

# The Ballinger Semi-Weekly Ledger

Twice a Week

Tuesday and Friday

VOLUME NO. 51.

BALLINGER, TEXAS, FRIDAY, APRIL 29, 1932.

NUMBER 64.

## Rain Wednesday Night Covers All West Texas

West Texas was drenched with rain Wednesday night and Thursday morning. Practically all this section received from a half to two inches with indications good Thursday for more.

The lightest precipitation reported in a tabulation made by the Southwestern Telephone Company was in the Winters section where about half an inch fell. This area, however, received heavy rains earlier in the week and was not in need of much more moisture. Rainfall at Ballinger for the past several days totaled more than two inches.

The section from Ballinger south was in need of rain probably more than any part of West Texas and was covered with an inch or more.

Ranches south of this city reported plenty of stock water and all farmers in this territory have a good "season" for spring planting. Crops now in the ground and some up were not injured by the rain which soaked in.

The Colorado River at Ballinger was up about three feet early Thursday morning.

Following is the report compiled by the district office of the telephone company here:

- Abilene 1.02
- Ballinger 1.40
- Benoit 1.00
- Bradshaw 5.0
- Brady 2.00
- Bronte 1.00
- Brownwood, good
- Coleman 1.30
- Concho 1.73
- Crows, good
- Eden 2.00
- Ft. Chabourne 1.00
- Hatchel, good
- Leaday 2.50
- Maverick 1.50
- Menard 1.00
- Miles, good
- Millersview 1.00
- Norton 1.00
- Olfen 2.00
- Ovalo 1.00
- Paint Rock 1.17
- Pony 1.50
- Rowena 1.75
- San Angelo 1.50
- Santa Anna 1.50
- Stacy, good
- Talpa 1.50
- Wilmeth .50
- Wingate .50
- Winters .50

## COUNTY HEALTH NURSE MOVES TO COURT HOUSE

Miss Addie Alexander, county health nurse, is now located in her new office at the court house. She has been given office in the witness room adjoining the district court room, with entrance to the office from the court room. Those desiring audience with her will find her there in the future instead of in the office of the home demonstration agent on the second floor of the Tigner Jewelry Company building.

Mrs. T. E. Erb, of Chicago, and Mrs. Wm. Suhre, of Alhambra, Ill., sisters of J. Y. Pearce, are here for a visit with Mr. and Mrs. J. Y. Pearce and Mr. and Mrs. Frank Pearce.

North Dakota tests have shown that feed cost is about half the total cost of producing milk with the average dairy cow.

## Abilene Officers Get 2 Men Here

Two men were arrested here by the sheriff's department Tuesday afternoon and after a hearing in justice court here were turned over to Taylor county officials for an inquiry. One man gave his name as J. E. Cline, alias Jack Stephens, alias Wilson, and paid a fine of \$18.50 for operating a car with the wrong number plates. The car bore Oklahoma license numbers and in the car were Texas number plates. The other man arrested but released without any charge being filed against him, gave his name as M. A. Hallahan.

The two men gave little information to the local officers here as to their personal business. A finger print expert was called from San Angelo who took the suspects' prints and sent them to Dallas to be checked up there in police records.

It is not known here on what charge Abilene officers would hold the pair.

## Gallard Acquitted On Murder Count

Henry Gallard was acquitted on a murder charge by a jury in the 51st district court at Robert Lee Tuesday night after an hour's deliberation. Gallard was tried in connection with the slaying of Wade Fancher who met his death in the Gallard home near Fort Chabourne on the night of June 15, 1931.

Gallard pleaded defense of his own person and defense of his property from intrusion in explaining an altercation he testified he had with Fancher the night the victim was found dead in the defendant's home.

Conviction and an "adequate sentence" were asked of the jury by the state's attorney and Herhsal Upton, special prosecutor. The regular jury panel used in the trial was ordered back Wednesday to hear other cases on the docket.

## POLITICAL ADDRESS TO BE MADE SUNDAY AFTERNOON

Dr. James A. Crain, of Wichita Falls, will address the general public Sunday afternoon at 3 o'clock in the First Christian Church auditorium on the subject of "The Eighteenth Amendment in the Next Election." Dr. Crain will preach Sunday morning at 11 o'clock at the Christian church. Dr. Crain, a well known speaker, will point out the "wet" and "dry" issues likely to be included in the election. There will be no charge and the public is invited to attend.

## League Winners Receive Awards

Ballinger students who were winners in the county and districts meets have been awarded their ribbons and medals. The program was held at the chapel hour at high school this week, each winner appearing before the student body to receive the honor award.

Seven local students took places in the district meet at San Angelo and are entitled to compete in the state meet at Austin, May 12 and 13. The winners include the girls debating team and five athletes. The matter of paying their expenses to Austin has not been arranged for to date. The cost of the seven local students attending the meet would be very small if a car could be provided for them. Rooms are furnished while at Austin and after the expenses of the meet are settled there is always a rebate to the students entered from the balance remaining.

A. F. Ligon, principal of the high school, stated Wednesday that the school was anxious for the district winners to attend the state meet and some plan might be made within a few days to raise the necessary funds to defray their expenses. He estimated that \$20 or \$25 would be ample for the seven students.

The award of the county ribbons was delayed because of the fact that more students entered the meet than were expected and the county chairman ran short on ribbons and had to reorder. The local school champions waited for their awards until the second order arrived.

There are 151 "airhouse keepers" who maintain watches on the highest mountain peaks on the air lane from San Francisco to Chicago.

## Must Pay Penalty On City Taxes After Saturday

Saturday will be the last day to pay city taxes before interest and penalties are assessed. During the week a number of property owners have paid taxes at the city hall and other inquiries have been made on amounts due, leading employees in the office to expect a rush this week-end. The 60-day extension for payment of all taxes, both current and delinquent, will expire with the last day of this month and all unpaid on May 1 will be placed on the delinquent list.

Two building permits were issued last week for repairs, totaling \$225. Only six water customers were delinquent the last of this week and they have deposits that would carry them until April 26.

The police department reported three arrests, one fine assessed and one fine collected, seven calls answered to various parts of town, and 105 fire inspections made in the business district. The inspections showed the fire zone in fine shape with practically no hazards. Citizens have cooperated in the fire prevention and clean-up campaigns and the city was never cleaner.

Improvement and beautification have been continued at the municipal pumping plant and in city park. The old standpipe has received a coat of paint and is in good condition. Water consumption was reduced slightly during the past week due to light showers here stopping irrigation. The average daily consumption was 268,400 gallons, requiring a little more than 6 hours' pumping time.

Street department employees poured asphalt filler in gutter joints on South Eighth.

## Army Instructor Visits Local Guard

Captain Robert J. Kirk, U. S. A., was here Monday night to instruct the national guard unit. All the enlisted personnel and officers were present to receive the instruction given by Capt. Kirk on all phases of military activities.

Company C is now in its new armory in the building formerly occupied by the Sykes Motor Company on Hutchings Avenue. The past few days have been used to place the supplies, open the orderly room and arrange paper work. In the new home the guard unit has more room than it has had at any time since being organized.

On May 2 federal inspectors will be here for a full day and night. It will be the annual federal inspection and the staff officers will inspect the men, the equipment and armory in the evening. For this occasion, Capt. Ross Murchison, company commander, announces that members of the guard will appear in full uniform and pack for examination of personal equipment.

