VOLUME 52.

BALLINGER, TEXAS, FRIDAY, DECEMBER 2, 1932.

NUMBER 21

Red Cross Meet Dec. 9; Roll Call Far Short of Goal

A. F. Brock, chairman of the county Red Cross chapter, has called a meeting of that organization at the Ballinger city hall on December 9 at 2:30 p. m. At this meeting the organization will be perfected for next year and officers named for special duties.

Frank C. Dickey, retiring chairman, will open the meeting, reading a report of the past year's accomplishments, and will then retire in favor of Mr. Brock.

Edway Palmer, district field representative of the Red Cross, will be here to assist in the meeting and will be heard on matters pertaining to the work of the various chapters.

Those elected at the union Thanksgiving service to serve on the Welfare Association board and Red Cross chapter for the ensuing year were: A. F. Brock, Mrs. E. E. King, Mrs. J. F. Neff, D. R. Smith and J. L. Chastain.

Roll call chairmen of the Red Cross are making their final check-up on the work done in the county to date. Preliminary reports indicate that the campaign is far short in most sections of the county. At present Ballinger has about 100 members, less than were signed last year.

R. E. White, roll call chairman for the southern portion of the county, has heard from most of the community chairmen. He issued the following statement Wednesday:

"In checking returns on the Red Cross roll call for the southern half of the county the following communities have reported 100 per cent and more: Runnels, Bethel, Dry Ridge, Norton, Barnett and Rowena. Norton exceeded its quota by 20 members and Rowena by 10 members.

"There are yet 14 communities in the county to report and we are especially anxious that all report by the end of this week.

"We are deeply grateful for the work of the soliciting committees in Ballinger. We realize that to see everyone is a difficult task and one almost impossible to accomplish. Since then several persons have come to the local chairman and left subscriptions, stating that the committee failed to see them. Realizing that there may be others who want to enroll, and who may not have a downtown address, we suggest that if you desire membership that you phone E. Shepperd, A. F. Brock or R. E. White and someone will call for your membership. Ballinger's response is almost 100 members below last year and we are anxious that it equal if not exceed the city's roll of 1931, which was about 300 members. We will come anywhere to receive your membership if you will call either of the above."

Will Poison Rats Here Friday Night

A mass meeting was held Tuesday morning for the purpose of outlining procedure in the rat extermination drive to be conducted in Ballinger this week. Mayor W. C. McCarver named a committee at the meeting to canvass the business district and enlist every firm if possible in placing poison and bait the latter part of this week.

According to the plans adopted bait was put out for rats Wednesday night and will remain until Friday when poison will be added to same. Every person in the business and residential sections is urged to add red squill (the approved poison) to the bait Friday afternoon so that all rodents in the city will be poisoned the same night after they have been feeding for two nights on non-toxic bait. Red squill, while deadly to rats and mice, is harmless to human beings, domestic animals and pets.

No canvass will be made of the residential sections but home owners are urged to join the campaign. Red squill can be obtained at the city hall at very small cost. Full instructions will be given on the kind of bait and how to add the poison.

Mrs. J. C. Cook and Mrs. John Whidden returned Wednesday from a visit to Comanche.

Committee Planning Christmas Program

The program committee of the Ballinger Chamber of Commerce will be in session several times this week to interview professional promoters and to plan some kind of Christmas program for Ballinger.

J. D. Motley, secretary stated Wednesday morning that the program presented here would be inexpensive and it was probable that a plan would be worked out by local citizens beginning next week that would further the Christmas spirit and eliminate work usually done by some outside party.

As soon as a plan is adopted a canvass of the city will be made and merchants asked to cooperate in the move. A number of suggestions have been presented for the decoration of the city, including making store interiors more beautiful and reducing sidewalk decorations. Members of the committee pointed out that for the past two years few firms decorated their sidewalk trees and that after using them for a number of years believed some change should be made.

Regardless of the form the program probably will include a personal visit of Santa Claus on some week day. Last year the visit was made on Saturday and the saint's arrival was late, causing a lull in Saturday afternoon business. Larger towns are using Saturday for this event and it will be much easier to secure Santa Claus here some other day.

A number of professional promoters have engagements to meet with the local committee and submit programs for the Christmas season. These will be given a hearing this week and a definite program launched next week.

Schools to Receive Half of State Aid

The state department of education has voted to pay 50 per cent of the rural state aid this year before the schools are inspected by a state representative. This order was passed to help schools keep up with teachers' salaries before tax money comes in during January.

Last year Runnels county's allotment from this fund totaled a little over \$19,000 and it will be near that figure this year. Application was made by County Superintendent R. E. White some time ago and as soon as the paper work is finished at Austin half of the apportionment will be sent to each school eligible for state aid.

The county board of education made arrangements with the county depository for full payment of teachers' salaries for the first month's work. The next month's vouchers will be due in December and with state aid and some tax money it is believed all can be paid in full again. During January tax money is expected to come in fast enough to take care of the monthly payments.

No schools in the county have set dates for beginning their Christmas holidays. This will be attended to at board meetings next week.

Mrs. J. A. Harpham, of Brownwood, was here Tuesday visiting friends and attending the zone meeting of the Methodist missionary society.

Runnels Crop Loans In Good Condition

Crop production loans were due November 30 and all Runnels who had borrowed from this federal department attended to their loans either by paying them off or collateralizing them with cotton at 9 cents a pound. Few loans were made through this channel in this county during the past year, less than fifty farmers applying for loans totaling about \$4,000.

Will Doose was in charge of this work in Runnels county, keeping a check on the condition of the loans here for the government. He was assisted by the county agent.

About 25,000 bales of cotton have been collateralized in Texas at 9c a pound, or \$45 a bale, totaling \$1,125,000. Total loans to 34,691 Texas farmers last spring amounted to \$3,224,969, according to Owen W. Sherrill, regional director of the crop production loan office in Dallas.

"Cotton was collateralized against crop production loans on the basis of 9 cents a pound 7/8-inch middling," said Sherrill, "but the loans are not to be paid until cotton is later sold, either by the borrower before March 1, 1933, or by the secretary of agriculture after that date. The farmer borrower who collateralized his loan secured a release on his remaining crops."

"The Texas regional office, in addition to establishing a good record on collateralized cotton, led all other regional offices in percentage of collection on loans made. More than \$1,500,000 cash was collected."

Criminal Docket For Next Week Set

Judge O. L. Parish set the criminal docket for next week in 119th district court Tuesday and all cases now listed will be called for trial. The grand jury is working every day this week on cases submitted to it and is expected to report a large number of felonies this week-end. Fifty-six cases for investigation were sent from the county attorney's office Monday and others may be submitted.

The first petit jury for the fall term of the court will be sworn in Monday morning at 10 o'clock. Those summoned for jury duty next week are: R. H. Crockett, P. B. Martin, Jim Townsend, A. E. Ballou, A. Bourne, Wm. Ashton, R. F. Hart, G. A. Henniger, D. A. Dobbins, R. L. Young, W. C. Davis, Albert Tucker, I. M. Turner, B. A. Lott, Walter Schumm, O. L. Toun-

Lost Baby Found

Little 2 year-old Paul Tanner was kidnapped when thieves took his aunt's car from in front of her Dallas home. The baby was asleep on the back seat. While he was gone, his 17 year-old sister, Frances, sketched this picture of him to aid detectives in finding him. There was no good picture of the boy. The next day the car, with Paul still in it, was found. The baby was unhurt.

DAUGHERTY RETURNS FROM SECOND HUNT WITH DEER

L. C. Daugherty who returned home the first of the season from an unsuccessful deer hunt in the Big Bend, made another trip this week into the Mason country. He returned home Wednesday morning bringing two bucks which he killed there Tuesday afternoon. Mr. Daugherty asserted his friends had plenty to say about his first trip and that he made the trip this week to show them just what kind of a hunter he was.

Fifty Teachers to Meet Here Saturday

Ballinger will be visited Saturday by about fifty teachers, members of the Delta Kappa Gamma fraternity, Abilene, San Angelo and Brownwood chapters. Three Ballinger teachers, Misses Maryatt Smith, Katherine Todd and Grace Murchison, members of the San Angelo chapter, will be hostesses at the luncheon and initiation ceremony at the Central Hotel starting at 1:15 p. m.

Membership in this organization is by invitation only and is professed only to those teachers who have attained honors in the profession. Last year the three Ballinger teachers were invited to join and were initiated at San Angelo.

