Grand Jury Finds No-Bill Against Liquor Board Men

The grand jury for this term of 119th district court here adjourned late Wednesday afternoon after investigating numerous cases. The grand jury will remain subject to recall in case other crime develops that requires its attention during the fall term.

R. H. (Bob) Gamble and Bill Strickland, charged with murder in connection with the fatal shooting of Dan Liverman several weeks ago, were not indicted.

Twelve indictments in all were returned, five for forgery, three for burglary, two for cattle theft, one for driving while intoxicated, and one for operating a gambling house.

The fall term of 119th district court opened here Monday morning with Judge O. L. Parish on the bench. A grand jury venire of 16 men reporting for duty and a large group of lawyers present to assist in arranging the docket for the following four weeks. Judge Parish announced criminal cases would be heard the second and third weeks, beginning November 21 and 28; and civil suits the fourth and fifth weeks, beginning December 5 and 12.

In charging the grand jury the court called attention to the numerous charges of drunken driving to be investigated. He urged that these be given careful attention so the court could cooperate with the highway safety movement. He also called attention to the considerable number of forgeries in this county which have been filed since the spring term of court.

Those selected for the grand jury are: Hamp Byler, foreman; B. F. Gardner, Leo Moulter, S. M. Seay, L. M. Hambright, Reese Jones, E. N. Dean, F. H. Broughton, S. M. Roberts, J. R. Harris, H. J. Liso and W. H. Cochran. Bailiffs appointed by the court are J. N. Key, John McKay and P. I. Woods.

There are 69 cases on the civil docket, 27 of which are for divorce.

A petit jury venire of 36 men will report next Monday morning at 10 o'clock and the first criminal cases will be heard. District Attorney W. A. Stoman, who is assisting the grand jury, will present evidence in a number of complaints.

Cotton Ginnings In Sector Much Less Than in '37

Cotton reductions in West Texas are clearly evidenced in the government announcement of ginnings as of October 31, just released by the U. S. department of agriculture. Ginnings are less than last year in practically all counties and Runnels takes third place among the West Texas group in which Jones and Haskell are leading.

In the state Nueces county is first with 73,356 bales and Ellis county comes second with 67,729 bales. Ginn in Nueces turned out 20,000 bales less than they did the previous season and Ellis has 30,000 less.

Following are totals of nearby counties to October 31 for the two years compared:

	1938	1937
Brown	1,655	5,498
Coke	2,561	5,021
Coleman	7,780	22,935
Concho	3,177	16,618
Haskell	26,693	28,508
Jones	32,152	46,143
McClulloch	3,320	16,341
Nolan	7,260	22,241
Runnels	22,811	54,549
Taylor	11,004	27,417
Tom Green	6,739	22,367

Mr. and Mrs. J. G. Tuckey and children were week-end guests in the home of Mr. and Mrs. Charlie Lankford of Abilene.

County's Farmers Sign for Service On REA Extension

Plans for the rural electrification project in Runnels county have been perfected and the application sent to Washington from the Coleman office. This is the third line of this kind to be built in this section. Two have been approved and actual work started on one.

The project recently sent to Washington for approval is for a line in Runnels county. In the territory adjacent are 890 possible customers, 600 of whom have already signed for service, and many others have promised to do so when current is available. In the Rowena section there are 520 possible customers, approximately two-thirds having signed for the connections, and others are to be seen by the committees.

The Coleman office recently received approval of a project for 187 miles of lines and the government appropriated \$145,000 for the construction. Silver Valley, Goldsboro and Novice, all in Coleman county, and Oplin in Callahan county, will be served by these lines.

The proposed line into Runnels county will supply rural patrons in the vicinity of Winters as well as at Bethel and Olfen.

Officers of the Coleman office think the Runnels county extension will be granted quick approval.

George Doherty, of Fort Worth, spent the Armistice holidays with relatives and friends here.

Christmas Decorations to be Planned

Gainesville Circus to Stage Parade Here December 16

Ballinger business men will consider the kind of Christmas decorations to be put up here at a meeting this week and committees will be named to look after all details of the program. Most merchants intend to decorate their stores during the first week in December and street lights and decorations are to be in place by the first Saturday in the month.

The usual show window fair was not held last year and although there were many beautiful windows, most merchants believe this

feature should be resumed and prizes offered for the best in two groups. This will be discussed at the meeting the latter part of this week and if favored a committee will be delegated to solicit entries, arrange for prizes and provide judges for the contest.

The big Christmas feature will be presented here on the afternoon of December 16 when the Gainesville Circus comes to Ballinger. The hour for beginning has been set at 4:30 p. m. and an effort will be made to

get schools to dismiss early so students can attend.

The parade unit provides eight vehicles, several drawn by beautiful Shetland ponies, four professional performers and costumes for 65 local participants. Additions will be made to the parade here to make it by far the most magnificent ever staged in Ballinger during the Christmas season.

Red Cross Teams Raise \$373 First Day of Roll Call

In the first day of the 1938 Red Cross roll call Ballinger workers reported the most successful results in many years. Five teams swung out Wednesday morning and by night turned in a total of \$360.40 representing 294 members and \$66.40 in extra donations. In addition the committee at Blanton reported \$13.50, bringing the total reported for this part of the county to \$373.90.

R. P. Tunnell, chairman of the Ballinger chapter, expects about \$200 to be raised in Ballinger and \$400 to be turned in from other communities in the southern portion of Runnels county. Teams were at work this week at Bethel, Olfen, Rowena, Miles, Maverick, Norton, Hatchel, Runnels, Benoit, Millar and the Humble pump station. In addition there are committees soliciting the negroes and Mexicans and these will report soon.

Ballinger teams will continue the drive until the latter part of the week, calling on those missed in the first round Wednesday. Those serving on soliciting committees said they would continue the canvass until all local residents have been given opportunity to donate.

