

THE BALLINGER LEDGER

VOLUME 54.

BALLINGER, TEXAS, THURSDAY, JUNE 20, 1935.

NUMBER 41

First Golf Tournament Matches to Start Friday

The Ballinger Country Club course was crowded all day Thursday with late arrivals playing their qualifying rounds. The first matches started at 6 a. m. All play will be concluded late this afternoon and the championship flight will be arranged and the Calcutta pool held this (Thursday) evening after the barbecue is served.

Special entertainment in connection with the tournament will be given this evening when a barbecue dinner is served at 6 o'clock for holders of registration tickets. Tomorrow evening at 8 o'clock a dance will be held which is open to all ticket holders.

H. G. Agnew, local player, continued to hold the medalist honors this morning with a 66 on the eighteen holes, four under par. Several visitors in practice rounds Wednesday afternoon came near his mark. Houston Cole, of Ranger, scoring a 67. J. T. Hammett, champion of the Pioneer tournament two weeks ago, turned in a 69 on his first trip around the course, one under par. He will qualify today.

Word was received this morning from John Marston, 1935 champion of the West Texas Golf Association, that he would take part in the tourney here. "Shanty" Hogan, of Abilene, '35 runner-up; and Carnes Wilson, several years' champion, arrived Thursday morning for their qualifying rounds. Wayne Middleton, Fort Worth; J. W. Neville, Coleman; Penrose Metcalfe, San Angelo; John Douglass, Galveston; and many other notables were on the course Thursday and will be ready to engage in the match play tomorrow morning.

H. G. Agnew, manager of the tournament, stated that he was sure of two flights of 32 players each, and possibly three.

Players from San Antonio, Lubbock, Brownwood, Dallas, Ranger, Pioneer, Cisco, Rising Star, Cross Plains, Abilene, Sweetwater, Santa Anna, Coleman, Houston, Brady, and other cities are here today and will remain until after the tourney ends Sunday or until they are eliminated.

All rounds in the tournament and in consolation matches will be for 18 holes with a 36-hole match for the championships of the different flights.

The public is invited to watch matches any time during the tournament. Play will be in progress all day Friday and Saturday, and the championship rounds will be played Sunday, 18 holes in the morning and 18 in the afternoon.

The Ballinger course was changed to sand greens this spring so that an invitation tournament could be held here. For the past five months much work has been done on the fairways and in trapping the course to make it one of the hardest 9-hole courses in this section. Recent heavy rains filled the club lake, making all water hazards very difficult.

The Ballinger team and the Santa Anna team of the Heart of Texas Golf League met here last Sunday for their scheduled match, the local players losing by the count of 10 to 5.

Mr. and Mrs. Burton Reed, of Breckenridge, spent the week-end with Mr. and Mrs. O. C. Sykes. Jerry Reed, their son, who had been visiting here for the past month, returned home with them Sunday and was accompanied by Billie Sykes, who will visit at Breckenridge for several weeks.

Mrs. A. T. Campbell has gone to Bangs to visit her brother, E. D. Sheffield, and family.

Mrs. E. A. Richardson, of Pearsall, is here for a visit with relatives.

What You May Do

Take a tumble in the Fall, get a drink in the Spring, jump into the middle of Summer, pluck the hair from the heavy head of Winter, make a cap for Pikes Peak, a set of teeth for the mouth of the Mississippi, a shoe for the foot of the Mountain, a mattress for the bed of the Ocean, blow all the money you wish to in the purchase of a Sewing Machine and have a collector at the door every thirty days, or save nearly every dollar by having

at Ballinger Hotel Repair the Machine for you. Phone 53

Runnels Delegation To '35 Short Course Will be Large One

A large number of Runnels county's rural citizens have already signed up for the 1935 farmers' short course at College Station and others are certain to join the delegation before time to entrain. Home demonstration clubs have begun holding ice cream suppers and other entertainments to raise money for delegates' expenses and the women's group will be as large as any representing this county in previous years.

The club boys and girls will send their usual quota of delegates this year and a number of men have signified intentions of attending.

COLLEGE STATION, June 19.—Plans are nearly completed for five days of elaborate program for the farm women of Texas at the farmers' short course, July 28 through August 2. It was stated by Miss Onah Jacks, extension specialist, and chairman of the women's program committee.

Outstanding speakers, demonstrations, laboratory work, and recreation will be the keynote of the women's program this year.

Miss Margaret Furry, textile chemist from the division of textiles and clothing, department of agriculture and bureau of home economics, Washington, D. C., has accepted an invitation to take charge of a series of laboratory demonstrations on "Natural Dyes and How to Use Them."

Dr. Samuel E. Gideon, professor of architectural design and history at the University of Texas, Austin, will speak on the program of housing and home improvement which varies from architecture to landscaping and interior decorating.

Some of the demonstrations will be on: making soil and potting plants, making purses and mocasinis, repairing and painting farm houses, cleaning fine fabrics, wool scouring, control of rose pests, attractive touches to bedrooms, interior decorating, and many other phases of farm life of interest to Texas farm women.

Each day will be divided generally into morning sessions consisting of meetings and talks by well-known men and women and extension specialists on Texas farm life and its phases; the afternoons will be devoted to a series of demonstration programs. The program, as planned, will have a section of Texas folk lore and history.

On the last afternoon, Dr. T. O. Walton, president of A & M College, and Mrs. Walton will be hosts at a reception held on the president's lawn in honor of the Texas farm women attending the short course.

Recreation hours consisting of entertainment and relaxation have been planned for each day while the short course is in motion.

Misses Annie Davis and Camille Behringer left Monday for Fort Worth for a week's visit with Miss Alma Davis, who is attending Texas Woman's College.

Conda Wylie has returned from Temple, where he had been for medical treatment the past nine weeks. He is much improved in health.

Mrs. E. R. Walker and daughter, Miss Edie Belle Walker, have returned from a visit to relatives in South Texas.

As Midwestern 'Grass Roots' Republicans Shaped Program

After adopting a ten-point program stressing "collective bargaining" for labor, a stabilized farm market, and sound currency based on gold as principles to guide their 1936 national convention, a two-day "grass roots" conference attended by Republicans from 10 middlewestern states adjourned at the Coliseum in Springfield, Ill., and delegates left for their homes. One of the prominent speakers at the meetings was Frank O. Lowden, former Illinois governor, shown inset as he addressed the attentive assemblage, shown above, assailing the New Deal.

Road Construction Halted by Rains; Relief Crews Small

W. D. Hooper, state resident highway engineer, stated Tuesday that damage to highways and bridges in this immediate section from floods had been very slight. A little damage on highway 23 near Talpa is about all that has been reported to the local office.

Contractors awarded the construction on the gap in highway 4 south of Winters have not moved in machinery for the work to date. They had unfinished jobs at other points and rains have delayed them until it will be some time before they finish the other work and are able to move their grading and concrete machinery here. The work on this six-mile section is expected to be commenced by the first part of July, however.

Monday morning of this week the relief crew on the Ballinger-Bronte highway dropped off to about 20. Approximately 100 men are needed on this construction but for several weeks only about 60 have been reporting.

No work is being done at all on the relief job in Concho county between Eden and Paint Rock. Work was halted there last week when a crew could not be furnished by the county relief office.

Good progress is being made on the contract job on highway 9 from Eden to the McCulloch county line. Several days were lost on account of rains but all construction is underway again this week.

Mr. and Mrs. J. T. Preston, of Pearsall, are here for a visit with Dr. and Mrs. A. S. Love and other relatives for several days.

Miss Angelina Schwertner, of San Angelo, spent Saturday and Sunday in the homes of Mrs. J. A. Zak and Mr. and Mrs. Charles Olsak.

H. S. Yeager, of Dallas, was here on business this week.

Harvest Season Starts This Week; 40 Reapers Sold

Runnels county farmers this week started cutting one of the largest small grain crops in recent years. Practically all the oats in this county are ripe and ready for harvesting and most of the fields were dry enough Tuesday for reapers to operate.

A check-up Wednesday revealed that 40 new harvesters and one mower had been sold and delivered by Ballinger firms to harvest the small grain crop. Mechanics who have been erecting machinery this week said binders put in the fields got so muddy the ball wheel would slide without turning the other parts of the machine. Small grain raisers are anxious to get their grain in the shock before more rain falls.

Besides harvesting there is much other work to be done in the farming sections and every day there has been a number of farmers in town looking for hands. Some replanting has been done and nearly every field needs plowing to rid growing crops of weeds and grass. Cotton choppers have been in demand this week. Local business men who have been over most of the county believe, however, that ten more days of fair weather will be sufficient for farmers to catch up with their rush work.

J. L. Lee, of Maverick, who was in Ballinger Tuesday, stated that crops were looking very good in his community but farmers were far behind with their chores.

Albert Fryar went to Rock Springs Sunday to meet his daughter, Miss Marcella Fryar, and Miss Mary Faye Wardlaw, who had been attending the Presbyterian encampment at Kerrville and were waterbound for several days.

Mr. and Mrs. Garland Parks and daughter, Miss Mary, who had been at Arlington during the school year, returned last week to spend the summer in Ballinger.

Farmers in Mass Meeting Favor Soil Conservation

Winters Cannery Starts Operation On Vegetables

The relief canning plant at Winters was completed last week and began operations with Mrs. Faye Bryson in charge and a crew of 20 employed. The plant is operating full time at present on vegetables and has enough beans on hand for steady work for some time. H. N. Lyle, county relief administrator, said Tuesday that the Winters plant would have a capacity of approximately 1,000 cans per day at its peak which will probably be on meat. He said that it would be impossible to make that record on vegetables as it requires more time to process them.

Work on the building which will house the canning plant in Ballinger is nearing completion. The roof has been completed and a crew is plastering and finishing the interior. Machinery is here and will be installed as soon as possible and operations will start about July 1. Mrs. Hulda Mullins will be in charge. Already many farmers have made arrangements to have produce canned on the toll system.

There is an abundance of vegetables ready for canning now and the first runs will be of that kind. Meat will be canned later when vegetables and fruit become scarce.

A number of women have made application for work in the local cannery and a full crew will be employed as soon as the plant is finished and equipment installed.

Harry Lynn left Sunday for a two weeks' vacation. He joined his family at Kerrville and after a few days there will go to San Antonio and other points. Mr. Lynn had to go via San Angelo and Rock Springs in order to get to Kerrville by highway.

Wendell Bedichek, staff correspondent for the Abilene Reporter and News, is here this week to report the invitation golf tournament on the Ballinger Country Club links.

Miss Mary Lou Zak left Thursday night for Taylor, where she will spend several weeks with her sister, Mrs. Joe David, and other relatives.

Typewriter ribbon at Ledger office.

Definite plans were laid for a soil conservation program in Runnels county at the soil conservation meeting in Ballinger Monday afternoon. A plan to secure a conservation assistant who will supervise all terracing in the county was outlined in detail by W. M. Burkes, supervisor of conservation service, Texas relief commission. Application blanks for those wanting terracing work, either running of lines, building of terraces, or both, are on hand in the county agent's office and, as soon as enough acreage is signed up to keep a crew busy, the service of the conservation assistant will be secured through the state relief commission. According to this plan, landowners who sign to have their terrace lines run, or terraces built, will be charged a very reasonable rate for this work, and applicants for terracing work in this county are asked to fill out application blanks at once.

At the meeting here Saturday the planning committee for Runnels county, composed of T. D. Coupland, of Winters; J. D. Motley, of Ballinger; and County Agent Elmo V. Cook, stressed the urgent need at this time of a soil conservation program in this county. E. T. Nagle, state administrator in charge of soil conservation camps in this region, told about the latest improved methods of terracing and explained the workings of the erosion camp. He assured those present that Runnels county would be given every consideration regarding its application for a soil erosion camp, which was made by the commissioners' court a few days ago. Mr. Nagle explained that all of the locations for the present quota of camps have been designated for a twelve-month period but that should opportunity arise to locate additional camps this county would be given every consideration.

Mr. Nagle was told by a number of those present at the meeting that Runnels county does not intend to wait for government assistance in controlling soil-washing, but that the landowners will be ready to cooperate when other camps are available, or when old camps are moved to new locations, regardless of whether this should be within the next few months or years.