Miss Annie Webb Blanton, national president of the organization, has been extended an invitation to attend the meeting here Saturday. Miss Ruth Terrell, dean of women at the University of Texas, and possibly other prominent educators of the state will be present.

FIRE AT MASON GIN DOES NO DAMAGE

Fire at the W. F. Mason gin Tuesday afternoon did no damage to the plant and delayed operations only a few minutes. A blaze discovered in one of the cleaners was quickly extinguished. A box of matches found in the cleaner is believed responsible for the origin of the fire.

Unemployed Relief Board Organized; Apply for Fund

Complete New Park Road This Week

A new road has just been completed from highway 23 to city park. Commissioner T. J. Parrish started the road last week and completed it this week.

The new road leaves the highway just west of the approach to the Elm Creek bridge and winds around the bluff for a scenic drive to the new parksite. The road is wide and will permit passing of automobiles at any point. Drainage ditches have been cut, loose rocks removed and the caliche surface rolled until perfectly smooth.

Later the city will build two rock drainage structures at low spots. A city crew is constructing a road over the bluff near the pump station. A stone wall is being erected and the steep hill cut away.

When highway 23 is opened from Broadway to the creek bridge the park roads will form a loop that will furnish a delightful drive for motorists. At present the highway is closed and the new road constructed by Commissioner Parrish cannot be reached except from the road over the bluff at the pump station.

Be wise and advertise.

The Unemployed Relief Work Board has been created in Ballinger and application made through the West Texas Chamber of Commerce for \$1,800 to be used in December. Between now and January 1 the board will apply for other sums, aggregating \$5,700, to be spent for labor during the months of January, February and March. The sum of \$2,200 will be sought for January, \$2,000 for February, and \$1,500 for March.

This board will operate separately from charity organizations in the city. Its slogan is "No work no eat," and nothing will be spent except for labor on local projects. Other relief must come from the united charities of the city by money contributed locally, and the amount donated to the charity organizations will in a measure determine the amount to be received by the relief board from the federal emergency relief fund.

Members of the relief work board are as follows: Joe Neff, chairman; E. Shepperd, vice-chairman; J. D. Motley, secretary; T. B. Saunders, treasurer; K. V. Northington, George Holman, C. R. Stephens, Henry Jones and W. C. McCarver.

The local board expects its first application to be acted upon at once and a check sent here in

United Press and Texas News Photo Official S. W. Conference Team!

Here is the official S. W. Conference all-star team for 1932 picked by ballots of coaches and sports writers of the conference for Texas News Photos and the United Press. Texas Christian University, the champions, placed five men. Texas university, second place holder in the conference, placed four men. Baylor university and Texas A. and M. placed one man each, while other conference schools are not represented. Wayne of Rice and Baxter and Sprague of S. M. U. were close contenders for first team positions, however. T. C. U.'s great line ended four positions out of seven, while Texas' outstanding backfield received three of the four first team positions. James, Baylor's lone representative, is an outstanding star, as is Nolan, Texas A. and M.

Good Attendance at W. M. S. Zone Meet

The zone meeting of the Woman's Missionary Society of the Methodist Church, Brownwood district, held here Tuesday, was attended by a large number of women.

Mrs. Hal Cherry, district secretary, of Brownwood, was in charge of the business sessions. New officers elected are as follows: Mrs. W. E. Pace, Winters, chairman; Mrs. Gerald Black, Winters, secretary-treasurer.

Winters women had charge of presentation of the excellent program. One of the features was a talk by Elizabeth Sawcett, young negro of Coleman. Her talk was on the training school held at Tyler last summer. All Methodist missionary societies of this district contributed money to send this negro girl and she was the honor student at the school.

Lunch was served to the visitors at the noon hour in the basement of the church.

Jim Hubbard, Glascock county ranchman, was here Wednesday greeting old friends and attending to business.

The best carbon paper for type writers at Ledger office.

Quiet Earth Moves At Terrific Speed

SAN FRANCISCO, Dec. 1.—How a man sitting quietly at home in his favorite armchair really is like a child on a whirling stool placed on the platform of a revolving merry-go-round, which itself is on a railway car drawn at enormous speed along a track, is explained by Dr. Robert G. Aitken, director of the Lick Observatory, of the University of California, in a recent leaflet issued by the Astronomical Society of the Pacific.

Things on earth seem to be motionless, Dr. Aitken explains, merely because most other things around us are moving in exactly the same way.

Actually, a person sitting quietly in New York or San Francisco is being whirled around the earth's axis at a speed of about a thousand miles an hour by the rotation of the earth, this corresponding to the whirling stool of Dr. Aitken's illustration.

In addition, the earth moves in its annual orbit around the sun, which corresponds to the revolving merry-go-round and provides an average motion of about nineteen miles a second, or nearly 70,000 miles an hour—more than seven hundred times faster than

the New Yorker's or San Franciscan's speed—due to the rotation of the earth on its axis.

Next, Dr. Aitken explains, is the movement of the whole solar system, deduced by observing how fast the different stars seem to be coming nearer to us or to be receding. This corresponds to the imagined motion of the car and merry-go-round along the railway track. It is a rate, Dr. Aitken estimates, of something more than twelve miles a second, or about 44,000 miles an hour.

Finally, there probably is another motion, still immeasurable, of the whole star cloud or galaxy to which we belong.

MEXICAN AIDS RED CROSS

PEARSALL, Texas, Dec. 1.—A total of 350 No. 3 containers of food for the Red Cross was filled by Josepha Trevino, wife of a Mexican butcher in Pearsall, after a member of a Prio county home demonstration club had taught her to use a canner and sealer. She was assisted by Miguel Cantu and his wife, and together they filled over 800 cans with meats and vegetables. Mrs. Trevino had never seen anything canned before this fall.

H. W. Lynn returned Tuesday night from Kerrville and other points where he transacted business.

City Football Team Is Practicing Daily

R. W. Earnshaw is coaching a group of former college football stars and members of the high school grid team each afternoon at Fair Park, preparing for charity games with a similar organization from San Angelo this month. Mr. Earnshaw is anxious to have any football player come to the park for daily workouts.

Tuesday and Wednesday afternoons the boys were put through signal drill and fell into proper team work rapidly. Those working out include some of the best college men of this section a few years ago and many former high school stars. Felton Wright, former Howard Payne College tackle; Earnshaw, a backfield man of ability; Frank Coker, Dorial Baker College end; J. B. Arthur, Garland Smith and a number of other well known gridsters, are members of the team and will be seen in action soon.

Coach Earnshaw is anxious for others to report for practice as he desires to have two teams ready for scrimmage next week.

FORMER BALLINGER GIRL WED

Miss Lois Shipp and Lester H. Rice, of Globe, were married at the Methodist parsonage Saturday evening at 8 o'clock by the Rev. Herbert Brooks.

Mr. Rice is a prominent business man of Globe and Miss Shipp was formerly of Ballinger, Texas. The couple will make their home in Globe.—Yuma (Arizona) Morning Sun.

FIRE ORDEAL USED IN BEDOUIN TRIAL

DAMASCUS, Dec. 1.—Trial by fire was used in a recent murder case before the tribal control board at Mazar, South Trans-Jordan. A man had been killed during a blood-feud between two Bedouin tribes. Blood money was claimed by his relatives and three men were brought before the board.

The fire test was agreed upon and an old and grizzled sheik plucked a red-hot dagger from a fire, thrust out his own tongue, and put the heated steel upon it. There was the sizzling sound of hot iron touching moisture, and that was all.

Now, it was the turn of the accused. One of them stepped forward, the hot steel was placed on his tongue. There was a sickening smell of burning flesh. Guilt was established. The man was sentenced to pay \$1,500 in money or in kind, as blood money.

The Arab explanation of this test is that if a man is innocent, the normal moisture of his tongue will prevent the hot iron hurting him.

TEXAS INDUSTRIAL ACTIVITIES

The Kraft-Phenix Corporation, makers of cheese, mayonnaise, egg powder, etc., paid out for milk alone at Denison the past year several hundred thousand dollars, and at Muenster, Cooke county, where a co-operative cheese factory disposes of its entire output to that corporation, several hundred thousand more. When the Kraft-Phenix Corporation acquired the Denison plant three and a half years ago daily milk receipts averaged 6,000 pounds. Today it frequently runs as high as 80,000 pounds. In spite of its business conditions the Denison plant has shown a steady increase in business.

