

# The Ballinger Semi-Weekly Ledger

Twice a Week

Tuesday and Friday

VOLUME 52.

BALLINGER, TEXAS, FRIDAY, MAY 5, 1933.

NUMBER 64

## Texas Ballots Far Below Normal For Vote on Beer

When citizens of Texas go to the polls on August 26 to determine the legalizing of 3.2 per cent beer there will be 36 per cent less qualified voters than in 1932. A terrific slump in the payment of poll taxes makes every county in the state short of its 1932 vote and far short of former election years.

In normal years Runnels county had paid polls of more than 5,500. In 1932 the slump cut them to 4,012 and for 1933 only 2,987 receipts were issued by the county tax collector.

A survey of the state shows the biggest decrease in the payment of poll taxes occurred in the rural sections. Cities have from 20 to 25 per cent less qualified voters while many thinly inhabited districts are cut more than 50 per cent.

In 1932 Texas had 1,043,418 citizens holding poll tax receipts while in 1933 the number is reduced to 668,307.

The percentage of decrease in West Texas counties is as follows: Runnels 25.6, Brown 47.7, Callahan 44, Coke 40.1, Coleman 32.9, Comanche 36, Concho 34.3, Haskell 29.5, Jones 39.2, Kimble 40.1, Lampasas 28.9, Lubbock 43.3, Mason 35.3, McCulloch 27.5, Menard 44.7, Nolan 34.4, San Saba 37, Sutton 40.1, Taylor 30, Tom Green 43.

Galveston was the only county in Texas to show a gain in poll tax receipts for this year. Receipts in that county for 1932 were 16,070 and in 1933 the records show 17,422, a gain of 7.9 per cent. The largest decrease was shown by Zapata county, 70.4 per cent.

## MORLEY GIVES SCHOOLS PICTURES OF EXECUTIVES

Earl Morley, president of the Ballinger school board, has presented a beautiful portrait of President Franklin D. Roosevelt and Vice-President John Garner to each room in the entire school system. In a meeting Tuesday evening the board agreed to purchase the material necessary to frame the pictures and the manual training class of the high school will do the framing. One of the pictures will be hung in each room.

## "DUFFING" PAWN BROKER COSTS ENGLISHMAN FINE

QUEBEC, May 4.—"Duffing" the pawnbroker cost Henry Morton Penman a \$15 fine and costs in the Salford police court. England, "duffing" being the word pawnbrokers use for giving a false name and address, says the Canadian Press. The accused pleaded guilty to two charges of giving a false name and address to two pawnbrokers when pledging rings. It was stated in court that the rings were specially made for pawning purposes, having a worthless stone in a good setting to deceive people not jewelry experts.

Hard times have increased the average life of a passenger automobile a full year, says the American motorists' association.

## Plans Completed For Press Meet Here Saturday

The stage is all set for the meeting here Saturday of the Heart of Texas Press Association. Practically all members of the association have sent in reply cards saying they would be here and would bring other employees from their plants. Several new members will be received into the body at the Ballinger meeting.

Sam Harben, for 25 years secretary of the Texas Press Association, will attend the convention. Mr. Harben, who resides at Richardson, is known to practically every editor and publisher in Texas. He will bring greetings from the state organization on the Saturday noon program and outline the state association's convention at Houston June 8, 9 and 10.

The visitors will register at the city hall Saturday morning and at 10 o'clock Mayor W. C. McCarver will extend the welcome on behalf of the city to the newspaper men. M. S. Sellers, of Rising Star, will respond to the mayor's address. Following the opening formalities the regular business session begins and will be concluded shortly before noon.

A barbecue dinner will be served at city park. Ben Smith will have charge of cooking the meat and members of the chamber of commerce will serve it piping hot to the editors, reporters and printers.

## Ballinger Water Okehed by State Health Office

A report on Ballinger water was received from the state health department Wednesday. The water is all right in every particular, according to the report, probably one of the best ever received here on water from the city lake and distributing system. When samples are sent in for analysis, the city secretary sends three, each being taken in a different part of the city. In the last samples and upon which the report was made one sample was taken from the lake, one from the filter, and another from a hydrant in town. All checked the same, showing that there is no contamination in any part of the system.

Water consumption for the past week averaged 174,671 gallons daily. The water is still hard but due entirely to springs which feed the creek.

The police department handled two large crews last week in cleaning off vacant lots in various sections of the city. This was done with RFC labor and com-

(Continued from page 2)

## Twister Wreaks Destruction in Northeast Texas Area

Two persons were killed instantly, and fifty more injured, several probably fatally when a new tornado struck East Texas, this time in the Bowie county plantation section. Above is one of the typical scenes in the cyclone's path. About 20 tenant houses were lifted from their foundations and scattered over the fields of young cotton. Livestock and crops were damaged.

## Six Applications For Forest Army Approved Here

The first applications for work in the reforestation army were signed at Ballinger Wednesday morning. Recruiting Officer K. V. Northington allowed six to sign application forms. Six others who applied are not eligible for enlistment under the general rules governing the recruiting.

The Ballinger office, in the city hall, will be open each morning from 9:30 to 11:30 and those who desire to sign up for this work may apply there. The final date for enlistment is May 15, at which time the county quotas will be selected and the men sent to camps.

Three men from this county will be sent to Big Spring for final examination at once. No decision as to where these men will come from has been made but those in charge of the work here think one from Winters, one from Ballinger and one from Miles will be accepted for the first detachment.

To be eligible the recruit must be single, between the ages of 18 and 25, have dependents, have already worked for the RFC committee, and be willing to allot most of his pay to his dependents. The period of enlistment is six months and while in camp clothing, food and tools will be furnished.

The Ballinger office will recruit all those for the southern portion of the county and Lyle Deffebach, of Winters, will recruit those for the northern portion of the county. Ballinger is allowed 17 men, Winters 13, Miles 5, and the remainder of the county 9.

## Miss Murchison Resigns Place in Ballinger School

The board of trustees of the Ballinger independent school district Tuesday accepted the resignation of Miss Grace Murchison, teacher of the third grade, and gave her a written endorsement of her work and a vote of appreciation for her services in the Ballinger educational system. Miss Murchison asked for her resignation to take effect at the close of the school year on May 19. She has been here as a grade teacher for five years and has given perfect satisfaction both to the authorities and patrons at all times. Aside from her duties as a teacher, she has been active in civic work in Ballinger and a faithful worker in the Baptist church.

Miss Eugenia Baskin, daughter of Dr. and Mrs. E. C. Baskin, was elected by the board to take Miss Murchison's place on the faculty. Miss Baskin has three years' of successful teaching experience in the Wingate school. She attended Texas Christian University and will complete her course at Texas University in the summer school this year.

