

# THE BALLINGER LEDGER

VOLUME 61

BALLINGER, TEXAS, THURSDAY, SEPTEMBER 11, 1947

NUMBER 46

## Tuberculosis Association Plans Program in Schools

Officers and directors of the Rannels County Tuberculosis Association met here Monday night in the back garden at the Carl Black home to attend to business and make definite plans for the school year.

The association is undertaking one of the largest programs in its history this year and is seeking the cooperation of all parents and students.

Mrs. H. G. Agnew presided at the meeting and W. J. Hembree was elected president to succeed Mrs. R. W. Earnshaw, who had resigned. Mrs. W. O. Irby was named recording secretary to succeed Mrs. C. A. Glover who had resigned.

Plans were announced to give the patch test to all pupils in the county who will take them. This will include children through all twelve grades and in all schools. There will be no charge for the tests and a schedule is being set up now for dates in all schools of the county. It was announced that the tests would be started in the Ballinger schools on September 29. Nurses will assist in giving the tests and doctors will cooperate in reading them.

Last year the association gave more than 2,000 tests to the 4,500 students in the county and 85 chest X-rays were made at the local clinic. About 20 of these indigent patients were paid for by

the association. One patient placed in the Carlsbad sanatorium required treatment and finally surgery and has cost the local association more than \$200. This patient is improving and eventually will be rehabilitated and able to again take his place in society.

Two delegates were named to attend the annual state meeting at Dallas on September 15 and 16. Those selected were Mrs. Carl Black, Ballinger, and Mrs. D. O. Gray, Winters.

Authorization was given for the purchase of some office equipment which will be installed in an office at the court house for taking care of permanent records.

Parents are urged to see the importance of the work being carried on through the schools and give permission for their children to take the patch tests. Each child will be given a letter to take home and parents are asked to sign it, giving permission for the student to take the test.

The association is distributing through the third grades of the county, small pamphlets, "Help Fight Tuberculosis." To each parent in the county a new booklet, "Your Baby," is being mailed.

At an early date the association will be able to announce the 1947 seal sale chairmen and other workers. Most of these have been secured and the others will be appointed within a short time so that this work can get underway.

## Park Avenue Church Will Construct New Worship House Soon

The Park Avenue Baptist Church (Southern) recently sold its property at the corner of Broadway and Park Avenue and this week gave possession to the new owner. The pastor, Rev. Cordell Bales, announced that all services of the church will be held in the junior high school building until further notice.

Officials of the church also announced that ground will be broken for a new house of worship within the next few days. The new building will contain a beautiful auditorium with an educational building at the rear in a T formation. The structure will be built of white brick under the direction of Cecil Darby, of Darby Construction Co., of Ballinger. Mr. Darby has been the contractor on the telephone company building here. He recently completed building churches at Seagraves and Littlefield.

The new church will be located at the corner of Seventh Street and Hamilton Avenue.

## Lions Activities Will Commence With Minstrel

The Ballinger Lions Club has made plans for fall and winter activities which will keep a large number of the members busy. Tentative dates have been set for the staging of the annual minstrel show in mid-November and committees will get busy in the near future getting the script ready and characters lined up for the show.

Last year the club staged the annual minstrel for the purpose of raising funds to pave Broad Street in front of the junior high school and a strip in front of Bearcat Stadium. This year football fans and school patrons will receive the benefits of this project.

The Lions also plan to organize a basketball league again around December 1 or at the end of the football season. They will continue to play after Christmas and hope to book some outstanding basketball events during the season.

They have secured the famous Ole Olson's Red Heads, a nationally known girls' team, to perform in Ballinger sometime after February 1. This group will meet an all-star group of men selected from the league in an exhibition game. The team was recently reviewed in life and has only a few losses against them out of several thousand games.

The club will also book a return engagement with the House of David basketball team. This group played an all-star game here last year with a capacity crowd seeing the match.

These events, along with routine meetings and business, will give the Lions Club a busy season.

## C. OF C. DIRECTORS TO HOLD MEETING MONDAY EVENING

The September meeting of the directors of the Ballinger Chamber of Commerce will be held Monday night at the city hall auditorium. Officers of the organization stated that a large amount of business was to come up at this meeting and every director is urged to attend.

The chamber of commerce has a number of projects pending which need attention. Committees will report on progress made on several projects and leave the matter open for general discussion of the others present.

## City's Activities Many in August; Collections Good

The city of Ballinger had good collections last month with water receipts leading the list with a total of \$4,740.28. Other collections reported in the monthly statement were: Delinquent taxes, \$166.70; penalty and interest, \$21.44; parking meters, \$709.00; sewer revenue, \$483.43; sanitary, \$232.20; fines collected, \$117.20; rat proofing, \$1,034.20; street seal coating, \$1,170.00; Lone Star Gas gross receipts tax, \$949.48; sale of airport surplus property, \$3,365.18; rental airport property, \$76.00; and numerous other small items.

In addition to the money collected through parking meters, 125 traffic tickets were issued and \$118 was collected in fines.

Water consumption for the month amounted to 16,276,000 gallons, an average of 525,000 gallons per day. City water works employees spent time draining all possible water from holes above the two reservoirs on the creek and flowing this water down into the lower basin where it could be used. Pump, motor and pipe line were installed near the Abilene & Southern railroad bridge in preparation to utilize the water in that hole.

Alleys were sprayed to kill mosquitoes and many other activities were included in last month's work.

Mrs. Emily Merrith, of Venus, is here for a visit with her daughter, Mrs. W. L. Sturtz, and Mr. Sturtz. Miss Merrith is 91 years of age but is very active and in good health.

Mr. and Mrs. J. R. McDonald, of San Angelo, visited here Sunday with Mrs. McDonald's mother, Mrs. W. E. Blair.

Mr. and Mrs. Fred McClanahan and son left Sunday for their home at Shreveport after a visit here.

## School Enrollment 1,126; Others Registering Daily

Enrollment in all Ballinger school buildings Monday totaled 1,126, with a number of additions Tuesday and others expected this week. Supt. Caskey stated that a considerable number registered Tuesday morning and that the enrollment probably would continue to grow the next two weeks.

A check-up Monday afternoon gave the following totals:

Senior high school, 315  
Junior high school, 210  
Elementary school, 430  
Colored school, 91  
Latin-American school, 80

The Latin-American school, which was opened in August, will be closed Friday afternoon for six weeks in order to allow pupils to help in gathering the cotton crop.

Supt. Caskey said all teachers were present Monday and that no time was lost in getting underway. Reservations for lunches Tuesday numbered 300 and the total was expected to increase daily the rest of the week. About 100 first grade pupils are going home for their noon meals and this reduces the number of plates usually served.

Organizations, clubs and other extra-curricular activities are getting underway and will be functioning soon.

## NALL AND OWEN BUY TEXACO STATION FROM BENEFIELD'S

A deal was closed the past week in which Charles Nall and Robert Owen purchased the Texaco Station on Hutchings Avenue from Benefield Bros. Nall & Owen took charge of the business this week. Mr. Owen on duty at the station, and Mr. Nall to join him as soon as he is released from the Banner Creamery office here.

Mr. Owen has been with the Sykes Motor Co. since receiving his discharge from the army and in the Sykes Goodyear-Westinghouse Store as manager since it was opened. Mr. Nall has been manager of the Banner Creamery here for some time.

Nall & Owen will continue a complete service station operation featuring Texaco products, tires and batteries, as well as supplying washing and lubrication.

Mrs. George Killam and two sons, of Lufkin, were here last week, visiting Ballinger friends and relatives.

C. R. Stone, Jr., will leave Friday to enter A. & M. College. He has been at home the past three weeks between semesters.

## Cats and Broncs Will Open Series On Big Spring Lot

The Ballinger and Big Spring baseball clubs advanced to the finals in the Longhorn League Shaughnessy play-off Wednesday night when the Cats defeated the Midland Indians 5 to 3 behind the four-hit pitching of Paul Cook. The Big Spring Broncs defeated the Sweetwater Sports 6-3 at the same time, Baez and Cindan doing the pitching job for the Broncs.

The Ballinger club will open the final play-off series tomorrow (Friday) night at Big Spring, also playing there Saturday. The two contestants will come here for a game Sunday afternoon at 3:00 o'clock and games Monday and Tuesday nights at 8 o'clock.

A 4-run rally at Midland last night started with a single over third by D. W. Williams in the 8th inning, and was the turning point in the game, bringing the Cats from behind a 3-1 count in favor of the Redskins. Fluke hits, bunts and two errors were responsible for the scores and the Cats settled down to play airtight and defend their lead.

Owner Bill Moore stated this morning that home games would not be broadcast and urged fans to be in the local park to witness the final games for the league pennant.

## City Commission Allows Payment On Sewer System

At its regular weekly meeting Wednesday the city commission heard a number of citizens, passed several measures and transacted a large amount of routine business.

The first estimate on the disposal plant, first construction on the sewerage extensions, was presented to the commission and approved for payment. This estimate called for \$6,164.37.

P. L. Thomasson handed the commission a bid on the lake farm of \$500 for one year and this was accepted and a contract will be made with Mr. Thomasson.

The franchise for the operation of the Yellow Cab Co. was transferred from Royce Mapes to P. G. Fuller and John Cody.

A building permit was issued the Park Avenue Baptist Church for construction of new house of worship on Seventh Street and Hamilton Avenue for consideration of \$20,000. The main auditorium is to be 40 by 60 feet and at the rear of the building classrooms will occupy a space 27 by 87 feet.

J. W. Odekrirk was granted a permit for \$5,000 to build tourist cabins on Hutchings Avenue.

The commission discussed the paving of Eighth Street in conjunction with the county and agreed to the proposal. Clyde Chapman, county commissioner, stated that his crew would do the grading and base work and the city will do the topping. The job probably will not be completed before spring since the unfavorable experience during the sub-zero weather last winter.

## BIG SPRING LEADS LEAGUE IN ATTENDANCE FOR YEAR

Final attendance figures for the Longhorn League disclosed Ballinger winding up in second place, Big Spring forging ahead on the last report. Ballinger had led practically all the season but a slump here near the close of the season while the Big Spring park was drawing its best crowds changed the picture.

Big Spring led Ballinger by only 491 admissions. All attendance figures are based on paid admissions, no passes being counted. The final attendance standing by towns was as follows:

Big Spring, 43,153  
Ballinger, 42,662  
Odessa, 38,415  
Midland, 34,013  
Sweetwater, 31,631  
Vernon, 30,753

Total attendance for the league during the regular season was 220,632.

Figures were made public Tuesday by President Howard Green, of Abilene.

Tom Lipscomb, son of Mrs. Nedra Hill, will be leaving soon to enroll again at the University of Texas, Austin. Tom will be a sophomore in engineering. He attended the university before going into the armed service.

Judge and Mrs. E. C. Grindstaff went to Abilene Sunday to attend a family reunion.

Mr. and Mrs. Marvin Liso and daughter, Lesley, of Oak Ridge, Tennessee, visited last week in the home of Mr. Liso's parents, Mr. and Mrs. Harvey Liso.

## 15 Lions Clubs in 2A District Represented At Banquet-Program

Fifteen out-of-town clubs in district 2A were represented here Friday night when the Ballinger Lions Club presented a banquet on the nineteenth anniversary of the local club's founding, "ladies'-night," and an in-honor affair for Herbert C. Petry, of Carrizo Springs, third vice-president of Lions International.

The banquet and program were held in the high school auditorium and the menu was served by Mrs. W. E. Ekins and her crew of lunchroom workers.

Entertainment for the program was furnished by Herbert Preston, head of the violin department at Hardin-Simmons University, Abilene, with Thurman Morris playing the accompaniment.

