BALLINGER, TEXAS, MONDAY, JUNE 9, 1930.

MEMBER ASSOCIATED PRESS

Love Would Not Support Henry, Other Nominees

(By Associated Press)

AUSTIN, June 9.—Senator Thomas B. Love, of Dallas, today told the state Democratic executive committee, meeting here to certify candidates for the July 26th primary, that he would not support Mrs. Miriam A. Ferguson, of Austin; John Putnam, of Houston, gubernatorial candidates, or R. L. Henry, of Houston, candidate for United States senator, in the event either obtained the nomination sought.

Love made this declaration after the committee considered a resolution which would have required the candidates to pledge themselves to "vote for and support" all nominees of the primary elections. The proposed pledge was withdrawn after D. W. Wilcox, of Georgetown, chairman of the committee, said he believed it was "impractical and impossible" for the proposed fealty declaration to be submitted to the candidates in time to comply with the law directing the certification of candidates' names to the county chairmen.

Wilcox said he doubted the authority of the chairman or secretary, under the supreme court ruling in the Love case, to withhold a candidate's name from the ballots where he complied with the law.

Chinese Steamer Sinks; 100 Drown

(By Associated Press)

SHANGHAI, June 9.—One hundred passengers and the crew of the Chinese steamer, "Litung," were drowned today when the ship struck a rock and sank before passengers of the ill-starred bark had opportunities to save themselves.

Co-ed Beauty

Gladys Bailey of Pehatchie, Miss., was chosen one of the most beautiful co-eds at Baylor College for Women, Belton, Texas.

Senator Reed is In Presidential Race, Friends Say

(By Associated Press)

ST. LOUIS, June 9.—James A. Reed's bid for the presidency in 1932 is believed to be definitely under way by Missouri Democratic leaders today through the fiery broadside of the former United States senator at Sedalia, Mo., Saturday.

Reed assailed the Anti-Saloon League, Bishop James Cannon Jr., prohibition, the last three Republican administrations, business monopolies, pending tariff legislation, the Anglo-American naval pact, and "prosecution" of the federal reserve system in "stock gambling."

The former senator said achievements of the Hoover administration could be measured with "ciphers."

New Bishop

Magr. Joseph H. Schlarman, pastor of St. Peter's cathedral, Belleville, Ill., will be elevated to the office of bishop of Peoria diocese June 17.

13 Lives are Snuffed Out In Two Tunnel Accidents

Moody Will Not Be a Candidate

(By Associated Press)

AUSTIN, June 9.—Governor Moody will not be a candidate for a third term in the July primary as the result of his voluntary appearance before the state Democratic executive committee today in which he requested that his name not be certified.

Atlantic Flight is Delayed Again

(By Associated Press)

DUBLIN, June 9.—Captain Charles Kingsford-Smith and his crew which will pilot the "Southern Cross" on its transatlantic flight attempt, today awaited weather reports which will determine take-off plans.

To Spud Test in South Ballinger

John Castor has completed blocking about 2200 acres of land in South Ballinger for the purpose of drilling an oil test and expects to spud on the Geo. Dean Place Tuesday morning of this week. C. R. Dutton has a standard spudder rig on the location and will be in charge of the drilling to a depth of not less than 2200 feet. A large hole will be taken to this depth and in case oil or gas is not found in paying quantities, it will be possible to drill deeper for a thorough test of this section.

Six Drown When Boat Overturns

(By Associated Press)

LONGVIEW, Wash., June 9.—A search is in progress today for the bodies of six men, drowned last night after the boat in which they were crossing the Columbia River was overturned.

4-H Club Enrollment Grows

WASHINGTON, June 9.—Placed at 756,096, the 4-H club enrollment for 1929 showed an increase of 92,156, or 13.9 per cent over 1928, the largest increase in any one year in the history of the movement. Of the increase, 32,975 were boys and 59,181 were girls.

Hold-up Victim Dies of Wounds

(By Associated Press)

OKLAHOMA CITY, June 9.—Wounded when he attempted to frustrate a cafe hold-up last night, V. J. Conn, fireman for the Indian Territory Illuminating Oil Company, died today.