Texas in 1931 produced one-fourth of all the gasoline in the United States. Of the total production of 18,957,806,559 gallons Texas was responsible for 4,077,175,334 gallons, valued at \$181,738,261. Texas also led in the production of illuminating oils and greases, valued at upward of \$38,000,000. Average number of employes in oil refining in Texas was in excess of 16,000 with wages of \$23,343,479. Of the billion and a half dollars value of refinery products, Texas contributed \$307,000,000.

For every spool of barbed wire manufactured in Texas, \$1.25 of the sale price goes to pay Texas labor. This is considerably more than any discrepancy in price between American-made and foreign-made wire, saying nothing of the fact that the Texas product is made particularly to withstand climatic and weather conditions that prevail in the Southwest. The Texas Nail & Wire Manufacturing Co. of Galveston, has the facilities for supplying Texas with both barbed wire and nails and if it were given that opportunity would have very largely to increase the number of its employes and wage-earners.

Houston reports the Sinclair Co. expanding its facilities in that city, that the Humble Co. is constructing a 28-mile pipe line from the Conroe field at a cost of \$300,000, and that the Cyrus W. Scott Manufacturing Co., makers of men's work clothes, has this year added 275 workers and reports its output sold to the end of the year. The Shell Refining Co. has awarded a contract for a 1,120,000 barrel storage tank farm at Pasadena.

SHARK ATTACKS MAN AT AUSTRALIAN PORT JETTY

SYDNEY, December 1.—Darting swiftly out of the water in the harbor here recently, a shark snapped at a man standing on a stone jetty and tore off the heel of his shoe. During the confusion which followed it again appeared, turned on its side, and made a lunge for the man's fox terrier, but missed.

For two hours afterward the shark swam about the spot, evidently watching for another opportunity to attack the two. Harbor fishermen formed a party, and after a two days' search found the intruder. With it were nineteen young sharks, which also were captured.

It was then learned that the mother shark and her young were desperately hungry and she was seeking food for her young.

Unemployed Work on Streets
MUNCIE, Ind., Dec. 1.—Unemployed labor which might otherwise be fed at public expense is being put to work in Muncie to improve the streets. Fifty protruding street corners, originally laid out to four- or six-foot radii, are being cut back to radii of 15 or 30 feet.

SINCLAIR MINSTRELS...on 35 NBC Stations every Monday evening

Why don't you use "that fast-steppin' gas"?

And a "fast-steppin' gas" it surely is—that Sinclair Regular Gasoline! Its new nickname comes from the men in the Sinclair refineries who are refining it to a formula originally developed for quick getaway and flashy pick-up in the congested traffic of great cities.

Sinclair Regular Gasoline is refined for keeping traffic policemen pleasant. It's a fast, light gasoline with a world of punch—a gasoline you can rely on whenever you need a quick, responsive surge of power at your toe-tip. Try it in your own city traffic—then take it out on the highway for a long, smooth spin. Here's a new motoring enjoyment for you! Ask for Sinclair Regular Gasoline.

NOTE: For best results, use either Sinclair Opaline Motor Oil or Sinclair Pennsylvania Motor Oil. These oils have been de-waxed, and freed from petroleum jelly at as low as 60° F. below zero.

CREWS NEWS

Teachers and pupils enjoyed Thursday and Friday of the previous week for Thanksgiving holidays.

Mr. and Mrs. D. H. Grounds, of Doole, spent the week-end with the latter's parents, Mr. and Mrs. L. Dietz.

Mr. and Mrs. Walter Cox, of Benoit, visited friends here Sunday.

Mrs. Wallace Traylor underwent a major operation at the Sealy hospital Tuesday of last week. She is reported to be improving slowly.

Mr. and Mrs. Clifford Wood are the proud parents of an 8-pound girl, born November 28. The baby has been named Dorothy Sue.

Mrs. Odie Clark and daughter, Miss Bonnie Mae, attended a family reunion in the home of Mr. and Mrs. Ben Clark, of Winters, Sunday.

A number of relatives and friends met at the farm of Wallace Traylor Wednesday and will assist him in gathering his cotton, expressing to him, in a small way, not only in words but in deeds, their sympathy and brotherly love in the serious illness of his wife, who is ill and in a hospital.

Mr. and Mrs. Lee W. Tabor, A. Broyles and family, and Mrs. Branson and children, of Talpa, were guests of relatives here Sunday.

TALPA TOPICS

Mr. and Mrs. T. E. Beard spent the week-end with the former's parents, at Hamilton.

Miss Sammie Beck spent Thanksgiving with her parents.

HERRING TOPICS

Sunday school was well attended and a good report made.

Mrs. W. A. Hale, W. A. Hale, Jr., and Miss Myrtle Ruth Hale, of Ballinger, spent the week-end at their farm home.

Mr. and Mrs. W. M. Brister and Mrs. Talley, of San Angelo, were guests in the G. C. Avent and T. C. Payne homes Sunday.

Mr. and Mrs. S. H. Miller, Mr. and Mrs. J. P. Brevard and family, Mr. and Mrs. L. A. Faubion and family, Mr. and Mrs. M. S. Hale, and Mr. and Mrs. Marion Kerby were dinner guests of Mr. and Mrs. B. F. Clark, of Winters, Sunday.

Mr. and Mrs. Clyde Brevard spent the week-end with Mr. and Mrs. M. S. Hale.

Mr. and Mrs. Ray Mullanax and Mr. and Mrs. Owen Bragg spent Sunday in the Joe Bragg home.

Mr. and Mrs. Fulton, of the plains country, were guests of Mr. and Mrs. P. V. Whitley Sunday.

Robert Whitley, who is a student at John Tarleton College, spent Thanksgiving with his parents.

Mrs. Owen Bragg and son spent the week-end with the C. H. Grounds family, of Doole.

Several from this community attended the party in the H. G. Bradley home at Eagle Branch Saturday night.

Mr. and Mrs. G. C. Avent were guests in the John Rosford home Sunday.

EAGLE BRANCH EVENTS

A Thanksgiving program, prepared by the teachers, Mrs. Lela Hill and Miss Mildred Boone, and rendered by the pupils, was followed by a pie supper sponsored by the Parent-Teacher Association.

On Wednesday night. All enjoyed the program and supper very much.

Mr. and Mrs. Bradley entertained a number of their friends Saturday night.

Mr. and Mrs. Joe Rowe spent the week-end with relatives at Winters.

Johnnie Carter, who has resided in the H. H. Carter home the past three months, returned to his home at Bangs Sunday.

Mr. and Mrs. H. H. Carter were guests of relatives at Bangs Sunday.

Mrs. Fowler, of Memphis, is a guest in the home of her brother, H. H. Carter.

Bob Sims, of Roscoe, former resident of this community, transacted business here last week.

We are glad to report the twin babies of Mr. and Mrs. Bill Cooper are recovering from a recent illness.

Rev. John Bishop was unable to fill his appointment Sunday night on account of illness in his home.

Dr. J. W. Macune was in the community Tuesday at the home of Charlie Berry and gave diphtheria serum to those desiring to take same.

Most of the farmers are about through gathering their crops and are preparing to begin another. Quite a few will move to other farms.

guests Thanksgiving, Mr. and Mrs. Spencer Parrish and daughters, Miss Alta Parrish, Mrs. Kate Drennan and Mrs. Lila Kelley and two children.

Mr. and Mrs. Joe Odom and family have moved to California. We wish them success in their new home.

E. A. Dennis is here for a visit with his family. Mr. Dennis spends most of his time on his ranch at Snyder.

Mr. and Mrs. W. S. Davis have moved to Ballinger. We regret to lose these good people from our midst.

Misses Corinne and Manlinda Brown spent the week-end with relatives at Abilene.

Mr. and Mrs. George McMillan and daughters spent Thanksgiving Day with Mrs. McMillan's parents at Crews.

Mr. and Mrs. Connell and daughter and little grandson, and Earl Milam, all of Brownwood, and Mr. and Mrs. Homer Milton and children, of Ballinger, were dinner guests in the R. E. Brown home Thanksgiving Day.

Miss Bessie Brown is visiting her sister in Dallas this week.

A. J. Voelkel, who has been ill, is reported to be improving.

BETHEL NEWS

Nearly everyone is through gathering their cotton. Those who

have not are taking advantage of the fine weather and have plenty of hands to finish.