S. E. Cloninger, club president, presided at the meeting and presented the charter members of the Ballinger club who were present. These were: C. R. Stone, R. W. Earnshaw, George P. Holman, R. E. White, Earl Baker, Dr. Charles F. Bailey, and C. G. Jennings, of Kerrville.

Clubs with delegations present included: San Angelo, Coleman, Santa Anna, Winters, Harlandale, San Antonio, Alamo Heights, Kingsville, Kerrville, Austin, Abilene, Carrizo Springs, Eldorado, Grand Prairie, and Reagan county.

A number of the out-of-town guests remained here for the night and were guests at a breakfast given by the local club at the Central Hotel Saturday morning.

Speaker for the evening was Mr. Petry who brought a message on the part of Lions International, playing for the bringing of world peace. He stressed the importance of the individual member, the club, district and international in the forming and shaping of a peace that will stand.

He discussed the growth of the organization, pointing out that Lions clubs were now working in 18 nations, that Australia would be taken in this year and applications from five other nations would be passed upon soon and active clubs probably would be organized in those nations.

The speaker gave a short report on the highlights of the international convention held in San Francisco and expressed appreciation to the district which has supported him during the several years for a number of places. He served as district governor in 1943.

He was presented at the conclusion of his talk with a silver service for eight.

The meeting was ended at 8:15 and practically all present went to witness the Ballinger-Midland baseball game.

## Cotton Pickers Supply All Needs Of Local Farms

The Ballinger labor camp was full practically all last week and crews were coming in the first of this week pretty steady. J. N. Key, in charge of the local labor camp, received requests from 22 farmers last week for laborers, interviewed 23 crews and placed 22 crews with 250 workers on jobs in this county.

John A. Barton stated the labor was just a little early in arriving here as many farmers were hardly ready for a large crew of pickers. Cotton is opening fast and within a short time the picking season will be in full swing. More than 500 workers applied for jobs here last week through the regular labor channels.

Early estimates on the 1947 cotton crop total about 20,000 bales. Due to the extremely dry weather much of the cotton will be open in a short time and pickers will be able to complete the harvest early.

A fair movement of cotton was reported this week and most gins in the county were ready to handle cotton for their customers.

## IMPORTANT LEGION MEETING TO BE HELD TUESDAY NIGHT

The regular meeting of the Pat Williams Post, American Legion, is scheduled at the city hall Tuesday night. Officers urge full attendance of members as there is important business to be considered, including the election of a commander for the ensuing year. Officers were elected two months ago but since then a resignation has left the post commander's office vacant and it is necessary that it be filled at once.

Numerous other matters are to come before the members for consideration and a program of activities for the ensuing year is to be discussed.

Cards are being mailed to members this week urging them to be present.

## Chamber of Commerce To Form Rodeo Concern

The Ballinger Chamber of Commerce is sponsoring the forming of a Ballinger Rodeo Association and stock selling in the organization will be commenced within the next few days. Most of the paper work seeking incorporation has been completed with the exception of the sale of sufficient stock to apply for the charter.

The plan is to sell 100 shares at \$100 each and a large number have already indicated they were ready to take stock.

Bill Moore has stated that arrangements should be made to use the baseball park in 1948 if permanent grounds could not be built by that time. It is probable that the company, when formed, will provide a permanent site as soon as possible.

The first annual rodeo here last

month showed to approximately 10,000 people and practically broke even on finances. Expenses were high this year as the arena, pens and chutes had to be built and then torn down. Besides the necessary building, the other operations paid their way and made some money.

Those interested in forming the permanent organization want to get the preliminaries perfected as soon as possible so contracts for next year's show can be made. It is believed that by booking a producer early it will assure better entertainers and better livestock for the 1948 show.

Cowboys and cowgirls who participated in the first show here were well pleased and stated they would return in 1948 to take part in the rodeo.

## Valley Creek Dam Now 2 Feet Above Spillway

Work on the dam at the new water reservoir on Valley Creek had reached a safe place Monday morning with the dam two feet above the emergency spillway. The rock rip-rapping was well up with the dirt work and in case of heavy rains and floods on the creek, it was thought the lake would catch full and hold.

Nine more feet of dirt work is to be done on the dam which will run eleven feet above the level of the spillway. Workmen and machines are putting in full time daily in an effort to accomplish as much as possible before a change in the weather and the contractor hopes to complete the job before the rainy period.

City officials pointed out that the basin for the new lake was very dry and the first time the reservoir is filled it will require much water to wet the land covered by the lake. After this ground has absorbed all the water it will take, the lake is expected to hold at a level fairly well.

A lake full of water there will not help the local situation in the near future, however. The pumping and filtration plants will have to be constructed and pipe lines laid before the water is made available for lines in the corporate limits of Ballinger.

All the work that has been contracted is moving along well at the present time.

## City Orders Regulations On Water Consumption

The Ballinger city commission received a report Wednesday on the municipal water supply and ordered some regulations which will govern water consumption. The check-up revealed about ten days supply left in the reservoir.

Regulations made effective are: No car washing  
No irrigation of any nature  
Strict conservation on air conditioners

A patrol will be established to cover the city at daily periods and keep a strict tab to see that no one is violating the above rules.

City Engineer K. V. Northington was authorized to purchase 2,000 feet of 6-inch pipe to be used in tapping other sources of water. This pipe can also be used later in the waterworks improvements to be made when the new system is built.

## Water Hole Below Elm Creek Lake Is Tapped by City

City employees have set a pump and motor and run 1,200 feet of pipe to the hole on Elm Creek below the present water reservoir.

A power line will be extended to the pump this week and water will be pumped from this hole into the filtration plant for treatment before it is run into the mains.

This hole has considerable water in it but not enough to provide a supply for general purposes. In the first place the pumping facilities will not furnish enough water for full time use and it may become necessary to shut water off at certain periods each day to allow storage of water.

Every effort is being made to use all the available water in the present lake but that source is almost exhausted. There are a few springs running into the hole below the dam which may help maintain a supply for a short time.

Water patrons are asked to conserve in every way possible until a rain replenishes the supply. The only other source of water would be to tap the Colorado River and that stream is very low here.

The Ballinger city commission received a report Wednesday on the municipal water supply and ordered some regulations which will govern water consumption. The check-up revealed about ten days supply left in the reservoir.

Regulations made effective are: No car washing  
No irrigation of any nature  
Strict conservation on air conditioners

A patrol will be established to cover the city at daily periods and keep a strict tab to see that no one is violating the above rules.

City Engineer K. V. Northington was authorized to purchase 2,000 feet of 6-inch pipe to be used in tapping other sources of water. This pipe can also be used later in the waterworks improvements to be made when the new system is built.

## DICKINSON NOW MANAGER SYKES GOODYEAR STORE

H. K. Dickinson, Jr., has been made manager of the Sykes Goodyear-Westinghouse Store, succeeding Robert Owens, who resigned to enter business for himself. Mr. Dickinson has been with this store for some time and is well groomed for the position.

Sid Murry, San Antonio newspaper man, was here Friday night to attend the Lions Club meeting and remained over Saturday to visit friends.

TO: Sunset Oil Co. and the unknown members, shareholders, stockholders, partners and persons owning and claiming interests in such Sunset Oil Co. and all persons claiming any title or interest in land under deed heretofore given claiming any title or interest in land under deed heretofore given to Sunset Oil Co. as grantee, from Alice McNay and wife, Margaret Alice McNay, dated October 4, 1919 and recorded in Volume 109, page 106, Deed Records of Rannels County, Texas, and the unknown heirs, legal representatives and successors in claim of the unknown members, shareholders, stockholders, partners and persons owning and claiming interests in such Sunset Oil Co. Defendants. GREETING:

You are hereby commanded to appear before the District Court of Rannels County, Texas, 119th Judicial District, at the Court House, in the Rannels County, at Ballinger, Texas, at or before 10 o'clock A. M. on the Monday next following the expiration of 42 days from the date of issuance of this citation, said Monday being the 6th day of October, 1947, and then and there to answer the original petition of Margaret Alice McNay, as plaintiff, filed in said Court, on the 19th day of August, A. D. 1947, against Sunset Oil Co., and the unknown members, shareholders, stockholders, partners and persons owning and claiming interests in such Sunset Oil Co. as defendants, said suit being numbered 5468, the nature of which demand is as follows, to-wit: That on the 3th day of November, 1898, S. L. McNay and wife, the plaintiff Margaret Alice McNay, were the owners and the plaintiff is still the owner in fee simple of the following described premises and real estate situated in the Counties of Rannels, Nolan and Taylor, Texas, to-wit:

All those certain lots, tracts, surveys and parcels of land in Nolan and Rannels County, Texas, described as follows: All of the J. M. Garcia one-third League Survey No. 292, containing 1475 acres of land.—2nd: All of the Jas. Jeffries Survey No. 293, joining said Garcia Survey No. 292 on the S. E. and containing 640 acres of land.—3rd: All of Survey No. 294, patented to the heirs of Edw. Taylor by Pat. No. 61, Vol. 14, joining said Jeffries survey on the north and containing 480 acres.—4th: All of Survey No. 295, patented to heirs of Edw. Taylor by Pat. No. 60, Vol. 14, joining said Taylor as cloud on the north and containing 480 acres.—5th: All of the Charles Cole-riek Survey No. 296, Pat. No. 112, Vol. 7, joining said Taylor Sur. No. 295 on the north and containing 480 acres of land. 6th: 200 acres out of the Pedro Martinez Sur. No. 297, described by metes and bounds, viz: Beginning at the S. E. corner of said Sur. No. 297 for S. E. Cor. of this tract: Thence N. 30 W. 708 vrs. to a stake; Thence S. 60 W. 1594 vrs. to a stake at an interior S. W. Corner of said Sur. No. 297; Thence S. 30 E. 708 vrs. to a stake the S. W. Corner of said Survey No. 297; Thence N. 60 E. with the North boundary line of said Sur. No. 296, 1594 vrs. to the place of beginning, the same being the South or South East 200 acres of said survey No. 297; 7th: 381.4 acres out of the M. C. Zuniga League Survey No. 298, Pat. No. 930, Vol. 9, which said 381.4 acres is described by metes and bounds as follows, viz: Beginning at the N. E. Corner of said Zuniga League Sur. No. 298; Thence S. 60 W. 4312 vrs. stake for most Northerly N. W. Cor. of this Sur. Thence S. 30 E. 1938 vrs. a stake for interior N. W. Cor. this Survey; Thence S. 60 W. 254 vrs. to a stake; Thence S. 30 E. 2062 vrs. to stake opposite interior S. W. Cor. said Sur. 298; Thence S. 60 W. 124 vrs. a stake for said S. W. interior cor. Thence S. 30 E. 2578 vrs. a stake for lower S. W. Cor. said league Sur. Thence N. 60 E. 1458 vrs. stake for lower S. E. Cor. said League Sur. Thence N. 30 W. 2578 vrs. a stake for interior S. E. Cor. said league; Thence N. 60 E. 3232 vrs. a stake for upper S. E. Cor. said League Sur. Thence N. 30 W. 4000 vrs. to the place of beginning. Reference is here made for a further description of said lands to the patents thereof, the field notes therein and to the official maps and records of said Nolan and Rannels Counties, said lands herein described amounting in the aggregate to 7570 acres of land. And being the same land conveyed in general warranty deed from Henry H. Luckett and wife, S. K. Luckett to S. L. McNay, dated November 5, 1898, recorded in Volume 21, page 295, Deed Records of Rannels County, Texas, and Volume 13, page 153, Deed Records of Nolan County, Texas, to which records reference is here made for all proper purposes.

