Governor Moody Expects To Ask for Third Term

(By Associated Press)
AUSTIN, May 9.—Assurance that Governor Dan Moody will be a candidate for governor in the coming primary election was seen today with the statement: "I am figuring on getting into the race." The formal announcement of his candidacy is not expected to be ready for two weeks, supplementing the statement today, the governor said.

"The prospect of being forced to choose between Ferguson, a political demagogue, running either in his own name or in the name of somebody else; and Earle Mayfield, political quack and demagogue, is not very inviting to the people of Texas," Moody declared.

Charges are Filed Against Bishop

(By Associated Press)
DALLAS, May 9.—Formal charges against Bishop James Cannon Jr., of Virginia, believed to touch on his stock market activities and political actions during the 1928 presidential campaign today were filed with Dr. F. C. Calver, chairman of the episcopacy committee of the general conference of the Methodist Episcopal Church, South.

Hoover Nominates Roberts to Bench

(By Associated Press)
WASHINGTON, May 9.—Owen J. Roberts, of Philadelphia, special government counsel in the Teapot Dome and other oil conspiracy cases, has been selected by President Hoover for the vacancy on the United States supreme court, which was formerly held by the late Justice Sanford. The nomination is expected to go forward today to the Senate which, two days ago rejected Judge John Parker, of North Carolina, for the same place.

Good Time Made By Junior Flier

(By Associated Press)
EL PASO, May 9.—Frank Goldsborough, 19, who is attempting to establish a new junior record for flights across the country, took off here at 9 o'clock this morning for Dallas.

The young flier hoped to reach Tulsa, Oklahoma, by nightfall.

Outstanding Leader To Address Seniors

Walter D. Cline, of Wichita Falls, will deliver the commencement address to the senior class of the Ballinger high school next Friday evening at 8:00 o'clock. Mr. Cline spoke here in January at the annual banquet of the Ballinger Chamber of Commerce and those who heard him are glad of another opportunity. His reputation as a speaker and entertainer here will insure a full house for the graduation exercises of the local school.

Will Start Campaign To Advertise Towns

(By Associated Press)
STAMFORD, May 9.—As a means of acquainting the world with its slogan—"West Texas, the Material Capital of the World," and thereby stimulating development of the territory's resources, the West Texas Chamber of Commerce has arranged for a cooperative advertising campaign to cover the entire United States, in which every town and city in the district can join with the regional organization for individual and collective exploitation.

An order has been placed with the regional organization for 100,000 sheets of fifteen lithographed stamps and for 300,000 four-colored booklet covers. Distribution of the stamps and booklet covers will start at the annual West Texas Chamber of Commerce convention in Abilene, May 29 and 30 and 31, D. A. Bandoen, general manager, has announced.

All towns in West Texas will be asked to use the stamps and booklets. Each local chamber of commerce will sell the stamps to business and industrial establishments in the community served for use on all correspondence.

The booklet covers will have a special color design with sufficient blank space below to allow each town to publish a distinctive piece of community advertising.

Each of the fifteen stamps will carry the West Texas Chamber of Commerce slogan and also call attention to some outstanding fact concerning the section.

Approval of the plan has been accorded by a large number of commercial organization executives in West Texas, and the chambers of commerce of Fort Worth, Amarillo, El Paso, Stamford, Graham, Coleman and Sweetwater, have joined the regional organization in sponsoring the undertaking.

Every town in West Texas, no matter how small, will be financially enabled, Bandoen declared, through this cooperative advertising campaign, to issue a booklet giving information about the community. The stamps will be sold at a low price, but one sufficient to pay for the literature, according to the plan.

Ballinger Rotarians need no introduction to him as he was first vice-president of Rotary International, 1927-28, formerly was district governor, and was chairman of the international convention committee for the Ostend, Belgium, convention. He was decorated knight commander, Order Leopold II, Belgium, in 1927. He is a Democrat, member of the Methodist church, Mason and Shriner.

MANY LEFT HOMELESS BY NASHUA, N. H., FIRE

More than 500 persons were left homeless after fire destroyed the southeastern section of Nashua, N. H., causing property damage estimated at more than \$2,500,000. Picture above was taken from airplane during height of fire which burned 225 homes.

Tornado District Busy Rebuilding

(By Associated Press)
FROST, Tex., May 9.—The dead all buried, citizens today were rapidly digging out the ruins of their homes and stores, destroyed by the tornado Tuesday. A crew of fifty carpenters has finished the erection of a building which will house fifteen businesses until private stores can be rebuilt.