Judge O. L. Sims, of Paint Rock, attended to business in Ballinger Tuesday afternoon. Judge Sims stated that he was getting right-of-way matters straightened out in Concho county and the 100-foot roadways on highways 4 and 9 would soon be secured.

Lyle Deffebach, of Winters, transacted business in Ballinger Wednesday afternoon.

## Boy Suffers Badly Mangled Foot in Cotton Planter

Herbert Fulcher, Jr., 6, was brought to the Halley & Love Sanitarium Wednesday morning with a badly injured foot. The little boy is the son of Mr. and Mrs. H. E. Fulcher of this city. He was helping his father plant at the farm and had been allowed to drive the planter for a short time. In some way his foot was caught in the cogs, one toe being jerked from the foot and the others badly crushed and mangled.

The wound was dressed and "Herbie" was kept at the hospital where the injured member is being watched closely by physicians. It will require several days to determine whether he will lose other toes.

## SIMS IS SPEAKER AT ROTARY LUNCHEON

Judge O. L. Sims, of Paint Rock, was the principal speaker at the Ballinger Rotary Club meeting Tuesday. Judge Sims told many interesting experiences of his duties in Concho county where he fills the office of county judge and also that of county superintendent. The work is very heavy at times, especially since the recent highway construction program was commenced in that county and it became his duty as county judge to secure 100-foot right-of-ways for the two state highways which will traverse Concho county. Judge Sims' remarks were amusing as well as interesting as he related personal experiences.

Attendance at the luncheon was below standard due to a number of interferences Tuesday. The program for next week will be in the hands of the community service committee of the club.

## Winters School to Close Next Week

The Winters school will close next week, one week early. Examinations are being given this week and final closing events will begin Sunday. The baccalaureate sermon will be preached Sunday evening in the high school auditorium. Rev. W. T. Hamor, of the Winters Baptist Church, delivering the message.

The commencement program will be held Thursday evening at the same place, Dr. D. M. Wiggins, of Simmons University, delivering the address. These will be the only programs presented commencement week as all other programs have already been held.

This year's senior class at Winters is composed of 42 members all of whom will receive diplomas.

A. H. Smith has been reelected superintendent and all teachers who were applicants have been reelected for another term. Shortage of funds caused the school to be closed a week early according to trustees.

## New Highway Project Will be Started Soon

Judge O. L. Sims, of Concho county, announced here Wednesday that he had finished securing land for the 100-foot right-of-way on highway No. 4 in Concho county from Eden south to the Menard county line with the exception of one tract. Condemnation proceedings on this tract have been authorized and will be heard within a few days.

Highway officials expect a contract to be let for the grading and drainage of this 11-mile stretch of road within a few weeks. It will require practically a new roadbed and two drainage structures of considerable size, over Herring Creek and Brady Creek.

Judge Sims is now signing landowners on other routes in Concho county and hopes soon to have deeds to all right-of-ways included in the county-wide highway program.

The D. F. Jones Construction Company has completed pouring nine floor slabs on the Elm Creek bridge and overpass on highway 23 at the city limits of Ballinger. This is half of the floor slabs and the others will be poured as fast as possible. All steel I-beams are in place with the exception of those across the creek bed and those will be riveted in this week.

The Jensen Construction Company, which is building the bridge across the Concho River on highway 4 at Paint Rock, has erected the steel work across the stream and riveted about two-thirds of the bottom cord. It will require about three weeks to complete the riveting. All piling on the north shore have been driven and piling for three bents on the south bank were driven last week. There are 13 bents to be constructed yet which will require about four more weeks of working time. Three girders have been poured and one I-beam span has been completed. All dirt work included in this contract, and which serves as approaches to the bridge, has been finished.

Culic pits have been located on highway 23 and tests of the material have been made and accepted. This material will be used in the base for the 14 miles between Ballinger and the Coleman county line. The pits are near the road and no long hauls will be necessary. There is hope that the surfacing contract on highway 23 will be let at the May meeting of the state highway commission and if so work will begin soon and be completed this fall.

The individual farmer has it in his power to greatly improve his own living conditions and assure at least some measure of security and profit by a program of balanced farming. The experience of the past few years proves that the southern states, as a whole, are out of balance in their system of agriculture, and something must be done at once if the farmers of the South are to be saved from the most disastrous condition in our history. Live stock, chickens, feed and home gardens, in addition to the main cash crop, constitute a program of balanced farming that will assure a harvest of rich rewards to the individual farmer, his community and to the South generally.

Winters, "The Dependable Bank" Texas

## County Democratic Committee Will Meet

### Patrolmen Probing Travel Bureaus

J. B. Draper, state highway patrolman, attended to business in Ballinger Tuesday afternoon. He stated that highway patrolmen at this time were investigating numerous travel bureaus being conducted in various parts of the country.

Some of these tourist agencies operate in such a way to direct suspicion towards them. Their methods, said Mr. Draper, have left many people stranded in this state, especially around El Paso. When a party is booked at some of these bureaus for a motor trip across the country, it is alleged that a driver will purchase an old dilapidated car, load up and start out. After a few days on the road the driver will claim he must have his car worked on at a garage and leaves the party stranded.

Mr. Draper asserted that many people taking such "tours" spent their last money for the fare and that many towns were complaining about having them left there as objects of charity. Members of the state highway patrol will visit Ballinger again in the near future to inspect lights and test brakes. Three patrolmen spent several days here the first of the year making brake inspections which caused many motorists to take their automobiles to garages for adjustments.

In two years more than 2,500 men had auditions at NBC, seeking positions as announcers. Only 10 were hired.

Mr. and Mrs. G. M. Garrett left Wednesday for Paris, where they will visit several days with Mr. Garrett's parents and other relatives.

Mrs. W. B. Halley, Mrs. Charles F. Bailey and Mrs. Robert E. Bruce returned Thursday from Arlington, where they had been to attend a meeting of the Eastern Star.

A. O. Strother, county chairman, has called a meeting of members of the Democratic executive committee, to be held at the court house here Saturday, April 30, at 2 o'clock, for the purpose of perfecting the organization and to elect precinct chairmen.

Precinct conventions will be held Saturday, May 7, at which time delegates to the county convention will be chosen, also to fill any vacancy that might occur. The county convention is to be held at the court house in Ballinger Tuesday, May 10, at which time delegates to the state convention will be elected. The state convention will be held Thursday, May 26, at Houston.

Neither the county chairman nor county committeemen have any choice in the matter, but have instructions from Albert S. Johnson, secretary of the state Democratic executive committee, that any delegates to the state convention will be bound to support the Democratic nominees for president and vice-president, also to support the delegates to the state convention.

All interested citizens and candidates are urged to attend the meeting of the county executive committee next Saturday.

Mr. and Mrs. G. M. Garrett left Wednesday for Paris, where they will visit several days with Mr. Garrett's parents and other relatives.

## Ballinger Pastors To Hold Revivals

Rev. C. P. Jones, pastor of the First Methodist Church of Ballinger, has been engaged to conduct a revival at Paint Rock commencing Sunday, June 5, and continuing two weeks, through three Sundays. Congregations of the Methodist, Baptist and Presbyterian churches will cooperate in the series of evangelistic services.

Joe Trussell, of Brownwood, well known song leader and personal worker, has been engaged to take charge of the music at the Paint Rock revival. Both preacher and singer will be on hand for the beginning and work the entire two weeks.

The Paint Rock church has appointed committees to look after the advertising, seating the old skating rink where the services are to be held, and attending to other details.

