### Deputy Killed in Raid; Slayer's Wife is Injured

(By Associated Press)  
HOBART, Okla., June 11.—While his wife was fighting a Kiowa county deputy sheriff, the operator of a filling station being raided for liquor "shot it out" near Roosevelt, Oklahoma, last night.  
W. H. Humble, deputy, died of gunshot wounds.  
The filling station operator is under guard at the county jail, while murder charges are being prepared by the authorities. The man's wife is in a hospital.  
The slayer is said to have fired on Humble when the officer explained his mission. After the killing the filling station manager escaped, but later surrendered.

### OFFICIALLY, WEATHER SOMETIMES "BOLONEY"

(By Associated Press)  
SUPERIOR, Wis., June 11.—To the weatherman, the weather is often "boloney."  
"Bologna," as Forecaster Herbert W. Richardson points out, is the word used in weather dispatches to indicate a certain barometric pressure.  
In winter the prediction is often for "Yimtusser," which means snow.  
"Work girl," "weeping" and "wagon" are various types of thunderstorms.

### 400 Accidents In Texas Daily

(By Associated Press)  
AUSTIN, June 11.—Urging that steps be taken by the government and industrial leaders to curb the number of industrial accidents, H. T. Kimbro, member of the industrial accident board, recently stated that an average of 400 mishaps are reported daily in Texas. He said there were probably many more accidents in the state, the 400 representing only the number reported to the board.  
Kimbro attributed the advance in the number of accidents to the ultra-mechanical fast living and superficial age in which modern commerce finds itself embroiled. He asserted the time had arrived when a halt should be called and that there were too many punitive laws. He also said the tendency to adjust the full scope of human activity to a set of laws was harmful.

The increasing number of industrial accidents constitutes a menace to the general public, Kimbro said. The accident figures compare to one of the big days at the front during the World War and are more than the average daily loss life during the entire Civil War, he declared.  
The average person, according to Kimbro, believed that between 20 and 30 industrial accidents are reported daily to the board and is amazed to learn that it averages around 400. That means an annual casualty list of 146,000 and the total casualties suffered by the Texas troops at the front during the World War were only 8,000, Kimbro said.  
He pointed out that this number were accidents that came under compensation insurance only and that the actual number of accidents may be double the figure reported.

### Woman Dies from Gunshot Wounds

(By Associated Press)  
WICHITA FALLS, June 11.—Mrs. Dena Childress, 34, died today of wounds suffered in a shooting yesterday in which her sister, Mrs. Maudie Dyer, 30, and her husband, Joe Dyer, 48, were injured fatally.  
The women were said to have been together in the Childress home when Dyer entered.  
The Dyers had been estranged for several months.

### Wolf Association to Meet Here Saturday

Letters were being mailed from here Wednesday to 125 land-owners of Runnels county to attend a meeting of the Runnels County Wolf Association to be held at the court house Saturday afternoon at 2:30 o'clock. The meeting is being called by officers for the purpose of raising money and continuing the work in this county for another period of time.  
The association was organized more than one year and during the time it was active, paid premiums on 77 wolves. This exhausted the funds on hand and the work was ordered stopped until more money could be secured. A few more wolves were killed and reported after the payment of premiums had stopped and these will be taken care of in case the association is continued.  
J. D. Motley, secretary of the association, stated Wednesday the 77 wolves cost the members less than \$1,000. Every effort will be made to secure a large attendance at this meeting. Most ranchmen believe that the association is a fine thing and have expressed the desire to place it in good financial condition to stimulate the killing of wolves in this section. A number of ranchmen have large packs of dogs and are fighting wolves for the protection of sheep. Many of the beasts have been killed this spring that have not been reported to the organization.

Those who do not receive a letter to attend the meeting and who are interested in the move are requested to attend. The meeting is open to the general public and large attendance will be appreciated.

### WILL ENTERTAIN DRUGGISTS

HOUSTON, June 11.—Arrangements for entertaining some 2,000 visitors expected during the annual convention of the Texas Druggists' Association here June 16-20 have been completed by the chamber of commerce convention bureau.

### Charity Drive is Set for Friday

The Ballinger Charity Board met in regular session Tuesday night and planned a drive to commence Friday morning at 9:00 o'clock for the purpose of raising funds to continue activities during the balance of the year.

The board is selecting committees for this drive and all the solicitors will meet at the offices of the chamber of commerce Friday morning. Territory will be assigned each at that time and the solicitation commenced directly after the meeting.  
A short drive is planned. Members of the board feel that with four committees working the entire city can be covered in about two hours. Local business men have already intimated that they are ready to give at any time the board needs the money.  
Willie Stephens, chairman of the board, stated that it was not necessary to institute a big campaign at this time if another is to be staged this fall when a new board is elected, however if the sum raised is sufficient to take care of the work for more than the remainder of the year another drive will not be held until some time next year.

