

Ballinger Semi-Weekly Ledger

Twice a Week

Tuesday and Friday

VOLUME NO. 51.

BALLINGER, TEXAS, TUESDAY, NOVEMBER 17, 1931.

NUMBER 17

Hunters Leave for Deer, Turkey Areas

A number of Ballinger men left here last week-end on annual deer and turkey hunts, going to all sections of the game country. The first parties began leaving here Friday of last week, going to the Pecos region where they expected to strike camp and locate deer before Monday morning when the season opened. Most of the local nimrods expected to be away about four or five days, returning with the year's limit.

The limit on deer is two bucks of not less than three points per season. The limit on turkeys is three gobblers a season. Mason, Kimble and Kerr counties are attracting most of the hunters from this section, however, some are going farther away and will hunt in the Davis Mountain country and along the border near the Pecos and Rio Grande rivers.

Many of the ranches in the hunting district have been leased for hunting and gaining admittance to these favorite grounds is difficult. Hunters are generally charged so much a day for the right to hunt. Hunters are requested to wear bright red shirts or coats so that they will be easily distinguished from deer and thereby lessen the chances of being shot by other gunmen. The early season usually claims a heavy toll in crowded places.

Local hunters who are unable to take their annual outing at this time will have an opportunity Monday to shoot ducks. There have been quite a number of ducks reported on nearby pasture tanks within the past two weeks and for a few days hunting will be good until the birds are shot at a few times and move on farther south. The limit on ducks is fifteen.

1931 GINNINGS FAR AHEAD OF LAST YEAR

On November 1 Runnels county had ginned 56,260 bales of cotton as compared with 21,747 for the same date the preceding year. This report was received here from the department of agriculture Monday and made public by W. A. Esmond, agent for this county.

Since these figures were compiled there have been two weeks of fair ginning weather and much cotton has been turned out. Another ginning report will be gathered locally at the close of the present week which will account for most of this year's crop.

RETURN FROM BAPTIST CONVENTION AT WACO

Rev. and Mrs. J. H. McClain, Mr. and Mrs. E. Shepperd and daughter, Miss Nell, and Mr. and Mrs. B. C. Kirk returned Saturday from Waco where they attended the state Baptist convention last week. They report a fine meeting and much good accomplished.

J. D. Smith, of the Wingate section, was in Ballinger Friday attending to business and ordered the Ballinger paper for another year.

Receive Posters Of Washington

The George Washington bicentennial commission with the cooperation of every member of congress is distributing a colorful poster portrait of George Washington to every school room in the United States. The poster is a copy of the famous portrait by Gilbert and Stuart and it is suggested that the picture be properly framed and placed in each school room for preservation and as a permanent display.

Ballinger teachers have received copies of this beautiful picture and, expect to cooperate in making the two hundredth anniversary of the birth of George Washington, in 1932, the greatest event of its kind in history.

Pupils of the primary grades are conducting a candy sale on the campus this week to raise money to frame their pictures. Patrons of the school are requested to drive by at recess or noon and purchase candy from the tots to aid the cause. Mothers of the children have donated the candy. Good frames and glass will be used to properly enhance the pictures. A number of teachers have already framed their posters and placed them on display.

Runnels Schools Well Attended

All rural schools in Runnels county are now open and attendance is good with increases being reported each Monday morning. Some of the children are still picking cotton but will be in classrooms within another two weeks at the most.

County Superintendent R. E. White stated that all teachers had received their vouchers for the first month and that all vouchers had been cashed. This is more than most counties can say as many teachers are having to hold their warrants until funds are available. All Runnels county schools are in fair condition and more than 100 teachers are busy instructing pupils in common school districts.

The first program for the Maverick school, held Friday night, was a joint meeting of the Parent-Teacher Association and the students and patrons. Supt. White attended the meeting and took part in the program, which was witnessed by a large number of citizens.

During the past week the Olfen school had its first inspection by the health nurse. This is first year for some time that a state school has been operated at Olfen and no health examination had ever been made of the students of the district. All pupils were carefully inspected and health cards filled out for the files. No immunization campaign against diphtheria has been held there so far this year. Pupils of Benoit, independence and Pumphrey districts last week received the Shick test which was delayed from last year. The immunizing serum was given these pupils the latter part of the previous term and the tests will determine how many will need another injection.

Physical education is being taught in all the schools and much better progress is being made than during last year when it was new to rural teachers. Regular classes for all schools, including advanced students, are conducted daily. During the past summer many of the teachers in this county took special courses to better equip themselves to teach the new subject.

Stoves have been repaired at all schools in the county and fuel provided for cold weather.

FIREMEN MAKE RUN TO ROWENA FIRE

Ballinger firemen were called to Rowena Saturday morning at 2 o'clock to help fight a fire in the business district there. A number of local firemen responded but could be of no service when they arrived. The building, occupied by a pool hall, was completely destroyed. All equipment in the hall, including new balls just received, was burned and the loss was heavy. On account of not having water enough for the pumper to operate nothing but the chemical wagon was taken by the local firemen. The Ballinger men remained in Rowena until there was no danger of the blaze spreading to other buildings.

PRE-SCHOOL P.-T. A. TO MEET WEDNESDAY

The regular monthly meeting of the Ballinger Pre-School Parent-Teacher Association will be held at the home of Mrs. Joe Simmons next Wednesday afternoon at 3:30. All members are urged to attend and those desiring to join will be welcome.

MRS. McCLAIN WILL TEACH IN BROWNWOOD

Mrs. J. H. McClain and Mrs. E. Shepperd left Tuesday morning for Brownwood to attend a two-day session of the Baptist W. M. U. Miss Emma Leachman, of the state home mission board, will be one of the instructors and Mrs. McClain will teach in another department of the school.

R. R. Williams and A. B. Stobaugh left Friday morning for the Big Bend country to be on hand next Monday morning for the opening of the deer season. They were joined Sunday by R. E. George and others from here.

Mr. and Mrs. R. W. Earnshaw visited in San Angelo Friday and Mr. Earnshaw transacted business there.

V. Earl Earp, of Sweetwater, state commander of the American Legion, spent a few hours in Ballinger Saturday afternoon attending to business.

