By-Passing Business Area Proposed for State Roads

State highway department officials have informed city authorities that highway traffic may be routed around the Ballinger business district unless double parking is stopped here.

Officials here the past week-end stated that plans were being considered to direct traffic from Broadway along Park Avenue to Tenth Street, thence south to Hutchings Avenue and traffic west would continue along Hutchings Avenue on the regular route. Traffic to the south would go to Strong or Sealy along Tenth and cut back to highway 83 for points south.

Attention was called to the fact that as soon as they could be secured parking meters and traffic lights would be installed in the business district but highway department representatives were of the opinion that these devices would not eliminate double parking unless a city ordinance was passed and enforced.

It was pointed out that through

traffic was being routed around most towns in the state and that travelers did not like to lose time by passing through congested streets. When informed that part of the route considered for a by-pass was not paved, highway officials said the state would pave the unpaved portion of the route.

Board of Community Development directors discussed the proposal at their meeting Monday night but took no action on the question. They plan to make a more thorough survey to ascertain the desires of local citizens in regard to the by-pass. It was pointed out that a number of service stations along the route would be hurt by the change, yet there are many local business men who are opposed to stopping all double parking on Hutchings Avenue and Seventh Street. The city ordinance governing double parking permits cars to stop in the streets for loading merchandise if a driver remains in the car and the stop is not for more than five minutes.

Future Activities Planned By B.C.D. Board Monday

Directors of the Ballinger Board of Community Development were in session Monday night to discuss a number of proposals and to hear reports of activities since the last meeting.

The livestock committee reported the purchase of the auction barns north of the city as the first step in providing show barns for 4-H club and F. F. A. boys of this area. It is planned to make improvements on the property as soon as possible and in the meantime to maintain livestock sales there.

The resignation of E. H. Beeton was accepted and J. G. Tuckey was named to serve the unexpired term. Harry Lynn was appointed treasurer to succeed Mr. Beeton in this office.

It was voted to provide picture show tickets for all 4-H club boys who attend the annual encampment here on August 7 and 8. It also was voted to instruct the entertainment committee to aid in providing program numbers for the Runnels County Livestock Association meeting here next month.

A lengthy discussion was held in reference to housing units at Camp Berkeley which have been promised the city under certain conditions. It was finally voted to leave the matter up to the city commission without recommendation from the B. C. D. The deal involves the moving here of three barracks to be converted into housing units for veterans.

A discussion was held in regard to trying to secure small industries for Ballinger and committee leaders explained what probably would be necessary in order to interest manufacturers in establishing units here. Opinions were expressed in regard to possible highway work, especially the widening of streets over which highway routes pass through the city.

A raise in salary was voted for Miss Juanita Daniels, assistant secretary.

Currie Grain Co. Building Modern Loading Elevator

The Currie Grain Company is completing construction on a new loading elevator for grain on the Santa Fe right-of-way between Tenth and Eleventh streets. Wix Currie, Jr., stated that the elevator would be completed by this week-end and that shipments would be started from this point as fast as possible.

Mr. Currie said the company would buy a large amount of maize and load into cars from the elevator. A buyer will be on duty at the elevator and another at the Currie store on Seventh Street. They will be in the market for any kind of grain but expect to make heavy purchases of maize.

The elevator is a modern loading device with equipment for dumping truck loads. Loading will begin this week-end and cars are expected to start rolling at once. The elevator is being built for permanent use and is so anchored that it will withstand high winds and storms, it is believed.

CROCKETT FAMILY HAS REUNION JULY 19 TO 21

The Crockett family reunion was held on the T. A. Crockett farm on Valley Creek near Norton July 19, 20 and 21. More than 150 registered for the three-day affair, twenty having been released from the armed forces recently.

Barbecue of mutton and chicken and fried fish made up the main dishes for three days. Relatives here from out of the county were from Dallas, Fort Worth, Austin, El Paso, Morton, Fort Stockton, Odessa, Mullin, Lampasas, San Angelo, Abilene, Sweetwater, Roby, Humble, Los Angeles, Calif., Sudan, Enoch, Bronte, Coleman.

Announcement was made that the reunion would be held at the same place on July 18, 19, and 20 next year. Mr. and Mrs. George Crockett and son, David, and Mrs. Ella Duke, of Los Angeles, California, are here and will visit relatives and friends several weeks.

Jacob Food Market Will Open August 1 On Seventh Street

Jacob's Food Market, Otis Jacob owner and operator, will open here August 1 and the formal opening ad will be carried in this newspaper next Thursday, August 1.

Mr. Jacob announced this week that everything would be ready for the formal opening at that time and that many hard-to-get items would be included in the sales for the first-week-end.

The new store is located on Seventh Street next door to the Doss Auto Co. For some time the building has been undergoing renovation, making it strictly modern and rat proof and the interior has been redecorated. The most modern fixtures on the market have been bought and installed by Mr. Jacob and the entire building is air conditioned.

Besides the usual grocery departments, a meat market and a new type vegetable department will be operated. Free delivery will be maintained for the customers who desire this service.

Mr. Jacob was in the grocery business a number of years ago when he entered the service. At that time he sold his store and since his discharge has been looking for a business location in Ballinger. He has taken his time in order to secure the most modern equipment on the market and will have his store ready for operation next Thursday.

Tennis Tournament To Start Tomorrow; 15 Players Entered

The city tennis tournament will get underway here this week with the first game scheduled for tomorrow (Friday) evening. A bracket of pairings has been arranged and the contests will be on the elimination plan until a champion is determined.

First pairings and the brackets are:

- July 26—Clifford Howell vs. Max McCrury
- July 27—Steve Cook vs. J. L. Henderson
- July 29—Wayman Wilson vs. Morris Nunley
- July 30—Reid Caskey vs. Bob Dickinson
- July 31—Lanham Flynt vs. Charles Hambrick
- August 1—Marvin Davies vs. Ray Tisdale
- August 2—Walter Moss vs. Allen Davis

Ed Curry drew a bye in the first games but will meet the winner of the Moss-Davis contest on August 7. Winners in the bracket will continue games until some one goes all the way to the city championship.

Coach Wilson stated that all games would be played on the high school courts after 6 p. m. Practicing will be done on the junior high school courts after 6 in the evenings.

Other features in the recreational program will include a visit here next Wednesday of a large number of junior boys from Coleman to meet local juniors in softball, basketball, tennis and boxing. Recreational directors from Coleman will come here with their groups and contests will be arranged and played all during the day.

Donald Lemon, of Sacramento, California is a guest in the home of Mr. and Mrs. E. M. Lynn. At one time he was a cadet stationed at Bruce Field.

Mosquito, Fly, Rodent Campaign on in City

R. R. Roberts and a crew of workers are covering all the business and industrial sections of Ballinger this week in the rodent elimination program. DDT and the poison 1080 have been put out with excellent results and the work will be continued until Mr. Roberts is satisfied that all rats and mice in these areas have been killed. The work includes the poisoning of the city dump grounds in an effort to stamp out all germ-carrying rodents at that place.

