### Cotton Ginnings in County Estimated at 40,000 Bales

An unofficial estimate of ginnings in Runnels county up to Saturday night, October 31, made this week, was 40,000 bales. There is still a considerable amount of cotton to pick and gin and cotton men believe the final total will be around the 50,000-bale mark.

In making the tabulation this week, ginnings at the principal places were totalled and others estimated.

The department of commerce on October 18 announced ginnings in this county to total 36,291 bales as compared with 10,263 bales up to the same date last year. Another report, covering the amount ginned to November 1, will be received within a short time. A. J. H. Borders, special agent for the department of commerce in this county, does not make public his reports until they are released from Washington.

In some sections of the county picking has practically been completed while in others there is considerable to gather yet. Gins are operating only part time at the present.

Many pickers have left this county to move where cotton is better. There are still plenty of pickers here, however, to gather the cotton remaining in the fields.

Farmers have been spending part of their time recently gathering late feed which is now matured and ready for harvesting.

The report made public on October 18 showed Runnels county thirteenth in the state in ginnings this year. Nueces was leading the state with 80,476 bales as compared to 84,475 bales on the same date in 1935. Ellis county was in second place with 72,194 bales and several other counties had ginned in the 50 thousands.

Runnels county on the above date was leading all West Texas counties in ginnings and probably will finish in No. 1 place for this section of the state when all ginnings are completed.

Following are a number of West Texas counties and the comparative ginnings up to October 18 in 1936 and the same date last year:

### Five Weeks' Term Of District Court Opens November 16

The fall term of 119th district court in Ballinger will open next Monday morning and continue for five weeks. For the opening day a venire of 18 men has been summoned for grand jury duty and will be in session most of the week investigating cases to be handed them by the county attorney, C. C. Sessions. Mr. Sessions stated today that he would have about 25 cases for the grand jury to probe during this term and others may develop between now and the opening date.

For the second, third and fourth weeks venires of 36 men each will report for petit jury duty and District Judge O. L. Parish expects to hear all the jury cases to be tried at this term during these three weeks. In case there is need for a jury the fifth week, one of the juries previously impaneled will be instructed to report back for service.

Civil cases to be tried during this term of court are numerous. In the past few weeks several new suits have been filed in the office of District Clerk John Rayburn and a number of others were left over from the spring term. The criminal docket will be made up after the grand jury submits its report.

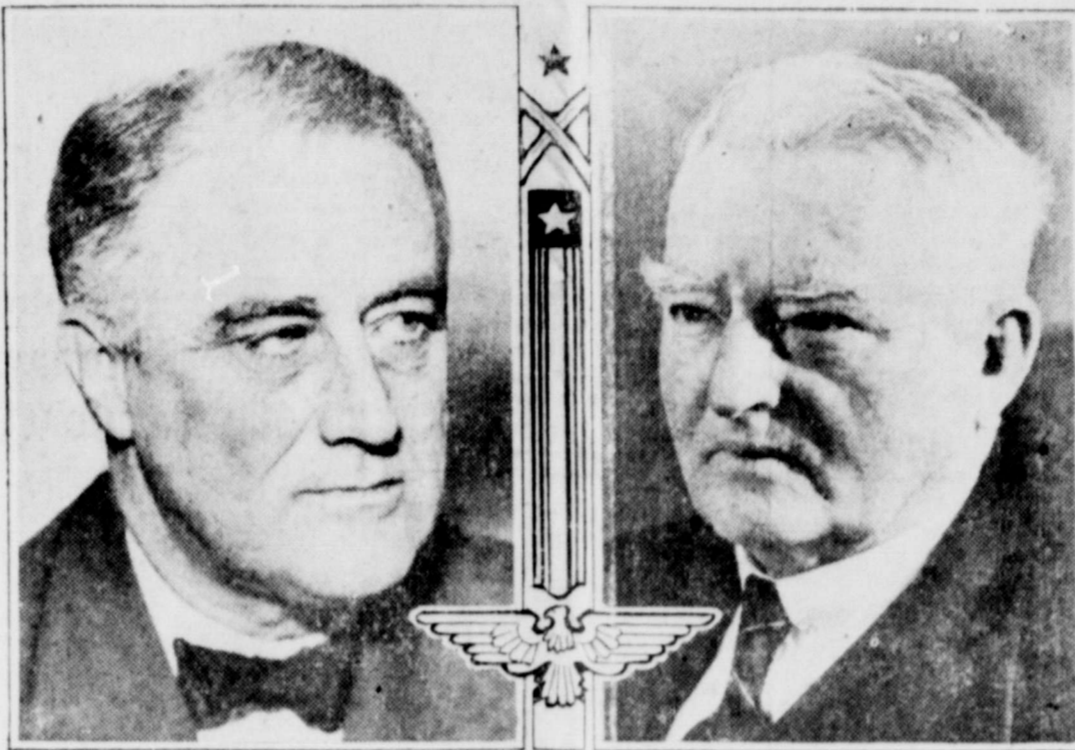

Mrs. J. H. McClain went to Winters Monday night to assist in the organization of a Y. W. A. there. She was accompanied by Misses Mary Edith Welhausen, Thelma Compton and Gladys Lee Morgan.

Mrs. Homer Vanderpool and little son, Donnie, left this week for Fort Worth to visit her parents several days.

B. N. Wilke, of San Angelo, transacted business in Ballinger Saturday.

Mr. and Mrs. Herman Giesecke, Jr., left Wednesday for San Antonio for a visit with relatives. Mrs. Giesecke will remain there while Mr. Giesecke goes to St. Joseph's Island to take part in the round-up.

### FOUR MORE YEARS—

### County's Club Boys To Show Fat Stock At Centennial Fair

John A. Barton, county agent; Ira McNeill, of Norton; and fifteen 4-H club boys will leave Ballinger tomorrow for Dallas to enter livestock in the centennial show which will last for one week. The animals, consisting of 38 lambs, 2 Jersey calves, 1 beef calf and 7 hogs, will be taken to Dallas in a truck. The men and boys will make the trip by automobile.

While in Dallas the Runnels countians will have lodging in the dormitory over the livestock building where beds will be furnished, but the exhibitors will take their own bedding. They will be given passes to many of the centennial attractions and will be otherwise entertained while there.

The local party will leave Dallas Friday, November 13, and return home that day.

All the Runnels county entries have been on feed the required number of days and are in excellent condition. The sheep, calves, and hogs were carefully selected from some of the best farms and ranches in West Texas and the boys have used every known method to make them prize winning animals.

Calling cards on short notice Ballinger Printing Co., Phone 27.

### Several Hundred Expected To Ride Centennial Train

### Sessions Expects License at Annual Methodist Meeting

Mr. and Mrs. C. C. Sessions left Tuesday morning for Blanton to attend the annual conference of the Methodist church. Mr. Sessions recently made application for a license to preach and this was to have been passed on by the board before the conference which begins today (Thursday). Appointments will be announced Sunday. The local man expected to receive an appointment near Dallas for next year and in this case will enter Southern Methodist University in January for a three-year course.

For the past two years Mr. Sessions has been serving Runnels county as county attorney. Prior to his election to this office he was engaged in the private practice of law here. He has been active in church affairs while a resident of Ballinger and for the past two years has served as chairman of the board of stewards as well as teaching in the Sunday school and singing in the choir. He has attended many district and state meetings and is well acquainted with the Methodist preachers of the state.

Mr. Sessions will return here after the conference and continue his duties as prosecutor until the end of December. He will be active in the next term of 119th district court here, closing out his year's work.

### I. O. O. F. DEGREE TEAM TO WINTERS TUESDAY

Members of the Ballinger I. O. O. F. Lodge are requested to report Tuesday night at the Winters lodge hall where they will join Odd Fellows from Winters, Tuscola, Buffalo Gap, Guion, Wingate and Miles for a special meeting.

The Ballinger degree team will confer special floor work during the evening and officers of the local lodge are anxious for a large representation from Ballinger.

Mr. and Mrs. Arthur Giesecke returned Monday from San Antonio where they visited relatives and friends several days.

Mrs. John Currie and Mrs. E. J. O'Kelly left Monday for Dallas to visit friends and attend the centennial exposition.

Mr. and Mrs. A. B. Stobaugh and Mr. and Mrs. R. E. Truly attended the Howard Payne-A. C. C. football game at Brownwood last Friday night.

John Gorman, who sponsors Red Cross activities in this area and represents the Southwestern Paper Co. as a salesman, was here today, calling on the printers.

### Plans Being Made To Complete Road In Concho County

D. W. Hooper, resident state highway engineer, and employees of the Ballinger highway office are working on plans and specifications for construction which will be included in the 1937 federal aid program.

Plans will be submitted within a few days for surfacing on highway No. 4 in Concho county which will close a big gap on this route. The plans call for 14 miles of caliche base and asphalt topping from 6 1/2 miles south of Paint Rock to Eden and 8 miles from Eden to the Menard county line. These plans will be finished within a short time and sent to the state office at Austin. Contracts are expected to be let in 1937 for completion of these roads.

Plans have already been presented on a five-mile stretch in Menard county from the Menard-Concho line to connect with completed work north of Menard. This work is for grading and drainage structures only with a topping of caliche to make it an all-weather road.

Plans for the final completion of No. 9 from the Concho county line to Brady have been filed as a part of the 1937 federal program.

Several other West Texas projects will be included in this program which will be of interest because of the closing of gaps on routes that are almost all-weather roads at present.

Work on the bridge across the Concho River at Paint Rock is moving steadily and traffic is being allowed over the new dums. The work is not completed but is continuing without interference to traffic.

### BAPTIST WOMEN MEET FOR ALL DAY STUDY

Baptist women were in session at the Ballinger Baptist Church all day Monday to study "The Life of an African Missionary." Sixteen attended the meeting during the day.

Mrs. Augusta Bethany has returned to her duties at the Higginbotham Bros. & Co. store after being confined to her home with a case of flu.

C. H. Ross, Abilene Reporter representative, was here on business today.

Mr. and Mrs. Charles Shepherd and T. D. Shepherd, of Coleman, visited relatives here Sunday.

A Democratic landslide swept the nation Tuesday and Franklin Delano Roosevelt was returned to the White House, receiving majorities in 46 of the 48 states. Maine and Vermont alone remained in the Republican column. New Hampshire, after maintaining a Republican lead all Tuesday night went to the Democratic side as the few remaining precincts were accounted for Wednesday morning, giving the president a majority of more than 2,000 votes.

The electoral vote Wednesday stood at 523 for Roosevelt and 8 for Landon.

The Democrats bid to hold 75 of the 96 seats in the Senate and more Democratic House members are seen in prospect. The New Deal plurality of popular votes was expected to reach about 9,000,000.

Governor Alfred Landon telegraphed congratulations to President Roosevelt early Tuesday night, conceding election of the Democrats' choice. Large Republican newspapers also printed special editions early in the evening declaring the election a landslide for the Democrats.

Texas went Democratic by about 7 to 1, with indications that more than half a million votes would be counted before the final tabulations were finished.

Five of the six state amendments submitted to the people of Texas seemed sure of passing. The one to give control of liquor to the state was lagging far behind and probably will not be enacted. Those for teachers' pensions, workmen's compensation, pardon system, salary increase for state officials, and limitation of House members, all had a substantial lead Wednesday and were practically certain to become laws.

Runnels county went Democratic almost 10 to 1 in the general election Tuesday. Every box in the county gave President Franklin D. Roosevelt an overwhelming majority. Ballinger No. 24 polling the heaviest Republican vote, 70 for that party.

Three state constitutional amendments carried in this county. The ones favored by the voters were liquor control, pardon system change, and limitation of House members. Teachers' pensions, workmen's compensation, and state officials' salary increase lost heavily.

The total number of votes polled in the presidential race was 3,267. Of these Roosevelt received 2,946, Landon 312, Lemke 16, and Thomas 2.

Following is the tabulation of the presidential vote in this

### Swing Tunes Invade Old West In New Crosby-Burns Musical

They haven't got the coyotes singing Hi-De-Ho, but in almost every other way the Old West has gone swing in Bing Crosby's latest, "Rhythm on the Range," scheduled to be shown at the Texas Theatre Saturday night in special midnight matinee, and on the Sunday and Monday following, November 7-9. Crosby, Frances Farmer and Bob Burns are in the central roles.

"Rhythm on the Range" makes a cowboy out of Burns, and opens its story when the crooner buys a prize bull at a rodeo in New York's Madison Square Garden, then starts west with the animal in a box car. In the reels that follow a rollicking romance is punctuated by the bazooka-playing of Burns, swing music by Louis Prima's world-famed band, western songs and the antics of Crosby, Burns, the bull, Miss Farmer, and Martha Raye, new screen comedienne "Bud."

Warren Hymer and George E. Stone, together with James Burke,

add thuggery to the yarn by trailing Crosby and Miss Farmer across the continent with the idea of kidnaping the girl and demanding ransom from her wealthy father, Robert Holloway. Lucille Webster Gleason appears as Miss Farmer's rugged Arizona aunt.

Bob Burns has his screen debut as Crosby's cowboy pal, who is taken by storm by the dynamic Miss Raye. Their romance, too, has a transcontinental touch. It begins aboard a passenger train in which Burns is heading for the same ranch.

"Rhythm on the Range" introduces such song hits as "I Can't Escape from You," "The House That Jack Built for Jill," "If You Can't Sing It You'll Have to Swing It," "Empty Saddles," "I'm an Old Cow Hand from the Rio Grande," and "Roundup Lullaby."

Joe E. Brown Coming in "Sons o' Guns," from Broadway Musical Hit

"Sons o' Guns," Joe E. Brown's latest Warner Bros. comedy frolic, based on the hilarious Broadway musical hit, will be shown at the Texas Tuesday and Wednesday of next week, November 10-11.

Besides the mirth stirring antics of the wide mouthed comedian, the picture is spiced with the famous martial arts of the original stage play, with tuneful new

songs by Harry Warren and Al Dubin, sung by Joe E. Joan Blondell, Winifred Shaw and the Chambers Male Chorus, and riotous dance numbers, all staged by the famous musical comedy producer, Bobby Connolly.

The story is a rollicking comedy romance dealing with the humorous side of doughboy life in France during the World War. The picture is said to be most colorful and picturesque, and lavish in production values, staged with more elaborateness than any previous Joe E. Brown comedy.

Between his distaste for army discipline and enemy shells on the one hand and his timorous adventures with three jealous and aggressive sweethearts on the other, Joe finds that life is just one horrible nightmare after another, much to the amusement, it is said, of the spectator.

As the much heckled buck private he is finally arrested as a spy and is about to be placed before a firing squad when a surprising turn of events makes him the hero of the hour, with his love troubles all untangled.

### Local 'Gang' Comic Film to be Shown At Texas Theatre

The "Gang" comedy produced here with 35 Ballinger children in the cast will be shown at the Texas Theatre next Tuesday and Wednesday, November 10 and 11.

The children who took part in the picture are: Bobby Agnew, Marilyn Agnew, Deane Albright, Mary Beth Albright, H. L. Atnipp, Ruby Jean Alvarez, Charles Bailey, Jr., Wanda Helen Baird, Marilyn Joyce Bowden, Joyce Boswell, Billy Butler, Shirley Ann Brown, Falls Carson, Gene Evans, Patsy Ruth Evans, Maurice Gasson, Marilyn Grier, Dorothy Ann Holt, Dorothy Jean King, Juanita Lee, Howard Martin, Jr., Patsy Ruth McMillan, Gwen Morgan, Frances DeMontmolin, Billy Poe, Marvin Saunders, Joyce Saunders, Elizabeth Wear, Fred Edwin Woods, Betty Jean Willford, and Harold Jones.