Cow Pays Him 73c Per Hour for Doing Chores

Cows paid E. V. Kim (right in the accompanying photograph) 73 cents an hour for doing the chores last year. He is a Baylor county tenant farmer who had an average of 8.7 cows in his herd on which he spent an average of two hours a day. This includes the time of two boys and a girl who helped. The cows could pay these wages because they averaged 246.2 pounds of butterfat for the year instead of the state average of 146.2 pounds, and because Mr. Kim was skillful in meeting low priced butterfat with more pasture and home grown feed. His feed cost per pound of butterfat produced was 10.1 cents. The profit above feed was \$532.27 for the year. He knows these things because he keeps records as a dairy herd demonstrator, working with P. C. Colgin, county agent (left). The two are photographed above weighing milk and recording weights on one of the monthly visits Mr. Colgin makes to the demonstration.

All feed bought during the first year of the demonstration ending

last June amounted to \$101.06, and feed from the farm was valued at \$110.12. More home-grown feed is used now than in the first year of the demonstration. Last season Mr. Kim had seven acres of sudan pasture but next year he plans to have two acres per cow. The records revealed the important and interesting fact that the high cow gave 332 pounds of fat during the year, and the low cow only 85 pounds. This situation is being met by culling and by use of better sires obtained through Mr. Kim's membership in his local bull circle.

Mrs. W. B. Halley Gets Honor Place

Mrs. W. B. Halley is at home from Houston where she attended the state meeting of the Order of Eastern Star. At this meeting Mrs. Halley received the high honor of being named worthy grand organizer for the general grand chapter international. Mrs. Halley was the only Texas person to receive a place for floor work on the international grand officers' staff and the honor comes not only to her but to all Eastern Star chapters in this state.

The international meeting is held every three years and will convene in Detroit, Michigan, in 1934. Mrs. Halley will attend that convention and take her place with other dignitaries of the order which embraces practically the entire world.

The most worthy grand matron named for the next three years is from Port Arthur, Ontario, Canada. The only other Texas member elevated was a Mr. Lynn, of Dallas, who will serve on the board of trustees.

Mrs. Halley has held many important offices in the Texas Eastern Star. In 1926 being elected grand matron of the grand chapter of Texas. She has been active in the Ballinger chapter where she is one of the most diligent workers in any program before the local group. Her own chapter is proud of the honor bestowed upon her of being recognized and named among the international officers.

SPECIAL TO A. & M. TURKEY DAY PLANNED

The Santa Fe Railway will operate a special train from San Angelo to College Station on Thanksgiving Day, with a round-trip fare of \$6.45. The occasion is the A. & M.-Texas football game and a heavy demand for a special in this section has caused the railroad to make the announcement.

The train will leave Ballinger at 4:35 a. m., arriving at College Station at 12:45 p. m. Leaving after the game at 7 p. m., the train will reach Ballinger at 2:30 a. m. The train will be made up of day coaches and a sandwich and coffee car will supply light meals.

Agent J. J. Beck is desirous of knowing anyone here who intends to make the trip and asks that all please phone him at the Santa Fe station.

GOOD PROGRAM FOR LIONS CLUB FRIDAY

The Ballinger Lions Club will have an unusual program at its regular luncheon, next Friday noon. A. F. Ligon, high school principal, will bring a group of members of the public speaking class for the program and officers of the club are urging that all members be on hand to enjoy the occasion. The class is very large and some of the best talent in years is to be found there.

James A. Wear returned Saturday from Dallas and Waco where he had been on business. He stopped in Waco for several days to attend the state Baptist convention.

Runnels County Turkeys Grade Best in Many Years

Runnels county turkeys will furnish the main part of the menu on many Thanksgiving tables this year. The latter part of last week turkeys were rushed to the local market and dressing plants here and night getting birds on cold storage and in cars for the market.

The advance in price started a rush here the middle of the week when No. 1 turkeys jumped from 12 to 17 cents. Friday and Saturday all local houses were paying 17 cents and graders stated that they had never seen better birds on the Thanksgiving market, that they compared favorably with those sold for the Christmas market in previous years.

The Runco Poultry Association sold all its Thanksgiving turkeys to the Mid-West Poultry Association here and Friday more than 1000 birds were delivered on this contract. These fowls were killed, dressed and placed on cold storage Friday afternoon and night and the plant was ready to re-stock its pens Saturday morning. Early in the day wagons and trucks were unloading there for the next run.

The Moore Produce Company was rushed Saturday by the heavy market, 125 pickers being

busy all day and a truck was hauling them to the vaults for storage. One car had already been shipped by this concern and about four and one-half cars were expected to be ready by closing time Saturday night. Turkeys were pouring into the plant early Saturday morning, being graded and placed in pens awaiting the pickers. Mr. Moore stated that he was badly crowded and could use more pickers if he had some place for them to work.

The Western Produce Company has been busy receiving and dressing birds and the market will remain open until the last date of shipping express cars so that they will arrive on eastern markets in time for the holiday trade.

C. W. Lehmburg stated Saturday that many of the Runco Association members were holding turkeys and that he expected them to sell about 5,000 birds on the Christmas market this year. Refrigerator cars of 20,000 pounds capacity are being loaded with about 1,800 birds this year. All storage plants in the city are taxed to care for dressed birds until cars are loaded. The general average of birds sold on the Thanksgiving market is about \$22.25 each.

W. W. Chastain to Enter Clerk's Race

W. W. Chastain has stated definitely that he will be a candidate for county clerk of Runnels county in the elections to be held here next year. "I will make my formal announcement about the first of the year and begin a complete canvass of the county at that time," Mr. Chastain said Monday.

Mr. Chastain has been a citizen of this county for the past 42 years and is known to practically every voter in the county. He was connected with various business enterprises here until a few years ago when he went on the road. Some time ago he became afflicted with a bad leg and has been confined to his home for the past 22 months. His health is now much improved and within a short time he will be able to commence an active campaign for the office. He has never entered politics before and is asking for his first public office subject to action of the Democratic party.

"I feel that my qualifications for this office are well known and that I need not take the space to state them now," he said. His business career here and long

residence in this county are well known.

Mr. Chastain is the first man to make a definite announcement for the 1932 elections and has entered the race after discussing the matter with a number of close friends in various sections of the county.

REVIVAL TO BE HELD AT HATCHEL SOON

The annual Thanksgiving meeting to be conducted by Elder C. W. Watkins, of Petersburg, will begin at the Hatchel Church of Christ Sunday night, November 22, and continue each night throughout the week with three services on Thanksgiving Day.

Dinner will be served on the grounds Thanksgiving, the balance of the day to be devoted to song service. Advance reports received by The Ledger indicate a number of good singers will participate. Everybody is cordially invited.