The quota given Runnels county by the national organization has never been raised in full. It is hoped that approximately 500 members will be obtained this year in the southern portion of the county. The 1938 quota is 900 memberships.

Sand and Gravel Operators Must Post State Bonds

Pat Close, state deputy game warden, was here Wednesday and called attention to instructions given wardens to keep a special watch for people taking sand and gravel from streams without permits and bonds.

Sand and gravel in all navigable streams belong to the state and anyone taking either material must post a bond of \$1,000 and hold a state permit. He also must file a statement by the tenth day of each month showing the amount removed from the stream the preceding month and remit to the state a royalty of 5 cents per cubic yard on sand and 6 cents per cubic yard on gravel.

The state department provides blanks for all necessary reports and affidavits. Mr. Close stated that some Ballinger operators had posted bonds and held state permits for taking sand and gravel from streams in this vicinity but that others were thought to be operating illegally.

It is believed that the state is losing revenue from this source and all game wardens have been ordered to check up on leaks of this nature.

Firemen's Annual Banquet Is Attended by 125 People

Ballinger firemen held their annual banquet and business meeting at the fire station last Thursday evening, 125 people attending. All firemen and their wives, honorary firemen, members of the city commission and a few invited guests were present to hear the reports and partake of the splendid menu.

A short program followed serving of the turkey course, the Windjammer Orchestra furnishing the music. A song was rendered by Gwendolyn Morgan with Mrs. Wilbur Redwine playing the accompaniment, and Gladys Lee Morgan gave a reading.

A resume of the department's activities for the past year was made by Chief Chester Cherry and D. G. Posey read the secretary's report.

E. M. Lynn was presented with a life membership in the department as a token of appreciation for his services during the years he served as mayor of Ballinger. He accepted the membership in a short talk and presented Mayor C. P. Shepherd, who succeeded Mr. Lynn in the office on November 1. Mayor Shepherd spoke briefly, pledging assistance to the fire fighters.

J. D. Motley, secretary of the Ballinger Chamber of Commerce, discussed the campaign launched by local firemen to elect Chief Cherry to the office of fourth vice-president of the State Firemen's Association. The entire state is being publicized, firemen in every section being asked to

support Mr. Cherry for this post, and many departments have already promised to aid in the campaign.

Three-year service buttons were presented Gladys Lee Morgan, past sponsor, and Jim Hash, Jr., past mascot.

At the conclusion of the business session Chief Cherry announced appointments for the ensuing years, as follows:

Assistant chiefs—Jim Hash, first assistant; George McMillan, second assistant; and Ernest Miller, third assistant.

Seven Carloads of Turkeys Shipped by Local Dealers

25 Positive Cases Of Tuberculosis Revealed in Tests

Reports have been received on 112 tuberculosis tests made in Runnels county recently by Dr. H. E. Smith, tuberculosis specialist of the state health department. Twenty-five positive cases were revealed in the 112 tests. One patient has already been entered in a hospital and applications are to be made for hospitalization of the others.

Preliminaries for taking care of each patient will be rushed as fast as possible and follow-up work will be done for other cases which were suspicious but did not show positive reactions.

Miss Sarah Harwell, county health nurse, returned the past week-end from San Antonio where she attended the state public health convention. The meeting was attended by nurses and other public health workers from all sections of the state. A movement was launched to secure an amendment to the state constitution to permit a levy of ten cents on the \$100 valuation for public health purposes in Texas. Plans were also prepared to conduct a special venereal disease prevention program all over the state. Reports indicate much is being done in large cities to fight social diseases but nothing has been accomplished in small towns and rural sections.

Miss Harwell began school inspections this week, visiting Wingate, Mazeland and Norton.

Two Ballinger Boys To be Made 'Eagles' At Court of Honor

A Boy Scout court of honor will be held at the city hall here Tuesday evening in connection with a training school. Rev. Wallace Jones will preside over the court, which will be opened at 7:30 p. m. A large group of local Scouts will be up for merit badges and others will be advanced.

Two local boys will be made Eagle Scouts on this occasion, having completed work for the highest honor in the organization. Alexander McGregor and K. V. Northington, Jr. will both receive the top awards. At the last court of honor here Jack Bandy McGregor was made an Eagle Scout.

Monday evening at 5 o'clock the board of review will assemble and all boys due for advancement are to appear before it for a check-up on work completed and for which they will receive merit badges or other awards.

Malcolm R. Rogers, field executive, of San Angelo, will be here to assist in the court of honor.

Local leaders extend an invitation to the general public, and especially to parents of Scouts, to be present for the ceremonies Tuesday evening.

DOUGLASS COX SCALDED

Douglas Cox, star halfback for the Ballinger high school football team, was severely scalded Tuesday night at the family home on Eighth Street. A pot of steaming coffee was overturned in his lap, burning his hands and wrists, his stomach, legs and the sides of his feet.

His condition was satisfactory Wednesday but attending physicians said he probably would not be able to play in the Ballinger-Winters grid game tomorrow.

Yellow Card Board—Ballinger Printing Co.

Ballinger poultry dealers shipped seven carloads of dressed turkeys to eastern cities during the Thanksgiving season and expect to begin processing for the Christmas trade about December 5.

Farmers received from 14 to 15 cents for their birds on the first market this year and dealers said the quality was much better than for several years. Local produce houses paid approximately \$22,000 for turkeys sold the first part of November.

While no check-up has been made, buyers believe about 60 per cent of the county's production was sold on the first market and that 40 per cent will be offered in the Christmas season.

Dressing plants operated day and night during the rush period and all birds were shipped in refrigerator cars from this point.

Merchants reported better business the past week-end due to the sale of turkeys by many Runnels county raisers. Checks for turkeys were evident in much trading and brought a sharp increase in local sales.

NINE BLOCKS IN CITY READY FOR PAVING

Street paving crews here continued their work this week and good progress is being made on several locations. Nine blocks are ready for pavement, property owners having paid in the money for their part of the improvement.