15,000 Chinese are Reported Killed By Political Expense

(By Associated Press)
SHANGHAI, May 9.—Chinaxing China's unparalleled banditry in recent months, 15,000 Chinese of the province of Yangyang were killed on April 23, said unverified dispatches today in Chinese newspapers.

Denies Law Violated

(By Associated Press)
WASHINGTON, May 9.—A flat denial that the Anti-Saloon League had violated the law by failing to report political expenditures was made by Superintendent Scott M. Bride before the Senate lobby investigating committee today.

Boswell Given Two Years at Angelo

Federal Judge William H. Atwell at San Angelo Thursday passed sentence on seven men in connection with the alleged auto theft ring recently uncovered in this section of the state. One of the men, W. E. Boswell, formerly of Ballinger, received a sentence of two years in the penitentiary and a fine of \$1,000. Boswell gave notice of appeal in his case and Judge Atwell overruled the motion but granted 30 days extension of time for the perfection of an appeal.

JUDGES LIVING ROOMS IN DISTRICT CONTEST

Miss Kate Adele Hill, district home demonstration agent of district No. 4, spent Wednesday here with Mrs. Lura Hollingsworth, county home demonstration agent, and visited all rooms entered in the living room contest in Runnels county. Miss Hill judged the rooms for the district competition and left here Thursday for San Angelo where she will inspect rooms in Tom Green county.

SAS USED TRAINED MITES TO TEST HIS "KILLER"

(By Associated Press)
EL PASO, May 9.—John B. Howard, attorney, believes the government used "trained" mites and lice in testing an allegedly fake lice-killing powder manufactured by a company of El Paso, he told a jury trying a case here in federal court.

HAS OLD GOLD "SLUG"

(By Associated Press)
PARIS, May 9.—A coin estimated to be worth \$300 but which has no purchasing power is in the possession of C. H. Noyes of Paris. The coin is a \$50 gold "slug" issued by the state of California in 1851. Noyes paid \$100 for the coin 40 years ago.

PRECINCT NO. 3 SHOWS GAIN OVER 1920 CENSUS

The population of justice precinct No. 3 of Runnels county as shown by a preliminary count of the returns of the fifteenth census, taken as of April 1, 1930, is 3,288, as compared with 3,109 on January 1, 1920. The 1930 figures are preliminary and subject to correction.

WAS OLD GOLD "SLUG"

Following is the way the government attorney summed up the case of the seven arrested and who are alleged to have made up the ring:

Goree, in the eyes of the government, was Armstrong's helper. Boswell, Hubbard and Coleman were charged to be the salesmen of the cars, fictitious bills of sale being used. Tip Russell was pictured as the man of influence who introduced the salesmen to prospects, and sent some telegrams that the government sought to use to advantage in securing its conviction. Crooms, who got two years, was accused of possession of dies for the changing of numbers of the autos and of disposing of one car. All told twenty cars were recovered but these twenty cars, none of which had been driven over 2,000 miles, were low priced. The refinancing of these cars, some of which federal agents said had been financed five or six times, and the sale of the cars brought in what the department of justice officials estimated to be around \$35,000 or \$40,000. H. C. Leslie, former department of justice operative, and Ed Bolding, department of justice official, were the government witnesses. The defense used thirty witnesses.

Rangers and Officers At Sherman Battle Mob

Lightning Hits Man; Recovery Doubtful

(By Associated Press)
GRAND SALINE, Tex., May 9.—Little hope was held today for the recovery of Claude Atkins, 42, who, with his three children, was stunned last night by a bolt of lightning as they left the cellar where they sought refuge from a storm.

The children, who were also hit by the bolt, are less seriously injured than the father.

(By Associated Press)
SHERMAN, May 9.—Texas rangers and Grayson county officers today were fighting one of the greatest crowds ever gathered in this county seat, bent on lynching George Hughes, 41, negro, charged with criminally assaulting a white woman.

It was said that tear gas bombs were used freely by the officers to drive back the raging mob. Firemen used ladders for persons inside the court building to come down from the second floor.

Eleven Dead Found At Packing Plant

(By Associated Press)
ST. JOSEPH, Mo., May 9.—The bodies of two men and a woman were dug from the debris of the Armour & Company packing plant here today to raise the death toll in the blast which wrecked the building to eleven persons.

An exact check of the dead and injured is impossible yet due to the attendant excitement, but officials expected the death list to reach at least twenty.