The board is "broke" and daily calls for help are being made on it.

The Oak Creek women's and girls' clubs met Tuesday afternoon with Mrs. Lura Hollingsworth and Miss Helen Swift as their guests. The attendance at each meeting was large. Oak Creek clubbers are working hard to get ready for the two fairs to be held in the county this year. They will exhibit at both the Winters and the Runnels county fairs this fall.

Miss Swift talked to the club members on the program outlined for her district and urged cooperation in this work.  
The district home demonstration agent left Tuesday morning for Brownwood to attend the annual club encampment at that place.  
One hundred and seventy-six students at Texas Christian University earned all or part of their expenses this year, a survey made by the college paper shows.

### McWilliams Issues A Novel Challenge

Feb. McWilliams, who came to Coleman in 1878 and who now resides on a ranch 12 miles south of Ballinger, issues a challenge to West Texas and the world at large, claiming that he can out-ride bronchos, outdance, and out-wrestle any man of his age, which is 59. Once he included in that challenge his belief that he could whip anybody his age and outrun them but he has taken his sign down in these departments, preferring less strenuous pastimes.

When Mr. McWilliams who is a brother of the sheriff of Runnels county, arrived at Coleman his desire to see a stampede was gratified when a herd went on a rampage near Valera. He remembers the popping of hoofs and horns and the roar that sounded like a storm. He lay down under the wagon and was thankful when it was over.  
Mr. McWilliams has fiddled at from all up and down the Colorado in the early days and now gives each Christmas a party to which he invites people from all parts of the country to be his guests. It's a Runnels county institution.

The veteran ranchman has been a successful business man and has about 4,000 acres of fine ranch land with 400 acres planted to crops. His 900 head of sheep went through the winter without any feed despite the drought, and he has a good lamb crop. His ranch is so well watered that no animal has to walk farther than a mile to water. He has a flock of 250 purebred sheep out of which he sells a number of rams each year. —San Angelo Standard

### Chicago Press to War on Gangsters

(By Associated Press)  
CHICAGO, June 11.—In a lashing, vilifying editorial, a threat to expose and shake-up the Chicago police department spurred agencies of the law to a feverish manhunt for the slayer of Jake Lingle, Chicago Tribune crime reporter.  
Public opinion is fused at white heat, demanding that an end be made of the reign of gang domination and its hired murderers. Municipal aldermen demanded a police investigation.

The press, wounded by bullets which slew Lingle, asked lawful retribution and knell of "day of blood." In response picked men hunt out, uncover and track down the assassin.

### BOULDER DAM EXPECTED TO ATTRACT TOURISTS

(By Associated Press)  
WASHINGTON, June 11.—When it is completed with a column of water 575 feet high behind it, Boulder dam will be one of the tourist wonders of the west, says the interior department.  
Elephant Butte dam on the Rio Grande in New Mexico, 306 feet high, is the nearest approach to the spectacle which Boulder will present.

At Elephant Butte dam, air vents left at the bottom to relieve suction caused by the rushing waters led to a peculiar tragedy. Two workmen, passing near the grated air hole were impaled and killed by the suction.

Saturday will be the last day for candidates to file for places on the ticket. This information is being stressed by Judge Strother this week. When the executive committee meets Monday morning it will have all certified lists of candidates from both state and district committees. These two lists will be added to the lists of county and precinct candidates to go on the Runnels county ballots.

Three precincts in the county—Nos. 5, 21 and 23—have vacancies in the list of precinct chairmen. These vacancies will be filled Monday morning at the beginning of the business session. The county chairman announces that assessments will be levied against each candidate Monday morning and the order of names on the ticket determined.  
Judge Strother will make the meeting as brief as possible and attend to all business. He is anxious that each chairman be present at the hour set so that the business can be transacted at once.

Practically all candidates who have announced for places in the county have filed their names with the county chairman. Only one candidate in the county list has withdrawn from the race.

So suddenly did the tragedy occur that no person on the tanker is believed to have escaped. At least a score of the passenger list and crew of the "Fairfax" are unaccounted for, while the tanker carried a crew of nineteen.

Passengers of the "Fairfax," believing the liner doomed, threw themselves into the sea, only to perish amidst oil from the flaming tanker. Others were burned in their berths by the white heat of the fire.

Flames melted the radio equipment of both ships, and ended temporarily the possibility of summoning aid.

The tanker sank within twenty minutes after the crash.

# Heavyweight Rivals Primed for Championship

Max Schmeling, German challenger (left), and Jack Sharkey, American champion (right), as they shape up for their fight for the heavyweight championship of the world, tomorrow, at Yankee Stadium, New York.