and that on or about October 4, 1919, the said S. L. McNay, now deceased, and the plaintiff, husband and wife, were induced to execute and deliver a certain instrument, with Sunset Oil Co. as the purported grantee therein, which instrument was recorded thereafter in Vol. 109, page 105, Deed Records of Rannels County, Texas, which instrument now remains on said record and as a cloud upon the title of the plaintiff, said instrument purporting to convey and convey 1/4 of 1/4 of the natural gas, petroleum, coal and all other minerals and mineral substances in, on or under the above described tract of land. The recited conveyance for said instrument being "in consideration of \$50,000.00 of the capital stock of the Sunset Oil Co." plaintiff alleging and claiming that said \$50,000.00 of the capital stock of Sunset Oil Co. was not then delivered over, nor did it ever become the property of S. L. McNay or of the plaintiff, resulting therefore in a failure of consideration, want of consideration and lack of consideration for the execution and delivery of such instrument. The nature of plaintiff's demand further is that the representative of Sunset Oil Co. who negotiated said instrument with plaintiff and her deceased husband fraudulently represented that said Sunset Oil Co. was

a going concern; that the capital stock thereof in the sum of \$50,000.00 would be of substantial value and would be immediately and forthwith issued and delivered to the plaintiff and her deceased husband, and further fraudulently represented that said instrument would only be valid and subsisting during the life of a certain oil and gas lease executed by S. L. McNay and plaintiff to A. J. Beavers and J. B. Williams, dated February 5, 1918, which instrument is recorded in Volume 9, page 172, Deed Records of Nolan County, Texas, and that in the event said oil and gas lease should be forfeited and be released, any and all rights of Sunset Oil Co. under the instrument to it above described would likewise cease and terminate at the same time; that said representations were made to deceive and to induce the plaintiff and her deceased husband to execute and deliver said instrument, and were thereby induced to execute and deliver said instrument. That the instrument above described dated October 4, 1919 is ambiguous, that it was the intention of the grantors therein and the grantee that the same should terminate and that Sunset Oil Co. and the defendants herein would have no further rights, titles or interest in and to the above described real estate from and after the termination or release of the oil and gas lease given to Beavers and Williams, as above set out, and that during the life of said oil and gas lease said instrument was intended to convey a non-participating 1/4 of 1/4 of the royalty in and to the minerals in and under said real estate, and was not intended to cover and convey any interest in bonuses in any future leases or interest in delay rentals in existing or future oil and gas leases on said premises, and that no joinder, Sunset Oil Co. or any of the defendants was required, necessary or proper in any subsequent oil and gas leases affecting said real estate. And further in the alternative only and in the event it should be determined that said instrument conveyed any right, title or interest in and to the minerals in, on and under said real estate, which interest existed after the termination of the oil and gas lease to Beavers & Williams, neither said Sunset Oil Co., its agent, representatives, successors or assigns, or any of the defendants named herein, have ever entered upon, opened any mines, drilled any wells or taken any action whatsoever from and after October 4, 1919 to develop said premises for production of minerals in any respect, and that thereby resulting in a failure to carry out and comply with the implied obligation incident to the execution and delivery of said instrument by virtue of which plaintiff is entitled to a cancellation of said instrument because of failure to develop and for non-user, and to have said instrument removed as a cloud on the title to said real estate described herein.

Plaintiff further claims and demands that the defendants and the plaintiff are all of the persons interested in said land and premises; that a justiciable controversy exists; that said instrument constitutes a cloud on the title of the plaintiff, and that the adjudication sought will terminate said controversy and remove any and all uncertainties as to the legal title to said undivided interest in and to said land and premises, and in which plaintiff further seeks a statutory trespass to try title, for a recovery of said undivided interest in said lands described in the instrument to Sunset Oil Co. and for a declaratory judgment to the effect that said instrument is void and of no force and effect, that the same be removed and cancelled from the record, and that the court enter its declaratory judgment fixing the rights and titles respectively between the plaintiff and the defendants, and to declare that because of the lack of consideration, want of consideration and failure of consideration in respect to the delivery of \$50,000.00 in capital stock of the Sunset Oil Co. to S. L. McNay and the plaintiff, because of the fraud in connection with the procurement thereof, such instrument should be of no further force and effect and should be cancelled and removed from the record, and that said instrument, in the alternative, constituted a non-participating

**Combination Dishes Declared Economical**

COLLEGE STATION, Sept. 10.—Combination main dishes offer a two-way economy, especially important for low cost meals when food costs are up, according to Louise Mason, specialist in food preparation of the extension service of A. & M. College.

Such combinations as macaroni and cheese, spaghetti and meat sauce, rice and meat stew, or creamed eggs on toast are familiar examples.

The economy in such dishes is that the inexpensive cereal foods "stretch" the meat, cheese or eggs and make them go farther in serving the family. A more important economy, however, is the other way around—the meat, eggs, milk or cheese stretch or build up the nutritive value of the cereal foods.

The protein in grains or cereals is not complete. To be fully useful for growth and body repair, grain protein can be reinforced with animal protein. Therefore, if cereal foods, such as bread, flour and rice are to be used to the best advantage in the diet, thrifty housewives will combine them with at least a little milk, cheese, meat, or egg. In the union there is added strength and added flavor.

Dried skim milk at current prices is the cheapest food and one of the best for building up cereal protein.

Plenty ink eradicator, correction fluid, mimeo ink, stencils, mimeo paper, etc. Ballinger Printing Co. 13-14

royalty deed, if anything, and gave no rights or titles to Sunset Oil Co., and to the defendants as to any bonuses on any subsequent leases and as to any rentals on subsequent leases, and gave no rights of joinder to Sunset Oil Co. and the defendants to any subsequent leases, and for all costs of suits, and for general and special relief in law or in equity.

THE STATE OF TEXAS, To the Sheriff of Any Constable of any County in the State of Texas, Greeting:

You are hereby commanded to see the foregoing Citation by making publication thereof in some newspaper, of legal circulation, published in the County of Rannels for four (4) consecutive weeks, the first publication to be at least 28 days before the return of the citation.

Herein Fall Not, but on the return day hereinabove named, have you then and there before said Court, this writ with your return thereon, showing how you have executed the same.

ISSUED AND GIVEN UNDER MY HAND AND SEAL OF SAID COURT in Ballinger, Texas, this 19th day of August, A. D. 1947. (Seal)

MRS. WINONA PARKER, Clerk District Court, Rannels County, Texas. 21-41

PUTTING WAINWRIGHT ON CANVAS . . . Retiring after 41 years in the service of his country, Gen. Jonathan M. Wainwright, the man who stayed on Bataan and Corregidor, sits for his portrait by Joseph Cummings Chase at the National Arts club in New York. The portrait is destined to hang in the Smithsonian Institute.

**Tenant Farming Problem in Texas**

COLLEGE STATION, Sept. 10.—The instability of occupancy by tenants is one of the biggest troubles involved in farm lease operation in Texas today.

That is the basis on which Joe Motheral, rural life economist of Texas A. & M. College, has prepared a publication, "Notice of Termination—A Farm Lease Problem in Texas," which has been made available to county agricultural agents in the state. The report describes the character and the growth of the occupancy problem and suggests possible solutions that are aimed to aid the farm tenant and landlord in reaching mutually satisfactory leasing agreements. Motheral's suggestions are based on a ten-year study of farm increases in Texas.

Of several weaknesses in Texas' farm lease set-up, none has so the instability of occupancy, says tenants, nor slowed economical production on rented farms, as the instability of occupancy, says Motheral.

**SUMMER CONDITIONING FOR CATTLE PROVES IN CULBERSON COUNTY**

COLLEGE STATION, Sept. 10.—Ranchmen of Culberson county believe a West Texas cattlemans should put in some time keeping cattle in good shape in the summer as well as in the winter.

Guy Garren, who operates a ranch about 20 miles southeast of Van Horn, has been feeding cotton seed cake since the middle of July. He told County Agent Samuel T. Hastings, "Those cows have got to be in good shape and have plenty of milk if you're going to get good, vigorous calves. That summer cake helps them stay healthy."

Even when the grass is fairly good, says Garren, he makes money in the long run by doing a little supplemental feeding in the summer, since experience has shown him that supplement keeps a healthy cow and calf on his

The economist has made this report available to county agents and other agricultural workers in the hope that improved tenant-landlord relationships will come to Texas farms.

**HEADACHE**  
Nature's Semaphore

★ The causes of headache are multitudinous. It is, perhaps, the most common ailment of man. Many headaches are simple, and respond to simple home treatment.

It should be remembered that headache is a symptom, and not a disease. It is nature's semaphore, signaling that the track is not clear.

If headaches persist or recur, see your physician at once. If medication is needed, we are equipped to fill your prescription promptly and accurately.

**PEARCE-ROGERS DRUG**

Where Pharmacy is a Profession

Especially now, when the grass is short, their weights won't fall off so badly when they're getting that cottonseed cake.

County Agent Hastings says several ranchers have also tried feeding alfalfa hay during the summer months, in place of cake. It's keeping Culberson county cattle in good shape during the scarce-grass period.

Beavers are still reported in fairly large numbers in 42 Texas counties, being found mostly along the Pecos, Rio Grande, Colorado and Llano rivers and other streams in the Edwards Plateau.

Buyers of farms have paid cash in more than half the farm purchases made in each of the last three years.

**Ballinger Printing Co.**

**Big engines... long trains**

mean lower cost to you!

But union leaders want "half-trains"—double crews!

Big locomotives are built to do a big job in the big country which is America—a big job in peacetime as in wartime. They are built to pull long trains.

Long freight trains can handle more goods at less cost—to you—than short trains.

Long trains mean fewer trains—fewer chances for accidents—fewer interruptions to traffic.

But a few railroad union leaders oppose long trains—among their current 44 demands for changes in rules is one limiting the length of freight trains to 57 average cars. Why do they demand this?

For "safety," they say. But is it? Government figures show definitely that long trains mean greater safety to railroad employees and public alike.

Then, if safety is not the real reason—what is the reason behind this demand? It is to make more jobs which are not needed—to get more pay! This "made work" would be sheer waste. Think of big, modern locomotives using only half their power.

For this waste, you—the public—would have to pay. Higher costs mean a lower standard of living for everybody. Nobody wants that!

**Here's the record...**

Average length of freight trains has gone up.....	39%
Average speed of freight trains has gone up..	39%
The rate of injuries to railroad employees has gone down.....	60%
Average wages paid railroad workers have gone up.....	84%
Price of railroad materials and supplies has gone up.....	58%
Railroad taxes have gone up.....	76%
But the average charge by railroads for hauling a ton of freight one mile has gone down.....	23%

**Miss Caswell Weds Harold Sloan at San Angelo**

The marriage of Miss Elveta Caswell, daughter of Mr. and Mrs. C. B. Caswell of Ballinger, and Harold W. Sloan of Abilene, son of Mr. and Mrs. C. W. Sloan of this city, was solemnized early Friday morning by R. T. Williamson, Church of Christ minister. The double ring ceremony was read in the Williamson home in San Angelo with a few close friends present. The bride wore a robin's egg blue wool suit with a white sheer blouse and an off-the-face black felt hat with black sequin trim which was veiled. Her other accessories were black. For something old, she wore a cameo necklace that belongs to the bride's aunt, Mrs. M. D. Caswell. Attendants were Mrs. Foy Watson and Leslie Thomason, both of Ballinger. Mrs. Watson wore a navy print crepe dress with white accessories. A luncheon was served at the home of the bride's parents, 1309

Broadway. The white tiered wedding cake which was decorated with pink rosebuds was topped with a miniature bridal couple and encircled with lilies and tube roses.

Mrs. Sloan is a graduate of Ballinger High School and attended Draughtons Business College at Abilene. Mr. Sloan attended Ballinger schools also.

The couple will be at home at 1333 S. Thirteenth Street, Abilene, where Mr. Sloan is employed with Meads Fine Cake Shop in that city.

**Miss Knowles Hostess to Contract Club**

Miss Lillian Knowles was hostess to her contract club Thursday evening of last week, entertaining in her home on Ninth Street.