Ballinger Has Had Excellent Growth

Ballinger has more than three times as many people now as in 1900, however, that growth has not been steady. The records show that in 1920 there was a big decrease in population in this city but during the past decade the figures have been run to the highest ever known in the history of the city.

Following are the census figures as shown by the last four federal counts taken in Ballinger: 1900—total population 1,177. 1910—total population 3,536. 1920—total population 2,767. 1930—total population 4,187.

C. W. Towler Dies At Hospital Here

C. W. Towler, age 61 years and 19 days, died at the Halley & Love Sanitarium Thursday night at 10:30 after a serious illness for the past several weeks.

Mr. Towler was well known in Ballinger having lived here for 61 years. For the past eight years he had been engaged in the gin business at Wingate and prior to that time operated a gin at Ballinger for a long period.

Some observers believe the largest number of citizens here was back in about 1908. Others declare that during the fall of 1922 and 1923 the figures would have easily passed the 5,000 mark.

In November, 1929, a check was made here by an out-of-town concern which showed Ballinger's population at 4,981. This private census did not mean an enumeration of every person but was an estimated population computed on the scholastic census, water and light meters, etc. The number of persons found living here in the federal census which has just been completed is less than that estimated in November of last year.

LEGION CONVENTION IN EASTLAND SUNDAY

The 17th district convention of the American Legion will meet this week-end in Eastland in the regular spring gathering. The delegation from Ballinger to this meeting will be small on account of important local affairs and it is probable that M. C. Atkins, delegate from Pat Williams Post, will be the only Ballingerite to attend.

His health had been bad for some time and a short time ago he was brought to the local sanitarium where little hope was held for his recovery.

Relatives left to mourn his death include three daughters and a son. The daughters are Mrs. J. P. Minor, Misses Callie and Nell Towler, and the son is C. W. Towler, Jr., all of Wingate. Two brothers and two sisters also survive: E. G. Towler, of Big Spring; J. F. Towler, of Wilmett; Mrs. Shafer, of Hillsboro; and Mrs. A. A. Martin, of Santa Anna.

SCOUT COURT OF HONOR AT METHODIST CHURCH

A Boy Scout court of honor will be held at the First Methodist Church tonight at 7:45. A large number of Scouts will appear before the court as applicants for merit badges and will be examined as to their proficiency. All citizens interested are invited to be present and witness the ceremonies.

The usual program will be followed Sunday, including a union service at 11:00 a. m., and a business session in the afternoon for both men and women. Banquets will be numerous, including a large spread served Sunday at noon for all delegates and other ex-service men attending the convention.

The body was taken to the undertaking parlor of King-Holt Co., and prepared for burial and will be shipped to Smithville, Texas, Saturday afternoon. The funeral will be held there Sunday afternoon and interment made beside his wife following the rites.

Mr. and Mrs. C. J. Holt, of Altus, Oklahoma, are here this week visiting W. A. Holt, Mrs. E. E. King, and other relatives.

Middletons are Hosts

Mr. and Mrs. E. C. Middleton entertained friends with a two-course dinner on Thursday evening of last week in their pretty home on Eighth Street. On Friday afternoon Mrs. Middleton was again hostess at bridge.

Roses, with shades of pink predominating, were used to adorn rooms where tables were arranged for the games. The tones of pink and green, suggested by the floral decorations, were emphasized in the game and table appointments and in the delicious menu.

In the evening Mr. and Mrs. Middleton included Messrs. and Mrs. Floyd Carr, Charles Bailey, Robert Bruce, Jack Rudd, Leonard Stallings, W. B. Woody, C. W. Cheatham, Delbert Vancil, Alex McGregor and Claude Stone.

The afternoon personnel was: Mmes. Joe Simmons, Edward Sommer, J. J. Beck, D. Reeder, Henry Jones, Leslie Baker, Sim Cottelle, Geo. Vaughn, I. Vancil, J. B. Striplin, Frank Pearce, Ross Murchison, K. V. Northington, George Pearce, Ralph Erwin, W. B. Woody, Garland Thomas, Sherley, W. L. Brown, R. W. Earnshaw, Rothal O'Kelly, M. H. Watson, Troy Simpson; Misses Helen McCamey and Louise Organ.

Mr. and Mrs. Karmany Entertain at Bridge

Into their attractive home on Seventh Street, Mr. and Mrs. M. S. Karmany welcomed friends on last Monday evening. A wealth of spring flowers of varied hues enhanced the beauty of the rooms where bridge players found places at five tables. At each place was a favor and following each game the man and woman holding high score were allowed the choice of any souvenir. A thoroughly enjoyable evening was spent in this delightful informal atmosphere.