The city has a truck rigged for spraying and a crew is working on all breeding places of flies and mosquitoes. This work will be continued and the aid of citizens is asked in locating breeding places. The spraying crew has been along streams at the city

SERVING UNCLE SAM

Capt. Jack Bandy McGregor came in Tuesday night from San Antonio and will be here for some time on terminal leave. He arrived at Seattle, Washington, last week after being stationed in Korea since the end of hostilities in the Pacific. He plans to enter A. & M. College this fall to complete his school work and get his degree.

Billie Jack Williams, yeoman 3c, has received his discharge at the U. S. naval separation center at Shoemaker, California and is now at home. He served overseas with the 96th Seabees division in the Philippine area. He is the son of Mrs. H. A. Williams of Ballinger Route 2.

Weldon Lee Henry, seaman 1c, has received his discharge from the navy at Norman, Oklahoma, and is at home with his parents. He had been stationed in the Guam area for some time before starting home. Henry served 11 months overseas.

Sgt. and Mrs. W. Paul Board, of Bellville, Ill. visited last week-end with Mrs. Board's parents, Mr. and Mrs. H. W. Ridings, of Ballinger. Sgt. Board is being transferred to Kearns, Utah, and is expecting to be sent overseas soon. Mrs. Riding and Mrs. Charles V. Webb accompanied the Boards as far as Denver, Colorado, where they visited Sgt. Board's mother, Mrs. Robert Huffard.

Ensign Margaret Louise Jones came in this week from San Diego, California, where she has been stationed as a naval nurse for the past sixteen months. Miss Jones was in training at Dallas before entering the service. She is on terminal leave at this time and will receive her discharge some time next month.

APPLICATION BEING MADE FOR RADIO STATION HERE

According to a Washington release, Fred Harman, E. L. Ingram, Arthur Underwood and R. E. Bruce, representing the Runnels County Broadcasting Co., have made application to the communications commission for a radio station at Ballinger. The announcement said that the station would operate on 1,400 kilocycles, have power of 250 watts, and have unlimited hours.

Mr. Ingram stated this week that nothing could be done until action by the communications Commission had been taken. He stated that several locations for the station were under consideration in case the application is approved, but there is no definite announcement to be made at this time relative to the place of the operation of the station.

CHURCH WOMEN OF CITY TO MEET MONDAY 4 P. M.

The City Council of Church Women of Ballinger will meet Monday afternoon at four o'clock at the First Methodist Church for their monthly program. Mrs. C. F. Bailey will preside at the meeting and Mrs. Harry Lynn will have charge of the program. All church women of the city are invited to attend.

Miss Pansy Setzer, of Norton, left by plane from Abilene yesterday for Pensacola, Florida, where she will visit her brother-in-law and sister, Lt. and Mrs. Ira B. West.

Raby Padgett, of Edcouch, spent a few days recently in the home of his mother, Mrs. W. T. Padgett, F. M. Maddox, of Lubbock, also was a recent guest in the Padgett home.

Misses Virginia Nance and Melba Bankston will leave tonight for Washington, D. C., where they will be employed in civil service. Both have been employed until recently at the army air base in Fort Smith, Arkansas. For the past two weeks they have been visiting here with their parents and friends.

Starley Gatlin and two sons, of Montana, were here the first of the week to visit relatives and old friends at Ballinger and Norton.

Ann Stasney Taken To Angelo Hospital For Polio Treatment

The first case of poliomyelitis to originate in Ballinger was diagnosed this week when Ann Stasney, daughter of Dr. and Mrs. E. W. Stasney, developed the disease and was taken to a San Angelo hospital for treatment. Her condition is reported as satisfactory, attending physicians describing it as a light case.

The child had been ill about a week and local doctors had been observing development closely. Her condition was such Monday evening that the parents were advised to take her to the hospital for treatment. The case was reported to San Angelo health authorities Tuesday as polio.

Dr. and Mrs. Stasney and children were on a vacation trip near Junction several weeks ago when Dr. Stasney became slightly ill and they returned home. A few days later their son, Edward (Buddy) became ill and attending doctors watched his case very closely. He became better last week and is continuing to improve, although he is still being kept in bed most of the time. Ann became ill last week and her condition was decidedly worse Monday when she was taken to San Angelo in an ambulance.

Dr. O. H. Chandler, city-county health officer, after a conference with other physicians, stated that it was not their desire to create a panic here and pointed out the following facts: that the disease was contracted away from Ballinger and that the period of exposure was passed.

Dr. Chandler declared that streams were the greatest hazards and suggested that swimming be stopped by children as well as adults. He also said drinking water from streams was a bad risk and advised against it. Samples of water taken from the Ballinger Country Club lake disclosed pollution, he stated, and swimming there has been banned by the board of directors.

Doctors are of the opinion that gatherings of children can continue here, there being no hazards which would warrant a quarantine or stopping of public gatherings.

City authorities are doing everything possible to eliminate health hazards and all citizens are asked to cooperate. City water is being analyzed each week by the state health department and so far it has been approved in every respect.

Flynt Gives Report On Firemen's School At Jaycee Luncheon

Ballinger Jaycees heard a report Wednesday at their regular meeting on the firemen's short course recently held at College Station. Lanham Flynt, city employee, attended the sessions of the short course as a representative of the Ballinger fire department and studied new methods of fire control and prevention.

Flynt told of the highlights of the program at A. & M. and described some of the more interesting demonstrations which were given. He stated that it is most important for each city to have a representative at the short course because of the better key rate participating cities receive as a result of representation at the sessions.

Misses Virginia Nance and Melba Bankston will leave tonight for Washington, D. C., where they will be employed in civil service. Both have been employed until recently at the army air base in Fort Smith, Arkansas. For the past two weeks they have been visiting here with their parents and friends.

Starley Gatlin and two sons, of Montana, were here the first of the week to visit relatives and old friends at Ballinger and Norton.

Heavy Voting Forecast In Primary Saturday

The final round in the present political campaign got underway this week and voters will go to the polls Saturday for the first primary. As far as Runnels county is concerned, all local races will be settled in this election as there are not more than two in but one race, that of commissioner of Precinct No. 3.

Democratic chairman J. M. Williams had all boxes ready for delivery this week and election managers were calling for their boxes and supplies. The county has purchased new boxes to replace the old tin ones, which have been in use for many years. The new boxes are all the same size, are square, have much better locks, and will be easier to handle.

Polls will open in all the 29 voting boxes at 8 a. m. and remain open until 7 p. m. All holders of poll tax receipts, under and over, and veterans who have been discharged from the service will be eligible voters. There are more than 4,300 who hold poll tax receipts this year and approximately 2,000 veterans of the county

have been given discharges. This can make possible the largest vote ever recorded in the county.

The Ballinger Ledger will act as correspondent for the Texas Election Bureau at Dallas and all election managers are urged to send in tabulations of their boxes as soon as the count is completed. Workers will be on the job at the Ledger office until late Saturday night taking the returns, tabulating them and relaying them to the Dallas office by wire. It is hoped that the votes of the county will be counted soon after midnight.

