VOLUME 54.

BALLINGER, TEXAS, THURSDAY, OCTOBER 19, 1939.

NUMBER 2

Olsen Thanksgiving Fete Scheduled November 26

Rev. G. A. Boeckman was here Tuesday and announced that the Thanksgiving celebration at Olsen would be held on Sunday, November 26, this year. With some controversy prevailing in regard to whether Thanksgiving would be on November 23 or 30, Olsen citizens decided to hold their annual celebration on the Sunday between these dates so that no conflict would reduce attendance.

Plans are being made for large crowds and invitations are being sent to many sections calling celebrants to Olsen on this date.

Plans are being made for large crowds and invitations are being sent to many sections calling celebrants to Olsen on this date.

BLACK ON TENTH STREET COMPLETED THIS WEEK

One block of paving on Tenth Street has been finished and was opened to traffic this week. The caliche base has been built for the entire street and at present is being watered and rolled preparatory to putting on the asphalt topping. It is likely that asphalt topping will be started again next week and continued until all the street from the Santa Fe right-of-way to Snapp Avenue is finished.

Building of curbs and excavating started on Phillips Avenue between Broadway and Seventh Street this week and a caliche base will be built with asphalt topping to follow soon.

When the Tenth Street project is finished there are nine other blocks in the city ready for paving, property owners having put up the money for their part of the work.

BALLINGER'S ARMORY BID IS PRESENTED AT AUSTIN

Captain Ross Murchison and Gus Barr, secretary of the Ballinger Board of Community Development, returned Sunday from Austin, where they went to transact business. They conferred with national guard chiefs who will designate armories in cities where there are organized units. The local men placed Ballinger's bid before the committee but stated upon return here that no action was expected soon. War in Europe and expansion of guard units are bringing changes that will take time to work out.

Mrs. W. E. Seipp returned Monday from Waco, where she had been to visit her husband, who is in the veterans' hospital there. Mr. Seipp has been in the hospital about two weeks and is improving.

Mrs. J. Wesley Jones and son, Jimmie, and Mrs. J. C. Reese returned Tuesday from Amarillo, where they visited in the home of Mr. and Mrs. Clinton Reese.

R. P. Tunnell has been seriously ill this week. His condition today was improved and he was able to be at his grocery store part of the day.

Turkey Grading School Booked October 23, 24

Plans are being perfected for holding a turkey grading school in Ballinger on Monday and Tuesday, October 23 and 24. George P. McCarthy, College Station extension poultry husbandman, will be here to conclude arrangements for the school with the assistance of local poultry dealers. Henry G. F. Hamann, Associated Marketing Service and Agricultural Marketing Service, will have charge of the school.

The session will begin at 9 a. m. Monday and the course will be completed Tuesday afternoon. Dealers and poultry associations are invited to bring dressed turkeys for the demonstrations. Advance information is that between 75 and 100 dressed birds will be needed for the school.

The Runco Poultry Association and the Ballinger Board of Community Development are cooperating in sponsoring the school here.

Local poultry men believe the 1939 turkey crop in this area will be less than any in several years. Dealers expect to start buying turkeys on November 1 and dressing plants will begin operations around November 10. Some states will observe Thanksgiving on November 23 and this will cause shipments earlier than heretofore. M. F. Lett, manager of the Runco association, declared that the short crop in Runnels county was not typical of the state or nation. The national production, he said, will be the greatest in history due to many eggs being shipped the past year to new growing areas.

Every association and dealer who intends to market turkeys on U. S. government grades this fall is urged to have representatives at the grading school here.

November 11, 30 Favored as Dates For Two Holidays

A preponderant majority of Ballinger business men favor observing Armistice Day on November 11 and Thanksgiving Day on November 30. A questionnaire was sent to all business firms by the Ballinger Board of Community Development this week and a committee collected the answers for tabulation.

In reference to Armistice more than 7 to 1 favored observing Saturday, November 11. A few voted for Monday, November 13 and some cast no vote at all. The local post of the American Legion passed a resolution Tuesday declaring November 11 Armistice Day, and the veterans were unanimously opposed to observing any other date. President Roosevelt Tuesday night issued a national proclamation for the observance of Armistice on November 11, and pointed out that this 21st observance should have a stronger meaning than ever because peace still prevailed in this land.

Local business men voted almost solidly in favor of November 30 for

(Continued on page 9)

France's Heavy Artillery Trains on Siegfried Line

Shown here are the more powerful guns used by French troops in front line combat. No. 1 shows machine gunners in action, preparing to back up the Maginot line. No. 2 is a huge railway gun, run out on its spur track and aimed at some point in Nazi Germany. No. 3 is a trench mortar in action. The missile resembles a small aerial bomb. It is fired from the mortar on a high trajectory to drop down upon its objective, firing line contact. No. 4 shows the interior of giant tanks carrying field guns, preparing to bore toward the Siegfried line into German territory.

Ballinger Firemen Are Special Guests At Church Service

Members of the Ballinger fire department and their families were special guests at the First Methodist Church at a special service Sunday evening closing Fire Prevention Week. The front of the church was decorated with fire prevention posters drawn by the children of the Ballinger schools.

In the first part of the service Chief Chester Cherry brought greetings from the firemen and discussed fire prevention briefly.

Rev. E. D. Landreth, pastor, made an appropriate comparison of the destroying influences of fire and sin. He showed how the small beginning of either can completely destroy and stated that neither fire nor sin had any regard for who or what was involved. Illustrations from fires where daring firemen risked their lives to save others were cited to compare how Christ died to save all men from sin.

During Fire Prevention Week the local firemen were busy in presenting prevention programs at the schools, before civic clubs and other groups, and think much good was accomplished. They passed out approximately 1,500 questionnaires which are being returned and tabulated to make a file of hazards in Ballinger homes.

LOCAL MEN TO SEEK 1940 CENSUS OFFICE

A bid has been sent to Washington seeking a census bureau at Ballinger in 1940. In reply the department stated that every consideration would be given this city but that no offices have been designated to date.

It is understood that several Ballinger men will seek the county enumerator's position and the committee seeking the office believe the location will be left to the man who is named enumerator.

Mr. and Mrs. Marsden Jarrett and baby and G. A. Jarrett, visited in Rising Star Sunday.

FOOTBALL PEP RALLY TUESDAY NIGHT 7:30

For the first time in many years a football pep rally for players, students and fans will be held in Ballinger. Years ago the idea that pep rallies hurt caused them to be discontinued but the time has come when that spirit that is generated at rallies is needed and school officials ask the entire town to join them Tuesday night at Bearcat Field for an old time rally.

The Bearcat band, the pep squad, the rest of the students, the players, teachers, trustees and it is hoped all Bearcat fans will be on hand. There will be school songs, rousing talks by the coaches, students, fans and players and every effort will be made to create a fighting spirit that can be mustered against Brady on October 27.

Show your loyalty to the Bearcats by being on hand and taking part in this rally. Fans are urged to make their slogan, "Win or lose—we're for you, Bearcats."

Homicide Charge is Filed Here Against J. H. Monroe

MORE RECRUITS SIGNED BY GUARD UNIT HERE

Three more recruits were enlisted in company C, 142nd Infantry, this week. Ernest C. Carter was accepted today and William F. Bollier and Ray P. Waldrop were signed up Monday. These recruits are being taken under the new order to increase the strength of the Ballinger company to 83 men. Company C's full strength was 65 men until a short time ago.

Miss Elsie Motley, of Junction, is visiting friends here.

NYA Crew Begins Metal-Wood Work Shop for Ballinger

E. H. Sassman, area supervisor for the national youth administration, was in Ballinger Wednesday to get a crew of boys started on the wood-metal working shop to be constructed on the court house lawn. The crew began work this week, taking rock from the city quarry, and Monday will commence laying the foundation.

The one-room addition to the Ballinger negro school was finished last Wednesday and is now ready to be occupied. F. L. Duncan was in charge of the 30 youths on the frame-stucco annex and completed the job in less than a payroll month.

The new project here will be a beautiful building when completed. Plans call for a modernistic structure of natural stone, 38 by 62 feet. It will have one large room for woodwork and another for metal fabrication. Each room will be equipped with the latest type of machinery. Mr. Sassman stated that the machinery for wood working would cost approximately \$1,000 and would consist of a tilting arbor saw, jig saw, planer, lathe, drill press, com-

(Continued on page 9)

Demonstration Club Council Will Meet Here Saturday

The Runnels county home demonstration council will meet at the city hall in Ballinger Saturday afternoon at 2 o'clock. Officers of the council and representatives of clubs in the county along with several special committees will attend this meeting.

A report of the committee that visited the home demonstration markets in Abilene will be heard at the beginning of the business session. This county's committee was sent there to study operation of the market and to secure information that might be used in establishing one or more in Runnels county. Farm products are offered in this market and in some places large week-end business has been built up by the women.

The council president will appoint the nominating committee

A homicide charge was filed here today by County Attorney Roy L. Hill against J. H. Monroe, of Oklahoma. The filing of the case was the result of a crash on the San Angelo highway on October 8 in which Randall Hamby, son of Mr. and Mrs. Porter Hamby, lost his life and several others were injured. The complaint alleges that Monroe was under the influence of intoxicating liquor at the time of the wreck and was responsible for the accident that caused the death of young Hamby.

Since October 8, officers have been investigating the crash which resulted in the filing of the case here today. A number of witnesses made written statements to the county attorney this week, giving evidence upon which the charge was based.

According to the testimony, the Hamby automobile driven by Merton Serratt was coming towards Ballinger, moving slowly because of tire trouble, and was traveling on one rim, being unable to get a tire repaired at Miles. Some of those in the Hamby car saw the Monroe car approaching from the rear at a high rate of speed but expected him to pass. Testimony in the depositions is to the effect that the big Buick sedan crashed into the rear of the Hamby car, knocking it from the highway and causing it to turn over several times, landing on its top. The Monroe car, according to the statements, circled into a plowed field and came to a stop. As soon as passers-by came to the rescue, the injured were rushed to a San Angelo hospital where the Hamby boy died at 8 o'clock Sunday morning, about four hours after the collision.

Runnels county authorities sent a request today to Oklahoma officers to arrest Monroe. The case will be turned over to the grand jury which convenes here on November 13 for further investigation.

County Attorney Hill stated this

(Continued on page 12)

Vets Set Armistice Day On Saturday, November 11

Red Cross Officials Line Up Assistants For 1939 Roll Call

Officers of the Ballinger chapter of the Red Cross spent considerable time this week visiting various communities in the county, lining up roll call aides to solicit members in the drive beginning on Armistice Day, November 11, and continuing until Thanksgiving Day, November 30. Mrs. Tom Agnew, roll call chairman, stated that the response had been good in every community visited and workers had volunteered to canvass their communities in the interest of the cause.

By next week it is expected to be able to announce the chairman and assistants in every community. Between now and November 11 all workers will be given instruction in regard to the roll call, supplied with buttons, membership cards, 100 per cent stickers and other materials to be used in the canvass.

A number of programs have been planned in which groups will be heard on the work done during the past twelve months and the increased need for Red Cross funds in 1940. The European war has called for a much greater budget with which to continue work during the next year.

Runnels county has been given a quota of 850 members for this roll call and the chapter officers intend to "go over the top." This is slightly more than the county has ever donated since the World War but with the evident need before the people, local officials believe it can be accomplished.

As previously, half of the money will remain in the local treasury to be used in carrying on local charity and the remainder will be sent to the national headquarters.

Thieves Get Tires And Other Loot; Enter One House

Chief of Police Lee Moreland and other officers have been investigating a series of thefts reported here the past week-end but no arrests have been made to date.

Someone entered the home of Miss Ada Allen on Eleventh Street Friday night and stole her purse containing a small amount in change and some papers of value. Entrance was gained through a side door and the burglar left without disturbing anyone.

Saturday night a thief entered the garage at the home of Henry Jones on Broadway and took three casings and wheels from an automobile parked in the building. One casing was taken off the car and two from the rack in the rear of the machine.

The same night someone removed a casing and wheel from John A. Barton's automobile on Eighth Street. The wheel was jacked up, the casing removed and the car left with the jack under the axle.

A number of gardens here have been raided this week and two citizens have reported their turnip crop stolen.

City officers urge the close cooperation of citizens in helping apprehend the petty thieves who have been operating here for the past three weeks.

MORTON CONDUCTING REVIVAL AT CISCO

Rev. Clarence A. Morton is conducting a revival for the First Baptist Church of Cisco this week. The Cisco pastor, Rev. Judson Prince, will be here Sunday to fill the pulpit at the Ballinger church at both services.

Members of the Ballinger American Legion post in a called meeting Tuesday morning voted to observe Armistice Day on Saturday, November 11. The veterans of the World War took the stand that the war was over on that date and there was no occasion for observance at any other time.