Party rooms were decorated with crepe myrtle, plumbosa and queen's wreath where games of contract were played and the traveling prize went to Mrs. Edward Sommer and the capsule prize to Miss Pearl Currie.

The hostess served peach ice cream and cookies. Others present were: Meses, Naomi Keithley, George Newby, John A. Barton, Marie Carter, Sim Cottle; and Miss Grifflie Atkins.

**Nazarene Women in First Meeting of Assembly Year**

The W. F. M. S. of the Church of the Nazarene met at the church Tuesday of last week for the first meeting of the new assembly year. The president, Mrs. Z. V. Turner, was in charge of the inspiring devotional service.

The missionary study book for this year is "We Can if We Will," by Russell V. DeLong. Women who are members and all others are urged to attend regularly so as not to miss a single chapter of this interesting study. The society meets each Tuesday afternoon at 3:30.

**First Baptist Ruth Class Installs Officers**

Mmes. Wayman Wilson, Barnett,

Frank, Elliott Kemp and Harold Routh were hostesses to the First Baptist Ruth Class last Thursday evening, entertaining in the Wilson home on Eighth Street.

Mixed summer flowers were used to decorate the party room where Mrs. Wilson conducted the business period following the opening prayer given by Mrs. Rollin Campbell. Mrs. West Talbott, using an inspiring service, installed the following officers for the ensuing year: president, Mrs. Melvin Beddo; membership vice-president, Mrs. A. G. Buchanan; fellowship vice-president, Mrs. Jones Parrish; stewardship vice-president, Mrs. Wilson; secretary and treasurer, Mrs. Frank; teacher, Mrs. Campbell; and assistant teacher, Mrs. Kemp.

At the social hour a surprise gift shower was presented Mrs. Floyd White, and hostesses served cookies and punch. Others present were: Meses, Otis Merrifield, Fred McKay, Arthur Crockett, Halley Parker, and Charles Shephard.

**Council of National Catholic Women Organized Here**

About twenty-five women of St. Mary's Catholic Church met at the church on Sixth Street Sunday afternoon at four o'clock to organize a local council, which is to be known as the St. Mary Star

of the Sea, and will be affiliated with the National Council of Catholic Women.

Rev. Edward Postert, church pastor, read the constitution and rules, which were adopted, and he appointed the following officers: president, Mrs. V. O. Wade; vice-president, Mrs. R. Hoelscher; secretary, Mrs. Lawrence Rollowitz; treasurer, Mrs. George Harris; and reporter, Miss Mary Frances Curtis.

The council will meet the second Sunday of each month at four o'clock at the church, and a study course will be selected later.

Following the meeting, benediction services were held.

Rev. Postert left Sunday evening for Dallas to attend a state meeting of the National Council

of Catholic Women which is being held in that city this week.

**Miss Joanne Glover to Marry Henry James Strauss**

Mr. and Mrs. Clinton A. Glover of Abilene, formerly of Ballinger, have announced the engagement and approaching marriage of their daughter, Joanne, to Henry James Strauss, of Big Spring.

The ceremony will be read at 9 a. m. Wednesday, September 17, in the First Methodist Church of Ballinger.

**Engagement Announced**

Mr. and Mrs. Jess Jones announce the engagement and approaching marriage of their daughter, Miss Mary Olene Jones, to Mr. Roy

Edward Baker, son of Mrs. Ella Baker.

**COUNTY ASKED TO HELP CITY PAVE EIGHTH STREET STRIP**

The Runnels county commissioners' court was asked to consider a cooperative job with the city of Ballinger for the connection of pavement on Eighth Street with the Bronte highway. Part of this 2,000 feet lies in the county only and part in the city limits.

According to a proposition presented by the Ballinger Chamber of Commerce, the county would be asked to do the grading and base work and the city would do the surfacing. If completed the new pavement would direct much traffic into Eighth Street instead of into Broadway.

"The Farmer's Daughter," starring Loretta Young, Joseph Cotten and Ethel Barrymore, is the principal attraction at the Texas Theatre next Sunday, Monday, Tuesday, September 14, 15, 16.

### Loretta Young, Joseph Cotten Paired in 'Farmer's Daughter'

Loretta Young, Joseph Cotten and Ethel Barrymore have the starring roles in RKO Radio's "The Farmer's Daughter," a romantic comedy-drama laid against a background of an exciting congressional election. "The Farmer's Daughter" is the principal attraction at the Texas Theatre Sunday, Monday, Tuesday, September 14, 15, 16. The story revolves around the political adventures of Katie (Miss Young), a young farm girl, after she enters the employ of young Congressman Glenn Morley (Cotten) and his mother (Miss Barrymore) as a maid. Intelligent and frank in her ideas, Katie makes an impression upon her employes, particularly Glenn. Katie attends a rally for the Morley-sponsored candidate for

congress. Familiar with the man's past political record, Katie completely discredits him. His opposition obtains her consent to run as their candidate. The Morleys wish her well, although Glenn would have preferred her to become his wife rather than a congresswoman. Katie is smeared by an ugly scandal. Crushed, she goes back to the farm and Glenn follows and asks her to marry him. It takes the strong arms of Glenn and Katie's three brothers to expose the scandal mongers and clear the way for Katie's victory at the polls and her happiness with Glenn. Charles Bickford is featured as the Morley's unusual butler, Rose Hobart as Glenn's proprietary fiancée, and Tom Powers.

Four out of every 10 youths leave school for lack of money. Most of them want—and need—all the education they can get.

### Now, Let's See... Where Shall I Go to College?

WHERE I go to College will be my biggest problem about 15 years from now—not whether I go, but where.

You see, Daddy and Mother have already determined that I am going. They assured that with a Southwestern Life Educational Policy. It guarantees that I'll get to finish High School, as far as money is concerned, and then go on to a College of my choice.

It provides funds for my College tuition; for my College books; for my clothing, room, food, and incidental expenses, too. Every bit of that is taken care of in my Southwestern Life Educational Policy. So I don't have to worry about that. All I have to worry about is where I shall go to College...

College training prepares a boy or girl to think... equips them with the know-how they will need in business, in a profession, or in the home... gives them a chance in the future. Through Southwestern Life Insurance, you can guarantee your youngster a real opportunity in life. Whatever your income, there's a Southwestern Life plan to fit your needs. Start your youngster on the road to opportunity today.

### Texas and Palace Theatres Announce 'Appreciation Week' Starting Sept. 14

"Swing the Western Way," and "Scared to Death," a new psychological mystery drama, make up the double feature program at the Texas tomorrow (Friday) and Saturday, September 12, 13. The fast action of "Swing the Western Way" is interspersed with seven songs and one instrumental number done by musical headliners in the cast, headed by Jack Leonard, Mary Dugan and the Hoosier Hotshots. Novelty songs, "My Wife is on a Diet," "When You're Smiling," and "Chopsticks," are sung by the Hotshots. Jack Leonard vocalizes "Nevada" in duet with Mary Dugan. "Home in San Antonio" is sung by Johnny Bond, of the Gene Autry radio show; "Honey-moon on a Dime" by a singing harmony group, the Crew Chiefs; and band leader Jerry Wald offers "Super-sonic" as a clarinet solo. The plot traces the mysterious death of a beautiful young woman and Lugosi's evil spreads through the tangled webs of clues to the point where everyone believes that he undoubtedly committed the murder. As the mystery builds up to a final, astounding climax, it literally "scars to death" the spectator who in the end will find that the girl really met death in a new screen type of murder that cannot actually result in successful prosecution of the murderer. She is "scared to death" but one has to see the picture to learn how and by whom.

The management of the Texas and Palace theatres has announced that the week of September 14-20 will be observed as "appreciation week," during which the two showhouses will present special pictures to show their gratitude for past and future patronage. The initial presentation at the Texas, this week-end, is "The Farmer's Daughter," starring Loretta Young, Joseph Cotten, Ethel Barrymore and Charles Bickford, the year's biggest laugh show. To be followed Wednesday and Thursday by a new 20th Century Fox production, "The Late George Apley," starring Ronald Colman, making his first appearance in two years. "The Late George Apley" may be seen at "family night" prices, the entire family admitted for 50c. Then on Friday and Saturday two first run pictures will be presented, Barbara Hale and Bill Williams, RKO Radio's outstanding young stars, in "A Likely Story," and a stirring western, "The Law Comes to Gun-sight," with Johnny Mack Brown. To show appreciation especially to the children on Saturday afternoon from 1:30 to 3 o'clock free popcorn will be distributed to all children upon purchase of a 9c ticket. The Palace Theatre will present "double features" each day throughout the week starting on Sept. 15. On Monday, Tuesday, Wednesday, Joan Fontaine and Arturo de Cordova in "Frenchman's Creek," and "Bullets and Saddles" with Ray Corrigan. And on Thursday, Friday, Saturday, "Winter Wonderland" starring Lynn Roberts and Charles Drake, and "American Empire" with Richard Dix and Leo Carrillo.

BALLINGERITES ATTEND SHRINERS' CONVENTION Ernest Smith, Ruel Boswell, Gay Edwards and J. A. Schnable boarded the Shrine special here Saturday morning at 7 o'clock for Fort Worth to attend the state convention. The special Santa Fe train was made up at San Angelo and picked up Shriners along the route to Fort Worth. The local lodge men returned at 5 o'clock Sunday afternoon.

Card of Thanks We wish to express our deep appreciation to the many friends who were so kind to us following the recent death of our loved one, R. L. Ellis. The expressions of sympathy, the floral offering, the food served and many other kind deeds are all deeply appreciated by each member of the family. Mrs. R. L. Ellis Mr. and Mrs. John Ellis and family Mr. and Mrs. LeRoy Ellis and family Mr. and Mrs. Aubrey Leonard and family Mr. and Mrs. Jack Ellis Mr. and Mrs. Joe Thurman and family 11-11

### ALLEN DAVIS ATTENDS MEETING OF "14" CLUB

Allen Davis last week attended a meeting of Brownwood's "14" Club, whose members are sworn to meet each year over a bottle of rare old wine to the last man. This was the sixteenth annual meeting of the club and all 12 of the surviving members were present.

Sixteen years ago when the club was formed all the 14 members were Brownwood men. The twelve surviving members are widely scattered now, only four still making home at Brownwood. Until this year the meetings have been held on Christmas Day. The date was changed last year to Labor Day in order that members might be with their families at Christmas.

### SAN ANTONIO BUSINESS MEN WILL VISIT HERE

A group of 75 San Antonio "good will ambassadors" will be in Ballinger for a short stop on September 25. The business and professional men will leave San Antonio September 23 for a four-day trip through West and Central Texas. They will spend their second night out at San Angelo and Ballinger will be the first stop the morning of September 25.

They will be travelling in an all-pullman train and upon arrival here will leave their train for a short visit with local business men.

### ABILENE BOOSTERS HERE TO ADVERTISE 1947 FAIR

A group of Abilene business men stopped here Monday morning while on a swing through West Texas to advertise the West Texas Fair, opening September 15. The 1947 fair will have a big entertainment program as well as the usual exhibits.

Midway and grandstand attractions have been booked and performances are to be presented each afternoon and evening for a full week.

New Mexico's wheat harvest of 10 billion bushels was the largest in its history.

