

The Ballinger Band cancelled its trip to San Angelo Saturday morning when it was learned that the race program scheduled for that day on Saturday had been postponed until Sunday afternoon. The musicians were in town early preparing to leave when informed that no racing program would be held on Saturday. The invitation was extended the band for Sunday afternoon by the San Angelo committee but it will be impossible for the boys to fill the Sunday engagement.

Cold weather at San Angelo Friday was the cause of the events for Saturday being moved up one day. A small crowd braved the weather Friday afternoon to freeze in the open air stands and the committee in charge of the meet decided to make "West Texas Day" at the races Sunday afternoon in order to have warmer weather and larger attendance.

The program will start at 3:30 Sunday and the first event will be the all West Texas feature, "Sonny Boy" owned by George Henshaw, millionaire oil man of San Angelo, will carry Ballinger's colors in this event. He will be ridden by Jockey Smith, weight 115 lbs. This horse is one of the fleetest in the race meet and the Ballinger nag has a fine opportunity to finish first in the big event.

A number of Ballinger people attended the races earlier in the week and declare that some of the fastest horses in the South are to be seen in action at San Angelo. A number of Ballingerites are planning to attend the races tomorrow.

Henry Jones returned from San Angelo Friday night after accompanying the Ballinger Camp Fire Girls to that city.

Saturday's rain report was scanty but every little drop helps and Ballinger citizens are thankful for getting their yards and gardens well watered.

A city crew began Saturday morning the grading of Hutchings Avenue from the end of the pavement to the Colorado River bridge.

City and county officers seem to have stopped, for the time being at least, prowling in Ballinger. One officer stated Saturday morning that their efforts were nothing to compare with the loaded shotguns of the citizens and with the fact known that such a reception was awaiting them.

Tomorrow will be a big day for Ballinger churches and more people will likely attend services here than for many previous Sundays.

Spring is here and many women shoppers are tempted to take a nice drive in some adjoining city and look through the shops.

HOW'S your HEALTH

WHAT ARE TONSILS FOR?

The nose and throat have been appropriately termed the gateways to the body. Food and air, the two great essentials of life, enter the body through these gates and nature has provided that they be safeguarded, particularly against germs.

The tonsils number among the guardians of the gateways. Contrary to the common impression, there are more than two tonsils in fact, there are four. These are so distributed in the throat that they form what is called a tonsillar ring.

These cells, popularly known as the white corpuscles, serve in the capacity of scavengers and policemen. They literally pick up, swallow, digest and get rid of in a variety of ways the foreign particles and bacteria.

The tonsils are part of the lymphoid system of the body. In general, there is a relatively larger amount of this tissue in the young than in the mature body.

Ordinarily the cells of the tonsils carry on their work in a painless fashion. When, however, bacterial invasion becomes aggressive the tonsils respond by becoming engorged—that is, enlarged, reddened and swollen.

This state indicates that the tonsils and the live tissues which they contain are waging an intensive warfare.

SUNDOWN STORIES

THE HORSE

By Mary Graham Bonner

"I've turned the time way, way ahead this evening," began the Little Black Clock, "and we're going to visit a zoo."

"I've seen animals in the zoo," said John. "So have I," said Peggy. "That's true," said the Little Black Clock, "but you'll see how the times change when you visit this zoo."

The Little Black Clock turned the time rapidly forward and he told the children it was over 100 years beyond the present time.

He took them to a zoo, and of course they got there very quickly in a very modern, up-to-date air plane.

"We must see the wonderful new creature they have just obtained for the zoo. He's in the yard—right here. Come along, follow me!"

They went over to the yard with the Little Black Clock. There were ever so many people standing around in the yard and in the yard was a horse.

John crawled under a gate and went right in where the horse was and so did Peggy.

The people standing around exclaimed with wonder.

"Look at those children! They'll get killed. Look at them petting that big animal called the horse which they've just secured for the zoo!"

Such were the speeches the people made. "I think I have a piece of sugar in my pocket," said Peggy. She found it, put it upon her hand, and the horse took it off her hand and ate it.

The people exclaimed again with wonder at Peggy's bravery. "Now you see I had to turn the time way ahead to show you this," the Little Black Clock said.

"Horses are so rare these days that they have them in zoos, and they think you're brave not to be afraid of this gentle, quiet old beast."