The Dallas bureau will make returns available to newspapers and radio stations as fast as they are received.

County returns will be announced over a public address system at the Ledger office as they are received so that anyone desiring to keep their own tabulations of local races may do so. No outside black board will be used in posting results this year.

Election managers are asked to call telephone number 27 collect as soon as they are ready to submit returns from their box.

Supt. Wilson Resigns; Board Elects Caskey

Supt. J. D. Wilson tendered his resignation to the Ballinger school board Monday night and as soon as it was accepted, Ernest Caskey was named city superintendent of schools, to succeed him. Caskey, a candidate for reelection as county superintendent, accepted the position and withdrew as a candidate for the county office.

Mr. Wilson resigned here to accept the superintendency of the Hillsboro public schools. He will go there August 15 to assume the position. Hillsboro has a much larger educational system, about 70 teachers being employed, and the enrollment is more than 2,000 pupils.

Mr. Wilson stated Tuesday that he regretted to leave Ballinger and that his year's work here had been a pleasant one. He and his family have made many friends here who will regret his action in accepting a position that will take them from here. Mr. Wilson is serving as president of the Ballinger Lions Club, teacher of the Victory Bible class at the First Baptist Church, is a director in the Runnels County Tuberculosis Association, and holds numerous other posts of importance.

Mr. Caskey came to Ballinger January 1, 1941, when he was appointed county superintendent to complete an unexpired term. He has made an excellent record in the office of county superintendent and currently had been engaged in a race for reelection. He was offered the city superintendent's position by the board of trustees Monday night and accepted, to begin the duties on August 5.

Since coming to Ballinger Mr. Caskey has held many posts of importance in the civic life of the city. He served the Ballinger Lions Club as president and as secretary, is a director of the Ballinger Board of Community Development, teaches the Doss Bible class of the First Methodist Church,

and has served on many special committees for the county and city. He is thoroughly acquainted with the operation of the Ballinger school system and will take over the superintendency at the beginning of the fall semester. This development leaves W. E. ("Buck") Elkins as the only candidate for the office of county superintendent. After the resignation of Mr. Caskey the commissioners' court will name a successor for the unexpired term.

New Train Service Effective Sunday; Motor Car Stopped

Ballinger will have a slight change in train schedules on the Santa Fe and also improved pullman service beginning Sunday.

On that date the motor car which has been operated will be discontinued. Action to take this service off was sought recently before a hearing of the state railroad commission and received approval.

Other changes announced will be as follows:

The morning west-bound train will arrive here at 6:52 a. m. and will carry mail and pullman service from both North and South Texas.

The evening east-bound train will arrive here at 9:03 p. m. and will make connections for both South and North Texas.

The new service will include two pullmans. One will be a through sleeper to Houston and the other to Fort Worth and Dallas. The east-bound train will go through to Fort Worth and Dallas with one sleeper making this trip. The Houston sleeper will be transferred to another train and will arrive in Houston at 7:40 the next morning.

Dairymen Form Three Artificial Breeding Groups

COLLEGE STATION, July 24.—Three artificial breeding associations have been established in Texas and several others are in the process of organization, according to G. G. Gibson, dairy husbandman for the Texas A. & M. College extension service. Membership in the association totals 50 dairymen who own more than 2,500 cows.

The first artificial breeding association to be organized in the state in Cooke county. This group has been operating for nearly a year, and its first calves were dropped in February, 1946. Since then associations have been formed in Wharton and McLennan counties and now are in operation.

A look at the records of other states shows the success of the practice, Gibson says. Last year 350,000 cows were owned by members of 185 associations in the nation. Dairymen see this form of service as a means of improving the quality of herd replacements at a lower cost than they could hope to meet through private ownership of bulls of equal quality. The plan is especially suited to the small herd owner who cannot afford to own a high-priced bull.

Gibson says dairymen don't assume that artificial breeding eliminates all breeding problems, but it does make possible full use of bulls of proven transmitting ability.

4-H CLUB BOYS TEST NEW VARIETY OF BLACK-EYES

COLLEGE STATION, July 24.—A new variety of black-eyed peas, Early Ramshorn, is being introduced to Knox county by 45 4-H club boys who have demonstrations in nine communities. One hundred pounds of the new variety were planted.

The new variety, which has been tested experimentally at College Station for the past two years, produced 4,692 pounds of green pods per acre as compared with 1,966 pounds per acre of the common variety, according to R. O. Dunkle, county agricultural agent.

When the peas began coming into production recently, club members and their families reported the new variety had a much more desirable flavor. Donald Nix, 4-H club member of the Sunset community, described the flavor as "less tangy" than the common variety, and he found them to be less stringy.

All 45 members plan to save the

seed of Early Ramshorn black-eyed peas to sell to their neighbors for 1947 planting. Market price for the edible peas has been 30 cents a pound, and if this price is maintained, the boys will receive a substantial profit from their demonstration, Dunkle says.

Other entries include: food preparation, 14 counties; clothing achievement and canning achievement, 16 each; farm safety, 10; dairy foods, home ground beautification, and poultry, 3 each; better electric methods, frozen foods, and leadership, one each.

Where participating counties were concerned, district 2 led the state with 16, closely followed by districts 5 and 11 with 15 each.

Lorene Stevens and Alice Wheatley, 4-H club specialists, said the number of individual girls entering the contests would not be known until fall. The girls are competing for a number of awards including trips to the national 4-H club congress, savings bonds, cash scholarships, and medals.

Winners in the dress revue contest will be determined during the Texas 4-H round-up to be held at Texas A. & M. College, College Station, August 27-30.

Home Economists Offer Some Ways To Conserve Bread

AUSTIN, July 24.—"My family has always eaten a lot of bread. How can we conserve it and still serve appetizing meals?"

Housewives who are asking this question will find the answer in suggestions on food conservation which have been worked out by a group of three University of Texas home economists.

economics department; Miss Jennie Willmot, in charge of food; and Miss Mary Goldman, in charge of home management, offer practical suggestions. In trying to save bread and conserve flour, they suggest:

Serve only one slice of bread with each meal. Omit bread at meals in which potatoes, macaroni, rice, or hominy are served. One small serving of potato is equal to a slice of bread nutritionally.

Use old bread in puddings, stuffings, for casserole dishes, bread crumbs, and cookies. Stale cake makes good puddings. Serve less flour-using desserts, and use fresh fruit or desserts when they are in season.

In order to conserve fats, they recommend cooked salad dressing instead of mayonnaise, and the use of bacon or pork drippings in seasonings and stuffings.

"Use sirup and honey, in addition to sugar, or in place of sugar, in making desserts," Miss Goldman says. "Deep dish fruit pies conserve pastry, may be made with honey, and are perfectly delicious."

She also recommends a jelly

frosting, in which only tart jelly, egg white, and lemon juice are used.

HIGH R. O. P. AVERAGE MADE BY TURKEY FLOCK OWNED BY SOUTH TEXAN

COLLEGE STATION, July 24.—A South Texas flock of turkeys this year turned in an R. O. P. laying average of 70 eggs with a hatchability of 85 per cent.