Auto Crashes With Trailer

A new sport model Ford roadster and an ice truck belonging to the Banner Ice Company crashed on the double curve near Hatcher where highway No. 30 crosses the railroad tracks, Sunday at 1:45 p. m. The truck loaded with ice was headed toward Ballinger, and the Ford, driven by Willie Woodson, negro, was going north at a fast rate. In the car with Woodson were Will White and Johnny McNutt, two local negroes.

The Ford was badly wrecked and Woodson suffered a crushed left arm, a white crushed finger and McNutt received only a few small scratches on one leg. The three negroes were brought to Ballinger for treatment at the office of Dr. J. W. Macune and later carried to their homes. It was first thought that Woodson would lose his left arm but he was better Monday and amputation was not considered necessary.

The cars missed on the curve but the roadster crashed into the trailer of the truck and was completely demolished. The truck was damaged to some extent and was pulled here for repairs. The driver of the truck was not injured.

City Improvements Make Good Progress

Contractors on the new city hall here started laying gas, water and sewer pipes under the floor Monday morning. All foundations and piers have been poured and as soon as the first plumbing work is started other construction work will proceed. All brick, tile, steel and Bedford stone is now on the site ready for use at any time.

Brown & Root, contractors on the water reservoir, have completed stripping a quarry site and are making excellent progress in other divisions of the work. The settling basin and filter drain line is ready to be connected. Excavation for the pier work on the dam is being made and will be finished in a short time.

Two car loads of six inch water pipe have been unloaded for the distributing system. All fire hydrants have arrived, fittings and a ditch digger were unloaded Saturday, and work will begin at once on Sixth Street.

The city office department issued two building permits last week totaling \$2,050. The remainder of the time was spent in collecting and office routine.

The pavement in the center of Broadway has been completed by the Magnolia Oil Company under supervision of the city engineer. The street and new station is now open to the public.

City police reported one arrest last week, the issuing of warnings to traffic law violators. A campaign will be conducted by this department on reckless driving in Ballinger, especially driving over stop signs.

All street, dairy, health and sanitary activities was routine work. The health department received one call on a case thought to be smadipox, but which proved to be only a case of minor skin disease.

E. H. Colburn and family returned Saturday from Austin, where they had been to attend the funeral of Mrs. Wesley Gray. They brought back the three children of Mr. and Mrs. Gray, who will make their home with the Colburns at the present.

Mr. and Mrs. Sam Runkles, of San Angelo, visited here Sunday with Mr. and Mrs. W. W. Chastain.

Firemen, Band, to Go to San Angelo

The Ballinger fire department and band will leave Ballinger at 8:00 o'clock Tuesday morning for San Angelo. All bandmen and firemen are requested to meet at the First National Bank corner shortly before 8:00 to load up.

Fire Chief M. C. Atkins stated Monday that over 75 had agreed to go to Angelo Tuesday and he expected a few more to join the delegation before time to leave. The Ballinger delegation will arrive in San Angelo more than an hour before time for the State Firemen's Association to open and will parade and give concerts until 10:00 o'clock when the convention will be called to order in the city auditorium.

A majority of the Ballingerites including the band will return home Tuesday night, however, a number of firemen will go back to San Angelo Wednesday morning to attend another day of the convention.

All officers of the local department and elected delegates will remain in San Angelo all the time of the convention. Delegates and alternates are: Chester Cherry, M. L. Taylor, H. J. Zappe and assistant C. etain shrdu iwtywv L. J. Campbell, Chief M. C. Atkins and Assistant Chief C. L. Armstrong will leave Tuesday morning and will be with the party most of the time.

The program for Tuesday includes a number of addresses of welcome and the appointments of committees. A general school session will be called at 1:30 Tuesday afternoon under Leon Wolf, instructor and drillmaster of the Cincinnati fire department. Following this school the remainder of the day will be spent in entertainment which includes baseball games, rides over the city and dancing at night Wednesday morning at 9:00 o'clock, J. W. DeWeese, state fire insurance commissioner, will be the principal speaker. The high spot of Wednesday's entertainment will be a barbecue followed by dancing at the city park. A business session will be held Thursday during which all committees will report, the next meeting place selected and officers will be elected.

Chief Atkins said Monday he was anxious for other citizens to join the local delegation. The firemen are still in need of cars to help transport the band boys and anyone who can take one or more is requested to stop at the First National Bank corner and pick up the passengers.