Ben Curry, of Norton was in Ballinger Saturday attending to business. Mr. Curry said he had finished gathering his cotton and also planted about 200 acres of small grain. He reported that very little cotton was left to be picked in the Norton section.

20,000,000th Ford Coming Friday 20

The twenty-millionth Ford car, symbolic of one man's contribution to world history and the development of American industry, will visit Ballinger, en route from Detroit on a trans-continental tour.

Assembled in the presence of Henry and Edsel Ford—the twenty-millionth Ford left the Ford Motor Company's Rouse plant in Dearborn, Mich., on April 14.

Following the brief ceremonies at the final assembly line, and with Henry Ford at the wheel, the car was driven to Mr. Ford's home several miles away where its meeting with the first Ford produced in 1893, was recorded for future generations in motion pictures.

Now expected to arrive in Ballinger about 9 a. m. November 20, the twenty-millionth Ford will be met at the city limits and escorted to Harwell Motor Co. where it will be placed on exhibition for 20 minutes before resuming its tour.

Its tour of the country completed, the twenty-millionth Ford will be returned to Greenfield Village for preservation near the first Ford—the "gasoline buggy" in which Henry Ford astounded his neighbors and demoralized horse traffic when he chugged noisily through Detroit's cobbled streets at the dizzy speed of nearly 20 miles an hour.

The first Ford—built in 1893 and one of the first three automobiles the world has ever seen—odd, indeed by comparison with its 1931 descendant, was mounted on bicycle wheels and its wheezing little two cylinder boasted four horsepower. Its gasoline tank held all of three gallons and its uncomfortable seat accommodated three people. In order to drive it, Mr. Ford was given a verbal permit by the mayor, thus becoming, it would seem, the world's first licensed chauffeur.

Such was the precursor of the long line of Fords that have since revolutionized the automotive industry, made the automobile a commonplace within the reach of almost every family and tremendously aided the development of good roads systems.

In December, 1915, more than 1,000,000 Fords had been produced. Thereafter as a result of Ford manufacturing methods and processes now recognized as standards of efficiency and economy for industry the world over, the total production reached 2,000,000 in June, 1917; 5,000,000 in May, 1921; 10,000,000 in June 1924; and 15,000,000 in May 1927.

Three Arrested Past Week-End

Ballinger officers had a rather quiet week-end, only a few arrests being made. A number of investigations were made but nothing untoward was reported besides three arrests Saturday night and Sunday.

Phillip Mack, negro, was arrested Sunday and placed in jail charged with the theft of a ring from Evelyn Roberts.

Earl Dodson, negro, was arrested on a liquor charge and lodged in the county bastle. Officers Saturday night went to a place in the "flat" looking for a stolen gun, and when they entered Dodson is alleged to have jumped in his car and started running from the spot with officers in pursuit. Arriving at his home the officers arrested Dodson and a search of his car with the negro's permission, revealed a quantity of whiskey.

Delton McQueen was arrested on a charge of theft of a ring, watch and some money from Mrs. Ethel Walker. Officers stated that the watch and some money were recovered but that the ring had not been found.

MACHINES PICK COTTON IN SOUTH PLAINS FIELDS

(By Associated Press) LUBBOCK, Nov. 16.—Mechanical cotton pickers have been introduced in large numbers to the south plains of Texas, where labor is always inadequate during the picking season.

Dozens of horse-drawn pickers made their appearance, along with an occasional tractor-driven machine.

The mechanical pickers meet with favor in this area because the stalks are small and most of the bolls mature almost simultaneously.

Mrs. L. L. Strobe returned Sunday from Austin, where she had been with Mr. Strobe's mother, who sustained a broken hip two weeks ago. The patient is reported much improved.

Mr. and Mrs. J. A. Dobbins, of Chattanooga, Tennessee, came in Friday to visit several days with Mrs. H. J. Atkins and family. Mr. Dobbins is a nephew of Mrs. Atkins.

Lloyd Herring spent the week-end in Brownwood visiting his wife and relatives.

Burns Holt went to Abilene Sunday to attend to business.

Roy Reeder made a business trip to Abilene Friday.

Semi-Weekly Ledger BALLINGER

Published Tuesday and Friday by The Ballinger Printing Company... Offices of Publication, 711 Hutchings Ave., Ballinger, Texas...

MEMBER ASSOCIATED PRESS The Associated Press is exclusively entitled to the use for republication of all news dispatches credited to it or not otherwise credited in this paper, and also the local news published herein.

SUBSCRIPTION BARGAIN OFFER For a limited time the subscription price of the Ballinger Semi-Weekly Ledger (regular price \$2 per annum), has been reduced to \$1. A whole year's reading for your dollar.

Runnels county is in fine shape for a good rain. Most of the cotton is ginned, many farmers have planted small grain, Thanksgiving turkeys are moving to market rapidly, and winter weeds and grass would be helped by a good rain.

The first day of the hunting season came in to the liking of most hunters. Slightly cooler weather and drizzling rain will help many sportsmen to get the limit of deer and turkey and the only disadvantage will be saving the meat after it is killed.

Many want to know when a work order will be received here which will start work on the bridge across Elm Creek. No official word has been received here concerning this contract but a work order is expected this month.

No official count was made of county ginnings last week but cotton men who are in close touch with conditions believe the number of bales produced will be from 63,000 to 65,000. There are a number of fields in this county with green bolls and a late crop might cause some of the top crop to open and make fairly good cotton.

Farmers are realizing now just how much their turkeys are worth. The county's production is about normal and graders declare the quality the best they ever saw on the Thanksgiving market.

The 119th district court will soon be ready to start a five weeks' term here. Venues for the grand jury and three petit juries have been issued for this term of court and indications are that the grand jury will tackle a good sized job.

THE RESULT OF FIRE The total fire loss for the first nine months of 1931, according to an estimate by the National Board of Fire Underwriters, was \$340,713,477, as compared with \$348,421,656 during the same period last year.

One can be thankful for small favors and feel some sense of optimism in the improvement. But at the same time it is practically certain that at least 80 per cent of the loss was totally unnecessary—was, in other words, caused by human neglect, carelessness or ignorance.

unemployment, of bankruptcy, of intense misery. Knowing this, all of us should do our part in seeing that it is outlawed forever.

HOW'S your HEALTH

EAR NOISES Ear noises, commonly termed ringing in the ears and scientifically known as tinnitus aurium, constitute a condition of extreme annoyance.

Most cases of tinnitus are due to disease of the ears and hearing nerves. A small percentage of cases is due to disease in other parts of the body. The noises vary in loudness, pitch and other qualities. They may vary, too, with the time of day and the condition of the individual.