The picture will be two reels in length and will be shown in connection with the regular feature program which includes Joe E. Brown in "Sons o' Guns."

### Giesecke Announces Sale of St. Joseph Island Ranch Today

H. Giesecke president of the San Jose Cattle Co. announced this Thursday afternoon the sale of the 32,000-acre St. Joseph Island Ranch to Sid Richardson of Fort Worth.

For a number of years Mr. Giesecke and associates have been operating a cattle ranch on St. Joseph's Island. The deal closed this morning includes all the stock and land but the former owners retain part of the mineral rights.

Mr. Richardson will continue to run cattle on the island but purchased it primarily for a playground and resort. It is one of the few remaining ranches today with an abundance of wild game. Deer, turkey, quail, and all kinds of migratory birds are to be found in great numbers on the island and in recent years it has been called the hunter's paradise.

The deal has been pending for several weeks, and Mr. Giesecke told a Ledger reporter today that the purchaser had paid off and was ready to take possession. The sale price was not announced.

### WEDDINGS

Fokorny-Richardson Ed Fokorny and Miss Isabelle Richardson were married Sunday morning at 7:30 at the First Methodist Church, the pastor, Rev. Homer Vanderpool, performing the rites.

The couple were accompanied to the church by only a few close friends and immediately after the ceremony left for Dallas to attend the centennial exposition a few days before returning to Ballinger to make home.

Mr. Fokorny, operator of the Cash Food Market here, is a popular young business man. Mrs. Fokorny, the daughter of Mrs. Gene Richardson, has lived here practically all her life.

### HORACE SESSIONS RETURNS FROM LEGISLATIVE SESSION

Representative H. B. Sessions returned the past week-end from Austin, where he attended the special session of the legislature. Mr. Sessions has been working the past week to get his office in the Zappe building prepared for occupancy. He will continue his practice of law in Ballinger, but will not be connected with any other law firm at this time.

### "Women are Trouble" is Featured at Ritz Sunday

A real-life newspaper story of events behind the headlines, written by two ex-newspapermen, Michael Fessler and Richard Blake, from a short story by George Harmon Cox.

Stuart Erwin as the laconic star reporter whose strongest competitor is the girl he's in love with. Paul Kelly as the hard-bitten city editor, torn between headlines and an alimony-seeking wife.

That is "Women Are Trouble," hilarious, fast-moving new picture which comes to the Ritz Theatre Sunday, Monday and Tuesday, November 8-9-10.

City Editor Blaine and his top reporter, Casey, were good friends until Ruth Nolan went to work on The Star. Then trouble began. For one thing, war between the police and a gang of post-prohibition racketeers broke wide open, with The Star leading the clean-up fight.

When Ruth scooped Casey by pulling headline news from the very center of the enemy camp, the war entered their own front yard, with both Ruth and Blaine finally getting kidnaped and sentenced by the gang's own court to death.

This is the gist of the exciting story. Also featured in the cast are:

Margaret Irving, as the alimony-seeking ex-wife. Raymond Hatton as the gang's not-so-bright dupe.

Kitty McHugh as a truck driver's Amazonian wife, who specializes in throwing newspapermen down stairs.

John Harrington as the fiendish gang leader. Wally Maher as "Brains."

Edward Everett Horton Starred in "Nobody's Fool," New Universal Film

"Nobody's Fool," the Universal film starring Edward Everett Horton, to be shown at the Ritz Theatre Wednesday and Thursday of next week, is a story about the dumbest or the cleverest man in town, depending on the viewpoint.

His lack of guile and his proclivity for putting his foot into situations where other folks would not dare to thrust a ten-foot pole, lifted him from the humble job of small town waiter to the position of leading Manhattan realtor.

Whenever he was called on to talk, he had one set speech, about better housing conditions. By sheer luck, or the providence that

watches over babes, fools and real estate promoters, he made that speech to a gathering of the leading operators in the metropolis. And they were impressed.

He got mixed up in a plan devised by real estate sharps, to gouge owners of property where title flaws could be shown. From this muddle, while facing the toughest gang of highbinders in town, the fellow everybody thought a dummy worked out an honest project for better housing conditions. He proved to be nobody's fool. His plan guaranteed a return to investors. Best of all, it gave decent living conditions to people who had never known them before.

The supporting cast includes Glenda Farrell, Cesar Romero, Frank Conroy, Clay Clement, Warren Hymer, Henry Hunter and Florence Roberts.

### Auxiliary to Sell Poppies Saturday; Disabled Benefit

The American Legion Auxiliary of Ballinger will hold its annual poppy sale Saturday. As in previous years a booth will be set up in the business district and girls and women will canvass the city, selling the small flowers at 10 cents each and requesting everyone to wear the symbol all day.

Large poppies were sold to the business firms this Thursday morning and the entire supply was disposed of in a short time.

The poppies are all hand made by World War veterans confined in hospitals and when they are finished they are placed in super-heated ovens and left there until there is no danger of any germ living. The disabled veterans received pay for making the flowers and are limited in the number they can make. The small amounts they receive from this source is used for their necessary expenses.

Part of the money from the flowers sold by the auxiliary is used in hospitalization work by the state organization and the rest remains in the local treasury to be used in charity work among the veterans.

The local unit has sold poppies in Ballinger on the Saturday before Armistice Day for the past 15 years.

### Harry Carey, Hoot Gibson Leads In Virile Drama, "Last Outlaw"

A vigorous, action-filled western drama pictured in the up-to-the-second setting of a modern man-hunt brings Harry Carey, Hoot Gibson, Margaret Callahan, Tom Tyler and Henry B. Walthall to the Palace Theatre next Sunday, Monday and Tuesday, in "The Last Outlaw."

Starring Carey and Gibson, this RKO Radio picture tells—with effective punctuations of fist fights, hurtling automobile chases, spectacular riding and gun battles—the adventures of an old western desperado who, twenty-five years after his last law-defying escape, takes to his guns again to wipe out a mob of city gangsters.

Walthall portrays an old-time two-gun sheriff who, though he has been shunted into an obscure police post for being out-of-date, joins Carey to prove that the fighters of the old rip-roaring West are a match for today's gangsters when they pit six-guns against machine guns.

Hoot and Miss Callahan provide the picture with an ardent romance, Miss Callahan playing the last outlaw's daughter whose kidnaping by gangsters sends Gibson out on the trail with Carey and Walthall to hunt and smash her captors in their lonely Oklahoma mountain hideout.

The coldly merciless mob leader is characterized by Tyler. Ray Mayer and Harry Jans are seen as his equally ruthless machine gun artists, with other important roles being filled by Russell Hapton, Frank Jenks, Frank M. Thomas, Fred Scott and Maxine Jennings.

John Wayne to Wow 'em in "King of Pecos," Texas Historical Tale of Seventies

Stirring history of Texas in the seething seventies comes to vivid life on the screen of the Palace tomorrow (Friday) and Saturday, when John Wayne's new action

drama, "King of the Pecos," is to be unraveled. Like a panorama of the adventurous, pioneering life which we have read so much about, are all the thrills of stampeding cattle, thundering horses' hoofs, the roar of rifles and crack of pistols.

Undoubtedly the best performance ever given by Wayne, "King of the Pecos" definitely puts him at the top of all western actors. Possibly the role and the simple and powerful historical story given him, had much to do with the inspired performance.

Notable among the supporting players are Jack Clifford, Frank Glendon, Cy Kendall, Yakima Canutt and dashing little Muriel Evans.

### FORMER BALLINGER NURSE IS GIVEN A PROMOTION

Miss Ida F. Schilling, agency staff nurse at the Fort Hall Hospital, has been advanced to the position of head nurse. Miss Schilling has been a staff nurse at Fort Hall for approximately two years and this promotion has been brought about through her fine work and popularity with the Indian patients—Pocatello (Idaho) Tribune.

Miss Schilling was connected with the Halley & Love Sanitarium here for several years, serving as nurse and also as superintendent of nurses. She has visited friends and relatives in Ballinger and at Rowena since going to Fort Hall.

## CREWS CHATTER

A brisk norther is causing some of our citizens to slaughter some small porkers and enjoy spare ribs and sausage.

Cupid has been busy in our neighborhood the past few weeks. Arnst Pape and Miss Lela May Berry motored to Talpa and were married October 25. Bro. Morton officiated. Mrs. Pape is the daughter of Mr. and Mrs. Will Berry and has been reared and educated in our community. The groom is the son of Mr. and Mrs. Ed Pape, of Ballinger, but has been making his home near Crews for the past two years. Best wishes are extended.

On Monday, October 26, Miss Evelyn Payne and Ira Klutz, of this community, were married at Talpa, by Bro. Morton. Both young people have lived here most of their lives and received their education in the Crews school. Mrs. Klutz is the daughter of Mrs. T. C. Payne. Mr. Klutz' parents died in his early childhood. He is a grandson of Mrs. I. L. Dietz. They left immediately for Dallas where they spent several days attending the centennial celebration. They will make their home on their farm near Crews.

Mr. and Mrs. Arthur Clark were surprised a few nights ago by a large number of friends, meeting at their home, and after spending an hour or two pleasantly, the guests invited them into a room where an elaborate miscellaneous housekeeping shower was presented them. A number of Winters friends were also present. Sandwiches, cake and hot chocolate with marshmallows were served.

A fine miscellaneous housekeeping shower was also presented Mr. and Mrs. J. E. Dial, of Santa Anna, Saturday night, at the home of Mr. and Mrs. J. G. Phipps. The large number of friends, in addition to being pleasantly entertained, were served cake, hot chocolate, and apples.

Marion Wood spent a few days at the centennial exposition recently.

Mr. and Mrs. T. J. Whitley have moved in the residence just east of the school building. Mr. and Mrs. Moss who recently occupied the residence moved into their former home.

Mr. and Mrs. E. L. King, Weldon King and several others attended the football game at Breckenridge Friday night.

Mrs. W. L. White is ill with the "flu" at this writing. Mr. White and Laverne have both been ill, but are now up.

Mrs. Edgar Jayroe is convalescing very slowly from a recent illness.

Miss Beulah White, county health nurse, visited the Crews school Thursday afternoon of the previous week. She is scheduled to return today to finish the

inspection of the grade pupils. Miss White is very enthusiastic about her work, and with the cooperation of the parents she is hoping to maintain a fine health standard in the school. If possible she expects to attend the P.-T. A. meeting Friday night and talk on health and immunization for diphtheria.

Fred Gearhart is reported ill at this writing.

Mrs. W. W. King and Mrs. Chester McBeth visited Mrs. W. F. Clark in Winters Monday.

Mr. and Mrs. J. B. Walden received an announcement of the arrival of a great grandson, born to Mr. and Mrs. Cecil Lawson, of Lambkin.

Mr. and Mrs. Clyde Tippett are the parents of a fine boy, born October 19.

For the past few years very few farms have been sold in the Crews community, but there have been two transactions this fall. Some weeks ago Walter Kirby sold his farm of 200 acres to Jack Whitley, of McCamey, for a consideration of \$25 per acre. Last week Mrs. Pink King sold a 120-acre farm north of Crews to Irven Phipps for a consideration of \$20 per acre.

Mrs. Mattie Hallman is reported in no better condition.

Quite a few farmers in this vicinity are stocking heavily with sheep this fall. Some are just beginning with sheep while others are buying larger numbers.

Mr. and Mrs. J. G. Phipps, Mr. and Mrs. Irven Phipps and Mrs. Chester McBeth spent Thursday in Santa Anna, visiting their daughter and sister, Mrs. J. E. Dial.

## HERRING HOURGLASS

We were very glad to note the increase in the attendance at the church services this weekend. Everyone is invited to return.

Some people think that they never get what they want. However, this is one time a certain young man will get what he wants. So here goes—Herbert Martin.

Mr. and Mrs. Jack Fuller are rejoicing over the arrival of a 9½-pound son. The little fellow, who has been named Melvin Ray, arrived Sunday.

Roy Foreman left Thursday for Arizona, where he has a position. Mrs. Vara Simpson, Flora Belle and Lucille, and Mr. and Mrs. Odie Morton were Sunday guests of Mr. and Mrs. M. F. Kerby and Mildred.

Mr. and Mrs. Cannady, of Blanton, were Sunday guests of Mr. and Mrs. Clyde Brevard.

Hale Bennett, of Talpa, spent Thursday night with Perry Bragg. Miss Oletha Hogan, of Big Spring, spent Saturday night and Sunday with Mrs. J. R. Elms and Helen.

Ewing Fuller was honored Sun-

day by his mother with a birthday dinner. He celebrated his sixteenth birthday recently. Present for the dinner were: the honoree, Curtis and Ralph Morton, Chester and Syble Simpson, Rev. Frank Cochran and Arnold Allcorn and the immediate family.

Earon Ruth Monroe, of Talpa, spent Friday night with Mary Fuller.

Lawton Brevard, spent Thursday night with Floyd and Johnnie Loyd Broyles, of Talpa.

Miss Maggie Ruth Brevard, who is working in Coleman, spent the week-end with home folks.

Mr. and Mrs. Lonnie Allcorn visited W. L. Day, of Santa Anna, Saturday.

Mr. and Mrs. Arnold Watkins, of Talpa, spent Sunday with Mr. and Mrs. G. E. Avent.

Miss Mary Fuller spent Saturday night with Misses Flora Belle and Syble Simpson.

Fred Simpson and V. G. Preas visited Odie Matthews Sunday.

Lawton Brevard and Junior Whitley spent Sunday with Lyndon Rosford.

Mr. and Mrs. Frank O'Dell visited in the Jack and J. J. Fuller homes Sunday.

Mrs. Arthur Fuller visited Mrs. Allan Jackson Monday evening.

Mr. and Mrs. Lonnie Allcorn and Elton Joe visited Mr. and Mrs. Arthur Fuller Sunday afternoon.

Charles and A. C. Roesser and Arthur Fuller were Winters visitors Monday.

Miss Lexie Brevard spent Thursday night with Gloria West, of Talpa.

If this cold weather continues there will be few green leaves left on the trees.

## BARNETT BELLRINGERS

There was a nice crowd at Sunday school Sunday. We urge everyone to attend. Rev. Allen Patterson will preach next Sunday and every second Sunday of every month and we are glad to have him preach here.

Dinner guests of Mr. and Mrs. A. W. Tyree Sunday were Mr. and Mrs. J. M. Laxton and family, and Mr. and Mrs. Roy Tyree and son. Mr. and Mrs. Alvin Newsom were callers in the Ellis Stubblefield home Sunday.

Several in this community are planning to attend the centennial exposition this week-end.

## County's Club Women Prepare Exhibits for Bedspread Show

Miss Myra Tankersley, county home demonstration agent, and members of the exhibit committee for the comfort and bedspread show at San Angelo, are making plans for the exhibit from this county on November 20, 21, 22 and 23. The show is for all counties in districts 6 and 7, comprising about twenty counties.

Miss Tankersley stated Monday that she was trying to secure at least three articles from each club in the county which would provide about 45 pieces in the Runnels county exhibit. The exhibit committee will pack the articles and take them to San Angelo. All entries are expected to be in the home demonstration agent's office here not later than November 19.

The county with the greatest number of entries will receive a special prize of \$10 in addition to the individual awards. Judging will be done on November 20 and Monday.

three bedroom demonstrators from each county will be allowed to attend the judging with the agent from their county.

The show will include woolen comforts, tufted bedspreads and tufted pillow tops. Individual prizes on comforts will be from \$1 to \$5, on bedspreads from 75 cents to \$4, and on pillow tops from 25 cents to \$1.50.