### Colbert, Pidgeon, June Allyson In Unusual 'The Secret Heart'

A deeply understanding and compassionate drama of feminine love that frequently draws out the emotions like a whipcord is "The Secret Heart," new attraction at the Ford Theatre Sunday, Monday and Tuesday, September 14, 15, 16. The three stars of this intensely moving film, Claudette Colbert, Walter Pidgeon and June Allyson, are seen in a unique and suspenseful dramatic triangle. Miss Colbert, as a young woman who has sacrificed the happiness that a second marriage would bring to devote everything to her two stepchildren's welfare, has one of the most memorable roles of her career. June Allyson, one of the cleverest young actresses of recent movie years, also has a part that calls for depth and perception of emotion. As the gifted, lovely but neurotic daughter of Miss Colbert's first husband, she is placed in a situation where she contemplates following her father's footsteps and taking her own life. Unsuspected developments prevent this and bring a fast-moving sequence of events to an unusual climax. It is Walter Pidgeon, the man Miss Colbert has turned down to devote all her energies to the two children, who precipitates the final plot twist. For Miss Allyson has mistakenly believed herself in love with Pidgeon, and has hoped he would reciprocate this feeling. The superb character delineations of the three stars are given particularly fine support by such players as Marshall Thompson and Elizabeth Patterson. "The Secret Heart" has excitement coupled with mature psychological drama.

Mrs. Homer Cupp was operated on Wednesday and is reported to be resting well.

Mrs. Max McCrary underwent surgery Wednesday and her condition today was reported as satisfactory.

Laura Jones, who was operated on Wednesday, is improving.

Ollie Simpson entered the hospital Wednesday for medical treatment.

Dr. W. B. Halley is still receiving treatment and is doing satisfactorily.

**PERSONALS**

Mrs. C. H. Midgley and daughter Ann, returned home last week after a two weeks' visit in Hico with their daughters and sisters, Mrs. Chester Wood and Mrs. O. C. King, and families. While there they also visited a sister of Mrs. Midgley's, Mrs. E. E. Stark, who resides near Fort Worth.

Richard W. Routh, 25, of Ballinger, was recently promoted from the grade of private first class to corporal. Cpl. Routh

**Notice to Bidders**

Sealed proposals, addressed to Mr. K. V. Northington, City Engineer of Ballinger, Texas, will be received at his office until 10:00 o'clock a. m. September 30th, 1947, for furnishing F. O. B. Ballinger, Texas, One (1) Solution Feed Vacuum Type Chlorinator; Three (3) Electric Motor Driven Dry Chemical Feeders, Accessories and Chemical Solution Piping in accordance with the specifications as prepared by Parkhill-Smith & Cooper, Consulting Engineers, of Lubbock, Texas.

Proposal shall state the number of weeks required for delivery of the equipment after receipt of the order.

The City reserves the right to reject any and all bids, to waive formalities and to accept the bid when seems most advantageous to the interest of the City.

**THE CITY OF BALLINGER, TEXAS**

By J. W. MOORE, Mayor 11-21

**Notice to Bidders**

Notice is hereby given that sealed bids will be received until 10 a. m. on the 30 day of September, 1947, then publicly opened and read aloud by the City Secretary of the City of Ballinger, Texas, at the City Offices in said City of Ballinger, Texas, for the construction approximately 4500 Lbs. Ft. of 15 inch Sanitary Sewer outfall line in the City of Ballinger, Texas.

Except as otherwise specified, the minimum wages paid all laborers, workmen or mechanics employed on this contract shall be one dollar and twenty-five cents (\$1.25) per hour for skilled labor, eighty cents (\$0.80) per hour for intermediate grade labor, and sixty cents (\$0.60) per hour for unskilled labor.

Attention is directed to the Special Provision included in the Proposal to insure compliance with the requirements of House Bill No. 54 of the Forty-Third Legislature of the State of Texas. The above prevailing wage rate shall govern on all labor used on this contract. Overtime and legal holiday work shall be paid as required by the existing laws of the State of Texas covering such work.

Plans and Specifications are available at the Office of K. V. Northington, City Engineer, Ballinger, Texas, and at the office of R. F. Davis, Consulting Engineer, Longview, Texas. Copies of plans and specifications may be secured upon payment of \$15.00 (Fifteen Dollars), which amount will be returned to Contractors submitting bids.

The City of Ballinger, Texas, reserves the right to reject any or all bids and to waive any and all formalities.

A Cashier's Check or acceptable Bidder's Bond payable to the City of Ballinger, Texas, in an amount not less than Five (5%) per cent of the largest possible total for the bids submitted must accompany each bid.

This notice by virtue of a resolution adopted by the City Commission of said City on the 10th day of September, 1947.

(Seal) J. W. MOORE, Mayor, City of Ballinger, Texas. 11-19

**LEADS DUTCH FORCES . . .** Lt. Gen. S. H. Spoor issued an order of the day announcing opening of hostilities between Dutch forces and Indonesian troops, following collapse of negotiations between Dutch and Indonesian governments.

**ELKS' HEAD MAN . . .** Lafayette A. Lewis, Los Angeles attorney, has been elected grand exalted ruler of Benevolent and Protective Order of Elks.

entered the service in August of 1945 and is presently assigned to the 55th reconnaissance squadron (VLR) weather. The squadron is now stationed at Fairfield-Suisun army air base, California, where Cpl. Routh is working as an airplane engine mechanic on B-29 type aircraft for the engineering department. Prior to enlisting in the air force, Cpl. Routh was employed by civil service at San Angelo. His parents are Mr. and Mrs. J. T. Routh, who reside here.

Miss Louise Schawe and Miss Else Thiessen have returned to their home in Dallas after spending several days with Miss Schawe's mother and sister, Mrs. A. Schawe and Miss Olga Schawe. They had been visiting Mr. and Mrs. Edwin Schawe at Colorado Springs, Colorado, before coming to Ballinger.

Good grass is the cheapest and best food for a dairy cow.

An improved method of killing potato vines to make crop harvesting easier has been developed by industry. The process involves the use of a powerful chemical "frost" and another compound that greatly speeds up killing action.

Sandy soils are usually low in nitrogen content, and hairy vetch is an ideal winter cover crop that will add nitrogen to sandy areas and prevent winter erosion.

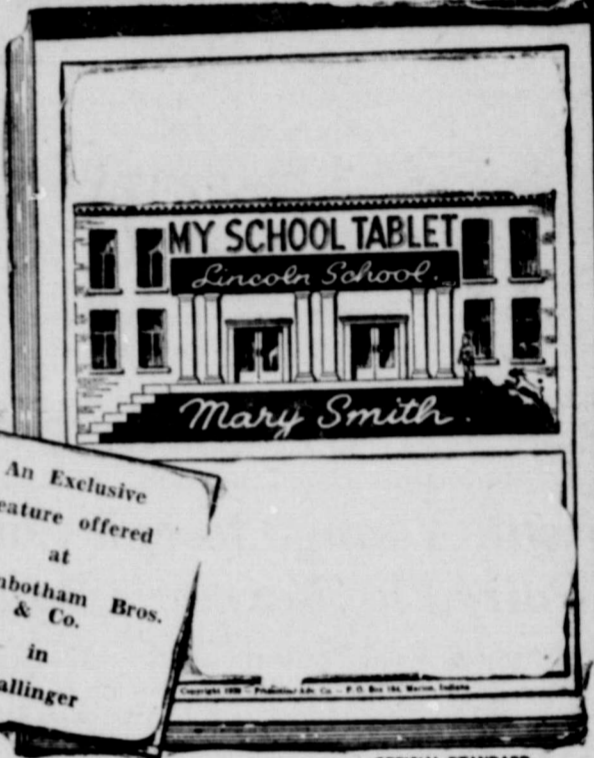

Mr. and Mrs. John Q. McAdams, Jr. and baby, of Houston, are visiting Mr. McAdams' mother, Mrs. Lela McAdams, for several weeks.

Recent guests in the home of Mr. and Mrs. H. W. Doherty were their children and friends, Mr. and Mrs. George Doherty, of Ft. Worth; Mr. and Mrs. Gene Harris, of Ft. Worth; Rev. and Mrs. Johnny Ivy and small son, Freddie, of Abilene; Mr. and Mrs. Reed McMillan and son, Floyd Wayne, of Wilmett; and Mrs. M. C. Rohmer and children, Lynn and Gay, of Three Rivers.

Mr. and Mrs. R. W. Earnshaw have received a letter from their son, John Weeks Earnshaw, serving with the regular U. S. marines in China, stating he will arrive in the United States about October 1 for a leave. He has been overseas for almost two years, serving practically all that time in China.

Mr. and Mrs. L. L. Clark have returned from Austin, where they had been at the bedside of their son, Oakly Clark, who underwent surgery recently. Reports from his bedside are that he is doing nicely.

## IN SOCIETY

Miss Martha Sharpe is Bride of Victor Marcus Ehlers

The marriage of Miss Martha deNoailles Sharpe, daughter of Rev. and Mrs. Dwight A. Sharpe of Houston, to Victor Marcus Ehlers, Jr., son of Mr. and Mrs. V. M. Ehlers of Austin was solemnized at the Central Park Presbyterian Church in Houston Saturday evening.

Rev. Sharpe, father of the bride, officiated at the double ring service.

The vows were spoken before a background of greenery silhouetting arrangements of white gladioli. Myriad tapers in standard candelabra provided the illumination.

The bride wore a gown of white satin fashioned with a deep yoke of illusion, tapering sleeves, an elongated bodice and a flowing skirt which fell into a cathedral length train. A coronet of staph-

anotis held her veil of illusion and she carried a shower arrangement of stephanotis centered with white roses. Her only ornament was a diamond pin which had been worn by her mother at her wedding.

Miss Elizabeth Anne Sharpe attended her sister as maid of honor and Miss Bernice Anthony, Mrs. W. T. Ballard, sister of the bridegroom, and Miss Louisa Catherine Drane were the bridesmaids. They wore identical gowns of broadened taffeta, the honor attendant in gold and the maids in aqua, designed with boat necklines, cap sleeves, molded bodices, and flared skirts, accented with bustles. They carried bouquets of deep red roses.

A. J. Mazurek served as best man for his brother-in-law, and the groomsmen were W. T. Ballard, John Buckler, E. C. Nelson and Gordon Sutherland.

A reception which followed the ceremony was held at the home of Mrs. John W. Dawson, aunt of the bride.

Mr. and Mrs. Ehlers left after the reception for a wedding trip to West Texas. For travel the bride chose a suit of silk faille, in palomino shade, styled with a ballerina skirt. Her accessories were brown and Kelly green, and she wore a corsage of white roses.

Mrs. Ehlers spent about six years of her childhood in Ballinger when her parents, Rev. and

Mrs. Sharpe, resided here. Rev. Sharpe was pastor of the First Presbyterian Church on Broadway while here and has been pastor of the Central Park Presbyterian Church in Houston since leaving Ballinger.

Naomi Class Entertained by Retiring Officers

Retiring officers of the First Baptist Naomi Class, Mmes. Frank Flynt, Joe Flynt, Homer Bibb, Delbert Davenport and O. L. Britton, were hostesses at the annual installation of officers Tuesday evening in the Frank Flynt home on Fourth Street.

Beautiful fall flowers in profusion were arranged about party rooms where Mrs. Malcolm Morgan gave the opening prayer. Mrs. Joe Flynt presided for the annual reports of the secretary and committee chairmen. Mrs. B. J. Martin conducted the impressive installation service, using the Bible for the theme and comparing each officer's work with a book from the Bible. The following were installed: Mrs. Joe Flynt, re-elected president; vice-presidents, membership, Mrs. Bibb; fellowship, Mrs. J. G. Tuckey; class ministry, Mrs. R. T. Richardson; secretary-treasurer, Mrs. O. L. Neely; group captains, Mmes. J. B. Hart, W. A. Jacob, Melvin Patterson, Chester Uecker; and teacher, Mrs. J. H. Endacott.

At the social hour Mrs. Bibb served frosted punch from the crystal bowl encircled with queen's wreath and fern, which centered the lace-laid dining table and was flanked by green tapers in double candelabra. Other hostesses served assorted sandwiches, cookies and mints. Others present were: Mmes. Carl Black, Vivian Marshall, Howard Hamner, Ted Whitehead, Herman Scoggins, E. D. Lovelady and Troy Stuart.