May Day Breakfast is Given by Mrs. George Pearce

On Thursday morning of last week at 9:30 Mrs. George Pearce's hostess to a group of friends with a May Day bridge breakfast, entertaining in her attractive apartment on Broadway. Honeysuckle was used in various spots to lend its fragrance to rooms beautifully decorated with a profusion of spring roses. Guests were welcomed by the hostess, Mmes. Frank Pearce, Ralph Erwin, George Holman, Edwin Day. A refreshing cup was served and guests were "go round the May Day."

Suspended from the ribbons of the miniature May Pole cards denoting places for guests at the prettily appointed foursome tables. The delicate breakfast menu, served to courses, was followed by bridge games. An added feature of the games was the giving of caps in pastel shades to players forced to go to foot. Mrs. Ross Murchison won high score and was crowned queen of the May with a coronet of flowers and honeysuckle. She also had a hand-made handkerchief with needle point corner, and a blue toy fish. Other guests included: Mmes. Pearce, Edwin Day, J. Y. Pearce, Baker, R. L. Harwell, Bruce George Vaughn, Victor Clyde Cantrell, Alex McEstes Lynn, Ira Sims, Sims of Paint Rock, D. C. In, Will Dooze, Sim Cotpyd Carr, C. R. Stephens, Murchison, Mann, Harry Noel Penn, John Guion, Mms. Harry Lynn, Joe Malcolm McGregor, Chas. W. B. on Pou Avenue was the scene of two pretty parties on Tuesday. In the afternoon club members and a few additional friends were guests at bridge and in the evening Miss Dotsy Sims was named guest of honor.

Gorgeous spring roses and snapdragons from home flower gardens gave added beauty to the rooms where a springtime flower motif was given emphasis in game accessories. A plate of salads and ices was passed at the refreshment hours.

In the afternoon high score award went to Mrs. Homer Carsey, low to Mrs. Charles Bailey and cut favor to Mrs. Frank Pearce.

Guests included were: Mmes. Robert Bruce, Carsey, Alex. McGregor, Bailey, Ross Murchison, C. W. Cheatham, Mobley, Bill King of Brownwood, D. C. Middleton, Delbert Vancil, K. V. Northington, L. R. Tigner, Claude Stone, W. B. Woody, Jack Rudd, Pearce, Leonard Stallings, Ira Sims, Malcolm McGregor, Leslie Baker, M. H. Watson, R. W. Earnshaw, Kathleen Drake, Wilson Hartgrove, Mack Hartgrove and Scott Hartgrove of Paint Rock; Misses Katharine Penn, Florence Westbrook, and Hattie Rue Hartgrove of Paint Rock.

Miss Dotsy Sims is graduating from the high school and a group of senior friends were guests at the evening affair. Bridge games were followed by dancing. To the girls favors were handkerchiefs, to the boys, ties. Miss Sims received lovely silk lingerie.

Guests were: Misses Sims, Loucille Sledge, Eva Ruth Forgy, Virginia Holman; Messrs. Robert Lusk, Drew Dickson, Davis Sims, and Wallace Chastain.

Denver Hub of Universe For Club Women in June

(By Associated Press)

DENVER, May 9.—In every civilized country in the world women will be buying tickets to Denver in the latter part of May.

By steamboat, train, automobile and airplane some 15,000 will arrive there on or about June 5 for the 10-day convention of the General Federation of Women's Clubs.

A small army of hostesses, 8,000 Colorado women, already are laying plans for the reception of the delegates. Many of the finest homes and gardens of Denver will be thrown open for social functions in honor of the visitors.

World peace and better motion pictures will serve as the principal topics of discussion at the business sessions, but play will occupy a large part of the delegates' time.

Women who wish to do so may take an airplane ride over the peaks of the Rockies around Denver, with Mrs. Angela L. Joseph, among the first women to win a commercial pilot's license at the controls.

