VOLUME 25. NUMBER 169

BALLINGER, TEXAS, SATURDAY, NOVEMBER 1, 1936.

MEMBER ASSOCIATED PRESS

## A. Y. Baker, Boss Of the Valley, Dies

(By Associated Press)  
EDINBURG, Tex., Nov. 1.—A. Y. Baker, Hidalgo county's millionaire sheriff and political ruler, a storm center in valley politics for many years, was stricken with apoplexy yesterday at Lynn, near here, and died at his home here this morning.

Baker served as sheriff of Hidalgo county for eighteen years but was not a candidate for reelection this year.

Funeral services and burial will be held here tomorrow.

Baker, 55, was a native Texan, having been born in Uvalde. He was a Texas ranger from 1896 to 1904. After quitting the ranger force he held other offices until 1912, becoming sheriff of this county. He was an active Methodist, Mason and Shriner.

Drilling for oil near Anchorage, Alaska, has been suspended until next spring.

## Two Hold-up Men Held at Houston

(By Associated Press)  
HOUSTON, Nov. 1.—Two men were lodged in jail here today as the result of a gun fight in which Deputy Sheriffs Spradley and Dinkins said they saw two men holding up a street car motor-man and a passenger.

The officers opened fire, capturing one robber. Another man surrendered at the police station later, saying he had a part in the hold-up.

### TO EXHIBIT MEXICAN ART

(By Associated Press)  
SAN ANTONIO, Nov. 1.—A collection of Mexican art work, started at the suggestion of Dwight W. Morrow, former ambassador to Mexico, will be exhibited here next fall under the auspices of the Pan-American Round Table through arrangements with the Carnegie Corporation and the American Federation of Fine Arts. The collection is regarded as the finest ever assembled and is representative of the best in Mexican art, crafts and culture.

San Antonio is the only city in Texas and one of the few cities in the United States where the collection will be on view.

## Hallowe'en Quiet; No Damage Done

Hallowe'en here Friday night was a quiet and peaceable affair. Special officers on duty here for the occasion guarded along principal streets and at public property and in few instances did they have any of the crowds down for their acts.

The town was filled with ghosts and spooks in the early part of the night but by 11 o'clock almost all the young people had gone home or to parties where they were behaving and watchmen were able to leave their posts of duty early.

The same pranks usually found e'en were seen Saturday morning. Old buggies adorned the lawns of a few in town, some signs were changed that make matters humorous but no property damage was reported and the peace of the citizens was not disturbed at any time.

One officer had to rout a crowd of boys who were going over town throwing rocks on porches and roofs and aside from this only one other act of misconduct was reported. A car at the First Christian Church where a revival meeting is in progress was robbed of the motor meter and other accessories and the air let out of all casings. This was done quietly and officers had no clues as to who did the work.

Chief Moreland stated Saturday morning that he was delighted with the conduct of the Ballinger young people and wished to thank them for their observance of the law and co-operation with the requests made by officers.

A number of nearby places reported to officers here that the towns had been fairly well torn up by revelers during early hours of the morning Saturday.

## Coke Irrigation Survey Ordered

BRONTE, Nov. 1.—A survey of the Colorado River and outlying valleys will be started within two weeks as the result of an agreement reached at 2 o'clock Friday morning between a committee representing the areas about Robert Lee, Oak Creek, Winters and this city, and Donald O'Neal, Dallas engineer. The Municipal Engineering Company of Dallas is in charge of the survey of the 150,000-acre irrigation tract.

An election will be called for the purpose of creating a district after the survey determines the area which will be involved in the Colorado River project. With the district determined, a bond election will be called.

Members of the irrigation committee include: John Q. McAdams, Winters banker; Tad Richards, of Oak Creek; W. W. McCutcheon, of Robert Lee; C. C. Holder, E. E. Hickman, and Robt. Klierim, of Bronte.

## Gas Fumes Fatal to Family of Five

(By Associated Press)  
NEW YORK, Nov. 1.—Five members of the Peterson family were killed by coal gas fumes in their apartment here today. They were Gustave Peterson, 55; his wife Susan, 48, and three children, Rose, Kathleen, and Gustave Jr. Firemen said they found a loosened flue elbow from which fumes had filled the apartment.