Rev. J. H. McClain, pastor of the Ballinger Baptist Church, has not made a definite date for a series of revival services at Pumphrey in July. Rev. McClain has other invitations for later in the year at other places which he probably will accept and fix dates for later. Citizens of Pumphrey are making plans early for their revival and all will cooperate in the religious campaign.

Purest face powder known. Prevents large pores. Ask today for new, wonderful face powder, MELLO-GLO, that suits every complexion.

## HOMING MIGRANTS FILL BREAD LINES OF IRISH CAPITAL

(By Associated Press) DUBLIN, Apr. 28.—Many of the Irishmen who sailed so blithely from Erin's shores to America a few years ago are returning to the Emerald Isle, down and out.

One ship recently brought 300 disheartened Irishmen who felt it better to face no work in their homeland than in foreign ports.

Alfred Byrne, Lord Mayor of Dublin, says the country faces a new problem in feeding and housing returned emigrants.

He related that a young fellow whom he had helped get a passport to go to America four years ago recently called at Mansion House looking for a job and said:

"It's better to be standing in a food queue in your own country than in a foreign country where you are jeered at."

## FLYING SCHOOL TEACHER INVENTS PLANE MUFFLER

OKLAHOMA CITY, April 28.—A school teacher who has made flying machines a hobby since 1907 has invented a muffler for airplane motors which he claims virtually eliminates motor noise in flying.

He is Edgar S. Smith, manual training instructor in an Oklahoma school. His muffler has been patented and tests have been started with various sizes.

Smith said he got the idea for the muffler while flying during the World War. He has spent much time since then overcoming the problem of back-pressure.

## Soviet Powers To Triple Pay Of Party Men

By Stanley P. Richardson MOSCOW, April 28.—(AP)—Joseph Stalin and other high officials of both the government and communist party will be in line for a 200 per cent raise in salary if the political bureau, the party's all-power governing body, adopts a proposal it is considering. It has under advisement an increase in the maximum salary to which all party members now are restricted from 300 to 900 roubles monthly (nominally \$150 to \$450).

If the increases are adopted, it is probable that they will not be announced publicly, only those affected being notified. The communist party numbers more than 3,000,000 in the total population of 180,000,000.

The increase would apply to every member of the party, although only a few would benefit by the top figure, just as only a few today draw the maximum of 900 roubles. It would mean proportionate boosts all down the line, however, from Stalin, the virtual dictator, to the lowest subordinate.

Under the present system all party members, whether officials or plain wage earners, are limited to the 300 rouble maximum for their regular jobs. Even if they happened to be in a position to earn more money they could not get it.

Because of the present high level of prices this has resulted in many sacrifices and sometimes in actual want on the part of those whose responsibility is the greatest in the soviet state.

Many communists have found it necessary to increase their regular earnings by writing and lecturing, a practice which the party permits provided the recipient donates to the party half of the money he gets on the side. But of course these men were unable to give their undivided energy to their regular jobs.

A more serious consideration is that many well equipped party members have refused to accept important posts because as assistants they commanded just as much pay as their chiefs without having to shoulder the responsibility, much feared here, which goes with every high position.

Above all these reasons, however, and giving the political bureau the highest sanction to consider the matter was the edict of Stalin, last June, that the system of equal pay for all should be abolished in the soviet state. That rapidly is being accomplished in all forms of industry and agriculture.

This compromise of communistic principle with capitalistic practice also was dictated by economic expediency for Stalin realized that maximum production could not be had in the present state of development without distinguishing between the ability of skilled and non-skilled workers by monetary standards.

Dam Used as Laboratory YELLOW SPRINGS, O., Apr. 28.—(AP)—Herbert and Gordon Carlson, studying hydraulics at Antioch College here, built a scale model of a dam and studied means of eliminating erosion at the base. As a result they suggested several changes to engineers building the original.

The University of Iowa extension division will conduct championship contests in painting, sketching and designing for high school pupils.

## Do \$5 Bills Look Good to You? Artists Want Design Improved

Take a five dollar bill from your purse and compare it with both sides of the five Crown bill above. Like this one better? D. W. Diggins, artist and designer, does, and he urges a change in the design of paper currency, suggesting something like this bill. He also urges postage stamps like the ones shown here.

(By Associated Press) NEW YORK, April 28.—A five dollar bill may be a five dollar bill to you, but to W. A. Diggins, noted artist and designer, it's all wrong.

Most Americans just take paper money as a matter of course, says Diggins, but to him the design's the thing. And he'd like to improve the looks of not only currency, but also of postage and revenue stamps.

To that end he has written and illustrated a book called "Towards a Reform of the Paper Currency," in a limited edition of 432 copies.

In it he talks about how the art in the design of our money "is speckled with mildew" and wonders how the money designers managed "with infallible accuracy to get all the elements out of place and all the relations wrong and all the shapes bad?"

Diggins then invents some currency from the fictitious country of Antipodes, which currency, he says, actually was designed with a purpose. He recommends pleasantly but with some sarcasm that the United States try to do something similar.

All the printing on the Antipodes money is easily read. It portrays a scene in the nation's history on the back. There are colors. The number and word "five" are large enough so that the holder of the note has no trouble in determining its value. The design is simple, the paper white.

Diggins accounts for the design of our money in the fact that government bureaus, especially the Bureau of Engraving and Printing has "the flexibility of a glacier," is "organized and then goes into a trance."

Once, a good many years ago, Diggins finds, the nation decided to have some money. It printed some money. And, being

made by a bureau, the money became as unchangeable as the bureau. Little art seeped in.

Diggins decides further that "it is the art in the recipe that makes the trouble. The art they (the Bureau of Engraving and Printing) use doesn't stay fresh."

"Either they buy the wrong brand, or else there is some local condition that makes any kind of art go sour in the Washington climate. If you look at the dollar bill you will see what I mean—the art on it is speckled with mildew."

## PARIS BOOSTS BONUSES PAID FOR LARGE FAMILIES

(By Associated Press) PARIS, Apr. 28.—Birth bonuses, paid by the city of Paris to fathers of large families, have been given a boost.

From now on \$26 will be paid a father on the birth of his third child. The old rate was \$14. The fourth child will get a birthday present of \$34 instead of the former \$18.

The same scale will apply in increasing amounts up to the sixth child and any successors, each of whom will bring \$50 to its parents.

## WOMAN, BIG GAME HUNTER, GOES AFTER TROPICAL FISH

(By Associated Press) PALM BEACH, Apr. 28.—A woman bear hunter and her husband, both of whom have set enviable records as big game nimrods of the northwest, have launched an expedition which has as its goal capture of the largest possible assortment of tropical fish.

They are Mr. and Mrs. W. R. Peterson, of Nashua, N. H., who, after taking an eight-foot sailfish in the Gulf Stream near here, pushed on to more southern Florida waters.

Mrs. Peterson on her regular fall Canadian hunting trip last year bagged a black bear, a large bull moose and two large buck deer within three days. She killed the moose with a single rifle shot at more than 400 yards.

Buy from the merchant who advertises—it pays.

## FESTAL WEDDING CUSTOMS LOSING HOLD UPON INDIA

(By Associated Press) CALCUTTA, April 29.—India's habit of expensive wedding ceremonies and celebrations is giving way to something less costly.

Members of all classes in India frequently begin married life under crushing burdens of debt incurred in banqueting guests at their weddings and paying for

priestly offices. Abdul Hamid, Lahore student, refused, however, to incur such extravagance. He found a bride willing to forego show and they were married at a cost of about fifteen cents, whereas a couple in their station ordinarily would spend about \$200.