Those making entries must be members of home demonstration clubs or girls' 4-H clubs. The girls will compete in a separate division with the same prizes offered as in the other divisions.

The program for the home demonstration clubs this month is on tree planting, while the girls' clubs will study fall gardens and make reports for the past year's activities.

Rev. J. W. Sharbutt, of Winters, attended to business in Ballinger Monday.

## An Ambition Fulfilled

Our ambition has always been to honestly state that we were operating the best gin in Ballinger and our plant has always been kept up to the latest standard of efficiency. Not long ago we added the

## New Continental Bur Extractor with Double Cleaning Dropper

AND NOW WE HAVE ADDED THE

## Boardman Vertical Cotton Drier

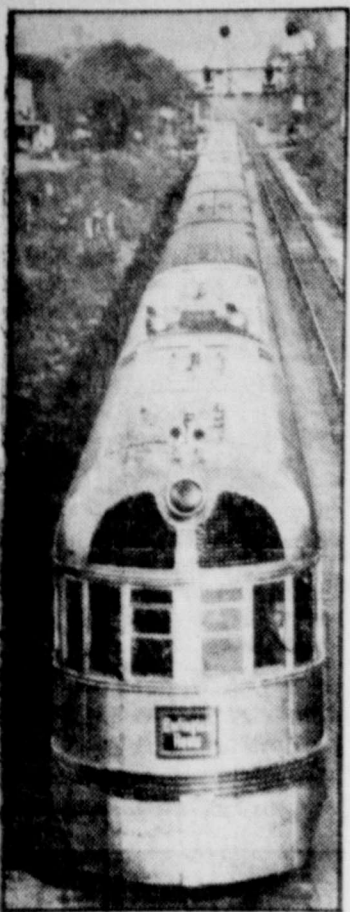

which extracts practically every ounce of moisture from damp cotton. This machine is a government tested and approved apparatus which will raise the grade of cotton from one to three grades. This means an increase in value from \$5.00 to \$10.00 per bale. Also this machine will raise blue cotton one grade, whether wet or dry.

COTTON BUYERS CAN READILY DISTINGUISH A SAMPLE OF COTTON RUN THROUGH THIS DRIER BECAUSE IT IS CLEANER, WHITER AND ENTIRELY MORE MARKETABLE.

The secret is in the high heat temperature, high air pressure—plus the efficiency of our otherwise up-to-date plant. If you are a "doubting Thomas" just give us a sample bale and see for yourself that this is the best gin in Ballinger.

**As New Zephyr Set Record**

Streking 1017 miles across four states from daylight to dusk, the Burlington's stainless steel "Denver Zephyr" is shown here as it approached Denver to establish a world's long-distance speed record for railway trains. The Zephyr sped from Chicago to Denver in 12 hours 12 1/2 minutes, 52 1/2 minutes under the previous record set by the original Zephyr on this line. Ordinarily a 12-car train, the Zephyr ran with eight on this trip and reached a top speed of 116 miles an hour. It averaged 83.6 miles an hour for the dash.

**Revelers Celebrate Hallowe'en Lustily; Little Damage Done**

Ballinger young people and a few older ones extended their celebration of Hallowe'en Saturday night until the wee hours Sunday morning. Local officers reported the crowds fairly well behaved, but a few pranks caused confusion and some property loss.

Boys worried motorists by letting the air out of their casings and a few car owners reported gas tanks drained. Many signs were shifted to make humorous situations, and wagons and other loose articles were found far from their usual reposing places.

City police were forced to halt some of the fun which might have become serious. A wagon was being rolled down the Broadway hill until stopped by state highway patrolmen. On Eighth Street a telephone cable spool was turned loose at the top of the hill and after picking up momentum collided with the rear of an automobile, causing some damage.

A few windows were reported smashed by stones hurled by some of the wilder celebrators. Several families endured old fashioned tick-tacking and youngsters dressed as goblins made many visits to scare adults at home.

A number of parties were featured for the younger set in which the Hallowe'en motif was carried out. The midnight revue at the Texas Theatre attracted an enormous audience and the gaiety of the patrons was unrestrained.

**LIONS AND CROCODILES FIGHT BIG BATTLE**

**LIVINGSTONE,** Union of South Africa, Nov. 4.—Natives have reported a terrific jungle battle between a lion and three lionesses, which had killed a water buck, and crocodiles.

The four lions were about to consume their catch, when three crocodiles emerged from the water. One of the crocodiles seized the prey. The lion attacked the crocodile thief, and killed it. The other two crocodiles then attacked the lionesses and broke the front leg of one of them. The din of the contest brought four more crocodiles from the river.

The six crocodiles then seized the buck, and dragged it to the water, while the lion tenaciously clung to his catch. Upon reaching the water the crocodile turned on the lion, and in a few minutes, lion, buck and crocodiles sank beneath the troubled water.

"Hello, dear!" said a lady meeting a friend in a store. "You seem busy."

"Yes, I'm trying to get something for my husband."

**Human Hair Strains Oil; Other Kinds Also Useful**

Human hair, able to withstand a pressure of six tons per square inch, has an important place in American industry, declares a writer in the Washington Star.

Practically all the cottonseed oil used for culinary purposes is strained through press cloth made of hair.

In the cottonseed oil mills a measured quantity of cooked cottonseed is wrapped in a strip of hair cloth and placed in a machine, called a "cake former," where it is slightly compressed to make a compact mass. The cake, still covered with the cloth, is then removed to an hydraulic press, which squeezes the oil through the cloth. The product is piped into a settling tank and sent to a refinery.

The use of hair cloth for wrapping materials from which oil is to be extracted by pressure comes down from olden times. For many years, long-fibered goat hair and wool were used. Afterward, European manufacturers learned that the Asiatic camel hair was better on account of its length and stretching qualities and adapted it. The camel's-hair cloth was the first press cloth used in the United States. In 1906 the Boxer Rebellion in China almost cut off the supply of raw material, and manufacturers were compelled to resort to goat hair, llama hair, cow tails, horse tails, cotton, and, finally, human hair.

The Oriental disturbances which cut off the supply of camel hair provided a source of almost unlimited supply of raw material for the manufacture of the new type of press cloth. After overthrowing the Manchu dynasty, the Chinamen proclaimed their new-found liberty by cutting off their queues.

**Meat Preservation Was Practiced in Early Days**

There have been four classical methods of meat preservation—drying, smoking, salting and freezing. Meat drying originated in the more arid countries since, where the climate was moist, the meat would spoil before it could be properly dried. Apparently meat drying was first developed in the northern part of Asia, and the custom unquestionably was brought to North America and later to South America by the immigrant peoples who came across the Bering Strait, or a land bridge which is presumed to have existed there at an earlier date, writes Col. E. N. Wentworth, director of Armour's live stock bureau, in a packing company letter to animal husbandmen.

The chief principle in meat drying is to cut the meat in sufficiently thin strips to permit rapid evaporation of the moisture. The Spanish adventurers who came to North America found dried meat in use by the Indians of what is now the Southwest United States, Mexico and Central and South America. The Spaniards called it "charqui" (pronounced "sharkey"), and presumably derived it from the native Indian word used in Peru for beef or other meat cut into long strips and dried in the wind and sun. It was christened "carque" by the Portuguese explorers who came to Brazil, but was known as "jerked" beef by the English adventurers.

**The Adriatic Sea**

Americans are prone to think of the Adriatic as an Italian sea, but as a matter of fact it equally washes the shores of Jug-Slavia. It stretches north from the Mediterranean for some 400 miles and the average distance between shores is about 100 miles. In the southern part it reaches a depth of 4,000 feet, shoaling off to 500 feet in the northern section. For centuries the Jug-Slavian side has been known as "Nase More," while on the Italian side it is "Mare Nostrum."

**Rowena Armistice Program Complete; Dinner is Feature**

What promises to be one of the most delightful affairs ever sponsored by St. Joseph's parish at Rowena will be held Wednesday, November 11. This celebration is being advertised as Rowena's centennial armistice program.

The celebration will commence at 10 a. m. at which time a parade led by Homer Rumsey and his famous dancing horse, will be held. Prizes of \$5, \$3 and \$2 will be awarded for the best decorated floats in the parade.

During the day music will be furnished by the junior brass band under the direction of Homer H. Carsey.

At 10:30 a. m. the Hon. Carl Runge, of Mason, will deliver a patriotic talk. Following this address a delicious dinner consisting of chicken, turkey, fresh country sausage and all the trimmings will be served.

Various events during the day will furnish fun and entertainment for both young and old.

At 2 p. m. Mr. Rumsey will put his famous horse through all sorts

of tricks. The grand auction sale will follow and supper will be served starting at 5:30 p. m.

A cordial welcome is extended the public to come and enjoy the friendly hospitality of the Rowena citizens.

After the evening meal a dance will be given at O. D. H. S. Hall.

**MILLIONAIRE MAHARAJA ABANDONS SLEEP QUEST**

**CALCUTTA,** Nov. 4.—Although he received thousands of suggestions on how to induce sleep, Ralhadur Ranjidas Bajora, the millionaire maharajah, is now resigned to death. His offer of \$5,000 reward for a cure has brought suggestions from all parts of the world, but the sleepless man of 65 has given up hope of finding a cure.

His correspondents include housewives, actors, farmers, laborers, foresters, and a Texas cowboy. Few asked for the money. The marwarji belongs to one of the most orthodox Hindu sects. For this reason he has declined to take part in many experiments. One Indian hypnotist guaranteed to cure him within 48 hours. The sleepless man refused because his religion does not permit belief in spiritualistic powers.

**NEW MOSCOW CANAL NEARING COMPLETION**

**MOSCOW,** Nov. 4.—Work on the eighty-mile canal connecting Moscow with Volga River is fast nearing completion. Large sections of the construction near Moscow have been completed and the final touches are being given the western entrance to the canal where the Volga flows into the

Moscow River. The enormous reinforced concrete railway bridge that will span the canal lock at Moscow is also approaching final form. The Volga-Moscow Canal project compares in magnitude with the Baltic-White Sea Canal. When it is completed travelers will be able to board a steamer at the Moscow quays and sail over 2,000 miles down the Volga River.

### 12 Vacant Houses Here November 1; Collections Good

A city survey on November 1 revealed there were 12 vacant houses of all descriptions in Ballinger and 12 householders were without city water connections. There are few desirable rent places to be had here and practically every apartment in the city is occupied.

City collections for October were good, a total of \$3,515.75 being received from the following sources: taxes, \$518.49; water, \$2,054.58; plumbing, \$10.80; sanitary service, \$166.75; fines, \$5.96; interest on daily balances, \$10.50; interest on securities, \$472.50; farm income, \$219.76; and refund on gasoline tax, \$56.42.

Park work was resumed this week a crew of youths cutting underbrush on the bluff overlooking the playground. Regular maintenance was continued and the park is in the best condition since it was established, according to city officials who inspected it this week.

The concrete causeway at the upper dam on Elm Creek was completed last week and will be open to traffic Monday. All curb and gutter work has been completed on Bonnal Avenue from Eighth Street to Broadway with the exception of 150 feet on the south side of the street. The cost to the city on the curb and gutter

project for the month was \$72.65, expenditure on the causeway was \$157.13, and on the park \$5.50.

### BRITISH WOMEN LEAD WORLD IN SEEKING YOUTH

LONDON, Nov. 4.—Women of Great Britain seeking to renew their youth by grafting of monkey glands outnumber by far the women doing so in other lands, and ten men undergo rejuvenation to every one woman.

This is the statement of Dr. Serge Voronoff, the rejuvenation expert, who is in London arranging the translation of a new book. "They wish to play golf, hunt and dance on level terms with their daughters, and sometimes their granddaughters," he said. "They want strength as well as beauty."

He added: "There is no reason why men and women should not live to be 140. My observation has shown that almost all animals live seven times the full length of time it takes them to develop fully. The human being is fully developed at about 20."

Dr. and Mrs. E. H. Boelsche returned Tuesday from Industry, where they spent the week-end attending a family reunion.

### Community Club Formed at Maverick

Citizens of the Maverick community met Friday night, October 30, and organized an agricultural association with the following officers elected: Howard Owens, president; Alto Lee, vice-president; and Mrs. Annie McAuley, secretary and treasurer. Renza Lee was elected chairman of the entertainment committee, and Gordon Griggs chairman of the educational committee.

County Agent John A. Barton and Thomas B. Hill, agricultural conservation assistant, were present and aided by suggestions in getting the community club organized and a program outlined.

The Maverick Community Club is to meet each third Friday night in the month. The plan as outlined is that the school and faculty will have charge of the entertainment program one month and the community adult members another month. Mr. Griggs states that he has already prepared the program for Friday night, November 30, and all who attend will be well entertained by the school organization.

A prize is being offered by the county agent to the local school boys and girls for the best community slogan for Maverick. Among other things to be put before the club at the next meeting will be eight plans for the community, and four to be selected by the community to be carried out during 1936-37.

President Owens stated that the membership is not limited, but every boy and girl ten years old and above, as well as all men and women in the community are eligible for membership. All community meetings are free and no charges of any kind are to be made at the regular night meeting, the third Friday in each month.

### RAILROADS PROVE SAFE

ADELAIDE, N. S. W., Nov. 4.—During the last ten years 1,450,000 railway passengers have been carried in New South Wales without one fatality caused by railway operations. This statement is made in railway statistics just issued which state that 1,450,000 passengers are carried every year on the state railways.

### Raven and Crow Differ but Both Are Scavengers

"The raven, a vanishing bird, is generally thought of as a near relative of the crow," says a member of the Izaak Walton League, in the Detroit News. "But they are not even distantly related. There is nothing these two birds have in common except that they are both scavengers."

Many times an oversized crow is mistaken for a raven, due to similarity in shape and color. The average weight of a raven is two and a half pounds; a large crow will not weigh more than one and a quarter pounds. The length of the average raven is two feet from end of bill to tip of tail; the length of a large crow is not more than one and one-half feet; wing spread of a raven is four feet and that of a crow about three feet. The eyes of a raven are more like those of an eagle, whereas the eyes of a crow are on the side of the head much like those of a robin. The bill of a raven is longer and thicker and opens directly under the eyes, unlike the bill of a crow which opens forward of the eyes. Another mark of distinction is the throat feathers and tail. The raven has loosely hung, pointed feathers on the throat, while those of the crow are short, thick and soft. The raven has a round tail, whereas the crow's tail is square.

There is a marked difference in the flight of the two birds. The raven sails more than a crow and has a peculiar wing stroke. There is also a marked distinction in the voice of the two birds—the crow caws whereas the raven croaks.

The raven, like the passenger pigeon, has not been able to adapt itself to civilization as the crow has and is rapidly disappearing.

### Palindrome Reads Same Backwards as Forwards

Whenever you find a word, verse, or sentence that reads the same backwards as forwards, there you have a palindrome. Single-word examples of this peculiarity are "repaper" and "deified." The touch of wit in many classic palindromic sentences is unmistakable. Thus Napoleon, mourning over his exile, might well exclaim: "Able was I ere I saw Elba," and Adam could hardly have found more appropriate words to introduce himself to Eve than simply, "Madam, I'm Adam!"

A shrewd take-off of the tooth-extracting frenzy of Sir Richard Paget and old Irish pathologist, is contained in the palindrome, "Paget saw an Irish tooth sir, in a waste gap." Other long palindromes are "dog as a devil deified lived as a god" and "I did live and evil did I dwell" while every Etymologist can find a further example in "now note Eton won."

The ancient Greeks and Romans went so far as to coin sentences with a different and sometimes more sinister meaning when interpreted backwards.—Tit-Bits Magazine.