Two blocks are prepared for paving on Sixth Street, one on Eubank Avenue, one on Strong Avenue, two blocks on Sargent Avenue between Eighth Street and Broadway, one on Snapp Avenue, one on Harris Avenue, and one on Phillips Avenue.

The six blocks contemplated on Tenth Street, announced some time ago, still do not have all the money paid in by property owners but the project is expected to be certified for work in the near future.

In addition to the above several other projects are being formed. Committees are meeting with success on Seventh Street and also for one- and two-block projects on several avenues that will connect paving.

Mr. and Mrs. Oscar Batts, of Winters, spent the week-end in Ballinger, visiting relatives.

Mr. and Mrs. E. E. Dillingham, of Dallas, spent the week-end in the home of Mr. and Mrs. M. B. Wardlaw.

Miss Bessie Lynn, student of Hardin-Simmons University, Abilene, spent the Armistice holidays here with her parents.

HIGHWAY PATROLMEN WILL LEAD CARAVAN

State highway patrolmen were in Ballinger Wednesday making arrangements for the caravan to Winters tomorrow (Friday) afternoon. The officers request that all local fans be at the high school at 1:45 and with the other cars to form in caravan style to go to the game. They further request that cars be kept in line and that drivers not attempt to pass others. This plan has been tried during the fall and no accidents have occurred. The motorcycle police will lead the group at 40 miles an hour and will arrive at Winters 15 minutes before game time.

Fans who leave Ballinger after the caravan is on the road must fall in line and not attempt to pass the long line.

They also will receive special instruction in raising children. The instructors include both male and female physicians.

Say it—with a Clear Skin

OUR SKIN frequently reflects how we feel. In business and social contacts we like our friends to tell us how well we look.

The lady now recognizes—as physicians and scientists have long urged—the vital importance of rich, red blood, as the foundation of strength, energy, and a clear healthy skin.

For that tired let-down feeling it is well known how weary, overworked and under stress take their toll of the precious red cells of the blood.

SSS Tonic brings you new strength and vitality by restoring your blood to a healthy state, and its benefits are cumulative and enduring in the absence of an organic trouble.

improves the appetite

Further, SSS Tonic whets the appetite, makes taste better, natural digestive juices are stimulated, and finally, the food you eat is of more value—a very important step back to health.

Buy and use with complete confidence, and we believe you, like thousands of others, will be enthusiastic in your praise of SSS Tonic for its part in making "you feel like yourself again."

At all drug stores in two sizes. You will find the larger size more economical.

Afternoon Tea Honors Miss Truly

Miss Mary Elizabeth Truly, who will leave soon for missionary service in Nigeria, Africa, was paid a lovely compliment Tuesday afternoon when the Baptist Women's Missionary Society gave a beautifully appointed tea in the home of the Rev. and Mrs. Clarence Morton, on Broadway. Mrs. R. T. Williams was general chairman. All the women of the local church together with out-of-town and other Ballinger friends were included for the affair.

Reception rooms were given a pretty floral decoration of lavender, yellow and deep red chrysanthemums. Unusually attractive and meaningful was the centerpiece for the lace-laid dining room table. Thatched-roofed African huts were placed in groves of miniature cocconut trees to simulate an African village. Native men, women and children vividly portrayed the various phases of village life. At oblique corners triple silver candelabra held tall gold cathedral tapers.

Mrs. Elmer Shepperd, district W. M. U. president, extended greetings and presented the formal line headed by Mrs. Morton. Others were Mrs. R. E. Truly, the honoree's mother, Miss Truly; Mrs. L. R. Tigner and Mrs. Harry Lynn, aunts of Miss Truly; and Mrs. J. H. McClain, of Menard, who claims Miss Truly as her protege.

Mrs. James Wear and Mrs. C. J. Lynn seated callers for the musical program. Mrs. Watson Honoree at Philathea Class Party

Mrs. C. A. Watson, who is leaving Ballinger this week for Nacogdoches to live, was complimented Monday evening by the Methodist Philathea Class. Mrs. James Dankworth, Mrs. Wesley Reese, Mrs. Gerald Black and Mrs. O. R. O'Neill were hostesses in the O'Neill home on Ninth Street.

Rooms were decorated in yellow chrysanthemums and a low crystal bowl of these blooms which centered the lace-laid dining room table was flanked by tall green tapers in crystal holders. Mrs. Cecil Jones presided over the business session following a devotional and prayer by Mrs. Wilbur Redwine and Mrs. A. B. Legate. It was decided to pay the last \$100.00 on the church debt pledge of \$600.00 and to adopt a needy family for Christmas.

During the social hour Mrs. Layne Moreland sang "Rembring" by the Duncan Sisters, and "My Shadow" by Hadley. Games of bingo, in which stunts were required of winners, were played. Armistice Dinner for Club

To entertain Sockeye Supper Club members, Mr. and Mrs. Troy Simpson were hosts Thursday evening in their Wilke Terrace home. The Armistice theme and colors were used in all features. Red chrysanthemums decked rooms and large veteran-made poppies in an unusual arrangement centered the lace-laid dining room table from which the supper was served buffet style. Name cards with small poppies were used as place cards at quartet tables.

Preceding games, a letter was read from Mr. R. W. Earnshaw, who is in the veterans hospital at Legion for treatment. Dr. and Mrs. Stasney received the guest award.

Others included: Mrs. Earnshaw, Mrs. A. R. Jones, Messrs. and Mmes. Claude Stone, Tom Agnew and J. B. Stripplin.

Mrs. Sam Malone, Jr., Entertainers Club
Mrs. Sam Malone, Jr., was hostess to the Thursday Contract Club last week in her attractive apartment on Crosson Avenue.

Others included: Mmes. Tom Guin, Jack Seales, Herbert Sledge, E. Nixon, Paul Kirk, Misses Sue Clark, Dorothy Lynn and Teddie Wardlaw.