"What a funny, funny world it has become," said John, "to see a horse in a zoo."

Sheriff's Sale

THE STATE OF TEXAS, County of Runnels.

Whereas, on the 8th day of March, A. D. 1930, in a certain cause, numbered 2171 on the docket of the District Court of said county, wherein the State of Texas is plaintiff and B. B. Stone, J. B. Wade and C. P. Kendall are defendants, the said State of Texas recovered judgment in the amount of Thirty-Nine (\$39.36) and 36-100 Dollars for taxes, penalties and costs with interest computed thereon at the rate of six per cent per annum, together with the foreclosure of plaintiff's delinquent tax lien upon the property hereinafter described as the property of the defendant, because of the non-payment of the taxes due thereon:

And whereas, on the 20th day of March, A. D. 1930, by virtue of said judgment and the mandates thereof, the Clerk of the District Court of said county did cause to be issued an Order of Sale, commanding me as Sheriff of said County to seize, levy upon and sell in the manner and form as required by law the hereinafter described property as the property of the above defendants, to satisfy the said judgment.

Wherefore, by virtue of the said Order of Sale and the mandates thereof, I did on the 21st day of March, A. D. 1930, seize and levy upon as the property of the above defendant, the following property, to-wit:

Being Lot No. 1, in Block No. 1 in the original town of Rowena; Lots Nos. 1 to 5 in Block No. 11 in the Woodward Heights Addition to the town of Ballinger; also N. E. 1-4 of Block No. 11 in the Cuiwell Addition to the town of Miles; and 86x296 feet of Lot No. 6 in the Jackson Addition to the town of Miles, Runnels County, as same appears on the map of the plan of said addition now of record in the office of the County Clerk of said Runnels County, to which map and the record thereof reference is here made for all particulars and descriptions.

And I will on the first Tuesday in the month of May, A. D. 1930, the same being the 6th day of said month, proceed to sell said property at the Court House door of said county, in the city of Ballinger, Texas, between the hours of 2 o'clock p. m. and 4 o'clock p. m. to the highest bidder for cash all the right, title and interest of the above defendant, in and to the above described property, subject, however, to the rights of the defendant to redeem same in the time and manner provided for by law, and subject to the further rights of the defendants to have said property divided and sold in less divisions than the whole. And in event there are no bidders, said property will at said sale be bid off to the State.

Baptist Revival Enrollment 1250

The Sunday school revival which has been in progress all this week in twenty-three Baptist churches of this territory has exceeded the expectations of all leaders. The enrollment at the night services reached the high mark of 1250 Wednesday night and as many attended practically all the services at night, taking some kind of study course.

Rev. J. H. McClain, pastor of the Ballinger church, stated Saturday that all of the twenty-three leaders were delighted with the response at their churches and the earnest desire to increase Sunday schools attendance. He believes much real revival work has been done and said that as a result of the meeting, a class of candidates from several churches would be here Sunday afternoon for baptism.

Rev. McClain told of one church in the county where a teacher had made the decision to enter the ministry and had preached his first sermon Wednesday night. At the conclusion of his sermon, he was encouraged in his start by seeing every unsaved man in the audience saved in a great rally. Other similar occurrences have taken place during the week and the churches have had a great spiritual awakening which will reap good in the future.

The average attendance at the afternoon sessions held at the Ballinger church has been around 335. This session was for the purpose of receiving reports from all churches, keeping enthusiasm worked up and making general announcements.

The Ballinger church had an enrollment of 112 taking part in the study courses.

Last Sunday a religious census was made in Ballinger and while the cards have not been checked in full, Rev. McClain stated that less than half of the citizens of Ballinger showing Baptist preference were now enlisted in Sunday school. The cards from the census have been divided and other churches listed as a preference will be furnished with cards. The average attendance at Sunday school in Ballinger is usually less than one-fourth of the population of the city which shows that each church has plenty of material to work on.

Baptists from the twenty-three participating churches will gather in Ballinger Sunday afternoon for the commencement sermon of the one-week school. The service will start at 2:30, and Dr. White, secretary of state missions, will deliver the sermon.

Jack Egan Has Male Lead in Film Which Also Features Sally O'Neill and Carmel Myers

The signing of Jack Egan for the male lead in "Broadway Scandals," the Columbia all-talking, singing, dancing sensation coming to the Palace Theatre tomorrow for showing Sunday, Monday and Tuesday, was the result of a thorough search.