Mr. and Mrs. David Duke spent Saturday night and Sunday with Mrs. Duke's sister, Mrs. Butts, of San Angelo.

Mrs. J. C. Allison and children, of Eastland, spent the week-end with Mrs. Allison's parents, Mr. and Mrs. J. M. Shelburne.

Miss Elsie Gilkerson spent the Thanksgiving holidays with relatives at Abilene.

Juanis and Bobbie Nunley spent Monday night with their sister, Mrs. J. S. Greenhill, Jr., of Pony.

R. L. Sides and Mrs. L. M. Kuhn, of Rowena, visited Mrs. J. M. Nunley Sunday night. Mr. Sides is a brother of Mrs. Nunley.

Mrs. Henry Doherty entertained the young people with a party Saturday night.

Mr. and Mrs. T. A. Crockett and family visited in the W. D. Duke home Monday evening and were entertained by Mr. Faulkner, a blind musician.

Mrs. Brown and Mrs. Henry Doherty and daughters, of Ballinger, were guests of Mrs. J. M. Nunley Sunday afternoon.

Miss Evelyn Paschall spent the week-end with Miss Mozelle Whitworth.

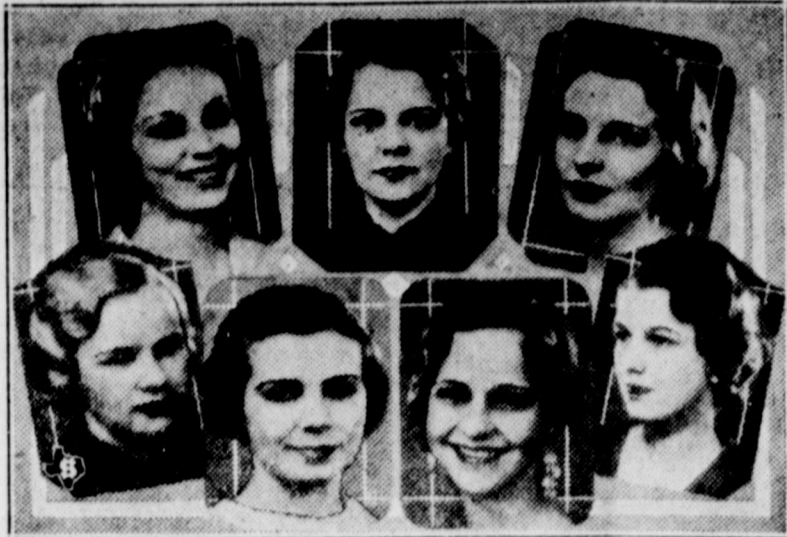

Mrs. Hancock, of Fort Worth, and Mrs. Butts, of San Angelo, were week-end guests of their sister, Mrs. W. D. Duke, and family.

SOUTH BALLINGER NEWS

Mr. and Mrs. Frank Midgley, of San Angelo, spent Thanksgiving with Mrs. Midgley's mother, Mrs. C. H. Midgley.

Mrs. Ed Farley had as her

Pick Beauties at Baylor University

These seven girls will grace the beauty section of the 1933 annual at Baylor University, Waco, Texas. It was announced Tuesday, November 29. Upper row, left to right, are: Frances Sanderson, Trinity; Helen Willerson, Lampasas; Dorothy Lee Bridges, Taylor. Lower row, left to right, are: Helen Hancock, Palestine; Vonna Harrell, Houston; Alleen Rogers, Henderson and India Davenport, Uvalde. The student body voted these girls the most beautiful.

Rev. M. C. Golden filled his regular appointment Sunday afternoon.

Mr. and Mrs. Green, O. C. Clifton Jr., and Miss Minnie Manske attended the show in San Angelo Saturday afternoon.

Ernest Aycock Jr., was a dinner guest of Francis Allison Sunday.

The birthday party Saturday night at the home of Mr. and Mrs. O. C. Clifton in honor of Miss Elizabeth Clifton's and Earl Ingle's birthday was enjoyed by all.

Oscar Lee Stevens had the misfortune to cut his knee with an axe Wednesday morning, but is now able to be up.

Troy Reese, of Blanton, spent the Thanksgiving holidays with Earl Ingle.

Mr. and Mrs. Ernest Hampton visited Mr. and Mrs. Curtis Hampton Thursday.

Miss Elgah Jonas is visiting relatives in New Mexico.

Earl Ingle and Miss Sammie Richardson motored to San Angelo Tuesday afternoon.

A large crowd was present at the singing Sunday night and good singing was accomplished.

WILMETH EVENTS

The Parent-Teacher Association meeting last Friday night was well attended.

Everyone is invited to attend a box supper Friday, December 2, at the Methodist Church. Proceeds will go for the benefit of the school ground equipment.

Mr. and Mrs. Armstrong and Mr. and Mrs. J. H. Ball attended the football game at Abilene Thanksgiving Day between A. C. C. and Daniel Baker College.

The B. Y. P. U. rendered a splendid program Sunday night. Splendid attendance was had.

Miss Ruth Dickinson is spending the week with her sister and mother, Mrs. A. M. Dickinson, of Ballinger. Mrs. Dickinson has been ill for some time.

Mr. and Mrs. E. H. Brown and Mr. and Mrs. Ben Harris were in Ballinger Saturday to visit Mrs. A. B. Baggett, who is in the Halley & Love Sanitarium.

Miss Alice Rampy and mother were shopping in Ballinger Saturday.

BLUEBONNET CLUB

The regular meeting of the Bluebonnet Club was held Monday, November 28, at the home of Mrs. Will Overman.

Nine members, including one new one, and three visitors were present. All officers were in their places.

There will be a box supper at the Spring Hill school house Friday night, December 2, 1932. The proceeds will go to repairing the school building. Everyone has an invitation to attend and if possible bring a box.

Alvin Atnipp spent Sunday evening with Ernest Aycock, Jr.

Miss Zell Reese, of Blanton, Miss Sammie Richardson, Leidon Clifton, Albert Aycock, and Troy Reese of Blanton, were guests at Earl Ingle's birthday supper Sunday night.

SPRING HILL NEWS

Word received here Wednesday from Claud R. Stone, son of Mr. and Mrs. C. R. Stone, stated that the boy was slightly improved. He is still in a very serious condition, however, after three weeks in a Temple hospital.

How Black-Draught Holds its Popularity

A LAXATIVE made from highly approved, medicinal plants—yet about the least expensive laxative you can find: Theodor's Black-Draught.

There's no expensive container for you to buy when you ask your dealer for Black-Draught. And its light weight has saved freight bills in your favor. Black-Draught is right with you in economy. It brings prompt, refreshing relief to sufferers from constipation troubles.

Don't put up with sick headache, sluggishness, gas, dizziness, bad taste in the mouth, biliousness, coated tongue, bad breath, distress after meals, when due to constipation, but take Theodor's Black-Draught.

BALLINGER Semi-Weekly Ledger

Published Tuesday and Friday by The Ballinger Printing Company
 Office of Publication, 711 Hutchings Ave., Ballinger, Texas
 Mailed at the postoffice at Ballinger as second-class mail matter
 Subscription, the year \$1.50 (Subscriptions payable in advance)
 Telephone 27

HAS YOUR ADDRESS CHANGED RECENTLY?
 Ledger subscribers are requested to notify the publishers of any changes in their addresses promptly.
 Under the new postal laws newspapers and periodicals must pay postage due for notices of any changes in address furnished by the post office. In addition, there always is the probability that your paper will be delayed or fail to reach you altogether if you do not give immediate notification when you move.
 The best plan for all parties concerned is to send the change of address in advance.

Five hundred Goodfellows are needed in Ballinger if the poor are cared for this Christmas.

Have you a rat in your home? If so join the rat extermination campaign and give him a treat of red squill this week.

During the Christmas season is a fine time to show how much town pride you have. An attractive city will bring more shoppers and when crowds come, usually every merchant get his share of the benefits.

The date for split payment of taxes is passed and those who made no payment in November will be expected to pay all their taxes by January 31 or they will go on the delinquent list. Those who made a payment in November will have until June to make the second and final payment.

The injunction to prevent the state highway commission from letting any other contracts will not affect Runnels county at this time but might handicap one project next spring. The only job in this county to complete the highway system is the topping of highway 23 from Ballinger to Talpa. Work is underway now on the base and the asphalt topping contract was expected early in the spring.