No other vacancies on the faculty are reported, most of the teachers reelected having signed contracts for another year.

Raz Wynne, of Eastland, transacted business in Ballinger Wednesday. Mr. Wynne was formerly a citizen of Ballinger, being employed by the First National Bank and later by the A. & S. Railroad here.

## Ex Head

Ernest L. Kurth of Lufkin, Texas, who was elected president of the East Texas Chamber of Commerce at the annual convention in Jacksonville.

## Several Changes Made in Fish Law For This District

A copy of the new fish law which affects Runnels county has been received by J. P. Plynt, state game warden. Of particular interest is the section relating to the sale of fish and handling of minnows.

The new law passed on March 10 requires that all minnows of more than three inches in length be returned to the water and that not more than 35 minnows can be taken in one day by any person. A fine of not less than \$5 or more than \$100 is provided for violation of this law and each fish constitutes a separate offense.

The law prohibits the selling or offering for sale any bass, white perch (crappie), channel or other catfish, and provides a penalty of not less than \$5 or more than \$50.

It permits the use of only ordinary hooks and line, or trot line or artificial bait, and prohibits the use of any seine, net or other device or trap, except a seine of not longer than 20 feet, for the taking of bait. It excepts a seine with meshes not less than 3 inches square for catching carp and suckers in the Colorado River.

The throwing or depositing on the banks or grounds adjacent to any fresh water streams in the counties named or any catfish, perch, bass, trout or any other edible fish and to leave the fish to die without any intent to eat such fish or to use same for bait, constitutes an offense and a penalty of not more than \$25 is provided, with each fish a separate offense.

This bill is now in effect, having been passed with the emergency clause. In addition to Runnels, the following counties are included: Anderson, Burnet, McCulloch, Edwards, Coleman, Concho, Menard, Mason, Gillespie, Kimble, Sutton, Tom Green, Kinney, Uvalde, Real, Kerr, Comal, Val Verde, Bandera, Reeves, Ward, Loving, Pecos, Medina, Bexar, Hunt, Rains, Williamson, Zavala, Dimmit, Lampasas and Llano.

Mrs. C. L. Mohr and little son have returned to their home at San Angelo, after a visit here with Mrs. Mohr's sister, Mrs. Noel Penn.

Mrs. J. M. Betterton is spending a few days with her sister, Mrs. V. L. McShan, and brother, B. M. Batts.

Mark your eggs and butter with Rubber Stamps. Ballinger Printing Co.

## Negroes Planning Big "Juneteenth" Program in City

The colored population of Ballinger has organized for a big "Juneteenth" celebration here next month. All committees have been named for the program and already advertising matter is being distributed to many sections of West Texas asking negroes to come here for a two days' frolic.

Special addresses will be made during the morning program following an address of welcome by Mayor W. C. McCarver. The main talk of the day will be on the subject "Depicting the Progress of Negroes Since 1865." At 11 o'clock the natives and visitors will stage a big parade through the streets of the business district and at noon will enjoy a free barbecue at Fair Park.

In the afternoon two of the fastest colored baseball teams in this section will meet at Fair Park in a red hot game. At night there will be dancing with Homer Sanderson's Syncopators furnishing the music.

Advance advertising being distributed now asks all to come to Ballinger and gives this city the following description:

"The Eden of Texas! The Paradise of the West! That Grand and Glorious Garden of God, Including Rough Mountain Scenery, Deep Ravines—All but Canyons, a Winding River and a Deep Blue Lake. Its Hills are Crowned with Magnificent Public Buildings, Growing Shrubbery and Beautiful Wild Flowers Kissed by the Dew-drops of God! This Place of Magnificence and Increasing Splendor Invites You to be Present."

## Scattered Rains Fall Wednesday Over Wide Area

Rain fell in a number of West Texas communities Wednesday afternoon and evening, the precipitation being good south of Ballinger around Paint Rock, Pony and Concho. Pony citizens in Ballinger Thursday morning stated that a heavy rain fell there, amounting to more than half an inch and that water stood in the fields for several hours.

The heaviest rains in the Southwestern States Telephone Company's compilation here were at Concho and Brownwood where one inch each was registered on government gauges. Abilene received more than half an inch while two small tornadoes in southern Taylor county did considerable damage but caused no loss of life.

Coleman received almost an inch, Leaday .50, Menard .50, Millersview .25, Ovalo .50, Paint Rock .50, Santa Anna .50, Stacy 1.00, and many spots in this county received beneficial showers.

Barely a sprinkle fell at Ballinger, hardly sufficient to settle the dust. High winds carrying loads of sand raged here for more than an hour late Wednesday afternoon.

Ralph Cairney, former University of Washington basketball captain and all-Pacific coast guard, is now playing with a strong independent quintet in Portland, Ore.

The best carbon paper for typewriters at Ledger office.

## Four High School Students Leave For State Meet

Four Ballinger high school students left early this (Thursday) morning for Austin to take part in the state interscholastic meet. Two girls, Misses Yolanda McWilliams and Vera Taylor, will represent the local school and this district in girls' debate. Lowell Nelson will enter the 100-yard and 440-yard dashes, and Leldon Clifton will enter the high hurdles.

The Ballinger debaters drew a bye in the first matching and will not have to meet another team on the first round. Following are the matches in the girls' debate division:

South Bend high school, Memphis high school, Taylor high school, Temple high school also drew byes. Pairing in the first round follows: Eastland vs. Henderson; Sam Houston high school, Houston, vs. Marfa; Kennedy vs. Cuero; Greenville vs. Sherman; South Park high school, Beaumont, vs. Eagle Pass; Hughes Springs vs. Sealy; Frost vs. Abilene; Pampa vs. Onalaska; Lubbock vs. Mission; Brackenridge high, San Antonio vs. Masonic Home and School, Fort Worth; Coleman vs. Center.

There were other first place winners in the district meet who were entitled to enter the state meet but who will not be taken by the Ballinger coach. Walter Bailey, winner in pole vaulting will not go to Austin, and Douglass Jackson, also a winner, will be kept at home by the illness of his father.

The Ballinger party will return Saturday after completion of the field and athletic contests Friday and Saturday.

## Local Camp Fire Girls to Sponsor Carnival at Park

Ballinger Camp Fire Girls will offer citizens of this section one of the biggest afternoon and night programs ever staged in this city Saturday. The Camp Fire Girls' Carnival will open promptly at 1 p. m. in city park and will present the attractions of a big street carnival with refreshments thrown in for good measure.