Civic-Garden Club Has Regular Meeting

About fifteen members were present Tuesday afternoon at the court house for the September meeting of the Ballinger Civic-Garden Club.

Mrs. A. J. McDaniel presided for the business routine and heard a report from the civic chairman, Mrs. Estes Lynn, that over 900 books had been read during August from the local library. The club voted to meet at the library for the next few months.

Mrs. Drury Hathaway, program chairman, presented Mrs. J. Dexter Eoff, who spoke on "Things to do in September." Mrs. Estes M. Lynn discussed "Unusual Flower Arrangements," and Mrs. F. M. Pearce's topic was "Flowers for Hobbies." Mrs. H. O. Campbell talked on state birds.

Presbyterian Conquest Class in Rufus Allen Home

Mrs. Rufus Allen and Mrs. E. S. Malone were co-hostesses to the Eighth Street Presbyterian Conquest Class Tuesday evening, entertaining in the Allen home on Tenth Street.

Living rooms were decorated with arrangements of dahlias and the centerpiece for the dining table was of asters and fern. The newly-elected president, Mrs. G. P. Teague, presided and gave the devotional. Mrs. Teague named the following committees: service, Mrs. B. H. Erwin and Mrs. Roy Hill; membership and attendance, Mrs. Ola McMillan and Mrs. John Reese; visiting, Mrs. Paul Petty and Mrs. Rufus Allen; publicity, Mrs. E. S. Malone; and yearbook, Mrs. R. W. Balke, Mrs. Jack Ashton and Mrs. Aurelia Webb. The class voted to continue sending boxes to overseas pastors.

Mrs. Clark Koller and Miss Mary Ann Allen assisted in serving cake squares and punch.

Miss Rice is Bride of Miles Caudle in Home Ceremony

Miss Mildred Rice, daughter of Mr. and Mrs. V. R. Rice, of Winters, became the bride of Miles Caudle, son of Mr. and Mrs. M. M. Caudle of Ballinger at eight o'clock Tuesday evening. The single ring ceremony was read by Rev. J. R. Lawson at the home of Mr. and Mrs. Roy Muller Tuesday evening.

at 8 o'clock. The bride wore a navy two-piece dress and carried a corsage of white carnations.

Miss Naomi Rice, sister of the bride, was bridesmaid and wore a dress of white crepe. Her corsage was of pink carnations. James Gaudie served his brother as best man.

Mrs. Caudle attended school in Winters and for some time has been employed there. Mr. Caudle attended school in Ballinger and served four years in the navy.

After a short trip to South Texas the couple will be at home in Ballinger.

An informal reception was held immediately following the ceremony at the Muller home for the families of the couple and a few close friends.

A two-tiered wedding cake topped with a miniature bride and groom centered the lace-covered table. Miss Winifred Caudle ladled punch and Mrs. Alfred Briggs assisted in serving.

Miss Margie Morgan, Foy Wilson to Wed October 19

Mr. and Mrs. R. E. Morgan have announced the engagement and approaching marriage of their daughter, Miss Margie Morgan, to Foy Wilson, grandson of Mrs. F. S. Pool.

The couple will be married at 8:30 Sunday morning, October 19, at the home of the bride's grandparents, Mr. and Mrs. H. S. Morgan, Broadway.

Jones-White Wedding Date Set

The engagement of Miss Frances Ann White, to John B. Jones, has been announced by her parents, Mr. and Mrs. Earl V. White, of Meridian.

Mr. Jones is the son of Mr. and Mrs. James Ed Jones, of Ballinger. The wedding will take place on October 4 in the home of the bride's parents at Meridian.

Tommy Nixon Celebrates First Birthday Anniversary

Tommy Nixon was named honor guest on his first birthday anniversary last Friday when his mother, Mrs. Jack Nixon, Jr., and grandmother, Mrs. T. J. Forgey, entertained with a party at nine o'clock in their home on Seventh Street.

Pictures were made of Tommy and small guests in rooms decorated with gay colored balloons and arrangements of yellow and white asters. The pretty white birthday cake, decorated with pink rosebuds and topped with a pink candle, centered the dining table and was flanked by yellow tapers, and was served with ice cream. Rubber balls were favors.

Small guests were: Melinda Malone, Sharon Scales, Fred McClanahan, Jr., Carol Kay Jobe and Jane Nixon. Others were: Mrs. Jack Nixon, grandmother of the honor guest; Mrs. W. A. Forgey, Mrs. Myles Nixon, Mrs. Jack Scales, Mrs. Sam Malone, Jr., Mrs. A. W. Malone, Mrs. E. S. Malone, and Mrs. Clara Mae Jobe.

Mrs. Stallings Reviews Book for Paint Rock Study Club

Mrs. Leonard Stallings reviewed "Peace of Mind" by Joshua Loth Liebman at the first fall meeting

of the Paint Rock Study Club Wednesday afternoon when it met at the Community House in that city.

The president, Mrs. Leo Molloy, presided at the meeting. Mrs. J. S. Campbell, program chairman, presented Mrs. Stallings, who reviewed the book which has continued in the ranks of the best-sellers.

A profusion of gold and white fall blossoms were used for decorations about the large living room where the hostesses, Mrs. J. W. Waide, Mrs. W. H. Barnett and Mrs. Harvey L. Hartgrove, served frosted punch with gold and white cake squares and mints.

The club's general theme this year is "The Woman in the New Day," which will include many interesting programs. Next month Mrs. Clifton H. Tupper, of San Angelo, will give a program on "Paintings in the Home." There will be a number of guest speakers throughout the club year.

About forty-five members and guests were present. Others going over from Ballinger were Mrs. Paul Petty and Mrs. Elmer Greenwood.

The club presented Mrs. Stallings a corsage and a book.

Mr. and Mrs. Harold P. Wine, formerly of Austin and San Angelo, are new Ballinger residents.

### EAST SIDE HOME DEMONSTRATION CLUB

The East Side home demonstration club met for an all-day quilting Tuesday at the home of Mrs. Clarence Routh. A discussion was held on the rummage sale to be held September 27 on the court house lawn. All members were asked to bring their donations to the next meeting.

Officers were elected as follows: Mrs. Jack McAden, president; Miss Mattie Lee Tomlinson, vice-president; Mrs. Clyde Flanagan, secretary-treasurer; Mrs. Dabney Tomlinson, reporter; Mrs. Dabney Tomlinson, council delegate.

The club will meet at the home of Miss Edna Routh September 23.

Miss Mary Jane Kiechle, teacher in a Ballinger school, has returned home after attending the University of Indiana at Bloomington this summer. She also visited at Cedar Lake, Indiana, Madison, Wisconsin, and Chicago, Illinois.

A number of oil companies are drilling in Runnels county in an effort to get additional production. The contracts call for deep holes unless pay is found at higher levels. Two of the tests are near Ballinger and should either hit, development will be fast. For many years there has been some activity in this county and a number of good paying wells have been completed but there has been no spectacular production. Current tests are to go to the Ellenburger where plenty of oil is expected. The best of rotary equipment is being used and a short time hence the contractors will be exploring depths where pay is probable.

Ballinger's Elm Creek water supply is about gone and it will require strict conservation to make it last until October 1. Water department employees are doing a good job in taking the

muddy water from the lake and converting it into clear, usable liquid. Analyses by the state health department disclose Ballinger's water good for all purposes and samples are sent off each week to keep an up to date check. Connection may be made with a large hole on Elm below the lake but that supply will last only a short while. This region normally gets rains in September or early in October and this year they will be more than welcome.

The opening of school usually dates the beginning of the fall business season in this section, and usually is accompanied by a little cool weather which is generally welcomed. The late August and first of September heat wave has set records all over the state. Local merchants are prepared to sell heavy garments for fall and winter but it is difficult to interest customers when the mercury registers around the 100-degree mark. Cotton harvesting in this section will not last long because of the drouth but local firms expect good business just the same.

More than 11,000 people attended the Labor Day rodeo at Brady to make it one of the most successful held in this part of the state. Those who witnessed the show were loud in their praise of the performances, the speed in which they were presented and the excellent time made in the roping event. This event has been added to the annual affairs at Brady.

Veterans cashed \$75,000 worth of leave bonds at Sweetwater the first day banks were authorized to handle them. Former service men had been advised to hold the bonds if possible but those who asked for the cash gave the high cost of living as the reason.

**BURIAL IN PALESTINE** . . . The body of Sgt. Clifford Martin who, with another British sergeant, Mervyn Paice, was hanged in a mine field by Jewish underground fighters in Palestine, is shown being carried by fellow sergeants passing morning party of men of his regiment. The two men were buried in a British forces cemetery near Lydda, Palestine, where St. George of England was martyred in the year 303 A. D. Violence and implacability of the Jews' battle to secure Palestine as a homeland has attracted the intense interest of the whole world.

**WEST TEXAS NOTES**

C. A. Ritter, feed store and ice house operator at Law, was given treatment in the Winters hospital last week for dog bites. After being attacked by the dog, Ritter fell backwards and the dog jumped at his throat and almost inflicted fatal injuries.

The homemaking class of the Winters high school completed its summer projects on September 6 and turned in full reports. With summer work over, members of the class will begin their regular school classroom work at once. Mrs. Ernest Jennings, home economics teacher, will have charge of the direction of the girls during the school year just starting.

The Eastland county peanut show will be held at Cisco on September 13. Besides exhibits of 1947 production, a peanut queen will be elected and will receive a \$50 prize for the honor. The program will begin at 10 a. m. and well known specialists will discuss subjects interesting to peanut growers. Rising Star was one of the

modern, has modern lighting, visual education equipment and will relieve a congested condition that has been experienced in the Comanche schools several years.

The main addition to the Coleman school system is a building across the street from the high school which has 7,800 feet of floor space. This building will house a completely equipped lunch room, a band room, a shop, two classrooms, visual education department and a double garage for school and athletic buses. The removal of these departments provides needed room in other buildings on the campus.

The novice school opened Monday with a full faculty and numerous improvements in system. Natural gas has been installed in all buildings, new teaching equipment added, the lunch room has been repainted and new linoleum laid on the floor and science added to the high school courses.

A portion of Gibbs Field, Fort Stockton, has been leased to P. E. Luce for the operation of a municipal airport. The city is to receive \$150 monthly from the lease and will provide a hangar, other buildings and plenty of acreage with runways for the needs of the airport. The operator is to pay all utilities and other expenses of the field.

▲ number of Concho county

rangers have started mesquite eradication and will clear much of their land. Gus Hartgrove, of San Angelo, who owns tracts in Concho county, has just completed killing mesquite on 320 acres and found the kerosene method very successful. Judge O. L. Sims has started work to kill mesquite on 800 acres on his ranch.

Stephenville is preparing to entertain the State Singers' Association on September 20 and 21. The meeting this year is expected to attract a large crowd and many of the old time singers have been given special invitations to participate in the program. Music houses from over the state are sending special quartets and the convention will be one of the best in recent years.

A delegation of Coke countians were in Midland last week to meet with Fred Wimple, state highway commissioner, and discuss the proposed Sterling City-Robert Lee highway. A farm-to-market road has been designated from Sterling City to Edith and it is hoped this can be topped.

Extra interest was inserted in the Labor Day horse races in Menard when jockeys pulled an unexpected strike, asking that one of the judges be removed from his position. The horses were sent back to the stables for about an hour until the strike was settled. One of the largest crowds in many years witnessed the races.

**TO KEEP YOUR ENGINE HEALTHY Change FILTER ELEMENTS Regularly**

The oil filter on your McCormick-Deering tractor protects the engine against wear caused by dirty oil. But unless the filter element is periodically replaced its purpose is defeated and no protection results. For your engine's sake . . . and the sake of your tractor investment . . . be sure to renew the filter element each time you change oil. Remember, the new-style "umbrella" element keeps oil clean and your engine protected for 120 hours of hard use (100 hours for Diesel engines). Take home a supply of these protective elements the next time you are in town.