The flock, containing 32 birds, is owned by Dr. J. E. Bauer, of Refugio county. According to County Agricultural Agent L. A. Weiss, Jr., Dr. Bauer is one of less than a dozen "record of production" turkey breeders in Texas, cooperating with the national turkey improvement plan sponsored by the bureau of animal industry.

United States R. O. P. females are required to lay 40 or more eggs each in 13 consecutive weeks in order to qualify. Further, the eggs must have an average minimum weight of 30 ounces to the dozen, and eggs must hatch 70 per cent or more. Twenty-three of Dr. Bauer's flock qualified for U. S. R. O. P. by averaging 70 eggs each, and the 921 selected for hatching produced 778 poults.

County Agent Weiss says that Dr. Bauer has three pens of birds under the turkey improvement plan this year and plans to have four pens next year. They are released from the houses only for occasional exercise and green feed.

Interest Increasing Among State's 4-H Club Girl Contestants

COLLEGE STATION, July 24.—Although 1946 marks only the second year that Texas 4-H club girls have participated in national contests, girls in nearly two-thirds of the Texas counties with home

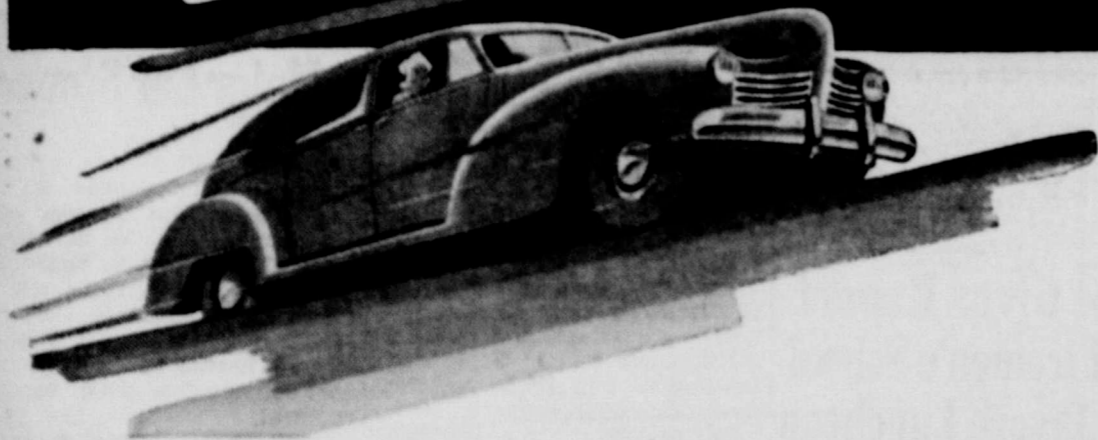

demonstration work are competing for national honors this year.

In all, 124 county entries have been received by 4-H club specialists of the Texas A. & M. College extension service. Forty-four counties have entrants in three contests, including the girls' records contests, forty-three have entered two, and the remaining counties are competing in only one contest.

The girls' records contest drew the most entries—94, while the

Chesney-Farley Vows Read in San Angelo

Miss Gloria Farley, daughter of Mr. and Mrs. Ed Farley, became the bride of William (Billy) Chesney, son of Mr. and Mrs. C. J. Chesney of San Angelo, last Wednesday evening at 7 o'clock,

in the home of Rev. and Mrs. A. C. Donath, on Harris Avenue. Rev. Donath, pastor of the First Baptist Church in San Angelo, read the double ring service.

Mrs. Joe Mathis of San Angelo, was matron of honor. She wore a dress of green crepe with white

accessories. Mr. Henry Leopold of San Angelo, was best man.

The bride wore a dress of aqua bengberg crepe trimmed with black lace. All of her accessories were white, and she wore an orchid corsage.

Mrs. Chesney is a graduate of the Ballinger High School. She has been employed at Goodfellow Field for several years, and will continue to work there. Mr. Chesney is a graduate of the Sterling City High School. He is connected with his father in the Chesney Boot Shop in San Angelo.

After a short wedding trip to Austin and other South Texas cities, the couple returned to Ballinger Sunday to spend the day with the bride's parents.

Mr. and Mrs. Farley were hosts at a wedding dinner Sunday at noon. The dining table was centered with the three-tiered wedding cake which was iced in white and decorated.

Others attending the wedding and the dinner were Mr. and Mrs. Joe Mathis, Mr. and Mrs. Henry Leopold, Mr. and Mrs. Archie Wallace, Miss Juandell Chesney, and Bobby Farley.

Miss Bobby Waterhouse Bride of Dale McCullough

Miss Bobby Waterhouse, daughter of Mr. and Mrs. W. M. Waterhouse, of San Angelo, became the bride of Dale McCullough, son of Mr. and Mrs. M. McCullough of this city, on Sunday morning at 8:30 o'clock at the First Presbyterian Church in San Angelo. Dr. B. O. Wood, pastor, officiated for the double ring ceremony.

Miss Dorene Skaggs was at the organ for a program of pre-nuptial music including "I Love You Truly," "Ah, Sweet Mystery of Life," and "Liebestraum," and accompanied Miss Jane Leslie, who sang "Always" and "Because." She also played the traditional wedding marches.

Miss Helen Joyce McDaniel, of Paint Rock, maid of honor, wore a white linen suit, with white and blue accessories. Her corsage of white carnations was tied with blue ribbon. C. A. Long of Ballinger, attended the bridegroom as best man.

The bride, who was given in marriage by her father, wore a white gabardine suit, a pink flowered half-hat with shoulder-length veil, pink gloves and blouse, and other accessories were black patent. She carried a white prayer book topped with pink rosebuds, surrounded by baby's breath, with showers of white satin ribbon.

Following the ceremony a reception was held at the home of Mr. and Mrs. H. B. Haynes, uncle and aunt of the bride. Mrs. R. A. Waterhouse presided at the two-tiered wedding cake, which was topped with a miniature bridal couple and encircled with daisies and fern. Miss Veda Glynn Blake-

Caskey Withdraws

I wish to announce to the voters of Runnels County that I am withdrawing as a candidate for the office of County Superintendent. I do this because I have accepted the superintendency of the Ballinger Public Schools, effective August 15.

I wish to thank the people of the county for the fine cooperation given me while in the office and to express my appreciation to those who planned to support me in Saturday's primary.

I hope that you will join me in casting a solid vote for W. E. (Buck) Elkins for your next county superintendent.

ney served coffee and Miss Wanda Lee Woodruff was at the bride's book.

For traveling the bride wore a dress of gray linen with white accessories. After a short wedding trip to Dallas the couple will be at home in Ballinger.

Mrs. McCullough attended San Angelo High School and San Angelo College, where she was a Sigma Alpha Chi pledge and active in dramatics. Mr. McCullough is a graduate of Ballinger High School and served three years with the Army Air Corps, being discharged in March. He is now employed at Western Auto Store in this city.

WHY TELEPHONES CANNOT BE SUPPLIED FASTER TO WAITING APPLICANTS

Excerpt from Telephone Engineer and Management's "Newsletter" in the June 18, 1946 issue.