The Ballinger groups with their sponsors have been working on the program for several weeks and everything will be ready for the public Saturday afternoon. Those in charge of the carnival announce it will run late Saturday night, as long as the crowds linger.

Participation in games, shows and refreshments stands will be made as cheap as possible and three prizes—1, 5 and 10 cents have been adopted at all places.

A feature of the program will be free band music at 7:30 p. m. when H. H. Carsey and his musicians play a one-hour concert.

Some of the entertainment to be found will be a "fish pond" where those who fish will receive valuable prizes. A bingo stand will offer amusement for the merrymakers during the afternoon and night and a handsome prize will go to a player at each game. Mme. Kobar will be found in her highly colored tent informing all and sundry who seek advice about the past, present and future. Another concession which will receive popular play will be throwing real eggs at a real negro. A small charge will be made for the eggs and no one is barred from demonstrating his accurate throwing ability. Lunch stands will serve hamburgers, hot dogs, sandwiches, coffee and milk.

At the Camp Fire Girls' hut tables will be arranged for bridge, 42, and dominoes, and everyone is invited to take part in the tournaments. Refreshments will be served the players during the evening.

Everyone is invited. The girls

## Road Contracts In This Section Almost Finished

All caliche has been placed on highway 23 from Ballinger to Talpa and a large portion of the rock macadam work completed. The rock has been spread and rolled from Ballinger to Benoit and this lap of the road will be opened to traffic next week, according to G. M. Garret, state resident engineer. Rock work has been commenced at Talpa and finished to the August Herring ranch, three miles west of the starting place. This contract should be completed this month and the road will be finished with the exception of the asphalt triple topping which contract has not been let. Most of the roadbed foundation is ready for topping and when a contract is let and completed it will finish the highway program in this road district for which bonds were voted four years ago.

The bridge projects in the Winters precinct on highway 4 are progressing nicely. The bridge at the city lake just north of Winters has been completed. The dirt approaches have been finished and ponded and as soon as dry enough will be bladed and opened to traffic. The Bluff Creek relief bridge has been finished. Contractors are driving piling on the Bluff Creek bridge and have poured one girder. The dirt fill between the relief bridge and the creek bridge has been completed but is not open to traffic yet. A large crew is working in Spring Creek bottom preparing to begin construction there. Piling for all the structures have been poured and are ready for use.

On highway 4 in Concho county caliche work has been completed from the Runnels county line south to 6 1/2 miles south of Paint Rock. Rock macadam is finished north from Paint Rock to the Runnels line and work has started on the south end of the road to connect at Paint Rock.

Between Paint Rock and Eden all small drainage structures have been built on highway 4. Grading probably will be finished and bridges built by July 1.

Contractors will complete the asphalt topping on highway 9 from Eden to the Tom Green county line this week and that road will be opened to travel. Caliche is being placed on the four-mile section of this road through the town of Eden.

## MEXICANS TO CELEBRATE INDEPENDENCE FRIDAY

Ballinger Mexicans will entertain Mexicans from all sections of West Texas tomorrow (Friday), observing their independence from Spain on May 5, 1862. The holiday is generally known as Cinco de Mayo. The principal speaker will come here from San Antonio and be heard in the afternoon program. Other special numbers will be presented, in Spanish and English.

A gala dance will be held at night to which all Mexican citizens of this part of the state are invited.

## Naval "Officer" Was Woman

BUCHAREST, May 4.—The Naval Intelligence section recently called the attention of the Commander of Constanza Naval Depot to the fact that a young and good looking naval Lieutenant who seemed to be attached to no definite unit in Constanza was enjoying remarkable popularity among the young naval officers of the garrison. The "officer" was arrested and found to be a woman. It is suspected that she was acting as a spy for Soviet Russia.

## St. Louis Orchids Lead

are anxious to make some money for their group activities and are offering plenty of amusement that will appeal to all.

## Turkey Acquires Mountain Near Noah's Landing Spot

Part of one of the world's most famous mountains has changed hands as a result of Persia's ratification of a new boundary treaty with Turkey. By the agreement Persia has ceded to Turkey all claim to Little Ararat. Now both peaks, Great and Little Ararat, and their common base lie wholly within Turkish territory.

A bulletin from the National Geographic Society tells of the double mountain whose name is familiar because of its association with Noah and his Ark.

"Ararat lies in a region far from mountains of comparable magnitude and height," says the bulletin, "and so from the earliest times has been looked upon not only as a significant landmark but also as a holy spot. On the north the snow-covered peaks of the Caucasus are 200 miles away, while the snowy summits of the Elburz range in Persia lie 500 miles to the southeast. Southward there are no mountains in Asia

Minor or Arabia that approach Ararat in importance.

"Rising to a height of nearly 17,000 feet, Greater Ararat is topped by several thousand feet of snow which glistens through the long summer, while the plains and plateaus below and veen the slopes of the mountain are hot and dry. This unique character, the seeming impossibility of scaling the peak and the traditions of Noah's landing on its heights, combine to build up in the minds of the Armenians who lived near by an idea of holiness. They maintained that super natural forces guarded the top as a sacred preserve and that no man would be able to reach it.

"When Parrot climbed to the top in 1829, making the first record ascent, the Armenians refused to believe that the feat had been accomplished. A number of mountaineers have scaled the peak

### Musical Program At High School Friday Evening

The high school girls' chorus and the junior boys' chorus assisted by pupils of Miss Nona Diltz and Mrs. L. Schermerhorn will present a program of music and readings at 7:45 Friday evening in the Ballinger high school auditorium. Miss Katherine Todd, who is in charge of the two choral groups, has trained them during the year. The program is in keeping with National Music Week.

The high school girls will go to San Angelo Saturday and broadcast a program over the radio station there at 10 a. m. Friends are invited to listen in for this hour.