### First Balloon Ascension

On January 9, 1793, at Philadelphia, Pa., Jean Pierre Blanchard, a French aeronaut, made the first balloon ascension in the United States. Great throngs, including President Washington and other distinguished public officials, witnessed the spectacle. Blanchard remained aloft forty-five minutes and traveled fifteen miles, descending at Woodbury, N. J. Thus began the history of American air communication, for Blanchard carried a letter from President Washington, calling on all citizens to "receive and aid him with that humanity and good will which may render honor to their country and justice to an individual so distinguished by his efforts to establish and advance an art, in order to make it useful to mankind in general."

### The Fighting Fo'c'sle

In sea stories you often read about the fo'c'sle—the forward part of the vessel under the deck where the sailors have their quarters. The name is short for fore-castle, says Pearson's London Weekly, and it comes from the days when ships were built mainly for fighting. Then the fore-castle was actually a castle in the fore part of the ship—a strongly built structure which commanded a view of the enemy ships. This fore-castle also provided shelter for the men who did the fighting—soldiers in those days, for the sailors only worked the ship and had nothing to do with the scrapping.

### Character in Pencil Points

Here are some hints on judging character from pencil points, given by a writer in Pearson's Weekly: The person who gives a pencil a sharp, stumpy point is inclined to be mean. The business man gives his a long and carefully even point. The generous person makes a long, narrow, uneven point which breaks very easily. The man with artistic tastes cuts a long, irregular and finely sharpened point.

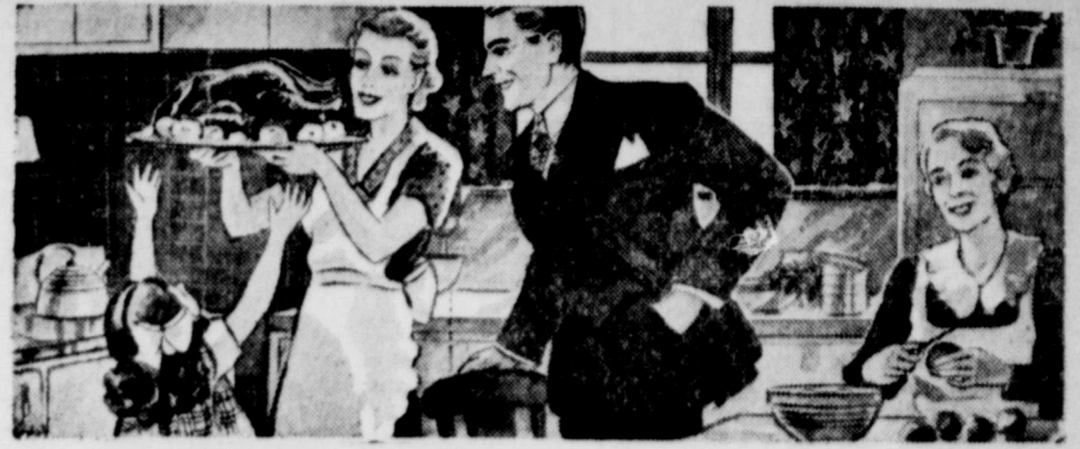

### Sea Killers

The killer whale is the unbalanced lord of the seas. To him a man-eating shark would be but a gulp. It even attacks porpoises, the mightiest whales that live, and not a few fishermen have been found in a killer whale's stomach.

### TRACK UP, TRAINS MOVE

HARBIN, Nov. 4.—Nearly 6,000 miles of broad gauge track on the North Manchurian Railway in Manchuria have been torn up and replaced by standard gauge track without any interference with the normal traffic of the railway. The section affected is between Harbin and Manchull.

### 41,000 Acres Planted to Soil Conserving Crops in this County

The largest fields of summer legumes grown in Rannels county in connection with the agricultural conservation program in 1936 were raised on the A. F. Harkins farm near Wingate, and the W. H. Wilde farm near Bethel, who each have 150 acres of soy beans and cow peas, according to County Agent John A. Barton. Mr. Barton states that soy beans and cow peas when turned under are valued in rates of commercial fertilizer per acre from \$15 to \$20. In addition to the value of the nitrogen fertilizer there is also an added value of organic matter that is worth from \$1 to \$2 per acre. In an analysis of the nitrogen content of soy beans it is found that they are twice as valuable in nitrogen as cow peas. None of the legumes will give full nitrogen strength unless inoculated with nitrogen-fixing bacteria, which can be done by an artificial method when the legume seed is planted.

Experiment station records show that ordinary forage such as sudan grass, cane, hegarl, etc., has a fertilizer value of around \$3 per acre when turned under in addition to its humus or organic matter value.

Rannels county farmers planted approximately 41,000 acres of cow peas, soy beans, sudan grass and other soil conserving crops in 1936 as determined by farm measurements now practically completed. Planting of these crops is being encouraged to prevent erosion of the land and to return life-giving humus to the soil. This acreage of soil conserving crops represents an increase of 1000% over previous plantings of these crops.

Farmers have long been familiar with the benefits to following crops from well rotted plant material, especially legumes, in the soil. This humus is a carrier of plant food elements, it improves the physical condition of the soil and serves as a sponge to increase its water holding capacity. The latter is of primary importance in this section of Texas. Experiments have shown that 100 pounds of sand will absorb 25 pounds of water, 100 pounds of clay will absorb 50 pounds of water, but 100 pounds of humus will absorb 200 pounds of water, twice its own weight.

In Texas 70% of the farm land has been covered by the work sheets used in connection with the conservation program being administered by the Texas A. & M. College extension service and directed in the counties by the county agents, the conservation assistants, the county and the community committees.

#### SOUTH BALLINGER SAND-COLUMN

Mrs. W. B. Holland is visiting in the home of her daughter, Mrs. Tom Posey, in Brownwood, where she intends visiting for several weeks.

A birthday and Halloween party was given Saturday afternoon from 2 o'clock until 5, in the home of Mrs. C. D. Harris, honoring Norma Jewel Harris on her tenth birthday. The dining room was decorated in Halloween colors in forms of cats, pumpkins and owls. The dining table was spread with a large centerpiece of orange and black, also with pictures of black cats and owls. A beautiful cake stand, holding the large birthday cake, was decorated in orange, with the words "Happy Birthday," and bearing ten candles. Jack-o'-lanterns were placed in a darkened room, where there was a ghost in one corner and a witch sat at a table telling stories about ghosts and the black cat. Other games were played. Norma Jewel was the happy recipient of many pretty and useful little gifts, given by her little guests, twenty in number. They played until a late hour, when they were called to the dining room, around the large birthday cake to make wishes and blow out the candles. The hostess then assisted by Mrs. Milton Harris sliced the cake and served it with orange punch, with orange and dark lollipops for favors.

Those attending were: Charles and Laverne Dankworth, Clara Marie and Rudolph Hoffman, Nelda Faye Whiddon, Louise Stubbs, Shelton Leach, James and Mary Emma McWilliams, Betty Lou Batts, Joyce, Edward and Gloria Farley, Mildred and Gladys Hill, Keaton Hays, Zane Branham, Elwood, Anita Beth and Norma Jewel Harris, Mmes. L. B. Stubbs and E. T. Branham, Jr., were also guests.

#### BETHEL HOME DEMONSTRATION CLUB

Election of officers for the next year was the principal business item at the meeting of the Bethel home demonstration club on October 29, when the club met in the home of Miss Annie Shelburne. All the old officers were reelected, as follows: Mrs. R. J. Wood, chairman; Mrs. David Duke, vice-chairman; Miss Ina Crockett, secretary; Mrs. Tom Crockett, council delegate.

Miss Shelburne invited all to view her bedroom, in which she had accomplished much as bedroom demonstrator. Her tufted bedspread placed second at the fair in Ballinger, and she was also fortunate in drawing the number for the new cotton bed which was made at the fair.

Miss Myra Tankersley, county home demonstration agent, was present, and invited all to attend the joint Achievement Day program at Hatchel and Blanton.

A miscellaneous shower was given Mrs. L. B. Davenport, a recent bride.

Mrs. Len Harvey and Mrs. Delbert Davenport and children, of Ballinger, and Mrs. M. Causey and children were visitors.

Punch and cookies, carrying out the Halloween colors, were served to the twenty-five present.

The next regular meeting will be held on November 5, at the home of Mrs. Randall Campbell.

The Bethel home demonstration club met October 1 in the home of Mrs. Pat Mapes with a large number of members and visitors present. Committees were appointed to have charge of the various parts of the Rannels County Fair at Ballinger.

After the business session a social hour was enjoyed. Two members were presented with showers.

A refreshment plate, consisting of cakes, sandwiches, candies, and hot cocoa, was passed to everyone present.

The next meeting was scheduled to be held October 29, in the home of Miss Annie Shelburne, bedroom demonstrator.

Executive Secretary of the United Christian Missionary Society of Disciples of Christ, who will speak here Tuesday.

#### Card of Thanks

We take this means of expressing our gratitude and sincere appreciation to our many friends and neighbors who in so many ways were kind to us during the illness and death of our loved one, W. ## Feed Paymaster Cottonseed Meal and Cake

Cotton seed is now rated as one of the South's principal cash crops and has been an important factor in developing the agricultural and livestock industries in Texas.

The cotton seed oil industry in cooperation with the A. & M. College, feeders and breeders, has proven the value of cotton seed meal and cake in the rations of livestock and poultry.

Ask your grocer for shortening made from pure cotton seed oil—there is none better.

Feed Paymaster Cotton Seed Meal and Cake with your own home grown feeds for best results.

## Ledger Correspondent Writes of Seeing Night Rainbow

An interesting letter from one of The Ledger's rural correspondents, Mrs. Tom Crockett, was received this week. In the letter Mrs. Crockett describes a perfect rainbow which she saw at night recently. The letter and her description follow:  
"Tuesday morning, October 27, at 2:35 a. m., a shower of rain was falling. I got up to close the cellar door and saw the clouds begin to break in the west. The moon appeared which caused a perfect rainbow in the east as anyone ever saw in the daytime. I stood and looked at it and wondered if it is not very unusual for a rainbow to appear at night. I have asked a number of people

including my father, J. A. Fletcher, who is a close observer of unusual things and has kept a weather diary for many years, and no one remembers seeing a rainbow at night.  
"At the time the moon was nearing a full moon and shone very brightly at night. I would like to know if anyone has ever known of a rainbow at night. I am sorry now I didn't wake the children and let them see it. I tried to get Tom up, but he wasn't interested."  
Anyone who knows anything of such unusual weather phenomena and has seen a rainbow at night is asked to report the occurrence to this paper.

## Bearcats Barely Beat Bangs Boys Here Friday Night

The Ballinger Bearcats barely pushed the Bangs Dragons into a defeat Friday night when a lone touchdown was all the scoring in the game. The teams battled evenly, most of the first half, the visitors entering Ballinger's 20-yard zone twice.

The one big thrill of the game came early in the second half when Morris flipped a short 8-yard pass to Sheffy who side-stepped three tacklers and got into an open field for a 52-yard run for the one touchdown. May attempted a kick from placement but it was low and did not count.

The Ballinger boys took the offensive throughout the second half to run up eight first downs to none for the visitors, but the Dragons were out kicking the Bearcats so badly that they kept the ball away from their goal line. Weams of the Dragons did a nice job during the evening and ends were down on the kick to drop the safety man in his tracks for no return. Sheffy's punting was short in most instances, with Bangs gaining about 20 yards on each exchange.

Fritz and Wiesepape played great defensive football and were responsible for stopping the Dragons' running attack in many instances. Sheffy and May did most of the running attacks for the Bearcats with Morris making some nice gains in the last quarter when he was playing at half-back.

The Bearcats will meet the

Santa Anna Mountaineers tomorrow (Friday) night in the locals' only away-from-home game of the season. The contest will be played at Santa Anna beginning at 7:30 p. m. The Ballinger delegation will include the band, the pep squad and all the players besides all the fans who can go.

## Have You Seen It?

**The Thousand Dollar Bedroom Suite Now on Display in Our Furniture Department**

This suite was one of the outstanding show suites at the recent Furniture Mart in Chicago where hundreds of manufacturers were represented.

We now bring it to you for your admiration.

Its magnificence cannot be described in mere words—you must see it to fully appreciate its grandeur.

You probably have never before seen anything like it—in wood—in construction—in daring outlines—and style. Now ready for your inspection.

Glad to have you see it in our Furniture Department show window.

**And While You are Looking—**you'll be impressed with our lavish display of the finer grades of suites and odd pieces.

With the return of prosperity our patrons are buying the better grades of merchandise—especially in furniture where you are buying for life.

We anticipated just such happy conditions and our late purchases of many carloads of furniture clearly show a decided trend to higher quality.

## King and Queen Crowned at Norton

Saturday night, October 31, was celebrated by the students and patrons of the Norton high school with a coronation ceremony for the king and queen selected there recently.

Edna Compton, leader of the Eagle pep squad, was crowned queen, and Paul Pruitt, captain of the Eagle football team, was crowned king.

Crown bearers were Jimmy Wayne Hambricht and Weldon Willis. Flower girls were Bonnie Wayne Lee and Ouida Merle Sharpes. A. W. Nix, Jr., crowned the queen.

Dukes and duchesses from the various grades were: Adriel Crockett, Doris Phillips, eleventh grade; Ralph Jennings and Leta Lewis, tenth grade; Jack Compton and Phyllis Roper, ninth grade; Luther Smith, Jr. and Pansy McDonald, eighth grade; Don Griggs and Josephine Simpson, seventh grade; Dalton Crockett and Billy Ruth Duke, sixth grade; Norman Roper and Pansy Setser, fifth grade; Bobby Jack Priddy and Louis Mozelle Hensley, fourth grade; D. Elton Hambricht and Tommy Jane Bryson, third grade; Lannom Mack Carter and Margy Ruth Morgan, second grade; T. W. Bryson and Margy Faye Brunson, first grade.

The celebration was climaxed by the auctioning of a large cake decorated with an eagle. Following the cake auction the lunch boxes were auctioned. The total sales brought something over \$57. School colors of black and gold were carried out in the decorations and some of the boxes. The pep squad in their black and gold military suits sang a pep song.

The proceeds from this event will be used for the annual football pep squad banquet.

Ira L. Sims is assisting at the Mrs. W. E. Harvey gin with the book work.

## Try CARDUI For Functional Monthly Pains

Women from the 'teen age to the change of life have found Cardui genuinely helpful for the relief of functional monthly pains due to lack of just the right strength from the food they eat. Mrs. Crit Haynes, of Essex, Mo., writes: "I used Cardui when a girl for cramps and found it very beneficial. I have recently taken Cardui during the change of life. I was very nervous, had head and back pains and was in a generally run-down condition. Cardui has helped me greatly."

Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

## SPORTS

One of the most interesting games in the district will be played at Blizzard Field, Winters, tomorrow (Friday) afternoon, when the undefeated Blizzards and Rising Star Wildcats meet in the contest which probably will determine the district champion. Winters has a larger team but the Wildcats have displayed a powerful running attack against all opponents this season. A large group of Ballinger people will attend the game.

The Bearcats should be able to take the Santa Anna Mountaineers into camp with little trouble tomorrow (Friday) night, but after this set-to they will have lots of trouble the remainder of the season. On Armistice Day the Bearcats will meet the powerful Cross Plains team here in a night game. Cross Plains has the largest roster in the district this year and with the exception of the Winters Blizzards, have had no difficulty with other teams.

Miss Rosa Hills is in the Halley & Love Sanitarium with a serious throat infection. Her condition Thursday morning was thought to be slightly improved but she is still seriously ill.

Mrs. Charles F. Bailey and son left the first of the week for Dallas to visit friends and attend the centennial exposition. Dr. Bailey will go to Dallas after them this week-end.