Numerous similar instances are reported. It pays to read the ads

## CREWS NEWS

Rev. J. E. Kerr, pastor of the Eighth Street Presbyterian Church, of Ballinger, delivered the baccalaureate sermon to the four high school graduates, and an unusually large number of grammar school graduates, Sunday evening. A large and attentive audience was present.

Rev. Kerr took for his subject "There Goes the Ship," and presented the facts of how a wise captain guides his ship into the proper port, and explained to the young people that they were the commanders of their own lives. He eloquently pleaded that they avoid the dangerous reefs of sin, and eventually reach the haven of safety.

Farmers are taking advantage of the past week's showers and are planting rapidly. Grain is refreshed but needs a heavy rain.

The tenth grade entertained the ninth and eleventh grades with a weinie roast at the home of Mr. and Mrs. L. Faubion Saturday night, after cake and lemonade at the Baptist Church.

Mr. and Mrs. Allen Young and Noel left for Cherokee Monday to visit relatives.

Mr. and Mrs. Ratliff, of Brownwood, were guests of Mr. and Mrs. W. J. Young Monday.

Mr. and Mrs. Barney Green, of Drasco, were guests of Mr. and Mrs. C. F. White Sunday.

The Methodist young people's Sunday school class enjoyed a social at the home of Mr. and Mrs. P. R. Dietz Thursday night. Delicious refreshments of cake and lemonade were served.

A number of relatives and friends from Crews attended the funeral of Beryl Baldwin at Winters Monday afternoon. A major portion of his boyhood days was spent in this community. A host of friends greatly sympathize with the loved ones.

The tenth and eleventh grades were entertained in the home of Mr. and Mrs. W. C. Mathis Monday night. Cake and lemonade were the refreshments.

Mrs. J. L. Mercer, of San Angelo, is visiting relatives here.

## TALPA TOPICS

Rev. W. F. Smith preached Sunday morning and Rev. G. A. Schluter, of Fort Worth, preached Sunday evening at the Methodist Church.

Mrs. Lois Lamott, of Corpus Christi, came in Sunday for a few weeks' visit with her mother, Mrs. G. Watkins.

Mr. and Mrs. A. D. Richey, Jr., of Eldorado, spent Sunday with relatives in Talpa.

Mr. and Mrs. Homer Deakins and daughter and Mr. and Mrs. Ira Deakins spent Sunday at Silver Valley with Homer Deakins' parents.

Dale Smith and Mr. White, of T. C. U., Ft. Worth, spent Sunday afternoon with Mr. and Mrs. E. L. Smith.

Mr. and Mrs. Will Grimes and children, of Valera, spent Sunday with Mr. and Mrs. J. T. Pratt.

H. E. Evans and A. V. Livingston spent Monday in San Angelo, transacting business.

Dedication of the Methodist parsonage will be held May 4 at the residence.

Mr. and Mrs. J. N. Ogborne and family, of Ballinger, spent Sunday with the Wes Bomer family.

Grover Gregory, of Cooksville, Tenn., is visiting his brother, Will Gregory.

Mrs. Jim Ray, of Waxahachie, is visiting her mother, Mrs. J. B. Clayton.

Mr. and Mrs. M. L. Stone and Mr. and Mrs. Andy Herring spent Monday in Brownwood.

Mrs. Arch Brookshier and son, Curry, left Friday afternoon for Temple, where Curry underwent an operation Saturday.

Mr. and Mrs. Steve Brown and Miss Ruth Brown spent Sunday in Brownwood.

Misses Myrtle Tate and Marie and Curtiss Gregory spent the week-end with their parents.

## EAGLE BRANCH EVENTS

We are sorry to report several on the sick list this week. Miss Inez Mitchell, of Winters, was unable to spend the week-end with her parents and is confined to bed with a case of mumps. Louis Elkins is quarantined on account of a case of scarlet fever in his home. The patient is reported to be doing nicely.

Dr. J. W. Macune, county health officer, came to the school house Tuesday for the purpose of giving typhoid serum to those desiring to take it, not just school children but any age. Three injections were given each a few days apart. Mrs. Lela Hill and Miss Mildred Boon have prepared a school pro-

gram which will be rendered by their pupils Friday night, April 29. There will be no charge and the public is invited.

Miss Grace and Foy Moore went to Christoval Saturday, returning Sunday.

Mr. and Mrs. Louis Berry, of Sweetwater, are visiting relatives here.

Dick Thorp, candidate for county clerk, visited our community Tuesday.

Mrs. Edd Talley was called to the bedside of her mother, Mrs. White, of Harmony community, this week. Mrs. White is reported to be very ill and not expected to recover.

A meeting of the Ladies' Helpers Club was held Wednesday afternoon in the home of Mrs. Eula Berry. The last previous meeting was held with Mrs. Ethel Freeman as hostess.

## WILMETH EVENTS

Felton Towler, of San Angelo, spent the week-end here.

Mrs. Rosa Lee Gideon has returned from the plains where she had been visiting.

Mr. and Mrs. Harkins were called to the bedside of their son, Drew, who was injured Sunday morning when he was thrown from a horse at his home near Baldwin.

Gerald and Eva Cox, of Blanton, visited relatives in this community over the week-end.

Miss Roxie Harris has returned from Leaday, where she had been visiting her sister.

C. P. Session, of Ballinger, visited in this community Sunday.

Mr. and Mrs. Ernest Caskey visited in Ballinger Saturday.

Earl Broadstreet had a painful accident a few days ago which resulted in a broken jaw bone. Quarterly conference was held at the Methodist church Saturday, and was well attended. A delicious dinner was served at the noon hour at the church.

A number of B. Y. P. U. members enjoyed a picnic on Oak Creek Sunday.

The Mazeland school boys played a game of baseball Friday afternoon with the Norton boys. The score was 7 to 3 in favor of Mazeland.

## BENOIT NEWS

Mr. and Mrs. Tom Gibson and family, Mr. and Mrs. C. M. Gibson and daughter, Laura B., and Misses Wilma Malone and Lorene Sides spent Sunday in Paint Rock. The ice cream supper Saturday night was well attended.

Mrs. Mabel Elliott, of Menard, spent the week-end with home folks.

Mrs. Arch Brookshire accompanied her son, Curry, to Temple Saturday for an operation. The last report said he was doing nicely and would soon be able to return home.

Mr. and Mrs. Ray Clack and family, and Mr. and Mrs. Oscar Foreman, of Ballinger, were the guests of Mr. and Mrs. Frank Hoffman Sunday.

Mr. and Mrs. C. O. Parker motored to Winters Monday.

## BETHEL NEWS

The social at the Methodist church Friday night, sponsored by the Epworth League, was quite a success, a large crowd attending. The time was spent in playing games and singing songs. Rev. L. D. Hardt had charge of the senior group and Mrs. Hedrick Shelburne the junior and intermediate groups.

D. C. Hornberg spent the week-end with home folks at Winters.

Mrs. Edd Clives, Mrs. Oswell Zuelke and children, and Mrs. H. Howell and children were guests of Mrs. Tom Crockett Monday afternoon.

Mr. and Mrs. Joe Huffman and children, of Ballinger, visited in this community Monday, Mr. Huffman looking after his stock here.

S. E. Bolting and daughter, of Donna, were guests in the R. F. Smith home last week. Mr. Bolting is a brother of Mrs. Smith.