Because of the controversy as to which day to close for Armistice here, the meeting was attended by practically the entire membership. In the discussions not a single member favored closing on any date other than November 11, and most of them announced that their places would be closed regardless of the action of others.

The Legionnaires will hold their annual Armistice Day breakfast beginning at 6 o'clock Saturday morning, November 11, and continuing until 11 a. m., the hour when hostilities ceased. Members expressed the belief that the 1939 holiday would mean more to them than heretofore, referring to the new European war raging on the same ground where fighting ended for Americans 21 years ago.

At the meeting Tuesday evening present paid dues for another year and a large delegation will go to Junction Saturday and Sunday to attend the 21st district convention and turn in the paid-up memberships for 1940.

In addition to the closing action voted by the post, a check-up was taken of a few institutions that observe regular national holidays. Banks, the postoffice and a number of business houses will be closed on Saturday, November 11. Postmaster Tom Caudle stated he had no option in the matter and had already received instructions to close.

The Ballinger senior and junior high schools will have Armistice Day programs on Friday, November 10, inasmuch as there will be no school on November 11. An original Armistice sketch will be presented by members of the cue and curtain club and the public is invited to attend. This will be presented at the chapel period, beginning at 10:30 a. m.

W. O. WALLACE RETURN FROM VACATION TRIP

Mr. and Mrs. W. O. Wallace returned Sunday from a trip through Oklahoma, Missouri and Illinois. Mr. Wallace stated that most of the regions visited were dry but had gathered some of the best crops in four years. Corn, hay and apple yields were good in most of these states and he purchased choice eating apples at orchards for 50 cents a bushel. Apple cider, he said, sold for around 20 cents a gallon. While away he inspected one large power project in the Ozark Mountains and visited many other places of interest.

Mrs. T. H. Chaney accompanied Mr. and Mrs. Wallace as far as Hannibal, Missouri, where she visited relatives.

C. A. Bissett and Cal Adair attended to business at Houston the first part of this week.

Mr. and Mrs. Charlie Lankford, of Abilene, were week-end visitors here.

SOCIETY and CLUBS

National B. & P. W. Week Observed by Local Group

The Ballinger Business and Professional Women's Club observed National B. & P. W. Week with a pioneer dinner given at the Central Hotel last Thursday evening to celebrate the 100th anniversary of the national organization.

The table was arranged in U-shape in the banquet room. The decoration for the speakers' table was unusually effective. Here the pioneer theme was suggested in the miniature oxen-drawn covered wagon and family group. This scene was encircled with long trailers and clusters of red berries of a wild vine. Potted geraniums centered other tables and green tapers in double holders burned all along the board between sprays of lace fern.

Places were marked with printed program folders and small colonial corsages of tiny asters and baby's breath with lace fern tied in green.

Preceding the serving of the four-course menu, Miss Alida Macune, president of the local group, gave the club collect.

Mrs. F. A. Lawrence, program committee chairman, spoke of the progress made by women in the business and professional world during the last 100 years. Fields of endeavor have increased from 5 to 505.

Mrs. L. Schermerhorn gave as vibra-harp selections, "Believe Me, If All Those Endearing Young Charms" and "When You and I Were Young, Maggie." Mrs. Jack Nixon, Jr., accompanied by Miss Maggie Underwood, sang "An Old-Fashioned Garden."

Mrs. George M. Vaughn, honor guest and also guest speaker, was introduced by Mrs. F. C. Miller, a charter member of the Shakespeare Club, Ballinger's oldest study club, of which Mrs. Vaughn is the other charter member.

Mrs. Vaughn told of her early experiences here as a professional woman. She taught school from 1883 to 1888. Her accounts of those real pioneer days consisted of descriptions of churches and schools then and comparisons with the modern plants of today. She emphasized the fact that woman's primary place is in the home and urged that when through necessity of circumstances or ambitions she needs to go into the business world that she make her influence a Christian one.

Others, who have been identified as business and professional women for a number of years, making brief talks were Mrs. T. A. Rape, Mrs. C. J. Lynn and Miss Maggie Underwood.

Miss Wynis Greer and Miss Klouise Jones were in charge of decorations and Miss Jones presided over the register.

Following the singing of "Auld Lang Syne," a display of old pictures and relics was enjoyed.

Shakespeare Club Begins Study
The Shakespeare Club held its first regular business meeting and study last Thursday afternoon in the club room at the Carnegie Library.

During the business period resignations of Mrs. Robert Bruce from active membership and Mrs. R. W. Bruce and Mrs. W. B. Woody from associate, were accepted. Mrs. J. C. Sturges, Jr., was elected to associate membership.

Mrs. Nat Williams, leader of the first program on "Henry Fourth" gave the story of Shakespeare's life. Mrs. Claude Collins, Jr., discussed the staging and acting of the period and Mrs. A. B. Stobaugh gave the historical background for the play by tracing the genealogy of the House of York.

Twenty-six members were present.

Mrs. J. D. Forman Hostess to Club
Mrs. J. D. Forman entertained Ace of Clubs members last Thursday afternoon in her home on Sixth Street.

Yellow chrysanthemums gave a pretty floral decoration to rooms where symbols of the Halloween season adorned game appointments. A large pumpkin surrounded by autumn leaves and

Home Again!

Miss Joy-Allen Duncan, Richmond, Va., found herself swimming in the middle of the North sea when the Danish freighter "Ronda" went down after striking a mine. Rescued after clinging to driftwood for many hours, Miss Duncan was returned safely to New York.

fruits flanked by orange tapers, centered the dining room table.

A chicken salad plate with spiced punch was served following games in which high score award went to Mrs. Edward Sommer, low to Mrs. W. E. Moss, and bingo trophies to Mmes. E. C. Grindstaff and J. C. Sturges, Jr. Others included: Mmes. Rothal O'Kelly, H. G. Agnew, Royal Bishop, Roy Miller and Mike Wright.

Luncheon for Triple-Four
Mrs. R. W. Earnshaw included her mother, Mrs. John Weeks, as the only added guest Friday when she was hostess with a one o'clock luncheon for the Triple-Four Contract Club.

Beautiful fall roses and dahlias combined with African daisies decked rooms and centered the one large table in the spacious game room of her home in Wilke Terrace where the luncheon was served in three courses.

Autumn leaf designs were used on tallies and score pads for games in which Mrs. Claude Stone received the award for high cut.

Others included: Mmes. J. A. Schnable, L. R. Tigner, J. B. Striplin, K. V. Northington, Harry Lynn, Alex McGregor, Tom Agnew, Ross Murchison, E. W. Stasney, Edgar Boelsche and Troy Simpson.

Three Are Hostesses to Methodist Philathea Class

Mmes. E. D. Landreth, Tom Caudie and Jack Nixon, Sr., were hostesses to the Methodist Philathea Class Monday evening in the Nixon home on Fifth Street.

Pink and red roses, snapdragons and dahlias decorated the living room and marigolds were combined with mandina berries on a reflector to form the centerpiece for the lace-laid dining room table.

Following the devotional from the "Upper Room" by Mrs. E. D. Landreth, the class president, Mrs. R. W. Earnshaw conducted a brief business session. It was decided to sponsor a ticket sale for the moving picture, "Goodbye Mr. Chips."

During the social hour, Mrs. Earnshaw gave a toast to Mrs. M. B. Webb, a recent bride, and Mrs. Landreth supervised a clever contest. A dessert course was served with salted nuts and coffee.

Birthdays celebrated were those of Mrs. F. A. Lawrence, Mrs. T. J. Forger, Mrs. Carl West, Mrs. J. M. Jones, Mrs. A. B. Legate, Mrs. Ben Denny, Mrs. J. E. Dankworth and Mrs. O. R. O'Neill.

Others present were: Mmes. W. C. Redwine, Tom Agnew, J. E. Smith, Rothal O'Kelly, Glenn Morrison, Claude Stone, W. L. McAdams, Guy Middleton, E. K. Avey, Ford Taylor, Oma Penn, J. L. Davis and Nat Williams.

Senior B. T. U. Has Outing

Members of the Senior Baptist Union enjoyed a fall outing in City Park Monday evening. Mrs. Clarence Morton, leader of the group, and Mrs. O. C. Sykes accompanied the young people.

The supper menu was prepared over the large ovens and spread at one large table.

About twenty were present.

Breakfast for Girl Scouts

Mrs. Bruce Creasy and the Algeria Troop of Ballinger Girl Scouts planned an unusual affair for last Saturday morning.

The girls rode their bicycles to a beauty spot on Los Arroyos, beyond the Country Club, and prepared a delectable breakfast menu over open camp fires.

Girls present were: Catharine Clampitt, Patey and Mary Ellen

Patrick, Margaret Routh, Shella Moreland, Billie Louise Blair, Ann Creasy, Earlene Webb, Martha Sharpe, Mary Ann Morgan, Betty Jean Harper, Dorothy Jones, Velma Rae Rayburn, and Dorothy Pratt.

Mrs. Rufus Allen Entertains Sunday School Class

Mrs. Rufus Allen entertained the Friendly Fellowship Class of the Eighth Street Presbyterian Church in her ranch home near Ballinger last week. The affair, given Friday, the thirteenth, was a kid party.

Crepes paper streamers, gaily colored balloons and varicolored giant zinnias gave a festive air to rooms where guests assembled for childish games, such as "Marching Round the Levee," "Flying Dutchman" and "Drop the Handkerchief." Maurine Duncan was winner of a prize in "Pinning the Donkey's Tail," and awards were also given to the best costumed boy and girl.

Mrs. L. Duncan and Mrs. V. E. Psenick assisted in serving pink and green lemonade, animal crackers and lemon snaps to Alice Psenick, Jane Routh, Edith Cameron, Doris Wood, Gladys Sides, Katherine Routh, Maurine Duncan, Lillian and Peggy Allen, Warren Cameron, Henry Fowler, Taylor Russell, Leo Sides, Basil Aycock, J. E. Fowler, Jr., D. Smith, James Fowler, Bobby Jo Duke and Lloyd Bell.

Ohio Limestone Cavern Has Puzzling Formation

The Blue Hole of Castalia, Ohio, is somewhat of a puzzle to scientists. This interesting natural phenomenon is located in a limestone region, and limestone areas are always marked with water-made caverns, subterranean streams and similar peculiarities. The Blue Hole is a place where such a subterranean stream springs suddenly to the surface and runs for the remainder of its course above ground. The sources of the streams in this area are in land which, to the south of Castalia, has an elevation of 700 feet and more above sea level. The elevation at the Blue Hole is 630 feet; that of Lake Erie is 572 feet. The stream which issues from the Blue Hole and descends so rapidly to the lake three miles away is called Cold creek. "In its natural channel," says Henry Howe's Ohio History, "this creek ran through a place of prairie covering several hundred acres into a quagmire and 'muskrat garden.' It now runs nearly its whole length through an artificial channel.

"The constituents of the water are lime, soda, magnesia and iron, and it petrifies all objects, as grass, stumps, moss, etc., which come in contact with it. The water is very cold but never freezes, and at its point of entrance to the lake prevents the formation there of ice; it maintains nearly the same temperature summer and winter."

Superstition Mountain

The name Superstition mountain is given to a peak east of Phoenix, Ariz., because of the Indian legends surrounding it, writes a correspondent to the Detroit News. One of these stories relates to a great flood, similar to that given in the Bible. A Dutchman's mine there was formerly owned by a Spanish ranchman in Sonora, Mexico, Jacob Walz, known as "Snowbeard the Dutchman," murdered three of the Spaniard's heirs and stole the mine. He worked it alone for 10 years or so and then revealed its secret site to his nephews, whom he afterward killed. Other persons, to the number of eight, were shot while trying to find it. He died in 1892 without revealing the mine's location. A bronze tablet marks "Snowbeard's" grave on the mountain.

Pilots Hit Billion Miles

Airplane pilots licensed by the commerce department have passed the billion mark in mileage flown, according to a study of the department's records. The records of the department's aeronautics branch show all flying time accumulated by licensed pilots and from these records it is estimated that these airmen have flown approximately 1,084,000,000 miles. Flying by those carried on the records as transport pilots, the highest type licensed by the department, accounted for approximately 11 twelfths of the total, the remaining twelfth having been credited to private, limited commercial and industrial pilots, in that order.

New Dye in Use

A brilliant blue dye, one of a new class of blue-to-green pigments known to scientists as the phthalocyanines, is showing such excellent fastness properties that it is replacing some of the older dyes used in the coloring of printing inks, paints, lacquers, rubber, wallpaper, and linoleum. The phthalocyanines are closely related in structure to chlorophyll, the green coloring matter of plants, but scientists have discovered no evidence that they occur in nature.

"Did you say your dog's bark was worse than his bite?"

"Yes."