EXCHANGE CLUBS TO HOLD SESSION AT AUSTIN JUNE 19

(By Associated Press)

AUSTIN, June 9.—By air, rail and highways, leading members of the Texas affiliated Exchange Clubs and their families will converge upon Austin for the fifth annual convention June 19 and 20.

Interest centers around the state-wide contest of member clubs for the greatest rating of attendance at weekly luncheons during the first half of 1930.

Trophies provided for the winners will be awarded officially at the convention. At the latest semi-monthly report, the Austin Exchange Club was maintaining a margin of leadership over the Abilene and Stamford clubs which held second and third places.

Clubs in principal Texas cities also are competing for prizes in two other contests. W. G. Brown, of Stamford, state president, will give a loving cup to the club enrolling the greatest number of new members. Ed St. John, president of the Austin club, has offered an American flag to the club sending the largest delegation to the convention.

After a two-day session in Austin the Exchangees will go to San Antonio to participate in the dedication of Randolph Field.

Radio Commission to Move

San Juan—A contract has been awarded for the purchase and installation of a steel airplane hangar at the McAllen-Hidalgo Municipal airport.

WASHINGTON, June 9.—The radio commission has outgrown its quarters and will move July 1 to larger offices in the National Press Club building.

Joe Beck Jr., has been transferred from the local office of the West Texas Utilities Company to Mason, A. L. Burleson, of Mason, has begun work in the Ballinger office.

Mrs. M. E. Brooks and Mrs. M. E. Brody, of Dallas, left Sunday afternoon for their change of address.

Calling Cards, printed on short notice. Call 27, we do the rest. Ballinger Printing Co. 13d.

Mexican Aviator, Gliding, is Killed

(By Associated Press)

BROWNSVILLE, June 9.—E. J. Snider, 33, division superintendent of the Mexican Aviation Corporation, was killed last night when his glider, being towed by an automobile, crashed to the ground.

Snider had made other successful glider flights recently.

Angelo Gets G. O. P Meet; Democrats Pick Galveston

(By Associated Press)

HOUSTON, June 9.—The state Republican executive committee today selected San Angelo for the state convention of that party on September 9th, at a brief but harmonious meeting.

The committee approved the slate of state officers and ordered it forwarded to the county chairmen.

AUSTIN, June 9.—The state Democratic executive committee today selected Galveston for the state convention of the party on September 9th.

Galveston competed with San Antonio and Mineral Wells.

Oklahoma Town Has \$80,000 Fire

(By Associated Press)

GRANDFIELD, Okla., June 9.—Fire today destroyed five business houses here, doing an estimated damage of \$80,000.

The conflagration was extinguished by volunteers and fire departments of Frederick, Oklahoma and Burkburnett, Texas. Grandfield is near the Texas border.

Next Saturday will be the last day for county and precinct candidates to file their names with the chairman of the county Democratic executive committee for a place on the ticket. Names must be filed by midnight Saturday night with Judge A. O. Schroeder, of Winters, chairman of the committee. Practically all those seeking office in Runnels county have already complied with this rule and their names will appear on the Democratic ticket in July.

The black stripe in the center of paved highways is a fine thing if drivers will use it to stay on their side of the road. Some motorists, however, insist on driving in the center of the highway and taking most of the road. They never begin to move over until they are "honked" at by some other car or until another machine is near them in front. Such practice is dangerous and causes many wrecks. If drivers would stay on their side of the stripe all the time many uncalculated crashes would be avoided.

A number of Ballinger merchants declare Saturday was one of the best trading days they have had for several months. Several called at The Ledger office Monday morning and told of the splendid results received from their ads last week. The merchant who believes times are so hard that no effort will make business better, and does not even try, is not likely to have much business. Big advertisers believe that the time to buy the most newspaper space is when business is dull and Saturday's business proves that this is correct. Business can be created if it is worked for. Advertising and quoting of attractive prices will sell goods any time of the year.

A BILLION AND A HALF FOR ROADS

During 1930, the states and their counties will spend over \$1,500,000,000 for highway improvements, \$250,000,000 more than in 1929.

According to the Department of Agriculture, \$663,967,000 of this will be spent on local roads and bridges and the balance on state highways. Officials of 45 states estimate the total length of roads to receive attention as 33,532 miles.