The meeting here was attended by about one hundred farmers and business men from all parts of the county, and those present voted unanimously to cooperate with every move being made to con-

Sheriff's Sale

By virtue of a certain order of sale issued by the clerk of the District Court of Travis County, 53rd Judicial District, in cause No. 55,103, on the 4th day of June, 1935, in a certain cause wherein D. J. Pfluger, L. W. Pfluger, Hulda Pfennig, John Pfennig, (pro forma) Matilda Pfennig, Rudolf Pfennig (pro forma), Nettie Malmquist, Oscar Malmquist (pro forma), Lydia Muery, Arnold Muery (pro forma), Alwine Speckels, J. A. Speckels (pro forma) are plaintiffs and A. T. Pfluger and the First State Bank of Pflugerville, Texas, are defendants, in favor of the said plaintiffs, D. J. Pfluger, L. W. Pfluger, Hulda Pfennig, Matilda Pfennig, Nettie Malmquist, Lydia Muery, and Alwine Speckels, plaintiffs in the District Court of Travis County, Texas, 53rd Judicial District, on the 18th day of April, 1935, and said judgment being for foreclosure of deed of trust lien on the premises herein mentioned against both defendants above named to satisfy said judgment, and further providing for foreclosure of deed of trust lien on the premises herein mentioned against both defendants above named to satisfy said judgment, and further providing for foreclosure of judgment lien of defendant First State Bank of Pflugerville against A. T. Pfluger for judgment in the sum of \$3,597.40 with interest from October 25, 1934, at the rate of eight per cent per annum and costs of suit in cause 54,193 in the District Court of Travis County, Texas, that being the number of the cause in which said judgment of First State Bank of Pflugerville was obtained, and said judgment directing that the lien of First State Bank of Pflugerville against the property herein mentioned is second and inferior to the lien of plaintiffs above named, and said judgment in said cause 55,103 directing that the proceeds of said sale in Rannels County, Texas, described herein and in plaintiff's judgment be applied first to payment of \$125.00 to D. J. Pfluger and L. W. Pfluger as trustees for Ella Pfluger, Frieda Pfluger, Erna Pfluger, Lester Pfluger, and Alma Pfluger, children of Emil Pfluger, then to the satisfaction of the judgment of plaintiffs as above mentioned, and after satisfaction in full of plaintiff's judgment then to the payment of said judgment of defendant First State Bank of Pflugerville, and the balance if any to be paid to defendant A. T. Pfluger, and there being a credit of \$433.80 (net credit) in the said judgment in favor of plaintiffs D. J. Pfluger et al.

I have on the 31st day of June, 1935, levied upon, and will, on the 2nd day of July, 1935, at the Court House door in the City of Ballinger, within legal hours, proceed to sell for cash, to the highest bidder, all the right, title and interest of A. T. Pfluger in and to the following described property, levied upon as the property of A. T. Pfluger to wit:

All of the right, title, share, interest and claim of any kind of said A. T. Pfluger in and to the land of the estate of Frederick Pfluger, deceased, situated in Rannels County, Texas, including 25 acres of land out of the Jno. Bickelmeier Survey 425 acres out of the T. J. Alcorn Survey together with all improvements thereon and thereafter to be placed thereon and all and singular the rights and appurtenances to the same belonging or in any wise incident or appertaining, all as more fully described in plaintiff's judgment.

The above sale to be made by me to satisfy the above described judgment for Four Thousand One Hundred and Twenty-three and 42-100 dollars, and interest as above set out in favor of D. J. Pfluger, L. W. Pfluger, Hulda Pfennig, Matilda Pfennig, Nettie Malmquist, Lydia Muery, and Alwine Speckels, also the payment

of said sum to the trustees for said minors and also to the payment of the judgment of First State Bank of Pflugerville, all as above provided and all as set out in the judgment of said cause 55,103, which judgment is hereby made a part hereof and hereby referred to for particulars, together with the costs of said suit, and the proceeds applied to the satisfaction thereof.

W. A. HOLT, Sheriff, Rannels County, Ballinger, Texas, June 5, 1935. 6-31

Notice of Application for Probate of Will

THE STATE OF TEXAS. To the Sheriff or Constable of Rannels County—Greeting: You are hereby commanded to cause to be posted for not less than ten days, exclusive of the day of posting, before the return day hereof, at the Court House door, of Rannels County, Texas, a copy of the following notice:

Notice of Application for Probate of Will To all persons interested in the Estate of Mrs. J. W. Lindley, a widow deceased. C. P. Shephard has filed in the County Court of Rannels County, Texas, on the 17th day of June, A. D. 1935, an application for the probate of the last will and testament of said Mrs. J. W. Lindley, a widow deceased, and for letters testamentary, the said will accompanying said application which will be heard and acted on by the Court on Monday the first day of July, A. D. 1935, at the Court House hereof in the City of Ballinger, Rannels County, Texas, at which time and place all persons interested in said estate may appear and contest such application should they desire to do so. Herein fail not, but have you before this Court this writ with

Many a Friend Recommends BLACK-DRAUGHT

People who have taken Black-Draught naturally are enthusiastic about it because of the refreshing relief it has brought them. No wonder they urge others to try it! . . . Mrs. Joe G. Roberts, of Portersville, Ark., writes: "A friend recommended Black-Draught to me a long time ago, and it has proved its worth to me. Black-Draught is good for constipation. I find that taking Black-Draught prevents the bilious headaches which I used to have." . . . A purely vegetable medicine for the relief of

Tuberculosis Tests For County's Cattle Reveal One Reactor

Dr. B. W. Boyd, who has been in charge of the tuberculosis tests for dairy and range cattle in Rannels county for the past four weeks, requests any cattle raiser whose animals have not been inspected to report to the county agent's office here at once. There will be a veterinary here in a few weeks to conclude the work in herds that were missed if any are reported. Those reporting should give their names, location and number of cattle in their herds.

The crew which had been here completed the tests Saturday and moved to Concho county where similar tests will be given. A final check-up on the number of herds and number of cattle given the tests has not been made, however, only one reactor was found in Rannels county. When the veterinary returns here the entire herd where the one infected animal was found will be given another injection of serum to see if others

react.

A final report on the work done in this county will be made to the county agent within a few days. The quarantine established for the county when the tests began will be lifted so that cattle may be shipped in or out.

All dairy cattle and 20 per cent of the range cattle were given the tests.

EDINBURGH, Scotland, June 20.—Mrs. Louise Whitfield Carnegie, widow of Andrew Carnegie, the Scottish-American steel millionaire, is to receive the freedom of the city of Edinburgh, an honor which was also bestowed upon her husband.

The centenary of Carnegie's birth occurs this year, and Mrs. Carnegie, the daughter of a New York merchant, will visit Scotland to attend centenary functions in his native city of Dunfermline.

Carnegie, who was twenty years older than his wife, died more than sixteen years ago.

Earl Schuhmann spent Monday in Glascock county, where he visited on his grandfather's ranch.

TIRES MAY LOOK ALIKE ON THE OUTSIDE ON THE INSIDE THEY ARE DIFFERENT

HEAT on the inside created by friction is the main cause of blowouts. Firestone Tires are different on the inside—they are built with the patented extra process of Gum-Dipping that soaks every cord and insulates every strand with pure liquid rubber, preventing internal friction and heat. No other make of tire is Gum-Dipped.

When you realize that there were 882,000 automobile accidents in 1934, injuring 954,000 people and killing 36,000, and that 43,000 of these accidents were caused by blowouts, punctures and skidding, you will be more interested in the make of tires you use on your car.

Firestone performance records again emphasize the undisputed evidence that Firestone Tires are not only blowout-proof, but give greatest protection against skidding. There are three questions and answers that will solve the problem of what tires to buy:

QUESTION 1—"Will the tread give me the greatest traction and protection against skidding?"

ANSWER—Recent tests by a leading University show that Firestone High Speed Non-Skid Tires stop a car 15% quicker than any other of the leading makes. For eight consecutive years Firestone tires have been on the winning car in the dangerous Pike's Peak Race where a skid means death. This is undisputed evidence that Firestone gives car owners greatest protection against skidding.

QUESTION 2—"Are they blowout-proof?"

ANSWER—Firestone Gum-Dipped Tires have the most amazing records for being blowout-proof of any tires ever built. In the grueling 500-Mile Race at Indianapolis, May 30th, every one of the 33 cars was equipped with Firestone Gum-Dipped Tires. Kelly Penilla won the race and broke the record over this 26-year-old rough brick track without tire trouble—in fact, not one of the 33 drivers had tire trouble of any kind.

Ab Jenkins drove his 5,000 pound car on Firestone Gum-Dipped Tires over the hot salt beds of Utah, 3,000 miles in 23½ hours, at an average speed of 127.2 miles per hour, with temperatures as high as 120°, without tire trouble of any kind. These are most amazing proofs of blowout protection ever known.

QUESTION 3—"Without sacrificing these two important safety features will they give me longer mileage, thus making them the most economical tires I can buy?"

ANSWER—Firestone High Speed Tires not only give you more than 50% longer wear, but also lowest cost per mile. This is made possible by the tough, wear-resisting tread built with higher shoulders and a wider, flatter contour. This thick, rugged, scientifically designed tread is held securely to the Gum-Dipped cord body by Firestone's patented construction of two extra layers of cords under the tread. This is a special construction feature not used in any other tire. Unequaled mileage records by thousands of car owners add undisputed evidence of the longer wear and greater economy of Firestone High Speed Tires.

You Always Get Better Quality at No Higher Price when You Buy a Firestone Tire with the Firestone Name and Guarantee

REDLANDS REVIEW

The farmers of this community are wearing wry faces due to the fact that hail did quite a bit of damage Saturday night.

Dee McCombs and son made a business trip to Lawn Saturday.

Mrs. J. B. Patterson is visiting her brother at Lubbock for several days.

Mrs. Warren Crofton made a trip to Coleman Saturday.

Mrs. C. S. Brown's sister, of Gilbert, Arizona, Mrs. C. M. Brown, has been visiting relatives at Denton, Dallas, Rising Star and Abilene. She will return to Mrs. Brown's this week.

Mary Kathryn Brown has returned home after a six weeks' stay with her aunt, Mrs. C. M. Brown, at Gilbert, Arizona.

Mr. and Mrs. Walter Lafoon visited in the home of the latter's parents, Mr. and Mrs. Lee Porch, Sunday.

Mr. and Mrs. Britton McMelton were Lawn visitors Saturday evening.

V. C. Jones and family visited in the C. S. Brown home Sunday evening.

Mrs. Will Cary visited in the home of her son, Lawrence Cary, Saturday.

Carroll Griffin, Sonny Jim Brown and Caleb Brown, Jr., visited in the Duncan home Sunday evening.

Dee McCombs' niece, Mrs. Holbrook, of Fort Worth, visited in his home several days last week.

Weldon and Gaston Duncan were guests of Zuma and Mary Kathryn Brown for forty-two Friday night.

Clem Scott and C. S. Brown made a business trip to Lawn Friday.

Morris Lewallen is slowly improving.

Stella Mae Tacker was honored on her birthday June 15 with a party for all her friends.

Mrs. M. A. Lewallen made a business trip to Winters Friday.

H. H. Henson and family visited in the home of his daughter, Mrs. Ted Dick, of Lawn, Sunday.

Dee McCombs was host for an ice cream party Monday night. The following report as enjoying it very much: Rev. McClelland, wife and daughter, Katy Jane, of Lawn, Mr. and Mrs. Shorty Halbrook of Fort Worth, H. H. Henson and Mary Kathryn Brown.

R. E. Lafoon is cutting grain in the Content community.

BENOIT BEATS

Don't forget the ice cream supper that is to be held Friday night at the school house. A vote will be given with each ten cent purchase made, so you may be the winner of the quilt that is to be given away. Don't disappoint us.

Mrs. L. B. Elam, of Miles, went home Saturday morning after spending a few days with Mr. and Mrs. W. T. Hill. Mrs. Hill accompanied her home for a short visit.

Mr. and Mrs. Joe Mueller were guests of Mr. and Mrs. E. A. Werner Sunday afternoon.

Mr. and Mrs. J. L. Hoffman and Mr. and Mrs. A. J. Pullin and family were among those who attended church at Ballinger Sunday.

Mr. and Mrs. O. C. Cox spent Sunday with Mr. and Mrs. Aubrey Ashton Sunday.

Miss Lurline Brookshier has been very ill with the mumps, but is reported to be some better at this writing.

Miss Laura Bee Gibson spent Monday with Miss Cleo Hoffman.

Mr. and Mrs. Claud Brookshier and family were dinner guests of Mr. and Mrs. A. N. Hoffman Sunday.

Miss Lucille Hoffman spent Saturday night with Miss Kathryn Kelly, of Ballinger.

Miss Cleo Hoffman was among those to participate in the picnic at Cisco Sunday, which was given by Mr. and Mrs. P. J. Harris, of Ballinger.

Mr. and Mrs. C. M. Gibson had as their guests Sunday Mr. and Mrs. Henry Moody, of Brownwood, and Grafton Brookshier.

BETHEL BEAMS

Farmers are busy in their fields this week. They are taking advantage of the fine weather we are having. After so much rain the fields are in a bad condition.

Miss Emma Blalock and little Miss Beverly Schnurman, of Dallas, are visiting friends and relatives here.

Miss Vivian McCartney was the guest of Miss Artella Benfer Sunday.

Miss Laverne Gaines, of Bronte, spent the week-end with Misses Corene and Juanis Nunley.

Misses Mary and Juanis Nunley spent Monday night with Mr. and Mrs. I. L. Nunley.

church services at Ballinger Sunday morning and afternoon.

Mrs. Eve Wilson Carter, of Long Beach, California, is spending a three weeks' vacation with Mr. and Mrs. T. S. Berry, and other relatives.