The following program, to which the public is invited, has been arranged for Friday evening:

- Reading—"I Am Music"  
Belva Watson
- "Rolling Along" Zamecnik  
"Venetia" Zamecnik  
"Chinese Lullaby" Bowers  
High School Girls' Chorus
- "At the End of a Cobblestone Road" Bourke  
High School Quartet—Gladys Cervenka, Katherine Mayfield, Jewel Fulton, Margie Mae Halstead
- "Flow Gently Sweet Afton" Spilman  
"Kirmess Day" Smetana  
Fifth Grade Quartet—Marguerite Schneider, Agatha Sides, Carlos Burnett, Ralph James Erwin
- Piano Solo—"Waltz in 'A' Flat" Chopin  
Pauline Marlin
- "Oh, No, John" Folk Song  
Fifth Grade Quartet—Eulalia Nicholson, Etheldine Rudder, E. J. Bryan, Jewel Mayfield
- "A Frog He Would a-Wooling Go" Fifth Grade, a capella—Cordelia Lynn, Ruby Nance, Anita Evans, W. D. Wilson, Sam Wellhausen, Orland Middleton
- "Sailor's Song" Prothrooe  
"Contented John" Cain  
"Home on the Range" Guion  
Junior Boys' Chorus

- Reading  
Virginia Williams
- "Stars of the Summer Night" Woodbury  
Sixth Grade Group—Janie Routh, Lucille Joseph, Angelyne Meaders, Lolita Morrison, Mary Ava Burton, Kathryn Bell
- "Trees" Rasbach  
High School Quartet—Henry Ethel Schiller, Kathleen Haverland, Ila Mae West, Aline Stinebaugh
- "Sylvia" Speaks  
"O Peaceful Night" German  
High School Chorus
- "Texas, Our Texas" Marsh  
Massed Chorus

Mrs. L. Schermerhorn is accompanist for the high school chorus and Miss Pauline Marlin is accompanist for the junior boys' chorus.

Members of the high school girls' chorus are: Mozella Brown, Gladys Cervenka, Lois B. Evans, Florence Davis, Jewel Fulton, Marcella Fryar, Frances Gustavus, Margie Mae Halstead, Sybil Jenkins, Winnie Lee Jones, Gladys Kemp, Melba Marlin, Katherine Mayfield, Kathleen Haverland, Gladys Lee Morgan, Pauline Morris, Henry Ethel Schiller, Adeline Simecek, Sadie Simecek, Aline Stinebaugh, Ila Mae West, Ruth Wilson, and Charlotte Willingham.

Members of the junior boys' chorus are: Corbett Davis, W. D. Wilson, Ernest Waechter, Forest Routh, Bill Sykes, Carlos Burnett, Sam Wellhausen, E. J. Bryan, Joe Simmons, Morris Brown, J. L. Waddell, Paul Trimmer, Jarrell Mayfield, Billy Jack Connelly, Melvin McMillan, John Edwin Kerr, Park Kemp, Billy Stokes, Clayton West, Sam Hollingsworth, Clebourne Voelkel, Robert Clark, Paul Arrant, Curtis Ashinhurst, Louie Miller, Donald Chapman, Fred Jennings, Vernon Boswell, Buddy Penn and Dick Halstead.

#### TRIES TO RECOVER PLAY HE WROTE 20 YEARS AGO

LONDON, May 4.—Charlie Chaplin, movie star, is trying to buy back a comedy playlet which he wrote and sold twenty years ago. It is Twelve Just Men, and Chaplin disposed of the copyright to Ernest Lotinga, an English actor, for \$25.

Lotinga forgot all about the play until Chaplin's London agent recently offered \$5,000 for it. Lotinga said he would not accept less than \$50,000.

#### Only Fifteen!

Myrtle Alene Gregory of Pampa, Texas, should go far in the realm of beauty. Only 15 years old, Miss Gregory has been designated "Miss Pampa," and will represent the Panhandle city in the "Queen of the West" pageant, in New Mexico. We heartily agree on Miss Gregory's qualifications. *Decorate her youth.*

#### MALAYAN SWEEP OUT TO SEA BY HURRICANE

HONG KONG, China, May 4.—Riding a hurricane until dropped into the sea, then towed hundreds of miles by a tree trunk. This is the story told by a Malay who was picked up from the ocean by the steamer Carnarvonshire and brought to this port where he is recovering in a hospital.

He says that he was working on a plantation in Pahang, one of the Malay States, when the hurricane sprang up. He was lifted into the air and carried hundreds of yards before being dropped into the sea. He grasped the tree trunk, which was blown hundreds of miles by the hurricane. He says he was without food for six days.

The sea ran high under the roughest weather, bobbing him and the trunk up and down like a cork. When the Carnarvonshire picked him up he was rigid with cold and nearly dead.

"Dar is always sumpin' to be thankful about," said Uncle Eben. "When de watermelon fades away, de pork chop is right in its prime."

Advertised goods move.

#### CAKES AND PASTRIES

#### FREE!

As the Air You Breathe!

To all who come to our place until further notice we will give a free spring inspection and tighten the shackles free of charge. You might think there is a snare or trap to this but there is not. We replace broken leaves and main leaves and guarantee any spring work for 90 days.

Before your start on any trip let us examine your radiator for any possible leaks. Avoid overheating and boiling during the summer months ahead. We boil and clean out any sediment and at small cost can fix your radiator, thereby saving you much inconvenience later.

GREGORY SPRING  
AND RADIATOR  
WORKS  
Corner Seventh Street and  
Railroad Avenue.

### Club Women Give Recipes

EDITOR'S NOTE—Below are two letters from home demonstration club members of the county giving practical methods of preserving pecans and making lye soap. Both have thoroughly tried their formulas, and they have proved entirely satisfactory in every respect. The first answers a long standing question as to how long shelled pecans will remain fresh in containers.

#### Canned Pecans

Mrs. John McKown, Oak Creek home demonstration club, finds that her canned pecans after 16 months' storage are just as fresh and sweet as the day they were canned. Here is her recipe:

"Select good well developed pecans—shell (and assort according to size and can soon). Free them from bits of shell, unmatured nuts, etc. Place pecans in shallow pans—one layer thick. Put in a slow oven, heat but do not scorch. Put jars in a pan of cold water and bring to boiling point, remove and wipe quite dry and adjust rubber. Pack pecans into hot, dry jars to within one inch of the top. Place a crumpled piece of parchment in this space to absorb moisture. Dry top and adjust carefully. Place ball (Ideal) in place (semi-seal). Now jars

are placed in pressure cooker. Have about 2 cups of water in cooker or just enough to come to top of the rack in bottom of the cooker. Adjust lid and tighten. As soon as steam begins coming out, leave it seven minutes then close pet-cock. Raise pressure to 5 lbs. and as soon as that pressure is reached release pressure at once and bring out remaining moisture and at the same time creating vacuum. Remove from cooker and complete the seal. Wipe dry and when thoroughly cool (12 hours) store on pantry shelf."

#### Making Lye Soap

Mrs. Grover Murphy, North Norton club, relates that in her 18 years' experience in making home made lye soap she has never had a failure if she used the following method of procedure:

"Dissolve two one-pound cans of lye in one gallon of water and add fifteen pounds of fat. Cook until the consistency of porridge. Remove the fire and add one one-pound can of lye which has been dissolved in one gallon of water. Stir constantly but gently until soap begins to harden—then pour into molds."