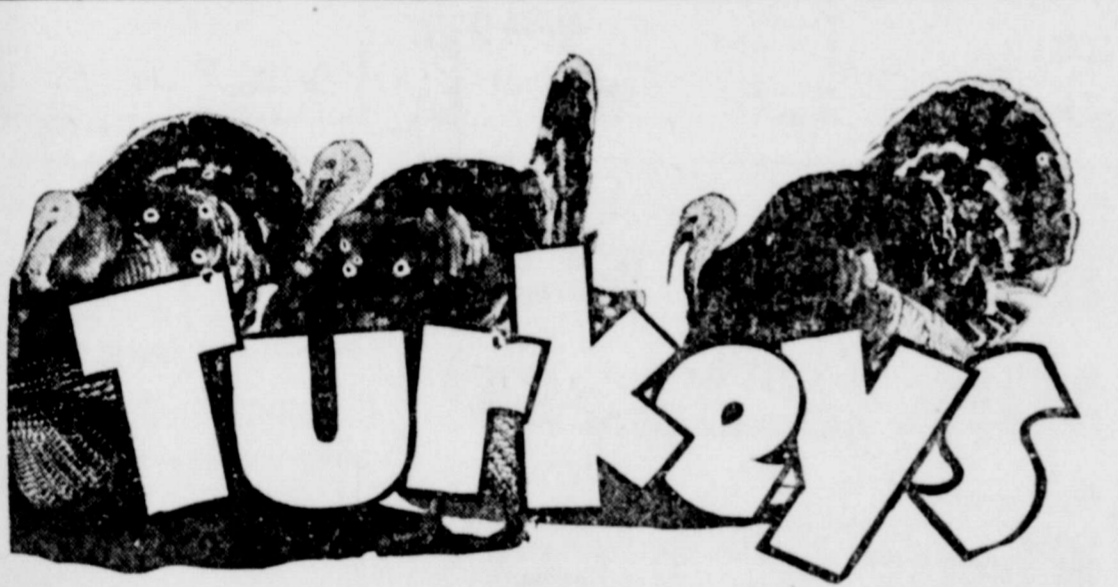

## WINTER USHERED IN HERE BY TWO HEAVY FROSTS

The first real winter weather of the last half of the year hit this section of Texas Monday night when a stiff norther blew up. Stock warnings had been received during the day and everybody was prepared for the frigid blast.

Wednesday and this (Thursday) morning freezing temperatures were recorded here and heavy frost whitened the ground. The official readings here were around 26 and the frost killed living vegetation.

The low temperatures will cause cotton still unopened to open and soon be ready to pick but no damage is expected to result from the freezes.

**FRENCH SHIPS TO BE RAISED**

CAIRO, Nov. 4.—An Italian salvage company is to make an attempt to raise French warships sunk by Nelson's fleet at the Battle of the Nile in 1798. These vessels are believed to have contained treasures of gold, silver and objects of art pillaged from Egypt during the Napoleonic occupation.

"You, too, will be delighted with the way S.S.S. Tonic whets up the appetite... improves digestion... restores red blood cells to a healthier and richer condition."

"Feel and look like your old self again by taking the famous S.S.S. Tonic treatment to rebuild your blood strength... restore your appetite... and make better use of the food you eat."

"S.S.S. Tonic is especially designed to build sturdy health... its remarkable value is time tried and scientifically proven... that's why it makes you feel like yourself again. Available at any drug store."

**3 Local Churches Raise Cash Sunday For Special Work**

Sunday was a real money raising day in Ballinger churches, three of them reporting great accomplishments in this respect.

Members of the First Methodist Church contributed a total of \$11,400 at the morning service. This amount will be applied to the church debt which will be reduced from \$21,400 to \$10,000. The remaining sum due will be converted into a new loan and paid during the next ten years.

The pastor of this church, Rev. Homer Vanderpool, left Wednesday morning for the annual conference at Houston with one of the best reports ever made by the local church which listed splendid achievements in every department.

Rev. J. H. McClain, pastor of the Ballinger Baptist Church, reported that \$600 was raised at the morning service to take care of some necessary expenses. This concluded the work of this church for the year and the report shows great accomplishments. Rev. and Mrs. McClain will go to Mineral Wells next week to attend the state Baptist convention.

Members of the Old Fashioned Baptist Church also raised a large sum of money Sunday. This is to go to the church's building account. As soon as possible this church intends to erect a building, leaders for the past several months having been working on plans for the new structure and raising finances.

**OLD INDIAN WHO ACQUIRED HUGE FORTUNE DIES POOR**

NAIROBI, Kenya, Nov. 4.—After acquiring a fortune in East Africa, a Kenya Indian has just died a poor man in Nairobi at the age of 82. He was A. M. Jeevanjee, a picturesque, bearded, gold-turbaned figure, who dominated the early commercial development of that part of the country.

Arriving at Mombasa thirty-eight years ago, Jeevanjee immediately sized up the possibilities of commerce between the coast and the interior, and in the course of a few years built up a vast trading organization which netted him a fortune computed at \$20,000,000.

During the World War, Jeevanjee's assets were rapidly swollen by profitable contracts, and he acquired a line of coasting steamers and much land and property in Kenya and Uganda. Ill health and the depression caused him to lose everything.

He: "Sweetheart, I'd go through anything for you."

She: "Let's start on your bank account."

**DESERT SPEED TRACK COMPLETED IN EGYPT**

CAIRO, Nov. 4.—Egypt's new desert motor road from Cairo to Alexandria has just been completed and it is now possible to cover the 130 miles in about three hours.

Built primarily for military use, the road was started at the beginning of this year. It is eighteen feet wide, and made of "mix-in-place," a concoction of bitumen and sand. Owing to the plastic nature of this mixture, it is claimed that the more traffic that passes over the surface of the road, the better it will become.

The road has been built at the rate of over half a mile a day. Sandstorms and labor troubles rendered the work difficult at times.

**Red Cross Member Drive Will Begin On Armistice Day**

Officials of the American Red Cross in Runnels county have plans perfected for the annual membership roll call which will commence Armistice Day and continue until Thanksgiving Day. In this county the workers expect to complete the canvass in a few days as all those who will solicit memberships are free workers and cannot spare much time away from their business.

Advertising material, membership cards and buttons, special forms for enrolling the members and other supplies including special information for the committees have been received by Roll Call Chairman E. C. Grindstaff and is being distributed by him this week to every community chairman in the county.

The workers will seek 900 members in the county this year and expect to reach that goal next week. The campaign has been well organized and it is the intention of the solicitors to give every person opportunity to join. Each firm, where every employee becomes a member, will be given a 100 per cent card for display.

Mr. Grindstaff announced this (Thursday) morning the appointment of the following community roll call chairmen who will direct the canvass in their respective communities:

Ballinger, J. A. Schnable  
Winters, T. D. Coupland  
Hagan, Clarence Jaegell  
Barnett, A. M. Gaddy  
Maverick, Gordon Griggs

Dale, C. H. Robinson  
Baldwin, Miss Alma Davis

Following are some of the accomplishments of the Red Cross last year:

The Red Cross brought relief to the victims of 138 disasters. During the spring floods and tornadoes alone, affecting 20 states, the Red Cross aided 145,000 families. Sufferers were given food, clothing, shelter and medical attention; thousands of homes were rebuilt or repaired.

Red Cross public health nurses made 1,900,000 visits to the sick. First aid instruction was given to 212,900 men and women completing the course.

Eighty thousand persons were trained in water safety and rescue methods.

First aid and life saving was taught to 75,000 enrollees of the civilian conservation corps. Seven hundred highway emergency first aid stations were established by Red Cross chapters at key points to increase the immediate availability of proper equipment and persons trained in first aid at the scene of accident. More than 3,500 additional stations will soon be in operation.

Ten million homes were self-checked for accident hazards to cut the mounting toll of accidents occurring in the home.

Eight hundred chapters gave relief to the needy of their communities.

Home hygiene and care of the sick instruction was given to 50,000 persons.

Eight million school boys and girls were enrolled in the American Junior Red Cross, where they were given training in service for others.

Service to disabled veterans, their dependents, and men now in service has been carried on and will be continued.

Thousands of volunteers made garments for the needy, served in hospitals, transcribed Braille books for the blind and otherwise aided in meeting community needs.

**WILD DEER IN ENGLAND REPORTED EATING CROPS**

ASHRIDGE, England, Nov. 4.—More than 400 wild deer roaming the countryside are causing so much damage to crops that the county council has asked the ministry of health for permission to use public money to exterminate them.

An official of the county council explained: "These deer were originally part of a small tame herd kept by the late Lord Brownlow on his Ashridge estate. Since his death the National Trust has taken over the estate, and the herd has increased enormously and grown exceedingly wild. They hide during the day, but at night come out and eat or destroy any and every crop within reach."

Elsie: "Percy is such a prevaricating flatterer."  
Cora: "Has he been telling you that you were pretty?"  
Elsie: "No, he said you were."

## BALLINGER SCHOOL NEWS

By Bessie Lynn

Music for the chapel program Friday morning was furnished by Mary Edith Welhausen, Boots Krempin, Ralph James Erwin, and Melvin McMillan. They played several specialty numbers on wind instruments. Mr. Stowe made a brief talk on the spirit of the school. Mr. Wright gave a short pep talk on the game with Bangs, and Melvin Holt said a few encouraging words about the game. Mr. Sublett and Mr. Stowe were in charge of the program.

Starting this week, the members of each physical education group have their day to pick up paper and trash around the campus. This is one of the movements to improve good citizenship in our school.

### Where's That Birdie?

You'd be surprised to know who Mr. Sublett's favorite movie star is!

Have you noticed how Pie has been yawning all week? Seems he can't catch up on his sleep.

What happened to the rest of the "what you get demerits for" list?

Where's Harris' heart? Does he know? (We do.)

What? A holiday next Wednesday? Here's hoping!

"The birdie" overheard "Brer" say to Camille, "Don't shoot! I'll marry your father's daughter!"

Doris, is three weeks a very long time?

Joe, you play the part of a girl nicely. You even made Evelyn jealous.

Has Virginia Anderson hooked the "big little man"?

One of Miss Williamson's classes was having a spelling lesson and she gave out the word, variations. A student asked if the word was plural. Miss Williamson answered, "Yes, v-a-r-i-a-t-i-o-n-s." Although the laugh was on Miss Williamson, one pupil misspelled the word.

Mr. Stowe seems to think New Mexico is next to the largest state in the union! (Catch?)

Louis Ruhmann is evidently studying these days? He even remarked in English class recently after reading "Believe Me, if All Those Endearing Young Charms," "Boy, Mr. Moore really had a line."

### Senior High Lights

Gaston Bartlett lives at 504 Eleventh Street. He has attended Ballinger schools eleven years. He has played a snare drum in the Ballinger Cherry Band nine years. His most embarrassing moment was in a classroom when he shut all the windows and turned on the heater until the temperature rose to 90 degrees. The teacher demanded that he apologize to the class.

Gaston has a host of friends among the boys and girls of Ballinger. He enjoys his school life and thinks Ballinger high school offers a high standard of work. His ability to work and high sense of manly pride will help Gaston win success in the business world.

Camille Behringer has gone to school in Ballinger ten years. Her home is located at 600 Tenth Street. When Camille was a freshman, she entered debate. During her high school career she has

## Carnival Queen

With her beauty, enhanced in this regal garb, judges found it easy to proclaim Sarah La Barba Queen of Carnival at the Texas Centennial Exposition in Dallas.

studied music and has been a member of the pep squad four years. She is secretary of the senior class and secretary of the third period Spanish club.

Camille thinks the Bearcats have made a name for our school and that we must keep that good name untarnished by defeat. She believes more football spirit in chapel would help win games on the football field. This loyal spirit of Camille's has numbered many friends during her school days. Her ready wit and happy disposition, plus a willingness to work in classes and all student activities, make her worth felt very keenly.

Douglas Barnett lives seven miles west of Ballinger. He has attended school in Ballinger five years and has enjoyed his work very much. Last year Douglas entered tennis in the county interscholastic league meet. Although he has never had the privilege of playing football, he likes the game. He thinks the students and teachers in Ballinger high school are friendly and helpful. The good will toward all, which Douglas manifests each day, has made his circle of friends wide.

Use buchu leaves, juniper oil and 6 other drugs made into green tablets. Just say "Buckets to any druggist. In four days if not pleased go back and get your 25c. City Drug Store."

Jimmie was absent from school one day. The next morning he carried the following excuse to his teacher: "Please excuse Jimmie for being absent—he had a new baby brother. It was not his fault."

## Patrick is Ready For Early Showing Of 1937 Chevrolet

The Patrick Chevrolet Co. has completed improvements this week in preparation for showing the new 1937 Chevrolets here Saturday. The interior of the building has been rearranged to provide more showroom space and the interior has been painted to help the general appearance for this early showing of new models.

The parts department has been moved to the rear of the building where it is more convenient to the mechanical shops and much apparatus has been added in this department. New air hammers for straightening fenders, body dents and steel tops have been placed in the regular equipment in the mechanical department. M. S. Patrick, manager, stated this week that every needed equipment for Chevrolets and other makes of cars has been installed to give patrons more efficient service.

Shipments of 1937 Chevrolet parts and accessories have already been received and put on display in the showrooms.

The concrete showrooms have been painted even to the floor, thoroughly cleaned, and made ready to receive the eight automobiles to be shown here Saturday. Mr. Patrick stated that he was more than delighted with the new model and expected to begin making deliveries Saturday. He said he would have a supply on hand from now on sufficient to take care of all sales.

An invitation is extended to the public to visit the showrooms Saturday and inspect the new cars. Employees will be on duty all day to show visitors the main features of the 1937 model and whether in the market for a car or not, everyone is invited to see this first showing of the 1937 Chevrolet.

"Yes," said the bumptious young man, "I'm a thought reader. I can tell exactly what a person is thinking." "In that case," said the elderly man, "I beg your pardon."

## Mexican Teacher Elected by Board To Complete Year

The board of trustees of the Ballinger independent district Monday evening elected a teacher for the Mexican school, to take over the work after the Christmas holidays. Miss Eva Camunez, of San Angelo, who was elected to the position, will resign a place in the Mexican school at Mertzton to come to Ballinger.

Miss Camunez completed the regular course in the San Angelo high school, attended college 2½ years, and has had four years' teaching experience in Mexican schools.

Mrs. Aurelia Webb, for the past several years teacher of the local school, will resign January 1 to assume her duties as treasurer of Rannels county.

The board selected a Mexican woman for this position because it was believed better work might be accomplished, that the Mexican

citizens might be better satisfied, that a knowledge of two languages might enable her to teach English better, and that the Mexican children might be encouraged to attend higher grades by a teacher of their own nationality.

Mrs. Webb has made a wonderful record in the Mexican school and has accomplished much among the children, notwithstanding that she has been instructing many more pupils than one teacher should have.

The few Mexican children who have continued their studies in the junior and the senior high schools here have made splendid grades, showing that their primary instruction was excellent.

### BALLINGER SCHOOLS SHOW QUALITY WORK IN THEIR GRADUATES

The Ballinger schools are receiving a distinct compliment this year in the number of former students who are being placed on honor rolls in different colleges and universities of the state. Many of these are receiving honors in their freshman year

which is proof that the work done in the Ballinger schools must be all right and demonstrates too that the local youths enter college with a good high school education.

For the past several weeks a number of colleges have announced Ballinger students on their honor rolls and many other Ballingerites have been elected to membership in campus honor societies.

Local school officials have been complimented by parents because of the work done here which has enabled their children to make such splendid college records.