HERRING HOURGLASS

All the farmers are busy working in their crops as they have been delayed because of the rains and hail storms which were received recently.

Rev. Funderburk filled his regular appointment here Sunday and Sunday night. There will be church every first and third Sunday in each month and everyone is invited to attend.

Mr. and Mrs. Edgar Whitley, of Crane, spent a few days this week visiting relatives in this community.

Misses Mona Avert and Naomi Brevard were guests in the Welby Fuller home Wednesday.

W. A. Hale, Jr., spent Sunday with S. J. Brevard.

Miss Myrtle Ruth Hale spent the week-end with her sister, Mrs. Play Brevard, of Glen Cove.

Mr. and Mrs. Walter Schwartz and family were Sunday visitors in the L. A. Faubion home.

Mr. and Mrs. Grady Miller entertained a few of the young folks with a party in their home Saturday night.

Mr. and Mrs. W. L. Allcorn were callers in the J. T. Brandon home Sunday afternoon.

We are sorry to report Mrs. W. A. Hale on the sick list. We wish her a speedy recovery.

Miss Josie Lou Stacy, of Oxien, spent Saturday with Miss Naomi Brevard.

Mr. and Mrs. Grady Miller and daughter, Billie Jean, and Ozella Avert visited in the home of Marion Kerby Sunday.

Mrs. J. J. Fuller spent Tuesday afternoon visiting Mrs. W. A. Hale.

CREWS CHATTER

Tuesday of the previous week the women of the west Brownwood zone met at the Methodist church here. They had an interesting program, also giving some fine reports on the splendid work they are accomplishing. Several preachers were also present. The presiding elder preached at the 11 o'clock hour. A bountiful and elaborate dinner was served the guests in the hall of the school building.

A message from Bro. Corbin states he will be able to fill his appointment at the Baptist church this week-end. Illness prevented him from filling his appointment in May.

Rain has fallen here until people are really glad to see sunshine for a short time, to clean out their crops and cut grain. Crops are growing rapidly, but other vegetation is also. About two weeks of sunshine and lots of real work and the entire farming community will look quite different. However, we are not complaining of rain yet for a great deal was needed to put a "season" in the ground.

The vacancy in the school faculty has been filled. Mr. Rucker, of Brownwood, has been elected to teach here next term.

Cowboy 'Horns In' On Filmland

The Austin resident of a cowboy outfit to be used in Hollywood in August, shortly after the return of Robert Hart, Texas cowboy, to present the movie colony with a pair of mounted "long horns" from his of the Texas steers on Santa Rita Mexican ranch. The horns were one foot six inches long and tip in 1 1/2.

visited his brother, W. C. Mathis, Tuesday.

Other rural correspondence on page seven

NEGROES CELEBRATE THEIR BIG HOLIDAY

The colored population of Ballinger joined in the "Juneteenth" celebration here Wednesday. The affair officially opened at noon with a barbecue dinner at the negro park at the lower end of Eighth Street. A number of white people who assisted in financing the barbecue attended and were served at a special table.

The amusement program began at 2:30 p. m. when Coleman and Ballinger negroes met in a soft ball game at Fair Park. This was followed at 4 o'clock by a baseball game between the Ballinger and Coleman men's teams.

At night a dance provided special entertainment and was well attended. No speeches or formal ceremonies marked the celebration of emancipation proclamation day here and only a few out-of-town darkies were present.

Miss Evelyn Zak left Thursday for Taylor, where she will spend the summer.

King-Holt Funeral Home

Phone 82 Ring 2 Ambulance

Prices Within the Reach of Everyone

The Family Room

Among the many thoughtful conveniences that our funeral home provides is the attractively arranged family room. It is reserved expressly for the use of the family during the funeral. From it they may see and hear the entire service, secluded from the rest of the chapel, and has private entrance from the car to the room.

All services rendered under personal supervision of the owner of the establishment.

E. E. King and Mrs. E. E. King

NO INTERRUPTION

of YOUR GAS SERVICE as Texas Streams Burst Banks!

With torrential flood waters swirling at many points between you and the gas wells, Lone Star Gas System again has met the threat of the elements. Bridging the gap between the gas wells and your gas appliances, this dependable system has conquered the hazard and kept your service uninterrupted.

The greatest and most widespread floods in the history of this company have threatened the gas pipe lines at many points. As the waters rushed on over the countryside, men stood by these lines day and night ready for any break. While bridges went down and roads were washed out and traffic was halted, the gas lines held intact.

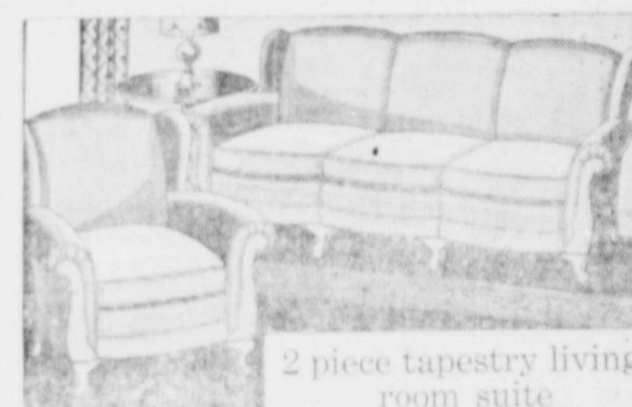

This dependable service is not an accident. It is due to a quarter of a century of planning and huge expenditures of money. Seven pipe line bridges across swollen streams, heavy steel pipe laid deep in the ground, a well trained organization, are among the facilities which have made this gas system able to meet the unprecedented flood conditions.

The ability of your gas company to serve you during emergencies is, after all, the supreme test of service. The significant fact is that the facilities and organization necessary to keep your service constantly dependable in such an emergency must stand by throughout every day of the year waiting your instant call.

McCarver-White Wedding Held This Morning
Miss Marcella White and Clarence McCarver were married in an early service this (Thursday) morning in the home of the bride's parents, Mr. and Mrs. R. E. White, on Tenth Street.

Lovely simplicity characterized the wedding scene. White floor caudelabra holding many white lighted tapers were set against double windows in the living room. In front of these were floor baskets filled with Abelia and Shasta dahias with lace fern. Wide yellow tulle bows on the basket handles were joined by streamers of the same material.

Rev. J. H. McClain, pastor of the Ballinger Baptist Church, officiated for the ring service with only intimate friends and relatives witnessing the taking of the marriage vows.

Mrs. J. H. McClain was at the piano for the nuptial music, using the wedding music from "Lohengrin" as the professional and continuing softly during the service. Miss Dorothy Chancy gave Cadman's "At Dawning" as a violin number preceding the ceremony, and Mrs. Elmer Sheppard sang "I Love You, Truly," by Carrie Jacobs-Bond.

The bride, a beautiful blonde, wore a frock of heaven blue crepe with deep yoke of imported lace in navy. All accessories were also navy. The corsage bouquet was fashioned of white stock and maiden hair fern. For going away she wore a black and white matelasse crepe suit with black accessories.

After a week's wedding trip, Mr. and Mrs. McCarver will make home here.

Mrs. McCarver is the only daughter of Mr. and Mrs. R. E. White and has grown to young womanhood here. She graduated from the high school in 1932 and since then has attended Mary Hard-Baylor College in Belton. She took a prominent part in all school activities and was a member of Alpha Xi Omega, national dramatic fraternity.

Mr. McCarver is the son of the late W. C. McCarver and Mrs. McCarver and is a member of a family prominent for many years in Ballinger's history. He is a graduate of the high school here and received his A. B. degree from Howard Payne College, Brownwood, in 1928. He holds both a B. S. and an M. A. degree from George Washington University. He is a member of Delta Tau Delta fraternity and during his last year in university was chosen as one of ten for membership in the Gate and Key, national men's honorary fraternity. Throughout his entire school career he was a well-known athlete, starting from high school days. He will be a member of the Ballinger school faculty next year and assistant football coach.

Mrs. Miller is Honor Guest
Mrs. Roy Miller of Orlando, Florida, was named guest of honor on Wednesday afternoon by Mrs. W. B. Woody, who entertained at contract bridge in her home on Seventh Street.

A blue and yellow color combination was stressed in all details. Dahias, nasturtiums and blue larkspur gave floral adornment to rooms where tables were laid in blue Denison covers for the tea hour which preceded the games.

The floating prize went to Miss Florence Westbrook, high score and guest remembrance to Mrs. Miller, and high cut to Mrs. Jack Rudd.

Included were: Misses Miller, Rudd, J. B. Striplin, E. W. Stasney, Leslie Baker, C. W. Cheatham, George Kirk, Alex McGregor, Arthur Giesecke, Phillip Walker of San Antonio, Herman Giesecke, Jr., Claude Stone, Delbert Vancil, Homer Carney, George Golightly, M. S. Patrick, Leonard Stallings, Charles Bailey, Ross Murchison, Hubert Bruce, L. R. Tigner, A. R. Jones, R. W. Earnshaw, J. C. Richards, J. A. Schnable, Joe Forman, B. F. Guin, Troy Simpson, Loyd Herring, and Robert Harding of San Antonio, Misses Griffie Atkins, Eugenia Baskin, Westbrook, and Virginia Holman.

Dr. and Mrs. Douglass Are Hosts at Dinner
A beautifully appointed dinner to compliment Miss Marcella White and Clarence McCarver was given by Dr. and Mrs. J. G. Douglass Tuesday evening in their home on Broadway.

A wealth of lovely blooms, roses, gladiolas and sweet peas, in pink tones gave added beauty to the reception rooms. The centerpiece arrangement for the dining room table was especially lovely. A silver crescent moon filled with flowers in a sky of blue cellophane held also a tiny bride and groom. Four- some tables were centered with bowls of sweet peas.

The following program was given: "Gavotte" by Gossec, was

played as a violin solo by Miss Dorothy Chancy; Mrs. Claude Stone read "To the June Groom" by Edgar A. Guest; Mrs. Frank Pearce sang "I Love You, Truly," and Mrs. Alex McGregor sang an original song written by Mr. Jack McGregor.

A three-course dinner was served by Mrs. Douglass assisted by Mrs. A. W. Sledge.

A gift of Pickard was presented the honor guests by Dr. and Mrs. Douglass.

Included were: Miss White and Mr. McCarver, Misses Jimmy Jewel Taylor, Chancy, Frances Trail, Neil Sheppard, Messrs. Tom Penn, J. D. Forman, H. J. Zappe, Jack Lynn, Neil McAlpine, Mrs. W. C. McCarver, Messrs. and Mmes. George Golightly, Jack Rudd, Bill Wright, Horace Sessions, Lawrence Grier, John Hollingsworth and R. E. White.

Thirteenth Birthday is Celebrated
Frances Mae Fraser of Fort Worth, was given a party on her thirteenth birthday last week by her aunts, Mrs. Jim Duncan and Mrs. Fred Holliday in the Holiday home on Fifth Street.

Group games were played in the large living room with winners being rewarded. Favors were dainty handkerchiefs.

The birthday cake iced in pink was cut and served with ice cream.

Guests were: Frances Mae and Betty Fraser, Phyllis Grounds, Ella Marie Witter, Isla Mae Jennings, Mary Simpson, Dorothy Ann Holliday, Ruby Nance, Pauline Thorp, Odena Parriah, Bill Mountz, Jr., Margaret Howard and Billy Butler.

Club is Entertained
Mr. and Mrs. Cicero Smith entertained members of their contract club on Friday evening in their home on Sixth Street.

Gladolias and sweet peas decked rooms where floral tallies marked places at three tables. Prizes were won by Mr. and Mrs. Lawrence Grier for high score and by Sam Dunlap for high cut.

A plate of peach short cake and iced tea was served with puffy favors to Messrs. and Mmes. Dunlap, Rothal O'Kelly, Herbert Peoples, Henry Doss, Grier, and Mr. Edward Sommer.

THREE PERRY BROTHERS STORE HOLD A JOINT PICNIC AT LAKE CISCO
P. J. Harris, manager for Perry Brothers here, Mrs. Harris, and employees of the local store went to Cisco Sunday morning for an all-day picnic with the personnel of the Albany and Cisco stores. The group left here early Sunday morning and the picnic lunch was spread at the noon hour on the bank of Lake Cisco.

Mr. Harris stated that everyone present seemed to enjoy the outing very much. The manager of the Albany store is Walter Atwell, a former employee here is manager of the Cisco unit of the company.

Those from here who attended the picnic besides Mr. and Mrs. Harris were: Misses Cleo Hoffman, LaVerne Land, Helen Compton, Elva Sykes and Louise Nunn.

Mr. and Mrs. Cecil Jones and son, Walter, left Tuesday morning for a two weeks' vacation trip in New Mexico where they will visit the Carlsbad Caverns, White Mountain and other points of interest.

Mr. and Mrs. Sam Behringer and Mr. and Mrs. E. Sheppard went to Camp Louis Farr near Merton Friday evening to attend an inter-city meeting of the Ballinger and San Angelo Rotary clubs.

Ed Nunnally, of San Angelo, was here Tuesday to visit friends and attend to business.