"Then for Heaven's sake don't let him bark. He just bit me."

Suffering Women Welcome "Build-Up"

A simple method is saving many women much pain and discomfort! It is based on the knowledge that women's headaches, nervousness, and cramp-like pain often are symptoms of functional dysmenorrhea, due to a weak, run-down, under-nourished condition. That so many women find relief from these painful symptoms through the CARDUI "build-up" is easy to explain. By improving the appetite, assisting digestion and assimilation, CARDUI helps to build physical resistance against periodic pain. Thousands of women also report that CARDUI, taken just before and during "the time," helps to ease periodic pain.

Linda Darnell from Texas, Modern Cinderella of Films

Hollywood, the city where everything that happens is sensational, is agog over the sensational rise to fame of a lovely little miss, Linda Darnell, native Texan. Once in a blue moon it happens that an inspiring thespian is suddenly whisked from a quiet

home town to become a star in the very first picture to which he or she is assigned.

More amazing still is the fact that Linda, who is just past sixteen, a sophomore in high school who must divide her time between acting and study, was given the starring part in a top production by one of moviedom's largest studios.

Linda's first picture, Elsa Maxwell's "Hotel for Women," was premiered in Dallas, her home town, on August 19. It is to be shown in Ballinger at the Texas Theatre in midnight preview Saturday night, and on the Sunday, Monday and Tuesday following, October 22, 23 and 24.

When Linda arrived in Dallas on August 1 to grace the premiere of her picture and to make personal appearances throughout the week, she brought with her the glamour that is a part of her new profession. Classmates remembered her as the little little drum majorette of Sunset high, and her elders recalled her photogenic charm and beauty as a "Texanita" at the Pan-American Exposition.

Ivan Kahn, a talent scout for 20th Century-Fox, noticed her ability two years ago, and she was given a screen test—then sent home to grow up. Undaunted, Monetta, as she is known in Dallas, entered the "Gateway to Hollywood" contest of Jesse L. Lasky, and again she was rushed out to the city of make-believe. An alternate judge had to be called in to decide between her and another young lady; and she lost only to win again.

When 20th Century-Fox saw that their little girl, who they thought was still growing up, was about to slip through their fingers, they signed her up as quickly as possible. The rest of her story parallels that of Cinderella. She was given the cherished part in "Hotel for Women" almost at once with such supporting talent as Ann Southern, Elsa Maxwell, and James Ellison.

"Young Mr. Lincoln" Gives New Viewpoint of Famous Leader

The story of Abraham Lincoln that has never been told is the subject of one of the most entertaining screen plays to come out of Hollywood—Darryl F. Zanuck's production of "Young Mr. Lincoln." The film, which is to be screened at the Texas Theatre tomorrow (Friday) and Saturday, depicts Lincoln not as the great American but as the gowky backwoods lawyer, accustomed to hardship, who had a thrilling, romantic, eventful youth. It shows him wrestling, fighting, telling funny stories, falling in love—challenging a frenzied lynching mob with his brawny strength and dispersing it with his lightning wit. It is a Lincoln that few people know, a real, human young man.

Highlight of the film, which features Henry Fonda in the title role with Alice Brady, Marjorie Weaver and Arleen Whelan, is Lincoln's famous "moonlight murder" case. Two young boys are wrongfully accused of murder, and between them and the gal-

Bergdoll's Mother

Mrs. Emma Bergdoll, mother of Grever Cleveland Bergdoll, notorious World War draft dodger who came back from German exile to "face the music," is shown at her son's trial in New York.

lows stands the attorney for the defense, young Abe Lincoln.

BIRTHS

Mr. and Mrs. Cecil Kemp are parents of a 7-pound, 9-ounce girl, born Friday, October 13. The little daughter, christened Carolyn Sue, and her mother have returned home from the local sanitarium and both are doing nicely.

A son, christened John Alan, weighing 9 pounds and 12 ounces upon arrival, was born Sunday, October 15, to Mr. and Mrs. C. V. Talbott.

Each star in the sky is dying out slowly.

Early Frontier Life Is Portrayed In Film

A vivid cross-section of life as presented by a group of ten men trapped at a desert water-hole by an overwhelming tribe of Apaches, forms the dramatic basis of "Bad Lands," a saga of frontier justice. This picture is the main attraction for the Palace Theatre program next Sunday, Monday and Tuesday, October 22-23-24.

The men, representing a posse in the Old West, are of widely different ages, backgrounds and social strata. Among them are found bravery, cowardice, jealousy, comradeship, avarice and the indomitable will of one man who holds the others to their stern purpose as death strikes again and again.

Laid in southeastern Arizona in 1875, the gripping story reveals how one by one the members of a posse, tracking down a half-breed murderer who has fled to the "bad lands," are killed by the attacking Indians. With only three left, they perpetrate a ruse which is said to contain thrilling action and drama.

Robert Barrat is cast as the valiant leader of the posse, while other members are portrayed by Douglas Walton, Robert Cooté, Noah Beery, Jr., Paul Hurst, "Big Boy" Williams, Francis McDonald, Andy Clyde and Francis Ford.

NYA Crew—

(Continued from page 1)

pressor for a paint sprayer, and about \$200 worth of hand tools. The equipment in the metal room will be similar to that of the wood room.

The crew of 30 boys employed on the construction will be increased when the work is well underway. Officials in charge say it will require about three months to complete the building.

A plant of this kind will be opened at Coleman next week. Equipment was received there the first part of this week and is being installed. A crew is being lined up to build school seats, Mr. Sassman said.

Miss Bernice Simmons spent the past week-end in the home of her sister, Mrs. V. L. Reed, and family, of Andrews.

County Health Nurse Will Enter Crippled Child in Dallas Clinic

Miss Sarah Harwell, county health nurse, left today for Dallas to take Wanda Russell, 3-year-old daughter of Mr. and Mrs. Alfred Russell of the Harmony community, to the Scottish Rite Hospital for crippled children. The child, a victim of infantile paralysis, has been affected since she was 15 months old and her application for treatment was recently accepted by the hospital. Transportation for the trip was provided by the crippled children's association of Ballinger.

Miss Harwell has spent most of the week making school inspections. Monday she was at Drasco and Cochran, Tuesday at Victory, and Wednesday morning at Harmony. Wednesday afternoon she met with the women of Ballinger housekeeping aid project to discuss "Care of Expectant Mothers and Care of the Baby in the Home."

The Russell county nurse will remain in Dallas for a meeting of the International Crippled Children's Association, convening there Sunday.

She reported that three children in the county had been supplied with glasses provided from the fund raised when members of the Lions Club and fire department played a donkey baseball game.

Rey Nixon, student of John Tarleton College, Stephenville, was a week-end visitor here.

'These Glamour Girls' Gay Collegiate Comedy

Joe College and the debutante glamour girls hold forth in all their glory in "These Glamour Girls," new comedy-drama of college life, with Lew Ayres and Lana Turner, to be shown at the Ritz Theatre next Sunday, Monday and Tuesday. The picture is eventful in many ways, but foremost is the fact that it brings to the screen in her first top billing red-headed, talented Lana Turner.

"These Glamour Girls" is the story of a dime-a-dance hostess who accepted the invitation of an inebriated college boy to attend the college week-end parties, an annual ceremonial, and finds herself faced by a phalanx of Park Avenue debutantes who declare social war upon her because she is not one of their kind. The taxi dancer accepts the challenge and walks off with all the honors. Ayres, who invited her, falls in love with her and she with him. But through feminine strategy, Ayres' engagement to another girl is announced and Miss Turner, heartbroken, runs away. The sudden news that Ayres' father has been arrested for embezzlement puts a different complexion on the situation. The girl to whom Ayres is engaged turns him down. It is the taxi dancer to whom he turns and they find love together. If the cast of "These Glamour Girls" is a criterion, the picture is rightly named. M-G-M virtually cornered the Hollywood market on the younger glamour

girls. Besides Miss Turner, in the picture are Jane Bryan, Anita Louise, Marsha Hunt, Ann Rutherford, Mary Beth Hughes and a couple of hundred incidental G.G.'s. On the male side, lending support to the cause of Ayres, are Tom Brown, Richard Carlson, Owen Davis, Jr., Sumner Getchell, Peter Hayes, Don Castle and Tom Collins.

November 11, 30—

(Continued from page 1)

Thanksgiving. On more than 50 questionnaires all favored November 30, but a few voted for both November 23 and 30.

Both Armistice Day and Thanksgiving Day have always been observed here without the passing of a petition. This year, however, because of the president's suggestion on Thanksgiving and because Armistice Day falls on Saturday the questionnaire was sent out.

Women's Society and Club News

Junior Woman's Club in First Study Period

The Junior Woman's Club held its first study and business session Wednesday at its regular bi-monthly meeting in the Shakespeare Club room at the Carnegie Library.

Mrs. J. A. Killough, president, was in the chair. Mrs. E. C. Orindstaff was elected Golden Jubilee chairman as 1940 is the golden anniversary year. A committee was appointed to name a delegate to the state convention of Federated Women's Clubs to be held in Wichita Falls November 13-16.

Miss Maurine Tipton was leader for the unusually interesting first travel program. The year's theme is travel and deals particularly with the pan-American countries and nearby islands.

Mrs. Layne Moreland gave a first person account of a trip from "Austin to New Orleans." Miss Eugenia Baskin illustrated her talk on "Miami, Key West, Havana" with movies, and Miss Elouise Jones read the colorful and romantic legend of the Galveston Island pirate, Jean LaFitte.

Mrs. C. R. Stephens was a visitor and thirty members were present.

Pal Day for Humble Club
Pal gifts were exchanged, names

revealed and new names drawn by the Humble Sewing Club, when they met with Mrs. G. R. Touchstone Tuesday afternoon in her home on Eleventh Street.

Queen's wreath decked rooms where the time spent in handwork was followed by the serving of pumpkin pie with coffee and Halloween candies to: Mmes. James Phillips, Ed Jones, Wix Currie, Jr., France Jones, Bill Campbell, J. L. Byers, J. C. Wilson, Marvin Bird, Arthur Gee, Clyde Wilkins, A. J. Hendricks and J. E. Allbright.

Mrs. Moreland Hostess to Book Club

Mrs. Layne Moreland included Mrs. Nat Williams as an added guest Tuesday afternoon when she was hostess to the Current Book Club in her home on Tenth Street.

Touch-me-nots and zinnias graced rooms where Mrs. W. E. Moss read "The Rainbow," an unpublished story by her uncle, Dr. R. V. Sarrels of Abilene. Unsigned criticisms were written and read aloud. Mrs. Tom Caudle read a descriptive list, taken from the Rotarian, of travel books on South America.

At the tea hour a salad course was served with hot tea with Halloween plate favors to: Mmes.

A. B. Legate, J. D. Eoff, Jack Nixon, Sr., Williams, J. E. Dankworth, O. R. O'Neill, Caudle, Moss, A. C. Glover, Alex Saunders and W. A. Taylor.

Eighth Street Society Studies India and Alaska

Mrs. J. D. Coulter was leader for the regular third Monday missions program given for the Woman's Missionary Society of the Eighth Street Presbyterian Church. The foreign theme was India, and the home, Alaska.

Topics discussed were "Youth and India" by Mrs. Fred Clark; "The Work of Missionaries in India" by Miss Eva Lilly; "The Development of Point Barrow" by Mrs. Rufus Allen; and "An Airplane Journey Through Alaska" by Miss Maggie Lilly, who also read the names in the Yearbook of Prayer. Mrs. W. A. Taylor gave the devotional.

During the social hour, Mrs. R. W. Baile, Mrs. Taylor and Mrs. Clark, hostesses, served a dessert plate with coffee, with dainty corsages as favors. To: Mmes. E. S. Malone, A. W. Sledge, J. R. Holloway, E. V. Bateman, Allen, P. C. Miller, J. A. Ostertag, J. W. Black, Misses Eva and Maggie Lilly.

James Lasater Host at Dance
James Lasater was host at an

informal dance last Saturday evening in the home of his parents, Dr. and Mrs. O. R. Lasater, on Sixth Street.

This spacious new home received a thorough tour of inspection between dances to radio music. The affair was the celebration of the host's sixteenth birthday anniversary.

Cookies and punch were served. Included were: Louise Hardin, Pauline Thorp, Melba Bankston, Rosemary Hooper, Ruth Davis, Jeanne Endacott, Gayle Hirschfeld, Louise McMillan, Odena Parrish, Jane Cheatham and Pat Lawrence; Alexander McGregor, Jr., Pete Agnew, Jack Bandy McGregor, Leo Sides, Bud Gray, Ben Denny, Guy Lively, Jr., Thomas Gee, Quentin White, Wilborn Moreland, Walter Trimmer, Sam Wellhausen, Robert Lowry, Herbie Fulcher and Glenn Kenley.