At present our greatest need is the construction of feeder or farm-to-market highways. The American Farm Bureau Federation has been a leader in an aggressive campaign to obtain for the farmer the year-round, hardsurfaced roads that, as one of our foremost producers and taxpayers, he deserves. So long as a great majority of farmers are cut off from their markets during many months of the year because of

HOW'S your HEALTH

Edited by DR. IAGO GALDSTON. In the New York Academy of Medicine.

SAFE SWIMMING. Every single year scores of persons are drowned in the waters of the United States. Only a very small percentage of these drownings are accidental, in the true sense of the word. Most of them are due to ignorance, to carelessness, to a false sense of sportsmanship, and to pure stupidity. Thus we have among the drowned that indescribable creature, the man who rocks the boat, and with him, those unfortunate who fail to throw the pest overboard the first instant he shows his insanity. Then there are the good swimmers, who dive before they know the depth of the water, and those who forget that when they swim out they must leave enough strength to come back to shore. There is the incredible optimist who is sure no accident can ever happen to him. They usually fish him out half dead after he had waded out beyond his height, has stepped into a hole of has been carried away by an undertow. His optimism usually ends right there. And finally, there is the person who is cautious in most things, but who doesn't realize the

happen to him when he changes seats in a rowboat, when he overloads his canoe, when he goes swimming immediately after a hearty meal or when he is overheated. Everyone should know how to swim. The best time to learn is in childhood. The ability to swim a dozen strokes or even to float gives one confidence, which in turn, prevents panic—the most dangerous thing in a water accident.

TO THE VOTERS OF RUNNELS COUNTY

This is to announce that I am withdrawing from the race for the office of tax collector of this county. I find it will be impossible for me to make the campaign I had hoped to make before the primary, which I feel would be necessary in order to make a successful race. I want to take this opportunity to thank each and every citizen who intended to support me for the office. To my loyal friends I feel very grateful.

SUNDOWN STORIES

AHEAD OF TIME

By Mary Graham Essner

The Little Black Clock certainly had given them a wonderful trip. Because of his magic he had been able to turn the time way, way ahead and he had taken them for a ride in a huge plane and they had gone around the world on one very rapid trip.

"I thought it looked as though we were seeing so much different scenery that it couldn't be just one country," John said.

"And we saw such a lot of water," said Peggy. "I thought we were passing lots of lakes but I suppose we were simply going over oceans."

"It was a great trip," John said. "Just think! All around the world just like that!

"It was worth seeing, and worth waiting to see."

"That's fine," the Little Black Clock said. "I'm so glad you liked it, and I've got another kind of a trip planned. Maybe you won't like this so much."

said Peggy.

"Sure it is," agreed John. "I've turned the time ahead again this evening," the Little Black Clock said. "and I'm taking you to a very funny meeting at least I think it will amuse you."

John and Peggy hurried along with the Little Black Clock.

"Where are we going?" Peggy asked.

"We've arrived," the Little Black Clock shouted, after a moment. He had not even answered Peggy's question.

They looked out and they saw people rushing, rushing, rushing. Everyone was in a great hurry. Then a man who reminded them of Father Time called the meeting to order.

"Is that Father Time?" Peggy asked.

"It is," said the Little Black Clock.

"What about the others?" asked John.

"They're ahead of Time, and Father Time is calling the meeting to order because of them. You'll hear what happens!"