By Edward J. Neil  
 ENDICOT, N. Y., June 11.—(AP)—Many of the wise ones think Jack Sharkey will win, quite a few favor the chances of Max Schmeling. All of them, however, agree that the battle of contenders for the heavyweight championship in the Yankee stadium, June 12th, should be one of the most exciting struggles in recent heavyweight ring history.

Under the block of light cutting the darkness of the big American league ball park that night will be cornered two widely contrasted ring styles.

There will be experience, polish, boxing craft and punishing power on one side. On the other will be youth, aggressiveness and a knockout punch directed by one of the coolest fighting minds in the boxing business.

That combination, the experts swear must foreshadow another of those heavyweight classics that have charmed the faithful down through the fistic ages.

Banked on the flat about the ringside, in the dark shadows of the grandstands and the bleachers about 50,000 customers, with perhaps \$700,000 of their earnings invested in the proceedings will be roaring for their money's worth.

They, too, may have a bearing on the outcome, especially if their voices are directed in the cause of the temperamental Sharkey.

Sharkey for years has been considered a first class but erratic fighting man. He all but crushed Jack Dempsey in two rounds and then stubbornly slugged with the greatest of modern sluggers until knocked out in the seventh.

He fought lazy dissipated battles against Johnny Risko and Tom Heeney when a title-shot at Gene Tunney hung on the outcome. Yet he knocked out Jack Delaney in a round, Jimmy Maloney in five, Tommy Loughran in two, Phil Scott in three and

whipped Harry Wills and George Godfrey when other white heavyweights refused to joust with the "black menaces."

But Sharkey, the temperamental appears at 27 to have settled down. He is in perfect physical condition, calm, confident, yet not over confident, a thoroughly competent ring man strengthened by his role of America's defender and sobered by the knowledge that chances to win heavyweight titles must stop tumbling his way soon. He will have a 15 pound weight advantage.

Schmeling, the German, is an aggressive counter fighter, a youth of 24 with none too much experience, major victories only over Johnny Risko and Paulino Uzeudun and little boxing ability or knowledge of fighting. He carries in his short right hand smash and a newly developed left hook enough power to counterbalance all these deficiencies. He carries the psychological advantage of having everything to gain and nothing to lose. His ring career is still in its infancy.

Yet strangely enough, neither in training has made an effort to prepare a defense for the style of the other. Both are ready for any kind of an offensive. It seems likely that the first man to connect solidly will win.

## Amusements

"Children of Pleasure" at the Palace Commencing Today

"Children of Pleasure" Metro-Goldwyn-Mayer's all-talking stage success of last season, "The Song Writer," opened today at the Palace Theatre with a cast which includes Lawrence Gray, Wynne Gibson, Helen Johnson, Benny Rubin, Kenneth Thomson, Lee Kohlmar and May Boley. Both Miss Gibson and Miss Johnson, who have the featured feminine roles, were imported to Hollywood from the legitimate theatre, Miss Gibson's only previous film experience having been in "Nothing But the Truth," while Miss Johnson makes her picture debut in the present vehicle.

Harry Beaumont, remembered for "The Broadway Melody," directed the production from a scenario by Richard Schayer. Rumor is that the story, which depicts the love affair of a New York song writer with a society debutante, was inspired by the actual romance of Irving Berlin. It is said the locale shifts from scenes of metropolitan music-publishing houses, song try-out offices and vaudeville theatres to lavish replicas of the homes of long Island millionaires. According to Cedric Gibbons, art director, the interiors are the last word in modernistic furnishings and design, incorporating the use

of a number of woods and metals seen in pictures for the first time. A further claim for the last word in smartness is made by the M-G-M wardrobe department which asserts that the gowns worn in the production were copied from the newest Paris models.

Gray is said to have a role similar to the one he played in the Duncan Sisters' picture, "It's a Great Life," which gave him an opportunity to sing a number of songs hits. Whereas the former offering was a slant on backstage existence, the present vehicle is said to reveal the details of the song writing game from the very moment when the song is first written to the time it is sung from a night club platform. Six songs are listed for the production, some of them being used as the nucleus for vaudeville revue numbers.

"Love Comes Along" with Bebe Daniels, Draws Cast from Ends of the Earth

Caparaja, land of love and intrigue, where vengeance is meted out with startling swiftness... and a song in the darkness has the power to retrieve romance.

Such is "Love Comes Along," coming attraction at the Palace Theatre, which is Bebe Daniels' second starring Radio picture.

The mythical island, as depicted on the screen, is populated by people from every corner of the globe. Two soft-voiced, dark-eyed women are from Teronio, Italy; several come from Portugal and many are Mexicans. One

hearty sailor hails from Winchester, England, another from Amsterdam, Holland, and a third from Dalmatia in Jugo-Slavia.