Turkey raisers of this county are ready to place the remainder of their 1932 crop on the market. About half of the birds were sold in November and the remainder will either be sold this month or carried over. The average price paid for No. 1 birds in November was 12 cents but dealers are doubtful about the price for the Christmas birds. Many turkeys were held in cold storage last month and there is a surplus to overcome on the Christmas market.

How One Woman Lost 20 Pounds of Fat

Lost Her Prominent Hips—Double Chin—Sluggishness

Gained Physical Vigor—A Shapely Figure

If you're fat—first remove the cause!

Take one half teaspoonful of Kruschen Salts in a glass of hot water in the morning—in 3 weeks get on the scales and note how many pounds of fat have vanished.

Notice also that you have gained in energy—your skin is clearer—you feel younger in body—Kruschen will give any fat person a joyous surprise.

But be sure it's Kruschen—your health comes first—and SAFETY first is the Kruschen promise.

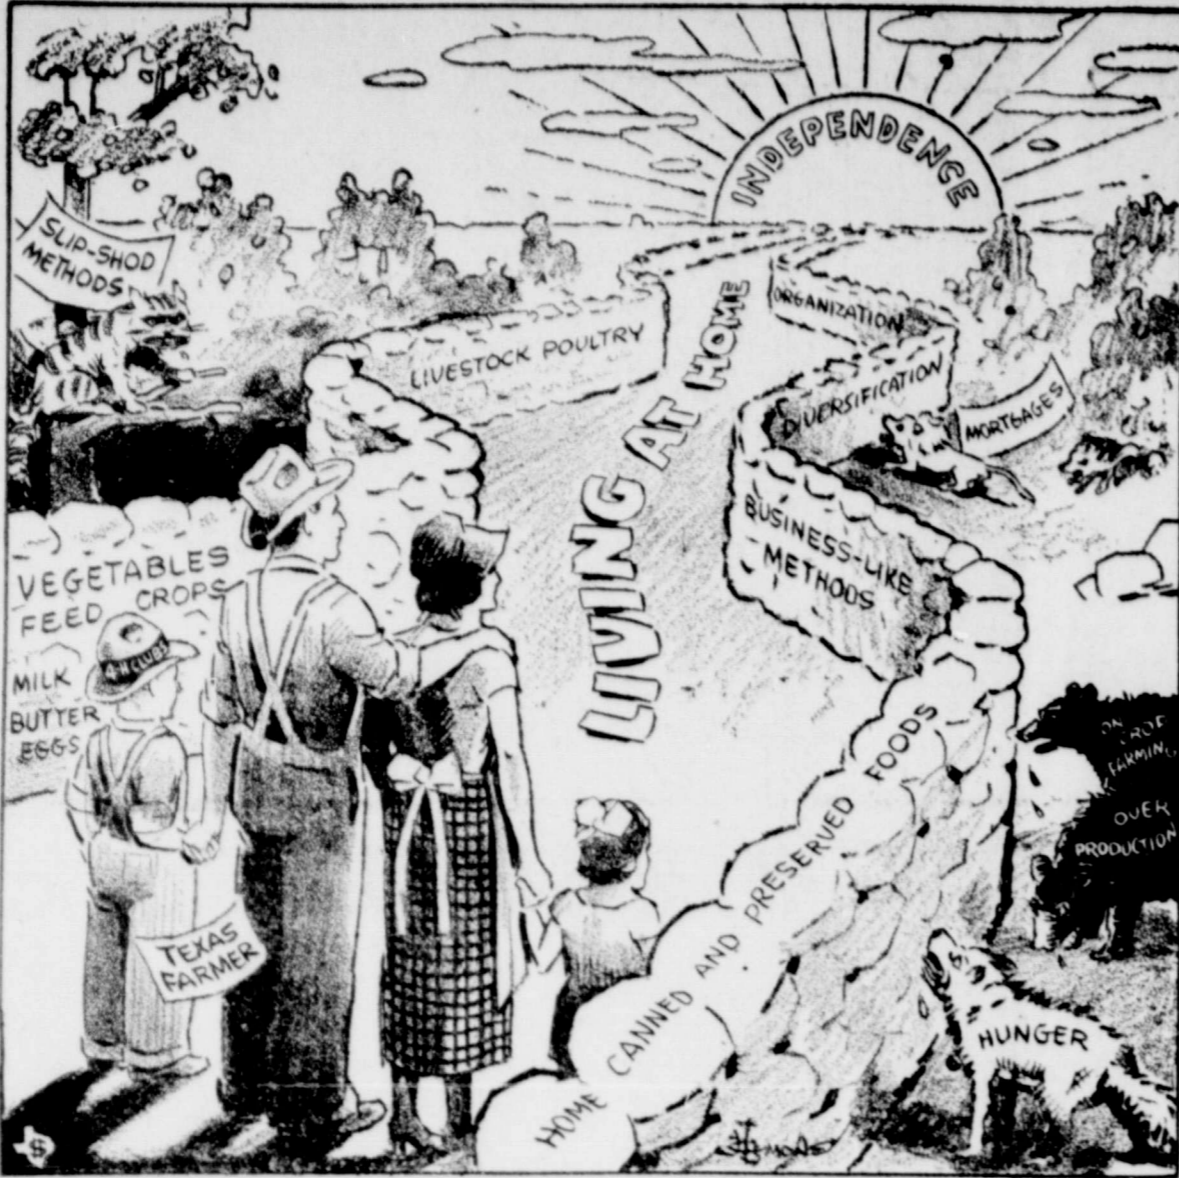

Get a bottle of Kruschen Salts from Weeks Drug Store, J. Y. Pearce Drug Co., or any leading druggist anywhere in America (last 4 weeks) and the cost is but little. If this first bottle doesn't convince you this is the easiest, SAFEST and surest way to lose fat—your money gladly returned.

WINDOW SHOWS OPEN YULE SEASON IN WEST TEXAS

A number of West Texas cities are opening the Christmas season this week with visits from Santa Claus, special show windows and store decorations. These cities are also distributing advertising in their trade territories and expect to have large throngs present for the special events.

San Angelo merchants opened their Christmas windows last Wednesday night with a great crowd downtown to inspect them. A personal visit by Santa Claus will follow to which all the kiddies have been invited.

On the Right Road at Last!

HOW'S your HEALTH

Edited by Iago Galitzen, M.D., Academy of Medicine

FOOD FACTS

The human body derives the energy wherewith it works and the substance out of which it grows and replaces its outworn parts from the foods consumed.

When analyzed, the body is found to contain a number of chemical elements.

These include oxygen, carbon, hydrogen, calcium, phosphorus, potassium, sulphur, sodium, magnesium, chlorine, iron, iodine, aluminum, arsenic, boron, cobalt, copper, fluorine, manganese, zinc and silicon.

Occasionally other elements are found within the body, these being introduced through food, dust and other agencies.

The body is a working machine from the time of its conception until death causes its disintegration.

Incidental to its work the body eliminates more or less of each of its elements, and these must be replaced in order that health and efficiency may be maintained.

We classify foods into five groups: proteins, carbohydrates, fats, essential mineral elements and vitamins.

The proteins, carbohydrates and fats supply but five of the elements found in the body. The others are derived from the ash and mineral contents of the foods we eat.

Proteins are complex nitrogen-containing compounds of which there are many varieties.

They are not all present in all so-called protein foods. Certain of these compounds called amino-acids are essential to life.

The common sources of protein in our ordinary diet are beans, peas, nuts and cereals, as well as meats, eggs, milk and fish.

Proteins are found both in animal and plant life. They make up a large portion of the so-called soft tissues of the body.

From the human nutrition viewpoint, vegetable protein is not as good in quality as animal protein, but the body works best on a diet containing an admixture of the two.

The exclusive meat diet and the exclusive vegetable diet, while capable of sustaining life, are not as good as a combination of both.

It pays to read the ads.

MOVIES

Old California Romance Lives in Action Film, "Vanishing Frontier" "Vanishing Frontier," a story of old California, starring Johnny Mack Brown, and featuring ZaSu Pitts, Raymond Hatton, J. Farrell MacDonald and Evalyn Knapp, opens a two-day engagement at the Palace Theatre Friday.

The story is set in the period immediately following California's annexation to the United States, but before the territorial government had been set up. Under command of an unimaginative officer, the U. S. cavalry enforces martial law.