## Diphtheria Serum Is Given to Many

Since the beginning of the immunization program against diphtheria started in Ballinger there has been a total of 667 given doses of serum and 176 given the Schick test. This is one of the most thorough campaigns conducted this year in the state and most of the children here have received their second doses and are now immune to the disease.

Ballinger doctors and Parent-Teacher Association workers have done a big part in putting this work over in Ballinger. Physicians have administered the serum and their cooperation has largely been responsible for the success of the campaign.

On October 1st the first actual work was started here in the primary building when 216 children received their first dose. This was followed on October 8 when pre-school children were inoculated with 238 taking the serum. At west ward on the same date 52 were treated and on October 15 the second dose was given to 216 at the primary building. On October 22 the Schick test was given to 176 at central elementary. On October 24 240 pre-school children were given the second dose, October 31 72 at West Ward, and October 31 109 of the 176 given the Schick test were given their first dose.

In administering the Schick test to 18 adults in the Central Elementary and Primary buildings it was found that five needed the serum and received their first dose Friday.

At Hatchel Friday afternoon the first dose was administered to 73 children. Drs. O. R. Lasater and J. W. Bladell went to the Hatchel school and gave the serum and the members of the P-T A had everything ready for the doctors when they arrived.

A number of other communities of the county plan to continue with the work and make Runnels county rank high with other counties of the state in this department of health work.

The University of California extension division teaches tap dancing in San Francisco.

## Havana Election Judges Resign

(By Associated Press)  
HAVANA, Cuba, Nov. 1.—The newspaper El Pais today said thirty-five per cent of Havana's voting places remained closed today due to the resignation of officials appointed to supervise them.

As a result the election set for today was postponed.

## Inter-City Rotary Meet is Success

The Ballinger-San Angelo inter-city meeting held at the St. Augustus Hotel Friday night was a successful affair in every particular and a real program of fun and good fellowship was held. The Ballinger group arrived at the San Angelo hotel about 7:30 and were met there by Rotarians and their ladies and escorted to the roof garden where plates were arranged for about 150 guests.

Following the invocation by Rev. E. W. McLaurin, a delicious menu was served consisting of a cocktail, turkey, dressing, potatoes, cranberries, hot biscuits, a salad, coffee, ice cream and cake. The roof garden was beautifully decorated in Hallowe'en design and numerous similar favors were found at each plate. As soon as hats and coats were checked the entire crowd were given Hallowe'en caps and the affair from the start was noisy and full of fun.

Following the meal President Paul Trimmer of the Ballinger club was given charge of the program and introduced H. C. Lyon who extended a few words of appreciation to the San Angelo club for their invitation and the wonderful reception given the Ballinger club. Next President Trimmer explained that in arranging a program the buck was passed to the ladies and introduced Mrs. J. H. McClain, who was to have charge of the program.

Ten Ballinger women sang a Rotary welcome song and this was followed by a string of humorous take-offs on San Angelo Rotarians. Ed Nunnally, president of the San Angelo Junior college, was examined as to his proficiency by E. Shepperd, representing the state board of education and found him far short of the knowledge desired by the questions used in the examination. Other humorous situations developed which gave the crowd many hearty laughs. The program was closed with a male quartet from Ballinger singing a number of comical numbers.

The San Angelo president took charge and asked for a few words from Sterling Fisher, former Methodist presiding elder at San Angelo, and who will move in a few days to Brownsville to take a pastorate. He expressed his regret at leaving San Angelo and the Rotarians whom he had learned to love.

The meeting closed with the singing of a number of familiar songs and jig dances by two San Angelo Rotarians.

Those attending the meeting from Ballinger were: Mr. and Mrs. Marvin Atkins, Mr. and Mrs. E. E. King, Mr. and Mrs. Warren Lynn, Mr. and Mrs. H. C. Lyon, Mr. and Mrs. J. D. Motley, Mr. and Mrs. Elmer Shepperd, Mr. and Mrs. Troy Simpson, Mr. and Mrs. Paul Trimmer, Mr. and Mrs. R. L. Harwell, Mr. and Mrs. Louis Tigner, Mr. and Mrs. Joe Neff, Dr. and Mrs. J. G. Douglass, Mr. and Mrs. F. M. Pearce, Rev. and Mrs. E. W. McLaurin, Dr. and Mrs. J. W. Macune, Rev. and Mrs. J. H. McClain, Misses Able Kennison, Nell Shepperd, Frances Trail, Verda Neil Trail, and Louise Or-gain, Mrs. D. Reeder, and George Garrett, Roy Reeder and Hubert Zappe.