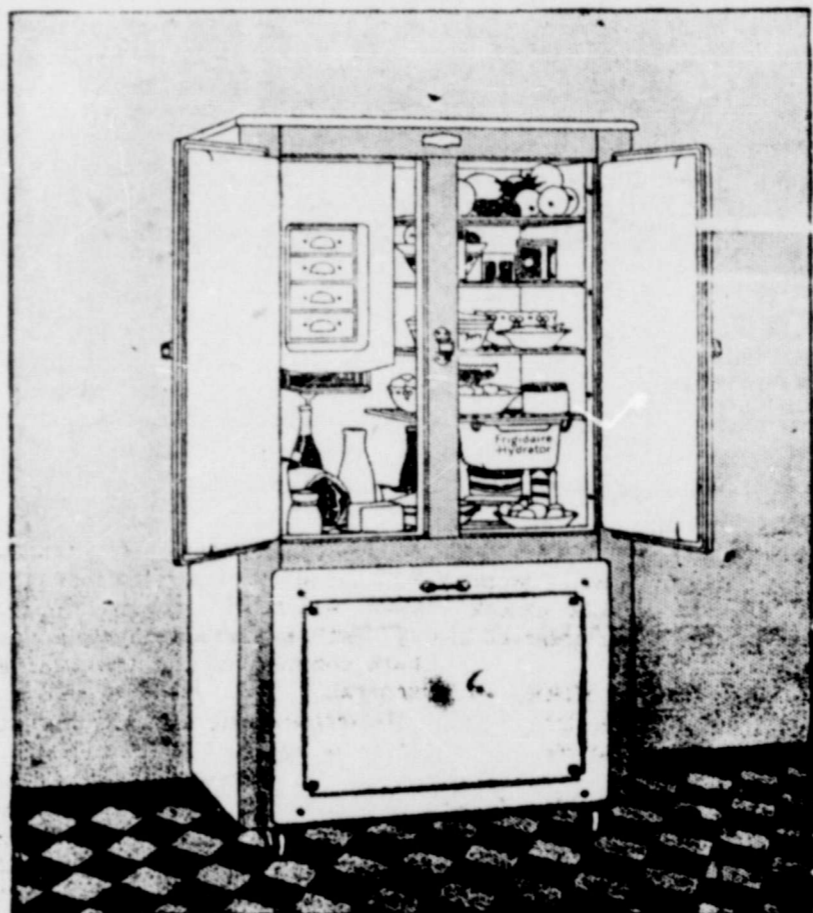

(Tomorrow—Father Time's Speech.)

Many Attend Farm Sessions

BISMARCK N. D., June 9.—(AP)—More than 2,500 North Dakota farm men and women attended the series of nine economic "outlook" conferences which began at Cando and ended at Jamestown.

WIGHTMAN PLAYERS SET FOR TILT WITH BRITISH

Members of the American Women's Open tennis team who will match beauty and racket with the English team June 13 and 14 at Wimbledon, England.

Middle West Has First Wrightman Cup Contenders

(By Associated Press) NEW YORK, June 9.—For the first time in history, the middle west this year has a representative on the United States Wrightman Cup tennis team.

When the American girls defend the trophy on British soil at Wimbledon, June 13 and 14, Mary Greef of Kansas City is to be in the lineup together with Mrs. Helen Willis Moody, Helen Jacobs and Edith Cross, the Californians, and Sarah Palfrey of Boston, the East's best feminine player.

Miss Greef, like Queen Helen, is serious about her tennis. To be able to play the year round, she has been attending the University of Southern California rather than remain in Kansas City where snow prevents tennis in the winter.

Constant practice has corrected many of the faults Miss Greef acquired several years ago before she began to play with an eye to national tournament competition. Now 20 years old and less than four years of serious tennis behind her, the Kansas City Miss is ranked sixth among the country's women tennis players.

All three of the California members of this year's team are veterans of previous Wrightman Cup play but both Miss Greef and Miss Palfrey are making their international debut this year.

In competition between them last year, Miss Greef held the edge. Although Sarah is ranked at No. 4, two notches ahead of Mary, she was beaten by her middle western rival in two out of three matches.

In the Longwood invitation tournament Miss Greef won by scores of 7-5, 9-3. In the eastern championship at Rye, Miss Greef appeared a victim of stage fright and was speedily beaten by Miss Palfrey at 6-1, 6-3. Miss Greef returned the compliment by eliminating Sarah in the national championship by the convincing scores of 6-3, 6-2.

MOVIES

"The Song of Love," a Human Story Well Portrayed
"The Song of Love," Columbia's all-talking, singing and dancing feature starring Belle Baker, that opened yesterday at the Palace Theatre, offers complete and satisfying entertainment to almost every type of theater-goer. In addition to the star performance of Belle Baker, historically and vocally and the excellent musical score, there is a human interest story with plenty of heart interest.

"The Three Gibsons," Tom, Anna and their little boy, Buddy, make up a small vaudeville team. Anna decides to give up her career for the sake of her son's future. Tom, lovable but weak, succumbs to the wiles of another woman when his wife leaves him to make a home for their boy, Buddy. Anna goes into the show business again. This time she is alone. She proves a tremendous sensation. When Buddy, who has been placed in a military school, hears of his parents' separation, he decides to bring them together again—and he does. Tom repents, reforms and proves himself a real man. Ralph Graves and David Durand score in the roles of father and son. Erle C. Kenton directed the production.