Wednesday evening, November 25 in recent years attendance has been light at the mid-week service so last year the praise service was held on the Sunday evening before Thanksgiving. This is far from the actual holiday, however, and causes the occasion to lose its significance somewhat. This year the ministers join in urging local citizens to attend this service. Aside from the opportunity of offering up thanks, it is also an important meeting because officers of the Red Cross chapter and charity board are elected.

And you can bet your bottom dollar people buy their fence material right here! They are smart enough to know that they can get the best lumber in the world in this yard, at prices that are not out of reason. YOU will find it that way, too. Just give us a ring.

CLAY Building Material Company There is No Substitute for Quality

Because of inclement weather several events of the Melvin free fair had to be postponed to Friday and Saturday, October 30 and 31. Among those presented on these two days were parade, livestock and poultry exhibits, a play show, and a pageant, "Texas Under Six Flags."

Several sales of lambs and ewes were made in Sutton county last week with pound prices averaging about 6 1/2 cents for the lambs and 7 cents for the ewes. W. A. Miers sold about 2,000 lambs at the above prices, while 1,900 head of lambs and about 275 head of broken-mouth ewes were sold by Shurley Brothers.

A magician's show at Fort Stockton was cancelled by city officers last week when they arrested Mel-Roy, the magician, on charges of theft of about \$300 worth of furnishings which he is alleged to have taken from a house he had rented while living at Del Rio. Twice previously Mel-Roy had been arrested on charges of theft. He pulled a "hokus-pokus" on the officers once and escaped, and the other time his lawyer pulled the trick with a habeas corpus. Val Verde county officers stated that his only remaining chance to beat this rap was hypnosis.

Included in the state highway commission's \$15,000,000 federal aid program for 1937 is grading and drainage structure work on highway 86 between Morgan Mill and the Palo Pinto county line in Erath county. Also included in the program are grading and drainage structures on highway 86 from the Erath county line to Beacon Hill in Palo Pinto county. This work has been needed for some time and with its completion will form an important link in the network of roads leading to the two county sites.

The Menard Chamber of Commerce is perfecting plans for several big trades days. The plans include a visit from St. Nicholas, a Christmas tree for the children and awards on special days to shoppers. Every effort is being put forth to keep Menard trade at home. County-wide contests to be conducted will provide humor and entertainment on some of the special days.

At the opening of 35th district court at Brownwood Monday Judge E. J. Miller scored strongly forger and drunken driving. The judge stated that there is no more dangerous man to life and property than the man driving an

automobile while he is too drunk to control it. He further asserted that forgery is taking the lead in the number of criminal offenses—a man can be sent to the penitentiary for forgery of a check for as little as fifty cents. Cases will be heard on charges of theft, driving while intoxicated, failure to give assistance following an automobile accident, burglary and a few minor cases.

An explosion at a carbon black plant near Rising Star injured one man and the impact of the explosion took out the side of the building, causing considerable damage. The injured man was standing near the door and how he escaped death was considered a miracle. The blast was probably caused, it was reported, by an accumulation of gas in the room.

The WPA cannery at Coleman is operating at full speed with between 400 and 500 cans of food being turned out per day. At the present time 22 women and 2 men are employed in the cannery on a split schedule so that both groups get their allotted time. The total payroll is \$875 per week.

Hints for the Farm

REFUGIO—"Wind and sun make the tufted bedspread take on new life," says Mrs. Emil Leister, bedroom demonstrator of the Austwell home demonstration club in Refugio county. Mrs. Leister hangs her spread right side out on the line at intervals to bring out the tufts and loosen the spin of the yarn. Brushing with a stiff brush also gives life to the tufts, she says.

WAGO—"To save money and trips to town for meat, I have found that I can buy cured bacon in large pieces and keep it by cutting it into chunks and dropping it into the cotton seed oil I had left after using all my home cured meat," says Mrs. C. A. Seawell, of McLennan county, according to Miss Martha Buttrill, county home demonstration agent.

FALFURRIAS—Planning ahead for warm bedding for the coming winter months, Mrs. J. M. Word, president of the Falfurrias home demonstration club in Brooks county, has made two wool comforts from home grown wool. After washing and combing it, she put one and one-half pounds of wool in one comfort and two pounds in the other.

She bought 15 yards of soft pliable material and thread to tack the comforts with, the total cost of the material being \$2.55. For one comfort she used a quilt top she already had.

GIRL DOMESTICS REPORTED FLOCKING INTO ENGLAND

LONDON, Nov. 4.—Foreign workers are entering Great Britain to take up jobs at the rate of 1,000 a month. About one-third of them are domestic servants, girls from Germany, Austria, France, Denmark and other European lands who are admitted because mistresses sign certificates that they have been unable to get British girls for domestic service.

Three hundred foreign chorus girls, dancers, singers and theatrical artists and musicians are also entering Great Britain each month assured of employment in the entertainment world. This is a situation that has not been paralleled in many years.

Ballinger Will Close For Armistice Day; Program at Rowena

Ballinger business houses will be closed next Wednesday in observance of Armistice Day. A check-up was made of a number of stores to determine their action and all were unanimous in favor of the action. Ballinger has always observed Armistice Day, Thanksgiving, Christmas and the Fourth of July without petitions being circulated, except when one occurs on Sunday.

The main attraction near Ballinger this year will be the annual celebration at Rowena. Many local citizens are planning to attend this affair, witnessing the morning program and staying for dinner which is the climax of the day. Ballinger picture show houses will run feature programs on this day, football games nearby may attract some in the afternoon and

the Ballinger-Cross Plains game at Bearcat Field will be the big drawing card here at night. Veterans' organizations at San Angelo will stage a big celebration Wednesday morning and close out at night with dances. Supt. H. C. Lyon stated Monday morning that the local schools would be dismissed Wednesday for the observance of the business houses closed. This will make all students free for the day to accompany their families on trips which are planned. The next holiday in which the entire city will participate will be on Thursday, November 26, Thanksgiving Day. Bread may be kept fresh by freezing it, according to recent findings of cereal chemists. After being in cold storage a week, samples were found to compare favorably in flavor and aroma with freshly baked loaves. The planet Uranus was discovered in 1781 by Sir William Herschel.

**Ballinger Couple Married in Waco**  
Miss Freddie Sue Bloxom and Otis Baggett were married last Sunday at high noon in the home of the bride's aunt, Mrs. W. L. Shankle near Waco, with the Rev. E. H. Owen, pastor of the West Baptist Church and uncle of the bride, as officiating clergyman for the service.

The bride, who was given in marriage by her father, wore a wedding gown of white satin made princess style with full length veil of tulle. Her shower bouquet was of white rosebuds and lilies of the valley. Her attendants, Mrs. Clarence McCarver of Brownwood, Miss Kathryn Walker of Waco, and Miss Mary Baggett of Abilene, wore princess dresses of black velvet with picture hats and carried sheaves of pink gladioli. The

flower girl, Dorothy Dale Loyd of Wichita Falls, wore a princess frock of pink taffeta.

Attendants to the groom were his brothers, Nelson Baggett, best man; Owen Baggett; and Jerry C. Walker of Abilene.

Miss Nell Shepperd, a student in Baylor University at Waco, gave the wedding music and played the accompaniments for Miss Mildred Jenkins of Abilene, to sing "I Love You Truly," (Bond); "The Rosary," (Nevin); and "All for You," (Bond).

During the reception which followed Miss Helen Moore presided at the refreshment table where the decorated wedding cake was cut and served with other refreshments. Miss Mary B. Hodges of Waco was in charge of the bride's book where registration of guests was made.

Mrs. Baggett is an only daughter of Mr. and Mrs. J. C. Bloxom. She is a graduate of the Ballinger high school and a former student of Hardin-Simmons University at Abilene and of Mary Hardin-Baylor College at Belton.

Mr. Baggett is the son of Mr. and Mrs. J. M. Baggett, of Abilene, and is a graduate of Abilene high school and a former student of Hardin-Simmons University. He was drum major for both the Abilene High Eagle Band and the Cowboy Band of Hardin-Simmons.

After a honeymoon trip to points in Texas, old Mexico and New Mexico, Mr. and Mrs. Baggett will be at home here where Mr. Baggett is associated with his brother in the DeLuxe Tailors.

### Rotary Club Entertains Guests

A cowboy supper and costume ranch party was given by the Ballinger Rotary Club last Thursday evening to compliment Rotaryans and other guests who assembled at the Methodist church and went to the Ballinger Country Club in a big cattle truck.

The large living room had been given a realistic appearance by the placing of bales of hay, saddles, and ropes about it. The U-shaped table was covered in red flowered oil cloth and oil lamps gave the only light. Women of the Methodist Missionary Society dressed as pioneer women served the supper which consisted of cowboy stew, pinto beans, potato salad, onions, corn bread, apple pie and coffee.

The program which followed was begun with the cowboy parade which resulted in awards for the

### England's Queen? Time Will Tell

The curly-headed 10-year-old youngster shown here is Princess "Elizabeth," daughter of the Duke of York and oldest niece of King Edward. Since Mrs. Wallis Simpson obtained her divorce, there has been speculation that King Edward might marry her and abdicate. If he did, little Princess Elizabeth, who was in charge of the bride's book where registration of guests was made, would be pointed directly toward the royal tradition of Elizabeth and Victoria.

first three places going to H. W. Lynn, Troy Simpson and H. C. Lyon. E. Shepperd was in charge of the rodeo with J. D. Motley as the bucking bronc and Masters Wellington Pearce, Bobbie Sykes and Bobby Northington as "calves" for the roping contest won by Paul Petty. A tap dance routine "Wa-Hoo" was given by Winnie Merie Adair and Mary Simpson with accompaniment played on the organ by Cal Adair. Cowboy trio numbers were sung by Troy Simpson, Mrs. J. A. Schnable and Mrs. Simpson. Mrs. Schnable gave as a reading "Laska" with musical accompaniment by Mrs. Simpson. "Breakdown" times were played by a stringed orchestra composed of Messrs. Motley, Cook, Adair and Dale Cook. They also played for the sing-song which concluded the program.

Seventy-five were in attendance.

### Methodist Missionary Society Elects Officers

At the regular business meeting of the Woman's Missionary Society of the First Methodist Church held Monday afternoon Mrs. Jack Nixon, Jr., was unanimously elected president to direct affairs of the organization for the new year. Assisting her will be: vice-president, Mrs. Troy Simpson; recording secretary, Mrs. C. G. Jennings; corresponding secretary, Mrs. J. B. Striplin; local treasurer, Mrs. R. A. Dickinson; connectional treasurer, Mrs. W. W. Chastain; superintendent of study, Mrs. Clinton Glover; superintendent of spiritual life, Mrs. Viola Allison; superintendent of supplies, Mrs. Cal Adair; superintendent of World Outlook, Mrs. J. L. Davis; superintendent of children's work, Mrs. Wilbur Redwine; superintendent of baby specials, Mrs. R. W. Earnshaw; superintendent of Christian social relations, Mrs. W. F. Mason.

### Centennial Program for Music Club

Mrs. H. C. Lyon was leader for the Texas centennial program given by the Ballinger Music Club Tuesday evening in the home of Mrs. Frank Pearce on Eighth Street. She introduced the program by discussing the various national influences on Texas music with illustrative songs being sung by Meses J. A. Schnable, Troy Simpson and Carl Black. Mrs. C. R. Stephens gave a paper on "Reminiscences of Texas," and Mrs. Schnable read two poems by Grace Noll Crowell, famed Texas poetess. Group singing of well-known songs was led by Mrs. Jack Nixon, Jr. Mrs. J. H. McClain and Mrs. Alex McGregor played accompaniments.

### Teachers' Fraternity Has Afternoon Tea in San Angelo

Members of the Alpha Beta chapter of Delta Kappa Gamma, national fraternity for women teachers, were hostesses at a beautifully appointed guest tea in the crystal ballroom of the Cactus Hotel in San Angelo Saturday afternoon.

Miss Wynis Greer, Mrs. Levy Lee, Miss Lucille Williamson and Miss Maryatt Smith assisted in receiving guests and Miss Faye Clark poured tea.

The program consisted of musical numbers and a book review of "Waiting for Lefty," given by Mrs. Gladys de Silva Bates.

Guests from Ballinger were: Mrs. L. B. Greenwood, Mrs. J. G. Douglass, Mrs. H. C. Lyon, Mrs. George Stowe, Mrs. Susie Kallina, Miss Vhelma Parrish and Mrs. Troy Simpson.

# WHY RUNNELS COUNTY MOTORISTS ARE SAYING "MILLIONS WILL WANT TO SWITCH TO THE NEW 1937 DODGE!"

**Bigger... Roomier... Rich with New Extra-Value Features... This Amazing New Car is the Greatest Money-Saving Dodge of Them All!**

Across America those who have seen the sensational new '37 Dodge are saying that—because of its amazing new beauty, comfort, roominess, safety and greater all-around economy—millions will want to switch to Dodge for '37!

And now, local motorists who have seen this brilliant new car enthusiastically agree and for the very same reasons.

A complete unit of all-steel "windstream" styling, the new car is really the most beautiful Dodge ever built—roomier, roomier while improved Chair Height seats, improved weight distribution and a new

method of mounting the body on cushions of rubber to banish road noise give you a more comfortable and *quieter* ride.

Powered by the famous Dodge engine which owners report gives 18 to 24 miles to the gallon, now improved and more brilliant than ever, Dodge now gives you even greater all-around economy. Dodge also gives you extra security made possible by even stronger safety all-steel body with all-steel top and genuine, equal pressure hydraulic brakes. Yet this '37 Dodge costs only a few dollars more than the lowest priced cars.

See this exciting new Dodge at our showrooms at our address below now. Drive It! Then you will understand why "millions will want to switch to Dodge for 1937!"

Road noise transmitted from frame to body in many cars are completely banished in the new '37 Dodge. The body is now mounted on individual frame members completely insulated by rubber. All contact to metal contact is eliminated!