Brown has the role of a Spanish-American who shows his resentment against the military rule by organizing a band of guerillas to fight the wrongs committed by the soldiers. Like some 18th century Robin Hood, he steals back from the cavalry the money they have taken from the natives, and then restores it to the farmer owners.

Into the picture comes Miss Knapp, daughter of a general. Brown, deeply in love with her, risks his life to see her. Soon she loves him, too. But there is much thrilling action before the two are finally united. That occurs only after the military government has been replaced by a civil one.

The picture is filled with stirring and breathless incidents. Battles between the guerillas and the military, escapes from a convict ship, midnight rides through precipitous canyons, and many other such sequences contribute to the suspense.

New Lloyd Film Expected to Set the Town "Movie Crazy"

"Movie Crazy," Harold Lloyd's new comedy, with Constance Cummings as leading woman, opens its local engagement of three days at the Palace Theatre Sunday, and before the end of the run it is probable that about everybody in Ballinger will be in the same state as the boy in the film—literally and unabashedly movie crazy.

For the comedian has made a film comparable in hilarity only to "Grandma's Boy" and "The Freshman," perhaps the top-notchers of his efforts in the silent days. To the best that was in those pictures add new gags, advanced film technique, a finer performance by the star, and a supporting cast, headed by Constance Cummings, which is far superior to any with which Lloyd has surrounded himself in the

past, and you will have some idea of the calibre of this latest laugh riot.

According to advance reports Lloyd has paced his comedy so fast and multiplied the gags in such rapid succession that the audience does not have time to recover from one laugh before going off into another. The reception in honor of the producer's wife, a sequence in which Lloyd shares honors with Louise Closser Hale and others, will surely go down in Lloyd history as the funniest thing the comedian has ever produced.

In addition to its hysterically funny gags, "Movie Crazy" tells a human story of a movie-struck boy who tries his luck in Hollywood and makes good. Moreover, it takes the audience backstage in the movie studios and gives a good many glimpses of the way

Are You in the Same Boat?

Lots of people have made up their minds to make last winter's things do for another season. We make such a program possible, practical, economical through our thorough cleaning service.

Women's Dresses

Cleaned and Pressed 75c

BIGBY'S DRY CLEANERS
Phone 63

pictures are made.

Miss Cummings is assertedly the best leading woman Lloyd has had in a long time. She adds much to the excellence of the picture, as do Mrs. Hale, Kenneth Thomson and other members of the supporting cast.

ON TEXAS FARMS

By W. H. Darrow, Extension Service Editor

An army of nearly 40,000 boys and girls enrolled in 4-H clubs in Texas is helping fight away the depression blues in Texas. Early returns point to an extra half million dollars added to the total farm income by their efforts.

Helen Jones of Mosheim 4-H club in Bosque county has canned products worth \$85.09 besides helping carve out a profit of \$75.00 from the family poultry flock.

Costen Norwood in San Augustine county raised 1,272 pounds of large roasting peanuts from an acre, contracted them to a roaster for 6 cents per pound, and made a gross return of \$76.32.

While Emma and Olga Regmund were chopping cotton on their Brazos county farm they got to figuring how much they could make selling their garden produce in the farmers' market in Bryan. So far they have netted \$63.34 on sales made twice weekly.

Four small Hampshire pigs put in his baby beef feed lot last year to clean up waste feed from 5 calves, put Norton Mathews, Menard county 4-H club boy in the hog business. From a \$12 investment he now has 22 pigs after selling \$23 worth.

Club work has enabled Louise and Agnes Lasater, Tarrant county farm girls, to go to college

this fall. They raised and canned their meals for the college year.

J. C. and Charlie Northcutt, of Spade 4-H club in Mitchell county changed \$4 per ton maize heads into \$16.20 per ton feed by using it skillfully in feeding 7 pigs for 117 days.

SMALL GRAIN PASTURE CUTS COST OF FEED

ANSON, Tex., Dec. 1.—Sudan grass and small grain pasture for his 8 dairy cows has kept the feed cost for producing one pound of butterfat down to 4 cents per pound during the last 11 months,

reports E. H. Childress, of Avoca, Jones county, to the county agent. His profit above feed for this time has been \$454.77.

MASS MEETING HELD AT CONTENT TUESDAY

Citizens of Content assembled Tuesday evening to confer with C. W. Lehmburg, county agent, and Joe Lindsey, of the U. S. biological survey, on the county-wide rat extermination campaign. More than 75 attended the meeting at Content.

Mrs. Pink King, of Crews, attended to business in Ballinger Wednesday.

Pantry Winner Tells How Victory Won

EDITOR'S NOTE—In the following letter Mrs. W. B. Keese, who won first place in the pantry contest, tells her experiences in making the best pantry in Runnels county. The very interesting article was considered in scoring the award.

I was appointed about a year ago the pantry demonstrator for the Hagan club and set out at once to accomplish this task so my club members would have nothing to regret in making their choice.

I have had many misfortunes and discouragements during the year but can truthfully say that I have enjoyed the work very much.

My garden was up and had a full three weeks' growth when hail completely destroyed it. But I went to work again and planted it over. It was growing nicely when the second hail came, destroying all my tomato plants. This caused my tomatoes to be very late.

Everything was going nicely in my pantry when my husband had to have an operation and before the month had passed had to go back to the hospital the second time. This stopped me for about two months. Later my brother was rushed to the hospital for an emergency operation and was very sick for several days, delaying my work again.

Everything was coming on well again when it became necessary for us to move to the residential part of town. This was very discouraging and I had almost given up the idea and would have but for the encouragement and help of the club and friends.

As most of you know what it is to move you have an idea of the trouble it was to pack and move 962 pints of products and only four weeks to be ready for the contest.

My pantry expense was greatly reduced when my father made the shelves from the lumber of an old house, my girlhood home. My shelving cost was only fifty cents which was for paint.

When it became necessary for us to move to town we had to kill our hog. As the weather was very warm I was afraid to try to cure so much meat but was lucky enough to let out the shoulders and one ham, and cured the middlings and the other ham. I also canned several cans of spare ribs and sausage.

I traded canned fruits, tomatoes, and corn for English peas, spinach, sweet potatoes, Irish potatoes, onions, apples, salmon, oysters, and macaroni which I have in my pantry. I traded milk and butter for 200 containers, fresh vegetables for 100 tin cans. My actual expense in dollars is as follows:

Wrappers for cans	\$1.97
Paint	.50
Jars, glass	2.00
Cans, tin	4.00
Total cost	\$8.47

Suggested budget for a pantry of two	300 cans
Actual budget	962 pints
Varieties	120

Leafy vegetables	\$ 8.40
Starchy vegetables	11.10
Other vegetables	14.50
Fruits	14.64
Tomatoes	10.20
Meat	23.40
Pickles and Relishes	10.60
Preserves and Jolly	11.73
Miscellaneous	8.40
Vegetables, dried	.83
Meats, cured	4.32

Value in cans \$118.12

I have on hand now 70 hens, value	\$ 28.00
Butter and milk sold	156.50
Other produce sold	50.63
Total	\$235.13

Value in cans \$118.12

Total value of Pantry	\$353.25
-----------------------	----------

(Or equivalent to 10 bales of cotton.)

My cooperator club members have canned 4,586 containers. I have helped neighbors and friends can 3,200 containers. Seven of these friends were non-club members.

I can't express my appreciation to the members of my club for their faithful cooperation during the year nor to the home demonstration agent for making it possible for us to have such a demonstration. Especially do I thank Mrs. Hollingsworth for her ever-willing help in every way.

I hope every woman in this county contest has enjoyed the year's work as much as I have, and to the public I extend a hearty invitation to visit my pantry.

Old Texas

STICKS STAHALA

A TOWN INFESTED WITH DOGS

DOG TOWN, TEXAS HAD MORE DOGS THAN MEN IN 1885. RANCHERS USED PACKS OF DOGS TO DRIVE CATTLE THROUGH BRUSHY COUNTRY. (DOG TOWN IS NOW TILDEN, TEX.)

A BASKET MADE FROM DISCARDED BOTTLE CAPS.

—OWNED BY MRS. LENA LORSTEN, 45% SOUTHWEST, SAN ANTONIO, TEX.

A MAN MIGHT SAY THAT HE LIVES AT 10th AND JEFFERSON IN DALLAS, TEXAS AND BE TWO MILES WRONG!