#### Ballinger Water—

(Continued from page 1)

pleted one of the most successful clean-up campaigns ever held in Ballinger. Many home owners cooperated in a splendid way and with the extra work by the crew of 34 workmen much was accomplished.

Community health was shown to be excellent by the weekly report, notwithstanding there are a number of cases of measles and two cases of scarlet fever in the city.

Street improvement continued with caliche being spread and rolled on four important streets. Pou Avenue from Eleventh to Fourteenth Street was wet and rolled and work commenced on other blocks on Murrell Avenue and Tenth Street. Work is progressing nicely on the scenic drive

from the sanitarium around the bluff overlooking city park. This trail will be finished and opened to traffic within a short time.

#### Notice to Tax Payers of Precinct No. 3

Following is a financial statement of the precinct on December 31, 1932:

Total warrant indebtedness	\$6,050.00
Total working indebtedness	2,696.44
Total	\$8,746.44

## WILMETH NEWS

Miss Eula Mae Virden entertained the third, fourth, fifth and sixth grade pupils in her home Friday night. About 65 were present and they engaged in various games after which refreshments of ice cream and cake were served.

A musical entertainment in the home of Mr. and Mrs. Cortez Robertson Friday night was enjoyed by a large group of people. Numbers were furnished by John Hancher, Gilbert King and Miss Beryl Rutherford.

Miss Hartell Coward, of Baldwin, spent the week-end with friends here.

The ladies favored Grandmother Scott with a shower of quilt scraps in the home of her daughter, Mrs. Dodgong one afternoon this week. Mr. and Mrs. McMillan and son, Reed, and Mrs. Pearl Snyder visited relatives and friends in Waco this week.

Rev. Walker Allen, of Wingate, conducted preaching services at the Christian Church here Sunday. Rev. Allen left a regular appointment here for the third Sunday in each month.

Lawrence Blackmon and Miss Luella Dickinson attended the singing at Ballinger Sunday afternoon.

Several people from this community attended the play, "The Fortunate Calamity" presented Friday night at Norton.

The Mazeland baseball team played its first game of the season at Pumphrey Friday afternoon and were victorious by a score of 26 to 3. They also defeated the Pumphrey team here Monday.

## SPRING HILL NEWS

A majority of the farmers here have their maize planted but very much of the crop is up. Very little cotton is planted, the ground having dried out and there is not sufficient moisture to bring it up. A rain is needed badly.

Miss Edna Richardson, of Bethel, spent the week-end with her father, Emmett Richardson, and sister, Miss Sammie.

James Reese, of Blanton, spent Saturday night with Earl Ingle. Alvin Atnipp was a guest of his brother, Frank, of Ballinger, the past week-end.

Mr. and Mrs. Marvin Turner visited Mr. and Mrs. Clyde Allison Monday evening.

Miss Zell Reese, of Blanton, is the guest of Miss Estelle Ingle this week.

Bill Richardson, of San Antonio, surprised his father, Emmett Richardson, with a visit Thursday which is unlimited.

Mr. and Mrs. J. W. Reese and family, of Blanton, Mr. and Mrs. Clyde Allison and family spent Sunday with Mr. and Mrs. R. B. Ingle.

Albert Aycock, who has been seriously ill for the past several weeks, is reported to be resting about the same at this writing.

O. C. Clifton, who had been at the bedside of his father, who is ill in a hospital at Colorado, returned home Saturday night.

Mr. and Mrs. Hugh Parrish and family, of Ballinger, Mr. and Mrs. Clyde Allison and family, and Mr. and Mrs. R. B. Ingle and family enjoyed a picnic supper on the Colorado River Friday night.

The hour for Sunday school has been changed from 2 p. m. to 3 p. m. on account of the long afternoons.

## SOUTH BALLINGER NEWS

Mr. and Mrs. S. V. Parrish and two grandchildren, of Ballinger, were guests of Mrs. Ed Farley and family Sunday.

Robert Brown and sister, Mrs. V. A. Gentry, and two children, of Dallas, returned home Monday after spending the week-end with their parents, Mr. and Mrs. R. E. Brown.

Victor Parr went to Fort Worth on business Wednesday.

Mrs. Sam Bryan and children and Mrs. Joe Keel and children, of town, spent Sunday with their brother, Ed Farley, and family.

Mr. and Mrs. B. M. Batts and family were guests of Mr. and Mrs. Ross Smith Sunday.

Miss Corine Brown was the guest of Miss Jodie Morrison, of Ballinger, Friday night. They attended the picnic for the freshman class on Elm Creek.

Mr. and Mrs. Alvin Neely, of town, were guests of the latter's sister, Mrs. Ed Farley, and family.

The home demonstration club met at the home of Mrs. W. B. Holland Tuesday. Mrs. Holland and Mrs. Elyr McWilliams were hostesses.

The many friends of P. B. Holton will regret to know he is seriously ill and reported not to be improving.

Mr. and Mrs. J. T. Farley spent the week-end with their son, Ed Farley, and family.

## HERRING TOPICS

Attendance is slowly increasing at Sunday school and with the summer now here we are expecting good attendance.

Mr. and Mrs. Funderburk, of Harriet, visited in this community Sunday. Mr. Funderburk has been elected principal of the Herring school and will be assisted by Miss Evelyn Stobaugh, of Ballinger.

Mr. and Mrs. J. T. Brandon were guests in the home of Mr. and Mrs. W. L. Alcorn Sunday.

Mr. and Mrs. J. M. McMillan, of San Angelo, visited Mr. and Mrs. G. C. Avent and family Sunday night.

S. B. Dietz and mother, Mrs. Tennie Dietz, visited in the A. W. Hill home Monday.

Mrs. M. J. Clayton visited Mrs. Roy Clack Monday evening.

Miss Vivian Hill spent the week-

## After Hail and Rain Storm Played Havoc

Hail and rain in gigantic proportions, which hit Dallas and surrounding territory last week, left hundreds homeless, killed three and injured many more. More than \$2,000,000 in property damage was done in Dallas alone. Above R. F. C. workers gather the meagre belongings of tent house dwellers in the lowlands. The immense amount of water swept everything before it. Below are three little girls, homeless, but welcoming the sand man just the same on a cot in a relief station.

end in the C. F. Toungett home.

Gordon Gressett returned home last week.

Mr. and Mrs. W. E. Walker and family, of Hatchel, spent the week-end in the O. C. Cox home.

Mr. and Mrs. Roy Clack and family and Mr. and Mrs. Max Cole visited in the F. J. Cole home Sunday.