**HOW THE "UMBRELLA" FILTER ELEMENT WORKS**

The element is made of two large sheets of special creped, impregnated cellulose—accordion-folded to form a double-walled cylinder. Oil from the crankcase is pumped under pressure into the filter housing where it completely envelopes the element. The oil is forced through tiny pores in the element and all sludge and dirt is retained on the outer surfaces. The clean oil passes down between the two sheets and goes back to the crankcase.

# BEARCATS TO OPEN '47 SEASON HERE FRIDAY NIGHT

The Ballinger Bearcats will open the football season here tomorrow (Friday) night with the kick-off at 8 o'clock. Stephenville's class AA team will provide the competition in the first game of the season to test the strength of the 1947 Bearcats.

Hot weather has been giving football teams trouble in their early training period but the Bearcats will be ready to go tomorrow evening in their 1947 opener. Coaches Wayman Wilson and J. E. Garrett have been driving their prospects hard this week to get a starting lineup ready.

The starting lineup has not been announced but a number of boys who played last year will be in the game. These include: Charles Miller at center; Attnip and Powers at guards; Patterson and Wallace at tackles; Black, Davenport, Currie, Agnew, Burks, Marshall and others for backfield slots and ends.

The gates at Bearcat Field will

be open at 7 p. m. for those seeking seats on the 50-yard line. Admission will remain the same as last year, 30 cents for students and 75 cents for adults, including tax.

Fans will find considerable improvement made at Bearcat Field during the past year. At present the foundation has been started for the addition of four sections of seats on each end of the present grandstands.

The Stephenville Yellow Jacks are a big squad with plenty of experience. Fifty boys have been working on the first string squad this year and the coaches will have a raft of material to test out in the Ballinger game.

The department of agriculture's research men are working on hybrid forest trees that may grow to harvesting size in a half or a third the time required for a good non-hybrid tree to reach the same size.

## Progress Reported On Five Dwellings; Others to be Built

Alex Yarnell has started a five room brick house on the corner of Broadway and Phillips Avenue for which a building permit for \$4,000 has been issued by the city. The old frame house on the lot has been wrecked and the foundation has been poured for the new structure.

Tom Caudle has started a modern home on Sixth Street in the 1100 block. Good Progress is being made on the Wilke Terrace residence.

The Austin Harper home on Hamilton Avenue, Wilke Terrace, is moving along fast with interior work underway at this time.

The A. O. Bartlett home on Broadway will be ready for occupancy soon.

Harry Lynn reports that good progress is being made on his new home on a ranch northeast of Ballinger. Approximately 30 days' work will be required to complete the job.

An out of town contractor was here last week, preparing to begin construction in the near future on some 24 houses which are to be offered for sale to veterans.

### BETHEL HOME DEMONSTRATION CLUB

The Bethel home demonstration club met last Thursday afternoon in the home of Mrs. Lloyd Wilbanks. Nine members and one visitor were present.

Mrs. Claud Thompson, chairman, presided and brought up the discussion on what the Bethel club shall concentrate on for the fall exhibit. Corsage making was suggested but no definite decision was made.

Mrs. Hedrick Shelburne, who attended the leather-craft demonstration in Ballinger, showed two coin purses she had made after receiving the instruction. The club hopes to secure suitable leather for each member to try her skill in leather-craft.

Some time was spent in working on the annual report which is to be completed by the next meeting in the home of Mrs. Oswald Zuehlke, Friday, September 26. This is a change in date from September 18 and was made in order to have Miss Ollie Chenoweth, county home demonstration agent, present.

Officers elected for the ensuing year are as follows: Mrs. Grady Richards, chairman; Mrs. Calk, vice-chairman; Mrs. Claud Sim-

mons, secretary-treasurer; Mrs. Shelburne, council delegate. Punch and cookies were served at the close of the meeting.

### FULLER FAMILIES HOLD REUNION IN PARK HERE

The Fuller families assembled in the Ballinger city park August 24 for their annual reunion. The Fullers are early settlers in this county, moving here from Bell county early in this century.

Mr. and Mrs. John J. Fuller settled near Crews and resided there until Mrs. Fuller's death. All six of their children were present for the get-together.

Later Mr. Fuller married Mrs. Kate Alamon and they continued to live near Crews for a number of years, later moving to the Herring community. Mr. Fuller died in 1938 and Mrs. Fuller died in 1945. All their children except Mrs. Tommy Hall, Waco, and Mrs. Loyd Compton, Pelly, attend the reunion.

The day was spent in picture making and conversation, and the picnic dinner was served at noon.

Present were: Mr. and Mrs. Arthur Fuller, Winters; Mr. and Mrs. Loyd Fuller, Sr., Mr. and Mrs. Loyd Fuller, Jr., Mr. and Mrs. Ewing Fuller, Mr. and Mrs. Benny Matthews and Odie, all of Crews; Mr. and Mrs. Welby Fuller and Lowell and Miss Sue Fuller, Talpa; Mr. and Mrs. Frank O'Dell, Coleman; Mr. and Mrs. Giovin Norris, Wiley and Marcia, Post; Mr. and Mrs. Jim Matthews, Van Nuys, California; Mr. and Mrs. Jack Fuller, Melvin, Nelda and Jackie; Mr. and Mrs. J. C. Fuller and

## Barton and Boys Return from 4-H State Round-up

John A. Barton, county farm agent; W. H. Schwartz, Crews 4-H club adult leader; and six 4-H club boys, Hartwell Schwartz, Crews; Norbert Mathiesen, Olfen; Clarence Book, Cross Roads; Marcus Hoelscher and Leon Frerich, Rowena, returned Saturday from College Station, where they attended the annual 4-H club round-up and agents' meeting.

Mr. Barton said the 1947 meeting was probably the best ever held and that entertainment was better than in previous years. Parts of the program, he said, were devoted to demonstrations which proved more interesting than talks. Exhibits also were better and attracted much attention.

The group arrived at College Station Wednesday afternoon of last week and returned home Saturday. Mr. Barton accompanied the boys back via Austin, where the clubbers were allowed time to view the state capitol.

Ronald, Mr. and Mrs. Harve Alamon and Ruthie, Mr. and Mrs. Fred Simpson, San Angelo; Mr. and Mrs. Ray Gamble, Mentone; Mrs. Vara Simpson and Chester, Mr. and Mrs. Milford King and Glenda, Ballinger; Mrs. Berry Watson, Wesley and Shirley, Brownwood.

Other relatives included: Mrs. Alma Duggar and Oma Lee, W. E. Edwards, Mrs. Mollie Harris, Winters; Mr. and Mrs. Elroy Duggar, Van Nuys, California; Mrs. Ira Klutts and Steve, Ballinger; Mr. and Mrs. Marvin Hale, Talpa.

Friends present were: Ollie Simpson, Billie Dodson, Ballinger; Clarence Kenley, Talpa; Martha Kay Berry, Crews.

Miss Jane Farwell, of the national recreation association, Washington, led the big crowd in group games, stunts and singing. A nationally known song leader also assisted in the song periods. The general theme of the 1947 program was "Rural Leadership," and E. W. Alton, of Washington, D. C., was in charge of this phase of the program.

Part of the time was spent on one of the large A. & M. farms, where demonstrations were given on the latest types of farm implements. A large display of labor-saving devices was seen in the livestock barns and proved one of the most interesting sights at the round-up.

Since the period 1935-39, farm land values for the country as a whole have increased 95 per cent.

In 1946 the commercial production of mushrooms in this country reached 63 million pounds, over twice as much as in 1938.

Exports of all foods from the United States, if loaded on European boxcars, would make an unbroken train long enough to reach three times across the Atlantic Ocean.

## SPORTS

Fans are turning their attention from baseball to football this week as the season swings open all over interscholastic districts tomorrow night. Ballinger fans will witness one of the best schedules in recent years with the Bearcats booked for ten games, the full limit, and with strong teams.

Much attention centers on the Coleman Bluecats, who won the regional championship last year. The Coleman team starts the season with 14 of the 25 lettermen trying for places. This includes all starting backs except McCorkle, hefty fullback. In addition the squad of 50 ranges in weight from 160 to 170 pounds.

Much improvement has been completed at Hufford Field in Coleman. For a number of years this field has been used in the fall for football and in the summer for rodeo. All rodeo equipment has now been moved, 600 seats set up in the end zone where formerly chutes and pens were located, the field plowed up and resodded, lighting equipment installed to make it one of the best illuminated fields in this section, and a new field house built to accommodate 80 boys. Stands have been repaired and repainted and the seats will now take care of some 4,000 fans. Two press boxes have been constructed and other improvements made.

Equipment was issued to 36 Winters Blizzards on September 1 and it is reported that the 1947 players are all big boys with a number of carry-overs from last year back in uniform. The Winters team was nobody's push-over last season.

Fifty boys are working out with their coaches at Brady. The Bull-

dogs also have a number of lettermen back in uniform this year and may be the dark horse in district 9-A.

Coaches Wayman Wilson and J. E. Garrett are sawing wood and saying little but they have a number of good looking prospects at work as well as some nine or ten lettermen back in uniform. They will be ready for one of their hardest games of the year Friday night when they meet the class AA Stephenville Yellow Jackets here at 8 o'clock.

There will be no new methods at Bearcat Field this year. Admission charges will be 75 cents for adults and 30 cents for students, including tax. At most games, advance sales will be made and on game nights tickets will be sold at the gates.

Coach Wilson has announced the following as the probable starting lineup for Friday night: Marshall, left end; Wallace, left tackle; Atinipp, left guard; Miller, center; Powers, right guard; Patterson, right tackle; Agnew, right end; Davenport, quarter back; Curry, right half; Black, left half; Hill, full back.

### Home-Run by Davis Stops Locals Short In 5th Play-Off Tilt

Ballinger fans witnessed a perfect finish to a baseball game Saturday night and Sunday afternoon saw a heart-breaking conclusion. Saturday night the home club was on the winning end but

**Sykes Motor Co.**

the tables were reversed Sunday. With the tally tied 4-4 at the end of the 9th Saturday night the Midland Indians scored one in the first half of the 10th to take the lead. The Cats took up their sticks to make a mighty effort in the bottom of this frame. Stu Williams was hit by a pitched ball and walked. Harrison sacrificed him to second and Budd-Huncken stepped into the batter's box also to be hit by a pitched ball. Floyd Geiger came through with a single to center. Williams chalking up the tying run. Grady Isbell got his fourth safe blow of the night to shove in Hancken and win the contest, 6-5.

clubs moved to Midland for the remaining two games, if needed. The Ballingerites took the Friday night contest 5-3, Jacobs chunking a beautiful game. Joe Hare started the affair but was pounded hard in the 1st and 2nd stanzas and Jacobs came in to relieve. In the seven and two-thirds innings Jacobs was on the mound he allowed only two hits and one run. His control got shaky in the 10th and after two were out Paul Cook was called to the hill and threw one ball to retire the side.

### Local Organizations Give Special Awards To Rodeo Winners

Ballinger clubs and organizations assisted the producers of the first annual rodeo by providing a hand-tooled leather billfold for the winner in each event. These billfolds have been finished and given to the winners or mailed to them at their permanent addresses.

The following awards were made: Calf roping champion received

### Football Coaches Tell Rotary Club About '47 Squad

Ballinger football coaches were guests of the Ballinger Rotary Club Tuesday noon with Wayman Wilson the principal speaker for the program.

Coach Wilson told club members of the 1947 prospects for the Bearcats and discussed the ten-game schedule. Wilson stated that the boys would be able to take care of themselves, barring injuries to the top twelve or thirteen players. His reserve strength is small and inexperienced.