J. J. Beck received a message Saturday morning summoning him to the bedside of his brother, Bryan Beck at Beaumont, who is seriously ill with a ruptured appendix. Bryan Beck is well known here, having lived in Ballinger for some time and from here was in the Y. M. C. A. work for a number of years.

Mrs. J. A. Kelly announced Saturday morning that she had leased the Nash House on Eighth Street and would take charge at once. Within a short time she will start giving table board to anyone desiring it and will feature special Sunday dinners.

Two thousand young shade trees will be planted along streets of Richmond, Va. this winter.

Relatives and rescuers are shown above waiting at the mouth of the coal mine in Aldorf, Germany, where 248 were killed by an explosion. Picture below shows soldiers removing one of the injured.

## New Area in Italy Is Hit by Quakes Alleged Poisoner Given 99 Years

(By Associated Press)  
FIATRA, Italy, Nov. 1.—Eighteen earth shocks were felt here during the night. Inhabitants of the town were thrown into a panic, but no injuries or major damage has been reported.

The town adjoins the zone devastated by earthquakes earlier this week.

## Farm Groups Urge Surfaced Highways

(By Associated Press)  
WASHINGTON, Nov. 1.—National farm groups look with interest on the stand of the American country life conference at the Wisconsin College of Agriculture for "a surfaced road to every farmer's gate."

The American Farm Bureau Federation, which long has had a "farm to market road" committee of local roads handicaps the rural population both socially and commercially.

It was found at the conference that of 3,000,000 miles of roads in this country only 300,000 miles, or 10 per cent, are set apart as state and federal highways. The remaining 90 per cent are local roads.

While some have been given an all-weather surface, not less than 80 per cent of the farmers still reside on dirt roads which, even in the best farming communities, are often virtually impassable to motor traffic on account of mud and snow.

State and federal governments are expending about \$750,000,000 a year on their 10 per cent of the roads, and the local communities about an equal amount on the remaining 90 per cent.

Letters were read to the conference showing that many farmers have to keep their automobiles and trucks stationed at the side of hard roads and transport their families and produce to them in horse-drawn conveyances.

Transportation, says the farm bureau, is one of the most vital factors contributing to success or failure of farm operations, and that before state highways will have proved as beneficial as they were designed to be, there must be adequate means of access to them.

It favors construction of surfaced roads whose wearing qualities will be adequate and whose cost of construction and maintenance will be no greater than demands of traffic warrant.

## 8 Men and Child Killed by Robbers

(By Associated Press)  
LUCENA, P. I., Nov. 1.—Eight men and one child were shot dead here today by two men, caught in the act of stealing.

The authorities said the thieves ran amuck when approached, and started a wholesale shooting episode.

One man was arrested, the other escaped.

Letters were read to the conference showing that many farmers have to keep their automobiles and trucks stationed at the side of hard roads and transport their families and produce to them in horse-drawn conveyances.

## Thirteen are Dead in Hallowe'en Funmaking

### Single Mexican Officer Resists Hundred People

(By Associated Press)  
TEPIC, State of Nayarit, Mexico, Nov. 1.—After single hand resisting a hundred rebellious townsmen he had ordered to disarm as a result of local banditry, Nicolas Bernal, militia commander at San Pedro, was killed by a bomb hurled into the city hall where he was barricaded.

Bernal held off his assailants from 7 o'clock Thursday morning until Friday noon, dying just before troops arrived to restore order.

### Two Trainmen are Killed in Wreck

(By Associated Press)  
MARTINSBURG, W. Va., Nov. 1.—The engineer and fireman of a Baltimore & Ohio Railroad express train were killed today when the train was wrecked while passing over a temporary track near Kearneyville, near here. Other members of the train crew were not injured.

Engineer Stanley Pickett, of Baltimore, was killed instantly. Charles Pumphrey, fireman, was scalded, and died in a hospital at Martinsburg several hours after the wreck.