TURKEYS WERE ROASTED WITH THE FEATHERS ON IN THE TEXAS PANNING. A HOLE WAS DUG, A FIRE BUILT IN THE HOLE, THEN COALS TAKEN OUT AND THE TURKEY PUT IN COVERED WITH HOT EARTH AND A FIRE BUILT ON TOP. COOKED FOR 24 HOURS. TRY IT!

PLAN BIG DAM ON PECOS RIVER IN LOVING COUNTY

A petition is now being circulated in Loving county by County Judge J. C. Ramsey, addressed to Governor Ross Sterling, asking for a loan of \$800,000 to this county from the Reconstruction Finance Corporation for the purpose of constructing a dam on the Pecos River above Mentone, or wherever the board of water engineers designate, the purpose being the conservation of storm water to be used in irrigating approximately 20,000 acres of land in this county.

The Reconstruction Finance Corporation, formed for the purpose of financing development, by the government, is one of the depression relief measures.

the dam across the Pecos River the dam went out and the property owners were unable to rebuild so the farming industry was abandoned and the rich valley land in this county has practically been lying idle since that time.

The soil is rich and produces fine crops of several different kinds, in fact it is as good as any of the high priced lands anywhere in the Pecos Valley, but without water for irrigation it is practically worthless. During the years the land was farmed fine crops were raised, and a prosperous little settlement was started but of course was abandoned when the dam was lost.—Pecos Enterprise.

E. R. Sublett, science teacher in the local high school, is ill and was unable to meet his classes but due to poor construction of this week.

Attendance Good At Charity Ball

The charity ball at the old Ballinger Club rooms Wednesday evening attracted large attendance and proved otherwise successful in every particular. As a result of the ball the local charity fund was augmented \$26.35, according to Sheriff W. A. Holt, one of the sponsors of the entertainment.

Music was furnished by John Thomason, Rube Virdin, Davis brothers and Doug Motley without charge. Advertising matter was printed free by The Ledger, use of the building donated, and the lights furnished gratis by the West Texas Utilities Company. Total receipts were \$31, expenses \$4.65, including janitor service and other outlay.

Those who attended enjoyed the occasion so much that numerous requests have been made for another. The sponsors plan to hold another charity ball on some date in December and will endeavor to increase the attendance. Most of those attending Wednesday night were from out of town.

At the next ball numerous games will be provided for those who do not care to dance.

STAMPS MARK ANNIVERSARY OF PENN'S LEAVING ENGLAND

LONDON, Dec. 1.—The postmaster of Deal, the County of Kent, was one of the few citizens of that ancient haunt of smugglers to celebrate the recent 250th anniversary of the departure of William Penn from England. The founder of Pennsylvania boarded the ship Welcome, lying in the English Channel off Deal.

The local postmaster had received more than 300 envelopes addressed to museums and stamp collectors in the United States with requests that he stamp them with the official date stamp. He fulfilled the requests.

J. D. Motley has returned from a business trip to Kerrville.

Gas Well Fire

This mammoth tower of smoke and flame was created when the No. 1 Stagnate gas well near Corpus Christi, Texas, caught fire. Derrick, machinery and the other equipment in proximity to the well were laid to waste.

NEW SOIL BUILDING LEGUME LOOKS GOOD

PALESTINE, Dec. 1.—Crotalaria, a new soil-building legume, is shoulder-high and has an estimated tonnage of 7 tons per acre on a three-acre field on the farm of Jack Cely in Pert community in Anderson county. In a plan for adding humus to some old, worn-out, deep, sandy, bear grass land, Mr. Cely planted 4 pounds of crotalaria spectabilis seed per acre in 3-foot rows last May as a demonstration in cooperation with Mack McConnell, county agent. A light rain brought the seed up and only one plowing was given, but for a long time it was a question whether the weeds or crotalaria would win. A September rain, however, shot the crotalaria up to give a very heavy rich crop for turning under in preparation for a tomato crop next season.

Be wise and advertise

STORE VEGETABLES IN PIT

FARWELL, Tex., Nov. 28.—One hundred and fifty heads of cabbage, 16 bushels of beets and some turnips have been stored in a long pit one foot long, dug with a scraper by Mr. and Mrs. Roy Thornton of Farwell. The pit was lined with corn shucks and the cabbage placed roots up, one layer deep. Then the beets and turnips were placed one layer deep and the pit covered with shucks and dirt. The Thorntons have found this method satisfactory for several years, according to Miss Rozelle McKenny, home demonstration agent.

Rufus J. Wheeler, of Abilene, attended to business in Ballinger Wednesday.

Police Train Highway Patrol
ST. LOUIS, Dec. 1.—The new Missouri state highway patrol was given a six weeks' course in the St. Louis police training school before commencing active duty.

Uncovers Indian Ovens
COLUMBIA CITY, Ind., Dec. 1.—Stonework believed by Levi J. Keiser, farmer, to be ancient Indian ovens were uncovered when he plowed a field for the first time on his farm along Blue River. Eleven of the ovens were found.

Georgia leads all states in the production of turpentine and resin, with Florida second.

Now on Trial

... Mrs. Della Sharp, confessed murderess now on trial for her life at Del Rio, Texas. The defense is trying to prove her insanity. She killed her husband, her confession reads, because of her growing passion for a cow-hand, Willie Burleson on Big Canyon ranch near Sanderson, Texas. It took three doses of poison to do the job, the latter two in castor oil and salts, which she gave Teleus Sharp to relieve pains caused by the first!

Sam Baker was down town Tuesday, greeting friends after being confined to his home several weeks with a broken ankle. He is much improved and able to be up on crutches, but his ankle is still in a cast.

Permanent Waves
Guaranteed Croquignole Permanents \$1.25, \$2.50 and \$3.50 at 1209 Eighth Street. Phone 363. Graduate Operator. 2-11*

—my skin became clear...

—and you don't know what a happy day that was in my life. Then why not pause a moment and reason in a common-sense way the cause of many skin troubles. Such common ailments often result because of a lowered resistance below the skin surface—frequently due to lowered blood vitality.

Increase the red-blood-cells and their hemoglobin content and more of the life giving oxygen is carried to every part of the body—even to the skin. "Step up" the ability of the resisting cells to destroy infectious simple germs. Then you will have laid the foundation for a sounder physical condition.

S.S.S., in addition to being a valuable general tonic, has the special property of increasing the red-cells and restoring the hemoglobin content of the blood, when deficient. It is time-tested... tens of thousands of unsolicited letters of gratitude over several generations evidence its merit. Don't let anyone "switch" you in your determination to restore your red-blood-cells and their hemoglobin content. Two convenient sizes at all drug stores—the larger size is more economical.

S.S.S. builds sturdy health

BAZAAR

Bethel Home Demonstration Club will hold a Christmas bazaar in Ballinger, Saturday, December 3, in the building recently vacated by Hicks Rubber Co., adjoining Boier's Bakery. Home canned vegetables and meats, cakes, pies, candies and home made articles will be sold.

Free coffee to be served will be furnished by the Red & White grocery stores of Ballinger.

Those having articles for the bazaar are asked to bring them to any one of the committee in charge who are as follows: Mrs. Halley Howell, Mrs. Mead McShan, Mrs. John Greenhill, Mrs. Tom Crockett and Mrs. John Batts. 29-21

Criminal Docket--

(Continued from page 1)

get, Light Hoover, G. C. Davis, J. C. Beddo, Rufus Allen, J. R. Harris, L. R. Grisham, Joe Fuchs, Howard Story, Frank Cameron, J. M. Simmons, G. W. Prinzing, G. C. Avent, E. P. Talbott, H. H. Williams, J. T. Ford, Walter Eggemeyer, E. A. Kornegay, Lee Seals, H. T. Forson and J. A. Nunn.

A number of non-jury cases were heard by Judge Parish this week. Most of these were for divorce and required little time to present evidence. If the grand jury reports a large number of felonies another week probably will be devoted to the criminal docket.

Be wise and advertise.

Visitors will find a welcome at any and all services of this church.

H. D. MARLIN, Pastor

Deaths

Frank Gerngross
Frank Gerngross, 75, died at his home near Olfen Wednesday at 3:30 p. m. after being ill for the past month. A pioneer of the Olfen community, decedent had resided there for the past 30 years. He owned considerable land in that section and was listed among the leading farmers in the southern portion of the county. His health had been failing for several months and his condition for the past six weeks caused alarm.