Mrs. Freeman graduated from the Ballinger high school and for several years has been employed at the Texas Theatre here.

Mr. Freeman is the son of Mr. and Mrs. S. Freeman, of Cross Plains, and is a graduate of the high school there.

After a short wedding trip to San Antonio, the couple will be at home in Miles, where Mr. Freeman is connected with Clarence's Grocery.

Dinner for Football Team and Coaches

Red and black streamers were strung from the chandelier to room corners and across the arch between the two rooms with a football hanging in the center. Red chrysanthemums were used in profusion about rooms for floral decoration.

Pepp squad leaders, Cordelia Lynn, Mary Simpson and Winnie Merle Adair, and Mrs. Guy Lively, Miss Minnie Ola Cox and Mrs. O. C. Sykes assisted in serving the two-course menu.

Legion Members Meet Armistice; Present Programs

Members of the Pat Williams post of the American Legion assembled at the Ballinger Country Club Friday morning for their first Armistice Day breakfast. The breakfast was well attended and those present voted to make it an annual affair and will strive next year to make it so attractive that every member will attend and many other veterans will join to secure the privilege.

The Legionnaires assembled at 7 o'clock and after a short time enjoyed a menu of bacon, eggs, toast, jelly and coffee.

After the meal the veterans lingered until 11 o'clock, singing wartime songs, swapping tales of war service and playing games.

Every ex-service man present declared he would be back next year if possible and would try to be responsible for at least one more.

Legionnaires staged two programs for students of the Ballinger schools Thursday morning. The first presentation was at the Junior high school and the other at the senior high school. A story of war training days, experiences "over there," and finally a more serious thought on the "unknown soldier" was presented with musical interruptions.

Members of the local post assisted in the special Armistice Day stunt at the Ballinger-Coleman football game Friday afternoon.

REV. McGRAW SPEAKS AT ROTARY LUNCHEON

Rev. James McGraw was the principal speaker at the Ballinger Rotary Club luncheon Tuesday, elaborating a vocational subject, "What is a Pastor?" The preacher clearly defined his vocation and drew pictures of advantages and disadvantages of the work. He set forth the main purposes of a pastor were to increase the membership, to properly finance the work of the church, and to lead the congregational spiritually in development.

It was announced by President K. V. Northington that a program would be presented here by the San Angelo Rotary Club at an early date. The program was presented by the San Angelo Rotarians at the district conference in Austin and since then has been called for by a number of clubs.

Survey Discloses 'Hearty' Breakfasts Coming Back in Favor

More than 17,000 breakfasts are consumed by the man or woman who lives to be fifty or more, and modern America is swinging back to the old-fashioned "hearty" breakfast and away from what amounts to nothing more than a morning tea. These and other facts about American breakfasts were disclosed in a recent survey conducted by the American Gas Association, according to J. A. Sehnoble, local gas company manager.

A substantial breakfast in from six to twenty minutes is now possible with modern gas ranges because of instant heat available with new type top burners and broilers. The survey showed, a good breakfast and a light lunch during the day is the preferred winter routine.

"America was founded on hearty breakfasts," says one leading food expert. "When a pioneer left the house in the clearing with a gun in one hand and plow horse lines in the other, he was fortified for a long, hard day with pork, flapjacks, eggs, potatoes, and hot bread. Concentration of population and the hurry of business life cut short the time for breakfast preparation and consumption and lighter foods became popular. Modern gas cooking appliances, however, now make a good, substantial breakfast possible in a few minutes, and modern America is finding such breakfasts better for health and efficiency."

The quickest breakfast that will "stick to the ribs" is one of scrambled eggs, bacon, toast, and coffee made with a gas coffee maker. Many housewives are able to prepare this menu in six minutes with modern gas ranges, the survey disclosed.

Broiler breakfasts are also increasing in popularity because the moment a new type broiler burner is ignited, full temperature is directed upon the rack of food, placed in the lowest position. Toast, plain or French, thin slices of bacon or ham and grapefruit may be prepared quickly. Complete insulation of modern gas ranges retains the heat and even a broiler breakfast may be prepared in complete comfort.

Favorite menus appearing more and more at the breakfast table in homes all over the country are:

a former member of the company, will be in charge of arrangements. Admission will be 50 cents. Women are to be admitted free. The public is cordially invited to attend. Coffee and doughnuts will be served, and good music, both old time and modern, will be furnished by a nickelodeon.

Danielle Darrieux Makes Bow in 'Rage of Paris'

"Danielle Darrieux!" answered an ad in a newspaper for a child actress in a film, "Le Bal," and got the job. From thence proceeded a parade of triumph. One hit film after the other. Star role on star role, culminating with the prize-winning "Mayerling." A whirlwind courtship at 17 to Henry Decoin, one of France's leading scenarists and dramatists. A furor-creating debut on the Paris stage. And now, Hollywood stardom at 21. "What is this meteoric young person like?" it may be asked. "What is the secret of her astonishing success?" The answer is that she is young, vibrantly alive and completely without affectation. She has put her career ahead of every personal interest, sidestepped all social affairs to concentrate upon her work. She has gray-green eyes, light, copper-bronze hair and a delicately formed figure which tips the scales at one hundred and ten pounds. She was born at Bordeaux. In "The Rage of Paris," Danielle plays the part of a little French girl, who jobless and broke in New York takes a job posing in the nude for a famous artist, goes to the wrong address and starts disrobing in an advertising agency.