### EGYPTIAN WOMEN MAY HOLD GOVERNMENT JOBS

(By Associated Press)  
CAIRO, Egypt, Nov. 1.—A new victory for the feminist movement has been recorded by the Egyptian cabinet's decision to admit women to government service.

They will be allowed to act only as bookkeepers and stenographers, but this marks a long step in a Moslem country which has hitherto confined its women within home walls.

The press comments on the change are not uniformly favorable. Particularly an important Christian paper, a mouthpiece of business circles, criticises it on the ground that girls of the educated classes will be tempted to forsake marriage for the new career, whereas Egypt needs educated mothers.

Scratch Pads, 20c per pound, at Ledger office.

(By Associated Press)  
DALLAS, Nov. 1.—Thirteen persons are dead today as a result of the nation's Hallowe'en merry-making and early week-end traffic accidents.

Mrs. Opal Forshee, of the Mustang community near Bremond, Texas, was killed last night while en route to a party when the automobile in which she was riding collided with a buggy. Four other persons were injured in the crash.

Ivey Allen, Atlanta negro, masquerading as a woman last night, was so realistic that Willia Mosley and Horace Allen, negroes, followed him home. Angry or frightened, Allen grabbed a rifle and killed both of them.

Three University of Kentucky alumni were killed and two injured in an automobile collision while en route to Lexington for a football game.

Irene Levesque, 12 years old, was burned to death at Fall River, Massachusetts, when her Hallowe'en party dress became ignited by a jack o' lantern.

A Westford, Vermont, boy accidentally shot and killed his brother today.

A former husband accidentally killed his wife when he fired to scare pranksters at Tulsa. Four other persons were killed in traffic accidents in and near Tulsa.

### LONDON IS CENTER OF ENGLISH PROSPERITY

LONDON, Nov. 1.—The southeastern part of England has constituted a "prosperity belt," the eleven counties nearest to London being in the happiest economic state in the country.

When official returns showed 2,072,000 people unemployed in Great Britain the percentage of insured workers idle in the southeastern division was only 6.9 and in London 7.8. In South Wales and Lancashire 26 out of every 100 insured workers were idle.

Experts attributed the good level of employment around London to the increasing variety of occupations open to willing workers.

### WEATHER FORECAST

(By Associated Press)  
West Texas—Fair tonight and Sunday, warmer in the south portion tonight.

East Texas—Becoming unsettled in the south portion, and warmer in the east and south portions tonight and Sunday.

Court will open here again Monday morning with 36 men reporting for petit jury service. A large number of both criminal and civil cases remain on the docket and will be called for trial here during the next weeks.

Heavy cloudy Saturday morning made people fear that the fifth straight week-end of rain was due and that the fortune teller's forecast of seven rains in seven weeks would be true. Ballinger has had rain for five weeks and it is getting close to the predicted seven at present.

Ballinger young people are to be congratulated upon their fine behavior here on Halloween night. Prior to the occasion local officers issued warnings and requested that no damage be done to any property. The young people not only obeyed this request but in most cases helped to enforce it by not allowing others who might be inclined a little rough to do damage anywhere in the city limits. The young people prowled around the town until late, had a good time and paid many people visits, but they did it in an orderly manner and officers are high in the praise of them.

Little by little the big irrigation project in Coke county looks more like a reality. A survey of the district has been ordered and as soon as this is completed an election will be called to create an irrigation district and make plans for the voting of bonds for the construction of the giant project. The idea before the survey is made would include 150,000 acres of land for irrigation and a huge dam near Robert. It would create a lake big enough to water all that territory in the district.

Ballinger will soon be ready to celebrate the completion of a new city hall and a bigger water reservoir. The completion of the city hall has been delayed longer than was expected due to a few changes having to be made after the architect's inspection and heavy rains have caused much lost time on the building of the new dam. Both jobs are not far from being finished and will soon be accepted by the city. Contractors on the dam need good working weather while the only work left on the city hall is the change of tiling on the roof.