Mr. and Mrs. Arch Brookshier and son, Gordon, were guests of Mr. and Mrs. F. R. Hoffman Sunday.

Mr. and Mrs. Herbert Cotton and family visited relatives at San Angelo Sunday.

Mr. and Mrs. Don Kennedy visited in the A. J. Pullin home Monday evening.

## Attachment Now \$60

The Williams Tractor Attachment now \$60. See R. R. Williams or call collect. Will deliver to your farm. 25-1f

Fred Ross, minister of the Eighth Street Church of Christ, is spending a few days in Abilene this week.

## Cost 85 Cents to Put Rheumatic Cripple Back to Work Again

Now Joyously Happy

While all his family looked on in astonishment and all his friends were amazed, one man took the pain, swelling and agony from his tortured joints in 48 hours and did it with the famous rheumatic prescription known to pharmacists as Allenru.

This powerful yet safe remedy is wonderful—its action is almost magical where uric acid and other circulating poisons cause agony and pain—the excess uric acid poison starts to leave your body in 24 hours.

Just get one 85 cent bottle of Allenru from Weeks Drug Store or any live druggist—take it as directed and if in 48 hours your pains haven't left you get your money back.

It works just as swiftly with Neuritis, Sciatica, Lumbago and Lumbago and Neuralgia due to similar cause.

## Good Credit Maximum

A negro storekeeper shows better business judgment than some others we know. In his store hangs a sign which reads: "Kwittin the credick bizness till I git my outs in."

It pays to read the ads.

## BEARCATS TO PLAY NORTON HERE SUNDAY

The management of the Ballinger Bearcats announced Thursday that a game had been booked with the fast Norton team Sunday afternoon at 3 o'clock at Fair Park. The Norton club is one of the fastest amateur teams in this section and will bring a strong aggregation of players here for the tilt with the Bearcats.

Admission prices will remain the same as heretofore. Women will be admitted free.

A move was started this week to secure uniforms for the Ballinger team. Six suits had been secured Wednesday and it was expected to finish the drive this week so the order for the whole team could be sent next week.

## Card of Thanks

We sincerely appreciate the kind words of sympathy and thoughtful deeds of kindness and the wonderful floral offering given in this time of deepest sorrow. These words and deeds from friends help us to bear the loss of our true companion and mother.

O. K. Morgan and children  
Rev. and Mrs. E. L. Springer  
Rev. and Mrs. C. E. Jones  
Mrs. J. C. Lovelace  
Mrs. Bob Key

Mr. and Mrs. J. F. Dodson, of Paint Rock, attended to business in Ballinger Wednesday.

## HOW SHE LOST 18 POUNDS OF FAT

For Less Than \$1.00

"Will say in regards to Kruschen: I took it to reduce. I lost 18 pounds after using one bottle and feel fine. Just bought one more bottle today and expect to lose 18 more pounds. I now weigh 148 and feel fine." Mrs. Harry Robinson, Akron, Ohio. (Jan. 6, 1933).

Once a day take Kruschen Salts. One half teaspoonful in a glass of hot water first thing every morning. Besides losing ugly fat SAFELY you'll gain in health and physical attractiveness—constipation, gas and acidity will cease to bother—you'll feel younger—more active—full of ambition—clear skin—sparkling eyes.

A jar that lasts 4 weeks costs but a trifle at Weeks Drug Store, or any drug store in the world—but demand and get Kruschen and if one bottle doesn't joyfully please you—money back.

Miss Sybil Cox, daughter of Mr. and Mrs. E. S. Cox, who recently underwent an operation at the Halley & Love Sanitarium, is reported to be doing nicely and will be taken home the latter part of the week.

### ELECTRICITY....

## Eliminates Household Drudgery— for Only a Few Pennies a Day!

Modern "Electrical Servants" will do all your drudgerous household work... and actually save money for you in the bargain! Think of it, you can enjoy all the time, labor and money-saving superiorities of efficient electrical appliances... at a cost of only a few pennies a day! Truly, it's "penny wise and pound foolish" to do without their incomparable aid.

The Electric Range, Refrigerator, Washer, Ironer, Toaster, Water Heater, Food Mixer, Percolator, Clock, Waffle Iron, Vacuum Sweeper, Sewing Machine and Radio—to name only a few—will give you more happiness and freedom from drudgery than you could hope for. And they cost so very little to operate... even the largest only a few pennies a day!

Take advantage of the low cost of modern electric service and benefit by the conveniences, economies and superiorities of modern "Electrical Servants."

Do you know that your increased use of Electric Service is billed on a surprising low rate schedule... and adds only a small amount to your total bill?

HAS YOUR ADDRESS CHANGED RECENTLY?

Ledger subscribers are requested to notify the publishers of any changes in their addresses promptly. Under the new postal laws newspapers and periodicals must pay postage due for notices of any changes in address furnished by the postoffice.

The need of rain in this section is becoming alarming. It is far past planting time for many crops now and little planting has been done so far on account of lack of moisture.

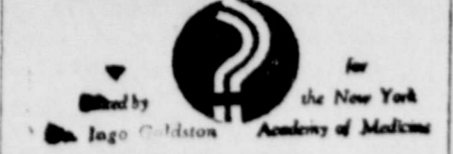

Local citizens are offered plenty of excellent free entertainment for the next two weeks. The high school auditorium will be the scene of a program practically every night for two full weeks.

The completion of Runnels county highways is now in sight and the increasing number of lateral all-weather roads being constructed will eliminate dull business days during rainy periods.

Many people have realized what good credit means during the past two years and others are beginning to realize that to maintain good credit means the prompt payment of their accounts.

of the debt and each payment will help the one carrying the account.

HOW'S your HEALTH

VITAMIN D AND TOOTH DECAY

Dental caries, or decay of the teeth, has been with some justification called a disease of civilized races, although it has been known for many thousands of years.

The Egyptians practiced dentistry, even to the point of filling cavities with gold leaf, but it is only in recent years that any promising work has been done to uncover the causes of decay.

Today we know that diet, oral hygiene, general health and age affect the health of the teeth. It is as yet, however, undetermined which of these factors is the most important, though evidence points to diet.

Experimental study of caries, both in the United States and England, has shown clearly that diet has a most profound effect upon the growth and the subsequent resistance to diseases of the teeth.

Recently a number of experiments were conducted to determine the effect of vitamin D on tooth decay.

Since the absence of vitamin D is known to contribute to the development of rickets, two comparable groups of children between the ages of six and ten were studied, one group showing the evidences of rickets, the other being free from this condition.

It was found that in the rachitic group—that afflicted with rickets—the teeth were poorly developed, whereas in the non-rachitic group the teeth were better developed.