Methodist Minister Controls Congregation

Teaches Members How to Stop Coughing in His Church. The Reverend George W. Lellous well known Columbus, Ohio, minister, has found the solution to the disturbance caused by a coughing congregation. Knowing the danger of spreading deadly disease germs by an innocent cough, he was prompted to get up in his pulpit and make the following statement: "Attendance in church is very necessary to the well-being of the human race, but there is certainly no use of a person coming to church on Sunday morning suffering with a cough due to a cold and disturbing the entire congregation, when it is such a simple matter to end this cough trouble by purchasing an inexpensive bottle of Mentho-Mulsion. I, too, suffered with what I thought was a serious cold. I suffered with coughing spells at night and nothing seemed to help me until I tried Mentho-Mulsion." Perhaps the church was no place to discuss the merits of a medicine, but if you are suffering with a cough due to a cold or exposure, get yourself a bottle of Mentho-Mulsion today and if the first dose or two does not absolutely convince you that Mentho-Mulsion is the finest and best cough medicine you have ever tried, take the bottle back to the drug store and get your money back. Mentho-Mulsion is recommended, sold and guaranteed by J. Y. Pearce Drug Co.

Love, Inc., Plans Newest Parlor Strategy

Only one thing could provide so much interest and fun for these five girls, and that, without doubt, is love. Finally convinced that there is not enough love in this mundane world, they invented a new love game and organized Love, Inc., with a charter from New York state, so that they could carry out their intention to bring "love boldly into the parlor." Left to right are Barbara Cochrane, Emily Jamieson, Dottie Davis, Marcia Savage and Lucille Street.

Highly Emotional 'Suez' Brings Three Star Lead

Out of choking sand, from the clutch of the raiding Bedouin; in the face of the black simoon's savage fury; with blood, tears and passion—was wrested the Suez Canal, jugular vein of the world. Seldom do the duty records of history offer such intense emotion, stirring romance and awesome spectacle as the great story of Ferdinand de Lesseps, driven by the love of two women to tear continents apart that ships might sail the desert in the short route to the East sought in vain by Columbus and Magellan. Into this perfect-for-the-screen plot Darryl F. Zanuck poured all the production skill born of a long record of memorable screen achievements, to make one of the most spectacular pictures to bear the 20th Century-Fox label. "Suez" opens at the Texas Theatre Saturday night in midnight preview and continues in regular presentations on Sunday, Monday and Tuesday, November 20-21-22. Tyrone Power interprets the heroic role of de Lesseps, with Loretta Young and Annabella as the two women whose love lashed him to splendid triumph over impossible obstacles. Produced on the magnificent scale only the screen at its greatest can command, "Suez" was directed by Allan Dwan. J. Edward Bromberg, Joseph Schildkraut, Henry Stephenson, Sidney Blackmer and a host of others are included in the stellar cast.

'Crime Takes a Holiday' Stars Jack Holt

Desperately fighting against time, a two-fisted district attorney tricks an underworld king into confessing his crimes before a million radio-witnesses, to make Columbia's "Crime Takes a Holiday" an unusual and distinctive murder-mystery tale. The film, with Jack Holt starred as the district attorney, comes to the Palace Theatre next Sunday, Monday and Tuesday, November 20-21-22. In addition to Holt, Marcia Ralston has the leading feminine role, and Russell Hopton is the romantic lead. Others are Douglas Dumbrille, Joseph Crehan, John Wray and Arthur Hohl. Holt is cast as a district attorney who, pressed by a citizens' committee to stamp out gangland's racketeering, attempts to contact the gang chieftain by pretending he can be bribed. When his emissary is murdered, he prosecutes an ex-convict for the crime, knowing that the man is innocent, confident that thus the racketeers will be tricked into revealing their hands. The gangsters warily avoid the trap and the district attorney finds himself, in the exciting climax, faced with the prospect of seeing his former-convict accomplice sentenced to die unless he can capture the real murderer at the eleventh hour.

Rotan Team to Play Bearcats Here on Thanksgiving Day

The football season will not end in Ballinger until Thanksgiving Day. In order to give local fans deluxe entertainment and provide something to do on Thanksgiving Day, local school officials have arranged a game with Coach Trueitt Little's Rotan Yellowhammers, district champions of No. 6-B. Local fans will see what the Bearcats look like against district champions when they meet one of the best class B teams anywhere in West Texas next Thursday.

The game will begin at Bearcat Field at 2:30 p. m. with the side line color getting underway at 2 o'clock.

The Rotan team started slow at the beginning of the season and has become more impressive in each game played. Last week it ran over its old rival at Roby by

the score of 51 to 0 and Coach Little admitted for the first time that his team looked good. The Yellowhammers, have a veteran backfield with three stars playing their third year and during the season have developed a large, fast charging line that has overpowered all competition. In Roscoe Swann, all coaches in district 6-B have stated that he is the hardest back to stop they have met in high school football. Angus Smith, 175 broken field runner, has been a heavy scoring man in West Texas high school football.

Coaches Felton Wright and Paul Gibbs will continue hard training next week to have the Bearcats in condition for what is expected to be their hardest game of the year.

The usual prices will be charged for the game and it will officially close the season here.

HAS YOUR ADDRESS CHANGED RECENTLY?

Ledger subscribers are requested to notify the publisher of any change in their addresses promptly. Under the new postal laws newspapers and periodicals must pay postage due for notices of any change in addresses furnished by the postoffice. Besides, there always is the probability that your paper will be delayed or fail to reach you altogether if you do not give immediate notification when you move. The best plan for all concerned is to send the change of address in advance.

Runnels county citizens demonstrated little interest in the recent general election, only one-third as many voting as took part in the first Democratic primary last July. The voters were loyal to the Democratic nominees, however, practically all ballots being cast for the ticket straight.

Warnings are being issued by the state firemen's association and the state insurance commission to be careful of fire during the Christmas season. It is almost time to begin decorating for Santa Claus and it is pointed out that this sometimes results in great loss of life and property. Fires originating from this cause are in most instances due to carelessness, however, and can be prevented.