O. E. S. Meeting Monday

Stated meeting of Ballinger chapter No. 266, O. E. S. will be held at Masonic Hall Monday night, June 9th, at 8:30 o'clock.

Joint Meeting of Governors is Set for June 10

(By Associated Press) HOUSTON, June 9.—The governors of Arkansas, Louisiana and Texas will be brought together by King's Highway Motorcade tour to begin June 10 at Crystal City and end June 13 at Caddo Lake, near Marshall. The purpose of the trip is to create a new interest in the famous Camino de San Antonio and to set things moving toward the establishment of a park at Caddo Lake.

Judge N. H. Hunt of Zavala county and Representative A. P. Johnson of Carrizo Springs will head the caravan as it proceeds from Crystal City to Austin, where Governor Moody and 12 other state officials will join the party. D. E. Colp of Houston, chairman of the state park board, announced.

Frequent stops will be made for speeches and a number of banquets will be arranged.

At Caddo Lake the motorcade will meet delegations from Arkansas and Louisiana and there a fish barbecue will be had.

Governor Moody, Chief Justice C. M. Cureton, Former Governor Pat M. Neff, Railroad Commissioner Lon A. Smith, Highway Commissioners W. R. Ely and Cone Johnson will be among the Texas officials.

Governor Parnell of Arkansas will head the party from that state, which will include members of the railroad commission and park commission and the attorney general.

Governor Long of Louisiana will bring a number of notables.

Mr. and Mrs. H. R. Braytin and daughter, Wilma Louise, of Bryan, are here for a few days' visit with Mrs. A. Gustavus. Mr. Braytin is to appear on the program of the State Firemen's Association at San Angelo this week, representing A. & M. College.

5,000 Nurses Open Convention Today

(By Associated Press) MILWAUKEE, June 9.—It is easy to understand why men fall in love with their nurses.

Often a nurse is easy to look at. But in addition to that, the ideal nurse is gentle, kindly, humorous and careful of her patient.

Qualifications for nursing, problem of the profession and the nurse's place in the modern scheme of things will be among the topics taken up at the twenty-seventh convention of the American Nurses' Association in Milwaukee this week.

Five thousand nurses will attend. Elnora E. Thomson, first vice-

president of the association, will make the presidential address on "American Nurses' Association and the Patient," the topic selected by S. Lillian Clayton, president of the association, who died May 2.

Other addresses will be made by Katharine Scanlon, of Memphis, Tenn.; Michael M. Davis, director for medical services; Julius Rosenwald Fund, Stella Goostray, director of the School of Nursing, Children's Hospital, Boston.

The Walter Burns Saunders Medal, for distinguished service in nursing, will be awarded posthumously to Miss Clayton.

Presentation will be made by Dr. Joseph C. Doane of Philadelphia, lifelong friend of the late president.

Head today's news in The Ledger today.

MATRIMONIAL "INSURERS" IRK STATE DEPARTMENT

(By Associated Press) AUSTIN, June 9.—Matrimonial "burtaus" are giving the State Department more trouble than the oil stock selling schemes in their calmest days. Mrs. Jane Y. McCallum, Secretary of State, declared in issuing a warning to prospective "takers" of matrimonial stock.

Although the State Department did issue a charter to one of the matrimonial agencies, it has refused applications of 150 others, she said.

"We are receiving many letters from people who have been 'taken in,'" she said. They complain that they paid their "premium" to the agencies, but that when they consummated a marriage contract they were unable to collect on their "policy."

New features of the FORD TRUCK

IMPORTANT new features add to the safety, reliability and economy of the Ford truck. Dual rear wheels are available at small additional cost. Balloon tires of one size are used throughout, with the dual equipment. All six steel disc wheels and tires are interchangeable all around, so that only one spare need be carried. A feature which offers a high degree of safety is the braking system. Brakes on the front wheels have been enlarged to the same size as those on the rear, providing increased braking area. Brakes are of the mechanical type, internal expanding, and all are fully enclosed. Controls have been redesigned. Come in and let us show you all of the unusual features which add value to the Ford truck.