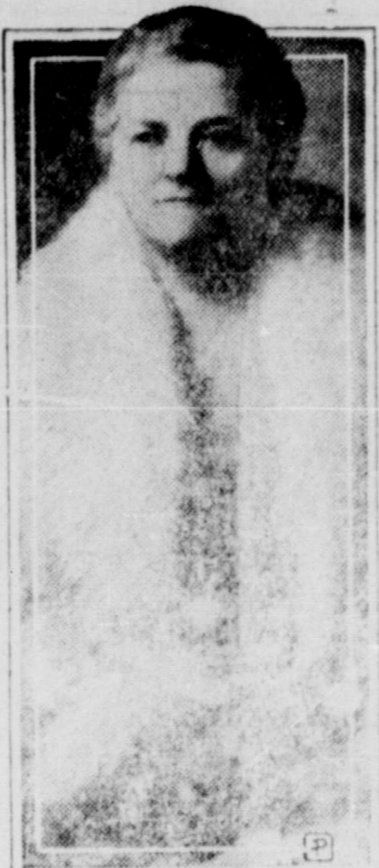

A closer view of the Rockies and of Mesa Verde national park will be available by motor and railroad for those who prefer to stay on the ground.

Mrs. John F. Sippel, president of the federation, has visited 40

afternoon of last week on the lawn of the Simmons home on Fifth Street.

Games, the taking of pictures, examination of the pretty gifts and the cutting of the birthday cake were high spots of the afternoon. Ice cream and cake and cookies were served by Mrs. Simmons assisted by Mmes. Victor Miller, Harry Lynn and H. C. Lyon.

Children invited were: Ralph

AMERICAN WOMEN "ADOPT" LONDON CHARITY HOSPITAL

(By Associated Press)

LONDON, May 9.—American women in London have "adopted" the Royal Free Hospital.

Help given to the hospital by the American Women's Club recently was acknowledged by Lord Riddell, presiding at the annual meeting of the board of governors.

"The hospital has been adopted by the American women," he said, adding that the hospital's deficit has been reduced from 16,000 pounds to 7,000 pounds through the kindness of the American donors.

The American ambassador and Mrs. Dawes, both of whom are on the board of governors, were present at the meeting.

FRENCH WOMEN QUALIFY FOR ANTIQUARIAN POSTS

PARIS, May 9.—Women scored heavily over men in examinations just held for filling vacant posts in the service of historical archives of France.

The first place went to a male candidate, but the second, third, fourth and fifth went to women. The examination is a severe one, requiring a remarkable knowledge of French history, ancient forms of the French language, the reading of old documents and charts.

Candidates are expected, beside this general knowledge, to specialize on one subject of history on which they must present a thesis to the examiners.

In a sportsman it's Fair Play

in a cigarette it's Taste

POPULARITY IN A SPORTSMAN rests first of all on fair play; in a cigarette on better taste.

CHESTERFIELD'S POPULARITY is fairly won with finer tobaccos, blended and cross-blended to give greater delicacy and richer fragrance.

IT TAKES TIME and is costly to make cigarettes the Chesterfield way, but no other way arrives so surely, so completely at what you want most... "TASTE above everything".

We state it as our honest belief that the tobaccos used in Chesterfield cigarettes are of finer quality and hence of better taste than in any other cigarette at the price. LEIGHTY & MYERS TOBACCO CO.

Youth Who Shot Mother Will be Tried this Month

CLARKSVILLE, May 9.—The story of a youth whose loyalty to his dead father caused him to shoot his own mother to death will be heard by the Red River county grand jury which convenes here May 12. It is the case of George Lloyd Baker, 19, who confessed killing his mother, Mrs. G. W. Baker, near her home at Avery, Texas, on April 25.

The youth showed little remorse over his act while held in jail here, but related a tragic story of trouble which he said started years ago. Baker declared he was forced to leave home because of the cruelty of his mother. He told County Attorney B. C. Jones that his mother flogged him unmercifully and never showed any love for him.

Shortly after he left home, his father and mother became estranged, and he went to live with his father, George said. They farmed together for several years and the companionship ended only a few weeks ago with the death of the elder Baker.

Personal effects left by the father had been mortgaged to obtain funds for planting of the spring crops, and the son said he went to the mortgage holders and promised to pay off in the fall if he made good crops, or else turn the property over to the creditors.

During the years that he and his father worked together, the son's affections were completely alienated from his absent mother.

The shooting occurred when the mother and her other son, Barney, 28, went to the house occupied by her younger son and started taking away property, George declared.

He said his mother and brother previously had taken a cow, corn, cottonseed and other property left by his father. When they returned the next day, he observed them from the field where he was at work, dashed to the house for a shotgun, and shot his mother, killing her instantly, George declared.

Young Baker was released under \$1,000 bond pending appearance before the grand jury. Justice of the Peace Pat B. Clark took the view that the youth was entitled to defend property left to him by his father.

Barney, the older brother, testified at the hearing that he and his mother had loaded a wagon with goods left by his father and were preparing to drive away when George suddenly appeared with a shotgun and killed the mother without warning. Barney said he leaped from the wagon, grabbed the gun from his brother and struck him over the head several times.

