## Supreme Courts Hear Ferguson-Love Cases

(By Associated Press)  
AUSTIN, May 14.—Two state supreme courts, one special, the other regular, today held decisions in the cases of Thomas B. Love and former Governor James E. Ferguson, who have brought suit to determine the right of the state Democratic executive committee to bar them as candidates of the Democratic Party. It was rumored that the special tribunal would decide the Ferguson case later today. A delay is expected in rendering a decision on the Love petition.

## April Consumption Of Cotton is Given

(By Associated Press)  
WASHINGTON, May 14.—Cotton consumed during April was announced today by the census bureau as 532,382 bales of lint and 66,951 bales of linters as compared with 508,576 bales of lint and 63,976 bales of linters in March.

## 102 POTATO GROWERS ARE PERMITTED TO SELL PLANTS

(By Associated Press)  
AUSTIN, May 14.—Only 102 growers will be permitted to sell sweet potato slips in Texas this year, J. M. Del Curto, chief entomologist of the state department of agriculture stated following the examination of more than 400 applicants. He said land of the majority was infested with pests which were harmful to sweet potatoes and which might nullify the work of the department in attempting to eliminate crop dangers.

Del Curto stated the work of eradicating sweet potato dangers was reviving interest in the crop and that more than 3,000 carloads of the product was produced in Texas during the last growing season. Establishment of pest free zones and quarantine against the introduction of faulty plants has been one of the main objects accomplished in the campaign, he said.

The establishment of free zones also has caused other areas to start cleanup campaigns because products from "dirty" areas cannot find as ready a market as those certified by the state. As a result of the efforts of the agricultural department Oklahoma, Arizona and Arkansas have removed their quarantine against Texas sweet potatoes if they come from pest free areas, Del Curto said.

Each of the 3,000 Kansas ex-service men confined in hospitals this month will receive a kit containing needles, thread, scissors and buttons, the gift of the American Legion Auxiliary.

## School Census Shows Increase Here of 55

A. F. Brock, secretary of the school board, has completed the Ballinger school census and announced the number of scholars Wednesday morning at 1,187. This is the largest number ever enumerated in the Ballinger independent district.

The total in 1928 was 1,022; 1929, 1,127; and this year the number climbed to the above figure.

White children enumerated by Mr. Brock this year totalled 1,065. One peculiar feature of the enumeration was the race between girls and boys. The boys led in the total number by one, there being 533 boys and 532 girls of school age in Ballinger.

At the request of the Parent-Teacher Association, both local and state, a separate count was made of the six and seven year old boys and girls. The county showed 90 six-year-olds and 86 seven-year-olds.

Total of negro children counted was 122.

This is the first year that six year old children have been enumerated by school boards. Without them the census would show a decrease of 35. The complete total increase is 55.

## Stokes is President New Cotton Ass'n.

(By Associated Press)  
DALLAS, May 14.—The Texas Cotton Cooperative Association started a new regime today as successor to the Texas Farm Bureau Cotton Association, with Lynn Stokes, of Ballinger, as president of the new body.

DALLAS, May 14.—The board of directors of the Texas Cotton Cooperative Association, the organization succeeding the Texas Farm Bureau Cotton Association, today elected Lynn Stokes, Ballinger, as president; C. A. Barron, Lamesa, vice-president; and Harry Williams, Dallas, secretary-treasurer.

Other officers: E. H. Linsteader, assistant secretary-treasurer; and Homan Starke and B. C. Pittuck, assistant secretaries.

Executive committee: C. A. Barron, Shirley Gregg of Manor; and Ed. Brewster, Jr., Terling, with president Stokes as an ex-officio member. Harry Williams also was named as the association's representative on the board of directors of the American Cotton Cooperative Association.

Under organization plans adopted yesterday at the membership meeting, the new association would work for closer contact between Texas farmers and the Federal Farm Board in marketing cotton.

The plan provided for division of the state into six districts, any one of which would become autonomous as soon as it had delivered as much as 100,000 bales of cotton.

The program also provided for establishment of branch offices over the state in charge of federally licensed classes and with facilities to expedite prompt settlement with members.

Details of the new set-up were discussed by C. O. Moser of Dallas, vice-president of the American Cotton Cooperative Association.

## CAMP FIRE GIRLS TO MEET FRIDAY AFTERNOON 4:00

All groups of the local Camp Fire Girls will meet at American Legion Hall Friday afternoon at 4:00 o'clock. All guardians and assistant guardians and mothers of all members also are requested to be present.

Mrs. B. W. Draper, district executive, San Angelo, will attend the meeting and will have a number of important matters to discuss that will be of interest to the girls as well as guardians and mothers.