NAIL PICKER GATHERS 1,500 POUNDS OF METAL

(By Associated Press) CANYON, Tex., June 9.—Fifteen hundred pounds of nails, tacks and various kinds of metal was picked up from the highway between Amarillo and Hereford through Canyon, a distance of 50 miles in one week. A magnetic nail picker was run over the highway by T. W. Ziegler, county supervisor of state highways. The machine was made in the state highway department shops in Amarillo. It contains a large magnet with power sufficient to lift a nail buried three inches in the dust. The machine moves along the outside of the highway and covers a width of nine feet.

MANY PLANES EXPECTED AT AIRPORT DEDICATION

(By Associated Press) SAN ANTONIO, June 9.—Four hundred and sixty government and civilian airplanes were expected to attend the formal dedication of Randolph Field, June 20 and 21, according to acceptance to invitations received by the dedication committee.

Most of the larger cities in Texas have planned to send planes. Randolph Field is named for Captain W. M. Randolph, a native of Austin.

Mr. and Mrs. J. D. Randolph, parents, and a sister of the late Captain Randolph, have accepted invitations to attend the ceremonies. Major General James E. Fechet, chief of the Air Corps, has announced his intention of attending. Tentative acceptances have been made by F. Trubee Davison, assistant secretary of war for aviation and William Glover, second assistant postmaster general.

RUSSIAN TO MAKE STUDY OF UNIVERSITY

(By Associated Press) AUSTIN, June 9.—Dr. I. I. Agol of Moscow, Russia, one of the foremost educators in his country, will study at the University of Texas during the 1930-31 session as an international fellow under the Rockefeller Foundation for Medical Science. Dr. Agol is a graduate of Moscow State University and has been on the faculty of that school for two years.

Others who will hold fellowships in the University under a grant from the general education board are: J. C. Cross, of Southwestern University; H. B. Glass, of Baylor University; Miss Marion Hiers, of Winthrop College, Rock Hill, S. C.; and Miss Pauline Smith, of Texas Christian University.

Farm Chiefs Grow Uneasy Over Bill To Patent Plants

By Frank L. Weller (Associated Press Farm Editor)

WASHINGTON, June 9.—After supporting it, agricultural leaders are beginning to wonder whether the Purnell-Townsend bill to patent plants will not cause the benefits of stimulated research to be dissipated in additional seed costs to the farmer.

Sent to the president by unanimous vote of both house of congress, the bill seeks only to patent the individual plant. However, a question arises whether any organization acquiring patent rights to a newly originated plant might be in position to sell its seeds or other reproductive units at a price prohibitive to a great majority of farmers.

Farm crops today are the result of constant improvements and developments, which for lack of patent laws have come into the hands of the farmer at slight increase in seed costs.

It is the theory of the bill that the surface has only been scratched in plant experimentation, and that remunerative protection for plant breeders is necessary to the stimulation of much important work yet to be done.

By its terms the creator of a new plant would be given 17 years exclusive right to it, the same as the originator of any industrial mechanism is given protection for his invention.

The bill has the endorsement of the commissioner of patents, the secretary of agriculture, all the national farm organizations, the secretary of the American Society for the Advancement of Science and many others.

Thomas A. Edison said of the bill: "Nothing congress could do to help farming would be of greater value and permanence than to give to the plant breeder the same status as the mechanical and chemical inventors now have through the patent law. There are not few plant breeders. This will, I feel sure, give us many Burbanks."

An excerpt from a manuscript of the late Luther Burbank says: "I would hesitate to advise a young man, no matter how gifted or devoted, to adopt plant breeding as a life work until America takes some action to protect his unquestioned rights to some benefit from his achievements."

AUTOS VIE WITH CAMELS IN SUDAN OF AFRICA

(By Associated Press) BERLIN, June 9.—Automobiles in the African Sudan are competing with the camel and the Nile, as means of transportation. According to the overseas periodical "Gebirge und Kolonialzeitung," motor cars, thanks to improved roads over long distances, have penetrated far inland, even beyond the Sudan and the Belgian Congo.

As late as 1926 there were only 319 motors and motortrucks in the whole of Sudan, whereas there were 2,128 two years later. Automobile roads laid out during the last two years connect in the east with the new railway at its junction in Kasala and continue from there southward into Abyssinia. Here other new roads connect with the traffic on the Sudanese Nile.

Mr. and Mrs. J. D. Randolph, parents, and a sister of the late Captain Randolph, have accepted invitations to attend the ceremonies. Major General James E. Fechet, chief of the Air Corps, has announced his intention of attending. Tentative acceptances have been made by F. Trubee Davison, assistant secretary of war for aviation and William Glover, second assistant postmaster general.