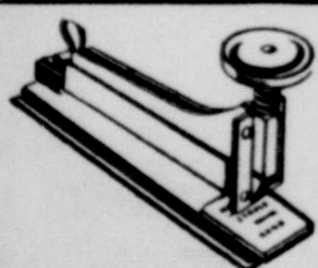

Plans are being drawn for the grade and drainage structures on highway No. 109 from Valley Creek to the Coke county line. It will require about two months to prepare these plans, after which they will be sent to the state highway department for approval. Making this an all-weather road was visioned years ago when there was no pavement in the county. Civic leaders at that time launched a movement for paved roads leading in five directions from Ballinger. Four of these highways have been finished and when pavement connects Ballinger with Bronte the "dream" will become a reality.

Calls will be made soon for two worthy causes and every citizen should contribute. Committees are taking memberships in the Red Cross this week and good progress is reported. The goal in the southern portion of Runnels county is 700 and the first part of the week several rural sections set the pace when teams were turned in memberships for nearly 100 per cent of the adult population. As soon as the Red Cross roll call ends the sale of tuberculosis Christmas seals will be started and everyone will be asked to buy these stamps at a penny apiece. Much good has been done with money from this source in fighting the great white plague.

Mrs. Ella Pierce, 78, of Bangs, sustained burns one day last week which caused her death twenty-four hours later. Mrs. Pierce threw some dry cedar twigs on a fire around a washpot in the yard, the twigs flaring up quickly and setting her clothing on fire. As she tried to move away she stumbled and fell, her daughter-in-law running from the house and pulling the elderly woman from the fire, but not until a large portion of the victim's body was seared.

A specialist was called to Albany last week to diagnose for a historic pecan tree which has shown symptoms of dying. On the spot where Albany pioneers met and organized in 1874, many meetings are held around the tree annually. The horticulturists declared the disease was caused by certain chemical in the soil being consumed and treatment will start soon to give the roots the elements lacking.

Good progress is being made in signing up customers for rural electrification lines soon to cover the Rowena section. Tabulations of the canvass will be made in a few weeks and a report sent to the Coleman office.

An election is to be held in Pecos county on December 10 for issuing bonds in the sum of \$250,000 for highway construction. It is proposed to pave from Fort Stockton to Imperial, Buenavista and Iran. The bonds would be financed by a special maintenance tax not to exceed 15 cents on the \$100.

Citizens of McCulloch county are uniting in a campaign against rats. The extermination drive is slated to begin December 12. County leaders will be assisted by employees of the U. S. biological survey and poison will be provided at cost. According to the plans poison will be put out at all homes, business houses and fields at the same time and the work will be closely followed up until the county is rid of rodents.

Rising Star merchants are getting ready for the Christmas holiday season and many colored lights will be turned on December 1. Special show windows and other decorations will be prepared.

The Miles F. F. A. chapter realized \$34.90 from presentation of an amateur contest last week. The fourteen numbers on the program included instrumental and vocal music, dancing and readings. Walter Williams was given first place for guitar playing and singing.

A special drive was made at Eden last week for P-T-A members and a check-up at the end of the campaign revealed 120 members had been signed up. Two teams were in the contest and the losers will entertain the winners.

Stephenville citizens and college and public school authorities are cooperating in the presentation of a big Thanksgiving program on November 24. A colorful parade will be the main feature in the forenoon and football games will provide entertainment in the afternoon.

Junction citizens are ready for a big hunting season and expect sportsmen to flock to the Hill Country as turkeys and deer are more plentiful than for several years. Many ranches have been leased, however, and all who go that way will not find good hunting.

DUCKS SCARCE AT OPENING OF SEASON IN THIS ZONE

There has been no rush for duck hunting stamps at the local postoffice since the season opened Wednesday, only 10 having been sold. Ducks have not come to this section in large numbers yet because of lack of cold weather, only a few being reported on lakes and tanks.

There were many ducks on the Ballinger Country Club lake Armistice Day but they only stayed a few hours and moved on south. Most of the ducks here at the opening of the season are seen near lakes and are expected to leave as soon as hunters take to the fields.

The season is open until December 29 and the bag limit is ten in any one day with possession limit of twenty. For certain species only three birds a day may be killed and the possession limit is six. The daily bag may contain three redbreasts, buffleheads, canvasbacks or ruddy ducks.

Shooting hours are from 7 a. m. until 4 p. m. No gun larger than 10-gauge is legal and all guns must be plugged to three-shell capacity.

At that time the Wrights will move from Coleman to Ballinger, residing in the upstairs apartment of the funeral home, and will be in charge of embalming and funeral direction for the institution.

Mr. Wright was here Tuesday assisting at the Jennings Funeral Home and stated that he and his wife would move as soon as possible but would have to remain at Coleman until his position with the Horn company was satisfactorily filled.

Maritime Hunters Bag Albemarle Deer

Hunters in tidewater North Carolina are forced to turn sailors to cope with the peculiar natural advantages protecting the Albemarle deer. Since the hunters cannot penetrate the swamps on the sound shores near Plymouth, they carry their dogs in boats and set them ashore on large islands inhabited by the deer.

"Skipper" Howard, Daniel Baker College, as referee; Pluto Woodward, Daniel Baker, head linesman; and Byron England, A. C. C. umpire. All three have worked in games here and Howard pleased coaches and fans when he refereed the Cross Plains game here several weeks ago.

Regardless of the standing in the district, the championship of Runnels county will be at stake at Winters tomorrow (Friday) afternoon when the Ballinger Bearcats and Winters Blizzards meet in the football classic for high school football in this section. The game will be called at 2:30 p. m. and Ballinger fans should buy tickets before leaving here.

Supt. H. C. Lyon stated that school would be dismissed at noon tomorrow. The band and pep squad will leave the high school building at 1:45 and will need lots of transportation. Those who have room for one or more in their cars are asked to come by the school and get passengers.

State highway patrolmen will be here to lead the Ballinger caravan to Winters and help direct traffic there. Some cars will be allowed in the Winters park, but most of those attending will have to park outside and will find only standing room for the game.