C. A. Warren and grandson, Warren Deeren, of Mullin, visited relatives here Wednesday and Thursday.

Little Billie Shelburne, son of Mr. and Mrs. Hedrick Shelburne, has been very ill but is reported to be improving.

C. R. Smith and family, of Paint Rock, were pleasant callers in the Tom Crockett home Sunday afternoon.

Miss Elsie Gikerson and Mamie Lou Womack were guests in the W. D. Duke home Monday night. The many friends of Mrs. H. G. Hays are glad to know that she is improving since a recent illness and was able to visit at the farm

## Bar Alien Actors? Hollywood isn't Worried, But Such a Law Would Wreck its Star Ranks

Hollywood isn't much concerned because Congressman Samuel Dickstein seeks a law to bar foreign actors, but it is speculating on what the film capital would have done if alien talent had been banned from the country a few years ago. For one thing, the nation's movie fans would have missed Pola Negri, (left) Greta Garbo (right) and Marlene Dietrich (above) because they are foreign-born, along with a host of other outstanding stars.

Monday. Mr. and Mrs. Tom Gibson and family, and Miss Sides, of Barnett; Mr. and Mrs. Charley Gibson, of Benoit; and Miss Malone, of Blanton, were guests in the Tom Crockett home Sunday. In the afternoon they visited the painted bluffs on the Concho River.

Mr. and Mrs. Mead McShan had as their guests Sunday, Mr. and Mrs. Paul Richardson, Mr. and Mrs. H. Howell and family, Misses Elsie Gikerson, Pearl Holton and Ada Simmons, and Mr. Wood.

Mr. and Mrs. R. Silvey, of Brownwood, spent the latter part of last week with Mrs. Silvey's mother, Mrs. W. F. McShan, and other relatives.

Mrs. C. A. Womack was rushed to San Angelo Friday afternoon to undergo an operation for appendicitis Saturday morning. Mr. Womack and children returned home early Monday morning and reported Mrs. Womack resting well. Mrs. Weathersby, mother of Mrs. Womack, remained with her.

Mr. and Mrs. John Lee Simmons were guests in the J. M. Shelburne home Sunday.

Misses Thelma and Nellie Bigby spent the week-end with their parents, Mr. and Mrs. J. W. Bigby and family. Miss Mabel Bigby returned with her sisters Sunday afternoon.

The last regular meeting of the Parent-Teacher Association for the school year was held Thursday night, April 29. Those interested in the school are invited, and each family is asked to bring a freezer of frozen cream or a cake. Everyone will have a part in making it an evening of real entertainment. An entertainment committee has been appointed and all details arranged. Games will be played in the open and cake and cream will be served under the tabernacle. So come, we need you, and it's free.

We are sorry to report that this community has not received sufficient rain for planting crops and all farm work is on a standstill, just waiting for a good rain.

Mr. and Mrs. Walter Bigby and baby, of Ballinger, visited relatives here Sunday.

## TO WHOM IT MAY CONCERN:

I take this method of entering a general denial to the rumor that has been prevalent in and around Ballinger for the past few weeks relative to my having been mixed up in some sort of liquor traffic.

The merest insinuation of such a thing is nothing short of lying, slander and blackmail. I have not been out of Corpus Christi in almost six months. A letter to any city or county official would bring proof to anyone that any such rumor is just what I have branded it, either lying, slander or blackmail.

Yours truly,  
NOEL PENN

## Wake Up Your Liver Bile - Without Calomel

And You'll Jump Out of Bed in the Morning Rin' to Go If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned. If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine. For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

HOW'S your HEALTH

BABY TEETH

The neglect of the milk teeth, or, as they are sometimes called, baby teeth, is still very widespread. Parents reason that since they are only temporary teeth, and are to be shed, there is little use in preserving them.

This is faulty reasoning, based on an inadequate appreciation of the role of the temporary teeth. Their value to the growing child must be self evident. The teeth, at all ages above infancy are essential for the proper preparation of food for digestion.

When the milk teeth are preserved for their normal length of time the permanent teeth tend to grow in an even height.

Every effort should be made to preserve this tooth, for it is a keystone to the dental arch.

Show your love on Mother's Day. Gifts from Tigner's always satisfy.

Fat Men

Mr. W. R. Daniels of Richmond Hill, N. Y., writes: "Have finished my second bottle of Kruschen Salts—results—removed 3 inches from the waistline—am 25% more active—mind is clear—skin eruptions have disappeared—am 46 years old—feel 20 years younger."

To lose fat surely and SAFELY, take one half teaspoonful of Kruschen Salts in a glass of hot water in the morning.

But be sure to get Kruschen—your health comes first—a bottle that will last you 4 weeks costs but a few cents at Weeks Drug Store, J. Y. Pearce Drug Co., or any drug store in the world—if not satisfied—money back.

ROAD CONTRACTOR IS VISITOR HERE TUESDAY

W. O. Woolsey, superintendent for Brown & Root, attended to business in Ballinger Tuesday. Mr. Woolsey has been here on numerous occasions to superintend construction for his company in this section and the firm has had three contracts for public work in and near this city.

While here Mr. Woolsey was making inquiry on the road from Ballinger to Talpa and stated that Brown & Root expected to bid on the topping of this highway section as soon as it was ready to be let.

Brown & Root constructed the paving on Eighth Street and

Nila Cook Made "First American Aryan" By Invitation Into Mystic Hindo Sect

By James A. Mills MOUNT ABU, India, April 28.—(P)—Nila Cram Cook, the 21-year-old American who recently became a convert to Hinduism, has been forced to postpone her plan to enter Ganhi's colony at Ahmedabad by the imprisonment of the Mahatma.

In the interim Miss Cook has become a disciple and pupil of the famous Hindu teacher, Jaina Yogi, Shree Shanti Vijaia Maharaja, at this retreat in the hills of romantic Rajputana.

Miss Cook has become known throughout India as the first "American Aryan." Her admission into the mysteries of the Brahmin community attracted even greater notice than the conversion a few years ago of Nancy Miller, of Seattle, who married the former Maharaja of Indore.

Ordinarily Hindu laws do not provide for the conversion of a foreigner, but Miss Cook was admitted into the Arya Samaj sect on the ground that, according to the priests, she had lived in India tens of thousands of years ago in another incarnation, and had only strayed temporarily from the spiritual realm.

While the priests were chanting Vedic hymns, Miss Cook was instructed to spend an hour in meditation. When, after the hour, she opened her eyes, the entire Brahmin community had assembled.

Women strewed her path with flowers and garlanded her body, and Miss Cook then was conducted into the inner sanctuary of the temple, where ancient Sanskrit prayers were recited and she was given marigold petals and sacred water to sprinkle upon herself.

This rite is peculiar to the Hindus, who teach that before worshipping the Almighty a devotee must first worship the god himself, Atma, the higher, immortal self being considered the purest manifestation of God in the cosmos.

"May the return of our sister from Patala-Loka (America, the antipodes of ancient India) be a sign to us all of the brotherhood

of nations and of the oneness of religious devotion," said the officiating priest as he led the American girl from the inner sanctuary.

STRAY WOLF IN MOSCOW INSPIRES WISE CRACKS

MOSCOW, Apr. 28.—Varied were the wise cracks when a wolf appeared in the outskirts of Moscow. The beast, bewildered by his surroundings, bit a policeman and a little girl before it was shot.

Some, with a pessimistic turn of mind, mentioned the wolf at the door. Others thought of little Red Riding Hood. Still

others claimed that the wolf didn't like the five-year plan for exporting furs and showed his disapproval by nipping the policeman.