Ballinger Firemen Return from State Meeting at El Paso

The Ballinger delegation to the State Firemen's Association convention at El Paso returned home Saturday. Chester Cherry, K. V. Northington, Jr., and Ollie Hamilton returned by train to Abilene, while Malcolm Morgan and daughter, Dorothy, and Mrs. E. E. Avey and daughter, Bobbie, returned by automobile, coming via the Carlsbad Caverns.

The Ballinger delegates were extravagant in their praise of the entertainment accorded by the people of El Paso which included a trip to Mexico and the witnessing of a bullfight. Attendance at the convention was large this year and an excellent program was presented at the three main sessions.

Firemen of the state are looking forward now to the fire school at College Station in July. Mr. Cherry, chief of the Ballinger department, is a director of the school and will assist in mapping the program.

K. V. Northington, Jr., was mascot for the state organization the past year and attended the convention in this capacity. He was succeeded by a Coleman boy who will serve in the honorary position for a year.

A complete report on the convention will be given at the next regular business meeting of the local department.

METHODIST SOCIETY TO HAVE ANNIVERSARY PROGRAM

Throughout the entire Southern Methodist Church the women's organizations will celebrate their twenty-fifth anniversary with an especially planned program and social at the church Monday afternoon June 24, at 4 p. m. Twenty-five years ago the Woman's Home Mission Society and Foreign Mission Society merged into one group.

The program follows:

Song, "Hest be the Tie that Binds"
Prayer, Mrs. R. W. Bruce
Greeting, Mrs. W. B. Woody
Tribute to past presidents, Mrs. J. A. Schnable
Tribute to pioneer members, Mrs. John A. Weeks

Talk, "Activities of General Missionary Society for the Past 25 Years," Mrs. A. B. Legate
Solo, "I Shall See Him Face to Face," Mrs. Jack Nixon, Jr.

Talk, "Activities of Local Auxiliary the Past 25 Years," Mrs. R. A. Dickinson
Presentation of baby life memberships, Rev. W. H. Vanderpool
Solo, "I Think When I Read that Sweet Story of Old," Mrs. Troy Simpson

Playlet, "Our Heritage," directed by Mrs. W. H. Vanderpool
Offering
Benediction, Mrs. E. L. Rasbury, of San Angelo

Social hour
The offering taken will go toward buying a baby life membership and to assist in the support of a Bible woman in the foreign field.

Every woman in the church is cordially invited to be present.

SOUTH BALLINGER HOME DEMONSTRATION CLUB

The South Ballinger home demonstration club met Tuesday, June 18, with Mrs. Sam Hutcheson. The triple A program was discussed, and other round table talks made.

Mrs. George Killam met with the club and gave a speech on parliamentary rules, also some drills.

Members present were: Mmes. J. C. Reese, Henry Greer, A. A. Wallace, Henry Leach, Sam Hutcheson, Jim Massey, George McMillan, George Killam, Virgil McShan, Bernard Batts, W. B. Holland, C. D. Harris. Visitors were Mrs. Antonio Couzier and Mrs. T. P. Brown.

Refreshments of punch and cookies were served by the hostess to all present.

Miss Myra Tankersley, New Home Demonstrator Arrives

Miss Myra Tankersley, new home demonstration agent for Rannels county, is here this week working with Mrs. Lura Hollingsworth, getting acquainted with the club women of this county preparatory to taking over the work July 1. At that time Mrs. Hollingsworth will go to Midland to become the home demonstration agent for that county.

Mrs. Tankersley comes to Rannels county well recommended and is fully qualified for the position she is to fill. She has had much experience in this work and special training through the extension service of A. & M. College.

Mrs. Hollingsworth has served Rannels county as home demonstration agent for the past 8 years. She came here 18 months after the service was initiated in this county and has organized and built up one of the best club counties in the state. Approximately 1,500 women have received special training in the clubs since she has been here.

Wonderful achievements have been reported in club work in this county and it is difficult to determine where the most good has been done. In the preservation of food records have been established the importance of which have been almost impossible to fully realize. Each year thousands of cans of fruits, vegetables and meat have been canned, representing value of many thousands of dollars. In the county wardrobe contests hundreds of garments have been made and making dresses at home has been given much attention. Yard improvements have been made at many homes and this project, started three years ago on a 5-year plan, will not be completed for two more years. Many homes have been improved at a very small expense during the living room and bedroom contests held by the women's and girls' clubs.

In addition to this regular work, Mrs. Hollingsworth has assisted in the exhibits at five Rannels county fairs at Ballinger and two live-at-home fairs at Winters. She has cooperated in preparing exhibits for district fairs at Abilene and San Angelo.

Three camps for the women and one for the girls have been held and these have been made an annual feature of the club work in this county. She has been instrumental in helping two girls attend the encampment at the State Fair, Dallas, for four years. For the eight-year period an average of 50 women and girls have attended the short course at College Station each year and fully that many are expected to go this year. Rannels county has led all counties in this section in attendance at the short course.

A home demonstration council was organized in 1928 and has functioned efficiently ever since. The council, composed of two representatives from each club in the county, does not call on the clubs for help. This year it is offering four free trips to the short course and one round trip railroad fare.

Club reporters of the county have been instructed in three schools, supervised by specialists from A. & M. College.

Mrs. Hollingsworth stated that she regretted to leave Rannels county and the many friends she had made here. She goes to a better position, however, the change meaning a promotion for her.

Miss Tankersley stated Monday that she hoped to take up the work where it was at present and carry on and in doing this invited the help and cooperation of all the citizens of Rannels county. She will be in the rural communities most of her time, meeting with the clubs, etc., but hopes to be in her office in the court house at least one day out of every week.

Fat Folks Read This SHE REDUCED 14 LBS. IN 3 WEEKS

Paid No Attention To Envious Gossipers

Mrs. J. H. Valentine, of Freeport, N. Y., writes: "I lost 14 lbs. with Kruschen and my husband took off 12 lbs. in 3 weeks and intends keeping up the good work. I think Kruschen is simply wonderful."

Intelligent folks like Mr. and Mrs. Valentine don't listen to gossiping folks who tell them it's impossible to reduce safely.

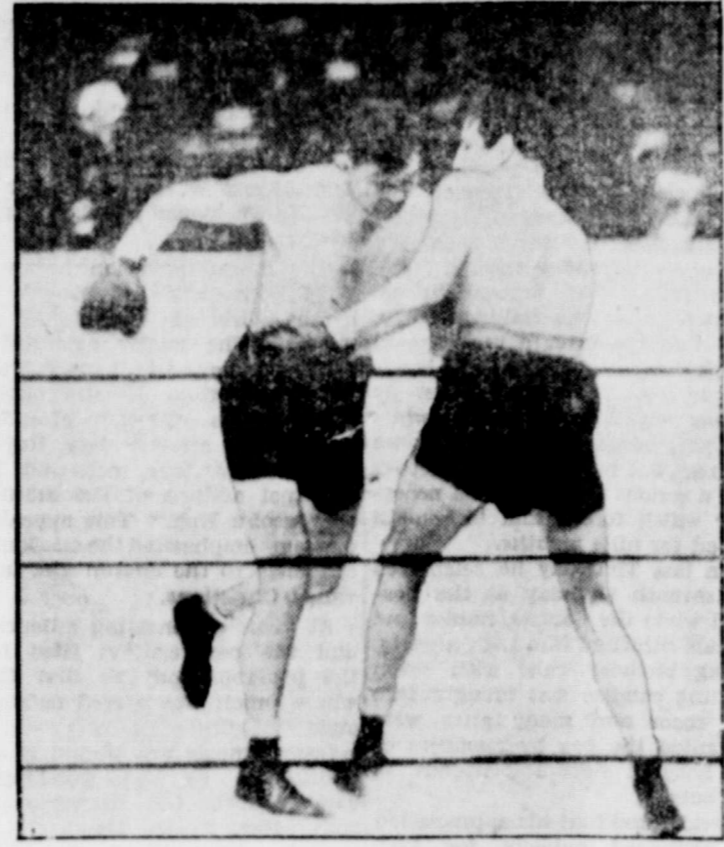

Kruschen Salts is one safe reducing treatment—it's a health treatment—physicians prescribe it—just take a half teaspoonful in a cup of hot water first thing every morning—tastes fine with juice of half lemon added—a jar lasts 4 weeks and costs but a few cents—any drug store, Weeks Drug Store, J. Y. Pearce Drug Co., and L. C. Daugherty Drug Store sell lots of it.

Mr. and Mrs. J. L. Davis visited in Abilene Sunday with a relative who is ill at the Abilene hospital.

Penrose Metcalfe, of San Angelo, attended to business and visited friends in Ballinger Sunday.

Russell Henry is attending to business and visiting friends in Abilene this week.

Jimmy's New Champ 'By a Long Shot'

"It feels good to be champ" is evidently what Jimmy Braddock, new heavyweight champion, is whispering to Jack Dempsey, in the picture at right. In one of the ring's most startling upsets, the Jersey Irishman, a 10-1 shot, left-jabbed Max Baer to defeat in a 15-round decision mill. A year ago, Braddock and his family existed on relief funds, when Jimmy found prelude bouts or work on the docks unavailable. Since then, the 29-year-old fighter earned himself a chance at the heavyweight title by virtue of wins over Corn Griffin and Art Lasky, both bouts in which he had been considered a "set-up." A crowd of 20,000 fans in New York watched the fight, a scene from which is shown above.

TRAVEL, EARN, LEARN

Young people would you like to see Washington, D. C., San Francisco, Hawaii, Brazil, Japan, the Argentine, or India while earning a good income?

Through the world-famous Draughton Training, young people now hold inspiring positions in all of these and many other interesting cities and countries.

The nation-wide Draughton training and placement facilities are pass-words to good positions everywhere, and give ambitious young people a quicker and better start in life than can be hoped for in other vocations—and at only a fraction of the time and expense.

Final Enrollment For 4-H Club Boys Will Close July 1

A final enrollment of Rannels county 4-H club boys is underway and will be completed not later than July 1. County Agent Elmo V. Cook has sent a letter to all former members of boys' clubs asking them to sign up again this year and to signify their preference in the club projects.

The enrollment is already fair and many others are expected to be enlisted within a few days. The last projects to be started must get underway by September 1 and if the goals set are reached the county will have more club work underway than at any time in its history.

Already there are 20 calves on feed and will be ready for fat stock shows next spring. Mr. Cook thinks about 100 lambs and 50 pigs will be put on feed by club boys by September 1 and a number of farm projects will be underway within a short time.

The county agent has promised to assist the boys in the selection of lambs and pigs for feeding. He has contacted a number of raisers who will have animals for sale during the summer and some choice registered stock can be secured if enough boys can be interested in the movement.

Any boy who desires to join a club this year is asked to see Mr. Cook or write him, giving preference on the special projects he will enter.

TWO MEMBERS OF '35 CLASS MAY GET SCHOLARSHIPS

Supt. H. C. Lyon announced Wednesday that he has two business college scholarships which are to be given to deserving members of the 1935 senior class of the Ballinger high school and to be used this summer. The scholarships were received after the last term ended and there has been no opportunity to make the awards.

Mr. Lyon requests that if there are any members of the last graduating class who expect to attend a business college this summer to get in touch with him and discuss the two scholarships he has to be awarded.

Mosquito or Chigger

And other insect bites may cause infection. BROWN'S LOTION gives instant relief, prevents infection. Highly antiseptic. First bottle sold with money back guarantee in 60c and \$1.00 sizes, at J. Y. Pearce Drug Co.

Calling Cards printed on short notice. Phone 27, we do the rest.

NEWLYWEDS ARE GIVEN ADVICE BY SOVIETS

MOSCOW, June 19.—Information for newly wedded couples is given on the back of illustrated marriage certificates being sold to Russian brides and bridegrooms. The documents cost 4 rubles (about \$2.60).

One side is adorned with photographs of the bride and bridegroom against a background of factory chimneys and the reverse contains numerous slogans and texts, such as: "A thoughtless marriage or separation cripples not only the contracting parties but also their children."

Birth certificates, which are much cheaper, are obtainable illustrated with photographs of the baby, against a background, also, of factory chimneys. On the back are warnings to parents of their obligation in rearing their children.

LARGE DIAMOND-BACK RATTLES KILLED NEAR PAINT ROCK SATURDAY

Saturday morning about 8:30 Barney Nunley and Shelburne Greenhill killed a large diamond-back rattlesnake on the Mrs. D. E. Sims ranch east of Paint Rock. The snake measured 5 feet and 1 inch in length and 4 1/4 inches around the body. The rattles had nine rattles, but it appeared that three or four had been broken off. The boys killed it with rocks.

This is the second large rattlesnake killed in the vicinity in the past year. The other reptile was killed by Oren Nunley and M. B. Wardlaw near Paint Rock a few months ago. It was 4 feet 5 inches in length and 3 1/4 inches around the body.

Mr. and Mrs. Sam Runkles, of San Angelo, visited relatives here Sunday.