Coaches Felton Wright and Paul Gibbs stated Monday that all men would be in condition for the game tomorrow. Injuries sustained last Friday against Coleman were numerous but are not expected to amount to much this week. Flanagan, Bearcat full-back, is again in fine shape and will be ready to start against the Blizzards. Two full lines are ready to go and there will be no a-lis if the game is lost.

Winters failed to stop the Brady Bulldogs Armistice Day, losing by the top-heavy score of 38 to 6. This was considered the last chance to stop Brady as the Bulldogs' only remaining game is with the Bangs Dragons tomorrow. Cross Plains came back to beat Rochelle 19 to 0.

The Winters Blizzards have one of the best lines in the district this year and may prove plenty tough for the Bearcat running attack. They also have power plays over the line which will call for all the defense strength of the local club to stop. In Woods,

Beltz, Henslee and Duncan the Blizzards have a real scoring threat and the entire squad is expected to play its best game of the year against the boys wearing the red and black.

Coaches declare the Bearcats are expecting plenty of trouble and are set to enter the game with the same determination which has characterized their play all year. Anyway it will be a real football game and worth the time and money it will cost.

BALLINGER SCHOOL NEWS

American Legion Gives Armistice Program

Members of the American Legion visited Ballinger high school Thursday, November 10, and presented a most enjoyable and impressive program.

Mr. Troy Simpson was master of ceremonies for the program, consisting mainly of songs of the World War era. Mrs. Redwine at the piano, accompanied the following selections: "Good Bye Broadway, Hello France," Mrs. Simpson, Mrs. Schnable, Mr. Simpson, Messrs. Hartford and Dennis Boswell, "Sister Susie's Sewing Shirts for Soldiers," Mrs. Simpson, "If He Can Fight Like He Can Love, It's Good Bye Ger-

many," Mr. Hartford Boswell, "My Buddy," Mrs. Schnable and Mrs. Simpson, "Mademoiselle from Armentieres," Mrs. Simpson, Mrs. Schnable and Mr. Simpson, "Round Her Neck She Wears a Yellow Ribbon," Mr. Dennis Boswell. The Bearcat fans got a thrill from the Bearcat verses added to "Hinky, Dinky, Parlez Vous," sung by Mrs. Simpson, Mrs. Schnable, the Messrs. Boswell and Mr. Simpson. The closing number made one feel the other side of war, and left a feeling of sorrow and reverence. It was "The Unknown Soldier," read by Mrs. Schnable to "Keep the Home Fires Burning."

Cue and Curtain Club

The Cue and Curtain Club met November 9. The play, "What Grandmothers Know," was rehearsed by one of the two casts. In the cast were Rosemary Hooper, Etheldene Rudder, Louise Fowler, Margaret Collins, and Eugene Sutphen.

Where's That Birdie?

Maybe the world's coming to an end—Waldrop wasn't knocked out Friday! Giggling Gertie has a cracked rib after trying to be a cowgirl and roping a colt instead of a cow. LaVerne is so generous. She gave Tommy a whole inch of her ruler. Who has tried to bribe several

people to steal his ruler back from a thief?

John, we do hope you are recovering from that spell of sales taxitis.

And, some people know hairpins aren't only for hair. They make a lovely sound!

JUNIOR HIGH SCHOOL History Clubs

The sixth grade of junior high has three history clubs, which meet each Friday. They are sponsored by Miss Knowles and Mr. McKay. The clubs have a program each Friday consisting of material that is informative. Sixth graders enjoy their respective history clubs a great deal and learn at the same time. Each club has a president, vice-president, and program chairman.

Sixth Grade Gives Program The Sixth Graders delighted their fellow students with a display of talent in assembly. Four members of the class gave piano solos, songs were sung, and three short plays were presented. Two of the plays were written by Sixth Graders, Mildred Hill and Mary Egan. Students enjoyed the program a great deal.

NORTON SCHOOL NEWS

Eagles Victorious Over Robert Lee The Norton Eagles emerged victorious over the Robert Lee Steers in a game here Friday afternoon, November 11. The score was 27 to 14. We wish to pay tribute to Robert Lee. They have a group of the finest "sports" we know of. Our next game is Saturday, November 19, with Bronte, there.

Large Crowd Attends Coronation

Many people from here and neighboring communities attended the annual coronation ceremony and box supper Friday night. Oneta Faye Ballew and Uven Ford were crowned queen and king with a duke and duchess from each class from the first through the eleventh attending them. The king was crowned by G. S. Walker, representative of the football team. The announcer was Robert Herring. Neyland Carter and Robert Doss Hanbright were crown-bearers; and Virginia Cope and Juanele Chapman, flower girls.

The boxes were auctioned after the coronation by "Judge" Jennings. A cake was auctioned Chinese style, and brought \$15.10. Total proceeds of the evening's sales were \$32. This money goes for the pep squad-football banquet.

Sh-h! But—Phyllis is champion mathematician in our school. She thinks 3 plus 3 equals 8—and Joan didn't know the difference.

Evelyn, did you and Herby enjoy the show Saturday? Charley, watch out! Faye sure likes jewelry—especially class rings.

We have a "bring 'em back alive" hunter in our class, Joan, a "d-e-a-r" hunter.

The freshman class has passed a new law: Heavy penalties will be assessed on those members of the freshman class who so lower themselves as to go with grammar school students.

Sandy made a bright remark in speech class the other day. But it didn't equal Stubby's, because it's already been forgotten.

Stuart needs help—she can't decide whether it's Leroy Smith, the cowboy, or Luther Smith, football player.

Oh! Helen! Lucky June! A date with Sweet Miik at last.

Bearcats Trounce Coleman Bluecats 25-7 in Game Here

A crowd of 2,500 football fans saw the Ballinger Bearcats turn back the Coleman Bluecats here Armistice Day by the score of 25 to 7. The game started slow, fumbles by both sides preventing scores during the first quarter which was played in the shadow of the Bearcats' goal line.