Mr. and Mrs. G. C. Byran, who lived in the house with George, only other witnesses to the tragedy, testified that Mrs. Baker and her older son had come to the house the previous day and took away a load of stuff. They said that George became angry

when he learned of his mother's act, and declared that she would not take anything else away from the place.

"It looks like an unjustifiable crime," says County Attorney Jones, "but nearly all his life this boy has been taught to side with his father. He was brought up with the idea that his father was right—his mother wrong, in every thing."

Amusements

Fast Action and Talk in "The Locked Door"

In sharp contradiction to the popular notion that sound pictures must necessarily sacrifice action for dialogue is George Fitzmaurice's treatment of "The Locked Door." United Artists production co-features Rod La Rocque, Barbara Stanwyck and Betty Bronson at the Palace Theatre.

This picture was filmed with the same elastic technique that caused silent pictures to supplant in popularity the comparatively actionless and static legitimate drama.

In "The Locked Door" the actors are constantly on the move, doing things and speaking their lines regardless of their position in relation to camera and microphone.

Thus Fitzmaurice attains the degree of naturalness which reached perfection in the silent screen and was lost again through the inflexibility of recording apparatus.

In one scene of the picture La Rocque, Miss Stanwyck, Boyd and Miss Bronson are scattered over a wide area—ten and sometimes fifteen feet apart. Where formerly they would have been required to crowd together for recording purposes the nature of the new United Artists sound equipment permitted the action to go on as it would occur in real life.

Zasu Pitts, Mack Swain, Harry Stubbs, Harry Mestayer, George Bunny, Clarence Burton and Edward Dillon complete the cast.

Splendid Cast in "Untamed"—Opens at Palace Sunday

Important film names are in the cast of "Untamed," the first Joan Crawford talking picture, which will open a three-day engagement at the Palace Theatre Sunday afternoon.

Robert Montgomery, one of Broadway's most brilliant young actors, came to the lead after being featured in "So This Is College." Montgomery is rated as one of the most promising "new faces" to be brought into pictures.

Ernest Torrence needs no introduction. He plays Jean's scheming Scotch guardian.

Holmes Herbert, Torrence's pal in the picture, made a name for himself in "The Thirteenth Chair," and in "Madame X."

Gwen Lee, beautiful slim blonde of M-G-M, has the greatest part

\$1,200 Chemicals at \$10 Bring Honor to Eastman

PHILADELPHIA, May 9.—A little known side of the career of George Eastman, his venture into rare chemicals, comes into prominence with the presentation to him of a chemistry medal on May 10.

The award is made here by the American Institute of Chemists, an organization formed to restrict the title of chemist to real chemists only. Mr. Eastman receives the title as one of chemistry's great benefactors.

For years he was an unknown benefactor. He began manufacturing rare chemicals during the World War, but kept the fact secret for years.

Rare chemicals are made in small quantities, usually no more than a pound. They are of use principally to scientists, for experiments with new combinations. They comprise one of the most inactive businesses in the world—for years sometimes pass before one of them is wanted.

They are expensive, too. An anecdote is told that an assistant asked Mr. Eastman what price to fix on a specially costly one.

"How much did it cost?" Mr. Eastman asked.

"Twelve hundred dollars a pound."

"Fix the price at \$10 for the pound."

of her career as "Marge," the "other girl."

People who saw Don Terry play "Me Gangster" know him as a very capable young actor. In "Untamed," however, he engages with Montgomery in a fast moving fistic battle, which brings into play the prowess shown when, as "Bobbie Dinsmore," he won the light heavyweight title of England in 1926.

John Miljan follows dirty villains with dirtier ones. Perhaps he has never had a more despicable role than that of "Bennock" in "Untamed."

Eddie Nugent, one of filmdom's most popular young comedians, and Grace Cunard, former serial star, round out the imposing cast of great and near-great.

Joan Crawford has in "Untamed" the strongest characterization so far given her.

"Untamed" was written as a Saturday Evening Post story by C. E. Scogins, former Ballinger citizen, who has recently risen high in the ranks of modern authors.

Be wise and advertise

GEORGE EASTMAN

Prices were set uniformly low enough to put the unusual substances in reach of scientists. A German chemist visiting the United States after the war remarked:

"The making of rare chemicals by Mr. Eastman was a blow to us. Before that, we knew almost exactly what chemical experiments American universities were working upon, for they sent to Germany to get their rare chemicals. Now they get them from Eastman."