You haven't a modern gas range if you haven't these four features

JUNE SALE makes one so easy to own

Start a new era of saving and efficiency in your kitchen with a modern gas range. The special terms which your gas company is now offering are low enough for anyone to afford. Remember, only a modern gas range has oven insulation to help keep kitchen cool during summer months. For more leisure and better, surer cooking investigate this June Range Sale!

- Trade-in allowance!
- Extra allowance on Ranges other than Gas!
- Small down payment!
- Easy monthly terms!

K. of C. at Rowena Elects New Officers

Bishop Forrest council No. 2636, Knights of Columbus of Rowena, met Tuesday evening for the annual election of officers. The meeting was largely attended with Rev. J. A. Zienta, member of the Amarillo council, a prominent visitor. H. J. Zappe, district deputy, was drawn for the attendance prize but was not present to accept it.

Refreshments were served following the business session.

Officers elected for the ensuing year were:

Grand Knight, E. J. Cervenka, (reelected)

Deputy Grand Knight, Robert Lange

Chancellor, Martin Maas, (reelected)

Recording Secretary, Otto Dierschke

Treasurer, Rudolph Franke

Advocate, A. A. Fisher, (reelected)

Warden, Edwin Moeller

Inside Guard, Fred A. Richter

Outside Guards, Emil Scheibe and Chris Hoelscher

Trustee, J. G. Schuhmann, (by acclamation)

Holdover Trustees, Adolph B. Halffman and Joe A. Lange

Appointed officers are as follows:

Chaplain, Very Rev. F. J. Pokluda (reappointed)

Lecturer, Rev. G. A. Boeckman

Financial Secretary, Joe G. Dierschke, (reappointed)

Organist, Gerhard C. Rollwitz, (reappointed)

Assistant Warden, Arthur C. Wilde

Medical Examiners, Dr. J. J. Shiller, of Rowena, and Dr. F. M. Hale, of Ballinger.

Speakers Discuss County's History, Progress of Town

Ballinger Rotary Club members heard two speakers Tuesday tell something of the early progress of Runnels county and Ballinger.

Frank C. Dickey, with the aid of an unusual map traced the courses of the early Spanish expeditions into this domain and showed that nearly all of them stopped along the Colorado River in the close vicinity of Ballinger. According to this historical map the conquistadores camped on the Colorado near the present site of Ballinger, long before an expedition headed into what is now the city of San Antonio.

Along with this historical data Mr. Dickey showed that the trips were made to this point in looking for the mythical "seven cities of gold." He connected this with actual findings in this vicinity in recent years of stones with markings to indicate they were put there by the early explorers.

E. M. Lynn reviewed the pioneer days of Runnels county, the removal of the county seat from Runnels "city" to Ballinger after the coming of the railroad, the high prices of the first businesses and the general progress.

He took his hearers along the main street of 25 years ago, calling their attention to the business houses then operated. He passed on down Hutchings Avenue to that section of the town where thriving wagon yards occupied much space, pointed with pride to the rock livery stable with its fiery steeds and rubber-tired buggies, the opera house where "East Lynne" and "Uncle Tom's Cabin" were played to one night stands.

All this he contrasted to with the modern stores of today, the paved streets and new business houses and managements. He complimented Ballinger on the cooperation of its citizenship and attributed much of the responsibility for this advancement to those who had vision and worked together for a better community.

A number of San Angelo Rotarians were here Tuesday to make up their attendance.

Mr. and Mrs. John Hollingsworth will leave tomorrow (Friday) for Electra, where Mr. Hollingsworth has accepted a position with the Panhandle Oil Company.

Mrs. Lula Noyes and daughter, Mrs. Roy Miller, of Orlando, Fla., are visiting Mr. and Mrs. R. G. Erwin and other friends here.

Save money on groceries, read the ads.

His Alibi

He was relating at the breakfast table an incident that occurred at the lodge the previous evening. The president of the order, he said offered a silk hat to the brother who could truthfully say that during his married life he had never kissed any woman but his own wife.

"And would you believe it, not one stood up."

"George," his wife said severely, "why didn't you stand up?"

"Well," he replied, "I was going to, but, you know, dear, I look like the devil in a silk hat."

New Enlistments Being Accepted For CCC Camps

H. N. Lyle, county relief administrator, has received a quota of 50 men for enlistment in the CCC camps. This is not a definite or final figure for the quota but Mr. Lyle stated Wednesday that he doubted if that many recruits could be obtained in this county.

The same requirements regarding allotments to dependents will prevail in this enlistment but the age limit has been raised from 18 to 28 years. Those who have an honorable discharge from a CCC camp and who have served from 5 to 13 months are eligible for reenlistment according to the instructions received here.

A few youths have already applied to Mr. Lyle for enlistment and anyone else desiring information can get same at the county relief office here. The following statement was made public this week from the state office:

"Selection of Texas boys for enrollment in CCC camps will be confined hereafter strictly to young men whose families are on the relief rolls. It has been announced by Neal E. Guy, enrollment supervisor for the state:

"Guy said federal officials had rescinded all instructions which formerly provided for enrollment of worthy unemployed boys and so-called border-line cases."

"Henceforth we may admit to CCC camps only applicants who can make a proper allotment to dependents. It has been ordered that selectees for enrollment beginning June 15 must in every case represent families on the public relief rolls. This means that in the approaching enrollment period, the 12,000 young Texans taken into the camps should represent 12,000 families removed from the relief rolls."

"Counties unable to supply their quotas from relief roll families will not be permitted to select non-relief applicants but will notify the state enrollment officer, who will fill the quotas from a county which has more eligible candidates than its quota will allow it to choose."

"First phase of the enrollment beginning about June 17 will affect only a very few counties, since only 929 boys will be accepted at that time. The second period, July 1 to August 31, will be governed by completion of new camps now under construction."

Commission Accepts Street Machinery After Thorough Test

The city commission accepted the new street maintainer today (Thursday) after it had been tested here several days. Erectors who came with the huge machine bladed and graded streets and opened drainage lines, and the commission announced it was satisfied the machine was capable of doing the work guaranteed by the manufacturer.

The Adams maintainer has a 50-horsepower Case motor. Pneumatic tires permit it to be driven over pavement without injury, there is a large cab for the operator, and the machine is built to do any type of street work without the aid of other equipment. The old machines in use here for many years were about worn out and in need of several hundred dollars' worth of repairing. The new machine cost \$3,640, and the company allowed \$1,900 for the old equipment besides a 2 per cent cash discount.

Mayor E. M. Lynn made a statement before the Rotary Club this week that the dirt streets in Ballinger were fifteen years behind their former condition due to floods here during the past month and that the new maintainer would have to be operated all summer to put them back in condition.

Street Commissioner George Holman said Thursday that he believed the new machine would meet every requirement for street work.

A city survey on June 1 revealed ten vacancies of all classifications and five houses without city water connections. Residences and apartments are still difficult to obtain, practically ever habitable house being occupied.

The health department established a quarantine for scarlet fever at a house on Sealy Avenue last week. The case was contracted in a rural community.

Water consumption has been rather low, averaging 220,142 gallons daily for the past four weeks, work here.

Mrs. Henry Duke, of Houston, and Mrs. G. A. Gillespie, of Temple, spent the week-end here with friends. They returned Monday and were accompanied to Temple by Mrs. O. K. Jacob, who will spend a month's vacation in Temple.

Ballinger Church Gets \$1,250 in Gifts For Pipe Organ

The membership of the First Presbyterian Church is preparing to install a pipe organ in the church auditorium soon. Plans for the purchase of the organ began Sunday morning when Rev. E. W. McLaurin, pastor, announced the gift of \$1,000 for this purpose from Mr. and Mrs. J. Y. Pearce. Later in the day Mrs. Lula Noyes, of Orlando, Florida, a member of the local church who was here for a visit, gave \$250 and the other members will provide the remainder to install a modern instrument in the auditorium.

Mr. and Mrs. Pearce have been faithful members of this congregation for many years and Mrs. Pearce was organist for the church for about 25 years. They had contemplated making a donation to the church for the purchase of an organ at a later date but recently decided to do so at this time, providing the membership would accept it and go ahead with the purchase and installation. When the gift was announced Sunday it was received with deep appreciation by the other members who at once became enthusiastic for this improvement in their church and to their music.

A committee of musicians from the church will visit churches in a number of other cities to inspect the various types of organs and their instrumentations before entering into any contract for the purchase.

It is planned to have an organ made to fit the space left in the choir quire and instrumentation in keeping with the size of the auditorium will be specified.

D. G. Posey, secretary of the Ballinger fire department and driver of one of the trucks, was taken to the Scott & White Sanitarium, Temple, Wednesday, for treatment. While he is absent George McMillan will attend to his duties.

Mother: "Now, Honeybunch, eat your spinach like a good boy."

Honeybunch: "I don't like spinach."

Mother: "Well, just pretend you like it."

Honeybunch: "No, I'll just pretend to eat it."

Hotel Clerk: "Is this \$100.00 bill the smallest you have?"

Departing Guest: "I'm afraid it is."

Clerk (to bell boy): "Here, take this out and get some relief worker to change it."

"What attracted you to your bride?" asked the minister after the ceremony.

"Well, sah," replied the ebony-faced groom, "de fust time Ah seed Dinah I tuk er fancy to her—she was so good looking. Den, when Ah lerned dat she was doin' steady washin' for sebben families, right den an' dar, sah, Ah surrendered."

Little Gressett Boy Leaves Sanitarium After 9-Month Stay

David Gressett, 7-year-old son of Mr. and Mrs. J. E. Gressett, was taken home Tuesday afternoon after a nine months' stay in the Halley & Love Sanitarium. The little fellow was injured in an accident near the Ballinger high school campus over a year ago in which he sustained broken bones in one leg. He was run over by a car on Eighth Street while hurrying home at noon. The bones were set but failed to knit together and a serious operation was necessary which forced him to remain in bed for nine months.

On last Thursday he celebrated his seventh birthday at the hospital when the doctors, nurses and friends surprised him with a party. A big birthday cake with seven burning candles was brought into the room and many gifts were presented the boy by members of the hospital staff and friends on the outside.

David asked that his appreciation be expressed publicly for the splendid party and the many gifts. He was delighted with the presents he received and wishes to thank everyone who participated as well as those who were so kind to him during his long confinement.

Dr. W. B. Halley stated Wednesday that it would not be long now before David could run and romp like any other healthy boy of his age. He said the bones were well knit and the lad would be able to use both legs normally.

Local Musicians In Dance Orchestra Seek Engagements

Ballinger has a new musical organization which promises to become popular not only here but all over this section of Texas. H. H. Carsey announced Wednesday the organization of a dance orchestra which will be open for engagements anywhere at once. The musicians will make their first appearance at the dance at the Ballinger Country Club tomorrow (Friday) evening as an entertainment feature at the invitation golf tournament.

Among the membership of the orchestra will be found some well known musicians whose ability is well established locally. They are: Mr. Carsey and Wix Currie, Jr., trumpets; Fred Wellhausen, Mary Edith Wellhausen and Otis Krenpin, saxophones; Bob Carsey, trombone; Marvel Frost, piano; Corkill Motley, drums; Mrs. Jack Nixon, Jr., vocalist; and a bass player to be added later.

The orchestra has been rehearsing for the past ten days on new arrangements of popular tunes and is now ready to accept dance or other engagements.

No name has been given for the orchestra yet and if local citizens have any suggestions they should hand them to Mr. Carsey and they will be given consideration.

Fellowship Meeting Reported a Success

Services of Fellowship Day last Friday were permeated with the spirit of worship and inspiration, Rev. Gilbert W. Wilson, pastor of the Old Fashioned Baptist Church here, said today.

The morning session began at 10:30 with music of sacred old hymns directed by Charles E. Sparks. The pastor extended a hearty welcome to all present and special greetings to the out-of-town visitors who were attending this all-day service. Rev. Roy A. Kemp, of Abilene, delivered the principal address of the morning on "Jacob's Well." This appealing message emphasized the missionary challenge to the church and individual Christians.

At noon the meeting adjourned and the congregation filed into the big room on the first floor where lunch was served cafeteria style.

Sacred music was played in the auditorium as the worshippers assembled for the afternoon session. Rev. Jasper Massaguee, of Coleman, delivered the first message on "God's Test of Abraham's Faith." Rev. C. B. Underwood, of Fola, followed with a short, power-

Ben Dennis Buys Cut Rate Supply Co. from Shuster

Ben Dennis returned Tuesday from Fort Worth, where he closed a deal to buy the Cut Rate Auto Parts Company from L. Shuster. Mr. Shuster opened this establishment here last March with Mr. Dennis as manager.

The firm will hereafter be known as the D. & D. Auto Supply. Mr. Dennis will continue to manage the business. His father, who is a partner in the firm, will not take an active part in the management.

The company will continue to handle a complete line of automotive supplies and accessories, and according to Mr. Dennis, the stock will be enlarged to accommodate motorists of this trade territory.