Miss Fowler Hostess in Morgan Home

Miss Mildred Fowler was hostess to Sew Gay Pals Tuesday afternoon in the home of Mrs. Malcolm Morgan on Murrell Avenue which was decorated with multi-colored zinnias.

It was decided to spend the month of December sewing for the Goodfellows and other plans for

Christmas sharing were made. Colors of red and white were chosen as a club flower, the rose. These are to be used in constructing individual scrap books of activities.

A salad plate, with Halloween favors was served with iced tea to: Mmes. R. W. Baile, a new member; Morgan, Frank Cameron, Stanley Price, Clyde Gabbert, G. R. Howell, Halley Gibson and Jack Bridwell.

Men Members Hosts to Sockeyes

A no-host supper at the Texas Grill Tuesday evening was followed by contract games in the home of Dr. and Mrs. E. W. Stasney on Eighth Street. The affair was a pay-off by men members who lost in a score contest.

Mrs. Claude Stone received the high score award. Others present were Mr. Stone, Messrs. and Mmes. J. B. Striplin, Tom Agnew, R. W. Earnshaw and G. G. Harwell.

Mrs. Causey Entertains Club

Mrs. Ross Causey entertained Sew and Chat Club members and a few added guests last Thursday afternoon in her home on Tenth Street.

Pal gifts were exchanged and gifts were presented the hostess and visitors, Mrs. A. B. Fields, Mrs. Gurthall Gilligan and Mrs. Ray Tisdale.

Angel cake was served with coffee. Others present were: Mmes. J. E. Allbright, M. A. Foy, Henry Moody, Bud Murphy, and Leon Russell.

Robert Bruces Are Hosts

Mr. and Mrs. Robert Bruce were hosts to their contract club on Thursday evening of last week in

their home on Broadway.

Beautiful fall roses gave floral beauty to rooms where tables were prettily appointed for the dessert course served with coffee preceding games in which Mr. and Mrs. George Kirk received the trophy for high couple score.

Others included were: Dr. and Mrs. Charles Bailey, Dr. and Mrs. C. W. Cheatham, Messrs. and Mmes. Ross Murchison, Arthur Giesecke, Alex McGregor, Claude Collins, Jr., Jack Rudd and W. B. Woody.

Mrs. Joe Eubank Hostess in New Home

Mrs. Joe Eubank was hostess to a contract club last Thursday afternoon in her pretty new home on Seventh Street.

The Halloween colors and symbols were given exclusive emphasis in all details. Yellow cosmos decorated attractive rooms and a fruit salad was served in orange cups cut as jack-o'-lanterns, with sandwiches and coffee.

Mrs. Joe Beck, Jr., and Mrs. Otis Jacob received high club and high guest score awards and Mrs. James Parrish the bingo trophy. Others were: Mmes. W. B. May, R. J. Hawk, G. A. Swann, O. L. Huddleston, P. A. Nixon, Theo Bell, and Miss Elsie Motley of Junction.

Peggy McGregor is Honoree

Peggy McGregor was guest of honor on her twelfth birthday anniversary, last Saturday evening, when Mrs. George Kirk included close friends who are members of the T. B. Q. Club.

After games, the pretty three-tiered birthday cake was cut and served with hot chocolate and Halloween candies. Favors were

also suggestive of the Halloween season.

Mrs. Kirk was assisted by Mmes. Malcolm McGregor, R. G. Parks and W. W. Fowler. Natalind Williams was welcomed as a new member. Others were: Betty Lovelace, Dorothy Bruce, Virginia Bell, Mary Ellen and Patricia Patrick and Gwen Morgan.

Other society items on page six

Mrs. Porter Hamby was brought home Tuesday from a San Angelo hospital, where she had been since sustaining serious injuries in an automobile accident last week. Other victims of the crash have now been dismissed from hospitals and are recovering.

Cook: "Did the company say anything about the cooking?"
Maid: "No, but I noticed the praying before they started eating."

Wilmeth, C. A. Parker, R. A. Terry, W. C. Hascha, T. S. Chick, F. E. Mason, W. J. Scott, E. B. Weeks, B. P. Browder, W. C. McCarver, L. H. Hamilton, and Mrs. L. H. Hamilton, and the heirs and legal representatives of the following named deceased persons, to-wit: E. Boykin, J. M. Williams, Tom Boykin, Mrs. L. Boykin, Belle Jones, I. H. Ferguson, Lillian Boykin, L. Boykin, J. H. Glenn, W. C. Haynes, Marie Webb, J. B. Chilcoat, J. Pechacek, W. F. Borders, J. T. Rinehart, A. C. Williamson, Jack Godwin, J. Monroe, B. Williams, W. B. Williams, G. F. Dyer, Bert Williams, Mrs. M. J. Murray, T. E. Witches, J. J. Prentice, A. D. Murphy, Elva Scott, O. B. Hoover, C. R. Parker, J. T. Baker, M. C. Mosley, J. Reese, R. N. Everitts, J. Wilmeth, C. A. Parker, R. A. Terry, W. C. Hascha, T. S. Chick, F. E. Mason, W. J. Scott, E. B. Weeks, B. P. Browder, W. C. McCarver, L. H. Hamilton, and Mrs. L. H. Hamilton, and represents to the Court:

1. That plaintiff resides in Tom Green County, Texas, and that the residence of the defendants and each of them and the names of the heirs of the deceased persons hereinabove named, are unknown to plaintiff and for cause of action plaintiff further represents and shows to the Court:

2. That heretofore, to-wit: on the 1st day of October, 1939, plaintiff was the owner of and in possession of the following lands and premises situated in Runnels County, Texas, and entitled to possession of the same, to-wit:

Being all of Blocks Nos. 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, and 18, of Boykin's Third Addition (which includes Block 1 and 2 of Borders Subdivision of Blocks 3, 4 and 5 and Blocks 13 and 14 of Boykin's Third Addition) to the town of Miles, Runnels County, Texas, said addition being created out of 19½ acres out of the north half of W. C. Ry. Co. Survey No. 135, Abstract No. 535, the map or plat of said addition being recorded in Vol. 31, page 640 of the Deed Records of Runnels County, Texas, to which record reference is here made for all purposes.

3. That afterwards and on the 1st day of October, 1939, and while plaintiff was in possession of said land and premises and entitled to possession thereof, the defendants unlawfully entered in and upon said premises and unlawfully dispossessed plaintiff therefrom to plaintiff's damage in the sum of Two Thousand (\$2,000.00) Dollars.

4. That in addition to his title aforesaid in fee simple, plaintiff is the owner of the said land and premises under the ten years statute of limitations in this that plaintiff and those under whom he claims have had peaceable and adverse possession of said land and premises, cultivating, using and enjoying the same for more than ten years next before the institution of this suit, and before the 1st day of October, 1939, and plaintiff here pleads said ten years statute of limitations as further basis of his title to said lands.

WHEREFORE, premises considered, plaintiff prays the Court that the defendants be cited to appear and answer this petition, and that upon hearing hereof, plaintiff have judgment for the title and possession of said lands and premises, and that he have his writ of possession for the same, and for such other and further relief, general and special, as plaintiff may be entitled to in law and in equity.

ROY L. HILL
E. M. CRITZ
Attorneys for Plaintiff.

J. W. Evans, plaintiff in the foregoing cause being duly sworn says that the residence of the defendants named in the foregoing petition and the residence of each of them and the names and residence of the heirs of the deceased persons mentioned in the foregoing petition and of each of them are unknown to the plaintiff.

WHEREFORE, plaintiff prays for the issuance of citation for publication on said defendants.

J. W. EVANS,
SWORN TO AND SUBSCRIBED,
Before me the undersigned authority by J. W. Evans, this 9th day of October, 1939.

That Was No Bearded Lady, It Was—

"Miss Frances Murphy," above, "bearded lady" at the New York fair, charged a gentleman named John Durkin tried to kiss "her" in a Manhattan subway. In felony court it turned out "Miss Frances Murphy" was really a man. Here "she" is shown in the police van, after being charged with perjury.

Whether the cutting of large trees is detrimental to the squirrel by regional game biologists who crop of Texas will be determined have started a squirrel and squirrel nest count in Robinson and Leon counties, where considerable logging is being started.

The total squirrel population of these counties will be determined before a large amount of timber is taken and another count will be made when the woods have been considerably thinned by the felling of large trees to be made into ties, crates and boxes.

It is not definitely known whether the cutting is detrimental or is an aid. It is possible that the thinning of timber will increase the available food supply for the little "nut-eaters," or again it may be that too many suitable nesting sites are removed and the squirrel population will be hard hit.

When a train conductor stops his string of freight cars almost daily and uses the hoboes riding the train to sweep out grain so that wild turkeys may be fed, the game department feels that it is getting cooperation of the highest caliber. That is exactly what is happening in Archer county. The state game warden at Wichita Falls recently noticed the train halted near a river and dust flying out of the doors of several cars. Upon investigation he found that the conductor had about half a dozen hoboes sweeping out grain from grain cars to feed a bunch of wild turkeys that use that area. Questioned, the conductor said that he had heard the warden's plea, last winter when snow was on the ground about feeding wildlife and he decided that every time he had any empty grain cars on his train he would make use of the bums riding by having them sweep out the cars at a place where he knew turkeys were ranging.

There are approximately 40 turkeys in this bunch which are being fed in such an unusual way.

Several ring-necked pheasants released in Colorado county last year have nested and brought on 41 young birds, it is reported to the game department. It appears Colorado county may be one of the few places in Texas where pheasants will survive.

The state game department has issued a warning to hunters that erroneous information concerning the bag limits on ducks and geese has been printed on the back of the state hunting licenses. Between November 15 and December 29, the season on ducks and geese in Texas, sportsmen will be allowed 10 ducks in one day or 20 in possession. They will also be allowed 4 geese a day or 8 in possession. However, canvasbacks, redheads, buffheads and ruddy ducks have special limits. Only 3 of any of these kinds or an aggregate of 3 of them may be taken in one day and 6 is the possession limit.

Nineteen restoration areas have been set up by the state game department in the last three months for the purpose of increasing the quail, duck, beaver, and muskrat population in Texas, it is reported by the director of wildlife restoration. Funds obtained under the Pittman-Roberston act are being used. Projects which will be introduced soon include deer, turkey, geese and antelope restoration.

Persons bothered with bats inhabiting attics, barns or sheds can get rid of them by lighting the places these eerie little animals inhabit, it has been found by game managers of the state game department.

**F. H. A. ORGANIZED
IN NORTON SCHOOL**

The home economics girls of the Norton high school have organized a Future Homemakers' club, electing the following officers: president, Nora Gene Taylor; vice-president, Joyce Roper; secretary, Ada Patton; treasurer, Louelle Williams; reporter, Imogene Taylor; parliamentarian, Doris Stuckey; song leader, Deanie Martin; pianist, Imogene Fagan. Mrs. Neva VanZandt, home making instructor, will sponsor the club.

For their first project, the members are planning the beautification of the grounds of their new home making cottage.

It was probably a home-making girl, instead of a thief, who took your chickens last week, because the Norton Future Home-makers have been conducting a "hen party" as a means of making money to help furnish their new cottage. Eighty-five families contributed to the drive.

The club voted to buy Venetian blinds and draperies for the living-dining room. It has not been decided how the remainder of the money will be used.

Full Measure
Speeding Motorist: "But officer, I was in a hurry to keep an appointment with my lawyer."
Traffic Officer: "Here's a ticket so you'll have something else to talk over with him just to make sure you get your money's worth."

**Rotary Club Hears
New Game Warden;
Wildlife is Theme**

John R. Wood, of Brownwood, deputy game warden for this area, was the principal speaker at the Ballinger Rotary Club meeting Tuesday noon. In the redistricting of the state, Runnels county was put in a new district of which Mr. Wood is warden.

The visitor discussed wildlife in Texas and particularly in this section, comparing it with that of other states. He also referred to the breeding and care of quail for this district where an effort is being made to restock the range.

At the conclusion of the talk members were permitted to ask questions about his work.

E. E. King was appointed by the president to serve as a representative of the club with a Board of Community Development committee to pass on advertising, schemes and other activities of solicitors.

The program committee stressed the importance of attendance of all members and their families at "ladies' night" on October 31, at which time a Halloween party will be held.

"A business genius is a man who knows the difference between being let in on a deal and taken in on one."

Wildlife Briefs

That heretofore, to-wit: on the 1st day of October, 1939, plaintiff was the owner of and in possession of the following lands and premises situated in Runnels County, Texas, and entitled to possession of the same, to-wit:

Being all of Blocks Nos. 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, and 18, of Boykin's Third Addition (which includes Block 1 and 2 of Borders Subdivision of Blocks 3, 4 and 5 and Blocks 13 and 14 of Boykin's Third Addition) to the town of Miles, Runnels County, Texas, said addition being created out of 19½ acres out of the north half of W. C. Ry. Co. Survey No. 135, Abstract No. 535, the map or plat of said addition being recorded in Vol. 31, page 640 of the Deed Records of Runnels County, Texas, to which record reference is here made for all purposes.