Virginia has 1,469 registered pharmacists.

## Stimson Answers Senate Questions

(By Associated Press)  
WASHINGTON, May 14.—Secretaries Stimson and Adams, whose signatures appear on the London naval treaty, withstood a broadside of senatorial questioning today, and fired back in vigorous counter attack.

Stimson was cross examined before the Senate foreign relations committee about the London conference records. He answered the charges that the American naval policy had been "changed radically" at London.

Adams denied that modification of the big cruiser program, approved by congress, represented a hazardous American sacrifice.

## Free Training for Youths this Year

(By Associated Press)  
ST. LOUIS, Mo., May 14.—Practical business experience between their junior and senior college years, to assist them in finding their future place in industrial life after graduation, will be given juniors in colleges throughout the United States this summer, through the fellowship awards of the Dansforth Foundation, according to an announcement by William H. Dansforth, president of the foundation.

In addition to this, the Dansforth Foundation also is offering scholarships to several hundred young people for a two weeks training course at the American Youth Foundation Camps, these scholarships going to prominent members of 4-H clubs throughout the country, outstanding high school students and members of freshman classes in colleges.

College students awarded the Dansforth fellowship will be given a six weeks business training in the main office of Purina Mills in St. Louis, a feed milling concern headed by William H. Dansforth.

The business training, starting July 7 and ending Aug. 15 will include a week at Purina Experimental Farm at Gray's Summit, Mo., a two weeks course in salesmanship, and three weeks actual experience in the various departments of the mill proper and business offices. After completing their six weeks in business winners of the awards will go to Camp Minnawanka, at Shelby, Mich., a camp of American Youth Foundation. There they will receive a two weeks course in Christian leadership under prominent social, religious and business leaders.

Young people awarded the Dansforth scholarship will be given the two weeks training at either of the summer camps of the American Youth Foundation.

The Dansforth Foundation was established two years ago in the interest of the development of leaders in high school, college and rural organizations. A total of 370 awards will be made this year by the foundation.

Among those awarded the business training course offered by the foundation were: John H. Stephens, University of Arkansas; Louis Meanwell, Colorado State Agricultural College; A. D. Fitzgerald, Louisiana State University; Arthur Beall, Oklahoma A. & M. College; D. H. Taylor and J. H. Taylor, Texas A. & M. College.

Mr. and Mrs. E. E. King, Mrs. E. C. Baskin, Misses Verna Ransberger and Velma Paxton motored to Abilene Tuesday evening to see the Passion Play.

Mr. and Mrs. E. E. King, Mrs. E. C. Baskin, Misses Verna Ransberger and Velma Paxton motored to Abilene Tuesday evening to see the Passion Play.

Be wise and advertise.

## Byrd is Homeward Bound Wednesday

(By Associated Press)  
BALBOA, Canal Zone, May 14.—Rear Admiral Richard E. Byrd, homeward bound from his South Pole explorations, arrived here today. The noted explorer intends to spend two weeks here assembling his comrades for the return to New York.

## Celebration Plans Completed Today

All plans were about complete Wednesday for the staging of the celebration at Miles Thursday afternoon of the opening of highway No. 30. A great deal of material to be used in the pageant was already on the ground and trucks were sent for the balance Wednesday morning. A rehearsal was scheduled at Miles Wednesday afternoon, using the old stage coach and Indian raid, and following the rehearsal detailed plans with relation to costumes and other matters will be explained.

A new feature was added to the pageant Wednesday morning from Miles when four young ladies agreed to ride on side saddles in the costumes of 1900. All equipment for this added feature was furnished at Miles and the four girls were getting their tops ready to take part Thursday.

Miles high school boys will be cast as the Indians and will be on hand in war paint ready to raid the pioneer pale-faces.

In securing the old stage coach it was necessary to buy the vehicle as it could not be borrowed. A deal was made Tuesday afternoon and it was delivered to Miles Wednesday morning by truck.

W. R. Hunton, of Miles, stated over the telephone Wednesday that he was rounding up plenty of horses and burros and would have all in place and ready to start at 4:00 o'clock Thursday afternoon. All members of the state highway commission have accepted invitations with possibly the exception of Cone Johnson, who wired that it might be impossible for him to attend.

A sale of banquet tickets was begun Wednesday morning. The banquet will be held in the St. Angelus Hotel, San Angelo, Thursday night at 7:45.