Abroad wolves are often coupled with the word Russia, and they are not common around Moscow. It is unusual for one to wander into the city.

German Duke Sells Books

BERLIN, April 28.—(A)—The Duke of Sachsen-Altenburg, a victim of the times, has turned over to a second hand dealer his library of 30,000 volumes to be sold piecemeal at any acceptable prices.

Dr. Charles F. Bailey returned this week from San Antonio where he had been looking after business several days.

Nila Cram Cook, daughter of the late George Cram Cook, the American poet, shown in her Hindu robes at Dailnaira, India, where she was initiated into the Brahmin sect, the highest caste of the Hindu religion.

of nations and of the oneness of religious devotion," said the officiating priest as he led the American girl from the inner sanctuary.

Pandit Daulat Ram, leader of the Srinagar Brahmin community then announced that the Hindu name of Nila Nagini had been given Miss Cook as the first "American Aryan."

MOVIES

Stirring Zane Grey Story Brought to Life in Film

Filmed in the picturesque Verde Valley of Arizona where Zane Grey placed the characters of his widely read story, "Riders of the Purple Sage," the Fox action drama of the same name makes its local debut Friday at the Palace Theatre, with George O'Brien as the famed "Lassiter" heading the featured cast, consisting of Marguerite Churchill, Noah Berry and Yvonne Pelletier.

"Riders of the Purple Sage" is the dramatic story of a man's single-handed fight to protect the life and interests of a beautiful girl, threatened by an organized band of claim jumpers, cattle thieves and outlaws. The story is replete with romance—in fact, the love theme is the principal motivating force.

A mountain avalanche, a cattle stampede and a breath-taking race of relayed horses are typical of the many spectacular moments of the picture.

It presents also the most ambitious and costly exterior setting ever built by a Hollywood motion picture company miles away from the home studio. This setting is a complete ranch house of the period of 1870, with barns, granaries, corrals, carriage sheds and stockades. This ranch house is destroyed by fire in one of the most amazing scenes ever brought to the screen.

Galaxy of Stars Head Cast of Ernst Lubitsch Dramatic Production, "Broken Lullaby"

"Broken Lullaby," Ernst Lubitsch's tremendously heart-stirring romance drama of the days after the World War, comes to the Palace Theatre for showing Sunday, Monday and Tuesday next. The producer has brought forward a big cast of film favorites to enhance the power of this film's pretentious story.

Lionel Barrymore plays the role of an embittered father whose youthful soldier son was killed in the war—and who suddenly realizes that the French fathers had sons too.

Nancy Carroll is cast as a very

romantic-minded German girl who falls in love with an ex-soldier of France, even though he has told her that he was the man who killed her sweetheart during the war.

Phillips Holmes is seen as the young Frenchman who devotes his time, after the war, to seeking out the girl whose name he found on an unsealed letter in the pocket of the dead German.

Tom Douglas, young stage star from New York and London, plays the part of the German soldier.

ZaSu Pitts, whose mournful placidity in the face of good fortune or bad has brought her widespread film fame, is the gossipy small-town German servant.

Lucien Littlefield plays a French-hating busybody who wants to wed Nancy, after he learns of her sweetheart's death.

Louise Carter, New York stage actress and playwright, makes her screen debut as the wife of the stern and pompous Barrymore.

The picture deals with life in a small town. Holmes is the hero of the production—a former soldier who finds love alone can erase the anguish which war-time horrors had stamped on his heart.

The well known Bulova watches \$24.75 and up. Ladies' and Gents' newest models at Tigner's.

Garland Dickinson, of Brownwood, was here Wednesday visiting relatives and looking after business.

VICTORY BOYS' 4-H CLUB

The Victory boys met April 1, with Mr. Gassiot to organize the club. A meeting was to have been held April 19, with Mr. Lehberg, but most of the boys were absent on account of bad weather.

Walter Spill was elected president; Alvin Williams, vice-president; Raymond Spill, secretary and reporter. Weldon Mills, Lois Fishes and Douglas Cole were named as the entertainment committee, and William Hoppe, club leader.

Mr. Lehberg did some splendid work here last year and more is expected this year.

PIANO RECITAL IS SET FOR TUESDAY, MAY 3

Miss Maggie Underwood will present her piano class in recital here Tuesday evening, May 3, at the First Christian Church. The public is cordially invited to attend the program which will be presented free.

In addition to the numbers rendered by the members of the class Miss Adda Ward, guest artist, will be presented in two groups of songs. The first group will include a number of French and Italian numbers and the second will be made up of American numbers including "Howdy Do, Miss Springtime," by David Guion.

The program will be published next Tuesday evening.

Supt. H. C. Lyon returned Wednesday morning from Fort Worth where he had been in the interest of his application for the presidency of Texas Tech.

FIELD MICE FOUND TO RUN 20 MILES IN ONE NIGHT

(By Associated Press) ANN ARBOR, Mich., April 28.—Rotors, similar to squirrel cages, to which meters are attached, have shown at the University of Michigan museums here that an active field mouse will run 100,000 feet, or about 20 miles, in a night.

Dr. Lee R. Dice, curator, has assembled 3,000 deer mice, ordinarily known as field mice, to study inheritance of racial features.

Color, size, tail length and ear size are being studied with their relation to behavior and resistance to disease.

Missouri Auto Taxes Set Mark

JEFFERSON CITY, Mo., Apr. 28.—(A)—Collections of Missouri motor vehicle license taxes set a new high mark of \$10,140,000 during the license year ending February 1.

## SPRING HILL NEWS

Pupils of the local school entertained a large audience Friday night with a well prepared and interesting program. After seven months hard studying, they are ready for their summer vacation. One of the outstanding features on the program was the commencement exercises of the seventh grade. The stage was beautifully decorated in their class colors, green and white, and everything else was in harmony. Rev. W. Lawson Brown, Ballinger minister, was the principal speaker of the evening. However, each graduate made a talk, also their teacher, Mrs. Walden.

Rev. Brown handed out the diplomas to: Alva, Charlie Davis, Arbel, Aiden Crager, Mildred Hinsley, Edna Richardson, and Elnora Holshier. These pupils will be ready and eager to enter Ballinger high school next fall.

Several families of this community are attending the revival at the Ballinger Baptist Church and enjoying the messages brought at each service by Evangelist Charles S. Pierce.

Mr. and Mrs. J. W. Reese and family, of Blanton, and Mr. and Mrs. R. E. Ingle and family were dinner guests of Mr. and Mrs. Clyde Allison Sunday.

The rain which fell early Saturday morning was needed and appreciated as it was the first since February. Farmers are now busy planting their row crops.

The young folks enjoyed a party at the home of Mr. and Mrs. Hubert Dean Saturday night, given for the young people's Sunday school class.

While little Billy Joe Carlton was visiting school Wednesday of last week, he was accidentally hit on the forehead with a baseball bat. He was rushed to a doctor and the wound treated. Billy is getting along nicely now.

Bro. Golden filled his regular appointment here Sunday afternoon, with good attendance. Everyone is invited to hear him preach every fourth Sunday, the time being in the afternoon.

## BARNETT NEWS

A large crowd enjoyed the party in the Roy Tyree home Saturday night.

Misses LaVerne Dorsey, Thresa and Clemmie Lee Laxton were dinner guests of Miss Ruby Howell Sunday.

Mr. and Mrs. G. T. Gibson visited at Paint Rock Sunday.

Mrs. W. B. Thompson has returned from Abilene, where she visited her daughter, Mrs. Otis Harber.