Almost every state in the union is represented. Bebe Daniels is a native of Dallas, Texas. Lloyd Hughes, who appears opposite her, is from Bisbee, Ariz. Evelyn Selbie speaks fondly of the blue grass in old Kentucky.

Lionel Belmore and Montagu Love call "merrie ole England" home, the former being born in Wimbledon, Surrey, and Love in Portsmouth.

Rupert Julian, director, has a soft place in his heart for New Zealand, and as he pointed out,

even the cat which acts in the picture is from a far shore—Persia.

On the "sets" one heard diverse tongues, but all understood the magic words of:

"Recorder ready—Motors—Marker!" with which every scene in sound pictures begins.

"Love Comes Along" will be shown at the Palace Friday and Saturday of this week.

Mrs. W. E. Oxsheer, of Bisbee, Arizona; Mrs. J. G. Smith and Miss Myrtle Bridwell, of Austin; and T. F. Bridwell, of Littlefield, are here visiting their brother, W. A. Bridwell, and family.

Hamilton-Jeanes Nuptials Held Monday

The marriage of Miss Mary Lloys Jeanes, younger daughter of Mrs. E. A. Jeanes, and Thomas D. Hamilton, of Eden, was solemnized Monday morning at eight thirty in the home of the bride's mother on Ninth Street.

Relatives and a few close friends witnessed the ring ceremony read by the Rev. W. Lawson Brown of the Nazarene Church. Preceding the service the Rev. Brown sang "Because" accompanied by Miss Helen Brewer. "To A Wild Rose" was played by Miss Catherine Webb, of San Angelo for the entrance of the bridal couple who entered unattended and stood beneath an arch of unusual beauty while the vows were being spoken.

Cape jasmine and greenery formed the background for a group of wedding bells from which hung showers of knotted ribbons and blooms. Tall baskets of pink and white amarilluses gave added beauty.

The bride was looking very lovely in a pretty frock of pink chiffon with flounced circular skirt and rhinestone buckles. She carried a bridal bouquet of sweet peas en shower with lilies of the valley. For traveling she donned a modish ensemble of blue with hat of beige and navy.

Mr. and Mrs. Hamilton left immediately for a trip to Dallas and

other points.

The bride has been reared in Ballinger where she completed high school. She later attended North Texas State Teachers College at Denton and Sul Ross at Alpine. She has taught for the past two years in San Angelo schools. Previous to that time she taught at Miles where the romance had its beginning.

Mr. Hamilton is a graduate of Sul Ross College at Alpine and was during the past year superintendent of schools at Pyote. Mr. and Mrs. Hamilton will be at home after the first of September at Pyote where he will again be superintendent of schools.

COWBOY BAND EMBARKS WEDNESDAY MORNING

Telegrams were received in Ballinger Wednesday morning by parents of local boys and girls who are members of the Cowboy Band and party, stating that they boarded the Leviathan Tuesday afternoon and would sail for Liverpool, England, Wednesday morning at 11:00 o'clock.

The group arrived in New York early Tuesday morning and the band was greeted by three large audiences at the Hippodrome in the evening. A number of the musicians and President J. D. Sandefer, of Simmons University attended a luncheon at Orange, N. J., which was given in their honor by Thomas A. Edison. Other members of the party spent the afternoon sightseeing in New York and getting ready to go aboard the liner in the late afternoon. The Leviathan will anchor at Liverpool Tuesday morning and the band will make its first appearance in London Tuesday evening.

The telegrams received here said all were well and were ready to embark.

Local Band Scores At Firemen's Meet

The Ballinger Band led the opening parade at the State Firemen's Association convention in San Angelo Tuesday and will return here late this afternoon to participate in the barbecue to be given at 6:00 o'clock to all visitors in the city park. The Ballinger Band and delegation were on the go all day Tuesday and scored a hit at each concert presented.

The boys were complimented very highly by the local firemen. They were always on hand and ready to play, one of the firemen said. The band and most of the local firemen returned home Tuesday night but expected to go to San Angelo during the afternoon and at night Wednesday. Practically all firemen from here will attend the barbecue and street dance Wednesday, which are high-lights on the program today.

The convention opened Tuesday with about 1,000 delegates from all parts of Texas in attendance. The delegations all came prepared to stage stunts, and street entertainment was common during the first day. Musical organizations were scarce and the Ballinger crowd perhaps made the best showing at the convention due to the local band.

All numbers on the published program were carried out and the entire three-day program will be presented as previously planned.

A number of modern fire fighting trucks, hook and ladder trucks and other machinery is on display at San Angelo and these are appealing to the firemen who gather to watch the demonstrations.

Thursday, the last day of the convention, will be taken up with committee reports, election of of-

ficers and the selection of the next meeting place. A large number of Texas cities are asking for the convention and a bitter fight will take place before the selection of the next meeting place.