Precisely what is the cause of tinnitus is as yet undetermined beyond the fact that it is commonly associated with disease of the hearing system.

Experimentally it has been shown that pressure on the stapes, one of the three small bones in the ear, causes it.

Since the vast majority of cases of tinnitus are associated with deafness, the sufferer should have his ears examined.

Stimulants are to be avoided, particularly alcohol and tobacco. Constipation should be corrected and a diligent search for possible sources of infection made.

Disease conditions in the teeth, the head sinuses, the nose and throat may give rise to so called "referred" tinnitus. Unrupted wisdom teeth and decayed teeth have been known to cause ear noises.

Disease in other organs, such as the kidneys, heart arteries, certain nervous diseases and physical as well as mental exhaustion, may cause tinnitus.

Treatment depends upon the causes. In some cases inflating the Eustachian tubes—in popular terms, blowing up the ear drums—helps. Sedatives often prove of value. Change of environment and living at high altitudes sometimes stops the ringing.

A common but groundless belief is that the noises often affect the brain.

Employment Wanted Experienced housekeeper wants permanent work. Write Stella Smith, Ballinger, general delivery, 17-31.

Notice of Sheriff's Sale By virtue of an order of sale issued out of the 98th District Court of Travis County, Texas, on a certain judgment rendered by said Court in cause No. 50,386, entitled John Bremond Company vs. Ethel Bost, et al.

Notice of Sheriff's Sale (continued) The sum of Three Thousand and Ninety-Seven Dollars and Eighty-Four Cents (\$3,997.84), together with interest and costs of suit, and against said defendants for foreclosure of a certain Deed of Trust Lien on the premises hereinafter described, as same existed on the 11th day of December, A. D. 1929, and since said date:

Is Your Rest Disturbed? Deal Promptly with Bladder Irregularities. Doan's Pills. A Diuretic for the Kidneys.

ber, A. D. 1929, and since said date: I did, on the 6th day of November, A. D. 1931, at two o'clock p. m., levy upon the following described tract or parcel of land situated in the County of Runnels and State of Texas, to-wit:

Being one hundred acres (100 A.) of land out of a tract of 408.72 acres of land out of Block No. 8, a subdivision of the Norvell Travis Survey of 4428 acres, known as Abstract No. 449, Certificate No. 776, Survey No. 533, and patented to Simeon Draper as assignee, on November 20th, 1854, per Letters Patent No. 337, Volume No. 11, and which said 100 acres are more particularly described by metes and bounds as follows, to-wit:

Beginning at a pile of rocks in the South line of Block No. 2, made for the N. W. corner of Block No. 7 and for the N. E. corner of this tract; Thence West along the South line of Block No. 2, 399.32 varas, for corner; Thence South 1413.73 varas to a point in the North line of Block No. 11, for corner;

Thence East along the North line of Block No. 11, 399.32 varas, for corner; Thence North along the West line of said Block No. 7, 1413.73 varas, to the place of beginning, and being 100 acres of land out of the tract of 408.72 acres conveyed to the said Ethel Bost by deed of date October 13, 1927, recorded in Volume 137, page 564, of the Deed Records of Runnels County, Texas; and which said Deed of Trust is duly recorded in Volume 31, page 476, of the Deed of Trust Records of Runnels County, Texas, to which reference is here made for all particulars.

And, on the 5th day of January, A. D. 1932, being the first Tuesday in said month, between the hours of 10:00 o'clock a. m. and 4:00 o'clock p. m., on said day, at the Court House door of said County of Runnels, I will offer for sale, and will sell at public auction, for cash, all of the right, title and interest of the defendants Ethel Bost and T. E. Bost in and to the said above described premises, the proceeds of which said sale shall be applied to the payment of said judgment.

Witness my hand, this, 6th day of November, A. D. 1931. W. A. HOLT, Sheriff of Runnels County, Texas. 10-17-24-1

FILIPINOS LIKE HAWAII: DODGE JUNGLE FARMS (By Associated Press) MANILA, Nov. 16.—Despite the efforts of the Philippine government to encourage the settlement of Mindanao, the "Far West" of the Philippines, plantation work in Hawaii continues more attractive to migrating Filipinos.

Figures by the bureau of labor show that 7,815 Filipinos emigrated to Hawaii, as compared with 2,498 who went to homestead in Mindanao in 1930. The worker who goes to Hawaii is assured of steady employment. The homesteader must have a little capital and must wrest his land from the jungle.

"Baby" Pays Own Fee WASHINGTON, Nov. 16.—Dr. P. A. Nicholson has collected a \$35 fee for attending at the birth of a baby boy. The fee was paid by the boy, now 21 years old.

Scanning New Books

By Ware Torrey NEW YORK, Nov. 16.—(AP)—Revolution in Central America, sabre play and mounted charges, where "death came like a medal to be worn" fill the pages of "Sparks Fly Upward," the new novel by Oliver La Farge, author of the 1929 Pulitzer Prize book, "Laughing Boy."

Fighting and conspiracy, a belief in the rights of the oppressed Indians, provided by Don Esteban de Gerromayor with the means of raising himself from a subservient position to the rank of general and the honor of a general who saved his country. More importantly, as Esteban rose in prestige his overshadowing personal problem clarified.

His mother was Indian; he gained Spanish blood through his father, a low-caste muleteer. Because his mother had saved Geronimo Cerromayor's life, Esteban was brought up under Geronimo's patronage. His uncertain social position was complicated, when Esteban and Geronimo's young wife Favia fell in love.

Esteban strove for power and recognition to win equality with Favia. As he progressed, he realized his innate sympathy with the Indian cause.

When Esteban finally emerges on a high plateau of success, he sees before him a choice, not merely between Favia, widowed, and Maria, the Indian soldadera who has followed him through the campaigns—but between identification with the caste that Favia represents and allegiance to his own Indian people.

Esteban's development, in preparation for this final decision, forms the underlying theme of the book. Oliver La Farge indicates the theme through a spirited story. In it is found the same skillful writing that signalized "Laughing Boy."

An Innovation A distinctive marker of the literary year is Virginia Woolf's novel, "The Waves." Mrs. Woolf adds still another literary method to her innovations in fiction by writing her book entirely in soliloquy.

From the thoughts of each character is gleaned insight into the person, and perspectives upon the other characters. Action and scenes appear through the same medium. "The Waves" is interesting reading and a valuable experiment.