Misses Mayola Jacob, Marguerite Anderson, Hazel Cardwell, Evelyn Hartis, Jeanette Gillespie and Grace Gillespie, all students of A. C. C. Abilene, spent Sunday in the home of Miss Jacob's parents, Mr. and Mrs. O. K. Jacob.

HARMONY HERALDS

The farmers of this vicinity are taking advantage of the fair weather to kill weeds and cut grain.

Mrs. Jimmie Smalley and daughter, Helen, of Georgia, are guests in the home of her parents, Mr. and Mrs. J. D. Presley.

Miss Ruth England is spending the week in the home of her uncle, L. H. Moore, of Abilene.

Mr. and Mrs. W. H. Bowen and sons, of Fort Worth, returned home Sunday after a visit of two weeks in the home of Mr. and Mrs. Bob Williams.

Mrs. Fowler, of Mann, is visiting her daughter, Mrs. Glynn Seals, this week.

Mr. and Mrs. J. F. England and family visited in the D. S. Moore home at Winters Sunday. Mr. and Mrs. Moore celebrated their 40th wedding anniversary.

Mrs. J. L. Harper and Master B. R. Thetford, who have been on the sick list, are improved.

Grandmother Bales, mother of Mrs. T. R. Long, passed away at the daughter's home June 14. Funeral services were conducted by Rev. W. T. Hamor at the Winters Baptist church Saturday afternoon.

We extend our sympathy to the following: Miss Etta Bales, Mrs. T. R. Long and family.

Mrs. Lucian Gray visited her sister, Miss Ruby Bynum, of Potosi, Sunday.

Mrs. Jim Tunnell, of Oplin, is spending the week in the home of her daughter, Mrs. Clinton Dean.

First Half Softball Season Ends Friday

The first half of the Ballinger softball league season will end tomorrow (Friday) afternoon at the conclusion of a double-header.

Star Light clinched the first half Monday afternoon with a win over the second position holder, the Methodist junior team.

Every day this week two games have been played in the afternoon because of the rains last week. None of the games was of especial interest or spectacular.

The results of the past week's games are as follows:

Firemen, 9; Baptist, Srs., 4	Baptist, Srs., 4; Methodist, Srs., 0	Star Light, 8; Methodist, Srs., 0	Star Light, 3; Baptist, Srs., 1	Firemen, 15; Methodist, Srs., 13	Methodist, Srs., 4; Firemen, 2	Baptist, Srs., 4; Methodist, Srs., 2	Methodist, Srs., 16; Baptist, Srs., 8
The standing of the teams at the end of Wednesday's games is shown below:							
Club	W	L	Pct.				
Star Light	16	3	.842				
Methodist, Srs.	12 1/2	6 1/2	.653				
Firemen	8 1/2	9 1/2	.472				
Methodist, Srs.	8	11	.421				
Baptist, Srs.	6	12	.333				
Baptist, Srs.	5	14	.263				

J. WIRT WYATT, 69, IS BURIED AT PAINT ROCK

J. Wirt Wyatt, 69, died at his home, 1820 West Avenue J, San Angelo, at 5:15 a. m. Friday, June 14, following a stroke of paralysis. The remains were brought to Ballinger in a Jennings Funeral Home ambulance and prepared for burial.

Funeral services were held Friday afternoon from the Paint Rock Methodist church. Rev. Leggett officiating. Interment followed in the Paint Rock cemetery.

Decedent was a large landowner and operated a ranch near Eola for many years. He had lived in or near Eola for over 25 years and was tax assessor for Concho county for 8 years. He was an active member of the Methodist church for many years.

Mr. and Mrs. Wyatt had moved to San Angelo only one month ago, but he had been in ill health for a long time.

Besides the widow, survivors include a son, Willie D. Eola; a sister, Mrs. Barbee Eola; and a brother, Frank Wyatt, Eola.

Jennings Funeral Home undertakers were in charge of arrangements.

METHODISTS DISCONTINUE VESPER SERVICES AT 6

The First Methodist Church of Ballinger has discontinued its 6 o'clock vesper service and will hold regular services at 8:15 each Sunday evening hereafter. The change is being made in the hope of increasing attendance because some find it difficult to attend at 6 p. m.

After a month's trial a definite decision will be made by the congregation as to what hour will be adopted for the remainder of the summer.

Typewriter paper at Ledger office.

July Programs To Attract Many From This Area

Three of the major summer celebrations in this section are being planned for the first part of July and each is expected to attract thousands.

Two of the favorite attractions are the Cowboy Reunion at Stamford on July 2, 3 and 4; and the July Jubilee at Brady on July 3, 4 and 5. At both places programs are being offered this year which should attract record attendance.

The committee at Brady is enlarging the grandstand and getting ready to take care of the largest crowds that have ever attended the jubilee. Some of the best known horses in the Southwest are now in the stables and others will be shipped there for the races. Many other types of amusement have been provided including a huge barbecue for one day. Box seats for races will go on sale on June 15 and will be good for the season.

The cowboy "blow-out" at Stamford will include all the usual contests for championship rodeo contests. Many of the best male and female performers have already entered and some of the wildest bronchos and steers in the Southwest have been engaged for the six programs.

The Big Bend-Davis Mountain Chamber of Commerce is celebrating the Fourth of July with a program in the mountains, 6,000 feet elevation at the grounds. People from all over the state are expected to be there on July 4 and 5 to visit the state park and become better acquainted with the mountains of Texas as a vacation resort. This invitation will be accepted by many who desire to spend that week-end up where it is cool and where supervised parties will be able to inspect many of the natural beauty spots of this region.

Club Membership Meeting is Held Tuesday Evening

The annual meeting of shareholders of the Ballinger Country Club was held Tuesday evening at the club rooms. A majority of the members were present to hear the annual reports of committees and transact new business.

Three new directors, A. J. Thorp, H. G. Agnew, and M. McGregor, were elected to succeed the retiring board members. These, with R. E. Bruce, J. G. Douglass, A. Giesecke, and Fred Klechle, will compose the board for the ensuing year. The directors will be called to meet within the next few days to elect officers and appoint standing committees for the year.

The members voted to stage their annual Fourth of July party which will include a club golf tournament, a bridge tournament, and a barbecue dinner. This affair is the one gathering of the year for the entire membership and their families. Committees will be appointed at once to arrange for this special occasion.

It was voted to instruct the incoming house committee to have the club rooms repapered and the interior redecorated as soon as possible.

A number of other minor items of business were attended to and resolutions of appreciation were passed for the retiring committee chairmen for their work during the past year.

Belfry at Primary School Torn Away

The tower and belfry are being removed from the Ballinger primary school building and that portion of the building will be covered to match the rest of the roof. It was decided to remove the belfry because it provided a roost for pigeons and also had a number of bad leaks which could not easily be repaired.

The board is considering tearing away the tower on the intermediate building because of the same trouble. For several years the school has been bothered with pigeons and at one time rooms became infested with mites carried there by the birds. At that time rooms had to be disinfected.

The stone taken from the tower is being used in the construction of the second floor of the junior high school building.

Rains have interfered with the construction of the new building in West End for the past three weeks. Laying of the second story floor began this week and masonry for the walls is proceeding steadily.

The board of trustees is having the school grounds cared for this summer and grass, trees and shrubs are doing nicely. Grass on the new athletic field is growing rapidly and will soon provide a solid turf.

Arrest 'Breaks' Weyernauser Case

Confessions of Harmon M. Waley, left, and his wife, arrested in Salt Lake City in connection with the kidnaping of George Weyernauser, Jr., sent federal men hot on the trail of William Mahan, alleged leader in the abduction of the young heir to northwestern lumber millions. An automobile seized in Butte, Mont., containing more than \$15,000 in ransom money, was believed to have belonged to Mahan, who, like Waley, is a paroled ex-convict.

West Texas Utilities Co. Has Heavy Loss in Floods

The West Texas Utilities Company has rushed all trouble and line crews from Ballinger, San Angelo and Abilene into Mason and Junction to take care of flood damage to the company's properties at the latter points.

The heaviest loss was reported from Junction where several lines were lost and many poles washed from the ground. Lead lines to the MacWright tourist camp, Kimble Courts, Praces Camp and other tourist camps were gone when the flood waters of the Llano River receded. Many poles in the distribution system were washed down and it will require considerable time to get them up and untangle wires.

The utilities company is assisting the city of Junction in supplying water. All the machinery in the city plant was submerged and the town was without water for a brief period. An emergency pump and motor have been installed by the utilities company to keep the storage tank filled and furnish a reserve in case of fire. The MacWright camp and the new camp on the property of Judge J. B. Randolph, 12 miles from Junction, were washed away by the flood, and Kimble Courts was completely submerged for more than a day. The proprietor of the Kimble was rescued from a pecan tree late Friday afternoon after sitting on a limb for a whole day.

At Mason the company lost a high line which crosses the Llano River 10 miles south of the town. This was located near the highway bridge which was washed out. Large crews will remain in that section until all the damaged lines are repaired and service reestablished. Chester Cherry and all the linemen in his gang are at Junction and will stay there this week.

Clothing Contest Winners Announced

The annual clothing contest for home demonstration club members of Rannels county was concluded at the Ballinger high school auditorium Saturday. Fifty-seven dresses were entered and Mrs. Lura Hollingsworth, county home demonstration agent, estimated that half the contestants could not get here for the show on account of muddy roads and high water.

The first and second place winners in each group will attend the short course at College Station and will be entered in the state contest. There will be no district competition this year.

Winners announced following the style show here Saturday were:

Class I
First—Miss Mayme Jones, Dale home demonstration club. She will receive a free trip to the short course at A & M College given by the county home demonstration council.

Second—Mrs. Bill Proctor, Winters home demonstration club. She will receive a sleeve ironing board from the Cameron Lumber Co.

Third—Mrs. R. R. Halstead, honorable mention.

Class II
First—Mrs. Guy Mullins, Winters home demonstration club, free trip to short course given by the home demonstration council.

Second—Mrs. D. H. Macneil, Blanton home demonstration club, sleeve ironing board by Cameron Lumber Co.

Third—Mrs. Riley Marks, Victory home demonstration club, honorable mention.

Cooperators' Group
First—Mrs. Mack Setser, Norton home demonstration club, free trip to short course by home demonstration council.

Second—Mrs. A. W. Malone, Blanton home demonstration club, sleeve ironing board by Cameron Lumber Co.

Third—Mrs. Harold Henniger, Winters home demonstration club, honorable mention.

Miss Vera Critten, Taylor county home demonstration agent, was in charge of the judging and announced the decisions.

DAUGHERTY DRUG STORE MOVING TO NEW QUARTERS
L. C. Daugherty is moving his drug store one door north of its present location on Eighth Street. He will move the fountain and show cases this (Thursday) evening and be ready for business Friday morning in the new location, two doors from the Palace Theatre. The drug store formerly occupied this building, moving about two years ago.

Mr. and Mrs. W. C. Rhoden and daughter returned Monday from Lubbock, where they visited Mr. Rhoden's parents.

Ballinger Ramblers Drop Out of Concho Basin Ball League

At a meeting of the club managers of the Concho Basin League at San Angelo Wednesday night, the Ballinger Ramblers withdrew from the circuit, Veribest was ousted, and the Eola and Rowena clubs asked for membership.

Earl ("Dutch") Schuhmann, manager of the Ballinger team, withdrew the Rams from the loop because of financial difficulties. The locals couldn't make enough money out of their home games to pay expenses of the visiting clubs, so Schuhmann decided the only thing to do to keep from going bankrupt was to withdraw.

The Ballinger club will schedule games with various independent clubs in this section on Sundays and will play every game possible at Fair Park. Such teams as Maverick, Crews, Glen Cove and other fast organizations are requested to contact Schuhmann to match games for the remainder of the season.

The Veribest club was ousted from the Concho Basine line-up at first, but upon later agreement it was decided to readmit this club if it would select a new manager. "Red" Weatherford, former skipper, failed to agree with the other league moguls on the decision of the winner of the first half of the flag chase, allegedly creating quite a disturbance over the matter, so the other officials asked that Veribest be shunted from the loop unless "Red" resigned. This was agreed to and a new manager will be chosen before next Sunday so that regular scheduled games can be played.

Little Miss Jane Smith, daughter of Dr. and Mrs. W. M. Smith, of San Angelo, spent Saturday and Sunday with Miss Irene Oisak.

Mrs. J. C. Cook returned home Tuesday from Dallas, where she had been for a week's visit with her mother.

Rev. and Mrs. J. H. McClain and son, James, returned Saturday from points in the Panhandle, where they visited relatives the past week.

in a fishing job for a lost under-reamer. They will resume regular 8-hour tours as soon as this part is removed from the hole.

The Beam-James will make a big extension to the McMillan field in case it is a producer, and for that reason many oil men are watching it closely. The Wolverton is in entirely new territory and is to be drilled to the contracted depth of 3,500 feet unless pay is had at a lesser depth. Surface geology has indicated that this location is above oil-bearing strata.

HAS YOUR ADDRESS CHANGED RECENTLY?

Ledger subscribers are requested to notify the publisher of any change in their addresses promptly.