Misses Ethel and Gladys Phillips, of Big Spring, spent the week-end with their sister, Mrs. A. W. Tyree, and family.

Calvin Fielder, of Talpa, was a guest in the J. B. Dorsey home Sunday.

Orval Power, of Llano, came in Sunday night and will visit relatives here.

Mr. and Mrs. Lee Howell and Mrs. Roy Tyree spent Tuesday in San Angelo.

Rev. Dave Forgey preached at Hagan Sunday morning and evening.

Mr. and Mrs. George Dean, of Spring Hill, were guests of Mr. and Mrs. Will Tyree Sunday.

Miss Lorene Sides and Leon Gibson spent Sunday in Paint Rock.

The singing at the home of Mr. and Mrs. Will Tyree Sunday afternoon was well attended.

Mr. and Mrs. Roy Tyree were guests of Mr. and Mrs. Nelson Sunday afternoon.

Mr. and Mrs. Artis Phipps have returned from Coolidge, where they spent the week-end.

## BLANTON NEWS

There was a large number out for Sunday school and B. Y. P. U. Sunday, and everyone is rejoicing

over the new curtains.

Twenty-four seniors, adults, intermediates, juniors, and primaries attended the study course. No one failed and all made good grades. After the exam cake and ice cream was served to all. Everyone had a nice time and we hope all received some good from the course.

All the farmers are putting in good time plowing and planting after the much welcome rains which fell lately.

Rev. and Mrs. H. C. Funderburk and children attended the P.-T. A. program at Harriet Friday night.

Several from this community attended the play at Eagle Branch Friday night, witnessing a splendid play.

The party in the Frank Wood home Saturday night was well attended and all reported a good time.

Mr. and Mrs. W. F. James and Mr. and Mrs. L. C. Canady visited Mr. and Mrs. C. V. James, of Miles, Sunday.

Miss Wilma Malone spent Sunday with Miss Laura B. Gibson. Friday night is P.-T. A. night. Everyone is invited to attend.

Miss Addie Beth Wood spent Tuesday night with Miss LaVerne Boothe.

Robbie Lou Foreman and Lenora Flanagan were the guests of Willie Belle Hale.

Mrs. T. L. Foreman and family, Mr. and Mrs. Frank Wood and family, and Miss LaVerne Boothe were the guests of Mr. and Mrs. S. T. Wood Sunday.

Mr. and Mrs. D. H. Macune visited Dr. and Mrs. Macune, of Ballinger, Sunday.

## STUDENTS TO USE HOME OF MILK TEST INVENTOR

(By Associated Press) MADISON, Wis., April 23.—The Madison home of the late Dr. Stephan Moulton Babcock, inventor of the milk test which revolutionized the dairy industry, will be used to house needy farm boys attending the Wisconsin college of agriculture.

Dr. Babcock willed all his personal belongings as well as his home to the University of Wisconsin where he developed the milk test which brought him world renown. He spurned possible millions by refusing to patent the invention.

The state historical society has taken charge of the furniture of the Babcock home. Some 20 farm youths will occupy the house.

## MOVE TO SAVE WATER MILLS AS STATE PARK SITES

(By Associated Press) DES MOINES, Iowa, April 23.—So that all remainder of pioneer days in Iowa may not be erased in this modern era there is a move afoot to preserve old water mills as sites of state parks. Jacob Crane, jr., and Prof. Floyd A. Nagler of the University of Iowa are making a survey of the 25 of the 500 mills still in operation in Iowa for the state board of conservation.

The first mill in Iowa was built in 1829 when Zachary Taylor instructed officers to build a saw mill for use in construction of Fort Crawford.

## IOWA SEEKS TO IMPROVE FARM-HUNTER RELATIONS

(By Associated Press) DES MOINES, Iowa, April 23.—Measures designed to effect a "better relationship between farmers and sportsmen" are being considered by the Iowa state fish and game commission.

Dr. W. C. Boone, chairman, said that plans adopted in Nebraska, Michigan, and Ohio may be inaugurated in Iowa so farmers may receive some return for raising pheasants.

Experimental stations in various parts of the state are seen as a possibility in an attempt to determine most effective means of increasing the number of the birds.

Marie Abbott, cashier in the city clerk's office in Salt Lake City, Utah, collects alimony from 61 ex-husbands a month, for women who refuse to accept money directly from their ex-mates.

## Talpa Presbyterian Successful Meeting

The annual presbyterial of the Brownwood district closed at Talpa Wednesday evening after a very successful meeting attended by about 100 delegates. Mrs. C. R. Stephens, president of the organization, praised the Talpa women for their hospitality and efforts to make the presbyterial enjoyable for all attending. Six members of the Talpa church cooked and served a complete turkey dinner to the delegates Wednesday noon.

A number of prominent speakers were heard on the program. One of the speakers of unusual interest was Miss Hattie Tannehill, who recently returned from Brazil, where she had been serving as a missionary. Miss Tannehill was at one time a teacher in the Ballinger schools and a number of people living here now received instruction from her. She delivered a very able talk on missionary endeavor Tuesday evening and again Wednesday. On the final program Miss Tannehill presented her 16-year-old adopted daughter, a Portuguese girl, who spoke to the assembly.

Mrs. George A. Sprague, synodical president, was heard in an interesting message Tuesday. Rev. Brooks McClane, of the Tex-Mex College, near Kingsville, delivered a fine address on what is being

done in the school for Mexican boys. Miss Mable C. Hall, of Highland Institute, Kentucky, talked on her work in the mountains of that state. Rev. E. W. McLaurin, of Ballinger, spoke on personal evangelism. Rev. McLaurin is president of the woman's work section in the Brownwood district.

The choir of the First Presbyterian Church of this city furnished the music for the Tuesday evening session, rendering a group of special numbers in addition to the regular gospel songs.

Mrs. Stephens presided over the regular business sessions. Mrs. J. M. Pyburn, of Winters, is secretary of the organization.

A large number from the Ballinger church attended both Tuesday and Wednesday sessions.

## TOUPEE FOR SPORTS WEAR GAY AND WATERPROOF

(By Associated Press) ST. MORITZ, April 23.—The toupee for sports is next! Mme. Elsa Schiaparelli, here for the winter sports, wears with her skiing suit a postiche of ash-blond hair, treated with a brilliant lacquer which resists water. It has flat curls on either side and a high bandeau giving the effect of a headdress and making a cap or beret unnecessary.

Mme. Schiaparelli's ski costume is of navy blue wool and is worn with a red blouse.

The best carbon paper for typewriters at Ledger office.

## Firemen to Hold Social Thursday

Members of the Ballinger fire department, honorary members, and a number of guests will gather at the city hall Thursday evening for the regular monthly meeting and also to enjoy the quarterly social meeting. Wives and sweethearts will be invited to this meeting and a barbecue dinner will be served.

A number of visiting firemen will be here from Coleman, Miles, Winters and Santa Anna. Mayor W. E. Baxter, of Santa Anna, will be one of the speakers on the program.

The Ballinger firemen are planning a public drill to be held some time in May on the court house lawn. At this public demonstration a platform will be erected and the firemen presented in salvage cover drills, ladder work and a number of other interesting and educational features.

Local firemen are constantly studying better methods of preventing and combatting fires and are anxious for their local friends to see what they are accomplishing. Chief M. C. Atkins will announce the entire program for the public demonstration as soon as details are concluded.