Dozens of tests were made. But the requirements of the role—youth, good looks and special dancing and singing ability, made it difficult to fill. Scores of young men and dance men presented themselves and seemed at first glance to offer promising material, but when they were put through the paces all fell short, until young Egan appeared.

From the standpoint of pulchritude, Egan is all there. This important quality is backed up by plenty of exuberance and vitality, for the actor is an ardent sportsman—an expert golfer and polo

"TRY CARDUI AGAIN"

Mother's Advice to Daughter Was Followed, and She Soon Got Better.

North Little Rock, Ark.—"Shortly after my marriage, my health wasn't very good," writes Mrs. W. E. Burgin, 315 West Second Street, this city. "I had severe cramping spells, and at times I would have to go to bed. This would be very weakening. I took about five bottles of Cardui at this time and my strength came back. I did not have any more trouble for some time."

Several years later, Mrs. Burgin found herself debilitated by heavy home responsibilities, and she explained: "I seemed very slow in getting my strength back. I was too weak to do anything but just lie around. I would get very nervous over my condition."

"My mother told me I ought to try Cardui again. I did, and soon was getting better. When I had taken about four bottles of Cardui, I was able to do my work again, and haven't had to take it any more." If you are run-down, nervous, or suffer every month, take Cardui, a medicine used by women for over fifty years. As your health improves, you will share the enthusiasm of thousands of others who have praised Cardui for the benefit they have felt after taking it. Get a bottle, today.

HORTON GETS HOT

Overcoming the slump which affected his play in the summer tournaments, Horton Smith is again proving the sensation of winter tournament play. He recently won his 13th title since he began play in the tourneys 16 months ago.

player. Dancing and singing experience and stage technique have been acquired by eight hard years of vaudeville. Anyone familiar with the theatrical game knows that the two-a-day fans are the most exacting in the world. Egan appeared on the Keith Orpheum circuit with such partners as Joseph Stanley, Al Weber, Jack Weir and Jack Hewit.

Co-starred with Egan in "Broadway Scandals" are Carmel Myers and Sally O'Neill.

A part in Paramount's "Love 'Em and Leave 'Em" made in New York started the actor in a picture career. He liked the silver sheet, and readily signed when Paramount offered him a contract for "The Potters" and "Cabaret" with Gilda Gray. Short subjects with Gus Edwards kept him busy until M-G-M signed him for two pictures—"It Can't Be Done" and a Glenn Tryon feature, "Harold Teen" and "The Big Noise" for First National followed. "Broadway Scandals" is said to give him the biggest opportunity of his career.

Sheriff's Sale THE STATE OF TEXAS, County of Runnels.

Whereas, on the 8th day of March, A. D. 1930, in a certain cause, numbered 2265 on the docket of the District Court of said county, wherein the State of Texas is plaintiff and R. E. Cole is defendant, the said State of Texas recovered judgment in the amount of Seventeen (\$17.58) and 58-100 Dollars for taxes, penalties and costs with interest computed thereon at the rate of six per cent per annum, together with the foreclosure of plaintiff's delinquent tax lien upon the property hereinafter described as the property of the defendant, because of the non-payment of the taxes due thereon;

And whereas, on the 20th day of March, A. D. 1930, by virtue of said judgment and the mandates thereof, the Clerk of the District Court of said county did cause to be issued an Order of Sale, commanding me as Sheriff of said County to seize, levy upon and sell in the manner and form as required by law the herein-after described property as the property of the above defendant, to satisfy the said judgment.

Wherefore, by virtue of the said Order of Sale and the mandates thereof, I did on the 21st day of March, A. D. 1930, seize and levy upon as the property of the above defendant, the following property, to-wit:

Lot No. 13, in Block No. 1, in the Burton Place Addition to the town of Winters, Runnels County, Texas, the same appears on the map and plan of said addition now of record in the office of the County Clerk of said Runnels county, to which reference is hereby made for further description of said property.

And I will on the first Tuesday in the month of May, A. D. 1930, the same being the 6th day of said month, proceed to sell said property at the Court House door of said county, in the city of Ballinger, Texas between the hours of 2 o'clock p. m. and 4 o'clock p. m., to the highest bidder for cash all the right, title and interest of the above defendant, in and to the above described property; subject, however, to the rights of the defendant to redeem same in the time and manner provided for by law, and subject to the further rights of the defendant to have said property divided and sold in less divisions than the whole. And in event there are no bidders, said

property will at said sale be bid off to the State.