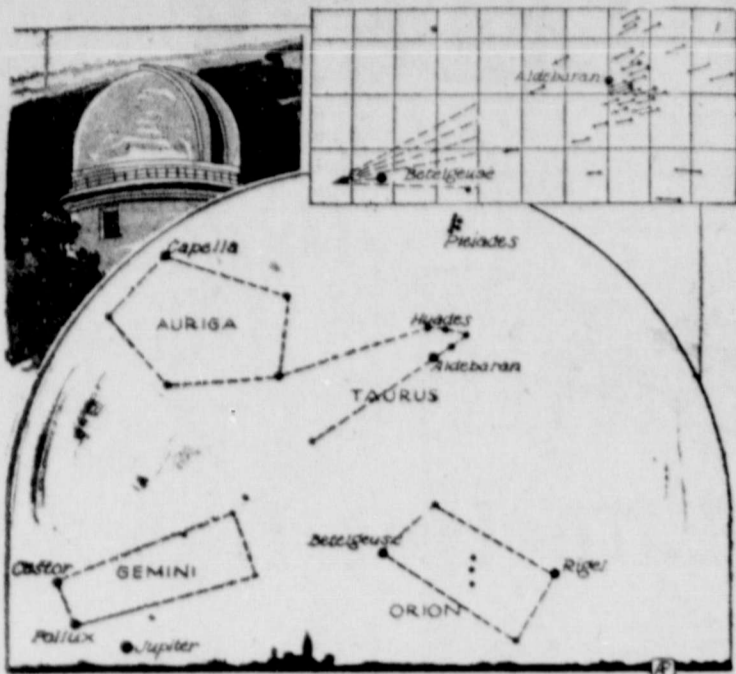

Election Day is Holiday for Banks The three local banks will take a holiday on November 4, election day, and will not be open for business. Merchants are requested to note this fact and transact all necessary banking arrangements on Monday.

The First National Bank The Farmers and Merchants State Bank The Ballinger State Bank

Vanguard of Winter Constellations Sparkle this Month in the Heavens

Here is the eastern sky at 9 p. m. tonight and (inset) the stars of Hyades converging toward a point east of Betelgeuse in Orion. Arrows show how far each star moves in 50,000 years.

By Robert H. Baker (Professor of Astronomy, University of Illinois) URPANA, Ill., Nov. 1.—(AP)—In November the advance guard of the winter constellation appear in the east in the early evening.

Auriga, with its bright yellow star, Capella, and the familiar Pleiades and Hyades of the constellation Taurus are in full view at 9 o'clock at the beginning of the month.

Orion is rising at that hour directly in the east, while Gemini, with its bright stars, Castor and Pollux, is emerging to the north of east.

The planet Jupiter also can be seen the constellation Gemini. Jupiter rises in the northeast about 9 p. m. on November 1 and as early as 7 o'clock at the end of the month.

It is much brighter than any of the stars and shines with a steady yellow light. Let us look especially at the Hyades in Taurus—the V-shaped

HOW'S your HEALTH

PAIN KILLERS The so-called "pain killers" are no doubt among the most common of the self-administered drugs.

No one wants to suffer pain. Patients frequently come to the physician asking for something to take away the pain. The sufferer is more concerned with the pain than he is with its cause.

And yet, the biologic purpose of pain, if any of the body's functions may be said to have purpose, is to call attention to the fact that something is wrong in the body, and to motivate the correction of that wrong.

To kill pain, before a diagnosis has been made of the condition to which it points, is to disregard a valuable warning signal.

The function and value of pain may best be appreciated in considering the so-called painless diseases. These diseases, in their

INSIDE THE PUMPKIN By Mary Graham Bonner

John and Peggy waited for the Little Black Clock at the end of the garden path as he had told them to do.

The waited and waited but they did not see the Clock. He was never late and they could not imagine what might have happened to him.

Suddenly John said to Peggy: "I didn't notice that pumpkin there when we first got here, did you?"

Halloween party with him. "I'd say it was all ready for the party," said Peggy as she and John started over toward the pumpkin "It has had its face cut out and it looks just like the most wonderful Jack O'Lantern in the world."

They had now reached the Jack O'Lantern pumpkin and were beginning to look at it when suddenly they noticed that someone was inside.

"Oh, so that's why you weren't here, or why we thought you weren't here," shouted John.

"Why, Little Black Clock, you were playing hide-and-seek," said Peggy.

The Little Black Clock got up out of the pumpkin where he had been hiding.