Funeral services were not definitely arranged Thursday but were expected to be held Friday. Several relatives had not been heard from and the family was awaiting word from them before proceeding. Rev. G. A. Boeckman will conduct the rites from St. Boniface Church, Olfen.

Survivors are: the widow; sons, John, Alois, Rudolph and Frank, Jr.; daughters, Mrs. Alois Halfmann, Mrs. Mack Halfmann, and Miss Annie Gerngross. Two sisters, Mrs. Katherine Strube, Rowena; Mrs. Buckholtz, Falls county; and two brothers, Joseph Gerngross, Felsburg; and Alois Gerngross, of Falls county, also survive and are expected to attend the funeral.

Interment will be made in the Olfen cemetery.
King-Holt Company undertakers are in charge of funeral arrangements.

STRAWBERRIES PAY

CLARENDON, Tex., Dec. 1.—From 2 to 3 gallons per week of fresh strawberries, preserves for her pantry, and a start for beds for 10 friends, have all come from 100 Everbearing Mastodon plants set out last year by Mrs. J. M. Acord. She has given more than 1,000 plants to her friends, states Miss Martha Buttrill, home demonstration agent.

Mrs. Milton Wylie and niece, Anna Jean Gideon, of Bronte, visited friends and relatives in Ballinger Wednesday.

Two Died When This Plane Carshed

Here is the wreckage of the plane in which Autrey A. Monsey, San Angelo airport manager, and Truett Young, who was learning to fly, crashed to their deaths near San Angelo last week. They were both instantly killed when the plane nose-dived from 700 feet into a pasture near the airport.

BENOIT NEWS

Most everyone in this community has finished picking cotton and a few are breaking land.

Gordon Gressett left Monday for Sheffield, where he will be employed.

Mr. and Mrs. Claude Brookshier and family and Mr. and Mrs. Milton Clayton attended church at Talpa Sunday.

Kince Johnson and sons, W. K. and Bill, and Henry and Louis Sourik, of Rosebud, spent the week-end in the W. T. and A. W. Hill homes.

Woodrow Cox and Gordon Gressett attended the Ballinger-Winters football game at Ballinger Thanksgiving.

Mr. and Mrs. O. C. Cox and family were guests in the A. N. Hoffman home Sunday.

Little Alvin Ray Lane, of Ballinger, spent the past week with his grandparents, Mr. and Mrs. W. T. Hill.

Misses Aline Williams, Cleo Hoffman and Laura B. Gibson, who are attending the Ballinger high school, spent the Thanksgiving holidays with home folks.

Mr. and Mrs. Frank Hoffman and family enjoyed a turkey dinner in the Greenwood home Sunday.

Mr. and Mrs. A. N. Hoffman and family called on Mr. and Mrs. F. Gressett Sunday night.

Mr. and Mrs. Claude Brookshier and family spent Sunday afternoon in the Tom Gibson home.

W. T. Hill had the misfortune to lose a good milk cow and calf last week.

Thanksgiving program presented by the pupils of the Benoit school was enjoyed by all who attended.

Mr. and Mrs. Arch Brookshier were guests of Mr. and Mrs. Tom Gibson Sunday.

Will Dooze attended to business at San Angelo Wednesday.

J. A. Schnable returned Wednesday from Dallas, where he transacted business for the Community Gas Company.

A. R. Murchison attended court at San Angelo Monday and Tuesday.

Peculiar Eyesight Trait Discovered

LONDON, Dec. 1.—A fundamental difference in eyesight between the group of animals to which man belongs, including the apes, monkeys and other so-called primates, and all other living animals is reported by James W. Barrett, of Melbourne, Australia, to a London scientific magazine.

All primates, Barrett finds, have eyes which can be focused for different distances, like a high-grade photographic camera. This is what oculists call accommodation and it is what makes it possible for human beings to see clearly either very distant objects such as ships at sea or objects close at hand such as the type in a newspaper.

As human beings grow old this power of accommodation often lessens, so that objects too close or too far away seem blurred and out of focus. This condition is the usual thing, Barrett finds, among the other animal groups such as cats, dogs, horses or even kangaroos. Most of the things that these animals see probably appear to them as blurred and imperfect images instead of clear-cut images formed in the eyes of monkeys, apes or men.

Barrett suggests no explanation of this fact that animals of man's group are the only ones able to focus their eyes accurately. It may be that the reason is the evolution of the primate group in trees instead of on the ground, a theory already held by many scientists as the result of other evidence.

Tree-living animals need especially to see clearly objects at different distances, so that leaps from one tree branch to another may land properly instead of missing.

Tree-living animals need especially to see clearly objects at different distances, so that leaps from one tree branch to another may land properly instead of missing.

Turkey Market to Open Next Monday

The Christmas turkey market will open in Ballinger next Monday, December 5, continuing until the last date for shipments to be made to eastern cities. Local poultry dealers have their plants ready to receive birds any time they are brought in and will get the latest quotations by telegraph during the marketing season.

There have been no indications yet as to what prices will open the Christmas market. Last week turkeys were as cheap as 8 cents a pound and the New York market was little better.

R. A. Smith, local produce dealer, stated that in his opinion about half the birds marketed on the Thanksgiving market would be sold before Christmas. He also thinks that turkeys sold during December will be as good as those received on the first market as many flocks were not touched in November.

Local dealers will have as good prices as the market affords, and will make every effort to handle as many turkeys as were dressed and shipped from here last month. The Thanksgiving market was slow in getting underway, a large per cent of the turkeys being sold at the last possible moment. This caused many express shipments and local plants had to operate day and night in the mad rush to ship before the season closed.

"HEADY" FARMING WINS

ROBSTOWN, Tex., December 1.—More intensive, "heady" farming beats the larger kind, concludes L. B. McCain, of Petronia community, Nueces county. On 125 acres where he has been rotating crops for the last five years he has produced seven more bales of cotton than on 300 acres where cotton had followed cotton year after year.

Mr. and Mrs. Carl Adams and Mrs. John Keel left this morning for San Antonio to spend the week-end.

Mrs. Will Gideon, of Bronte, is in the Halley & Love Sanitarium and probably will undergo an operation soon.

City Dairy Inspector Gets Perfect Rating

Dr. R. F. Zedlitz, city dairy inspector, has made a wonderful record during the past year and has received a letter of praise from the state health department following annual federal inspection. The dairy inspector's program in the city of Ballinger was given a 100 per cent rating for the past year and in a letter received here the state department declared this was one of the few cities in the state with a perfect rating.

In his efficient way Dr. Zedlitz has made a close study of the milk ordinance in Ballinger and has given much time to inspection of dairies, cattle, sanitary methods of handling milk and laboratory tests of milk and by-products. Due entirely to his efforts and the educational work he has promoted, this city is given a perfect rating as shown by the federal survey.

During the past week he reported two dairies inspected, two dairies graded, one permit issued, two cows inspected, four samples of milk given laboratory test and other routine.

REPELLING GRASSHOPPER INVASION SAVED BIG SUM

COLLEGE STATION, Dec. 1.—Texas crops were saved from more than half a million dollars damage from grasshoppers last summer by the timely work of county agents, it is revealed in a complete report on the hopper invasion by R. R. Reppert, entomologist in the Texas A. & M. College extension service. The total area protected by poisoning methods demonstrated by county agents was 186,918 acres, and the saving to farmers averaged \$2.54 per acre protected. The average saving per county where work was done was \$3,146, and the grand total \$525,418. Crops protected, in order of acreage, were cotton, feed crops, corn, and other crops such as garden, orchards, truck crops, etc. The common method of combatting grasshoppers is the spreading of poison bran mash, found by county agents during the last 10 years to be thoroughly effective if properly used.

Adding Machine Paper, Carbor Paper. Ballinger Printing Co

Unemployed—

(Continued from page 1)

time to begin labor projects early this month. Whether the application for the full amount will be approved is not known. Applications from some nearby cities have been greatly reduced at Washington while others have received the full amount asked for.

A survey covering the past two years was made to show what has been done in charity relief in Ballinger. On January 1, 1931, it was disclosed that 163 families were being aided and for the year a total of 889 received aid. A total of \$2,962.03 was spent for relief in the city. Of this, \$1,022.10 was contributed by local citizens, \$750 by the city government, and \$1,190.93 came from the Red Cross.

On January 1, 1932, 200 families were being given help, 220 in February, and 260 in March. The survey committee estimated that in December of this year 265 families needed employment for sustenance.