E. F. Benson provides his specialized brand of entertainment in "Mapp and Lucia," a

CHIROPRACTIC DOES GET SICK PEOPLE WELL. Sleeplessness, Rheumatism, Headaches, Dizziness, Stomach Trouble, Paralysis, Kidney Trouble, Female Disorders, Neuritis, and many other conditions. E. J. FISHER, Chiropractor, Formerly of McGregor, Tex. Now at Rear of Ballinger State Bank.

comedy of the social queens of Tilling. The entire village is pleasantly involved in the war between dearest Liblib and dear Lulu, otherwise Miss Mapp and Lucia. Battles multiply, with weapons of dinner parties, art exhibitions and fetes interspersed with minor engagements of verbal combat.

Tracing a Family Career "Broome Stages" by Clemence Dane, is a history of a dynasty of the English stage. The first Richard Broome was born in 1715, and proved his theatrical blood at an early age by falling through a barn roof onto the stage of "Midsummer Night's Dream." The last Richard Broome played to a moving picture public. Through seven generations, Miss Dane traces the career of a vital and vivid family.

AIRSHIP AKRON TO CROWD BLIMPS TO NEW QUARTERS (By Associated Press) LAKEHURST, N. J., Nov. 16.—A fleet of small non-rigid airships will have to "move over" when the giant dirigible Akron comes to Lakehurst.

The new airship will share the main hanger with the Los Angeles and crowd the non-rigids to another portion of the field.

A hangar dismantled at Hampton Roads, Va., will be erected for the blimps. It will measure 250 feet long, 142 feet wide, and 82 feet high.

Holley gained 204 yards in 21 tries during Alabama's first football game of this year.

Swiftest, Easiest Way to End Bilious Spell

When you neglect those first symptoms of constipation—bad breath, coated tongue, listlessness, the whole system soon suffers. Appetite lags. Digestion slows up. You become headachy, dizzy, bilious.

It's easy to correct sluggish bowel action! Take a candy Cascaert tonight. See how quickly—and pleasantly—the bowels are activated. All the souring waste is gently propelled from the system. Regular and complete bowel action is restored.

Cascaerts are made from pure cascara, a substance which doctors agree actually strengthens bowel muscles. All drug stores have Cascaerts. 10c.

Funeral Directors Dignified and Thoughtful Service.

New Airport for Oklahoma City OKLAHOMA CITY, Nov. 16.—(AP)—A new municipal airport, standard in design, will be opened formally here November 14 and 15. A \$40,000 administration building is under construction at the port, five miles southwest of the city.

Long Airline Projected LONDON, Nov. 16.—(AP)—Great Britain's projected through air service from London to Cape Town is scheduled to open January 1. Through passengers will fly in five different types of planes during the journey, varying from the 42-place "Hannibal" bi-plane to flying boats.

WHEN FOOD SOURS. PHILLIPS MILK OF MAGNESIA. For Troubles due to Acid INDIGESTION SOUR STOMACH HEARTBURN CONSTIPATION GAS, NAUSEA.

ABOUT two hours after eating many people suffer from sour stomach. They call it indigestion. It means that the stomach nerves have been over-stimulated. There is excess acid. The way to correct it is with an alkali, which neutralizes many times its volume in acid.

It is the approved method. You will never use another when you know. Be sure to get genuine Phillips' Milk of Magnesia, used by physicians for over fifty years in correcting excess acid. 25c and 50c bottles sold at all drug stores.

What! HAIR OINTMENT IN YOUR MOTOR OIL?

Petroleum jelly forms the base for many hair ointments—and many motor troubles. This heavy, jelly-like salve gives motor oil a false body which turns water-thin in engine heat. Ask the nearest Sinclair dealer for Sinclair Opaline—the motor oil which has had petroleum jelly removed at as low as 60° F. below zero—a temperature much lower than required for just removing wax. Ask the Sinclair dealer.

Janet Gaynor's Role in "Daddy Long Legs" Rated as Star's Best Since "7th Heaven"

The hope of every screen actress is to get a vehicle that is perfectly suited to her talents. An excellent actress may by sheer technique and ability, play a role that "isn't quite the type" and make it real and convincing—but she can always do infinitely better if the part fits her.

In the case of Janet Gaynor, however, this hope has been realized—not once but twice. The first time was when she played the memorable "Diane" of "7th Heaven"—a role that might have been written to order for her unusual personality and her wistful appeal.

Now the lightning strikes a second time in her latest vehicle, "Daddy Long Legs," opening a three-day run at the Palace Theatre Sunday. As the immortal "Judy," the little orphan girl whose courage wins her eventual happiness, Miss Gaynor again has a part that measures up to her own high standards of poignant charm.

While Fox studio officials had long realized the appropriateness of the well known Jean Webster play for their star, the peculiar suitability of the part was not apparent until Director Alfred Santel and Sonya Levien, the scenarist, began work on the picture.

Both Miss Levien and Santel were astonished to find that no alteration of any kind in Miss Gaynor's part in "Daddy Long Legs," was necessary or even advisable. The part of "Judy" was so ideally suited to her that it was utterly out of the question to change it in any way, other than the unavoidable condensation of a two-hour-and-a-quarter play to make an hour-and-twenty minute picture.

Warner Baxter is co-starred with Miss Gaynor in the film. Una Merkel, John Arledge, Claude Gillingwater, Kathryn Williams, Elizabeth Patterson, Louise Closser Hale, Effie Ellsler and other favorites are also in the cast.

"Partners of the Trail" Features Tom Tyler

Scheduled for showing at the Palace Theatre Friday and Saturday is Tom Tyler's first Monogram western, "Partners of the Trail," directed by Wally Fox. Remembered for his excellent pictures under the Syndicate banner, Tom may be counted upon to provide thrills to keep one gripping the edge of the chair until the last flicker. From all reports this western has more than one hair-raising and spine-tingling stunt.

In support of Tyler will be seen Betty Mack, Reginald Sheffield, Lafe McKee, Marguerite McWade, Horace Carpenter and Pat Rooney.

Air Primer in Curriculum
SAN FRANCISCO, Nov. 16.—(AP)—An "aviation primer" will soon be a part of the studies in California's schools. The board of education has approved a text book compiled by the aeronautical committee of the state chamber of commerce which outlines the history of transportation from primitive Indian times to the modern air transport system.

Marines To Join Plane Carriers
WASHINGTON, Nov. 16.—(AP)—Naval fliers aboard the carriers will have "leath'neck" company for the first time. Two marine squadrons of six planes each have been organized for duty aloft on the Lexington and Saratoga.