"My legs aren't very long," he said, "but they were beginning to get very cramped waiting for you two to find me."

"Now we must be off at once! Heigh-ho!"

MOVIES

Dick Barthelmess' Fine Horsemanship Seen in Picture

Richard Barthelmess' expert horsemanship stood him in good stead during the filming of "Son of the Gods," his newest starring feature which comes to the Palace Theatre tomorrow for three-day engagement, Sunday, Monday and Tuesday.

The production opens with a thrilling polo game between two college teams. Barthelmess in the role of Sam Lee is the star of one team and is called upon to make several spectacular plays. Having receive his training as a boy at Hudson Military Academy, Barthelmess is an excellent horseman.

The sporting sequences were filmed at the polo grounds of the Uplifters Ranch at Santa Monica, an exclusive California country club. Regular polo games were played between the Uplifters' team and the army team from the presidio at Monterey. The scenes were recorded with sound and dialogue via the Vitaphone system.

"Son of the Gods" is based on the sensational Rex Beach novel, with Constance Bennett in the feminine lead heading an exceptionally large supporting cast of

twenty prominent film players. Frank Lloyd directed.

SANDEFER ON PROGRAM

ABILENE, Nov. 1.—Dr. J. D. Sandefur, president of Simmons University, and the Rev. Sam Malone, editor of the West Texas Baptist, official church organ of this territory, will be among the speakers at the annual convention of Baptist churches of Texas at Amarillo November 10 to 14.

The Rev. Mr. Malone will make a report on religious literature and religious education November 13, and Dr. Sandefur will speak November 12, on Christian Education day at the convention.

EXPORTS OF COTTON FROM GALVESTON SHOW INCREASE

GALVESTON, Nov. 1.—Exports of cotton from Galveston have increased considerably since the first of October, but shipments are still smaller than those of last year, according to the Galveston Cotton Exchange and Board of Trade.

Thus far this month approximately 70,000 bales have been exported, bringing the total since August 1 to 212,253. Of this amount 139,608 went to foreign countries, while 22,660 bales were shipped coastwise.

SOME "TATER"

HEARNE, TEXAS, Nov. 1.—A sweet potato of the Porto Rican yam variety weighing 11 1/2 pounds was displayed here by the Rev. J. R. Tidwell. The potato was grown in ordinary sandy soil, Mr. Tidwell said.

Seeking Out the User

The electric transmission line, threading its way across the landscape, delivers power wherever a use for it can be found.

Town, hamlet and farm, factory, mine and home, all are sought out and energized by electric power.

This is a revolutionary change from the day, not so long ago, when the user had to come to the power.

The extension of widespread transmission systems—replacing inadequate isolated plants or bringing power where none had been before—is working profound changes in the small town and countryside.

The West Texas Utilities Company, with three major generating stations, renders dependable service to 119 prosperous cities, towns and communities throughout West Texas, the "Land of Opportunity"—bringing to them, over more than 2,500 miles of transmission lines, the many advantages of electric power.

### Bearcats Trample Santa Anna 25 to 6

The cobwebs were broken on the Ballinger goal line Friday at Santa Anna when the mountaineers scored a touchdown on the Bearcats. The score came in the first period after a Ballinger fumble on their own ten-yard line and a Santa Anna pass was completed for the touchdown, giving the opponents six points.

Coaches Wright and Davis sent practically all the Bearcats into the battle Friday and report that the team was hustling from start to finish. Partridge and Flynt kept up their offensive power Friday and chalked up many first downs on the Mountaineers. Partridge produced the sensational run of the game when he sprinted 45 yards for a touchdown following a pass which he caught. Flynt also got in the long distance class with a 28-yard run through the Santa Anna eleven.

The game started with Partridge kicking off to the Santa Anna 14-yard line where the runner was downed in his tracks. Two line plunges for S. A. failed to gain and they kicked to their own 40-yard line. Flynt hit tackle for one yard, another attempt at center by him netted a no other yard. Partridge attempted to circle left end for a three yard gain and Flynt came back crashing the line for a first down and taking the ball to the S. A. 18-yard line. Partridge slid off end for 11 yards and a first down and then went over tackle for two more yards. Flynt with a goal line in sight plowed his way over left tackle for a touchdown, four minutes after the game started. Partridge drop kicked goal. Ballinger 7, Santa Anna 0.