On the other hand, when a comparison was made on the prevalence of decay, it was found that both groups were fairly comparable, as much decay affecting the teeth of both groups.

Despite this last evidence, it appears that a diet deficient in vitamin D is a contributing factor to the development of caries.

The tooth, when it is full grown and has a completely formed covering of enamel, without pits or fissures, is known to resist decay much more effectively than the poorly developed tooth.

MISS BRIDWELL REELECTED TO BRADY HIGH SCHOOL

Miss Willwood Bridwell, daughter of Mr. and Mrs. W. A. Bridwell, has been reelected to teach in the Brady high school. Miss Bridwell, who graduated at North Texas State Teachers College, Denton, last summer, began her teaching career at Brady in the fall. Her work there is declared to have been entirely satisfactory.

Sally Eilers and Ben Lyon Leads in 'Hat Check Girl,' Opening at Palace Theatre Sunday

Bringing a swift-moving romance of two very different worlds to the screen, 'Hat Check Girl' begins a three-day engagement at the Palace Theatre next Sunday with Sally Eilers and Ben Lyon in the leading roles.

Miss Eilers portrays the title part, that of a hard-working young woman who handles the hats and wraps at a famous New York night club, and Lyon that of a young millionaire whose first meeting with his future fiancée is when he finds her asleep in his apartment.

The course of true love is suddenly halted, however, when Sally's ex-lover, Monroe Owsley, appears at their engagement party and tells things he shouldn't tell. Subsequently Owsley is found dead in the apartment, and suspicion naturally falls on Lyon's shoulders, with the police deciding that they have a clear-cut case against him.

Sally's efforts in Lyon's behalf cause the boy's father to think she is only after publicity for herself, and matters become very tangled indeed, with a climax that

is said to be one surprise after another.

The sparkling Ginger Rogers, who enacts the role of Miss Eilers' chum and fellow-worker, supplies much of the comedy in the production, while the two principals are said to give brilliant performances in their well-suited parts. Arthur Pierson, Noel Madison and Dewey Robinson also have important roles in this Fox film.

EXPERT HOLDS VENTILATION PREVENTS DISEASE EPIDEMICS

LONDON, May 4.—In a paper read before the Royal Society of Art, J. L. Musgrave, a past president of the Institution of Heating and Ventilating Engineers, said that during the recent influenza epidemic many people refrained from attending places of amusement, hotels and restaurants owing to fear of infection.

This danger, he declared, was practically non-existent in buildings where adequate balanced systems of ventilation were installed and skillfully operated. If all public places were ventilated up to the standards of some places

DON'T SUFFER ANOTHER DAY

Sufferers from rheumatism need more than the mere temporary relief that comes from the use of pain relievers. The system must be freed from the poison of the agonizing disease.

When your throbbing, swollen joints begin to subside, when aching nerves and muscles begin to relax, when poison begins to dissolve and drain from the system, you will know beyond a doubt that the RU-NO-MA prescription is removing the cause of your trouble.

Read the guarantee on every box—don't suffer another day. J. Y. Pearce Drug Co.

of entertainment, he said epidemics of the severity of the one through which the country just passed would rapidly subside.

He added that recognition of the necessity for sunlight would probably lead to the prohibition of the emission in any form of the products of combustion within the boundaries of cities, which might lead to extensive "district heating"—a system in which heat was generated at a central source and distributed through mains under the streets.

GIRL BULL-FIGHTER WINS HIGH HONORS IN SPAIN

MADRID, May 4.—Since the Republic of Spain established woman suffrage, women have invaded several masculine professions. The latest is bull fighting, which for the last generation had only admitted women in its comic opera representations. On the stage she was called the "toradora," or, if she delivered the "coup de grace," the "matadora."

Senorita Juanita de la Cruz has now made her debut as "torera" in the ring at Cabra (Andalusia) and was loudly cheered for the valor with which she killed the two bulls allotted to her.

In fact so pleased was the crowd that she obtained the ear and the tail from each animal—the cutting off of these appendages and their award to the fighter by the president of fight being considered as the highest honor which can be paid.

Women bull-fighters were not uncommon in the ring until about twenty years ago, when the authorities prohibited absolutely such exhibitions. It does not appear that the ban has ever been raised and it remains to be seen if Senorita Cruz will be allowed to continue.

QUICKER, BETTER RELIEF from use of Black-Draught

"I have taken Black-Draught, off and on when needed, for twenty-five years, for it is easy to take," writes Mr. George T. Wharton, of Petersburg, Va. "I take it for constipation and when I have that dull, tired feeling, I take it for colds and other complaints where a good laxative is needed, and I believe it gives me quicker and better relief than any other medicine I know. It certainly has been a help to me."

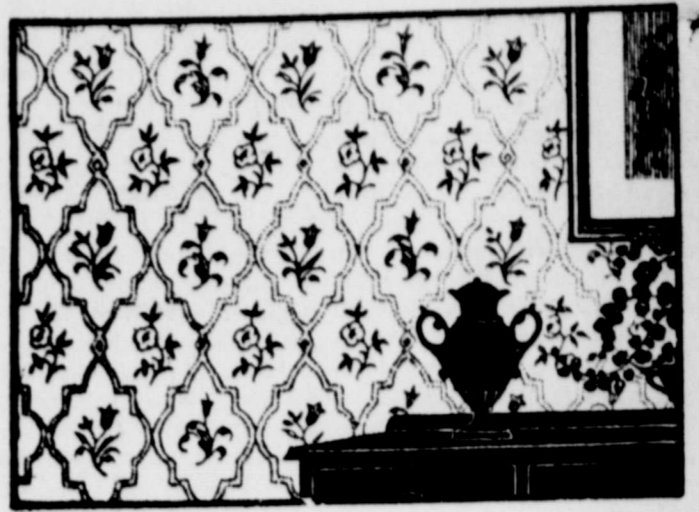

P.S.—If you have children, give them the new, pleasant-tasting SYRUP of Theford's Black-Draught.

EARPHONES INSTALLED IN OLD CHRIST CHURCH

WESTMINSTER, England, May 4.—Earphones have been installed in famous Christ Church. They are connected with a microphone in the pulpit.

have crowded the front pews the new equipment has been placed in the back pews. A large sign outside the church advertises that earphones have been installed.

N. K. Freeman, of Brady, was here Tuesday attending to business and visiting friends.

### Press Honors Him

H. B. Moyer, editor of the Honey Grove Signal Citizen, who was elected president of the North and East Texas Press association at the annual convention in Sulphur Springs, Texas, Saturday.