"Copper shortage, which has become increasingly severe in the last three months, and which is threatening to seriously curtail projected modernization and reconstruction programs of communications industry, particularly telephone field, shows little sign of improvement within near future. If strikes throughout copper industry are not settled within short time, there may be only enough copper available to communications manufacturing and operating companies for minimum repairs to maintain service. These were views of topflight copper experts of Civilian Production Administration.

"No less severe is lead shortage. Strikes in lead industry are curtailing lead supplies by more than 50%. At recent meeting of CPA representatives with an industry advisory committee made up of lead refining company representatives, it was pointed out that situation on lead may be even more acute than on copper because of present low lead stockpile in country—some 40,000 tons as contrasted with 400,000 ton government copper stockpile—and because critical shortage is worldwide. Consumers, we understand, face much longer period of scarcity in lead than in copper."

The conditions outlined above affect all telephone companies alike.

**'Tomorrow is Forever' Presents
Colbert, Orson Welles and Brent**

Suspense and high drama pervade "Tomorrow is Forever," RKO Radio release starring Claudette Colbert, Orson Welles and George Brent, and to be screened at the Texas Theatre Sunday, Monday and Tuesday, July 28, 29, 30.

Welles portrays a man who is reported missing on the same day that Miss Colbert, as his bride, learns she is to become a mother. Actually, however, Welles is not dead, being taken in hand by a clever Austrian surgeon who manages to save his life. But he feels it is kinder to his wife to let her think he was killed than to go back to her in the mutilated condition he is in, and he commences a new career in Vienna under an alias. Some months after her son is born, Miss Colbert marries Brent, her wealthy employer.

Twenty years later Welles, unrecognizable returns to the United States, meets his wife and his grown son and plays a vital part in determining the latter's

future, in an absorbing train of conflict and suspense. The three stars are said to have exceptionally powerful roles, and a talented new young Richard Long is highlighted as the son. Lucile Watson, Natalie Wood and Sonny Howe have other supporting parts in "Tomorrow is Forever."

**Bowery Boys Comedy and Thriller
Comprise Program at Texas
Tomorrow and Saturday**

"In Fast Company," Monogram's new Bowery Boys film starring Leo Gorcey, one of the two features to be shown at the Texas Theatre tomorrow and Saturday, July 26, 27. Huntz Hall, Bobby Jordan, Billy Benedict and David Gorcey, who make up the rambunctious gang, will be seen in the latest of their hectic screen adventures, which is expected to reach new heights of hilarity and action. Jane Randolph and Judy Clark also appear in featured roles.

Others in the cast are Douglas Fowler, Marjorie Woodworth, Paul Harvey, Charles D. Brown, Mary Gordon, Luis Alberni, Bernard Gorcey, George Eldredge, William Ruhl, Dick Wessel and John Indrisano.

PRC's newest melodrama, "The Mask of Dijon," starring Erich von Stroheim, is a mixture of thrills, romance and action. The story is that of a mad magician, intrigued by his own magical powers which eventually turn him into a murderer.

In addition to von Stroheim, the picture features Jeanne Bates, William Wright and Edward Van Sloan.

**'Somewhere in the Night' Said Screen's
Boldest Probing of Human Emotions**

Starring John Hodiak, and introducing as his co-star, lovely Nancy Guild, who is being hailed as the most exciting screen discovery in years, "Somewhere in the Night," 20th Century-Fox's new romantic thriller, is the principal attraction at the Texas Theatre Wednesday and Thursday of next week, July 31, August 1.

The romance and excitement-packed film tells the gripping story of an ex-marine, plagued by amnesia—afraid to love, afraid even to search out his past; haunted by the memory of an unfinished kiss and of a forgotten shame. Filled with suspense and thrilling drama, the film is said to present the boldest probing of

human emotions ever attempted on the screen.

Hodiak, who has a long list of screen triumphs to the credit, including "A Bell for Adano," has his most dramatic role to date in "Somewhere in the Night." Nancy Guild, romantically teamed with Hodiak in the role of a night club singer, scores an outstanding success in her first film; rave preview notices predicting a brilliant career for the exciting young newcomer.

Important in support are Lloyd Nolan, Richard Conte, Josephine Hutchinson, Fritz Kortner, Margo Woods, Sheldon Leonard, and former heavyweight prizefighter Lou Nova.

in Philadelphia. Pierce succeeds retiring president Dr. Ramiro Collozo, of Havana, Cuba.

The Philadelphia convention concluded one of the most successful years in the history of Lions International, according to the report made by the secretary general, Melvin Jones. He reported

the formation of 685 new Lions clubs and the addition of 60,932 men to the roster of the association in the twelve-month period ended June 30, 1946, which raised

**'Call of the Wild'
Brings Back Gable
In Memorable Role**

Probably the mightiest outdoor adventure story ever filmed, Jack London's "Call of the Wild," with Clark Gable in the role that he made famous, is the offering at the Palace Theatre next Sunday and Monday, July 28, 29. The exciting epic of the Klondike also stars Loretta Young and Jack Oakie.

Packed from start to finish with blazing action, fever-pitched excitement and fiery romance, "Call of the Wild" returns to thrill audiences anew with its tale of two-fisted men who beat a path through the frozen North in search of fame and fortune in the spectacular Klondike rush, and of the women who winked at danger.

Rated the action-crashing adventure of all time, Jack London's "Call of the Wild" presents Clark Gable as the romantic hero. It is in this film that Gable sets the pattern of an exciting new kind of screen personality that made him one of the top stars of the day.

POWDERED MILK AND DDT**

FORT WORTH, July 24.—More than 300,000 pounds of powdered and 52,000 gallons of liquid DDT insecticide, widely used by the armed forces during the war and now declared surplus, has been sold to the U. S. public health services for \$221,165.96, war assets administration announced recently.

USPHS officials said the insecticide will be distributed to state health authorities for the control of malaria and communicable dis-

the total club figure to 5,400 and the membership to 279,116, which is by far the largest in the history of the international association. He also stated that during the year clubs had been established for the first time in three additional countries or territories—Equador, Bermuda, and Curacao, NWI.

In accepting the presidency, Pierce said: "Ever since its birth twenty-nine years ago, this association has shown vigorous progress year by year, without exception, until Lions International today is a mighty force for service and constructive action in every one of the eighteen countries in which Lionism flourishes today, unrivaled for its accomplishments and unique in its prestige. I take my new position with humility, with unlimited gratitude, and with a view toward making this next year the greatest year in Lionism."

In 1930 Pierce became a member of the Memphis Lions Club, which club is one of the first 27 of the association. He has been secretary and president of his club and has served continuously as a member of its board of directors. He has been zone chairman, deputy district governor, governor of the Lions in Tennessee, and vice-chairman of the board of Lions International. He was elected a director of the international association at the annual convention held in Toronto.