3. That afterwards and on the 1st day of October, 1939, and while plaintiff was in possession of said land and premises and entitled to possession thereof, the defendants unlawfully entered in and upon said premises and unlawfully dispossessed plaintiff therefrom to plaintiff's damage in the sum of Two Thousand (\$2,000.00) Dollars.

Ralph Seidel and Miss Agnes Tolbert of Yoakum Married October 18

The marriage of Miss Agnes (Polly) Tolbert, daughter of Mr. and Mrs. J. A. Tolbert, to Mr. Ralph Seidel, son of Mrs. J. A. Seidel of Rowena, was solemnized Tuesday morning, October 18, at St. Joseph's Church in Yoakum with Rev. H. V. Hug as celebrant.

To the strains of the wedding march the bridal party entered the church. The bride wore a lovely model of white taffeta with short veil and carried a bouquet of huge yellow feathery chrysanthemums. Miss Mildred Tolbert, sister of the bride, as maid of honor, was gowned in rose taffeta, carrying an arm bouquet of purple baby chrysanthemums with matching garland for head dress. Miss Dorothy Jacobs, bridesmaid, was attired in blue taffeta with which she carried an arm bouquet of pink baby chrysanthemums with matching garlands for hair dress. LeRoy Seidel, brother of the groom, acted as best man, and Arthur Tolbert, brother of the bride, was groomsmen.

The ceremony was followed by a wedding breakfast for the bridal party and the two immediate families at the home of the bride. The damask-laid table held as a centerpiece a three-tiered wedding cake, flanked on each side by tapers in crystal candle-labors, tied with bows of white mauline.

Mrs. Seidel is a graduate of the Yoakum High School and was formerly an employee of the Texas Tanning and Manufacturing Company of Yoakum.

Mr. Seidel is a 1931 graduate of the Ballinger High School and is co-owner of the Seidel Implement Company here.

Mr. and Mrs. Seidel left later for an extended wedding trip to Monterrey, Mexico. The bride chose for her going-away suit, a moss green wool basket weave with

brown fur trim and brown accessories. They will make home in Ballinger.

Two Share Honors on Birthday Anniversaries

David Simmons and little Miss Roxie Crockett were honored on their third birthday anniversaries Saturday afternoon with a picnic party at City Park with 34 little guests present.

A large two-tiered birthday cake of candied popcorn was decorated with pink icing, bearing three candies for each honoree.

The honored guests' mothers, Mrs. Earl Crockett and Mrs. Claude Simmons, were assisted by Mrs. Tom Crockett and Miss Nina Crockett in serving ice cream tube, decorated Halloween cookies and slices of the birthday cake with Halloween caps and whistles for favors.

Guests were: Shirley Thompson, Nancy Ruth Thompson, Ann Calk, Lewis Calk, Shirley Fletcher, C. B. Fletcher, Ellen Louise Sheibourne, Don Simmons, Curtis Fletcher, Bobbie Ransberger, Peggy Ann Hays, Fred Wilson McShan, James Fry, Bobbie Fry, Betty Ann Fry, Dan Dankworth, Wilma Jean Dankworth, Lester Hobensner, Elaine Lange, Edna Lange, Andrew Lange, Carolyn Bigby, Glenn Hoeischer, Pauline Mueller, Peggy Jo Dierschke, Bernice Lange, Model Lange, Jean Mapes, Monroe Hoeischer.

Ralph James Erwin returned this week from Tyler Commercial College, where he has completed preparatory work for entering the R. C. A. school in New York city. In about four weeks Mr. Erwin will go to New York to study radio for two years.

Mrs. L. R. Tigner and Miss Dorothy Lynn returned Tuesday from Dallas, where they visited relatives and friends.

Danger Zones in Possible Air Conquest

Here's how German, French and British bombing planes would go about their errands of destruction, endangering the life of every civilian living in that territory within one of the enemy bombing "circles." From Wilhelmshaven, No. 1, and Mannheim, No. 2, would go German bombers to raid Paris, London and other cities. In retaliation, French fliers would start out from Metz, No. 3, and other bases behind the Maginot line, and British airmen would set out from Harwich, No. 4, on their egg-laying expeditions.

HOSPITAL NOTES

Mrs. A. E. Fuller, of Talpa, is a medical patient at the Halley & Love Sanitarium. She is reported today to be improving nicely.

Mrs. H. L. Barnhart is improving at the local sanitarium, where she has been the past several days for treatment.

Dorrio Rodriguez is in the hospital for medical treatment and today was resting fairly well but her general condition remained unchanged.

Sam Rolator is recovering from an appendectomy performed the first part of the week. J. Winans was dismissed from

the hospital Tuesday after receiving treatment several days.

A. L. Crager was dismissed the first part of the week from the hospital after receiving treatment for more than a week.

Rev. E. D. Landreth received X-ray treatment at the hospital this morning and was later removed to his home on Tenth Street. He is suffering from a leg injury sustained three months ago. He will be confined to his bed several days.

Mr. and Mrs. Thomas B. Hill went to Waco Tuesday to attend the funeral of J. C. McBride, an uncle of Mr. Hill. They returned home Wednesday evening.

West Indies Island Attractions Cited By Ex-Ballingerite

Mrs. J. V. Richardson, daughter of Mr. and Mrs. Arthur Dooze, is here from Aruba, West Indies, for a visit with her family. She was accompanied home by a cousin, Mrs. R. H. Bagley, who is visiting relatives here and in other sections.

Mrs. Richardson went to Aruba two years ago to accept a position with the Standard Oil Company. She was married last January and this is her first visit home since she left for the islands.

The women were ten days en route to the United States and experienced some delay because of war conditions, passports and other precautions that are not usually taken. There was nothing unusual on the voyage.

The island of Aruba is owned by the Netherlands and the Standard Oil Company has one of the largest refineries in the world there. All employees live in what is called "The Camp" and have modern homes, schools, churches and all conveniences that are available in the United States. There are about 2,500 whites on the island, some Dutch and a large number of natives who are very dark. The island is about 5 miles wide and 18 miles long. The climate the year round ranges from 80 to 90 degrees, cool nights

and a six weeks' rainy season beginning about November 1.

The company has spent large sums to provide sports and entertainment for their employees. Sail boating, swimming, golf, tennis, baseball and other games are enjoyed the year round.

All food used in "The Camp" is shipped from the United States, even the drinking water being received from New Jersey. A commissary for the employees, where practically anything, including the latest newspapers and magazines can be purchased, is operated in the camp. A weekly newspaper is published in the camp, the plant being owned by the company. Fast U. S. boats operate on a four-day schedule from New York to the island and airmail is available regularly.

All buildings in the camp are of stucco. This is used because of the trade winds and to prevent fires. At present there is a large office building being built, the walls of which will be glass brick. The company maintains a modern hospital with a full staff of doctors, surgeons and nurses.

Protestant churches on the island are small but the Catholic cathedrals are large and have fine schools in connection. In the camp there is one church which all employees attend. It is non-denominational.

Five Dutch holidays are observed during the year, the most important being Queen Wilhelmina's birthday. This year the queen requested that no observance be held on account of the European war. The Americans hold small

celebrations on the main U. S. national holidays, especially Christmas.

There is not much war talk on the islands and those living there feel safer than if they lived in America, Mrs. Richardson said. On the mainland, she declared, war was on the lips of everyone.

Mrs. Richardson likes the life on the islands and will embark from New York for home about November 15.

BLANTON WORKERS' CLUB

The Blanton Workers' Club met Tuesday in the home of Mrs. J. P. Boothe with twenty members and four visitors present. Visitors were Mmes. Austin Williams, of Hagan; P. P. Holton and Troy Reese, of Ballinger; and Frank Smith, of Runnels.

A buffet luncheon was served at the noon hour by the hostess assisted by Miss Imogene Boothe.

One quilt was finished and quilt piecing was done for the hostess.

Following the business session, pal gifts were exchanged.

The next meeting will be in the home of Mrs. J. L. Cooper Tuesday, October 24.

Misses Faye Clark, Grifflie Atkins and Edna Mae Lowry will be dinner guests tonight in the home of Miss Pearl Currie, of Paint Rock.

Mr. and Mrs. J. H. Endacott and family were called to Cisco this week to attend the funeral of Mr. Endacott's father.

The model illustrated is the Buick Buick model 51 four-door touring sedan \$1199 delivered at Flint, Mich.*

We even "PEEN" the Springs!

ONE little thing will illustrate the unsparring care we're spending to make this 1940 Buick the best car we've ever built. Take the springs—not simply the great soft-action spirals that cushion the car, but even the valve springs. After they're shaped and tempered and finished there's likely to be here and there a tiny scratch on the surface of the steel. Such a scratch conceivably might start a fracture. So we shot-blast our springs—to heal such tiny scratches, "peening" the surface in miniature like hammered silver. All through this massive, powerful, beautiful car you'll find special precaution like that. For example, we used to balance by weight all sets of parts in our tornadic Dynaflex straight-eight engine, to cancel out even a hint of "rough." We do that still, but now we do more. On special machines we electrically balance this great engine to micropositioned perfection after assembly, paring metal if need be to smooth its velocity to velvet. Seat angles, pedal positions, shock absorber travel-arc, brake areas, control tensions—every detail comes under special study. When the experimental models had done their stuff on the General Motors proving ground, we turned 'em over to sharpshooters to punish, over thousands of miles of bad roads and good. Out of it all comes an automobile we're mighty proud to offer—an unbeatable travelmate you will be thrilled to own. Come drive it—see how excitingly close steel and rubber and glass can come to being alive!

Not a six but an EIGHT for \$895 and up delivered at Flint, Mich.*

Senator VanZandt To Explain Cuts In School Budgets

County Superintendent E. C. Grindstaff received an announcement this week of a meeting at Coleman on Saturday morning, October 28, at which State Senator Orlan R. VanZandt, chairman of the legislative committee on school budgets, will speak.

All trustees and principals of state aid schools in this county are urged to attend this meeting and others interested are invited. Senator VanZandt will explain the recent reductions in proposed school budgets and give the reasons for these slashes.

This is the first year for the legislative committee on budgets, which has the final authority in approving. Reductions in certain items have been ordered in an effort to save enough money to pay the approved items in full.

In Runnels county the reductions will amount to about \$4,000 but if the remainder of the budget is paid off 100 per cent much more will be added to the amount of money state aid schools will receive. Last year only 78 per cent of the budget was paid.

Reductions that will affect Runnels county schools include the following: Last year \$50 per teacher

was allowed for fuel in state aid schools; while this year the allowance will be \$25 per teacher for fuel, lights and water. Heretofore there has been an allowance of \$75 per teacher for furniture, repairs and equipment. This year it will be \$70 per teacher for the three items and the janitor costs must also be included.

All state aid schools in the common districts and two independent districts of the county will be affected, Mr. Grindstaff said.

Misses Frances and Ruth Smith, students of Abilene Christian College, spent the past week-end in the home of their parents, Mr. and Mrs. Ross Smith. They had as their guests, Misses Emma Sue Guthrie, of Rock Springs, and Louise Arceneaux, of Dallas, who are also A. C. C. students.

County Judge Paul Trimmer transacted business at San Angelo this morning.

Large numbers in game animals and wild ducks are using ponds and reservoirs constructed in the drier areas of the range country of West Texas by farmers and ranchmen participating in the agricultural conservation program.

Tenants, including share-croppers, operated 42 per cent of all the farms in the nation in 1935 as compared with 25 per cent in 1880.

PAINT NOW!
 NEW LOW PRICE ON
SHERWIN-WILLIAMS FAMOUS
SWP HOUSE PAINT

\$2.89
 PER GALLON
 (in 5 Gallon Pails)

Here's GOOD NEWS

for Home Owners! Now you can have your house painted with America's leading house paint, SWP, at a price per gallon which compares with that of ordinary house paint. There has been no change in quality or formula. SWP at former prices was the most economical buy. At the new price, it offers a BIG PLUS. Take advantage of this saving now. Get in touch with a reliable painting contractor (or we'll recommend one if you wish) . . . ask him for an estimate of the new cost of painting your house with SWP.

PAINT NOW

Pay Monthly! Now there's no need for you to delay painting your home . . . putting up with shabbiness . . . risking decay, expensive repairs . . . for lack of ready cash.

Under the Sherwin-Williams Budget Payment Plan you can paint right now—and pay for the job on time. No down payment. 12 to 18 months to pay. Includes both paint and labor. Ask us for details and free cost estimates. No obligation.