Under the new postal laws newspapers and periodicals must pay postage due for notices of any change in addresses furnished by the postoffice. Besides, there always is the probability that your paper will be delayed or fail to reach you altogether if you do not give immediate notification when you move.

The best plan for all concerned is send the change of address in advance.

Runnels county farmers began putting their crops in order Monday. Rains have kept most of the farmers out of their fields for three weeks and there is much to be done. Oats and other small grain need harvesting, there is a large amount of cotton acreage to replant, and feed needs plowing and hoeing to remove the weeds and grass. Where crops have not been damaged by high water and hail there are as good as ever seen in this section. Some feed is heading and well on the way to maturity with a good "season" in the ground.

Fishermen are also getting behind with their duties. Floods on all streams have permitted very little fishing to date and when conditions are normal again some fine catches should be made. The river and creeks have been washed out and there are no weeds or moss in them to hinder catching fish.

There has been a noticeable increase in tourist travel through Ballinger within the past few days. The vacation season is open and many are passing through here en route to rivers and mountains to the south and west of Ballinger. The excellent system of highways in this vicinity is diverting more tourist traffic this way every year.

Canning plants operating at Winters and Ballinger make it possible to save all surplus garden "sass." These plants operate on the toll system and anyone who has the produce can get it put up without cost, except for the portion demanded for doing the work and furnishing the cans. The canneries will handle all the produce from rehabilitation farms besides that consumed by the families.

The city has received its new street machinery and as fast as possible all dirt streets in the corporate limits will be put in first class condition. Due to continuous rains and the old machinery being out of order streets here are in poor condition but those in charge of this work request that citizens be patient as every street will be worked as soon as possible. Work will start on the east side of the city and continue to the extreme west except that a few spots where traffic is now detouring will get immediate attention.

FISHING PARTY RETURNS FROM TRIP TO DEVIL'S RIVER

Mr. and Mrs. H. T. Pearson, Mr. and Mrs. Stanley Gray, Charlie Evans and Miss Catherine Connolly returned Saturday morning from a fishing trip to the Devil's River. They were in much rain and found high water on every river, creek and draw in that section. They returned home by Del Rio as high water made any other route impossible. The party reported plenty of fish in the short time they were permitted to try their luck.

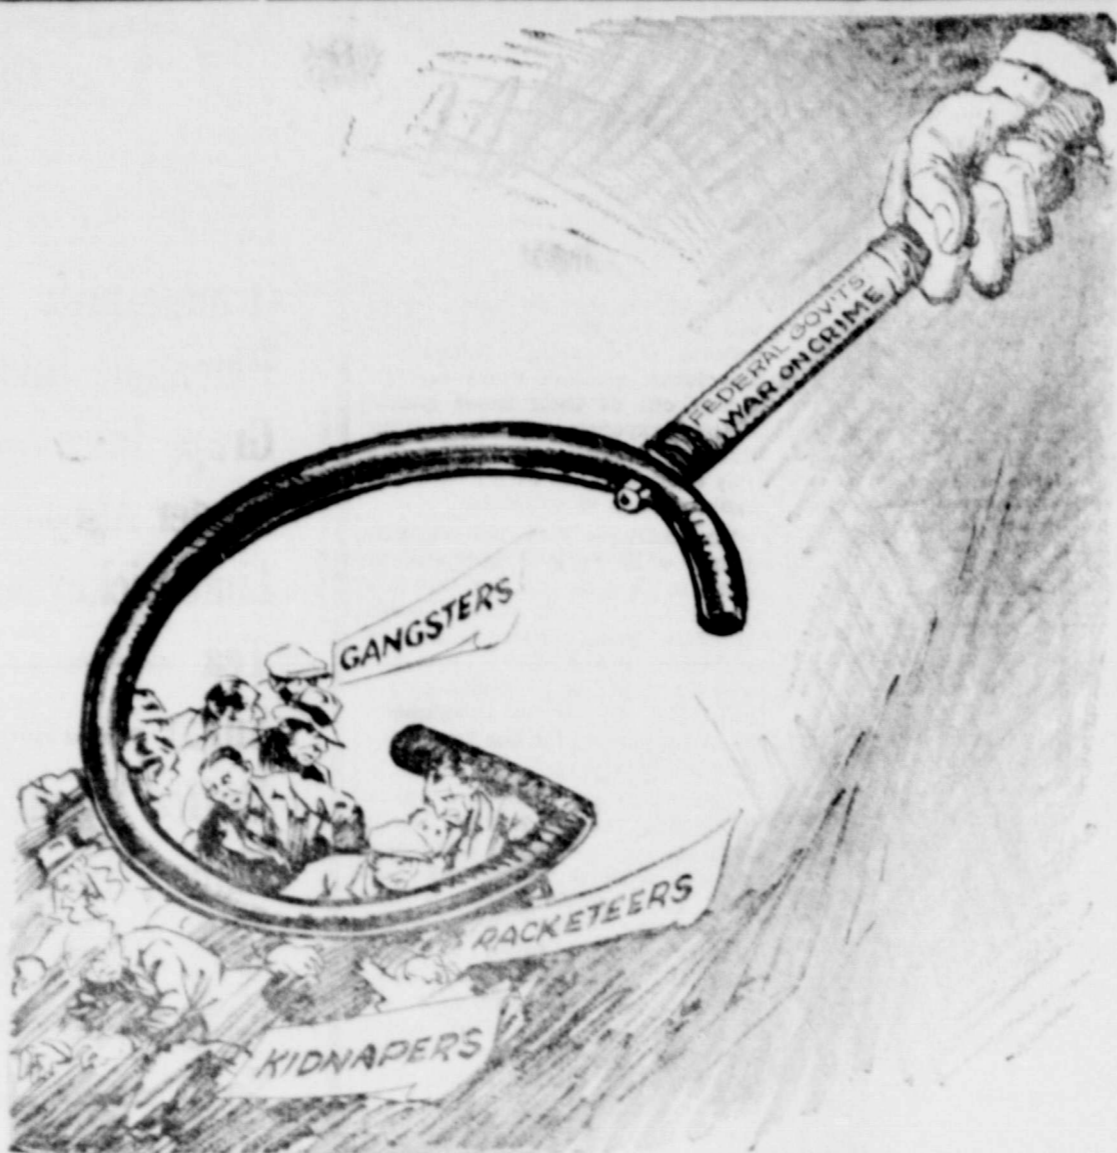

Read the ads—save money.

Some people still think that syntax is something you have to pay for having fun. Maybe it is—But one thing's certain: You don't have to pay very much for the barber work you get here before you have the fun.

Just What the Long Arm of the Law Needed

WEST TEXAS NEWS NOTES

Lake Brownwood Regatta Association at a meeting last week voted to make the proposed program this summer a two-day event to be held some time in August. The first day will be devoted to preliminary and amateur boat races and other events. Professional boat races will be held the second day. Dates cannot be set until a report from the National Outboard Association is received, approving the proposed meet.

The Red Bluff dam project has been started with over 100 men employed in two shifts on the construction near Fort Stockton. Slating operations will be in progress the remainder of this week. About 1,000 feet on the west end of the dam foundation has been accepted as satisfactory. There will be over two million cubic yards of earth in the dam embankment alone, or enough to build a levee three feet high and three feet wide from the dam site to Fort Worth and from Fort Worth to El Paso.

Plans are going forward for the organization of a county planning board to develop relief projects in Menard county which can be submitted to the state relief engineer. This organization will find the most needed projects in the county and submit them. It was asserted that most of the

projects would probably be low water dams.

New construction and remodeling of Brady business houses and residences have sent the building industry on a decidedly upward trend since January 1 of this year. It is estimated that the total program involves the spending of at least \$100,000. Application has been made by the Brady school board for a PWA loan to build a \$73,000 junior high school and with this amount of new construction in view the total will top the first six months of the past several years.

The first set of triplets ever born in San Saba county arrived a few days ago in the home of Mr. and Mrs. Bert Key. The two girls and one boy weighed 4½ pounds each. The doctor reported all three of the babies in exceptionally good health.

The Melvin Luncheon Club is becoming very active. The club is sponsoring a tent show this week.

committees are arranging for boxing matches to be held each Trades Day; and plans are being made to clean the large square south of the railroad. The plaza will be made more attractive by planting flowers and shrubs on it and making other improvements.

The grandstand at the Brady race track has been moved, rebuilt and added to for the big July Jubilee, July 3, 4 and 5. This will provide a much larger seating capacity and in addition there is a large open space in front of the stand for the overflow crowds. This work is being financed by the McCulloch county relief office, an expenditure of \$1,957 having been allotted and approved by the state relief commission.

The Mason county PWA advisory committee met last week to discuss the construction of a municipal light plant. The plans will be submitted to the state PWA engineer as soon as bids are received and blueprints drawn. Plans for a high school gymnasium to cost approximately \$25,000 are ready for submission for a PWA grant.

A total of 1,083 first rental checks, aggregating over \$40,000, were received by Coleman county cotton farmers last week. Additional first payment checks are expected to arrive at an early date, the sum already received being less than one-third of the total due. Second rental checks are due some time in the fall, with the party payments to arrive still later.

Mr. and Mrs. George Barrow, of Sonora, went to Villa Acuna, Mexico, June 2. After purchasing tickets to a bull fight rain began falling and the exhibition was called off. Many protests were made to the promoter, Lopez, but no money was refunded. The spectators were promised tickets to the bull fight on July 4, however. Mr. Barrow explained that he could not be present. The promoter took his name and address and last week Mr. Barrow received a \$2 refund and a letter inviting him and his wife to the next bull fight in the border village.

Burglars entered the Morrow Motor Company at Eden last week and took with them about \$5 in cash and a new automobile radio, valued at about \$60. The thieves entered through a rear door after removing an adjoining window and lifting the bar on the door. The safe was pryed open and papers scattered, but nothing of value was taken except the money and the radio, and possibly a few small accessories. No clues have been found as to the identity of the thief or thieves.

DICKENS—"Cut the glove on a true bias of the material to insure a smooth fit." Mrs. W. A. Harris, Espuela home demonstration club member of Dickens county said in giving a demonstration last month. She went on to say that when gloves have been cut, first stitch the lines on the back of the hand then sew in the thumb and inside finger pieces to back and front before sewing the side seam. The cuffs may be gauntlet or closed or any other preferred style.

SINTON—By using white wrapping paper given to her by the grocerman, a piece of scrap lumber for another shelf, and an old broom handle for another clothes rod, Miss Anita King, clothing demonstrator for the Miculastic home demonstration club in San Patricio county, has remodeled her clothes closet. The only cash expenditure was 30 cents for paint for the shelves, rods and the floor, which were given two coats of paint.

Miss King's closet is 6x3x7 feet. Forty-two yards of the white wrapping paper were used plus homemade flour paste. The result is a neater closet, more rod space to hang her clothes, and a shoe shelf.

MAY CAR REGISTRATIONS SHOW SLIGHT DROP

AUSTIN, June 19.—Sales of new passenger cars in fifteen representative Texas counties continued on a high level during May although registrations were slightly below those of the previous month and the similar month last year, according to the University of Texas bureau of business research. Sales for first five months of 1935 were well above those of the corresponding period

a year ago. Total sales for May were 5,275 cars, a decline of 5 per cent from the previous month and 1.9 per cent from May, 1934. Aggregate sales for the first five months of the year were 27,654 cars, an increase of 32.8 per cent over the corresponding period last year.

Deposit Insurance an Extra Measure of Protection

The management of this bank always has taken every possible precaution to safeguard the funds of its depositors. In keeping with this traditionally conservative policy, deposits made here are now insured by the Federal Deposit Insurance corporation.

The insurance thus provided applies to all deposits, including personal and corporate deposits, deposits of public funds, and trust funds awaiting investment.

At the present time, the maximum amount insured for each depositor is \$5,000. This does not mean that a depositor with an account of, say \$500, is guaranteed \$5,000, but it does mean that his \$500 is fully insured. Deposit insurance is for your protection. It is a permanent part of the nation's law.

Try CARDUI For Functional Monthly Pains

Women from the "teen age to the change of life have found Cardui genuinely helpful for the relief of functional monthly pains due to lack of just the right strength from the food they eat. Mrs. Crit Haynes, of Essex, Mo., writes: "I used Cardui when a girl for cramps and found it very beneficial. I have recently taken Cardui during the change of life. I was very nervous, had head and back pains and was in a generally run-down condition. Cardui has helped me greatly."

Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

City's Financial Statement for May Shows Nice Balance

The city's financial statement at the end of May revealed a balance on hand of \$41,881.57. This was divided as follows: \$36.69 in the city vault, \$18,394.88 in the Farmers & Merchants State Bank, and \$23,450 in city securities.

City officials spent \$1,013.04 in the water account on improvement at the city lake and pumping plant the past month which was the largest item listed among the disbursements.

Receipts were as follows: \$176.03 for the general fund, \$1,628.44 for the water account, and \$1,777.92 for the sanitary account. All sinking fund balances had been properly credited for the month.