R. E. McWILLIAMS, Sheriff, Runnels County, Texas, Ballinger, Texas, March 22, 1930. d-22-29 apr 3

ELECTRICIAN QUITS TRADE TO TAKE UP SCULPTURE

(By Associated Press) AUSTIN, Mar. 22.—Once an electrician, first class, Swen E. Bergstrom of Round Rock, now is an accomplished sculptor.

He was employed in quarries around Austin as one of a crew of electricians. He spent most of his spare time, practicing on a clarinet as he was a member of the Ben Hur Shrine Band.

Often he would pause in his electrical work to watch the sculptors in the quarry and while fascinated gave it only a passing thought.

Recently, he came upon one of the sculptors carving on a block of Cordova limestone. The bare outline of an Indian head had been worked on the material and Bergstrom sought permission to finish it.

The electrician turned out a perfect piece of work so good that it has been placed by the stone company among an exhibit of their best products.

Bergstrom is no longer a member of the electrical crew but is one of the band of sculptors.

French Talkies Win Turks

ISTANBUL, Turkey, Mar. 22.—(AP)—A controversy over the relative merits of American and French talkies is being waged in Turkey, with the odds very much against the former. The first French talkie is running here with such overwhelming success that the local papers are unanimous in asking for more French and fewer American films.

Mr. and Mrs. J. W. Norman, of Killeen, are here this week-end visiting their daughter, Mrs. Tommy Hall.

Says Farm Prices Are at Low Level

(By Associated Press) AUSTIN, Mar. 22.—Low prices are the chief depressing influences in the agricultural situation at present, according to Bervard Nichols, editor of the Texas Business Review.

"Farm prices started downward about the middle of last year and have about reached the low levels existing in previous business depressions. However, no immediate sustained rise is in prospect and even lower quotations are possible before improvement takes place," he stated.

"Weather conditions during February were favorable to farm work and great progress was made. A large percentage of the spring plowing has been done and considerable cotton and corn planted in the southern parts of the state. Early planted cotton is up to a good stand in the Lower Rio Grande Valley and chopping will begin shortly. Moisture is lacking in a few areas but good season is in the soil, generally. Winter wheat and oats are making excellent showing."

"Shipments of fruits and vegetables are about back to normal, indicating that effects of the winter frost have been overcome. Loading should gain sharply from now until May or June. Unless farm prices advance before harvest time agricultural purchasing power will be under that of 1929."

FLYING CAMERAMEN TO "SHOOT" ECLIPSE

(By Associated Press) BERKELEY, Calif., March 22.—University of California astronomers will use airplanes to obtain photographs of the sun's total eclipse April 28.

One plane will fly at 10,000 feet, while another will fly lower and take motion pictures as well as stills.

The university's base will be at Camptonville, in the mountains

near the Nevada boundary line. The sun will be in eclipse less than a minute, and for this reason Dr. J. H. Moore, head of the expedition, seeks to obtain unclouded views while the sun is obscured.

SUPERIOR PERFORMANCE

this new eight is economical to own

Few cars can equal the speed, pick-up and climbing ability made possible by the 85-horsepower engine of the New Oakland Eight. It is the most powerful used in any car of comparable size and weight, only racing cars excepted. But even with its superior performance, this car is inexpensive to own. Its first cost is very moderate. And its gasoline mileage equals that of many sixes of the same size. Maintenance costs, too, are very low because parts are easily reached and the power plant is remarkably sound in basic design. Valves can be easily adjusted. Bearings are large, sturdy, interchangeable. A water recirculation system promotes greater engine efficiency. And full pressure lubrication assures positive oiling. . . . Oakland's Fisher badges, too, are built to withstand extremely hard wear. The effect of all these features is not only to assure economy, but to keep the car's ultimate resale value high. . . . Come in. Let us point out the New Oakland Eight's many exceptional qualities. Then let us give you a demonstration, and you will realize how much you are offered in the car with superior performance.