AT SHERWIN-WILLIAMS PAINT HEADQUARTERS

Bethel Methodists To Dedicate Church Sunday, November 5

Plans are being perfected for the dedication of the Methodist church at Bethel on Sunday, November 5. Dr. J. W. Williams, presiding elder of the Brownwood district, will preach the dedicatory sermon at the 11 o'clock hour and all former pastors of the church have been invited as special guests for the day. Several of these have already notified the committee that they will be present.

Following the service Sunday morning a basket dinner will be served at noon and a program will be held as soon as dinner is finished. Former pastors and laymen will be called on for talks.

The church was finished and the first service held on July 2. The pastor, Rev. Hybert Crain, of Norton, began the building early in the year and he and members of the church did all the construction. When the first service was held only \$60 was owed on the structure and those attending that service made up the deficit. The stone building is modern in every particular with ample room for a large congregation and has convenient Sunday school facilities.

The members extend an invitation to their friends to meet with them on this occasion and take part in the service.

This will be the last Sunday before the Central Texas conference and the Bethel church is expected to have one of the best reports in this section as the new building is free of debt and all other accounts are paid in full for the year.

Mr. and Mrs. Tom Gaby, of the Blanton community left October 7 for East Texas and will make their home at Frisco. Mr. Gaby has been in a Dallas hospital since October 9 but is doing nicely and hopes to be able to go to his home soon.

Mrs. T. P. Brown returned Tuesday from Abilene, where she visited Mrs. R. E. Brown.

Mr. and Mrs. A. B. Legate and Ross Smith attended a district rural carriers' meeting at Brady last Friday night.

Get your Mimeograph supplies from the Ballinger Printing Co.

Ballinger Men Sell First Blocking Board To Crane High School

The Crane high school is the first school in the United States to place an order for a football blocking recorder invented by Coach Felton T. Wright of Ballinger, and at present being sold by a local company. Claude Collins, Jr., and Pete McKenzie announced the sale of a blocking board to the Crane school board today and will leave here this week-end to install the board and have it in operation by Friday night, October 27, when Crane and Pecos meet in a conference tilt.

The board to be delivered at Crane this week-end is precisely like the one in use at Bearcat Field but will be erected in the end zone instead of on the side line. Operators will be seated in a booth on the 50-yard line. The end zone was selected because many customers are seated on each side of the Crane field and so all will have full vision of the board.

The Ballinger men in charge of sales stated today that a number of West Texas schools are now interested in installing Wright boards and that other orders are anticipated before the end of the season.

Mr. and Mrs. Sam A. Runkles, of San Angelo, spent Sunday here, visiting Mrs. Runkle's parents, Mr. and Mrs. W. W. Chastain.

Prelate Succumbs

George Cardinal Mundelein, head of the Roman Catholic archdiocese of Chicago, strenuous foe of Hitlerism and the only cardinal ever appointed in this country west of the Atlantic seaboard, passed in Chicago shortly before his recent death.

Double Service "Table-Top" PERFECTION

Now, no matter where you live, you can have a range that is unexcelled, both in beauty and in performance, and one which will give a lifetime of pleasing, economical, safe service—this fine new Perfection—the easiest-to-use "table-top" oil range.

Oven burners slide out for easy lighting and can be used [with a folding stove frame, supplied at small extra cost] as a separate 2-burner stove, for laundry, canning, etc. Separate oil reservoirs for cooking top and oven burners, both easily lifted out from front, make filling necessary only about one-third as often as with most stoves.

And, here is the most important point of all—this range has five of those marvelous High-Power Perfection burners, noted for their speed, cleanliness and instant adjustability for any degree of heat you may desire.

Built to last a lifetime, finished in durable porcelain enamel, pure white with black trim. Can be had with or without cooking-top cover, lamp, timer and condiment set shown here.

Convenient terms. Trade in your old stove.

San Antonio Group Makes Visit Here

A group of San Antonio business and professional men arrived in Ballinger Wednesday afternoon and spent an hour here, visiting local business houses. They were on a two-day excursion through this section of West Texas in the interest of better business relations with manufacturers and wholesalers of the Alamo City.

The delegation was met at Talpa by several cars filled with Ballinger business men and escorted here. The visitors were taken to the City Cafe, where doughnuts and coffee were served free to everyone and a brief program followed. Mayor C. P. Shepherd welcomed the trippers in behalf of the city and the Ballinger Board of Community Development.

From here the San Antonians left for Rowena, Miles and San Angelo, spending the night at the latter place, and left this morning on their return trip via Menard, Junction and other towns in the Hill Country.

Howell Jones, of the San Antonio Chamber of Commerce, was in charge of the trip, and S. P. Etheredge, of San Antonio Express, was in charge of publicity.

Iron Lung Baby

Medical history was made in Chicago when 22-year-old Mrs. Gertrude Epstein, infantile paralysis victim, successfully gave birth to a six and one-half pound baby while encased in an iron lung. The mother died the day after the operation.

Regular services were held at the Methodist church Sunday.

Fire, supposedly caused by spontaneous combustion, destroyed W. H. Schwartz's barn Friday night. Six hogs, a trailer of cotton, a feed grinder, harness, saddle, and a great lot of feed were completely destroyed. A cow was badly burned. The loss was estimated at \$1,500.

We are glad to report Sid Dietz is convalescing nicely from a recent operation. He has been removed from the hospital to the home of a friend in Winters. He is expected home soon.

J. G. Phipps and Mr. and Mrs. J. B. Walden visited the latter's sister, Mrs. Herman Burnett, of Erath county, the previous week.

Mr. and Mrs. E. L. King, of Talpa, called on Mr. and Mrs. W. T. Gassiot Sunday afternoon. Mr. and Mrs. Bob Fought, of Eldorado, announce the arrival of a baby girl. Mrs. Fought is remembered here as Miss Susie Damron. Mr. and Mrs. Chester McBeth and Sybil spent Sunday in Sweetwater with the former's brother, Lloyd McBeth, and family.

Relatives received an announcement that a baby girl had been born to Mr. and Mrs. Aubrey Morrison, of Odessa. She was given the name Marcia Leslie.

Mr. and Mrs. Lawrence Damron have moved to Eldorado. Mr. and Mrs. Roy Lee have moved to Crews and Mr. and Mrs. Berry Matthews have moved on the L. A. Faubion farm vacated by the Lees.

Mr. and Mrs. Thea Lucas have moved back into our community, to the place where Dewey Blackmon formerly lived.

Mr. and Mrs. W. A. Nance and family and Mr. and Mrs. Sam Malone, Jr., went to Odessa Tuesday to attend the wedding of W. A. Nance, Jr., and Miss Juanita Harper. Mrs. Homer Carsey and small son, of Rusk, returned to Ballinger with them.

HAS YOUR ADDRESS CHANGED RECENTLY?

Ledger subscribers are requested to notify the publisher of any change in their addresses promptly. Under the new postal laws newspapers and periodicals must pay postage due for notices of any change in addresses furnished by the postoffice. Besides, there always is the probability that your paper will be delayed or fail to reach you altogether if you do not give immediate notification when you move. The best plan for all concerned is to send the change of address in advance.

Many Ballinger children received valuable information on fire prevention last week. The programs presented by local firemen to pupils in the lower grades were enthusiastically received and each demonstration had a good lesson in it that will make the kiddies look for hazards about their homes and cause them to call attention to many of the practices that lead to fires. Firemen asserted that it was a pity that adults could not be taught to prevent fires as well as children. The one habit of putting pennies behind blown fuses, a common practice, they said was very dangerous.

It is a short time until the national census is due. Every ten years the federal census bureau takes a count of the people and next year is the time for the next one to be made. This work should get the cooperation of every civic group in Ballinger to see that the final enumeration of the county and every community in it is accurate. The 1940 census should give Ballinger the largest population since its founding in 1889. Practically every house in the city is occupied and practically all apartments are filled.

Two important holidays are coming up and local firms must decide shortly about their observance. November 23 was suggested for Thanksgiving by the president but this brought forth much opposition. Recently it has been announced that November 30 would be observed for the holiday in many towns in the South. Ballinger pastors will join in a union Thanksgiving service on November 30 and school officials announce holidays on November 30 and December 1. November 30 is also the date of the Texas State Teachers' Association convention at San Antonio. The other observance in question is Armistice Day, which falls on Saturday this year. Many business men, including most veterans of the World War, have expressed the desire to observe the date on Saturday or not at all.

SIX COUNTIES QUARANTINED

COLLEGE STATION, Oct. 18.—Six Texas counties have been added to the quarantined area in Texas because of recent discovery of pink bollworm infestations in Oklahoma by the United States department of agriculture. This section, most of which lies along the Mexican border, has been enlarged to include Dural, Jim Hogg, La Salle, Maverick, Zapata and Webb counties. Oklahoma from the quarantined area must now be certified under the regulations.

Torpedo Boat: Britain's Answer to German Subs

Here's one of Great Britain's powerful new torpedo boats which can launch a projectile straight ahead while traveling at top speed. Arrow points to one of the torpedo tubes mounted on deck. The British count on these boats to combat the German submarine. A large fleet of these boats has been placed in service in the North sea and they are usually attached to destroyer squadrons.

WEST TEXAS NOTES

Material arrived at Albany last week and was transported to Fort Griffin, where construction is to start on a CCC camp. Captain Thomas Martin received the material and a crew of fifty men has been employed to construct the buildings. Thirty CCC boys arrived from Brownwood last week to open the camp and will be assigned to building the camp.

The Melvin Parent-Teacher Association will sponsor a Halloween carnival in the school building on October 30. The carnival, an annual affair, attracts large audiences and provides entertainment for youngsters who usually crowd around on "all spooks" night. The Melvin P.-T. A. is very active and has been aiding in solving school problems.

A proposition for acquiring a city auditorium was presented to Brady business men in a mass meeting last week. Property was offered for sale that could be converted into a suitable building at moderate cost. The finished auditorium would have a seating capacity of 900 and would be equipped for any public gathering.

A tornado struck the Fort Stockton section last week and did considerable property damage but no loss of life is reported. Several farm homes and outbuildings were blown down in rural sections. Following the windstorm a number of communities in the area were visited by heavy hail.

The Miles F. F. A. dairy judging team left last week for Kansas City to attend the national F. F. A. convention to be held in connection with the national livestock show. The team scored first at College Station last summer, winning the right to represent Texas in the international judging contest.

The Midwest Exposition which opened at Sweetwater this week is featuring an automobile show with practically all the 1940 models on display. This is the first time this feature has been included in the attractions. All buildings are crowded for exhibit space and the program is attracting many visitors. The Light Crust Doughboys are another highspot of the exposition.

Erath county rural electrification administration officials received word last week that they had been granted an additional appropriation of \$93,000 to be used in another extension of lines in the county. The new extension will make 335 miles in Erath county, built at a cost of \$282,000. Nearly 750 customers are receiving electric service on the lines.

Bank deposits at Menard made a decided increase the past several months. This was reflected in the statement called for on October 2. The two Menard banks had a net gain of \$90,000 over the total on June 30. Sale of livestock, wool and mohair contributed to the increase.

The Junction American Legion post is making preparations for the 21st district convention to be held on October 21 and 22. The affair will open at 10:30 a. m. Saturday, October 21, and continue through the afternoon, evening and the next day. Special entertainment is being provided for the Legionnaires and their wives and large attendance is expected.

Eastland county went "dry"

October 7 in a countywide election called to determine the legal sale of beer. The vote as tabulated unofficially was 1,477 for the "drys" and 1,267 for those favoring sale of the beverage. Places selling beer in the county have been given until November 12 in which to dispose of their stocks.

The West Texas Cottonoil Co. mill at Winters began operations last week and the management said the plant would have about four or five weeks' run. The mill employs 36 men during the season but the force will be reduced this fall due to the short cotton crop and the small amount of seed in the county.

School enrollment at Paint Rock reached a peak last week when 115 were reported in the elementary school and 87 in the high school. One-hour periods were instituted in the high school division this week which caused a change of schedule for most of the students.

Ranches in the Eden section were helped last week when a two-inch rain fell over a wide area. Stock raisers believe the range will be improved considerably before frost and this well cut winter feed bills. Many are planting small grain for pasturage.

The Brownwood ministerial association has announced that Thanksgiving will be observed on November 30 this year. Business men of the city waited for the preachers to take the initiative and civic groups are expected to adopt the same date for observance. Union services were planned by the pastors as the official observance.

Coleman county commissioners are considering the employment of an attorney to collect delinquent taxes. Property owners in arrears will be given opportunity to make settlement or satisfactory arrangements before suits are filed.

What is expected to be a good gasser was drilled in near Santa Anna last week. When seven feet in lime at 2,206 feet the well was making about 200,000 cubic feet of gas.