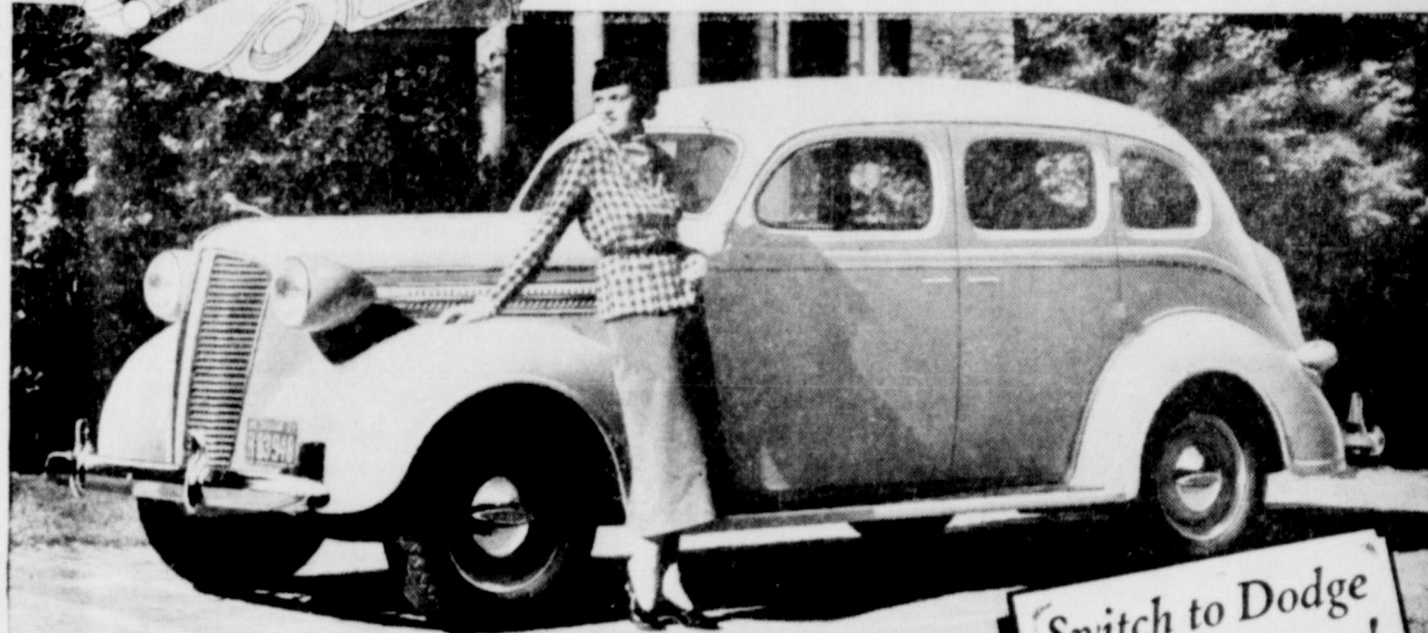

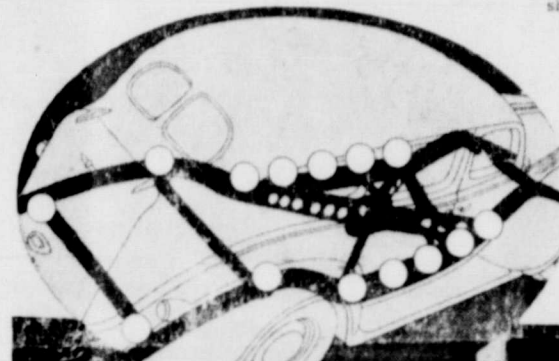

**NEW, IMPROVED WEIGHT DISTRIBUTION** gives you an even more restful ride! Engine as well as both front and rear seats have been moved forward so that all passengers ride in the comfortable "cushioned area" between the axles!

**Six Passengers Ride Comfortably In Every Dodge Sedan!**

Bodies of the new 1937 Dodge are longer and wider than ever before. Front seats are now 47 inches wide... rear seats 48 1/2 inches wide... plenty of room for at least six passengers in every Dodge sedan.

 To the Sheriff or any Constable of Runnels County—Greeting:

You are hereby commanded to summon Walter Dentler and Cecil Dentler, who are transient persons, to appear at the next regular term of the 119th District Court of Runnels County, Texas, to be held at the court house thereof in the town of Ballinger on the third Monday in November, 1936, being the 16th day of November, 1936, then and there to answer a petition filed in said court on the 9th day of October, 1936, the file number of which is 4253, in which suit Frank C. Dickey is plaintiff and Walter Dentler, Cecil Dentler and H. H. Holland are defendants, the cause of action being alleged as follows:

Plaintiff alleges that he and the defendants Walter Dentler and Cecil Dentler are the joint owners, together are the sole owners, of the hereinafter described real estate, plaintiff owning an undivided one-half interest therein and the defendants Walter Dentler and Cecil Dentler owning an undivided one-fourth interest each in such property, to-wit:

Situated in Runnels County, Texas, and being all of Lot No. 5 in Block No. 90 of the First Railroad Addition to the City of Ballinger, and the improvements situated thereon, to-wit: a four-room dwelling house, a small three-room house, cow lot, some sheds, and some fences and other improvements alleged to be of the value of \$1,000.00; that such property is incapable of equitable partition; that the defendant Holland has been occupying such premises for a period of more than two years next preceding the date of the filing of this suit and has failed and refused to pay plaintiff any rent for the use of such property; that in the alternative the defendants Walter Dentler and Cecil Dentler have appropriated the rent and revenue from such property to their own use and benefit; that the defendant Holland is occupying such premises against plaintiff's express will and desire and after a demand for possession thereof by plaintiff, that such property is incapable of equitable partition; that defendants Walter Dentler and Cecil Dentler have refused to pay taxes upon such property, and have allowed delinquent taxes to accumulate to the extent of approximately \$190.00; that they have allowed such property to deteriorate and become damaged; that they have failed and refused to account to plaintiff for any of the proceeds from the use thereof; plaintiff alleges that the defendants are jointly and severally indebted to him in the sum of \$200.00 by reason of such premises, and that such sum is past due and unpaid; that defendant Holland is unlawfully occupying such premises in disregard of plaintiff's rights; that the defendants Walter Dentler and Cecil Dentler are collecting the rents and proceeds from such premises and appropriating the same to their own use and benefit.

Plaintiff prays for citation, for the appointment of a receiver to take charge of such real estate and manage, control and sell the same, and distribute the proceeds thereof according to the interests of the respective parties, and that the defendant Holland be dispossessed, and that he have judgment over and against the defendants jointly and severally for one-half of the rental value of such premises for the period

**Leading in \$500,000 'Baby Derby'**

When Charles Vance Millar, eccentric Toronto attorney, died in 1926, he left a will stipulating that \$500,000 be given to the Toronto woman who, in 10 years after his death, should bear the greatest number of children. The race is over now—Oct. 31 was the deadline—but the decision has not been made. Many technicalities complicate the strange case. Here are the four leading contestants out of 12 entered: Top, Mrs. John Nagle, 11 children, 19 since 1926; center, Mrs. Lily Kenny, 14 children, 12 claimed since 1926; bottom, Mrs. Arthur Timlock, 17 children, 10 since 1923, and right, Mrs. Pauline Mae Clark, 10 children since 1926, eight living.

of two years next preceding the filing of this petition and since the filing thereof, for the establishment and foreclosure of an equitable lien to the extent of the amount appropriated and his damages as against the defendants Walter Dentler and Cecil Dentler upon such property, for costs of suit and for such other and further relief to which he may show himself entitled in law or in equity or both. The petition is signed by Paul Petty, attorney for plaintiff.

You are commanded to summon such defendants Walter Dentler and Cecil Dentler and to serve this citation by making publication of this citation once each week for four consecutive weeks previous to the return day hereof in some newspaper published in your county, but if there be no newspaper published in your county, then in any newspaper in the nearest county where a newspaper is published.

Herein fail not but have you before said court on the first day of the next term thereof this writ with your return thereon showing how you have executed the same.

"Don't argue with me—I'm master of this house. Hang it in my study first, then—er—hang it in the drawing room afterwards."

**35 Couples Secure Marriage Licenses During Past Month**

Almost doubling last month's total number of marriage licenses issued, County Clerk W. W. Chastain issued 35 couples the writs during October to come within one of the high mark since he has been in office. The only time this total has been exceeded in one month since Mr. Chastain's tenure of office was in November, 1935, when 36 couples secured "the papers."

Couples who received licenses during October were: David Childress and Bertie Reid; Pedro Zavala and Tersurita Conales; L. J. Campbell and Ellaose Walker; Joe R. Zanek and Frances Kobutek; Willie Woodson and Cleo Fuller; Newt J. Sanders and Irma Jewell Baldwin; E. J. Allison and Thelma Fletcher; A. E. Clark and Lorene Bush; Earl D. Roach and Minnie Grace Moore; Fred Trammel and Margaret Ellen Hudson; J. B. James and Billie Louise Tolliver; Robert Lee Wiggale and Dink Whitley; E. A. Simpson and Edna Lee Atripp; Erwin W. Little and Mayne Jewell Flowers.

Buck Cummings and Anita Daniel; William N. Richards and Alma Lynch; Marvin Gray and Bertha Jacob; W. A. Phillips and Martha Jane Silvagni; Arvis W. Pape and Lella Mae Berry; Hiram Roe and Thelma Leonard; Ramon Cortez and Juseba Cardman; Curtis Hoffmann and Mildred Morris; Ira Klutts and Evelyn Payne; Otto Finch and Bess Atwell; Alton L. Sumrall and Arvylie Jones; Napoleon Rose and Gladys Bryant; L. F. Wilkerson and Mamie Adams; L. O. Baggett and Freddie Sue Bloxom; E. E. Pokorny and Isabelle Richardson; J. H. Gowin and Marie Allen; Booker T. Gilfred and Gladys Francis; Steve Skinner and Ressie Jordan. Three couples requested that their names not be published.

**5,000,000 CARS MANUFACTURED**

GENEVA, Nov. 4.—More than 5,000,000 motor cars were manufactured last year, according to the League of Nations' monthly bulletin of statistics. Of these 4,009,000 were made in the United States, and 417,000 in Britain. Germany comes next with 245,000.

**Car Sales Better In October Than For Many Years**

October was the best month for Runnels county automobile dealers in the past several years. During this month eighty-one new motor car licenses were issued from the office of Tax Assessor-Collector W. A. Forgey to set a new record for any one month during the depression and post-depression years.

Registrations of new cars were recorded as follows:

**REED THATCHING STAGES COMEBACK IN ENGLAND**

FARNHAM, England, Nov. 4.—Reed-thatching of houses, an ancient craft, is being revived in Great Britain. The house of the Bishop of Portsmouth, is being thatched with reeds from the Norfolk Broads.

R. W. Farman, of Norfolk, whose family has been reed thatchers since the twelfth century, said:

"We have contracts for reed thatching from Scotland to Jersey. Estate owners are again realizing what the builders of churches in the Middle Ages knew—that a straw roof will last for ten years, but a reed roof will stand the weather for a century." Six thousand bundles of reeds will be used to cover the Bishop of Portsmouth's house.

planned Hallowe'en party.

Signs and symbols of the season were used for room decoration and orange and black streamers and black vases of yellow cosmos placed along the U-shaped table.

Mrs. Lawrence Grier directed the program which followed the supper. Mrs. P. J. Harris was chairman of arrangements.

Present were: Messrs. and Mmes. B. C. Kirk, L. R. Tigner, Henry Doss, E. H. Boelche, O. C. Sykes, Claude Compton, J. G. Tuckey, Guy Lively, C. W. Jennings, A. O. Bartlett, Hubert Parrish, L. B. Rudder, Cicero Smith, Ollie Hamilton, Roy Halstead, Harris, Grier, Mmes. Owen, G. C. Stanley, Robert Lowry and Fuller Land.

**Hallowe'en Party for Sasses**

The Susses Club, composed of Bilsie Lynn, Camille Behringer, Kathryn Scales, Evelyn Branham, Mabel McMillan, Virginia McShan, Margaret and Maurine Batts, entertained friends at a Hallowe'en party at the Ballinger Country Club last Saturday evening. The affair was sponsored by Miss Elizabeth Parker, Susie Ann, Mr. and Mrs. Harry Lynn and Ernest Sublett.

Merrymaking in the elaborately decorated living room was the order of the evening. Hot chocolate and cookies were served to: Misses Sid Reese, Eula Mae Clark, Eulalia Nicholson, Johnny Faye Batts, Fry, Dorothy Lynn, Lila Marie Brannen, Virginia Carlock, Hazel Pollard, of Texas Technological College, Lubbock; Melvin Holt, Walter Crockett, Louis Ruhmann, J. C. Chapman, Willbourne Batts, Frank Barnes, Joe Cosby, Harold Benefield, Roy Jacob, Rex Nixon, Lonnie Cooper, Donald Smith, Toney Nixon, J. W. Little, Duard Sheffy, Melvin McMillan and Mr. and Mrs. Raymond White.

**Miss Batts Hostess to Bachelor Girls**

Miss Louise Batts was hostess to the Bachelor Girls Contract Club on Tuesday evening, entertaining in the Batts home on Ninth Street.

Lovely fall roses and chrysanthemums decked rooms with white blooms being used exclusively in the dining room. Winter scenes were painted on tallies which held score records for the usual four games.

Miss Vhelma Parris received the capsule gift.

A salad course with coffee was served to: Misses Vernie Downing, Parrish, Lucile Williamson, Beulah White, Faye Clark, Elizabeth Parker, Eugenia Baskin, Bernice Simmons, Griffie Atkins, Nadyne Sonricker, Cathleen Connelly and Jeffie Bell.

**Junior Endeavor at Christian Church**

Members of the Junior Christian Endeavor of the First Christian Church entertained friends with a costume Hallowe'en party at the church on Broadway last Saturday evening.

Meeting upstairs, they were conducted down dark stairs through a Hallowe'en labyrinth to a "house of horrors." Various games were

played in gaily decorated rooms and fortunes told by Mrs. Marvin Clark.

Mrs. Wallace Jones, sponsor, was assisted by Mmes. Walter Allison, Paul Beard, and Latham Ryan of Winters, in serving sandwiches, pie and chocolate to 40 youngsters.

**Junior R. A.'s in McClain Home**

The Baptist Junior Royal Ambassadors enjoyed an evening of Hallowe'en fun last Friday evening in the home of Rev. and Mrs. J. H. McClain on Broadway.

Ghost stories and games in the basement, "spooking" around town and supper in the kitchen were high spots of the evening's entertainment.

Present were: Mrs. F. W. Welhausen, sponsor; James McClain, Billie Butler, J. H. Parrish, John A. Killough, Billy Parrish, Brooks Rudder, Billy Wayne Davis and Billie O'Neill.

**Texas Tech Students Spend Week-End Here**

Miss Dorothy Ruth Lynn, student of Texas Technological College, Lubbock, was at home for the week-end to visit her parents, Mr. and Mrs. Harry Lynn. Four of her schoolmates accompanied her to Ballinger and were guests in the Lynn home Saturday and Sunday. They were Miss Virginia Carlock, Chillicothe; Miss Mary Katherine Neal, Garden City; Miss Lila Marie Brannen, Aspermont; and Miss Hazel Pollard, Snyder.

The co-eds went to San Angelo Saturday to be guests of friends there and Sunday they were entertained at a dinner at the Central Hotel given by Mr. and Mrs. L. R. Tigner.

Mrs. Lynn and John I. Guion, III, went to Lubbock Friday and accompanied the girls here and Mr. Lynn and Joe Forman took them back Sunday afternoon.

**Presbyterian Juniors Have Party**

A Hallowe'en party in the basement of the Holman home on Eighth Street was given for juniors of the First Presbyterian Church on Friday evening of last week by Mmes. George Holman and Estes Lynn.

Ghosts, witches, goblins and other symbols were used to provide a spooky atmosphere for the games. Popcorn and apples were passed during the evening and orange jello, animal cookies and Hallowe'en stick candy were fashioned into merry-go-rounds and topped with whipped cream was served at the games conclusion to: Mary Lynn, Marjorie McGregor, Ann Creasy, Martha Sharpe, Charles Simmons, John Miller and Donald McGregor, members; and Clara Beth Lynn, Dorothy Forgy, Juliette Simmons, Betty Ann Sharpe, Harlan Dorsett, Herbert Fulcher and Peggy Ann McGregor, guests.

**Prayer Programs Held by Methodist Society**

The Methodist Woman's Missionary Society held its annual Week of Prayer programs on Tuesday and Wednesday afternoons at the church with an attendance of twenty-five.

Mrs. Jack Nixon, Sr., was leader for the Tuesday program on "Extending Our Rural Work." Talks were made on the Indian, negro, cajun, Mexican, coal miners and workers training phases by Mmes. R. W. Earnshaw, Cal Adair, C. P. Shepherd, Joe Morrison, W. R. Clark, Jr., and J. B. Striplin. Mrs. Price Middleton gave a vocal solo accompanied by Mrs. Sam Behringer.

On Wednesday Mrs. Wilbur Redwine led the program on "Hiroshima Girls' College in Japan." Additional information was given by Mrs. Tom Agnew and Mrs. D. R. Hall. Mrs. Gerald Black read an appropriate poem by a Japanese poet, and Mrs. Jack Nixon, Jr., read letters from Miss Thelma Colvin in Kobe, Japan, the adopted "daughter" of the Ballinger society. Mrs. Sam Behringer led the devotional. Mrs. Troy Simpson gave the preludes and offertories both afternoons.