A number of Ballinger merchants were anxious to close their business houses Thursday afternoon provided the entire city would be closed. They feel that this will be the only way to send a large delegation to Miles to represent Ballinger. No action had been taken on this Wednesday but an effort will probably be made Thursday morning to see if all firms will agree to close either at 3:00 or 3:30 p. m.

Be wise and advertise.

## Probe at Sherman Causes One Arrest

(By Associated Press)  
SHERMAN, Tex., May 14.—Side-tracking temporarily the investigation of Friday's riot, by the military court of inquiry held under martial law, efforts were renewed today to find the authors of warnings posted threatening negroes.

Bennett Hogue, 30, of Denison, was arrested and charged with "posting notices against the negroes, a felony." Texas rangers made the arrest.

Patrols in the affected sections have been doubled. Guardsmen received orders to "shoot to kill" in case anyone attempted to start a fire.

## Ballinger to Close At 3:00 Tomorrow

Lists were being circulated in Ballinger this afternoon and practically all store managers had agreed to close their places of business Thursday afternoon at 3:00 o'clock and attend the road opening program at Miles.

The local delegation, in cars, will meet at the court house lawn here at 3:00 o'clock and leave in a body for Miles. The committee in charge of this part of the work requests that everyone meet there and join the caravan. State Highway Patrolman J. B. Draper will lead the caravan from this city shortly after 3:00 o'clock and everyone is requested to stay in his place and drive in an orderly manner. Arriving at Miles the delegation will be paraded through the street before the reviewing stand which will be occupied by the entire state highway commission.

A similar caravan will leave San Angelo at the same hour with Patrolman C. L. Bentley at the head of that delegation. Each caravan is scheduled to arrive at Miles about 3:30.

A few Ballinger people who are working in the pageant or looking after details at Miles will leave here shortly after noon Thursday but everyone else is earnestly requested to join the motorcade at the courthouse lawn. There will be no dust along the concrete and nothing to make traveling in a procession uncomfortable.

Stores will close here at 3:00 o'clock and remain closed for the remainder of the day.

Practically every firm here had been seen this afternoon and no one had refused to sign. This action will assure a large representation from here at the celebration. Many tickets for the banquet at the St. Angelus Hotel, San Angelo, were sold here Wednesday but more Ballinger people are needed to have a representative crowd present in San Angelo Thursday night. Tickets can be secured Thursday.

## Suggests Trial for Methodist Bishop

## Texas Streams At Flood Stage

(By Associated Press)  
DALLAS, May 14.—Rivers and smaller streams in north and central Texas are still raging today although the crest of their flood waters from the torrential rains of the last several days is believed to have been reached.

The Trinity and Brazos rivers presented the most serious problems although the Brazos is subsiding. The Trinity apparently reached its crest at Ft. Worth last night although low farm lands near Dallas are still flooded.

J. C. Clack, 39, Levelland farmer, died last night of bruises inflicted by hail when he was caught in a storm as he worked in a field. Clack reached his home but died in a short time.

Mrs. J. W. E. Meaders left Tuesday afternoon for Houston in response to a message stating that her daughter, Mrs. Will Stuart, would undergo an operation there Wednesday. Mrs. Meaders will remain at Houston until after the operation and her daughter is improved.

## WEATHER REPORT

(By Associated Press)  
West Texas—Partly cloudy to unsettled tonight and Thursday.  
East Texas—Partly cloudy tonight and Thursday; possibly showers in the east and south portions.

(By Associated Press)  
DALLAS, May 14.—The name of John Schott, of Houston, leading layman of the Texas conference, today was added to the list of those preferring charges against Bishop James Cannon, Jr., of Washington, D. C., before the episcopacy committee of the quadrennial conference of the Methodist Episcopal Church, South.

In a communication addressed to the committee Schott, termed it "of the highest importance" that the dry leaders be made the subject of a church inquiry, and that "Bishop Cannon be placed on trial."

Cannon will not be tried by the church unless the episcopacy committee makes such a recommendation as a score of prominent conference delegates have asked.

DALLAS, May 14.—First action on reports of standing committees was taken today at the general conference of the Methodist Episcopal Church, South.

Among recommendations submitted was one which would allow ministers who have served ten years to take leaves of absence for a year, and would clarify the church law regarding the naming of assistant preachers for churches needing assistants.

Argentine Has 26 Radio Stations  
BUENOS AIRES, May 14.—Argentina now has 26 broadcasting stations ranging in power from 500 to 30,000 watts which send out regular programs. There are also 24 smaller stations.

### District Football Committee Named

The football executive committee of district No. 11 met in Coleman Saturday afternoon at 2:00 o'clock at the call of the retiring chairman, H. C. Lyon, of Ballinger. The purpose of the meeting was to organize and decide rules for the 1930 season.