VALUE OF TREES AND GRASS ON TEXAS FARMS STRESSED

COLLEGE STATION, Oct. 18.—Economic value of trees and grass as well as the scenic advantages of nature has been recognized in the government's agricultural conservation program, according to Sadie Hatfield, specialist in landscape gardening for the A. & M. College extension service.

An opportunity to provide beauty, comfort and convenience for the rural home is offered by the conservation program which will make plantings and rearranging of trees, grass and cover crops as soil conservation agencies, she says. By this means the farm home may secure such landscaping materials as forest or post producing trees, grass, stones and fences.

"Never before have rural people had so much encouragement in making plantings and rearranging their homesteads," the specialist says. Some of the practices which entitle ranchmen to payment under the range part of the conservation program can also be used to improve the landscape and put beauty around the farm and ranch home, she adds.

The garden and orchard should be near the house and part of the landscape plan. Windbreaks, shade trees, screen plantings, woodlands or woodlots, poultry ranges, livestock pastures, recreational areas and wildlife production units should be arranged to improve the appearance as well as to increase the economic value of the homestead.

Farmers have until December 31 to carry out soil building practices under the current AAA program and qualify for soil building payments. Last year Texas operators failed by approximately \$2,913,000 to earn full allowances for these practices. Further information may be obtained from the offices of county home demonstration and county agricultural agents.

Hints for the Farm

Enough fruit trees and berry vines to make a row from Brownsville to Dalhart and halfway back were planted by Texas 4-H club girls during the past year, says Onah Jacks, state girls' club agent for the A. & M. College extension service, in checking on the girls' progress in club work.

During the same period, she comments, nearly 2,000 mattresses were added to 4-H club girls' homes through their work, interest, and influence. Half of this number was actually made by the club girls from home grown cotton.

At least 4,000 more girls are enrolled in 4-H club work this year than were last year, the agent points out. She adds: "Texas 4-H club girls have had more regular meetings than ever. Also the number of county groups, tours to see good demonstrations, rallies, exhibits and other public functions where they shared information, have increased this year."

Miss Jacks says 4-H club girls increased interest in country life is attested by the fact that they are remaining in club work longer now, and by the increasing enrollment during the past two years despite the fact that contests and competitive work have been discontinued.

"The fact is now," she points out, "every girl who does 4-H club work does it for the natural benefit that it brings—not because she hopes for a prize or an extra honor."

COTTON IN THE KITCHEN

COLLEGE STATION, Oct. 18.—Cotton reigns supreme among the kitchen textiles because it is easy to launder, durable, inexpensive, and especially because it is cool, says Mrs. Dora R. Barnes, specialist in clothing for the A. & M. College extension service. This cotton is satisfactory in that respect is shown by the trim cotton uniforms that have been adopted almost universally by dietitians, cooks, waitresses and others who spend the working hours in or about a home or an institution kitchen, where the temperature usually borders on the torrid.

Mr. A: "I bought a hat for my wife and had to run all the way home."

Mr. B: "What for?"

Mr. A: "I wanted to give it to her before the style changed."

Customer: "That coat is not a very good fit, Cohen."

Cohen: "Well, rot do you expect for five dollars? An attack of epilepsy?"

Bad Breath May Show You Need This Help!

Bad breath is sometimes due to bad teeth and often due to sluggish bowels.

It offends. And to neglect it may invite a host of constipation's other discomforts: headaches, biliousness, loss of appetite and energy. Don't let constipation slow you down. Take a little spicy, all vegetable BLACK-DRAUGHT tonight. In the morning there's an evacuation that's generally thorough. You feel fine again!

BLACK-DRAUGHT's principal ingredient is an "intestinal tonic-laxative." It helps impart tone to laxy bowel muscles. Millions of packages used yearly!

MILLIONS PAID TO TEXAS COTTON FARMERS IN '39

COLLEGE STATION, Oct. 18.—Texas cotton farmers, who are getting their 1939 price adjustment checks at an exceptionally fast clip, are reaping the fruits of simplicity.

B. F. Vance, assistant state administrator, said more than \$7,521,454 in 1939 cotton payments has been certified for payment in the last 3 weeks, and that most of the remaining 13 million dollars due of this series of checks in the state probably will be paid by the middle of October if the present rate of disbursement keeps up.

More than 12 million dollars has been paid out to date in the 1939 cotton price adjustment program. Main factor in the speedy service, Vance explained, is the use of an exceptionally simple application-for-payment form. It records what the farmer has done to qualify for payment.

As many as 8,500 of these forms have been audited and certified here in a single day, and rarely has an application spent more than 3 days in the state office before going to the disbursing agency in Dallas, Vance added.

"The accuracy which has characterized the work in county offices has been very helpful," Vance said. "And of course the simple application form would not have been possible had there been any fundamental changes in the farm program, from 1937 to 1939, as there had been from year to year during the program's previous history."

Doorman: "Here, sir, you can't take your dog in there."

Visitor: "That dog's not mine."

Doorman: "Not your dog? Why he's following you."

Visitor: "Well, so are you."

"A scientist tells us that by means of a specially constructed pendulum it is possible to see the earth turning around. The same result can be achieved by means of a cork-screw."

Bridegroom: "With all my worldly goods I thee endow."
His Father: "There goes his fountain pen."

CONSUMER-WISE

COLLEGE STATION, Oct. 18.—Limes and lemons that have a fine texture skin and are heavy for their size are generally of better quality than coarse-skinned, light-weight fruit. Nora Ellen Elliott, food preparation specialist for the A. & M. College extension service, also suggests that the shopper watch for decay in limes or lemons, which appears as a mold or a soft discolored spot at the stem end of the fruit.

MANY ACCIDENTS ON FARM

COLLEGE STATION, Oct. 18.—Accidental deaths are more frequent on the farm than elsewhere, according to accident studies of farms and other occupational groups made recently by the United States department of agriculture. According to M. R. Bentley, agricultural engineer for the A. & M. College extension service, factors conducive to farm accidents are the need for haste in rush seasons which often means working after dark or with makeshift repairs; and occasional attempts to use "home-made" electric wiring.

"My husband is so careless of his appearance. He just can't seem to keep buttons on his clothes."
"Are you sure it is carelessness? Perhaps they are—uh—not sewed on properly."
"You may be right, he is terribly careless about his sewing."

Football Contest Will Test Ability Of Ballinger Fans

Football fans are invited to try their luck at guessing the scores of games to be played in this section tomorrow (Friday) night. On the next page you will find a contest which has been proving popular among fans all over the nation. This page is sponsored by local merchants and for the best two guesses cash awards of \$5 and \$3 will be paid.

Take the full page ad and fill in your guesses on the scores of tomorrow's games, or if you desire, secure an entry blank at The Ledger office or from the advertisers on contest page.

The entry blank must be filed at The Ledger office not later than tomorrow (Friday) afternoon at 5 o'clock.

The tabulations will be made up Saturday and the first two announced as the winners.

There are no strings to this contest. It is free to anybody

Sport Slants

Supt. Nat Williams announced a change in time for the beginning of games the remainder of the season. Starting tomorrow (Friday) night the kick-off will be at 7:45 instead of 8 o'clock. Fans are urged to be on hand by that time.

The Bearcats will find some tough going against Cross Plains. The boys from the oil field town are big and have been showing plenty of power on offense so far this year. They scored three touchdowns against Santa Anna last Friday which was one better than the Bearcats could do.

The running and passing attack of the Brady Bulldogs at Coleman except employees of The Ledger and immediate members of their families.

last Friday threw a scare into the hearts of local football fans and now they are wondering if the Bearcats can stop the mighty Huff and Shaw. Fans who talk of these two players are overlooking nine other boys on the Brady team that play sixty minutes of every game. There is no doubt that the Bulldogs are a great team and nothing short of super playing will take care of this attack. The Bearcats go to Brady next week, October 27, to meet the Bulldogs.

Fans are again reminded of the request by school officials about being discourteous to officials working in games. They think the officials can see the game better from their positions than fans in the stands and as long as coaches, school officials and players are satisfied with decisions, that fans should be good sports and accept penalties without demonstration. Good sportsmanship has always been a characteristic of Ballinger and should continue to be.

The Ballinger junior high team lost a hard and close game to the Brownwood juniors Saturday

afternoon, 7 to 6. The local boys were fighting against a big weight handicap but played their heavier and more experienced opponents to a standstill and the extra point after touchdown was the deciding factor in that cost them the game.

The remainder of the schedule will be tough games. All the set-ups are over and from now on the team will have to win one game at a time. Home games include Cross Plains, Rising Star, Mozelle and Winters, with the team away from home at Brady and Coleman.

OPENING OF SCHOOLS BOOSTS RETAIL TRADE

AUSTIN, Oct. 18.—School days for Texas' 1,400,000 students—calling for new shoes, shirts, frocks and hats—boosted August and September sales of Texas department and apparel stores 22.9 per cent above July, University of Texas economists stated today.

One hundred stores and shops reported to the university bureau of business research that their August business more than doubled the usual 10 per cent seasonal increase from July to August.

Sales last month were almost 1 per cent ahead of those in August last year, and 1939 total sales for January to August were 0.9 per cent above those of the corresponding first eight months of 1938.

Miss Bitsie Lynn, who is attending Hardin-Simmons University, Abilene, spent the past week-end in the home of her parents, Mr. and Mrs. Harry Lynn.

Carbon paper for tracing embroidery patterns at Ledger office.

Cross Plains Team To Meet Bearcats Here Friday Night

After resting for a week the Ballinger Bearcats will meet the big Cross Plains team here tomorrow (Friday) night at 7:45. The Ballinger team defeated the Santa Anna Mountaineers 13 to 0 two weeks ago and last Friday the Cross Plains eleven beat the Mountaineers 21 to 7, which shows the two teams to be about equal strength.

Ballinger fans got their football at Coleman the past week-end when several hundred went there to watch the mighty Brady Bulldogs whip the Coleman Blue-cats by a score of 35 to 2. After that game Ballinger and Brady were the only two undefeated teams in the district.

Coaches "Pooch" Wright and "Buck" Gibbs expect all the Bearcats to be ready for action against the Cross Plains Buffaloes tomorrow night and will hurl the starters at the enemy with instructions to "open up" and show all plays in the game which precedes the Brady game on October 27.

Allison and Long, who were on the ailing list in the game with Santa Anna, are back on the job and will be ready to start Friday night. The boys have had two scrimmages since the last game, one against the San Angelo Bobcats, another against the Miles team. In both practice sessions they looked good and used a big assortment of running and pass plays.

The game with Cross Plains was first scheduled there but the athletic association paid more money and brought the game to Ballinger at the urging of local fans. The largest crowd of the season is expected and fans should be in their seats a little before 7:30 if they expect to see the band and pep squad entrances and the kick-off.

Heavy Attendance Expected at Hatchel For Singing Sunday

The annual fall convention of the Runnels County Singing Association will be held at Hatchel Sunday, October 22, and one of the biggest programs ever offered by the group is promised. All-day sessions are planned and many outstanding quartets and other singing combinations from over the state will participate in the program. Dinner will be served on the ground at noon by the Hatchel citizens.

There will be an important business session during the day at which a four-county association is to be formed, to comprise Runnels, Tom Green, Coke and Concho counties. Representatives of each of these counties will be present and all have signified interest in forming the organization in order to increase attendance at programs and interest in better singing over a wider area.

H. W. Bigler, secretary of the Runnels county association, has received word from Sweetwater, Abilene, San Angelo, Coleman, Brady and Fort Worth singers that they will attend the Hatchel meeting. Quartet numbers and other special music are to be offered.

The afternoon crowd at Hatchel is expected to be one of the largest ever to attend a sing-song in this county. The appearance of some of the famous male quartets of the state and the large number of singers who will make up the choruses will doubtless attract many.

The public is cordially invited to attend this program.

Gaston Bartlett, son of Mr. and Mrs. A. O. Bartlett, left Saturday for Mercedes, where he will be employed by the Western Union Telegraph Co. as a relief operator. He spent the past month at Brownwood taking special training.

HIGH SCHOOL WILL PUBLISH PAPER

A staff of writers, business managers and special reporters has been organized in the Ballinger high school to publish a school paper. The four-page publication will be mimeographed and distributed to all high school students.

Material is being turned in this week for the first issue, which will soon be out. The editorial staff is supervised by the English department and the mimeographing will be done in the business department.

Texas farm income rose from \$4,328,000 in 1932 to \$8,574,000,000 in 1937 and \$7,632,000,000 in 1938. At the same time, the number of farms purchasing electricity rose from 11,537 in 1932 to 31,205 in 1937.

To aid the peanut producers of Texas, the Southwestern Peanut Growers' Association will pay members \$63 per ton for Southwestern Spanish peanuts during 1939, diverting the surplus into oil and by-products. The AAA will make up the difference to the association between price paid producers and the oil millers' price.