Get your Mimeograph Supplies from the Ballinger Printing Co

## Farm Loan Office To Close Saturday

The office of the federal farm loan board here will be closed Saturday, April 30. Wm. Doose, county chairman and in charge of the local office, stated Wednesday afternoon that all applications for loans must be in the office here by that date in order to be considered.

A number of farmers in this county have made inquiries this week and a few have filled out applications for loans through this channel. The loans are to be used only for seed, feed and fuel. So far less than forty in Runnels county have made applications.

There will be no extension of time on these loans and those desiring aid through this office must act at once in order to allow time for the paper work to be done and the formal application to be approved.

A majority of those who have sought aid through the loan office have already received checks. The applications go from here to the state office where they are acted upon and checks are mailed direct from Dallas to the farmers.

Total attendance at municipal opera productions in St. Louis during the summer of 1931 was 687,686, a new record.

**CONSTIPATION take**

"If I got constipated, I would get dizzy and have swimming in my head. I would have very severe headache."  
"For a while I thought I wouldn't take anything—maybe I could wear out the headaches; but I found they were wearing me out."  
"I found Black-Draught would relieve this, so when I have the very first symptoms, I take Black-Draught and now I don't have the headache."  
"I am a firm believer in Black-Draught, and after using it 20 or more years, I am satisfied to continue its use."

## BASEBALL HERE SUNDAY AFTERNOON AT FAIR PARK

The Ballinger baseball team will meet the Miles Giants Sunday at 3:30 p. m. at Fair Park in the second game of the season. The Giants defeated the Ballingerites at Miles last Sunday, nosing ahead of them in the ninth frame for a 5 to 4 count. Brosig and Mentilian were batteries for Ballinger.

A twenty-five cent gate admission will be charged Sunday with ladies admitted free to the season opener. The local have a good team, and will be in better shape Sunday to meet the visitors.

The management of the local club asks anyone who plays to try out for a place on the team this year.

## BLANTON 4-H CLUB

The Blanton 4-H Club held a reorganization meeting Friday, April 22. C. W. Lehmborg, county agent was present and had charge of the meeting.

The following officers were elected: President, Joe Lee Cooper; vice-president, Bob Pete Boothe; secretary, Arlis Tountet; local leader, H. C. Funderburk.

A membership committee was elected consisting of the following: Charlie Wood, Eldridge Foreman, James Reese.

The appointment of an entertainment committee was discussed but postponed until the next meeting of the club. This is a new committee that clubs have not had before. Its duty will be, when it is appointed, to have charge of and provide entertainment for the members. This entertainment will include a barbecue or dinner to which the public is invited, proceeds of which will go to defray the expenses of a boy and girl to College Station.

Members of the club are enthusiastic about their work and are planning to do some really worthwhile things this year.

## Schools

### Juniors Entertain Seniors With Picnic

Members of the junior class of the Ballinger high school entertained the seniors Friday evening at the bath-house of the Ballinger Country Club with a picnic. Gay groups chatted and laughed at various points around the lighted bath-house until all had arrived.

The guests were served in cafeteria style from a long table and as they filed by each received a plate containing the senior colors, salmon pink and green, and the class flower, the rose. Each plate was filled with chicken salad and pimento cheese sandwiches, pickles, deviled egg, potato salad, cookies and soda pop. After the picnic lunch was finished games were enjoyed until the students had to leave.

The juniors are especially grateful to Mr. and Mrs. Estes Lynn for chaperoning and helping with the entertainment.

## Higginbotham Store Popular Tunes on Is Being Remodeled Band Program

Higginbotham Bros. & Co. began Thursday morning remodeling the interior of the local store, expecting to complete the improvement next week. While the work is under way the store will remain open and no interference will be experienced in waiting on customers.

The three first floor departments of the store will be altered so that there will be no obstruction to a view of the entire floor which is 90 by 120 feet. Merchandise will be better displayed in new fixtures, making the place more convenient for both patrons and clerks.

The center section, which takes in the men's department, will be completely rebuilt and a new shoe department installed.

R. T. Williams, manager of the Ballinger store, stated Thursday that the work would be pushed as fast as possible in an effort to finish the improvement before the next week-end.

## NEW FISH NET TREATMENT SEEN AS MONEY SAVER

(By Associated Press)  
WASHINGTON, April 28.—The bureau of fisheries has found a way, it says, for commercial fishermen to save millions of dollars annually.

Savings are now possible, says Commissioner Henry O'Malley, through treatments developed by the bureau which are expected to double the life of heavy types of fish nets and in many instances to double the strength of the twine.

Heavy nets, which at present give average service of about one and one-half years, are given lengthened life through application of toxic dyes to the cotton during thread manufacture and use of a specification coal tar for mechanical protection to the webbing.

## HIGH VALUE STAMPS GO TO MELBOURNE LIBRARY

(By Associated Press)  
SYDNEY, April 28.—The finest collection of Australian stamps in the world, computed by experts to be worth more than \$100,000, has been presented to the Melbourne Public Library by R. H. and D. F. Johnston, sons of the late H. W. Johnston, noted Australian philatelist.

It represents a life-long collection by the elder Johnston. The collection is notable for its first issues of New South Wales stamps, which, it is claimed, were among the earliest in the world.

## Remodeling Local Safeway Store

O. E. Casteel, of Enid, Oklahoma, has arrived here with his family and will be manager of the Safeway Store, formerly operated under the name of Piggly Wiggly. Mr. Casteel has been with the company for the past three and a half years and has served as a manager for two and three-quarter years.

Upon Mr. Casteel's arrival here the Piggly Wiggly store was closed and will be completely remodeled before reopening. All merchandise and fixtures are being removed from the building and when this is finished a complete line of fixtures will be added and the grocery restocked.

Mr. Casteel stated that a new market would be included in the improvements which would be placed farther back in the building to allow more display. New shelving and central fixtures will be constructed and new vegetable racks built.

The Safeway Store will be closed the remainder of this week and probably be open on the following week-end. An announcement of the formal opening will be made later.

## STUBBORN RUMANIAN LIKES JAIL BETTER THAN ARMY

(By Associated Press)  
JASSY, Rumania, April 28.—A lot of things have happened at Geneva since Alexe Arhideanu first went to prison for pacifism, but he still sticks to his creed.

Three and a half years ago his time came for military service but on religious grounds he refused to have anything to do with a rifle, commenting that the time for settling international disputes with firearms had gone by. He was sentenced to six months' imprisonment.

At the end of his term he again refused to carry a gun and was given twelve months. At the end of the year he still declined to drill and "two years," said the judge.

He recently finished serving the two years, and military authorities found they had effected no cure, so Arhideanu has begun serving his second two-year term. He says that in 1934 he will again refuse to bear arms "no matter what happens to me."

## Many Tenants on Farms STILLWATER, Okla., April 28.—

(P)—Sixty-one per cent of Oklahoma's approximately 1,000,000 persons living on 203,000 farms are tenants, an Oklahoma A. & M. College survey revealed.

## JUDGE CARDOZO'S INITIAL IS TRACED TO ANCESTORS

(By Associated Press)  
KOKOMO, Ind., April 28.—The "N" in the name of Judge Benjamin N. Cardozo, recently appointed to the United States supreme court, is a family "handle," Samuel N. Cardozo, grocerman and nephew of the judge, explains.

Samuel Cardozo says the family originally came from Cordova in Spain, but during the inquisition most of the family emigrated to England.

Since that time every male descendant has carried as a distinctive mark the middle initial "N," which originally stood for the Spanish name, "Nunez."