Partridge kicked off and Santa Anna chalked up two first downs in an offensive drive but was held for downs and kicked to Jacobs on the 10 yard line. On the first play Partridge fumbled and S. A. recovered. S. A. got two yards at left guard and then lost one yard at left tackle. On the next play they heaved a pass over the goal line safe in the arms of their left end for a touchdown. An attempted pass for the extra point was incomplete.

S. A. kicked to Ballinger's 20-yard line and Flynt returned 28 yards to the 48-yard line. Partridge got a yard at left tackle and a pass. Partridge to Flynt, took the ball to S. A.'s 32-yard line and a first down. Another pass on the next play Partridge to Reneau, was good for another first down. Partridge hit the line for 4 yards placing the ball on the 20-yard line. Flynt hit the line for 1 yard and came back on the same hole for 9 and a first down. Flynt hit the line three more times in a row for a gain of 5 yards and Partridge attempted center but failed to gain and the ball went over to the Mountaineers on their 2-yard line. S. A. kicked and Partridge returned the ball to their 35-yard line. Flynt got one yard. Substitution, Marsh for Jacob. On the next play Marsh threw a pass to Flynt for a touchdown. Partridge's dropkick failed. Ballinger 13 Santa Anna 0.

The half ended in a few minutes with the ball in mid-field in possession of Ballinger. Partridge kicked to start the second half and it was Santa Anna's ball on their 35-yard line. A line play failed and a pass was incomplete and S. A. kicked to Ballinger's 33-yard line. Two passes in a row were incomplete and Partridge kicked 30 yards. Again the Mountaineers hit the Bearcat line twice for no gain

and punted to the Ballinger 49-yard line. Here a long pass Marsh to Partridge, was completed and the Ballinger quarter raced 35 more yards for a touchdown. A place kick failed. Ballinger 19 Santa Anna 0.

After playing the ball around mid-field for some time and exchanging several punts Santa Anna carried the ball down the field on breaks and punts to the Ballinger 12-yard line where a S. A. pass was completed but the ball was fumbled and Reese recovered for Ballinger. Here the longest drive of the day started. Flynt crashed right tackle for 9 yards, Partridge got a few inches and Flynt came back for 2 yards and a first down. Partridge went off left end for 6 yards, Flynt hit through the center of the line for 7 yards and a first down. Flynt hit left tackle for 2 yards, a pass was incomplete, substitution E. Smith for Reneau. A pass Part-

ridge to Robinson was good for 23 yards placing the ball on the S. A. 31-yard line. On a fake pass Flynt carried the ball out of bounds for a gain of 11 yards and a first down. Flynt hit left guard for 4 yards, a pass to McIntire was in complete and then Partridge passed to E. Smith and Smith was tackled with the ball about six inches across the goal line. A pass for the extra point was incomplete. Ballinger 25 Santa Anna 6.

Santa Anna kicked over the Ballinger goal line and the ball was put in play on the 20-yard line. On the first play Flynt hurled himself against the weakening Santa Anna line and waded 18 yards for a first down. A pass was intercepted by Santa

Anna and returned to Ballinger's 28-yard line as the game ended. Ballinger outplayed the Mountaineers at every stage of the game and Coach Wright sent many substitutes into the game letting practically everyone have a chance.

The win at Santa Anna Friday places the championship race this year between Ballinger and Winters. These two teams will meet on November 21 at Winters to play for the honor in what will be the big outstanding game of the year in district 11.

R. L. Bates, of the Novice community, was in Ballinger Saturday attending to business. Only 16 per cent of the 24,115 teachers employed in North Carolina schools during 1928-29 were men.

# AROUND THE WORLD

### BERLIN—(AP)—

Emil Ludwig, noted chiefly for his biographies, is reported at work on a play entitled "Versailles," and having for its theme the peace conference of 1919. Hero of the piece is Woodrow Wilson, pictured as a great idealist in collision with realities.

### LONDON—(AP)—

To make his home a shrine, John Wesley's effects are being gathered in the house in which he died in 1791. Among the exhibits is the Newgate jail pulpit from which Methodism's founder preached to the prisoners.

### MOSCOW—(AP)—

Special clinics for crippled children are being established by the Soviet Union. The health department estimates from incomplete data that there are 750,000 crippled children in the nation.