### Turkey Acquires—

(Continued on page 4)

since Parrot's day, including a Russian surveyor who spent five days on the summit, and James Bryce, later British Ambassador to the United States.

"Approximately seven miles southeast of the peak of Greater Ararat lies Little Ararat, 12,840 feet high. The snow lies on the Ararat massif is very high—14,000 feet—so that Little Ararat is without a white cap during the summer. The ridge which connects the two peaks has an altitude about 9,000 feet.

"Little Ararat was of unusual political significance before the World War for there three empires met—the Russian, the Turkish and the Persian. The boundary lines roughly trisected Little Ararat, as though a pie were cut into three equal pieces.

"The Turkish-Persian line ran southward; the Russian-Persian line, northeastward, and the Russian-Turkish line, northwestward. The latter line struck across the southern shoulder of Greater Ararat, leaving the entire upper portion of the mountain in Russian territory.

During the war the Russian-Turkish boundary fluctuated north and south of Ararat. In 1921, by the Treaty of Kars, Russia and Turkey agreed that their new common boundary should run about twenty-five miles north of

Ararat, along the River Araxes.

"Since then Greater Ararat has been entirely in Turkish territory, while the Turkish-Persian line has continued to run through Little Ararat. The recent agreement between Persia and Turkey pushes this latter line eastward down the slopes of Little Ararat, so that the entire Ararat massif falls under Turkish sovereignty.

"To compensate Persia for this transfer, Turkey has relinquished a narrow strip of territory farther south. The adjustments have been made to aid both countries in the control of tribesmen living along the border."

Berlin's birthrate figures for 1931, set at 8.7 per thousand, was the lowest of any city in the world. Next came Stockholm, with 10.8, San Francisco, with 11.08, Paris, with 14.4, and London, with 15.

### BRAZILIAN ROOT POISON TO BE USED FOR INSECTICIDE

RIO DE JANEIRO, May 4.—Cuberoot, a jungle plant, is to be cultivated intensively in Brazil for American manufacturers of insecticides.

A foreign representative of the United States department of commerce, chemical division, noticed aborigines powder the root and

throw it into streams to kill fish, and suggested the development. The root is not poisonous to man or animals.

### Migrations of Birds Are Being Studied

WASHINGTON, May 4.—The long-standing mystery of how migration birds can steer courses almost as straight as that of a ship's captain at sea or of an airplane provided with the most modern scientific instruments is made even more mysterious by experiments of Prof. William Rowan, of the University of Alberta, Canada, recently reported to the National Academy of Sciences of the United States.

For several years Prof. Rowan has been studying the yearly migrations of crows and other birds of western Canada as affected by the condition of the birds' glands, by the daily average of light supplied to the birds, and by similar factors.

In several series of recent experiments involving artificial gland changes, light control and so on, birds were induced to migrate at what are ordinarily the wrong seasons of the year. All such birds were marked.

Many of these birds were too young even to have migrated before. It is believed that they were entirely unfamiliar with the country. Nevertheless, Professor Rowan reports that the usual direction of bird migration, from the northwest to the southeast, was followed perfectly in practically all instances.

### Renew Your Health By Purification

Any physician will tell you that "Perfect Purification of the System is Nature's Foundation of Perfect Health." Why not rid yourself of chronic ailments that are undermining your vitality? Purify your entire system by taking a thorough course of Calotabs—once or twice a week for several weeks—and see how Nature rewards you with health.

Calotabs purify the blood by activating the liver, kidneys, stomach and bowels. In 10 cts. and 35 cts. packages. All dealers. (Adv.)

### THE MASTERPIECE OF TIRE CONSTRUCTION

Used almost exclusively by master race drivers—they will not take chances or risk their lives on ordinary tires. Road speeds of today are the racing speeds of yesterday.

Firestone High Speed Tires are made with the Extra Features of Gum-Dipping and Two Extra Gum-Dipped Cord Plies under the Scientifically Designed Tread.

We will give you a liberal allowance to apply on a set of Firestone High Speed Tires—the safest tires in the world.

REMEMBER—your brakes can stop your wheels, but your tires must stop your car!

### Deaths

P. P. Holton  
P. P. Holton, for many years a citizen of South Ballinger, died at the family home Thursday at 10 a. m. For more than a year he had been in failing health and for the past ten days was confined to his bed in a serious condition.

Survivors include the widow; two sons, Arthur Holton, Norman, Oklahoma, and Quincy Holton, Ballinger; and two daughters, Mrs. J. P. Boothe, Blanton, and Miss Pearl Holton, Ballinger.

Funeral services will be held tomorrow (Friday) afternoon at 2:30 at the Eighth Street Church of Christ. The rites will be conducted by Fred Ross, local minister, and Eddie McMillan, of Abilene will assist. Interment will follow in Evergreen Cemetery.

Higginbotham Funeral Home undertakers are in charge of arrangements.

**OUTLET TO SEA BLOCKED; EELS DIE BY THOUSANDS**

WELLINGTON, N. Z., May 4.—In a battle to make their way from rivers back to the sea, thousands of eels perished recently because the outlet of Lake Ellesmere, New Zealand, was blocked by gravel.

The rivers flow into this lake, which is shut off from the sea by a narrow bar. Usually there is an outlet through the gravel for the water to flow to the sea, but sometimes the action of the water blocks up the outlet.

The eel hatched far out at sea makes its way to inland waters. When it is full grown its fate is to return to the sea again and then to perish.

The eels found the outlet from the coastal lake was blocked for the time being with stones, and so they tried to wriggle their way overland, perishing on the gravel before they reached the sea.

It pays to read the ads.

### What Is ATHLETE'S FOOT

Over 30 Million Americans Now Have It—Is This Dreaded Disease Becoming a Plague?

Athlete's Foot is a fungus germ (Tinea) which appears on the feet in the form of a little yellow blister, causing severe irritation and itching—especially between the toes. This disease is very contagious and is spreading with alarming rapidity among all classes of people.

The failure to successfully treat Athlete's Foot in the past has been due largely to the fact that these germs hibernate in the pores of the shoes, soles and linings applied only to the feet DO NOT PENETRATE THE PORES OF THE SHOES.

Medical Science has recently developed an amazing treatment known as Merit Foot Powder, which laboratory and clinical tests have proved will positively kill these germs and restore feet so infected to a normal, healthy condition. It is simply sifted on the feet and into the shoes.

Merit Foot Powder quickly eliminates excessive perspiration and flaking of the toes. It heals irritation and is unsurpassed for chafing and as a deodorant. Why suffer another day when this fast working treatment is positively guaranteed to overcome these distressing conditions or your money refunded!