58 Additions in Baptist Revival

The Ballinger Baptist Church closed a very successful evangelistic campaign Sunday night. The meeting had been in progress for the past two weeks, with large crowds in attendance at all services.

Rev. J. H. McClain, pastor, announced Monday morning that a grand total of 58 additions to the church had been made. The two closing services Sunday netted 13 new members and in the evening a class of 20 was admitted by baptism. A number of others will be baptized at a later date who could not be present Sunday night.

Dr. Wallace Bassett who has been in charge of the preaching during the meeting, finished his work here on Friday night and returned to his church at Dallas to be there Sunday.

No services were held Saturday and Rev. McClain filled the pulpit for both services Sunday.

Sunday morning at 11:00 o'clock Rev. McClain preached, taking for his subject "Come." He stressed this word in bringing the invitation to all sinners. At the evening service he used the subject "Now," stressing that word in the text, "Now is the accepted time." An excellent response was given both these messages, 13 uniting with the church at the two services.

Music for the revival was conducted by R. E. White, who led the congregation in song services each day and night. Miss Grace Murchison was with the choir until the last few days of the meeting and sang solos at each service. Her special selections were a great help to the services and greatly appreciated by the crowds.

Notice Modern Woodmen of America move to new location. Meeting place now in I. O. O. F. Hall over City Drug Store.

All members urged to be present at regular meeting Monday night, June 9th, for special business session. Refreshments, etc. 7-2td

ACCIDENTS IN HOMES SECOND ONLY TO AUTOS

(By Associated Press) NEW HAVEN, Conn., June 9.—The homes rates second to automobiles in number of accidents produced annually in statistics by the Travelers' Insurance Company.

Just about falling down at home is responsible for about one half of all the domestic accidents. With auto collisions cause more injuries than any other one class of accidents.

The government at Mukden, Manchuria, plans to assist merchants by extending loans.

AROUND THE WORLD

WARSAW (AP)—An 81-year-old student recently graduated as a geodist from the Warsaw Polytechnic college, ranking among the first ten in his class. The aged student was Edward Klepacki.

NANKING (AP)—The aviation bureau of the nationalist government has gone into commercial flying. Government planes can be hired for joy rides of four passengers at \$25 a passenger or by merchants who wish to drop advertising material over the city.

NANKING (AP)—The China Merchants Steam Navigation Company, which already operates 30 river and coastal steamers, has announced plans for 24 new vessels. The boats probably will be built in Shanghai.

TIRANA (AP)—The first full-gauge railroad in Albania is under construction. It will run from this capital to Durazzo, a distance of 32 miles and is being constructed with Italian capital.

PARIS (AP)—Next to Germany and England, France leads Europe in the number of theaters equipped to exhibit sound films. There were 44 such houses at last reports, 20 of them in Paris.

LISBON (AP)—Compulsory schooling has been introduced in the Portuguese army, 82 per cent of the recruits having been found illiterate.

SYDNEY, Australia (AP)—Driving against crooks, the state of New South Wales is enforcing a law which makes it a jail offense for convicted men or women to be found talking together. General raids cleaned out underworld haunts.

GENEVA (AP)—Spain has notified the League of Nations that the Geneva opium convention will hereafter be applied to the Spanish protectorate in Morocco. Spain reserved this territory from operation of the pact when she signed it in 1925.

MELBOURNE, Australia (AP)—S. L. Officer, secretary of the Southern Riverina Pastoralists Association, suggests that Australian wool growers establish big woolen mills in China to lower the price of cloth there and restore the demand for woolens.

LENINGRAD (AP)—Early disappearance of the 1930 ice permitted opening of navigation here in April, giving a good start on the year's export campaign. Eight new landing stages were put in use.

ROME (AP)—A complaint de-

partment for tourists has opened here under government auspices. It will examine and try to adjust all claims and complaints of travelers in Italy.

KARLSRUHE, Germany (AP)—Storks in unusual numbers have invaded all of Baden. Heidelberg reports the appearance of black storks which for several decades have been seen in this district only rarely.

GENOA (AP)—This city of Columbus has been selected as the seat of the Italian Geographical Institute of the United States of America. Installation will include an extensive library.