**Junior Women Elect New President**

At the regular meeting of the Junior Woman's Club held in the Shakespeare Club room Wednesday afternoon Mrs. Paul Gibbs was elected as president to succeed Mrs. George Golightly, resigned.

Twenty-five members were present.

**Famous Fan Dancer Will Appear Here With Billroy Show**

"Daphne," queen of fan dancers, will visit Ballinger tomorrow (Friday) evening, November 6, and accompanied by her entourage of more than eighty people, traveling on a fleet of thirty-five huge trucks, cars and busses will appear for one performance only in a tent on the lots opposite the city hall, being presented by the popular producer Billy Wehle, manager and producer of Billroy's Comedians. This is his 12th anniversary tour and is reported to be by far the most impressive offering he has ever placed on tour.

While press agent adjectives may be ignored, the fact remains that reports and reviews from other cities say the show is truly "magnificent" and is undoubtedly the most massive attraction of its kind ever to appear under canvas. A huge tent, recently purchased, houses the show and provides comfortable seats for more than 4,000 patrons. Charming usherettes see to the comfort of the public and popular prices, always a feature of Billroy's will, as usual, prevail.

During past seasons Manager Wehle has featured the fact that many old familiar faces would be seen in the show, but this year it is an entirely new offering, produced in Miami, Florida, instead of in the North. By so doing he secured the pick of the talent which had been appearing in the Florida clubs during the winter season, among whom are more than a score of the most beautiful dancing girls ever to appear on a local stage.

One of the big features on the show is the Palais Royale Orchestra, offering a dozen of the peepiest, hottest playing musicians ever seen anywhere. A number of them were featured during the past winter at Bouche's Villa Venice, at Miami, where they were an outstanding attraction.

New shows, new faces, new vaudeville acts, new specialties, new features and new everything, is the Billroy motto this season. The engagement in Ballinger will be for one night only, but will include a three-act production,

**The Great American Home**

seventeen vaudeville acts, the Palais Royale Orchestra, "Daphne" and her "dream girls," and many unusual novelties. Doors will open at 7:15; overture at 7:30; and the curtain rises at 8:15 sharp. Continuing his well known policy of the past, Manager Wehle is offering this massive attraction at popular prices, and for this engagement will admit ladies free provided each is accompanied by one adult paid admission.

**Union Thanksgiving Services to be Held At Christian Church**

The Ballinger Pastors' Association in conference Monday morning made plans for the union Thanksgiving service which will be held here on the night of Wednesday, November 25, at the First Christian Church.

It was decided to hold the services on Wednesday night instead of the Sunday evening before Thanksgiving as was done last year. This is nearer to Thanksgiving and the pastors will make a special effort to get a large number of their members to attend.

Rev. Homer Vanderpool, pastor of the First Methodist Church, was selected to deliver the sermon, and the Ballinger Music Club will be asked to cooperate with other musicians of the city in preparing and rendering special numbers.

The officers of the Red Cross and United Charity Board will make reports of their year's work and give financial statements on money received and spent during the 12-month period. A nominating committee will present names for members of the Red Cross and charity organization boards for next year and they will be elected at a short business session.

The entire service will be brief and local citizens are requested to attend and take part.

**A COLD caused this!**

"Colds" are dangerous! Leading doctors tell us that fifty per cent of all disabling diseases START with a "common cold." Thus the cold germ becomes America's Public Health Enemy Number One.

Any sudden change in temperature as you go from a warm room into a cold one disturbs the heat-regulating apparatus of the body and makes it susceptible to cold germ attacks. Even the brief time that it takes to answer the telephone in an unheated hall is sufficient. Fight against "colds." They create a condition of depressed physical vitality which is favorable to infection and aid the progress of serious organic diseases that frequently result in death.

If your home is inadequately heated . . . if you "huddle" in one room during winter, sudden temperature changes are unavoidable. Your family goes from an over-heated room where the temperature has climbed as much as ten degrees past the point necessary for comfort, into a cold hall or adjoining room; then shivering and chilled, they return to the heated room. This happens many times a day. Each time it happens they have made themselves susceptible to highly communicable winter diseases.

Fight colds this winter with proper ventilation and adequate heat in every room in the home.

**. . . Lone Star Gas System**

The common cold germ shows no favor. Invisible but dangerous, this Number One Enemy of Public Health skulks like a bandit of the night ready to rob you of good health.

**Bayer Tablets Dissolve Almost Instantly**

In 2 seconds by stop watch, a genuine BAYER Aspirin tablet starts to disintegrate and go to work. Drop a Bayer Aspirin tablet into a glass of water. By the time it hits the bottom of the glass it is dissolving. What happens in this glass . . . happens in your stomach.

**Ask Your Doctor About Genuine BAYER Aspirin**

Any person who suffers from pains of rheumatism should know this. Two genuine BAYER ASPIRIN tablets, taken with a full glass of water, will usually ease even severe rheumatic pains in a remarkably short time.

Ask your doctor about this. He will probably tell you there is nothing better. For real Bayer Aspirin tablets not only offer a potent analgesic (pain reliever), but start going to work almost instantly you take them. Note illustration of glass.

Try this simple way. You'll be surprised at how quickly pain eases. Get real Bayer Aspirin by asking for it by its full name, "Bayer Aspirin" at any drug store. Now virtually one cent a tablet.

D. 1936, the same being the 16th day of November, A. D. 1936, then and there to answer a petition filed in said Court on the 12th day of October, A. D. 1936, in a suit, numbered on the docket of said Court No. 4253, wherein Leatress Allen is Plaintiff, and L. L. Allen is Defendant, and a brief statement of plaintiff's cause of action being as follows:

Suit by plaintiff against defendant for a divorce and custody of a minor child, Leona Maeveone, 1 year of age, who resides with plaintiff in Runnels County, Texas, plaintiff alleging that she has been for a period of more than twelve months prior to exhibiting the petition a bona fide inhabitant of the State of Texas and had resided in said Runnels County, Texas, for a period of more than six months next preceding the filing of said suit; plaintiff further alleging that she and defendant were legally and lawfully married on January 27th, 1934, and separated on September 24th, 1935; plaintiff alleges that the actions and conduct of defendant toward her are and have been generally and without justification, of such a nature as

to render their further living together insupportable, the defendant having been guilty of outrages, excesses, and cruel treatment toward plaintiff.

Herein fail not but have before said Court, at its next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Ballinger, Texas, on this 14th day of October, A. D. 1936.

**SNAKE REFUSES FOOD**  
**WHEN KEEPER GOES AWAY**

SVENDBORG, Denmark, Nov. 4.—On his second hunger strike, the great boa constrictor in the zoological garden, threatens to make it a habit. Some time ago Herr Thomsen, head of the zoo, was ill and had to be taken to the hospital.

While he was away it was impossible to get the giant snake to take any nourishment. The keepers tried in vain to tempt him with every delicacy known to delight boa constrictors, but in vain. After a few weeks Herr Thomsen returned and the serpent took from his hand whatever he offered. Herr Thomsen was sent away to recuperate and the snake went on another hunger strike. It was necessary to call the head keeper back, and now he wonders when he can get away again.

Judd: "It is always the unexpected that happens."

Stupp: "That's right. I remember one time that it rained after the weather bureau had predicted it."

**One-Day Convention**  
**At Christian Church**  
**To Attract Notables**

Members of the First Christian Church of Ballinger are making final plans for entertaining the one-day convention of district 11 of the Christian churches in this part of the state. There are 16 counties in this district and all churches in these counties will send delegates here for the one-day meeting.

The convention will begin at 10 a. m. November 12 and close with an evening service at 7:45 p. m. Rev. Wallace Jones, pastor of the Ballinger church; and A. B. Legate, only local officer of the district association, are looking after plans for the several sessions to be held here.

A feature of the day's program will be a laymen's banquet at 6 p. m. in the church dining room.

Several notables will be here for the convention and will speak. Two outstanding men of the denomination, Willard M. Wickizer and Paul D. Kennedy, have accepted invitations to be present and will be instrumental in making the attendance better.

Mr. Wickizer, executive secretary of the United Christian Missionary Society of Disciples of Christ, with headquarters at Indianapolis, will be one of the principal speakers. He is an outstanding leader of homeland mission service of all protestant communions.

Mr. Wickizer devotes his time especially to evangelism and church development, but his work brings him into intimate contact with the institutional work among the Japanese-Americans, the Mexican-Americans, the coal and coke workers, the highlanders of our southern mountains, the negroes, every race and color of America.

Mr. Wickizer was a successful teacher and pastor before he became a national home missions worker. After graduating from the University of Oklahoma, he had two years pastoral experience, coupled with teaching in the high school, at Caney, Kansas. The next two and a half years he spent in Boston University doing graduate work and receiving his master of religious education degree. Excellent work there secured him a teaching fellowship in Boston University. In 1923 he was called to the United Society as a religious education worker, and later went to the University Place Christian Church of Des Moines, Iowa, as assistant to Charles S. Medbury. For five years he was pastor of the historic church at Maryville, Missouri.

Mr. Wickizer has written extensively for magazines, and has served in many positions of responsibility.

Another important personality is Paul D. Kennedy, minister of the First Christian Church of Fayetteville, Arkansas, who will soon go to the Philippine Islands to be a missionary representing Churches of the Disciples of Christ through the United Christian Missionary Society.

Mr. Kennedy is returning to the Philippine Islands, as he first went there in 1922. At Laoag he was superintendent of evangelism. This included evangelistic work among the normal and college population at Laoag, and visitation among the native Filipino churches and barrio preaching points. To reach these church he took long itineraries over difficult mountain trails. He also assisted with the educational work of the mission.

**ADVANCING IN GERMANY**

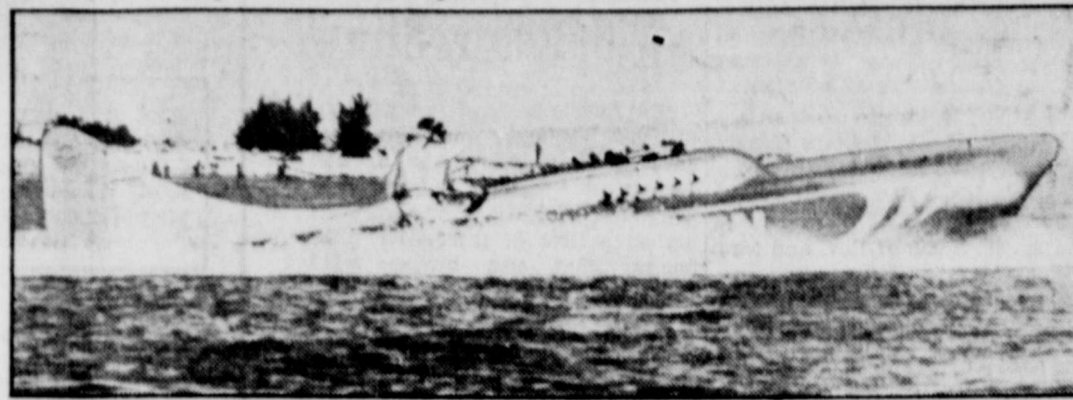

BERLIN, Nov. 4.—Successful television broadcasting in Germany has convinced the experts that a system can be established that will connect even the smallest towns in the country with the service. The television broadcasting station on the Brocken, highest peak of the Harz Mountains, in Saxony, has just completed triumphantly a series of experiments, and may become a permanent fixture.

The construction of the permanent station will be completed in time to begin operations next year. A second television broadcasting station on the Feldberg in the Taunus, Province of Nassau, where experiments also have been carried on, will be erected. The two stations will be the starting points of the nationwide service foreseen by the experts.

Lady Passenger (to First Mate): "I'd like to see the Captain."  
First Mate: "He's forward, Miss."  
Lady Passenger: "I'm not afraid. I've been out with college boys."

Jane: "My Scotch boy friend sent me his picture yesterday."  
Joan: "How does he look?"  
Jane: "I don't know yet. I have not had it developed."

**New Speedboat 'Queen' Seeks World's Record**

Powered with two 12-cylinder motors which develop 900 horsepower, evenly divided, the Miami Queen is shown here as it roared across Biscayne Bay at Miami, Fla., in its inaugural run on which it reached 80 miles an hour. Louis Nuta, veteran Italian speedboat designer and driver, constructed the freakish-looking craft to make 130 miles an hour, which would better the world's record of 124.86 set by Gar Wood in 1932 in Miss America X. Nuta is at the wheel in this photo.

**County Nurse Will**  
**Spend All of Month**  
**In Rural Schools**

Miss Beulah White, county health nurse, is spending all her time visiting schools of the county and getting the new health program underway. Inspections are being made and other features of the program started. She stated Monday that the district health committees were doing good work and much had been accomplished in some of the schools before she arrived for her official visit.

Miss White expects to visit as many schools as possible before the Christmas holidays but because a full day is being given at

each place, it will be impossible to complete the work before that time.

December will be clean month and a number of articles will be run in the papers of the county and special programs presented in an effort to educate parents to the importance of this hygiene and to have a number of corrections made.

Miss White announced her schedule for the remainder of the month as follows:

November 6—Mazeland, with Mrs. Claude Mills in charge of the school work.  
November 9—Dry Ridge, Mrs. B. M. Batts, Mrs. A. Gottschalk and Mrs. C. W. McAden assisting.

November 10—Winters. (One day each month is being devoted to the Winters school by Miss White.)  
November 12-13—Bethel, Mrs.

W. D. Duke assisting the nurse with the inspections.

November 16-17—Wingate, Mrs. J. C. Basher, Mrs. Clyde Wigham and Mrs. Pete Polk assisting.

November 18—Office.  
November 19—Maverick, Mrs. Annie McAulay and Mrs. Pearl Marshall assisting.

November 20—Marie, Mrs. Earl Black, Mrs. Claude Gentry and Mrs. W. G. Hurt assisting.

November 23—Victory, Mrs. H. E. White and Mrs. W. H. Cole assisting.

November 24—Blanton, Mrs. J. W. Reese, Mrs. C. F. Toungett and Mrs. D. H. Macune assisting.

November 25—Baldwin, Mrs. Harold Hudgens assisting.  
November 26—Holiday.  
November 27—Office.  
November 30—Drasco, Mrs. Jas.

E. Mitchell and Mrs. Sam Vinson assisting.

**CONTROL**

He must watch his instrument panel very carefully to be sure that everything is under control. Many individuals consider a checking account the equivalent of the pilot's instrument board, for it is the medium through which they control their finances. By depositing all income and paying all bills by check, a complete record of income and outgo is maintained.

A checking account at this bank will give you similar control over your money matters.

Engine is already oiled to start

**IT'S OIL-PLATED**

"Morning Drag" is unknown in this heatless garage. The car inside has its engine Oil-Plated for Winter. The owner outside is still six strides away from the starter button. But already his Oil-Plated engine is oiled to the top by its slippy Oil-Plating.

No waiting!

The Oil-Plating was left on last night, all over each part, from bottom bearings to topmost piston. This complete oiling IN ADVANCE that kills starting risk, comes only from the Germ Process—patented.

Quit believing that a process means nothing but refining or over-refining to make an oil winter-THIN. Although perfectly free-flowing, Conoco Germ Processed oil is not needlessly thin—and weak. For in addition to just enough of the most approved modern refining this oil is alloyed! Or speaking still more scientifically, a patented "hyper-oily essence" is added. Nothing else lets oil join up direct with metal, to Oil-Plate your engine, pep your starter, and keep every quart hoarded.