### ISTANBUL—(AP)—

Thirty sick men of Istanbul picked up their beds and walked, but it was no miracle. The hospital of St. George increased its beds from 90 to 120 without permission from the ministry of hygiene, which ordered the extra beds out.

### ENNISCORTHY, Ireland—(AP)—

Patrick Flood, of Killeghney, near here, claims to be the oldest person in Ireland. Flood says he is 115 and has seven children, 27 great grandchildren living.

### LE PUY, France—(AP)—

One American visitor distinctly unwelcome, the pea-weevil, has established itself here and threatens to exterminate the world-renowned lentils of Le Puy.

### LISBON—(AP)—

Competition of hawkers and street peddlers is making such serious inroads into stabilized trade that the National Association of Tradesmen has petitioned authorities to take measures to suppress the itinerant trade.

### MANILA, P. I.—(AP)—

The young Filipino seeking a white-collar career has a tough time. Occupations offering that article of wear are at a premium, so great is the love of it. The legal profession became overcrowded several years ago and now the pharmaceutical examiners are considering stricter standards to relieve overcrowding in that profession.

### BACKACHE SPELLS

#### This Lady's Husband Urged Her To Take Cardui—Soon Benefited.

"Troy, Ala.—"Cardui has done me good, and it has done my 16-year-old daughter so much good," says Mrs. J. W. Junright, of this place. "That I felt I wanted other women to know the facts about it, so I wrote to The Chattanooga Medicine Co., telling them about my experience with this medicine, Cardui."

"I have used it at intervals from sixteen years, when I suffered from weakness, and it always helped me. 'Mostly I was afflicted with bad spells of backache. At times I felt as if my back would break. I would drag one foot after the other, in a helpless sort of way, and once I got down in bed. My husband urged me to take Cardui, and I soon found what a fine medicine it really was. 'When my second child was little, I was in very bad health. I did not pick up as I should have. I was weak and sickly. I do not believe that I would have come through, but for Cardui.'"

"Thousands of other women have written to tell how Cardui had helped them to health. Cardui is a purely vegetable remedy and contains nothing harmful or injurious. It may be safely taken by a delicate young girl as well as by a feeble old lady."

# CHURCHES

### All Saints' Episcopal Church

A lecture recital of the Passion Play of Oberammergau will be given at the Episcopal Church Sunday night at 7:30. The Rev. A. A. Whittle, minister in charge, has recently returned from a trip to Europe, where he witnessed the Passion Play and interviewed Alois Lang the Christus. Rev. Whittle will give a descriptive lecture on his impressions. A cordial invitation is extended to the public to attend the lecture.

### Eighth Street Presbyterian Church

Bible school at 9:45 a. m. Fernous Collins, superintendent. Sermon story for children. Worship at 11 a. m. Installation of newly elected elders and deacons. Communion service. Christian Endeavor at usual hours. Bible study Wednesday evening. Worship at 7:30 a. m. "A New Spirit in Life."

Our revival services were a great blessing in many respects. Twelve persons became public followers of Christ. Of these five have united with our church. A fine spirit was manifested in all of these services. Everybody who heard Rev. Posey appreciated his rich expository sermons. He went away with the prayers and good wishes of many new friends. We invite everyone who has no church home here to worship with us.

J. EDWIN KERR, Minister.

### First Methodist Church

Sunday school at 9:45 a. m. Joe Forman, superintendent. Preaching at 11:00 a. m. and 7:30 p. m. Epworth League meets at 6:30 p. m. Good music at all the services. A cordial welcome to everyone. T. E. BOWMAN, Pastor.

### Ballinger Baptist Church

9:45 a. m. Sunday school, E. Shepperd, superintendent. 11:00 a. m. preaching service by pastor. 6:30 p. m. meeting of the B. Y. P. U.'s, F. D. McCoy, director. 7:30 p. m. preaching service by pastor. 7:30 p. m. Wednesday, prayer meeting, followed by choir practice.

There is one more Sunday until we leave for our Baptist State Convention which meets at Amarillo. Let us pray for the leadership of the Spirit of God. "The Lord hath done great things for us whereof we are glad." J. H. McCLAIN, Pastor.