REVIVAL TO START AT CREWS BAPTIST CHURCH ON JULY 28

Rev. L. L. Griffen, pastor, has announced a revival meeting at the Crews Baptist Church, starting next Sunday. Rev. W. R. Davis, of Mangum, Oklahoma, will do the preaching and Rev. Willie B. Caroway, former resident of Crews, will have charge of the singing. Rev. Caroway is from the Waxahachie Baptist Orphanage and will preach the opening sermon of the revival Sunday morning.

Rev. Davis will arrive Sunday afternoon in time to preach Sunday evening. He has held successful revivals for this church in the past. The public is invited to attend all services and cooperate during the meeting.

NEW FIXTURES BEING INSTALLED BY SAFEWAY

Installation of new fixtures was begun in the Ballinger Saway Store this week and all floor display cases will be replaced by a new type which will provide a much larger display.

The shipment of fixtures arrived the first of the week and erectors are putting them in place.

Lon Fox, of Abilene, was here Wednesday, visiting relatives and friends.

THANKS!

At this time I want to express my appreciation to the voters of Runnels County for the fine support they have given me in the office of your county judge.

While I have no opposition this year, I want you to know that while serving you as county judge, your fine spirit of cooperation has made the job easier and I have been happier in my work.

At any time I can serve you in any way, feel free to call upon me. I want to serve every person in the county and will put forth every effort to look after the interests of this county and all its citizens while in office.

Again I say thanks for the office and the cooperation you have given me.

101 RUNNELS COUNTIANS CAST ABSENTEE BALLOTS IN PRIMARY

Interest in the first Democratic primary is reflected to some extent by the absentee votes cast at the office of County Clerk John B. Rayburn. A total of 101 absentee ballots were cast through Wednesday when the period for this voting ended.

This is an unusually heavy absentee list for Runnels county and Saturday all ballots cast in this manner will be handed to the election manager of the box in which the voter resides and will be included in the tabulations.

The best plan for all concerned is to send the change of address in advance.

A period of rising prices and rising costs of living is now to get underway according to a prediction of the United States News. A favorite pastime of some people right now is to check the rising prices, especially in food lines. Essential products have taken sharp upward turns within the last few weeks and shoppers wonder if the new prices are at the top and will remain there or go higher when the next shipment to the retailer is received. Bacon formerly plugged at around 43 cents was selling around 63 cents this week with a few higher prices reported. All meats and dairy and poultry products had made substantial gains to offset subsidies formerly paid by the government. One local merchant, when asked if some of the skyrocketing prices would decrease and go back to around normal, stated that as long as the customers bought at the high prices they would not go down. Ballinger merchants are trying to use their regular mark-

up on merchandise received, but price raises are being shot to them from their wholesalers and in order not to lose money they must go up. Fortunately not everything is up. Some items are holding the line and a few have even decreased slightly. Many towns have reported housewives on buying strikes and doing without the high priced articles. This was not the way in Ballinger the past week-end and merchants had lists of customers wanting bacon, butter, and many other hard-to-get items. Strikes settled by substantial wage increases and other added overhead expenses have caused manufacturers to seek more for the goods they sell and holding the line on prices is just empty talk. When merchandise gets too high, the best thing to do is to do without that item.

A number of newly paved streets have been opened in Ballinger within the past two weeks and these streets are catching extra traffic as pleasure riders use them in sections where they have not been accustomed to riding much. Paved streets are good for any town and now is a good time for the city to go forward while property owners are ready and willing to pay their part of the construction costs. Work here will soon have to cease unless another bond issue is voted by the citizens to furnish the city with funds to pay its one-third of the cost and to pave intersections. Property owners have signed up for approximately twelve blocks more paving than the city can include in the projects now underway.

This newspaper is struggling against the newsprint shortage and for that reason has limited the size of the paper to twelve pages for a number of weeks. Such a practice makes it embarrassing at a time when customers come in with paid advertising after the paper is full and news also is crowded out the last minute. This paper will receive the same amount of newsprint paper that was used in 1945 and since that time some twenty new firms that advertise regularly have opened in Ballinger and much more space is needed to supply the needs. On top of that circulation has grown and more paper is required each week. We are doing our best and wish to express our appreciation to firms that have delayed advertising for a week in order to permit us to stay within the twelve-page limit.

WEST TEXAS NOTES

Miss Kathrine Rawlings, a senior home economics student at Texas State College for Women, Denton, and daughter of Mr. and Mrs. A. N. Rawlings, of Bronte, has gone to St. Louis, Mo., where she will be for two weeks visiting research laboratories, experimental stations, and manufacturing and distributing agencies. She will also take side trips through plants and will study functions, raw materials, buying, grading, manufacturing and distribution. Miss Rawlings received the Danforth Fellowship award given by the Halston Furina Company for her college record.

The post meeting was held last week at which time officers for the ensuing year were named and delegates to the state convention to be held in Galveston were elected. Several World War II veterans were elected to offices in the post at the meeting.

James C. White, 59, citizen of Brownwood since 1903 and one of Texas best known newspaper editors, died July 17 at the Veteran Administrations Hospital in Waco. His column, "Around the Supper Table," which appeared in the Brownwood Bulletin for many years, is one of the best known in Central West Texas. Since suffering a heart attack several years ago, Mr. White has been in failing health and able to do only part-time work.

The annual Coleman rodeo closed July 13 and officials of the association announced that attendance during the four night performances numbered over 20,000. Several new records were set by performers and members of the association were delighted with the patronage and the type of show presented. Plans are already being made for the 1947 show, which will be held at the same time in July.

Texas Peach Crop 2,613,000 Bushels; U.S. Total Greater

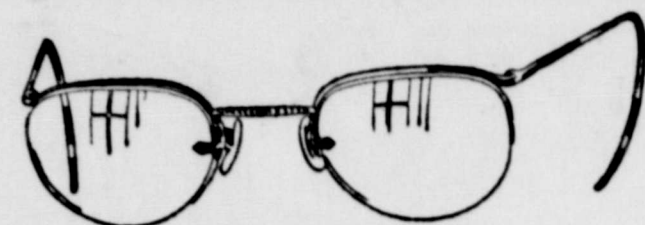

COLLEGE STATION, July 22.—The Texas peach crop is estimated at 2,613,000 bushels despite June frosts in some areas which cut down the yield. The estimated yield in the early peach producing areas is 39,000-

ments were made so that the city streets will be lighted in the near future. These lights will be placed in the business district, at schools, at the hospital, and churches in the near future. The contract provides that the company will furnish free electricity for the hospital for one year.

Contracts were let by the Brady city commission last week for paving work to be done in that city in the near future. Paving of allees in the business section is already underway and paving of a large number of city blocks will be included in the contract to be let to firms from San Angelo and San Antonio.

600 bushels and the U. S. crop is expected to total 81,065,000 bushels, only one per cent under the all-time high set in market in 1945. B. F. Vance, state director of the USDA production marketing administration, said steady movement of fresh peaches from trees to kitchens was necessary if the big crop is to be put to best use. He urged producers to take full advantage of supplies now on the market and to can, dry and quick-freeze them for later use. Commercially canned fruits will not meet consumer demand for the coming year, he said.

