Four Years and Big Fine

"Legs" Diamond today was sentenced in federal district court here to four years' imprisonment and fined \$11,000 for violating the prohibition law.

The gang leader and Paul Quat trocchi were convicted last week. It was Diamond's first sentence convicted of conspiracy to violate the liquor law and ownership of an "apple-jack" still in Greene today.

Judge Richard J. Hopkins ordered Diamond to serve his sentence in the Atlanta federal peni-

MOON of DELIGHT by Margaret Bell Houston

SYNOPSIS: Juantia Basara is not engaged to a Spaniard, as the marvess has told Madame Fouché av Nelly Belaise. But Nelly is survived when her grandson, Kirk, tells her that he is to marry Juantia, whom they know as Senorita Flores—quest in Nelly's Bilgsi home. It is no coincidence that thefts have taken place in the New Orleans homes where the marquesa and Juantia have visited, but the girl knows nothing of the marquesa's complicity. Nevertheless, Juantia has a confession to make to Kirk. He is avaiting her in the library when Adrian Fouché, auother admirer tells him she is engaged to a nobleman. Adrian's presence prevents her keeping the appointment, and as they stort for Adrian's party, Kirk senses that she is glad of it.

Chapter 25 MOON OF DELIGHT

to New Orleans, at the end of on her?"

The supper which was "Still howling about your ten." a long pier. The supper which was to have been on the verandah was Fitz remarked. "That don't prove laid in the one great room because he's with her now."

fire blazed, lighting the room even as gone-" without the lanterns that swung "Who's Moon of Delight?" Juafrom the beams.

they called her: Boby Cranshaw told her name. So Eric christened they called her; Bobby Cranshaw told her name. So Eric christened her Moon of Delight. Suits her, girl in a blue sweater. Emmy Jean too. Wouldn't you say so. Rod?" had come with a boy named Berry "How go I know," said Bettina a goblin he would always be.

stood near the fire in a green riding suit, beside her a man with dark unhappy eyes, while on a window seat alone Juanita saw the girl she had seen twice before—once beside Eric Ledbetter at Divitt's, and again at the Comus ball. All in black tonight, Juanita knew that beneath her tight little cloche was a red, wind-blown bob. She sat smoking, sleepy-eyed, looking out on the gray sea.

"That was the night I lost my ten," said Phyllis, who was drinking with Dick Preston now. "Eric went out after her one night at Divitt's, bet us he wouldn't come back—and he didn't."

"Ask Adrian what the Moon speaks," cried Emmy Jean. "Do she make love in English, Adrian?"

"Ask any of the men," said Doreen Larkin "Ask Kirk."

"She never looked at me," said Kirk. "And never spoke to me. All

on the gray sea.

"Naida, you know Juanita." Bettina Byrnes took it for granted they had met. Naida's smile was sweet
"You would say that." groaned

and sleepy.

"I do now," she said, giving Juanita her little hand which crumpled up afterwards like a fern, and she went on gazing at the sea, wrapped in the midst of her own smoke. A "Shall we dance?" Adrian asked "S lean chap with glasses whom every Juanita. She shook her head. Kirk one called Trigger, drifted over to laid his hand over hers in the shad-Naida, being presented to Juanita ow of the table.

came later, a rakish lad in tow, Fitz Adrian remarked, and poured it gerald his name was. Everybody into her coffee

Dordress of sixes neovor event less

because it takes six eylinders clutch, shift into "low"-and feel that to gire the smooth, silent power that makes driving really enjoyable

CHEVROLET Drivers of sixes are poiled for anything less. Drivers of sixes are sold on multiple cylinders. They would no more think of giving up "six" performance than any other real advancement of motoring. For them, the whole cylinder question has been settled.

Slip behind the wheel of a Chevrolet Six, and you'll know why these drivers feel as they do. Step on the starter, let the motor idle-and notice its silence. Throw in the smoothness. Change into "second," hit a faster and faster clip, slip into "high," sweep along at top speed-then throttle down to barely a crawl. The smoothness and flex bility you always get are six-cylinder smoothness. six-cylinder flexibility. Annoying vibration is gone

Over two million owners have tested and proved this six-cylinder Chevrolet engine. They have found that it costs less for gas and oil than any other. They have found that it actually reduces upkeep costs, by holding vibration to a minimum. They know a six is better in every way-and they

"JUST AS GOOD AND CHEAPER"... HAVE YOU EVER FOUND IT TRUE?

LONE STAR

Lone Star Service

provides the Safety and Security of a

dependable fuel sup-

ply-yet your gas bill is the least expensive item in your annual

living cost.

LHERE IS NO SUBSTITUTE for dependability. Low price alone is not a guarantee of economy, because undependable service is expensive at any price. In your fuel supply, particularly, this fact has been definitely proven.

In the early days of natural gas service, when production and transportation facilities were limited, gas was supplied at a lower rate than it is today. In those times, however, additional heating equipment had to be held in readiness in the home because of the uncertainty of this cheaper gas service. During this period coal and wood were "stand by"

fuel supplies in most households. Neither the company nor its customers were satisfied with this kind of fuel service. Both realized that fuel satisfaction requires dependable gas service at

Accepting the fact that the majority of people demand perfection-dependability-safety--Lone Star Service during the past quarter century has been built to this standard. As evidence of their approval of this policy, most households have come to rely solely upon LONE STAR GAS SERVICE-the lowest priced dependable fuel service obtainable.