JOHN WHITE APPOINTED JUSTICE OF THE PEACE

John White, formerly chief deputy sheriff, has been appointed justice of the peace of precinct No. 1, to fill the vacancy created by the resignation of Judge C. H. Willingham. Judge Willingham's health made it necessary for him to retire from office and the commissioner's court named Mr. White as his successor. Mr. White has been connected with the sheriff's department for some time and recently announced as a candidate for the office of justice of the peace of this precinct.

Mr. White is now in the office and all justice court cases will be heard before him.

Faculty Party at Country Club
A most pleasurable event of Thursday evening was the picnic sponsored by the faculty social committee in which all Ballinger teachers and the members of the school board were included.

A delectable picnic supper of bacon, wienies, potato chips, salad, deviled eggs, bread and coffee was dispensed cafeteria style by Meses H. C. Lyon, W. A. Bridwell, Besse Lowe, Joe Forman, Misses Ullis Newton, Irene Trousdale, and Messrs. Bridwell and Forman. In passing "seconds" Mr. J. B. Pace was a most able assistant.

The outstanding feature of the evening's entertainment was the talk given informally by Supt. Lyon in regard to his recent trip to Atlantic City.

In closing a sing-song was led by Troy Simpson with the following taking part: Supt. and Mrs. H. C. Lyon, Messrs. and Meses Forman, Bridwell, Simpson, A. F. Brock, O. C. Sykes, O. D. Worthy, F. T. Wright, Tom Caudle, Meses Earl Webb, H. C. Spenger, Lowe, M. C. LUBBOCK WILL GET A NEW FEDERAL BUILDING

(By Associated Press)
LUBBOCK, Mar. 22.—Contract for construction of a new federal building and postoffice for this city will be awarded next December, according to information received here from Senator Morris Sheppard. The building will cost approximately \$335,000 and will house the Lubbock Postoffice and the Lubbock division of the United States district court, northern district of Texas.

Appropriation for the building was passed by Congress last year but, owing to the presence of the site donated by the county to the government, southeast corner of the square, the government has help up procedure. Recently the county commissioners' court passed a resolution declaring the jail would be removed by the time the government desired to start construction.

The commissioners are studying costs and plans for a new courthouse and jail building, following the filing of a petition to call a county-wide bond issue to vote \$250,000 for erection of a new courthouse.

SUCCESS OF BOYS' CORN TEACHES DAD A LESSON

(By Associated Press)
CHATTANOOGA, Tenn., Mar. 22.—After planting a nondescript variety of corn for 100 years, farmers in Hamilton county have learned a lesson from 4-H club boys that has doubled their corn yield in many instances.

Fourteen years ago, when boys club work was introduced, the only variety of corn grown in the section was a red cob variety, a type grown ever since the county was settled.

Improved corn planted by 4-H club members was so successful that it was widely adopted.

TEXAS SHELLS BEING SENT TO MISSOURI

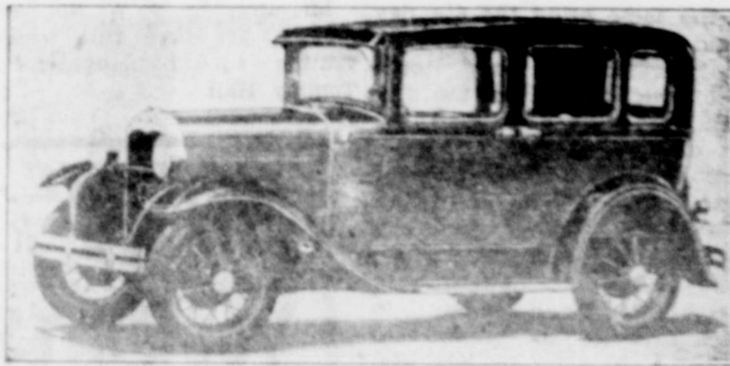

(By Associated Press)
AUSTIN, March 22.—A box of five mussel samples has been shipped by the Game, Fish and Oyster Commission to Dr. M. M. Ellis of the University of Missouri, where they will be used as breeding stock to repopulate depleted areas in the northern states.

Mussel depletion in the upper Mississippi Valley has become acute, according to Henry O'Malley, commissioner of the Bureau of Fisheries at Washington who announced that efforts at repopulation will be discontinued in areas where pollution exists, and that the new stock will be placed only where the water is chemically fit. The shells are used in the manufacture of pearl buttons.

The shipment from Texas was the first of a series to be taken from several streams of the state. Those sent were taken from the Colorado River just below the Austin Lake dam.