Restless, could not sleep

"THERE were days when I felt like I could not get my work done. I would get so nervous and 'trembly' I would have to lie down. I was very restless, and could not sleep at night.

My mother advised me to take Cardui, and I certainly am glad she did. It is the first thing that seemed to give me any strength. I felt better after the first bottle. I kept it up and am now feeling fine."—Mrs. T. E. Gibson, Fort Payne, Ala.

"Pro Grid Teams Lack Zest"—Zupke; "No College Can Lick Pros"—Grange

(By Associated Press)
CHICAGO, Nov. 16.—What about the relative merits of collegiate and professional football—and the players therein?

BOB ZUPKE

Hark to the conflicting opinions of perhaps the most famous college star of recent years to enter the "pro" ranks—Harold "Red" Grange, and the coach who gave the "Galloping Ghost" his chance to make the headlines in a big way, Bob Zupke of Illinois. "Zup" says he has no quarrel with pro football, but sizes it up this way:

That it's motion without emotion, that pro players carry too much weight, that they've lost their zest for the game, that

they're inclined to "save" themselves, and that there are no directing heads to weld the representatives of different "systems" into a coordinated attack and defense.

Grange, now a halfback with the Chicago Bears, counters with a defense of the professional game after six years in its ranks. Says Red:

"Zup is talking about pro football of ten years ago. I don't think he realizes the tremendous strides the game has made in the last decade. I have played on good college teams and on good professional clubs and I am ready to go on record that there is no college team that can whip any of the leading professional elevens, and there hasn't been for a good many years.

"I give Zupke credit for all he has done for me. He taught me all there was to know about playing left halfback. But I have learned a lot of football since

leaving Illinois. I wasn't in the pro game long before I realized it was important to know something about the other positions, too.

"Zupke used to say that if we could stay with him for eight or ten years he would have a football team. Well, that's the advantage of professional coaches have—they can keep their talent as long as it measures up to required standards.

"This talk about pro players being anxious to 'save' themselves is the bunk.

"Michigan tried no harder to stop me in 1924 than Green Bay, the Cardinals or some of the other pro clubs I go up against."

KANSAS COACH REVEALS HOW HUDDLE IS BAFFLING

(By Associated Press)
LAWRENCE, Kansas, Nov. 16.—The football huddle has been refined and made a medium of strategy by H. W. (Bill) Hargiss, head coach of the Big Six champion Kansas Jayhawkers.

The Hargiss "five-and-five" huddle, a model of precision in contrast to the signal circle employed elsewhere, is designed to baffle opponents as to the plan and direction of the play.

Five Jayhawkers line up in each of the two adjoining semi-circles. The quarterback whispers numbers to one group, wheels to impart the signals to the others and then steps smartly aside while the gridders troop single file to their places in orderly fashion—never too hurriedly or slovenly.

Opponents will have to watch sharply to discover whether Kansas is going into a single or double wingback or something else, Hargiss says.

Chemical Kills Weeds

CLEMSON COLLEGE, S. C., Nov. 16.—(AP)—This is good news for the man with the hoe. Trials of a preparation of calcium chlorate proved effective in 1930 in killing poison oak, Johnson grass, Bermuda grass, nut grass, and other weeds. This spring, it was learned, the chemical also is effective in killing the roots of the weeds.

Be wise and advertise.

Huge Radio Set Requires Hotel For its Cabinet

(By Associated Press)
NEW YORK, Nov. 16.—How would you like to run a radio receiver so massive that it requires the space of a large hotel as a cabinet?

Ell M. Lourie, young engineer, does and gets a tremendous kick out of the job. So enthusiastic does he become sometimes that he forgets to sleep, particularly when he gets lost in some problem.

This particular radio receiver really is in two sections, one close to the roof of the Hotel New Yorker and the other on a lower floor. The roof apparatus is the radio receiving equipment while the other is the heart of a public address system.

Wires lead from the two radio rooms to loudspeakers in sleeping rooms, ball rooms, reception rooms and about every place in the building at which it is desired to pipe music, coming over or originating in the hotel itself.

The main receiver looks more like a broadcast transmitter than a radio set.

In addition to four tuning units it contains several racks of amplifiers using 250 tubes in push-pull parallel so designed that the

addition or subtraction of half of the speakers in the building would have no effect on the volume level.

The intricate wiring provides that microphones may be cut in at various points in the hotel as well as the radio room itself so that entertainment or speeches may be carried from many points in the building.

The master receiver—really four of them—will handle four radio programs at once, a switch being provided at each speaker for selection.

Besides dunning these twin-outfits, Young Lourie often is seen hurrying through the hotel with a so-called magic box. It contains a dial and a series of buttons in addition to a cable attached to a plug with a half dozen or more prongs.

He goes to the ball room and hurries over to a wall receptacle. He makes a hasty connection and starts operating the controls on the box. Suddenly music from a radio station fills the room. His box is a remote control device that operates a separate receiver installed in a desk in the roof radio room.

How to Save \$550 Yearly

STILLWATER, Okla., Nov. 16.—(AP)—Food and nutrition experts of Oklahoma A. & M. College estimate the average farm family of five can save \$550 annually by producing its own fruits, vegetables and meat for use the year around.

Benefit by Electric Cookery Advantages and Conveniences

You have always longed for more spare time more leisure for your family more hours in which to read and do the enjoyable and worthwhile things of life—in short, freedom from your kitchen.

The new Hotpoint Electric Range is your answer to this wish, for once it is installed in your kitchen, the "Phantom Maid" will do automatically the tasks which have been taking your valuable time.

With Electric Cookery all that you will do is place your complete meal in the oven, set the Automatic Timer and Heat Control and let Hotpoint do the rest. Your delicious, perfectly-cooked meal will be ready to serve when desired.

Let us demonstrate these new ranges. Of course there is no obligation—and attractive terms can be arranged.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule and adds only a small amount to your total bill?

Deaths

Mrs. R. A. Hunt
Mrs. R. A. Hunt, 39, died at her home three miles east of Crews Saturday afternoon at 4:30. Her death was sudden and came as a great shock to immediate relatives. The body was brought to the King-Holt undertaking parlors here Saturday and prepared for burial.

Funeral services were held at Crews Sunday afternoon at 3:30 with Elder Owen Branham of the Winters Church of Christ officiating.