Be wise—advertise.

Tired,—Run-down?

Make a "date" at any drug store with S.S.S. Entertain the "date" at every meal for a while. You will be happily surprised how soon you will begin to enjoy your food and begin to feel better. Check your condition to see it is not due to organic causes or a focal infection.

So frequently worry, overwork, loss of sleep and a lagging appetite help break down the vitality of the blood. Full directions and the S.S.S. Formula are on each bottle. Unfold millions have been benefited. If your case is not unusual you will notice an improvement at once. Why not make this the day to begin an S.S.S. course of treatment. No ethical druggist will offer a substitute for the time-tested scientifically appraised S.S.S.—a Tonic, a Stomachic and Appetizer.

Five Jury Venires Drawn For Fall Court Term Here

The fall term of 119th district court here will open Monday, November 13, for five weeks' sessions. Jury lists, including one venire for grand jury service and four for petit jury service, have been drawn and each man notified when to appear.

No petit jury venire has been summoned for the first week and all the work will be devoted to investigations by the grand jury and non-jury cases heard by Judge O. L. Parish. County Attorney Roy L. Hill will turn over a large number of cases to the grand jury which it is thought will keep the investigators busy the entire week.

There are a number of postponed cases on the docket and time for trial of each of these will be set at the opening of the term. Bills returned by the grand jury will be added to the regular docket for trial during criminal weeks.

Following are the lists of those selected for the jury venires:

Grand Jury

- E. E. Adams, Miles
- F. L. Bates, Novice
- I. G. Burson, Novice, route 1
- B. A. Lott, Miles
- Alex McGregor, Ballinger
- C. S. Brown, Lawn, route 1
- Roy L. Roper, Norton
- I. M. Turner, Ballinger
- C. R. Morrison, Wingate, route 2
- Henry Tepleck, Rowena
- George Seitz, Wingate

D. B. Dobbins, Winters, route 4
Owen Ingram, Winters, route 4
L. W. Henniger, Ballinger
Bert Fletcher, Maverick

Petit Jury, Second Week

- J. R. Willis, Goldsboro

Thanksgiving Query—'When Do We Eat?'

Divided response was accorded President Roosevelt's action in setting Thanksgiving a week ahead. Twenty-two states will celebrate on November 23, the new date; 24 will celebrate traditionally on November 30; Texas will have two Thanksgivings and Mississippi was undecided.

STORE IMPROVEMENTS ARE UNDERWAY HERE: NEW STORE TO OPEN

A number of improvements are underway in Ballinger which will help store appearances and generally improve the entire business district.

Remodeling of the Clements variety store is about completed and the management is preparing for the formal opening soon. The new front and show windows have been finished and this week a crew is installing new fixtures which will permit a much better display of merchandise and add attractiveness to the interior.

A new awning is being built for the Manhattan Cafe, in the Kiechle building on Hutchings Avenue. The old awning was removed and is being replaced by new material.

Fate Parker and Early Jones are getting ready to open a new hardware store. They have rented part of the W. B. Currie building on Seventh Street and are installing fixtures and showcases. As soon as the building is ready they will display a complete stock of hardware.

Several other downtown improvements are being considered but contracts have not been let to date.

McCARVER & LYNN BUYS MILES INSURANCE AGENCY

McCarver & Lynn announced this week the purchase of the Lewin Insurance Agency at Miles and will take over operation of the business at once. Operation will be continued under the name of Lewin Insurance Agency, McCarver & Lynn managers, and will look after all insurance business for the territory and policy holders of the former Miles firm.

Representatives of McCarver & Lynn will be in Miles most of the time to attend to any business that might arise.

A. H. Lewin, founder of the business at Miles, died recently and his wife has been operating the business.

The gas industry is one of the oldest public utilities in the United States.

TIPS ON TERMITES

COLLEGE STATION, Oct. 18.—Most effective way to keep termites out of the house is to insulate all wooden parts that would otherwise touch the earth by embedding them in concrete and providing metal shields where needed. Fortunately, adds M. R. Bentley, agricultural engineer for the A. & M. College extension service, but it will end termite trouble if properly done.

Able: "Nowadays everything is done by machinery."
Ikey: "Well, I dunno, talking is still done by hand."

Phone Company Announces Discounts End November 1

Household Illumination Unchanged in 25,000 Yrs.

The inventions of Aimee Argand and John Miles in the 1790s revolutionized the art of household illumination. For more than 25,000 years lamps in various forms had consisted of an open or partially closed reservoir for oil with a wick lying at the rim or in a protruding spout, writes Howard G. Hubbard in American Collector. They gave poor light, spilled oil abominably, and cast an annoying shadow on the side away from the flame.

All three of these fundamental faults were overcome almost at a stroke by the vertical wick and closed reservoir of Argand and Miles. There were left many problems of refinement and, as often happens with epochal inventions, at least one new problem was created. The earlier lamps, with flame near the fuel, could use either expensive oils or waste kitchen greases. The latter would not work in the new lamps, which utilized whale, sperm, fish and vegetable oils. Here, then, was the new problem: a lamp with the advantages of vertical wick and closed reservoir and the ability to burn inexpensive greases.

We have meager evidence that inventors on both sides of the Atlantic went to work on this problem almost at once. Perhaps the first to succeed was John Love of South Carolina. He took out a United States patent in 1798 for a "tallow lamp," but this bare title is the sum total of our present knowledge regarding it. Proof that a "lamp for burning lard" was invented in this country previous to 1810 is contained in a statement made by Thomas P. Jones, M. D., editor of the Journal of the Franklin Institute and, previous to that appointment, superintendent of the patent office.

To announce to the people that their bread was finished and ready for sale, 14th century bakers blew horns.

Telephone patrons in Ballinger received notice this week that effective November 1 all discounts on accounts would be discontinued. Bills rendered for service after that date will be net to the customer and the usual discount offered for payment by a certain date will not be given.

Heretofore there has been a 25 cent discount on residence phones and 50 cents on business phones. There will be change in the rates and the hike will amount to only the discounts heretofore granted for prompt payment.

R. P. Canady, district manager, in a letter to patrons stated: "Increased costs of operations beyond our control, occasioned by increased taxes of all forms, social security tax, the increased cost of all materials used in the conduct of business, and the necessity of reducing hours of work and of increasing wages to our employees, makes the discounting of discounts necessary."

The present telephone rate here has been in effect many years and in the letter it was stated that no other change was contemplated.

Company officials were in Ballinger last week and interviewed a number of patrons in regard to removing the discount.

Wimpus: "Have you noticed how reluctant the young men of today are to marry and settle down?"
Zimpir: "Yes, I believe you're right."
Wimpus: "They seem to fear marriage. Why before I was married I didn't know the meaning of fear."

Soil Conservation Payments Sign-Up To Commence Soon

The Runnels county AAA farm office is getting the paper work in shape to start the sign-up of applications for payment on the 1939 soil conservation work. Thos. B. Hill, office manager, stated that a few might be signed this weekend in order to give instruction to workers and within a short time a schedule of visits to communities will be announced.

It is planned to send workers to every community in the county meet farmers and take their signatures on the applications. This is done in order to save time for many who would otherwise have to come to the office in Ballinger for this purpose.

A check-up the first of this week revealed practically all subsidy payments made in this county. A total of 3,338 checks have been received on 2,166 contracts to date and all have been distributed to the farmers. Only 20 more contracts are to be paid on before this part of the work will be finished. Up to Monday a total of \$256,083.10 had been received by the local office.

All applications for payments on the 1939 subsidy have been sent in and the remaining 20 contracts are expected to be paid off soon. Conservation payments will start the latter part of the year and will complete the government payments due this year.

RUNNELS SCHOOL MEN ON STATE COMMITTEE

Two Runnels county school men have been named on the governor's committee to study ways of slashing the administrative cost of the education program in Texas. Gov. W. Lee O'Daniel announced the forming of the committee in his radio address last Sunday and this week 183 Texas educators were appointed on the committee.

Superintendent E. D. Stringer, of Winters, and County Superintendent E. C. Grindstaff are members of the committee. They received their appointments this week and have accepted.

The first meeting will be held either just before or immediately after the Texas State Teachers' Association convention at San Antonio on November 30 and December 1.

Albert Aftlerbach, of Winters, transacted business and visited relatives and friends here today.

Firefly's 'Mechanism' Still Remains Mystery

Once it was thought that phosphorus was the cause of the luminosity of the firefly and its larva, the glow-worm, and the phenomenon was called phosphorescence.

But the substance of the luminous zones of these curious beetles has many times been exhaustively analyzed for phosphorus without an indication of its being found, and the real nature of the firefly's glow remains a secret.

The key to the solution seems to lie in the fact that certain fats, oils and other substances exhibit luminosity when permitted to combine with oxygen in an alkaline solution. Just what takes place here is not yet known, but it is a form of combustion. In the laboratory experiments the contact also produces a measurable amount of heat, while in the firefly and in luminous fishes and plants it does not appear to do so.

The light-producing organs of the firefly are unquestionably arranged to bring about this union of oxygen and a fatty secretion. The seat of the light is intensely luminous areas in the abdomen or thorax or both. Each is a specialized portion of the fat body, a plate situated directly beneath the skin, and supplied with nerves and fine tubes connecting with the trachea or windpipe.

The cells of these fatty places secrete, under the control of the nervous system, a substance which is burned during the appearance of light. This combustion takes place by means of the oxygen conveyed to the cells by the fine tracheal branches.

The lighting system seems to serve two purposes; One, to attract the opposite sex, and the other as a curious means of defense against bats or other nocturnal insectivorous creatures which prefer less dazzling and alarming fare. This defensive use of light has its counterpart in some of the luminous fish, which light up only under the stimulus of alarm and excitement to frighten off their enemies.

Cat, Dog Rated Equals

On Intelligence Scale

The only difference in the intelligence of a dog and a cat is that a dog is "something of a socialist while a cat is an individualist," according to Dr. Charles M. Diserens, assistant professor of psychology at the University of Cincinnati.

Dr. Diserens, who has made a life-long study of cats, says that persons who favor dogs over cats or who believe dogs have a higher degree of intelligence just don't know their cats. He believes one animal is about as intelligent as the other and that there is little difference in their nerve centers.

Although classifying cats as rugged individuals, Dr. Diserens wants it understood that felines have a genuine capacity for gratitude. He says this fact may often be noted during and after medical treatment when they become deeply grateful and very often more affectionate.

Drilling Proceeds On H. Price Well; Others Rigging

Good progress has been made on the Homer Price-Williams oil test, six miles northwest of Ballinger, and today drilling was below 1,050 feet. Material is on the ground for steady operation and no time will be lost in drilling the well to the contract depth or production before reaching that level.

The derrick and rigging up on the J. W. Reese place, three miles northwest of Ballinger, are in place and 10-inch casing is being run in the old hole which was drilled to about 1,600 feet in 1928. This test was abandoned at that time without drilling the required depth to reach any of the possible producing sands. As soon as the casing is set to the bottom of the hole, drilling will be started.

Art Tucker has a derrick up on the J. L. King place and is rigging up to start a test soon. The location is a short distance northwest of the two producing wells on the Beddo farm.

Local oil men state that a number of other tests are being contemplated and as soon as acreage blocks are made up, locations will be decided and work begun. Several out-of-town oil men have been here this week to look over acreage and make plans to drill tests in this county.

MODERN FRONT BEING BUILT FOR WEEKS DRUG STORE

A contract was let this week and work started Wednesday on a modern front for the Weeks Drug Store. The building is owned by J. Y. Pearce and a contract was awarded to C. D. Mills for the work and the Pittsburgh Plate Glass Co. for the material.

The entire front will be changed, two modern show windows installed, a wider opening pro-

vided, and black and white glass tile will add to the appearance.

Mr. Mills began the work this week and will complete the improvement in about three weeks.

R. W. Earnshaw, manager of Weeks Drug Store, stated that the work would not interfere with business in any way. The front will be kept open at all times and the usual business will not be interrupted.

Mr. and Mrs. Melvin Patterson and two daughters, Barbara Jean and Sandra June, spent the week-end in San Antonio, visiting Mrs. Patterson's sister, Mrs. A. L. Burden, and family.

Homicide Charge—

(Continued from page 1)

morning that there were still a number of witnesses to be heard but that sufficient evidence had been taken to warrant the filing of a homicide charge. The investigation is being continued and a number of written statements and other evidence will be submitted to the grand jury for the fall term of 119th district court here.

Mrs. Henry J. Pierce and two daughters, Margaret and Jean, spent the week-end at Georgetown in the home of Mrs. Pierce's mother, Mrs. W. E. Thornton. Mrs. Thornton accompanied her daughter home for a short visit.

A beautiful service, a restful chapel, an atmosphere of peace and order—of true efficiency.