At the suggestion of the outgoing committee the number was increased from three to five members. The following men were named as the executive board for the ensuing year: Williams, of Brady, chairman; Smith, of Winters, secretary; Runkles, of Coleman; Toombs, of Eden; and Whitten, of Lampasas.

One of the first questions to come before the new committee was that of dividing the present district into two sections. Last year the size of the district was so large that it was impossible for all teams to play each other and carry out league rules for a round robin schedule. This was voted after a lengthy discussion, creating east and west groups.

The east group will be composed of the following schools: Brady, Rochelle, Goldthwaite, Richland Springs, San Saba, Lometa, Cherokee, Lampasas, Lome, Mullen, Zephyr, and Brownwood junior high. The west group will contain: Melvin, Eden, Paint Rock, Miles, Winters, Santa Anna, Coleman, Bangs, Millersview and Ballinger.

The round robin schedule was adopted which forces each school in each group to play every other school that enters the interscholastic league football race. Each group must end its schedule a week prior to Thanksgiving and the champion of each group will meet Thanksgiving week for the district title.

A discussion was held as to separating the weak and strong schools into class B and class C. This was voted down, however, and games will be played according to league rules with all classed as B teams. Strong schools were ordered to play each other first in order to allow the smaller schools time to develop their teams before meeting heavy competition. The small schools also were given permission to play practice games among themselves prior to October 1st which will have no bearing on the championship.

Fees for the district treasury were set at \$3 for the large schools and \$2 for the small schools.

The Ballinger school will begin at once to arrange its schedule for next season. The superintendent, the coach and the athletic committee of the board will cooperate in making up this schedule. The superintendent will look to the interests of school work in arranging the schedule, the coach to the best opportunity to win, and the trustees' committee to the best financial schedule that can be arranged.

Coach Felton Wright will begin the season here next year with practically a new team but nevertheless expects to bring another regional championship to Ballinger. Members of last year's team who remain on the squad are sufficient to form the nucleus for a wonderful machine, and with the necessary recruits will furnish hard competition for district and regional honors.

### BERRIES

I will begin picking Monday, May 19th and pick every day. My berries are fine and large. My prices and rules are same as last season. Everything is convenient with a drive-in at front and clay road inside field. You won't have to stop on highway when getting your berries at the house.

Bring your containers and get your berries picked or you can pick them yourself.

Public always welcome.  
Yours truly,  
Mike C. Boyd

### HAGAN NEWS

The good rains that we have been getting for the past two weeks are very much appreciated. But the sandstorms did lots of damage to the small crops and gardens.

There were only 77 present for Sunday school last Sunday, but a good lesson reported.

Mr. and Mrs. Davis Nunn, of Abilene, and Mr. and Mrs. Elmer Patton spent Sunday with Mr. and Mrs. I. M. Turner.

Miss Addie Beth Wood, of Bethel, spent Saturday night with Miss Lois Wood.

Mrs. J. A. Patterson attended the baccalaureate service at Ballinger Sunday. Miss Floy Drake, her daughter, was one of the graduates.

Miss Velma Turner spent the week-end at home.

Mr. and Mrs. Otto Wood and family, Mr. and Mrs. R. C. Foreman, and Mr. and Mrs. Wallace Seipp spent Sunday with Mr. and Mrs. F. A. Sparks.

Mr. and Mrs. Flannagan, of Blanton, visited Mr. and Mrs. Jim Massey Sunday.

Our community was made sad by the death of Miss Lois Massey Monday morning. She had been sick for some time with typhoid fever, but her death was a great shock to her many friends. She has many friends who express their greatest sympathy to the bereaved ones. Funeral services were held at the Ballinger Baptist Church, with interment made in Evergreen Cemetery.

### FOOTINGS ARE DUG FOR NEW CITY HALL

Footings for the city hall were dug Tuesday and Architect Paul [Name] has been notified to come [Name] and inspect them before further work progresses. The foundation at each corner of the building called for footings at least five feet deep and at that depth if the underlying structure was not satisfactory the depth to be increased until a proper foundation was found.

As soon as this is inspected the remainder of the excavation work will continue and the contractors expect in a short time to be able to start construction.

T. R. Hooper left Tuesday afternoon for San Antonio where he will make his home in the future.

### Slayer of Sheriff To Face Trial 19

LLANO, May 14.—Trial of Of-filio Herrera of Mason, charged with the murder of Sheriff A. T. Murray of Mason county in February, 1928, is set for here May 19. Some 150 witnesses will be summoned in the case.