Decedent had resided in this county for the past 20 years and was well known in the Crews section, where she had a host of friends. Survivors include the husband and two sons, Melton and Chester Hunt; a brother, Charles T. Dunn; and a sister, Mrs. Leona Damron, of Crews.

Interment was made in the Crews cemetery with King-Holt undertakers in charge.

W. J. Tomelson
W. J. Tomelson, 45, died Saturday night at the Halley & Love Sanitarium, the cause being a heart attack. Mr. Tomelson came here from Florence several days ago for treatment of an injured leg and apparently was greatly improved when the heart attack was sustained. Death came suddenly.

The body was shipped to Florence where the funeral was held Sunday afternoon at 3 o'clock. Survivors include decedent's mother, two brothers and two sisters.

CARD OF THANKS

To our many friends and neighbors who so kindly gave us their assistance and sympathy, and floral offerings during the death and burial of our beloved daughter and sister, Mrs. Ethel Ratliff, we desire to extend our thanks and may God's richest blessings ever be and abide with you.
L. M. Bales and Family. 17-11

MAN'S HEART STOPPED BY BAD STOMACH GAS
W. L. Adams bleated so with gas after meals that his heart missed beats. Adlerika brought out all gas and now he eats anything and feels fine. J. Y. Pearce Drug Co.

Mr. and Mrs. Morris Nicholson spent Armistice Day here visiting Mrs. R. A. Nicholson and other relatives.

Lee Evans was in Ballinger Saturday attending to business and marketing turkeys.

Rufus Wheeler, of Abilene, attended to business in Ballinger Friday afternoon.

Mrs. O. C. Williams, of Abilene, spent Sunday in Ballinger visiting her mother, Mrs. R. A. Nicholson.

Ruell Arthur, of Big Lake, spent Armistice Day in Ballinger visiting his parents, Mr. and Mrs. J. B. Arthur.

J. N. Key, formerly of Winters, is now manager of the C. L. Green Grain Company here.

Mr. and Mrs. Sam A. Runkles spent Sunday in Ballinger visiting Mr. and Mrs. W. W. Chastain.

Methodist Church Gets New Pastor

Rev. C. P. Jones is the new pastor of the First Methodist Church of Ballinger and will arrive here some time this week to take charge of the pastorate. The appointments were read out at the closing session of the conference in Ft. Worth Sunday night, and Rev. T. E. Bowman, who has served here for the past two years, was sent to Trinity Church, Ft. Worth. Rev. R. B. Hooper, who has served at Trinity Church since leaving here, will be pastor of the Olney church next year.

Rev. Jones is a new face in the Brownwood district. He was transferred to the Central Texas conference from the Mississippi conference and Ballinger will be his first charge in Texas. He is a stranger to Ballinger people with the exception of those who attended the annual conference during the past week.

Rev. Bowman will be here a portion of the week packing his household goods and library and shipping same to Ft. Worth, where he expects to begin his duties next Sunday. The parsonage will be vacated by Rev. Bowman in time for the new pastor.

Since coming here, Rev. and Mrs. Bowman have made many friends in Ballinger and this section of West Texas. Having served at Winters prior to his Ballinger pastorate, Rev. Bowman was not a stranger here two years ago. His accomplishments for the local church have been many and under his guidance the spiritual life of the church has been blessed.

Rev. Jones will make his first appearance before a city-wide audience when he preaches the Thanksgiving sermon at the union service on the Wednesday night preceding Thanksgiving Day, at the Ballinger Baptist Church. A recent action of the city pastors' association named the Methodist minister to supply the message for that occasion.

James E. Brewer, lay leader of the Ballinger church, who had been attending the conference at Fort Worth arrived home late Monday afternoon.

Following are the appointments in the Brownwood district:
Presiding elder, R. O. Sory; Ballinger, C. P. Jones; Bangs, E. P. Swindell; Blanket, J. D. Smoot; Bronte, W. E. Anderson; Brownwood, Central P. T. Stanford; Brownwood, First Church, John N. Renfro; Coleman, Sam G. Thompson; Coleman circuit, Van P. Morrison; Comanche circuit, E. E. Daily; Drisco-Pumphrey, T. M. McBrayer; Gusine-Lamkin, Preston Broxton; Indian Creek, Henry Francis; May, D. L. Barnes; Norton-Mazeland, E. W. Swearingen; Robert Lee, B. B. Edmiston; Rockwood, R. T. Capps; Santa Anna, W. T. Gray; Talpa-Crews, W. F. Smith; Winchell, C. A. Wilkerson; Wingate, Milton Brown; supply, and Winters, T. B. Burton.

Weddings

Nicholson-Monroe
Morris Nicholson and Miss Janie Miles Monroe were married in Houston last week and spent the week-end in Ballinger, visiting Mr. Nicholson's mother, Mrs. R. A. Nicholson, and other relatives. The marriage culminates a courtship which began some time ago while both were attending Texas Christian University at Fort Worth.

The couple has returned to Fort Worth to make home where Mr. Nicholson is connected with the Frigidaire Company. Mr. Nicholson is a sterling young business man and has a host of friends in Ballinger who wish for him a long, happy and prosperous life.

CAMP FIRE GIRLS ENJOY SOCIAL AFFAIR

Camp Fire Girls of the Waloja group, of which Miss Frances Trail is guardian, enjoyed a fine social meeting last Friday from 7:30 to 9:30 in honor of mothers and fathers of all girls in the group. The girls presented the programs which consisted of piano and violin numbers and readings.

Dan Woodroof left Sunday for Abilene, where he will be in charge of the shoe store recently purchased there by G. O. Woodroof & Son. The Ballinger firm bought one of Reed shoe stores in Abilene known as the Family Shop.

Mr. and Mrs. J. E. Arthur, son, J. B., and daughter, Mrs. Herbert Adams, have returned from Brownwood where they spent several days visiting friends and relatives.

Mr. and Mrs. I. P. Tigner and Mr. and Mrs. W. D. Gregory spent Sunday in Abilene visiting relatives.

Football Classic Here Next Friday

The stage is all set for this section's high school football classic here next Friday afternoon when the powerful Winters Blizzards and the Ballinger Bearcats meet for the championship of the western division of district eleven. The winner of this game will meet the San Saba team Thanksgiving day for the district championship at a place to be selected.

The Ballinger-Winters game will be played at Fair Park beginning at 3 o'clock next Friday afternoon, November 20. Admission to the game will be 25 cents for students and 50 cents for adults up to Thursday evening. Tickets will be on sale here at Weeks Drug Store and the high school, at the Winters high school and one of the drug stores there. After Thursday night and at the gate the price will be advanced to 35 cents for students and 75 cents for adults. Tickets were placed on sale the past week-end and all ticket sellers reported the pasteboards going fast.