Have a Reserve for Security

Money in a bank account is the best form of maturity, for it is entirely under your control. You may add to your account at frequent intervals. You may build it up to any amount you desire. Any part or all the money is available for your use at any time for any purpose.

A reserve enables you to meet unexpected situations without worry. Illness and other misfortunes come to all. But greater security is not the only measure of value for money in the bank. It enables you to buy things you want and to do things you want to do. When you build a reserve you thus accomplish a twofold purpose.

There is no substitute for a substantial cash reserve for real security. Your account is cordially invited by this friendly local bank.

Attention VOTERS

Owing to illness in my family and having to do all my own farm work, I have been unable to see many of the voters in the county. However, I hope you will consider this as a personal appeal for your vote and influence in Saturday's primary.

I have had several years experience as a peace officer and if elected, will be willing and ready to serve the people at any and all times.

VOTE FOR

W.E. GULLEY
FOR SHERIFF

To The Voters of Precinct No. 1, Runnels County, Texas:

This will probably be my last opportunity to solicit your support and vote in the Primary election to be held next Saturday.

During the eleven months that I have held the office of Precinct Commissioner of your precinct I have endeavored to make you the kind of official that the interests of the Precinct and County needed.

Summarizing the work done on the roads during the eleven months, some forty miles of caliche roads have been built, several concrete drainage structures have been built. In addition to the construction the usual maintenance has been carried on in the face of some very bad weather conditions and at present the precinct roads are in very good condition. Terracing and other special conservation work has been carried on as fast as the equipment could be made available.

The program of the County Commissioners' Court has received the full time and support of your Commissioner and the business of your Court is a big one, needing much thought and attention of the several Commissioners with your County Judge.

Your consideration and support for a full term as your Commissioner will be appreciated.

Sincerely,

Ballinger Dwellings Getting New Roofs To Correct Damage

Ballinger and the immediate surrounding area is gradually recovering from hail damage of several months ago when the city and a small area around was hit by two destructive hail storms.

Within the past month a large number of Ballinger homes have been re-roofed and this work is continuing as fast as workmen can get to the jobs. Shipments of materials are continuing to arrive and many contracts have been made for complete roofing jobs

FLUSH KIDNEY URINE

Benefit wonderfully from famous doctor's discovery that relieves backache, run-down feeling due to excess acidity in the urine

People everywhere are finding amazing relief from painful symptoms of bladder irritation caused by excess acidity in the urine. DR. KILMER'S SWAMP ROOT acts fast on the kidneys to ease discomfort by promoting the flow of urine. This pure herbal medicine is especially welcome where bladder irritation due to excess acidity is responsible for "getting up at night". A carefully blended combination of 10 herbs, roots, vegetables, balsam; Dr. Kilmer's contains nothing harsh, is absolutely non-habit forming. Just good ingredients that many say have a marvelous effect. All druggists sell Swamp Root.

and contractors have other repair work booked for several months.

Painters are also getting their share of the work and are months behind with painting and papering. The hail caused inside damage to paper after roofs were beaten full of holes and rain continued.

Last week paint and oils were hard to secure locally but shipments are expected the last of July and the first of August. Many more jobs can be started if these shipments are received.

A large percentage of the new roofs here have been made of some type of composition roofing material. A few shingle jobs have been done but the majority is of other types of materials which were put on over the old roofs.

In the business district most of the hail damage has been corrected with the exception of some broken glass in store fronts.

SCHNABLES ATTEND REUNION OF ELY FAMILY AT ABILENE
Mr. and Mrs. J. A. Schnable and son, Jon, spent Sunday in Abilene attending a family reunion of the Ely family. The affair was held at Cobb Park and was approximate 100 attending.

The climax of the day's program was the dinner served at the noon hour when a basket lunch was spread for the entire group.

Red Sox Defeat Bethel Club 10-5; Sweetwater Next

The Ballinger Red Sox made it four in a row when they defeated the Bethel team here Sunday afternoon by the score of 10 to 5. The Red Sox defense was the best seen here this year and sensational fielding was seen in almost every inning.

W. J. ROBINSON was on the hill for the first five innings, when Roy Lee took over for the locals. A good sized crowd witnessed the contest and it was announced that the Bethel team would meet the Coleman team on the Ballinger diamond on August 4.

Next Sunday afternoon at 3:00 o'clock the Red Sox will engage the Sweetwater semi-pro club on the local lot. This may be the best game of the year as it will bring together two of the fastest teams in this section of the state.

Cot Underwood will be on the mound for the Red Sox next Sunday and after resting this week is expected to have plenty of stuff on the ball. The following Sunday, August 4, the Red Sox will go to Sweetwater for a return tilt.

Local fans are urged to attend the game Sunday and encourage the boys on the team. Crowds have been increasing since the Sox started their winning streak.

Hundreds of pictures and write-ups have been turned in. Enough to build a fine World War II Book for Runnels County, according to Fred Elsing, the local representative of the firm which is publishing the book.

He stated that there are still some who have not as yet turned in their pictures so they have extended the date to August 3rd, but that this will be the final extension. Runnels County's World War II Book will go to press soon after this date. Do not let this historical record book go to press without your picture. Be sure that you are included. Bring your picture and record of service write-up to the Lee Hardware Co. in Ballinger NOW.

RUNNELS COUNTY 4-H BOYS LEAVE FOR ENCAMPMENT

A delegation of eleven 4-H club boys and a number of adult leaders with County Agent John A. Barton left here today for Brownwood to attend the district 7 encampment. The boys were to pitch camp in the 36th division state park on Lake Brownwood and remain there until Saturday afternoon when the program will be completed and delegations return to their homes.

A number of state club directors will be present from College Station to participate in the program and present demonstrations.

LOCAL J. C. PENNY STORE BEING AIR CONDITIONED

The local J. C. Penny Co. building is being completely air conditioned this week and it is hoped that blowers will be working by the end of this week.

placed in the ceiling of the entire building for insulation and four large air conditioning units are being installed. Two thousand of the ten thousand cubic feet units will have grills through the ceiling into the main part of the store and two smaller units will provide cool air for the storage room, shoe department and ladies' ready-to-wear department. Each unit is wired so that it can be operated separately if desired, or all units can be used at one time. The 40,000 cubic feet of cool air will change the air in the entire building every two minutes when all blowers are operating at full force.

C. E. Maedgen, local manager, stated that other improvements would be made in the store with the color scheme to be changed as well as most of the display racks and show window arrangements.

NEW DODGE

While You're Waiting we give you . . .

Double Protection

*Your Safety and Comfort—*Your Present Car Investment

TO all OUR FRIENDS and CUSTOMERS—this is the most urgent and sincere advice we can give you today.

"Keep Your Present Car in Top Condition" Of course we want to put you in a new Dodge as quickly as we can. But we simply can't do that to your own best advantage if you run down the condition of your present car.

Why? Because the wait may be long—your present car is old and yet you need all the driving safety and comfort you can

get. Also, because you definitely 'profit' or 'lose' by the "condition" of your present car when you finally turn it in.