Starting early in the second quarter the Bearcats began to play ball and rushed a touchdown over in quick fashion. With the ball well back in Ballinger territory, Morris ran off end for 9, Powers went through the line to make it a first down, Morris passed to Krempin for 8, another pass to Powers was good for 10 and a first down, Morris threw to Cox for 8, then ran off tackle for 8 more and a first down, got 8 more at right end and threw a pass to Byars for 16 and a first down and cut back over tackle for the first score of the game. Adair failed to kick the extra point.

Coleman received but was forced to kick and got off a bad one which went out on their own 25-yard line. Krempin went through the line for 10, then added 4 with an off-tackle smash and Morris circled end for another score. Adair failed to place kick.

Early in the second half Morris found a big hole in the line and cut through into a broken field and ran 63 yards for the third touchdown of the game. Adair passed to Byars for the extra point.

Coleman started their one drive of the game and with McKinney, McMurray and Williamson carrying the ball they soon placed it on Ballinger's 8-yard line where a beautiful lateral worked and sent Watkins over the line for the touchdown. McMurray plowed through the Bearcat line for the extra point.

Powers brought the stands to their feet a few minutes later when he slid into a broken field and turned in a beautiful run for 58 yards across the goal line, but too many men in motion called the play back and brought a five-yard penalty.

Morris was injured and taken from the game and Cox went into the tailback position and showed the fans that he could carry the ball. After several good gains he sauntered around right end and sidestepped his way 44 yards for a touchdown. His pass to Krempin was intercepted.

My Murphy is a lucky man! Get it?

pin was no good and the scoring for the day ended.

Both teams fumbled often and penalties slowed up play to some extent. A west wind made kicking a problem against it and gave one team an advantage.

The win Armistice Day gives Ballinger a cinch for second place in district 25-B with Brady virtually assured of an undefeated season and the championship.

The Coleman band and pep squad and the Ballinger band and pep squad provided plenty of entertainment before the game, between the halves and during the play.

Legionnaires Will Have Oyster Supper At Next Meeting

The regular meeting of the Ballinger American Legion post this month will be held at the city hall Monday night and an oyster supper will be served to all members and their wives. This "feed" is the conclusion of the membership drive which has been underway for the past month and which has resulted in a number of new members being signed for the organization.

Following the supper the women meet to reorganize the Auxiliary. Officers will be elected, standing committees appointed, and other business transacted. Legionnaires will hold their regular business session and at the end the two units will assemble together to hear a program of wartime music.

Post Commander Frank Cameron is anxious to have all members at this meeting in order to outline work to be done in the future. Legion members also hope to have a large Auxiliary unit formed which will cooperate in the work to be done locally during the next few months.

The meeting will start at 7 p. m., the meal to be served first. Tables will be arranged in the fire station and a committee has been appointed to serve.

Any veteran who has not joined, but desires to, is invited to attend the meeting.

60th Wedding Anniversary Observed by Local Couple

Mr. and Mrs. A. J. Voelkel

Mr. and Mrs. A. J. Voelkel quietly celebrated their sixtieth wedding anniversary at their home Saturday, November 12. Both being in failing health, no formal celebration was planned but a number of the children were here to visit their parents.

Both Mr. and Mrs. Voelkel were born at Shelby, Texas, and resided there until they moved to Runnels county. Mr. Voelkel was born on July 17, 1858, and Mrs. Voelkel (nee Miss Ida Laas) on December 10, 1858. They were married on November 12, 1878.

In 1903 Mr. Voelkel came here and built the home in South Ballinger where they live today. As soon as it was finished he brought his family here to make home and reared a family of six sons and two daughters, all of whom are living.

Soon after moving to Ballinger Mr. Voelkel accepted employment with the W. J. Miller flour mill and continued in that capacity for about two years. Later he was connected with Charles S. Miller in the real estate business, VanPelt & Kirk Hardware Co. for a short time, and then accepted a position with the Hall Hardware Co., remaining with this firm and its successors 23 years before retiring from active work.

Mr. Voelkel was elected president of the Ballinger O. D. H. S. lodge in 1911 and continued to hold the office until the membership decreased and the lodge was moved to Rowena, all the Ballinger members retaining their standing in the order. While he has never held religious affiliation, he stated that he always considered the Presbyterian church his own and has attended and supported that faith.

Mr. and Mrs. Voelkel can remember some incidents of the Civil War. A company was mustered in at Shelby in the Voelkel home, a meeting place of the young

people. They also remember when the boys in gray returned and were discharged at the same place. The parents of both Mr. and Mrs. Voelkel came to this country from Germany and settled in Texas. Mr. Voelkel stated that his parents were on a ship that brought them over in 14 weeks and anchored at Galveston. One son served with the American army during the World War.

The sons are L. C. Voelkel, E. L. Voelkel, F. A. Voelkel, all of Fort Worth; E. H. Voelkel, Rowena; H. J. Voelkel, Ballinger; and K. R. Voelkel, Houston. The daughters are Mrs. W. A. Schubmann, of Rowena; and Mrs. B. H. McLain, Denton. Other descendants are 11 grandchildren and 1 great-grandchild.

Mr. Voelkel said he had read the Houston Chronicle and The Ledger since 1903 and inquired about club rates for another year. The pioneer Ballinger couple have a host of friends in this section of Texas and received many congratulations on their sixtieth anniversary.

MORE THAN 24,000 BALES GINNED HERE TO DATE

An unofficial check-up on cotton ginnings in Runnels county to last Saturday night showed more than 24,000 bales already ginned this season and approximately 97 per cent of the crop gathered. Local cotton men believe the total will be about 25,000 bales and picking will be completed in a very short time.

The movement has slowed down to almost nil at the present and the remainder of the crop will require only a short time to pick. Some cotton land has already been plowed and made ready for another crop.