School officials have agreed upon game officials and everything is ready for the meeting of these great teams. Both teams have had successful seasons and come to their last game without a defeat in the conference. Winters has shown more offensive strength during the season, scoring 143 points to their opponents' 29, while Ballinger has shown better defensive strength, rolling up a score of 75 to their opponents' 9.

Following are the scores of conference games played by both teams:
Winters 34, Paint Rock 6.
Winters 45, Santa Anna 6.
Winters 26, Bangs 2.
Winters 13, Coleman 6.
Winters 25, Melvin 0.

Ballinger 32, Paint Rock 0.
Ballinger 12, Santa Anna 0.
Ballinger 6, Bangs 0.
Ballinger 12, Coleman 6.
Ballinger 13, Melvin 0.

Each team probably will play without the services of its captain. Captain Reneau was injured in the game with Melvin here and has been out since that time. Captain Pratt was injured in practice at Winters, receiving a bad shoulder that will keep him on the sideline. Both teams have several men that are not in perfect condition but who will take part in the fray. Both Winters ends have been on the injured list, and Keys, center, was out of the game with Coleman. On the Ballinger team Williams has an injured ankle, Straley is bruised

and has a sore rib, and Flynt and injured arm received in the game with Coleman.

Winters and Ballinger both have resorted principally to a running attack for most of their scoring this year with Quarterbacks Coley of Winters standing out as one of the fastest and most experienced ball toters in the district. His flash of speed behind perfect interference makes the odds in favor of the Blizzards this year by a good margin. This may be offset, however, by the defensive work of the Bearcats. The teams are fairly equal in weight and both are determined to battle full 60 minutes.

BUSINESSES WHICH HELP BUILD CITY

BALLINGER LUMBER COMPANY

The Ballinger Lumber Company, one of the oldest firms in Ballinger, was founded here practically at the birth of the town and under various names has served this section with modern building material down to the present time.

The Wm. P. Carey Company, present owners and operators of the yard, started in business in 1881 and this year are celebrating their fiftieth anniversary. The local yard handles a complete line of merchandise needed in building with the exception of electrical and plumbing fixtures.

T. H. Chanrey, local manager, came to Ballinger and assumed management of the yard in July, 1921. He at once affiliated himself with the civic, educational and religious life of the city and has filled the place of a worthwhile citizen. Through his efforts the yard has been made one of the outstanding in this section and through it many structures have been built.

The firm offers building plans to those who desire them and all other kinds of building aids. The yard stocks a complete line of all types of materials, hardware, the famous Carey's Blue Ribbon paints and roofing, wall paper and any other necessary items such as built-in fixtures. A complete line of poultry and stock wire, fencing, posts and articles used on the farm and ranch are also carried.

The yard was improved in 1924 soon after Mr. Chanrey came here when the old office building was razed and a modern office and store rooms built on the corner of Hutchings Avenue and Tenth Street. Other improvements were made in the lumber sheds and in graveling driveways through the yard.

The management invites anyone interested in owning his own home to call at any time, investigate costs, inspect blue prints and plans of modern residences, and see the service offered.

This ad is one of a series, contributed by the **Farmers & Merchants State Bank** in behalf of businesses which help build Ballinger.

SPORTS

Football fans are looking forward to Friday when Ballinger and Winters, both undefeated, meet for the championship of this section. The score cannot be foretold, but gamblers offer odds and points on the Blizzards.

Winters scored a total of 143 points to their opponents' 29, while Ballinger scored 75 to their opponents' 9. A part of Winters' total score, however, can be accounted for. In the Melvin game the Blizzards were fortunate and did not have to contend with Renfro in that game while the Bearcats were troubled all the afternoon by this young man. Again in the Bangs game, Lilly, Bangs end, was out of the game. Andrews, quarterback, punter, passer and best ball carrier, was crippled and played only a short time in the first and last quarters and Bessitt, captain and end, was out a large part of the game.

Can the Bearcats stop Coley? This is a question all fans are asking. No team has been able to slow him down this year and even the mighty Class A eleven at San Angelo saw him scamper plenty in the game there. The

Bearcats stopped him in 1930 and some of the same men are planning to do so again.

The game will start promptly at 3 p. m. The Winters school will turn out at noon and come to Ballinger with its band, team, pep squad and entire student body. Ballinger schools will turn out at 2:30 and all the crowd will assemble before time for the kick-off.

Two captains will watch their teams from the sideline. Both men are among the most valuable to their teammates and will be sorely missed. All other members of both teams will likely see service.

Here is how the teams played in other years:

- 1923-Ballinger 6, Winters 6.
- 1924-Ballinger 13, Winters 32.
- 1925-Ballinger 6, Winters 0.
- 1926-Ballinger 9, Winters 0.
- 1927-Ballinger 6, Winters 0.
- 1928-Ballinger 0, Winters 12.
- 1929-Ballinger 14, Winters 0.
- 1930-Ballinger 12, Winters 7.

Humphrey Bowen, of the Willmeth section, visited in Ballinger Armistice Day and joined the American Legion parade.

Sid Caskey, of Winters, had business in Ballinger Saturday.

Wake Up Your Liver Bile —Without Calomel

And You'll Jump Out of Bed in the Morning Rarin' to Go

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes these good old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, working when all calomel would do harm.

Don't wait for your pills. Ask for CARTER'S LITTLE LIVER PILLS. Look for the name—CARTER'S LITTLE LIVER PILLS on the red label. Beware of cheap imitations. CARTER'S LITTLE LIVER PILLS.

FORD 20,000,000

The Twenty Millionth Ford car, symbolic of one man's contribution to world history, and the development of American industry, will visit Ballinger, Friday, Nov. 20, 9 a. m. en route from Detroit on a transcontinental tour. During its visit here, it will be displayed at HARWELL MOTOR COMPANY during which an official welcoming committee will greet the car on behalf of this community. Motion pictures of the event will be made.

Contemplation of what production of 20,000,000 automobiles means may be easier if it is realized that an area as large as the District of Columbia would be required to park them, and, if placed bumper to bumper, they would girdle the earth at the equator nearly twice.

Its tour of the country completed, the Twenty Millionth Ford will be returned to Greenfield Village at Dearborn for preservation near the first Ford car built in 1893.

You are invited to see the Twenty Millionth Ford and to participate in the welcoming ceremonies.