So, out of our experience and knowledge of today's conditions we again say to you—

Get Our Double Protection—Today

Bring in your car. Let us give it the necessary inspection and expert care. Then you'll have peace of mind—and you'll be money ahead.

Your New Dodge will be a rich reward for waiting. With Double Protection now—while you're waiting—you gain in every way

Because of your splendid response and cooperation, Runnels County is now assured of a fine World War II Book . . . You brought us many hundreds of pictures, enough to build a book that will be a worthy tribute to the patriotic Runnels County men and women who wore the uniform in World War II.

BUT . . . there are still a few who have not turned in their pictures.

WE don't want to leave any one out. We want to make Runnels County's World War II Book complete.

SO . . . to be sure that everyone who has worn the uniform will have the opportunity to be included, the final date for accepting pictures is now extended to

SAT. AUG. 3RD, 5:30 P. M.

Aug. 3rd is Final Date

BETHEL HOME DEMONSTRATION CLUB

The Bethel home demonstration club met last Thursday in the home of Mrs. Ben Livermon with the club chairman presiding.

Because of the confusion of the date of the meeting, Miss Chenoweth and several members were absent.

Each member present answered roll call by telling about some novelty they had made for a gift, or about the type gift they would appreciate.

It was voted that the club have a watermelon festival in the city park Friday evening, August 9, beginning at 8:00 o'clock. Each member is to bring a watermelon and their entire family is invited. Mrs. Davis Duke discussed living-room accessories, showing pictures of modern homes with accessory arrangements.

Mrs. Claude Thompson and Mrs. Livermon showed a variety of gift novelties.

The next meeting will be in September, the place being decided later.

FIRST METHODIST CHURCH TO GET AIR CONDITIONING

A crew arrived here Monday to begin installing a large air condi-

tioning plant in the First Methodist Church. The work is expected to be completed and be in operation by next Sunday.

Most of the equipment arrived several days ago and a steel tower was erected in the alley on which to place the motor and blower. Metal tubes will convey the cool air into the auditorium through the roof.

The plant was bought by the church early in the year for installation in May but delivery of the main parts was not made until last week.

How women and girls may get wanted relief from functional periodic pain

Cardul is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1. Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.
2. Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes. Try Cardul. If it helps, you'll be glad you did.

Come to see Us

We invite you to pay a visit to our newly remodeled store, air conditioned and comfortable for our customers. Due to remodeling last week our hours were irregular but we are now back on our old schedule:

Week Days—8 a. m. to 9:30 p. m.
Saturdays—8 a. m. to 10:30 p. m.
Sundays—8:30 a. m. to 10:45 a. m.
2:00 p. m. to 6:30 p. m.

We offer you a complete selection of drugs, cosmetics, drug sundries, and a complete prescription department where we fill any doctor's prescriptions carefully.

Our soda department is complete with plenty of seating capacity. We serve all the popular drinks and delicious sandwiches at all hours our store is open.

Worst Boll Weevil Infestation in Years Predicted for State

COLLEGE STATION, July 24.—Alarmed over indications for the worst boll weevil infestation in 25 years, entomologists of the

USDA and the Texas A. & M. College have launched a concerted program of education and are supplying suggested remedial measures to assist Texas cotton farmers in saving the 1946 crop. Information on boll weevil, flea hopper, leaf worm and other insect infestation heretofore has been assembled and disseminated separately by the Texas agricultural experiment station, extension service service, U. S. bureau of entomology and plant quarantine and the cotton trade. These reports now are being combined and simplified. They will be released to the press and public from the Texas A. & M. college under the general heading, "Cotton Insect Situation in Texas."

Do Your "Gums" Spoil Your Looks.

One look at some "GUMS" is enough to upset anyone—Druggists refund money if the first bottle of "LETO'S" fails to satisfy. J. Y. Pearce Drug Co.

In a normal year, approximately one-seventh of the Texas cotton crop is destroyed by insects. This annual loss, expressed in useable products, amounts to 624,537 bales of lint cotton, 88,200 tons of planting seed and home feed, 101,600 tons of cottonseed meal and cake, 35,400 tons of cottonseed oil, 57,100 tons of cottonseed hulls, and 58,000 bales of linters. The industry is faced this year with a far greater potential loss unless farmers become fully aware of the situation and take steps to poison those insects in the cotton field.

Each week the report will suggest a program of remedial measures based upon the concentration of insects determined by these statewide surveys, and a constant check of the effectiveness of control measures carried out.

Bearcats to Face Stiff Competition In Season Opener

Coaches Wayman Wilson and Dillard Adair will have a fast job to overcome to get the Bearcats in condition for the first game of the season on September 13 at Pecos.

The Ballinger schools will not open until Monday, September 9, and the Bearcats will be in action on Friday night of the first week of school. The coaches plan to start training on September 1 and rush work as fast as possible to have the team ready for its first game and trip away from home.

Coaches expect most of the candidates for the team to be on hand for the opening practice session and as soon as they are in physical condition will start a few plays which they expect to have properly timed for the first game. Pecos will be one of the hardest games on the Bearcat schedule for this fall. The Pecos club was one of the best class A outfits in West Texas last year and is carrying over 18 lettermen on the squad this fall, plus a raft of squad material.

Ballinger coaches will begin the season with a good line of experienced men but will have to perfect

Ballinger Golfers Trim Coleman Team On Local Course 11-6

Ballinger golfers defeated the Coleman team here Sunday afternoon 11 to 6. Coleman brought a large team here and there were not enough Ballinger players to go round and some local golfers took on two from the visiting club.

Next Sunday afternoon Brady will be here with a large delegation and all local players are asked to be on hand for the games. The first foursomes will tee off at 1 o'clock and players are urged to report as soon after lunch as possible so that pairings can be made and foursomes started promptly for the 18-hole matches. Brady plans to bring 20 to 25 players and local men are anxious that each visitor have a match.

- Coleman won the following matches Sunday:
- White defeated Davis, 3-2
 - Gee defeated Caudle, 7-6
 - Clary defeated Gage, 3-2
 - Gideon defeated Landreth, 3-2
 - F. Clark defeated Lee, 6-4
 - W. Clark defeated Nance, 2-1
 - Ballinger won:
 - H. G. Agnew defeated J. Marshall, 8-7
 - Parrish defeated R. Gideon, 3-2
 - Floyd defeated LeMay, 2-1
 - J. Nixon, Jr., defeated Forman, 4-3
 - Bird defeated Beall, 4-3
 - Bird defeated Thompson, 10-8
 - Moss defeated Shipman, 3-2
 - Moss defeated Braswell, 2-1
 - J. Nixon, Sr., defeated Campbell, 2-1

FRESH BEANS FOR RUNNELS COUNTY SCHOOLS RECEIVED

Supt. Ernest Caskey announced the past week-end that a shipment of 300 gallons of fresh beans, packed in one gallon cans, had been received for the school lunch rooms of Runnels county. The beans will be allocated to the schools according to the number of students who eat in the lunch rooms. This is the first shipment of food received for the 1946-47 school year, but a number of the schools have been using canning centers to provide food rooms for the lunch program.