An interesting part of the program was the showing of a new uniform which included the pants, two jerseys, one red with a white numeral and one white with a black numeral, shoes, head gear, kidney pads, shoulder pads, thigh pads. The total cost per suit is \$102.53. Coach Wilson stated that

a billfold from the Ballinger Jaycees. This award went to George Epperson, Cherokee, Texas.

The bulldogging champion, Bruce Ross, of San Antonio, was given a billfold by the Ballinger Lions Club.

Bob Whiteside, Fort Worth, was given a billfold by the Ballinger Chamber of Commerce as the saddle bronc champion rider.

The bareback bronc riding champion, Bud Humphreys, Austin, was provided a billfold by the city of Ballinger.

In the bull riding contest, Jack Wilkerson, of Menard, champion, was given his award by the chamber of commerce.

The cowgirl contest was won by Miss Ouida Johnson, Austin, and she received a purse given by the Ballinger Rotary Club.

The best dressed cowboy award went to Sid Pearson, of Ballinger, and was given by the Veterans of Foreign Wars.

The best dressed cowgirl award went to Mrs. Curtis Mosley, of Leaday, and was provided by the American Legion.

If you were called away from your FAMILY for a few days, you would provide the money for their NEEDS until your return. BUT SUPPOSE you were called away FOREVER—

Have you provided for their needs in that event? A Planned Life Insurance Program will do just that. We invite Discussion

the Ballinger school gave its players the best in equipment in order to prevent injuries.

Coach Garrett expressed his appreciation at being with the club and Bill Smith, coach of the junior team, told of his prospects, saying the players were light but determined.

Rotarians were invited to see the team in action Friday night. The farmers home administration will be able to make approximately 130,000 farm operating and ownership loans during the current fiscal year to family-type farmers who are unable to obtain credit from any other source.

## Can Your Home "Measure Up" to modern standards of Convenience and Comfort?

MODERN people don't want old-fashioned transportation—they want 1947 automobiles. Modern people are like that, too, about their homes. They want them to "measure up" to 1947 standards of convenience and comfort. But many a lovely-looking home has grown "old before its time."

Does your home measure up? Only the all-electric home can meet today's standards. With electric appliances, the last word in cleanliness, convenience, and safety, you can make your home "measure up." A modern home deserves modern electric living.

Electric service is a bargain! Living costs continue to increase, yet the cost of a kilowatt hour of service to residential users has decreased one-third in the last 14 years.

West Texas Utilities Company

EISLERS AT COURT . . . Gerhardt Eisler, described as the No. 1 Communist in the United States, and his wife leave U. S. district court in Washington, D. C., where Eisler is being tried on passport fraud charges. The government is scheduled to present further evidence that Eisler made several trips to this country to whip the American Communist party into the Moscow line. Eisler previously heard an admitted former Communist testify that every American Communist is an agent of the Communist Internationale.

home of the bride's parents where the bride's table was laid with a white linen cloth from China and centered with an arrangement of white asters. A miniature bridal couple topped the three-tiered wedding cake. Jackie Nell and Ruth Hamilton, cousins of the bride, presided at the punch bowl, and Mrs. J. A. Britt cut the cake.

When the couple departed for a wedding trip to Colorado Springs, Mrs. Gilliam was wearing a blue gabardine suit with black accessories. They will be at home in Ballinger, where Mr. Gilliam is associated with the Broadway Food Market.

The bride is a graduate of Abilene High School and McMurry College. While in college she was a member of the Alpha Chi, national honorary society, and Alpha Theta Nu. She taught in the Menard schools before teaching in Ballinger, and will resume her teaching here when they return from their trip.

The bridegroom attended the Ballinger High School and served three years in the Navy. Others attending the wedding from Ballinger were Mr. and Mrs. W. D. Howell, Mrs. H. W. Ketchum,

Mr. and Mrs. Vernon Webb, and Mr. and Mrs. C. J. Lynn.

### 34 Million Turkeys Now on U. S. Farms

COLLEGE STATION, Sept. 10.—U. S. farmers now have 34 million turkeys on the farm, and although that sounds like a lot of meat, it's 16 per cent less than last year's production.

About 3,681,000 of those birds are in Texas, which is being ranked out of another first place by California, where almost four million turkeys are being raised.

All but three states in the union show decreases in turkeys raised compared with a year ago, according to USDA's bureau of agricultural economics. The decrease, says the bureau, is due to unfavorable price relationships, very large storage stocks toward the end of last season, high feed costs and the uncertainty of 1947 turkey prices.

Texas turkey raisers have 13 per cent less birds than in 1946, when at this time of year there were better than 4,231,000 turkeys in the state.

### HOLSTEIN SETS STATE RECORD FOR BUTTERFAT PRODUCTION

COLLEGE STATION, Sept. 10.—A state production record for "junior" registered Holstein cows has been set by Lady Oostie Mercedes II, a cow owned by William F. Neale, dairy breeder of Waco.

Extension dairymen of Texas A. & M. College have been informed by the Holstein-Friesian Association of America that the Neale cow, in ten-months division competition, produced 732 pounds of butterfat and 20,375 pounds of milk, a record that puts her in the lead among all four-year old Holsteins in the state.

To qualify for entrance in the ten-months division of the Association's advanced registry, Lady

Oostie had to meet special calving requirements as well as have an outstanding production record. The testing is intended to place emphasis not only on productive qualities, but on reproductive qualities as well.

The tests were supervised by Texas A. & M. College in cooperation with the Holstein-Friesian Association.

Plenty adding machine paper, etc. Ballinger Printing Co. 12

### Don't Let "Gums" Become "Repulsive"

Are your "GUMS" unsightly? Do they itch? Do they burn?—Drugs return money if first bottle of "LET'S" fails to satisfy. Pearce-Rogers Drug.

## SOCIETY and CLUBS

### Miss Hamilton, Bryan Gilliam Wed in New Abilene Church

In the first ceremony to be performed in the new Evangelical Methodist Church at Abilene, Miss LaWanda Hamilton, daughter of Mr. and Mrs. T. L. Hamilton, of Abilene, became the bride of William Bryan Gilliam, son of Mrs. S. C. Coward, of Ballinger, Friday evening.

Dr. J. H. Hambien, church pastor, read the double ring service before a greenery background decorated by baskets of white gladioluses and white tapers.

Mrs. Charles Webb, of Ballinger, sang "Because" and "Ah, Sweet Mystery of Life," accompanied by Mrs. Howard Cummings, of Abilene, who also played a medley of love songs preceding the ceremony and also played the traditional wedding marches.

The bride, given in marriage by her father, wore a wedding gown

of white satin fashioned with sweetheart neckline, fitted bodice and leg-o'-mutton sleeves which tapered to a point over the hands. Her full-length veil of imported illusion belonging to Mrs. E. E. Hamilton extended from a Mary Stuart bonnet trimmed with seed pearls. She carried a white Bible topped with white carnations, showered with satin ribbons tied with feverfew. For something old, she carried a lace handkerchief which her sisters, Mrs. Carl Ohler and Mrs. Bailey Hill, had carried at their weddings.

The bride's attendants were Mrs. Carl Ohler, of Harper, matron of honor, who wore a blue dress, and Mrs. Marvin Hunter, of Lubbock, cousin of the bride, and Miss Shirley Jolly, of Abilene, bridesmaids, who were dressed in pink. Their dresses were made with brocaded satin bodices and marquisette skirts, and wore match-

ing bonnets similar to the bride's. Each carried a nosegay of blue and pink carnations.

Attending the bridegroom were Charles Webb, his cousin, who served as best man, and Fred Poter, Jr., of Temple, his brother-in-law, and E. H. Hamilton, the bride's brother, who were groomsmen. T. L. Hamilton, Jr., brother of the bride, and H. W. Ketchum, of Ballinger, were ushers, and Gerald Norman and Jerry Bryan lighted candles.

Sylvia Ann Hill, dressed in white net and taffeta, was the flower girl, and carried a white ruffled net basket filled with rose petals.

The bride's mother was wearing a gray crepe dress with a pink gladiolus corsage, and the mother of the bridegroom wore a black crepe dress with a peach gladiolus corsage.

A reception followed in the

## Closet-Type CENTRAL FURNACE

...feather in the cap of proud small home owners!

You can't blame folks for being proud—particularly when smart home planning brings something modern and fine into their home at surprisingly little extra cost!

As a result of smart planning their home will overflow with life and activity in healthful comfort provided by their Closet-Type Central Gas Furnace.

Automatically controlled heat from the Central Furnace is gently forced through concealed air ducts connected to every room. The home is free from wall sweating. Home furnishings stay new-looking longer in the filtered clean, warm air.

All this for the small home owner at little extra cost?

Yes, when heating is planned as part of the house!

There's still time for home builders and remodelers to get Closet-Type Central Heating installed before beginning of winter. Get the complete story about the Closet-Type Central Gas Furnace today.

FINGERTIP CONTROL never sleeps, never tires. Thermostat does all the work.

## STYLED RIGHT

CONSIDER, for a moment, just what is ahead when you put your name down for one of these Buicks.

There are weeks and months and years of fun in the step-lively lift of the big Fireball straight-eight that purrs beneath this bonnet.

There's smooth and level going wherever your paths may lead, over boulevards level as a ballroom floor or bad roads tamed by your easy-going coil springs — on all four wheels.

There's plenty of good company in a car big enough to take the crowd, and to give elbow room for six on its soft, deep, three-person seats.

There's long life and durability in a stout chassis and rugged under-pinning built big and brawny—there's light handling for the lady of the household and there's enough

## for what's ahead

size to satisfy the most masterful masculinity.

There's fun and satisfaction and pride from the moment one's yours through many a long year; now see how the looks of this beauty fit with all that.

Plainly, no car on the roads today so clearly bears the mark of tomorrow in its styling.

Plainly, no other car is so enduringly smart in the sleek-

ness of its lines, the sweep of its follow-through fenders, the broad-beamed, meant-for-business garb this one wears so proudly.

Whatever the future brings, there's no surer way to be certain you'll be traveling in the newest of the new than to put your money on Buick.

Do that — and you make sure of your future. All that's required is a firm order placed now, with or without a car to trade.

### ONLY BUICK HAS ALL THESE STAR FEATURES

**BALLINGER GROUP ATTENDS ROAD MEETING AT AUSTIN**

Judge E. C. Grindstaff, W. O. Wallace, G. A. Swann, J. E. Simco, O. L. Huddleston and Roger Wheeler went to Austin Tuesday to join other county delegations in asking the state highway commission to complete the road from Sterling City to Robert Lee.

This stretch has been designated as a farm-to-market project and a large number of counties are interested in its completion as it will make an important paved connection for traffic through this section.

Miss Eunice Lilly and sisters, of Norton, had as their recent guests Mrs. Bill Franks and Mrs. Harry Keys, of Mission. Mrs. Franks and Mrs. Keys are the former Misses Alma and Mary Dorsett.

**BLANTON WORKERS' CLUB**

The Blanton Workers' Club met with Enora Esmond on September 4, with thirteen members present. At the noon hour a delicious dinner was served buffet style. A birthday cake was cut for Mrs. Elma Witter.

Handwork was done for the hostess. The next meeting will be in the home of Mrs. O. Z. Foreman on September 18.

Miss Mary Strother has accepted a position with the San Angelo schools and began her work there last week.  
 Large and small ink pads, black, blue, red. Ink pad ink, etc. Ballinger Printing Co.

**This CHECK-LIST can be worth DOLLARS to you!**  
 Use it to see how much you can save at SAFEWAY

Pennies saved on each shopping trip quickly add up to dollars for you. And a simple comparison of prices will show how easy it is to make regular savings at Safeway. The values listed here are typical of the hundreds of low prices on our shelves. They have been taken at random from every section of the store. Check them. They are examples of the way we price everything. For further proof, check the hundreds of other prices on our shelves. Compare them all—item for item—with what others are asking. Then multiply the savings this comparison reveals by doing all your food buying at Safeway.