Herrera was given the death penalty in his first trial at Mason but the case was reversed because the indictment omitted the phrase "with malice aforethought" and because the charge failed to inform the jury that testimony of Antonio Chavez, also charged with murder, was to be regarded in the light of an accomplice to the crime. Herrera was reindicted in a special session of the Mason grand jury and is now in jail at Llano.

Will Edmundson of San Saba, charged with the death of Fred Bollinger Nov. 16, 1925, also will go to trial here soon for the fourth time. After two trials at San Saba, where he was given 99 and 15 years respectively, the case was moved to Llano and tried in November, 1928, when he was given a life sentence. The case recently was reversed by the court of criminal appeals, which held that the trial court erred when it ruled against admitting a statement attributing to the deceased Bollinger before he died.

### SOUTH BALLINGER NEWS

Since I last wrote there has been plenty of rain and high water. The river has had one 21 foot rise and at this writing is on a 18 foot rise. Sand Branch has been on one of the biggest rises in years.

Well, the smallpox has made another appearance in our midst and this time caught the reporter under quarantine and a number of things has happened but could not write of them.

Mr. and Mrs. Jack Godberry are visiting Mr. and Mrs. J. G. McMillan and Uncle Jim Keen.

Mrs. Kelley spent the week-end and Mother's Day with Dr. Maddox and wife in Winters.

The many friends of Mr. and Mrs. Jim Massey were made sad at the passing away of their oldest daughter, Miss Eoluse. They have the deepest sympathy of the community.

Miss Alta Parish spent Saturday night with her sister, Mrs. Edd Farley.

Mr. and Mrs. Lon Mapes and son, Leo, of Dallas, are spending a month in Arizona with their daughter and sister.

Miss Anna Bee Mapes has returned from Dallas where she had

been under treatment of a specialist. We are glad to report her health much improved.

Mrs. Frank Booth had a narrow escape from death last Saturday evening when a motorcycle struck her car and knocked it off the highway, killing one man that was on the motorcycle and hurting Mrs. Booth's head but not seriously.

Miss Corine Brown spent Monday night with her aunt on Broadway, Mrs. T. P. Brown.

Mr. and Mrs. Tom Brown and Mr. and Mrs. Jack Cook of Coleman, visited their sister, Mrs. Ross Smith, last Sunday.

### SENIOR PLAY PLEASAS CROWD TUESDAY NIGHT

A fair sized crowd was present at the high school auditorium Tuesday night to witness the presentation of "On, Kay," the 1930 senior class play. Those present were loud in their praise of the offering which was staged under the direction of Mrs. H. C. Spencer.

A plot containing both comedy and mystery held the audience to absolute attention during the two hour presentation and each pupil assuming a role portrayed the character in a very commendable way.

The crowd was smaller than expected by the school authorities but clouds late Tuesday afternoon

probably prevented some from attending and other attractions in the city cut attendance.

### GIRL CHANNEL SWIMMER ISSUES WORLD CHALLENGE

(By Associated Press) BELFAST, May 14.—Mercedes Gleitze, British woman who swam the English Channel and the Straits of Gibraltar, has issued a world-wide challenge here upon completion of an endurance swim of 28 hours, 2 minutes and 38 seconds.

"I challenge any American swimmer, either man or woman to an endurance swim in open sea or indoors without floating or resting in any way for the world's championship," she announced.

**"CHANGE HERE FOR CANAL STREET," HOLLERED HORSE-CAR HENNESSY**

"Before I do," spoke Ingrid Desmouins, eighteen and pretty as a May morning, "may I suggest a change for you?"

"Be as suggestive as ye like, me Wild Rose," answered the veteran turfman.

"Change to OLD GOLDS and cease those rasping roars. Ease your throat with honey-smooth, heart-leaf tobacco and part forever with those grunts and growls. Speech is silver, silence is golden . . . and OLD GOLD speech is e'en more golden . . . there's not a bark in a billion."

# BUICK

Consider what these SIX GREAT RECORDS mean to you . . .

- Two people have purchased Buicks, year after year, for every one buyer of any other automobile priced above \$1200.
- There are 700,000 more people driving Buicks than any other of the fifteen makes of cars in Buick's price class.
- Women, in every section of America, purchase more than twice as many Buicks as any other car priced above \$1200.
- More than four out of every five—88 per cent of the great army of 1,500,000 Buick owners—buy Buicks again and again.
- Month after month, today's Buick has won 30 to 50 per cent of the combined sales of the fifteen makes in its price class.
- Buick owners alone purchase more Buicks than the total annual production of any other car priced above \$1200.