Collections on the utilities account have been kept up to date and the number of second notices and final warnings issued before service is cut off has been reduced in the past two months. This indicates better conditions with fewer people out of employment. Last week there were only a very few occupied houses in the city without city water connections.

Improvements made on the emergency spillway and at the pumping plant have been completed and everything is in first class condition there. There were no leaks in the rip-rap spillway during the last rise on Elm Creek.

ON TEXAS FARMS

By Minnie Fisher Cunningham
Extension Service Editor

"Knee deep in June" is okeh for the poet but apparently not for the dairyman if he is knee deep in Sudan grass gone to seed.

According to extension dairyman E. R. Eudaly, the value of Sudan grass is reduced about half if it is allowed to form seed.

He says it should be cut for hay just as it heads. If it is being grazed, but not kept down, mow half of it and two weeks later the other half. That way grazing will not be interfered with.

Mow the permanent pasture too. Twice a year mowing will kill the weeds Eudaly says. Cut high the first time—three or four inches off the ground—and low the next time to get the suckers and new branches.

Plant now for trench silo filling. Three tons per cow is what will be needed. Cane or grain sorghum can be planted on the oat stubble if there is enough moisture.

Cows need dry feed too, Eudaly says. And roughages are cheaper than grain. So plan for one ton of hay or bundled feed for each cow.

The government's drought relief cattle buying removed about one million dairy cows from Texas farms, according to Eudaly. The remaining milkers should be tested to be sure they are "worth their board and keep."

SHEEP MADE TO SHED TO SAVE ON SHEARING

MOSCOW, June 26.—Making sheep and other fur-bearing animals into better wool factories by means of drugs which make the hair fall out periodically and immediately grow in again is a recent development of Russian scientists at the All Russian Wool Institute, headed by Prof. N. A. Ilyn.

Biologists have known for years that certain drugs, chiefly compounds of the element thallium, can cause all animal hair to fall out. Some of these drugs once were used as human depilatories, but have been abandoned because of frequent poisonous effects on the nerves and other parts of the body. Similar poisonous effects in animals always have stood in the way of use of these materials to cause hair or wool to fall out naturally instead of having to be sheared.

Professor Ilyn and his associates now believe that they have perfected dehairing formulas which have none of the poisonous effects. For chemical shearing of sheep a proper dose of the drug is mixed with the animal's food. Within a few days all the hair is loose and may be pulled out and collected just as though the sheep were sheared. More wool is obtained and the animal is said to grow a new coat more quickly than after shearing and containing wool of better quality.

With rabbits, five crops of hair have been obtained in a year instead of the two crops obtained by normal sheddings or by shearing. Tests are being made with camels, in an effort to increase the yield and improve the quality of camel's hair.

Mr. and Mrs. O. F. Wilson returned Sunday from a two weeks' vacation at Plainview, Cross Plains and other points, where they visited relatives.

Revival Meeting Commenced At Local Nazarene Church

Evangelist Jimmy McGraw

Singer Curtis Smith

The young people's revival at the Ballinger Nazarene Church began Wednesday evening with a large congregation attending the first service. The special campaign will continue until June 30, the hours being 10 a. m. and 8 p. m. daily.

The evangelist and singer are both young men and come here with splendid records. Their work in the evangelistic field has made both popular and the pastor, Rev. R. E. Cummings, urges everyone

Janet Gaynor and Warner Baxter In Story of Girl's Love Quest

A woman's eager pursuit of the glamor of romance is the theme of the latest Janet Gaynor and Warner Baxter co-starring vehicle, "One More Spring," scheduled to be shown at the Palace Theatre Sunday and Monday next, June 23-24.

Reports from other cities where this Fox Film is playing to capacity audiences, reveal that it scores one more triumph for these two popular stars who belong together on the screen.

It is a dramatic, modern story, of high adventure and gallant courage, adapted from the widely acclaimed novel of Robert Nathan which proved a best-seller.

The locale is a large city park during the rigors of winter and the promise of spring. Into this setting drift, separately, a number of strange types, each original, each reduced by circumstances to near destitution. They include a girl out of work, a ruined auctioneer, a starving violinist, a suicide-courting banker, a white-wing worker, a cop, and a lion-tamer.

This motley crew, brought together by fate, work out their destiny, and find that their hitherto drab lives have been heightened by their adventures together.

Janet Gaynor is said to have a deeply emotional role as a courageous girl alone in the world. Warner Baxter is the romantic adventurer who clings to the right to dream.

As the slow-moving easy-going lion tamer, the inimitable comedian Stepin Fetchit has a role that is good for a thousand-and-one laughs.

In the supporting cast are Walter King as the roving musician, Jane

tomorrow (Friday) and Saturday. It shows a train going at an incredible speed with the engineer at death grips in the cab. Around curves it goes, and through switches that open just in time, missing freight trains by an eyelash, over drawbridges that close in the nick of time.

The relief from the thrills, aside from a strong love interest between Sally Blane and Charles Starrett as the romantic leads, is the comedy provided by an able team of funny men, Edgar Kennedy, Arthur Lake and Guinn "Big Boy" Williams.

The picture features the new streamline train of the Burlington railroad which, together with Boulder Dam, comes to the screen for the first time in "The Silver Streak."

Also in the cast are Hardie Albright, William Farnum, Theodore von Eltz and Doris Dawson.

Randolph Scott and Kay Johnson Joined in "Village Tale" Triangle

Randolph Scott, handsome young screen actor recently graduated from "westerns," and Kay Johnson, lovely actress playing one of the strongest roles of her screen career, are joined as the romantic leads in RKO-Radio's "Village Tale," made from the Phil Strong best seller.

Scott and Miss Johnson find themselves on two sides of a triangle in "Village Tale," but theirs are the "right angles" of a situation often found in American small towns.

Replete with robust humor, sparkling with honest laughter and high-lighted by some of the fiercest hand-to-hand fighting ever seen in pictures, "Village Tale" is a story designed to appeal to audiences everywhere as an authentic picture of rural American life.

In the cast with Scott and Miss Johnson are, among others, Robert Barrat, Janet Beecher, Edward Ellis and Dorothy Burgess.

OPERATION BY EARLY SURGEON IS PROVED

LONDON, June 26.—Proof that disease germs much like modern ones must have existed in prehistoric times has been obtained from the so-called Ovingdean skull, a remarkable relic of ancient man dredged up early this year a mile or so at sea off the south-eastern coast of England.

On both sides of this skull just beyond the forehead are two roughly square-shaped holes evidently scraped into the skull by the sharp stone tools of some prehistoric surgeon. Judging by somewhat similar operations among modern savage tribes, the purpose probably was to relieve headache, epilepsy or similar diseases then believed to be caused by "demons" shut up inside the skull and which the holes would let escape.

In some diseased conditions of the brain modern surgeons still open skulls to cure headache or

other symptoms, so that the ancient skull opens really may have worked some cures and thus kept the practice alive. The patient in the Ovingdean case was less fortunate.

Dr. T. Wilson Parry recently reported the results of careful medical and biological examination of this skull. Why the operation was done cannot now be discovered, but it is apparent that the patient did not die immediately, since there are clear signs that the cuts in the bone had begun to heal.

What evidently happened is that germs got into the opened part of the skull precisely as might happen in a modern operation done by a careless surgeon.

For six or eight weeks the patient suffered from this infection. Presently he died, either from effects of these germs or because the original disease, whatever it may have been, finally killed him.

Mrs. Scott Mangum and daughter, Dorothy, of Temple, visited here this week with Mrs. John F. Currie.

YEAST'S EFFECT ON PLANTS PROVES VERY INTERESTING

HELINGFORS, Finland, June 19.—Subrahmanyam and Siddappa, of Banagalore, and Virtanen and Von Hansen, of Helsingfors, have independently discovered interesting effects of yeast on the growth of plants.

The Indian investigators discovered that sunflowers grown on soil or sand and treated with manures or mineral fertilizers could be stimulated by injections of yeast extract into the plants. The percentage of the plants grown on soil that flowered was increased from 44 to 75; the average number of flowers per plant was increased from 1.8 to 4.1, and the average weight of flowers per plant increased from 3.7 to 6.9.

Similar results were obtained with the plants grown on sand with complete mineral fertilizers. They found that the direct injection of sewage extracts into the plant also had noticeable effects. Virtanen and Von Hansen found that peas are stimulated in a

remarkable way by yeast extracts. The test plants bloomed five to ten days earlier than the ordinary plants, and the number of pods was invariably fifty per cent greater. They did not inject the extract. It was absorbed by the peas through their roots. When the peas are grown in rich humus soil the effect of the yeast treatment is slight, but in sandy artificial soils it is large.

Leonard Stallings has returned home from a CCC camp in Arizona where he had been for the past several months as an officer. He will remain here and buy cotton again next fall.

Death Claims Parachutist

When his chute failed to open during a dual exhibition jump near Cheshire, Eng., Ivor Price, a parachute jumper, fell to his death before the eyes of his bride of a week. Price is pictured above in a recent successful leap.

sages, find help for your cares and troubles, bring the sick or call us to pray for them.

A hearty welcome extended to all.
D. P. Koop, C. R. Dunaway, alternating speakers, evangelists.

Farmers in—

(Continued from page 1)

serve the soil.
Immediately after the meeting several landowners present signed up their acreage for terracing under the Texas relief commission plan. The county conservation committee urges that all landowners or tenants interested in having their land terraced sign applications for terracing as soon as possible in order that the work may begin as soon as a sufficient acreage is pledged.

FUNERAL SERVICES HELD FOR DROWNED TALPA BOY

Funeral services were held Wednesday afternoon at 4:30 for Charles Edward Kilgore, 9, who was drowned Tuesday afternoon about 5:30 in a lake on the family ranch near Talpa.

Decedent and his brother and sister went to the lake to wade about 5 o'clock. The lake is a very treacherous place for children who cannot swim, because it has several ledges and holes in it. The boy must have stepped in one of the deep holes. His sister tried to rescue him, but in doing so almost lost her own life. Farmers working in a nearby field heard the screams of the little girl and saved her, but the little boy was already drowned. The men dived for his body and found it in deep water.

Decedent's father was reared in Talpa and Coleman county and is well known in this section.

Funeral services were held at the Talpa Baptist church, Rev. Kelley Barnett, of Abilene, officiating. Interment was made in the Talpa cemetery.

Besides the parents survivors include a brother and a sister. Jennings Funeral Home undertakers were in charge of arrangements.

Mrs. A. R. Jones, Mrs. Z. A. Snell and Mary Ann Stephenson left this week for Wichita Falls to visit relatives.

Sales Books at Ledger office.

DEATHS

John Dornhoefer

Funeral services were held Wednesday morning at 10 o'clock at St. Joseph's Church, Rowena, for John Dornhoefer, 23, who died Tuesday morning at 3 o'clock. Decedent died at the local sanitarium after an appendectomy when peritonitis set in.

Survivors are the father and mother, Mr. and Mrs. R. A. Dornhoefer; three sisters, Mrs. A. E. Fisher, Miles; Mrs. Linda Holub, Miles; and Miss Pearl Dornhoefer, Rowena; and two brothers, Leo and Erhart Dornhoefer, Rowena.

Rev. Zienta was officiating clergyman at the rites and interment was made in St. Joseph's Cemetery, Rowena.

Pallbearers were Eddie Ripple, Linnie Henniger, Elmer Kvasniker, Isador Fisher, Herbert Simecek and Fred Grosshans.

King-Holt Funeral Home undertakers were in charge of arrangements.

J. Winans Arrested On Liquor Charge

Sheriff W. A. Holt and Deputy Sheriff Gerald Black arrested J. Winans Sunday night after finding half a gallon jar of whiskey and several jars with small quantities in them at Winans' house on Hutchings Avenue.

A raid was made on the place Friday night, but nothing was found then and the officers went back Sunday evening when they discovered enough evidence to hold Winans in the county jail.

Winans waived examining trial Monday morning and bond was set at \$1,000, which was made by the defendant that afternoon, when he was released.

No, Sir, Not for Her

Miles: "Your wife drives her own car, doesn't she?"

Stiles: "Oh, yes."

Miles: "Does she pay any attention to those 'Stop, Look and Listen' signs at the railroad crossings?"

Stiles: "Well, I believe she sometimes stops and looks—but to tell you the truth I don't think that anybody or anything could make her listen."

On the FARM Anywhere

NO MATTER how many hundreds of miles you

live from the big town, you can enjoy all the advantages of modern city refrigeration if you have Superfex, the Oil Burning Refrigerator, in your kitchen. Superfex works anywhere. It works without outside connections, without gas or electricity, without a motor to get out of order, without drains or pipes.

Just by burning a few cents worth of kerosene every day, Superfex protects your food from spoiling... it safeguards your health... it saves you trips to the market... it makes your kitchen hours shorter... it gives you more variety in your meals... it gives you ice cubes for cooling drinks... it helps you to serve more delicious meals, all kinds of puddings, salads, frozen desserts, ice cream. Like everything else down on the farm, Superfex is self-sufficient and will prove itself the best friend in your kitchen.

Let us show you Superfex soon.
